Although erased from existence, there are possible hints that Bill could somehow possibly return or resurrect; while interrogating Ford at the Fearamid, he sings "We Will Meet Again". Right after the closing credits, the lifeless statue of Bill is seen for a brief moment in real-life as part of the new game, Cipher Hunt, and in a non-canonical book titled "Dipper and Mabel and the Curse of the Time Pirates' Treasure!", where the Twins go through time, one enormous thing that is speculated is that the canon secret could be Dipper and Mabel's encounter with the Axolotl in "the time and space between time and space", a giant talking axolotl, lets each of them ask him a question (which Mabel accidentally wasted hers). Dipper asks him "what [does he] know about Bill Cipher" to which he replies with a poem: Sixty degrees that come in threes. Watches from within birch trees. Saw his own dimension burn. Misses home and can't return. Says he's happy. He's a liar. Blame the arson for the fire. If he wants to shirk the blame, He'll have to invoke my name. One way to absolve his crime. A different form, a different time.

This suggests that when, before being erased from reality in the series finale, Bill gives a message that when reversed says "A.X.O.L.O.T.L.! My time has come to burn! I invoke the ancient power that I may return!", he is actually invoking the Axolotl for redemption for his crime, and that there is one way to get absolved: he has to take "a different form" in "a different time". This all implied the possibilities that Bill may get resurrected after another series of generations to come. However, it's unknown if Bill truly soughts redemption given his crimes.

We arrested all the Royal Defenders and stripped them of their powers and everyone came out cheering wildly and they knew that they were all freed from the evil influence of the Royal Defenders.

THE WAR WAS OVER!

We powered down and we started loading the Royal Defenders into

the ship.

Me: When we get back to our Earth in our Universe you have a lot to answer for.

RD Lincoln: Why couldn't we win against you all!?

Me: Because you underestimated our power and you rely only on hatred and tyranny and that shows that you will always be weak.

Lincoln: That's right. Our power comes from Love and happiness and compassion. You have none of those things and that shows that you will always be weak.

RD Lincoln: Just face it. Sooner or later, you're gonna turn into me. It's only a matter of time.

Lincoln: No, I won't. Because I still have my family together.

Lincoln then punched his RD Counterpart in the face and knocked out all of his teeth.

Me: People like you are always destined to be damned.

RD Ben: I wish it didn't have to come to this.

Me: I know Ben. But you did help us and that shows that you still have humanity.

RD Ben: I know.

Ed Cowart: You are more than welcome to come with us.

RD Ben: I wish I could but I can't. I'm going to fix everything that the Royal Defenders have done.

Me: What do you mean?

RD Ben: I'm gonna use Alien X to restore all the worlds that I helped my former friends hurt and destroy. Their timelines will be reset back to their original paths. And my memories will be wiped out as well.

Ben: You don't have to do this.

Me: Yeah I can always do that. I have that kind of power.

RD Ben: I know. (sadly smiles) I have to. I guess I'm saving the whole universe again. But without me remembering it.

Me: You might not remember it afterwards. But we always will.

Me and RD Ben shook hands.

RD Ben: Thanks J.D. Get back to your universe safe okay?

Me: We will.

We got into our ship and left. Ed went with us and he was made an honorary member of the team.

RD Ben turned into Alien X and reset his universe as we left for our universe.

---

We arrived back at our Universe and we landed on our Earth. S.H.I.E.L.D. put the Royal Defenders in special prisons for all time.

Me: Thanks again for helping us Grodd. We owe you one again.

Grodd: Think nothing of it J.D.

Superman: (to Grodd) I guess you're gonna be forming the Legion of Doom again.

Grodd: No. I stand by what I said before. The Legion of Doom stays disbanded. It's time for me to retire to Tatooine. And for the next generation of villains to take the Legion of Doom's place. Which are the Masters of Evil.

Me: We understand. But thank you for helping us.

Grodd: Think nothing of it J.D.

He left for Tatooine.

I called a press conference in Washington D.C. and told everyone about the war and that it was over. Everyone all over the planet cheered wildly.

Lincoln: He was right, you know.

Me: About what?

Lincoln: Put in the same position, I might have done the same things he did. We never know what we're truly capable of.

Amanda Waller: True. But you proved to be different from your counterpart. Just like Superman proved to be different from his Justice Lord Counterpart.

Nico: Plus, you guys have me and J.D. to keep you guys in check.

Vypra: And not to worry. If you guys ever go rogue, then me and my team will help stop you.

Lincoln: Thanks.

Dark Spicer: Now, c'mon! Sartorious is coming for us soon. So we'll have plenty of time to prepare a victory party.

Me: Good idea.

Vypra: (To the viewers) The Royal Defenders are done for and now we can get back to what we like doing best and that is giving Team Loud Phoenix Storm a good challenge. After we take down the last of the Society of Light that is. Now this was one of our most epic battles and more. We had a blast.

Me: We all sure did.

We went back home.

THE END

---

Another awesome fanfic done!

The war with Heavy5comando's Royal Defenders is done! Those monsters are a disgrace to their own universe and they deserved to be destroyed by the awesome superior power of Team Loud Phoenix Storm and we are always gonna be number 1. NicoChan11 gave me the ideas for this and Omegahatchiyak12 gave me the ideas for this on here and in DeviantArt and they were awesome. Thanks guys. Next up we take down the last of the Society of Light first and then we go after the bully killing vigilante of Totally Spies, Timmy and he is one villain that we're gonna feel sorry for because Bullying destroys many lives and tears families apart.

See you all tomorrow.

# Vengeance Spree of Timmy the Vilgilante

At the Platinum Coq Au Vin Restaurant we were there having an awesome victory party to celebrate our victory over the Royal Defenders. The Masters of Evil and everyone that helped us win the war was there. Lincoln was getting to know the latest members of his harem. He was getting to know Girl Jordan, R. Mika Ibuki, Makoto, Menat, Toph and Hilda. Hilda joined Lincoln's harem after he saved her from bullies. Toph joined Lincoln's harem after he saved her from bandits out to kill her.

Everyone: CHEERS!

We clinked our glasses together and we cheered as we were celebrating.

Nanette: Wow. That must've been one incredible battle you all went through that shook their universe.

Me: It was Nanette. And we put those dirtbag Royal Defenders in their place.

Hilda: (British Accent) It was a grand victory.

Menat: (Egyptian Accent) It sure was.

Laney: Yeah. What a waste and a disgrace that they turned out to be.

Superman: It's Team Loud Phoenix Storm's version of the Justice Lords.

Me: But it was thanks to Ed Cowart that we were able to take them down for good.

Ben: And their version of me that betrayed them and erased their memories of them forever.

Nico: He will be forever remembered in our hearts as a true hero.

Lana: You got that right.

Lola: Yep.

Ed Cowart: And thank you all for making me part of the team. I am truly honored.

Me: You showed that you are Team Loud Phoenix Storm material.

Vince: That's right. And you are perfect for providing reconnaissance and spy intel.

Ed Cowart: I will not let you all down.

Me: We know you won't. We have one loose end to tie up though. We have to finish off the Society of Light and deal with Sartorius once and for all.

Lana: That's right.

Vypra: We have to make that monster pay for his crimes against our planet.

Dark Spicer: And we will kick his ass big time.

Me: We haven't received any news about him yet though.

Eddy: Maybe Sartorious heard about how we beat the Royal Defenders and chickened out.

Leanbow: Highly unlikely. The Royal Defenders probably made a deal with him to take us out in case they got defeated.

Me: That's highly unlikely either.

Ed Cowart: J.D. is right. My spy network found out that the Royal Defenders before we all took them down confirmed that they killed the Sartorius in our Universe as well.

Me: So the Sartorius we know was kept in the dark about our battle with the Royal Defenders.

Princess Rose: That's right. He didn't know they existed.

Me: We now have a chance to bring him down for good.

?: And I know just where to find him.

We heard a voice. It was the voice of a woman.

Me: Wha… Who said that?

My dark aura flared up on its own and formed a figure in front of us. It was a woman with all black clothes with black hair in a braided ponytail and she had a moon crown on her head and she had a beautiful singing staff with her and she had beautiful pitch black angel wings and she had the kanji for Gentle Darkness on her arm.

穏やかな闇

Me: Wow. Who are you?

Noira: My name is Noira but you all know me as the the Gentle Darkness.

Nico: So you are the Darkness of Justice.

Noira: That's right. I have been living in the heart of J.D. ever since he started helping people in his childhood.

Vince: Wow.

Noira: I came to help you all on your adventures. And we are going to make my evil brother pay. You all know my brother as the Light of Destruction.

We gasped.

Me: Whoa.

Shanan: So your evil brother is the main force that is out to destroy the entire universe.

Noira: That's correct. But let me tell you all my story. Many eons ago, before the universe was even created, I was the supreme force of good that watched over all life in the entire universe. I watched over everything and made sure that everything stayed in order and in the arms of good and justice. But my brother Hikara, the Light of Destruction had other ideas. Before the Big Bang created the entire universe 13.7 billion years ago, he became jealous of all things great and small and he was consumed with hatred over all life. Knowing what my brother was capable of doing, I had no choice but to banish him to another universe for all eternity. Eons passed after that and then a white hole appeared and my brother returned and for countless eons he has caused nothing but numerous unholy calamities across the universe. His goal was to destroy the entire universe. Knowing that I won't be able to beat him and his followers alone, I realized that I would need some help. I soon came to the conclusion that I had to destroy my own brother and he had to be stopped no matter what. I have chosen many people over the millennia to help keep my brother at bay by having them defend their worlds with my power. But my travels lead me to Earth and I found the right champions to help me destroy my evil brother once and for all and end his reign of terror for good.

Me: You chose me and all of us.

Noira: That's right. You have done so much good J.D. and you have defended and protected the people of your world from all the crimes and horrors that my brother has caused in his wake.

Me: I've never been one to brag but thank you.

Noria: You're welcome. I know where my brother is. He is located at an abandoned carnival just outside of Neo Domino City.

Me: Then that's where we need to go. Come on guys. It's time to end the terror of the Light of Destruction and the Society of Light for good!

After paying for our meal we went to Neo Domino City.

---

In the darkness of the night we were at an abandoned amusement park.

Me: Wow. Looks like no one has been in this park for years.

Tea: I know this amusement park. I used to go here all the time when I was a child. It was shut down because of tax violations and safety hazards.

Blackout: That's like the Abandoned Amusement Park in Skylands.

Nico: This place gives me the creeps.

Laney: How are we gonna find Sartorius here?

Me: I sense a strong energy signal coming from near the ferris wheel. Lets go.

We went into the park and we were by the ferris wheel.

Lana: Where is he?

Sarina: This way.

We followed Sarina to the old house of mirrors and she came to a mirror and placed her hand on a mirror and then the mirror glowed and vanished. Revealing a secret staircase.

Me: Wow. Didn't expect that.

Jaden: Me neither.

We went down the staircase and the energy was getting stronger and stronger as we got closer.

Me: The energy is getting stronger.

Nico: That means we're getting close.

Vince: Yeah.

Noira: (From inside my head) Be careful guys. The Light and Sartorius are near.

Me: I understand.

We came to a door and we opened it and inside it was a huge statue that was that of the Greek Goddess of the Dawn, Eos.

Me: It's the statue of Eos, the Greek Goddess of the Dawn.

Nico: Wow. Sartorius has an amazing statue.

Laney: He sure does.

Vince: Yeah.

Then we saw Sartorius appear.

Sartorius: So you all came.

Me: This ends now Sartorius.

Varie: You are gonna pay for your crimes!

I flared up the aura of the Darkness of Justice.

Anubis Krueger: Sartorius, you're under arrest for brainwashing and attempted mass omnicide. Surrender now and we'll give you a light sentence!

Me: He's not gonna go down without a fight Commander.

Sartorius: He's right.

He was enveloped in a massive aura of light and it was gonna be a battle that was old as time itself: Darkness VS Light.

Me: You are a monster Sartorius. You've caused so much pain and destruction in your own twisted goal to destroy the entire universe. You will pay for your crimes.

Then he had a majorly malevolent grin appear on his face and it showed that he will never care.

The Springfield Mafia pointed their guns at Sartorious' forehead.

Fat Tony: You fucked with one of my relatives.

Legs: Now, you're gonna get it!

Eddy: (he and Dark Spicer point their guns at the jerk) Don't leave us out.

Astrotrain: (points weapon at Sartorius) Save some for me!

BANG BANG BANG BANG BANG!

They fired bullets and laser blasts at Sartorius and blew many holes into him and more. But the Light of Destruction healed him in an instant.

Me: So it's total obliteration that we have to do like we did before.

Sarina: You are not my brother anymore Sartorius. J.D. killed you before to save you from yourself and now he's going to do so again. The man I knew as my brother is dead forever.

Me: That's right and you will pay for your crimes. Lets power up and take him down!

We powered up to full power and Dark Spicer turned into Trojanware.

Trojanware: Alright, Robo Blaze. It's time to merge!

Springer: I'll never get tired of seeing that.

Trojanware merged with Robo Blaze and made his armor cooler and more powerful than ever before.

I transformed into Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix and it was full power.

I pulled out three Dark Traptanium Crystals and they glowed and I summoned EYE SCREAM, FISTICUFFS and NIGHTSHADE!

---

Eye Scream

Eye Scream is a mutant creature who is one of the Dark trappable villains in Skylanders: Trap Team. When the Skylanders come upon her home in Monster Marsh, Eye Scream sends out several eyeballs to attack them before fleeing into the swamp. The Skylanders later corner her at the edge of the marsh that is accessible via super bound pad hidden inside a Traptanium crystal, allowing the Skylanders to defeat and capture her.

Fisticuffs

Fisticuffs is an Evilikin who is one of the Dark elemental villains in Skylanders: Trap Team. He was summoned by Verl and the other Gillmen in the Secret Sewers of Supreme Stink to help determine whether the Skylanders were actually Skylanders. Though Verl had already seen enough, he let Fisticuffs attempt to prove his might against them anyway, since he was called in advance. In the end, his extending arm proved insufficient, as Fisticuffs was defeated and trapped.

Nightshade

A charismatic ninja thief, Nightshade is by far the most famous burglar that Skylands has ever known. Very smooth, charming, classy, and old-school cool. He was born rich and doesn't need the treasure he steals. He only does it to show off how awesome he is. When the Core of Light was destroyed and the Dark Realm was cut off from the rest of Skylands, Nightshade was rumored to have finally retired from the game. But now that the Midnight Museum is set to host one of Skylands' rarest treasures, the Dark Eye of Unvisibility, everyone knows it's only a matter of time before Nightshade resurfaces for one last, big heist.

Nightshade snuck into the high security Midnight Museum to steal the Dark Eye of Unvisibility in order to have the power to steal everything in Skylands. The Skylanders attempted to retrieve the Dark Eye before it could fall into the wrong hands, but Nightshade beat them to it and snatched the artifact before making his escape. After the Skylanders defeated the security forces of the museum, Nightshade was cornered by the heroes and engaged them in a fight. During the battle, the Doom Raider used the shadows of the pillars to inflict damage to the Skylanders and created shadow clones of himself to confuse and harm them. Despite this advantage, Nightshade was defeated and accepted capture with dignity.

The blasts all combined and they slammed into Sartorius and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Sartorius was badly beaten and down.

Shanan: (On the radio) Dad come in do you read me?

Me: **I read you loud and clear Shanan.**

Shanan: I found the white hole that is pushing out the Light of

Destruction. It's located behind the galaxy MACS0647-JD right next to the very distant edge of the universe.

Me: **Excellent. Lock on to the white hole and blast it. It's time to put an end to this madness.**

Shanan: Got it dad.

She pressed a sequence on the computer and charged up a mega-schwarzschild radium disruptor tachyon superlaser. It was powered by the Omega Lock and the powers of all four Cyber Planet Keys that were used in the Unicron Wars to destroy the black hole that was gonna destroy the universe. She had the White Hole caught in its crosshairs.

Shanan: You will never terrorize our universe again.

She pressed the red button and fired it and it was a beam of red energy that went as fast as 918 nonillion miles per hour and it got to the white hole in less than 20 seconds and it slammed into it and destroyed the white hole in a massive explosion of light.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the light vanished 5 seconds later, the white hole was completely destroyed and the Light of Destruction stopped flowing into our universe.

Shanan: BULLSEYE! White hole destroyed dad!

Me: **Excellent job Shanan. Good work.**

I held out my hand to Sartorius.

Me: **This time you stay dead you bastard.**

I then fired an energy blast and it slammed into Sartorius and obliterated him like it did before.

All that was left of him was his Duel Disk and his monsters.

I picked them up and kept them as a trophy and we powered down.

Then we saw a white entity appear out of the ashes of Sartorius and it was THE LIGHT OF DESTRUCTION!

---

The Light of Destruction, known as the Light of Ruin in the Japanese anime, is the main antagonist in second season of Yu-Gi-Oh! GX. It is a malevolent extraterrestrial being whose ultimate goal in the Japanese version has been described as destroying all life in the universe.

Many millennia ago before mankind existed, there was a white hole in space that releases a lot energy that includes the Light of Destruction. As soon as the Light reached Earth, it brought upon devastation and chaos. As time passes, it would possess one victim and move onto other victims like The D and later Sartorius. The Light of Destruction was also responsible for corrupting Yubel turning her psychotic in the process when Jaden released her into space to test the new Yu-Gi-Oh! cards in space.

At the Duel Academy, while manipulating Sartorius, it managed to gather a group of students including Chazz Princeton, Alexis Rhodes and Bastion Misawa (who were possessed the light itself from their defeat by Chazz also got defeat by Sartorius) and created a cult known as the Society of Light to worship it. It also allowed the brainwashed people to take control of most of the island such as turning the Obelisk Blue dorm white. The Light of Destruction later got hold of a satellite that is capable of exterminating all life on Earth. It later continues to possess other people like Prince Ojin before it was defeated and sealed away in a duel against Jaden and Aster. With its defeat Sartorius and all others who were under its control were released.

---

We gasped.

Me: The Light of Destruction!

Lana: So that's the Light of Destruction.

Qin: It's pure evil!

Carly: Horrifying!

Me: And it was responsible for everything that happened all over our universe.

The Light of Destruction then was screaming and roaring in excruciating pain.

Vypra: What's wrong with it?

Dark Spicer: It looks like it's in pain.

Me: It's the White Hole. Shanan destroyed it and cut it off from the universe it was coming from.

Lola: Wow.

Me: Light of Destruction you will never be welcome in our universe again.

I held out my hand.

Me: HAKAI!

It glowed purple and it was being completely obliterated. It was banished to the Warp for all eternity.

Sartorius was taken with it.

We powered down.

Me: We did it guys. The Light of Destruction and the Society of Light has been silenced forever.

We cheered wildly.

Jaden: It's over guys. The evil of the Light of Destruction is no more.

Me: Yep. But there are always other evils out there that pose a tremendous threat to the entire universe.

Ed Cowart: And we must always be ready for them.

Nico: You said it.

We went back home and the Masters of Evil all went back to their lair.

---

BAck at the estate we were watching TV.

Me: Whew. That was some battle.

Nico: It sure was. Thank goodness we never have to see the Society of Light and the Light of Destruction again.

Laney: Yep.

Qin: Thank goodness.

But then we got an unexpected surprise when our ceiling opened up and it had a huge vacuum cleaner tube suck us in.

Me: WHOA!

Sam Simpson: THIS IS A BIG TIME TO GET WOOHPED!

Stacy Bolton: WEEEEEE!

Lola: YEAH!

We landed in Jerry's office to find him playing Dance Dance Revolution.

Me: Wow. Jerry is good.

Jerry: (sees us) Um, Hello everyone! This isn't what it looks like!

Maria: Relax. We like playing Dance Dance Revolution too.

Me: Yeah and Lincoln, Clyde, Ronnie Anne and Paige here are the champions of it. They rock at that game.

Lincoln: It's true.

Clyde: It's one of our favorites.

Paige: Yep.

Jerry: Good.

Me: But you are good at it.

Jerry: Thank you. And first off I would like to say congratulations on your victory over the Royal Defenders.

Me: Thank you Jerry that means a lot to us.

Jerry: You're welcome. And Nico I would like to say that I am very sorry about what happened between you and Rotwood.

Nico: Thank you Jerry.

Jerry: You're welcome and oh my..

He saw Nico's wedding ring.

Jerry: I see that you and May have officially tied the knot. Congratulations.

May: Thank you Jerry.

Me: We were so happy for him.

Jerry: Yes but now we have a situation. It appears that Timmy has escaped from prison and is back to his game of hurting bullies.

Clover: Timmy that vigilante that tried to kill Mandy?

Alex (TS): That's nuts!

Me: Who is Timmy?

Sam Simpson: You would feel sorry for him J.D.

Sam went over his history and it was not pretty.

---

He appears in "Grabbing the Bully by the Horns". His robot was modeled after Astro Boy.

When he was young, Timmy was selling slushie drinks at a fair when he was bullied by two boys, who pick on him and destroy his wares. A young Mandy then arrives and dumps cotton candy on his head, and had bullied him many times since.

After having worked in Japan, Timmy creates and pilots a giant robot similar to Astro Boy so he can have his revenge. He goes to Hawaii where he abducts the brown-haired guy at his house, and then abducts the blond guy. During the second abduction, the spies Samantha, Clover and Alexandra try to stop him, but he fights them off. He then goes to Beverly Hills, where he abducts Mandy and defeats her celebrity bodyguard.

Timmy returns to an abandoned amusement park in Japan, where he has tied up the two boys and Mandy in a single locker. When the spies attempt to rescue them, they get captured by Timmy, and he reveals his past of being bullied. After Sam tells him that vengeance isn't going to help things, Timmy puts the girls and the other abductees on a roller coaster ride called the "Bully Gauntlet", which includes things like getting booted by a big shoe, getting gum in their hair from big gum bubbles and finally getting dumped in a slushie tank after plunging from a high precipice.

The girls free themselves before hitting the slushie tank. Timmy then battles Sam and Clover. When Alex bumps into him with the gum ball, he is thrown into the slushie tank which causes his robot to malfunction and later explode, although he is rescued by the girls. He is arrested by WOOHP.

---

We gasped in shock!

Me: That bitch! I should've killed Mandy when she was working with The Inventor.

Nico: We didn't know she did all this at the time.

Me: Oh yeah. But she created a monster out to kill all bullies.

Lynn: You know what? Why don't we let Timmy kill all the bullies in the world?

Lori: Lynn!

Lynn: I mean, aside from Dolph, Jimbo, and Kearney, bullies are the one thing all of us hate. And we've taken down most of them. Are we really going to arrest Timmy for doing the same things we've done?

Me: We have to Lynn. I feel sorry for him and no one should ever go after bullies just to get revenge.

Francis: J.D. is right. I was once a bully myself and J.D. changed me into a better person.

Me: That's right Francis. I helped you become a better person. But some bullies are just that irredeemable and Mandy falls into that category. But it was Mandy's fault that Timmy became like this and we have to help him realize that vengeance will only lead to his own death.

Nico: That's right.

Me: We'll gladly take the case Jerry. But when we stop him we will give him community service and I have the perfect job just for him.

Jerry: I understand.

Me: Lets roll!

We were off to stop Timmy.

---

We were over at an abandoned amusement park in Japan. It was an old run down amusement park that was shut down ages ago.

Me: Wow. Another abandoned amusement park.

Nico: Looks like no one has been in this one for years either.

Vince: Yeah.

But then we heard rockets and a massive robot suit came and it was TIMMY! And he was inside a robot suit that looked like Astro Boy.

Me: WHOA! Nice Robot Suit.

Timmy: Why thank you.

It opened and inside it was TIMMY!

Me: Are you Timmy?

Timmy: That's right. It's an honor to meet the famous Team Loud Phoenix Storm.

Me: We came here to stop you from getting revenge Timmy. It will only lead to your own destruction.

Timmy: WHAT DO YOU KNOW!?

Me: Because we have had many run ins with people that are out for revenge and what you are doing is wrong.

Timmy: Is it?

We saw a bunch of robots bring in a bunch of bullies. And we saw that they were being taken to a shredding pit!

Me: Oh no!

I flew fast and destroyed the robots and freed the bullies and tied them up.

Me: You bullies are looking at spending time in prison for your crimes. Why are you doing this!?

Timmy: To do the world a favor and kill all the bullies around the world!

Me: That is going too far!

Luxord: We would never do what you're planning to do right now!

Timmy: Oh, really? If I remember correctly you've beaten up most bullies and made sure they ever hurt anyone again. I'm basically about to do the same thing. So now, you're mad at me for it? Or do you all just want to be the only ones able to take down bullies?

Me: Neither! We sympathize with you because of what you went through. But you aren't the only one that was affected by bullies. Lots of people were. Bullying tears families and lives apart and it doesn't stop! That's why we're going to make sure it DOES stop by arresting bullies and make sure that they pay for their crimes. But you don't have to kill bullies anymore.

Timmy: Why not?

Me: Mandy did this to you. And now look at where she's at.

I showed him a newspaper from when we she was sentenced at the end of the events of The Mad Inventor.

Timmy: "Traitor Mandy Josephine Tuckett condemned to spend the rest of her life in the Neptune Prison for Traitors with no hope for parole." Whoa! I didn't know she was in jail.

Me: That's right and she is going to suffer there. She did so many horrible things to the country all because of her own greed and superiority complex. And we stopped her and karma got her in the butt. Big time.

Timmy: I had no idea.

Me: It's all right Timmy. You can still stop this madness now and end it.

The Masters of Evil Came. Bane, Common Cold and Eccentro.

Me: Bane, Common Cold and Eccentro.

Venom: Is this your first fight against us on the Masters of Evil, Eccentro?

Eccentro: Actually, it is.

Bane: (Spanish Accent) The fight against Trogarr and the Royal Defenders were practice for him.

Me: It sure was.

?: You will die then.

A figure came out and it was GOLDENROD from episode 8 of Dino Thunder!

---

Goldenrod was Zeltrax's son and was created from his DNA by accident when Zeltrax used the Geno-Randomizer on himself after the failure of Dysotron. There is no physical proof of the two being related besides this incident. Goldenrod was sent to take out Tommy Oliver but proved unsuccessful. Goldenrod attacked Tommy and Trent in the car. But the other Rangers showed up and stopped him. Golden Rod then returned to his father. Zeltrax used the Geno-Randomizer to make Goldenrod stronger and the two attacked City Hall. He fought against the Power Rangers again, battling Conner and easily outmatching him, and even grew to an enormous size, succeeding in taking down the Thundersaurus Megazord. Eventually, he was destroyed by Tommy's Brachio Staff Fire Strike after being trapped by his Earthquake attack, giving Zeltrax another reason to hate Tommy.

---

Tommy Oliver: Goldenrod!

Goldenrod: Hello rangers!

Me: I remember you! You were Zeltrax's son! You were sent to kill Tommy but were unsuccessful.

Goldenrod: That's right. Good memory on you J.D. But you will still die! You all will pay for killing my father!

Luna: Dude, your father helped Michelle and Doug try to kill us.

Me: That's right and he took over Smitty's mind and made him do all kinds of horrible things.

?: Even I am not that terrible.

Another figure came out and it was VEENA! Another enemy that Sailor Moon knows.

---

Veena is one of the Seven Shadows. She can create items by using her wings to draw them in the air (usually ones she can use as a weapon to attack). She appeared in Sailor Moon Episode 24, An Artful Attack.

After being imprisoned in the atmosphere, Veena was reborn inside artist Peggy Jones, the fourth of the rainbow crystal carriers. She was inside the Green Rainbow Crystal and Zoycite extracted her Rainbow Crystal and transformed her into Veena. She battled Sailor Mercury, Sailor Mars, and Sailor Jupiter, before Sailor Moon returned and healed her with Moon Healing Activation. When Peggy was healed, Veena was killed and could not be awakened again.

---

Veena: My name is Veena and I am the artist of pain.

Shanan: I didn't expect Queen Beryl to have a Painterlovian in her forces.

Veena: Impressive that you know my race Shanan. I heard that you know so much about the universe.

Shanan: Comes with the job description.

Qin: What are Painterlovians?

Shanan: They are a race of artist aliens from the planet Coloria. It's a planet where everything is their canvas. They have the ability to draw anything with the feathers on their wings and make it come to life.

Laney: Wow! That's amazing.

Veena: Indeed. Want to see a demonstration?

Me: Sure.

She pulled a feather out and it floated over Nico's head and drew an anvil and it materialized in the air and dropped onto Nico's head.

BLANG!

It hurt like hell.

Nico: OW!

Me: That must've hurt!

Veena: Didn't expect that, did you?

Nico: You're probably one of the funny monsters.

Me: But that is amazing that you can do that.

Laney: (In her head) I sense that there is a spark of good in Veena. She and the person she was inside of are conflicted. (Out loud) Shanan let me face her. I can help her.

Shanan: I have a feeling I know what you are gonna do Laney. Be careful.

Bane: Me and Common Cold are exhausted from our battle with the Light of Destruction so we can just watch for a bit and help you out against Timmy. Señor Eccentro hasn't had his shot against you all.

Linka: Fine with us. We'll let you all fight another time.

Me: Lets get them!

Emma: You'll thank us for this later, Timmy.

Megaforce Rangers: Legendary Ranger Mode: Royal Flush Squad!

The Megaforce Rangers turned into the J.A.K.Q. Squad!

Bane and Common Cold went to sit down for a bit in a bench and we went at the rest.

## Battle 2: Eccentro

Linka, Luxord and Batch were facing Eccentro.

Linka: So this is the first fight I've ever had with you in the Masters of Evil.

Eccentro: It sure is.

Luxord: I'm glad you don't have to put up with annoying banter from Tanaka anymore.

Batch: Same here.

Eccentro: Same here. He was a jerk and he deserved to be destroyed.

Linka: Can't argue with that. And he was such a drillster.

Eccentro: A what?

Linka: It's my sister Leni's term for Drill Sergeant. She learned that one from her co-worker Miguel at work.

Eccentro: Oh I get it. And it's true.

Batch: That's a good way to put it.

Linka: Thank you.

Eccentro: Here's my Pokemon.

He called out his Pokemon. He had a Victreebel and a Mega Victreebel!

His Victreebel screamed and bit on Eccentro like how Jame's

Victreebel did to him. It was really funny.

They were laughing hard.

Luxord: (LAUGHING HYSTERICALLY)

Batch: (Laughs) That is so funny!

Linka: (Laughs) James had this happen to him all the time with his Victreebel!

Eccentro got out.

Eccentro: Really? He had the same thing happen to him as well?

Linka: Grass Pokemon love him! He has a Victreebel that shoves him into his mouth, a Cacnea that hugs his face and a Carnivine that bites him on his head. But they love him and only do it out of love.

Eccentro: I see.

Linka: But your Mega Victreebel is really awesome! And it's like all 3 Bellsprout evolutions all in one.

Eccentro: It sure is. Lets dance shall we?

Linka: Lets dance.

Linka fired waves of lightning and Luxord fired his cards and Batch fired waves of fire and they slammed into Eccentro and knocked him and his Pokemon out.

Linka: Not bad for your first fight.

---

Battle 3: Goldenrod

---

Nico and the Megaforce Rangers were facing Goldenrod.

Nico: You are as stupid as your dad. Lets dance.

Nico and the Megaforce Rangers blasted him all over the place with incredible power and Goldenrod exploded into a massive fiery explosion of incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Goldenroad was dead.

Nico: Goldenrod, you and your father have failed this universe.

Troy Burrows: Super Mega Rangers, that's a super mega win.

---

Battle 4: Veena

---

Laney and Sailor Moon were facing Veena.

Laney: Veena, I sense a spark of good still inside you and the woman you are possessing is trying to get you to help her so you can bring the world good joy and color.

Veena: You are right Laney. I didn't like teaming up with Queen Beryl. She's trying to destroy the entire universe and more.

Laney: I know. Shanan killed her before and she will pay for her crimes like she did before. But I can help you. Let me help.

Laney chanted an incantation and she fired a beam of light that hit Veena and she gained a new appearance. It was the famous artist Peggy Jones and Laney knew who she was. She was now a Human-Painterlovian Hybrid. She had Veena's wings and her black hair was longer and braided and she had Veena's crown on.

Laney: (Gasp) Peggy Jones the famous artist! I saw her famous painting The Moon Princess and it was so beautiful.

Sailor Moon: That's the painting me and J.D. were in.

Laney: I remember. How awesome is that?

Peggy saw them.

Laney: Peggy are you all right?

Peggy Jones: I think so.

Laney: It's a really ugly story.

Laney revealed everything.

Peggy was shocked but she was forever grateful to Laney.

Sailor Moon: I'm glad you're back to normal Peggy.

Peggy: Thanks to you and Laney, Sailor Moon.

Laney: You're welcome.

---

Battle 5: Timmy

---

We regrouped and we were facing Timmy.

Me: Sorry about this Timmy. But it's for your own good.

Bane and Common Cold came to help us.

We went at him and I punched him in the face and kicked him in the stomach and Bane smashed him all over and Common Cold blasted him with his snot Blaster. We punched him all over the place and blasted him and more. Najarin, Lystone, and Khorror smashed and blasted Timmy all over and Stalker, Kraven, Venom, Rhino, Bane and Common Cold smashed and brutally smashed and pulverized Timmy.

Me: Time for some teamwork! And also these.

I pulled out 3 Light Traptanium Crystals and 6 Water Traptanium Crystals and out came BRAWL & CHAIN, CHILL BILL, CROSS CROW, THE GULPER, SLOBBER TRAP, THREATPACK, EYE

FIVE, LOB GOBLIN and LUMINOUS!

---

### Brawl & Chain

Brawl & Chain is a walrus who is one of the Water villains in Skylanders: Trap Team. He confronted the Skylanders on a flying ship with a group of Bomb Shells and Pirate Henchmen, but was defeated and trapped.

Brawl & Chain and Brawlrus were recruited by Blubberbeard in his latest scheme to take over Skylands by flooding the lands using his underwater factory. They crossed paths with Dive-Clops and eventually Eye-Brawl in the submarine only to be outwitted and apprehended by the Skylanders along with Blubberbeard.

### Chill Bill

Chill Bill is an ice troll who is one of the trappable Water villains in Skylanders: Trap Team. He was encountered at the Phoenix Psanctuary, freezing several birds with his freeze ray before fighting the Skylanders. Eventually, he was defeated and trapped. Aside from his villainous acts, he is the DJ for Troll Radio in both Trap Team and Skylanders: Imaginators.

### Cross Crow

Cross Crow is one of the Water villains in Skylanders: Trap Team. He is a notorious treasure hunter that is always in hot pursuit of Skylands' most legendary artifacts… and a good key-lime pie.

Cross Crow battled the Skylanders in Time Town flanked by a group of Buzzer Beaks, BirdBrains and Cuckoo Clockers. He was eventually overpowered and trapped.

### The Gulper

The Gulper, also known as Gulper, is a gelatinous blob who is a Water villain in Skylanders: Trap Team. He is part of a group of strong villains called the Doom Raiders.

He returned as a SuperVillain racer in SuperChargers and Imaginators, piloting a Sea vehicle. In SuperChargers Racing, he replaces Spellslamzer as one of the playable racing villains.

From the moment he oozed from the ceiling of the Gelatinous Caverns, The Gulper had possessed an enormous appetite and insatiable thirst for anything and everything he could stuff in his mouth. At a young age, he won first place in the annual Deep-Fried Triple-Cheeseburger eating contest - and has proudly worn the Crown of Gluttony ever since. But it was his particular affinity for soda, which causes him to grow to colossal proportions and go on rampages, that first caught the eye of the Golden Queen. She was looking for special types of people - or creatures - to join her Doom Raider gang that was bent on unleashing total mayhem. It was also her desire to recruit someone who was incredibly dim-witted, so that if they were ever captured, the Skylanders would not be able to extract any useful information. The Gulper fit these requirements to a tee!

After escaping from Cloudcracker Prison, The Gulper landed in Soda Springs where he began consuming the soda that were made by the Mabu for the soda festival. The more soda The Gulper drank, the bigger he became, allowing him to rampage through the village. Eventually the Skylanders and the Trap Masters arrived and stopped The Gulper by tricking him into drinking a vat full of bottom-feeding, suction-eel flavored soda. This caused him to shrink back down to his normal size, allowing the Skylanders to capture The Gulper with ease.

After his capture, the Skylanders took The Gulper with them as they departed from Skylanders Academy for Know-It-All Island for his Villain Quest with Mags, called "Balloon Redemption". She explained to the heroes that she had an idea for Gulper to make up for his previous behavior at Soda Springs; give all the Mabu children balloons to help them cheer up. After completing this task, he was awarded with Mags' thanks and a new outfit.

Slobber Trap

Slobber Trap is a rock dog who is one of the playable Water villains in Skylanders: Trap Team. He was encountered on Know-It-All

Island, where he ambushed the Skylanders after their fight against a group of Trolls. After his Troll minions were defeated, Slobber Trap engaged the Skylanders in battle, but was subdued and captured.

## Threatpack

Threatpack, formerly known as Professor Nilbog, is a troll who is one of the trappable Water villains in Skylanders: Trap Team. He is the head of the troll secret base that houses their super secret rocket, which was needed for the Skylanders to reach the Skyhighlands during "Operation: Troll Rocket Steal".

After sending several waves of Troll Warriors, Lob Goblins, Chill Bills, and Trolling Thunders to stop the Skylanders, Threatpack tried to fight them himself. However, his recklessness proved to be his downfall, as he was blown out of the air and trapped.

He returned as a SuperVillain racer in SuperChargers and Imaginators, piloting a Sky vehicle fashioned after his jetpack.

## Eye Five

Eye Five is a mutant creature who is one of the Light elemental villains in Skylanders: Trap Team.

As the Skylanders approached the village in Monster Marsh, Eye Five ambushed them after the other monsters failed to stop them. He was defeated and quickly trapped.

## Lob Goblin

Lob Goblin is a Troll who is one of the Light elemental villains in Skylanders: Trap Team. The Skylanders were rolling a huge bomb to try and destroy a powerful tank blocking access the Nightmare Express, when Lob Goblin blocked their way. Eventually, his attempts failed and he was trapped.

## Luminous

Being from the element of Light, Luminous has always feared the dark. Even his own shadow used to frighten him so he became determined to find a source of light so powerful and bright, no darkness, not even shadow, exists. This quest drove him quite mad and he set out to destroy all who opposed him. Finally, he managed to find what he was looking for - The Starlight. A source of light and energy so great, darkness could never escape. But it was protected by the Skylanders and Luminous was unable to get his hands on it. When the entire Light Realm became cut-off from the rest of Skylands, Luminous seized the opportunity and tried once again to steal this Starlight, but what he didn't know was that a Skylander of the Light Element, Knight Light, was left behind as well. After an intense battle over several days, Knight Light was able to imprison Luminous in Sunscraper Spire, where he remains to this day. Just hope nobody lets him out.

Years later, the modern-day Skylanders arrived with Mags at Sunscraper Spire to investigate its presence after the destruction of Cloudcracker Prison. Seeing this as a chance to finally escape his prison, Luminous took on the guise of Mags and led the heroes around the towers, tricking the Skylanders into unlocking the seals that imprisoned him in the center tower. Once all of the the seals were unlocked, Luminous revealed his true identity to the Skylander once they had reached inside Tricked You Tower. He engaged them in battle, and despite his renewed power over the Light element, the Doom Raider was defeated. The Portal to a Light Trap opened up, and Luminous accepted his fate, running towards the light within the portal.

They fired waves of lightning and fire and they slammed into Timmy and destroyed his suit and knocked him down.

He was beaten.

Timmy: I'm really sorry about this. I didn't mean to hurt anyone. I just wanted bullies to stop hurting people.

Alex: We know, Timmy. But we weren't going to let you cross a line you can't uncross.

Me: That's right Timmy. If you kill bullies all you are going to be is nothing but a cold blooded murderer.

Timmy: Oh.

Me: But I think you can make it up with some community service.

Timmy: What can I do?

Me: I have a job in mind for you.

The Masters of Evil came.

Eccentro: It must've been tempting to let Timmy continue with his plans.

Stalker: Indeed it was.

Francis: But stopping him was the right thing to do. Besides, me, Caitlin, Flash Thompson and Dominique used to be bullies. And look how we turned out.

Common Cold: Well, I think you guys did the right thing.

William: And let's not forget that three bullies, Dolph, Jimbo, and Kearney, are part of your team as well.

Bane: You're right about that.

The Masters of Evil teleport out.

We went back home and Timmy was given a job at the park to atone for his crimes. He also works as a nurse there in case children get hurt.

Me: Timmy looks happy than ever. But we have one loose end to time up.

I had devil horns form on my head and I smiled sinisterly.

---

In the Neptune Prison, Mandy was reading a book.

Guard: Package delivery.

Mandy: For me?

Guard: Yep.

He gave the package to her and she opened it and in it was a helmet. She loved it and put it on and when she went to sleep it activated and she saw herself in the very fire of hell and she was screaming as she was being tortured in the worst forms of punishment imaginable. She was being psychologically tortured as

well.

Caitlin: That's for ruining Timmy's life! Me and Dominique didn't even know about that!

Back at WOOHP HQ we stood before Jerry.

Jerry: Well done everyone. Another mission done.

Me: This one was a cinch. But we do feel sorry for everything that happened to Timmy. Poor guy.

Lori: Yeah it was awful.

Meg Griffin: Take it from me. I was bullied constantly by Connie D'Amico because of how ugly I was before Quahog was destroyed.

Francis: That was awful.

Jerry: It was.

Francis: (To the viewers) Never be a bully or you will face us and be pounded.

Me: Yep.

We went back home and rested.

THE END

---

Another awesome fanfic done.

Timmy from Totally Spies is a villain I feel sorry for because of all the pain and suffering he had done to him by Mandy and bullies. Bullies are the scum of the earth and they all need to be stopped and thrown in jail. NicoChan11 and Omegahatchiyak12 gave me the ideas for this. Thanks guys. Next up is another awesome Babysitting Adventure and we're going to have Anna Babysit the Loud Kids while some of us go to Aunt Ruth for another grueling day of bad food and boring stuff.

See you all tomorrow.

# Sports Babysitting Fun

At Spunk E. Pigeon's Pizza Palooza Paradises, we were there to celebrate the fall of the Society of Light and the end of the Light of Destruction. The Masters of Evil were all with us.

Everyone: CHEERS!

We clinked out glasses and we were having awesome pizza.

Me: To the end of the Light of Destruction and the Society of Light.

Everyone: HERE HERE!

We cheered.

Laney: That was an intense series of battles.

Princess Rose: It sure was. But we all prevailed.

Fat Tony: Indeed we did.

Panda King: This is the second celebration in a row that we've had.

Maria: Well, we've earned it for taking Sartorius out.

Me: You said it Maria.

Vypra: It's good that we never have to see the Light of Destruction again.

Shanan: That's to me for destroying the White Hole that was the source of its power.

Laney: Yep.

Naruto was having Cheese and sausage pizza.

Naruto: Man, I'll never get tired of pizza.

Me: You said it bro. No one hardly ever gets tired of it.

Nico: You said it.

We had the whole restaurant for the day and we were having our favorite pizzas and more. We played awesome arcade games that Nicole dominated at and more and we raked in a lot of tickets for awesome prizes and more.

---

Later the next day, Lincoln was waking up.

[Lincoln wakes up and yawns]

Lincoln: "Ah, Sunday mornings. My homework's done, my chores are complete, and I'm looking forward to a whole day of freedom!" [gets out of bed and starts dancing with joy.]

Me: Whoo hoo! You said it buddy.

Janeen: Yeah me too!

Rita: [from downstairs] "RISE AND SHINE, KIDS! WE'RE GOING TO AUNT RUTH'S TODAY!" [Her news causes Lincoln to stop dancing.] "YAY!"

Me: Boy we haven't had this happen in a while. It's been about a year actually.

Lincoln: No kidding. But it'll be good to see Aunt Ruth after what we found out with the Royal Defenders version of Aunt Ruth.

Janeen: Yeah.

Me: Lets see who the lucky girl is for babysitting.

I spun my daughter wheel.

Me: And the lucky girl is…

It landed on Anna.

Me: Anna.

Lincoln: Sweet! But I'll go to Aunt Ruth.

Me: Okay.

---

Later at the door I was giving Anna her instructions. She was babysitting the Loud Girls and Linka today.

Anna: I know what to do dad. You and mom did it so many times before.

Me: Awesome. We're not gonna be back until tomorrow morning. It's an annual deal where we go all day.

Anna: Wow. Allie told me about that. That's amazing.

Me: It sure is. But have fun what we're gone.

Anna: I will.

We walked to the van.

Lynn Sr.: If I have to see that extra toe, so help me…

Lincoln: I left a Blood Clone here for you guys.

They saw a Blood Clone of Lincoln.

Linka: Nice thinking bro.

Lincoln: Thanks. See you guys.

They left.

Anna: This is gonna be awesome guys!

Lori: It sure is. I'm sorry Lincoln and Lee have to go.

Anna: I know.

The doorbell rang and at the door was the Fox Quints.

Pam: Hey Coach Anna.

Anna: Oh hey guys.

Steve: Mom is having us be with you guys for the day while she and dad are out of town till tomorrow.

Lynn: Cool!

Anna: You guys are in luck though. I'm babysitting for the Loud's while they go to their Aunt Ruth's for the day till tomorrow.

Ron: Cool!

Pam: Awesome!

Nico came and he had Mindy and Alicia with him.

Nico: So everyone is out at their aunt Ruth for the day?

Anna: Yep. And they won't be back until tomorrow morning.

Nico: Guess it's that time of the year for their annual tradition.

Anna: It sure is.

Mindy Chan: Awesome.

They gathered in the Living Room and then some of the Masters of Evil came in.

Vypra: Hey guys.

Anna: Oh hey Vypra. What's up guys?

Dark Spicer: Where's J.D. and Lincoln and everyone else?

Anna: They went over to their Aunt Ruth's house for the day and won't be back till tomorrow.

Misty Tredwell: Wow.

Carly Carmine: I hope they have fun.

Zs'Skayr: Same here.

Lori: Usually all our visits to our aunt Ruth are literally anything but fun.

Vypra: How come?

Anna: Oh right you don't know about this. But a while back, going to their Aunt Ruth was a form of torture and capital punishment.

[A montage of all the things they do at Aunt Ruth's is shown. First Aunt Ruth is laying in her chair and the Loud Siblings are bored out of their minds as they are looking at a slide show.]

Anna: " **She makes everyone look at a million pictures of her cats. She has slideshows of pictures of all of her cats from her travels from around the world and we get bored out of our skulls just from having to look at them.** "

Ruth: "Here's Mittens in Egypt. We were going to visit the pyramids, but Mittens hates the heat." [cuddles Mittens]"Don't you, baby?"

[Cut to them eating something questionable.]

Anna: " **She feeds everyone gross food. Some of the food is so old and rotten that it causes a lot of food-borne illnesses.** "

Lori: "Ew. When was this pudding made?"

Lisa: [examining the can] "Seeing as this flag on the label only has 48 stars…"

[Cut to Lincoln cleaning out the cats' litter box.]

Anna: " **And she always singles Lincoln out to do special chores like clean her litter boxes and all that.** "

Linka: **Uncle Rudy did the same thing to me in my dimension.**

Ruth: "And when you're done scooping, you can start rubbing these bunions. Don't forget my extra toe!"

[A sixth toe protrudes from her left foot.]

[Lincoln cringes in disgust.]

Lana: "Lucky."

Anna: **Their aunt Ruth has an ugly sixth toe on her left foot and it makes their dad hurl his guts out every time.**

Lana: **That's right and I like going to Aunt Ruth because it's heaven for me.**

Anna: " **The only Loud's who got to skip out on Aunt Ruth's were Lily and Mr. Lynn.** "

[Lily pulls on one of Ruth's cats' tails. End montage.]

Anna: Lily wasn't trusted around Aunt Ruth because she hurt her cats. So their dad stayed home and babysat her. When dad found out about this, he invented this awesome babysitting plan where one of us would watch some of the Loud's for them while they go to their Aunt Ruth.

Dark Spicer: Wow. That's a good plan.

Carly Carmine: It sure is.

Zs'Skayr: Good plan.

Laney: I like helping out so I volunteered to stay back.

Luan: I don't like going to Aunt Ruth so I stay back myself.

Anna: Yep and it's my turn to babysit today.

Vypra: That's awesome.

Jimbo: Righteous!

Vert: You guys never did explain to us why you don't like Ruth's house.

Wheelie: (to the Loud's) Considering the fate of the other Ruth, I don't think you guys should be bothered by her house.

Lori: That would be true. But we love her nonetheless.

Kearney: Guys, I'd like you to meet Kearney Jr.

Kearney Jr.: Hi there!

Ramjet: You have a son at your age?

Kearney: I had him when I was 14.

Anna: I remember watching that. He sure is cute.

Kearney Jr.: Thank you.

Snake: And this is my son Jeremy.

Jeremy: Hey guys.

Lucy: Pleasure to meet you Jeremy.

Anna: He looks so much like you Snake.

Snake: That's my boy.

Anna: Okay. First we're gonna do 8 scenarios in the Simulator. 3 of them are gonna be around sports.

Lynn: Score!

Pam: Awesome!

Lori: Oh boy.

Anna: First up is my favorite: Basketball. (Spins a basketball on her finger)

Lynn: Awesome!

Anna: And we're going to help my hero play with the Looney Tunes against the MonStars in my favorite childhood movie. Space Jam!

Lynn: YES!

Linka: That's my all time favorite!

Laney: Sweet!

Lana: Space Jam is awesome!

Lola: Michael Jordan was awesome in that movie!

Lily: Yeah!

Anna: I know. Michael Jordan is my hero and he will always be the greatest basketball star ever.

Luna: He sure will dudes.

Anna: Lets head to the Simulator!

They cheered and went to the Simulator.

---

In the Simulator they were getting ready.

Anna was dressed in her favorite jersey and shorts she had and they were awesome.

Lynn: Nice sports attire Anna.

Anna: Thanks Lynn.

Zs'Skayr: Looks awesome.

Anna: Thanks.

Carly: Me, Jack and Dark are gonna help in the Space Jam battle.

Anna: Awesome.

Lincoln: Cool.

Lynn: Lets do it.

Anna, Lynn, Lincoln, Lana, Zs'Skayr, Carly, Jack Atlas and Dark Spicer went into the Simulator and they were ready!

Anna: Lets play ball!

The Simulator activated and they were ready for action.

Anna: Time for some basketball pain!

Michael: You guys look ready.

They saw Anna's favorite basketball hero, Michael Jordan himself.

Anna: Michael it's an honor.

Michael: Team Loud Phoenix Storm. It's an honor to meet you too.

Lincoln: Awesome!

Carly: It's an honor to meet you Mr. Jordan.

Anna: We came to help you all out.

MonStars: Uh Oh.

Dark Spicer: Here's your warning MonStars: Your asses are gonna be kicked in this game!

Dark Spicer turned into Furi!

Furi: LEMME TELL YOU SOMETHIN, MONSTARS! YOUR MOMMAS ARE DUMB, STUPID, AND UGLY, AND THEY HAD CRAP HUSBANDS TO GIVE BIRTH TO YOU!

Anna: Yeah you tell them Furi!

Lincoln: Lets get them!

The MonStar's were infuriated!

Bill Murray: I'm helping out too.

Lincoln: Bill Murray!? Awesome!

Carly: Cool!

Marvin: Now, let's all play fair. Here.

Anna: Time for action. Lady Nike, give me strength.

[Bang and Daffy growl at each other. Taz leans in close to camera, and Porky growls with Bupkus. Anna and Carly growled ferociously. Carly growled like a mad hummingbird. They are ready for comeback. It's the Monstar's ball and Bang passes the ball to Pound.]

Pound: Open! [Catching the ball and exclaimed, Bugs is riding the motorcycle and dressed like a mailman.]

Bugs: [Stealing the ball] Coming through!

Pound: [Surprised] Whoa!

Lincoln punched Pound in the face and fired a blast of lightning at him and electrocuted him.

Michael Jordan: [Running while Nawt runs after him] Bugs! [Bugs stops and holds the ball]

Bugs: [Throwing the ball to Michael] Special delivery!

[Michael slam dunks and scores the tunes cheer.]

Furi: YEAH!

Zs'Skayr blasted Bupkis with a dark energy blast.

Mr. Swackhammer: [Sees the scoreboard and gets grumpy] No! Boo!

Anna: Oh shut the hell up Swackhammer!

[Bupkus has the ball and dribbled it a few times, he jumped up in the air and he prepared to slam dunk but suddenly his eyes widen with shock he sees the hoop full of rockets and explosive devices. He stopped and whined with fear and he looks at the audience, and then they explode.

KRABBBBBOOOOOOOOOOOOOOOOOOOMMMMMM!

[Bugs and Wile E. were the ones who set them off.]

Bugs: Eh, nice kaboom, Wile E. [Wile E. smiles]

Carly: Good show.

[Then Bupkus angrily grabbed Wile E and pulls him to his face showing his teeth. But before he could do anything, his teeth were shot off. Elmer and Yosemite wear black suits, wearing sunglasses and have two pistols pointing at Bupkus. Elmer and Yosemite look at each other and back at Bupkus then they shoot off his last set of his teeth. Michael has the ball he dribbles it, trying to dodge Bang, Nawt, and Bupkus they tried to catch Michael but failed. Michael throws the ball into the hoop, earning two more points for the team and the crowd cheers. It's the Monstars ball. Blanko passes the ball to the Pound.]

Pound: [To Nawt and Bang] Let's teach 'em a lesson. [Running to the hoop]

[As they run, Sylvester appeared with a fishing pole and he swung the pole and catches Pound's shorts and pulled them off. Blanko looks at Pound shocked, Pound stops and sees that his shorts are gone and he's butt-naked.]

Pound: [Covering his shorts with his jersey] Hey! What- [Smiling and blushing with embarrassment]

Lola: [Taunting Pound] Nice butt!

Carly: There's A Full Moon out tonight!

Anna: Yeah!

[The crowd laughs at Pound, Michael just smiled with amusement and gets back in the game. Taz has the ball and slam dunks it. Michael has the ball next and heads for the hoop Pound and Bupkus tried to catch him but failed and Michael slam dunked. Foghorn and

Sylvester lift Porky, he has the ball and Pound goes after him.]

Porky: Er, going up.

Pound: You're mine boy. [Porky slams the ball into the hoop and Pound gets hit in the face with the ball]

[Stan, Granny and Witch Hazel are getting excited that the team is catching up.]

Granny: Slam me!

Stan Podolak: [Slapping her left hand] Yeah! How's that? [Granny falls from the bench]

[Nawt, Pound, and Bang are charging in with the ball hoping to score. But then Michael holds up Pepe, while he, Bugs, Foghorn and Tweety are wearing gas-masks.]

Pepe Le Pew: (French Accent) Hello! A little surprise for you, my friends. [Chuckles]

[Bupkus, Bang, and Blanko sniffed the bad smell they gasped and fainted.]

FOGHORN!

Pepe Le Pew: [Chuckling and kissing the ball into the hoop] Two points.

[Michael jumps in the air, Pound and Nawt growled trying to stop him, he slam dunked the ball in the hoop hitting Nawt in the head. Michael has the ball, Bang tried to catch the ball but tripped over his own feet and Michael shoots into the hoop.]

Mr. Swackhammer: [Furiously] Dang!

Daffy: [Painting Pound's shorts red] Ooh, this will be good.

[Daffy pointed at his shorts for the crowd and they all laugh at this. Then Toro the bull in the stands, sees the red painted shorts and everyone looks at him as the bullring fanfare comes on. He snorts and growls angrily. He jumps off the stands, running to Pound with his horns. Foghorn and Porky jump out of the way as Daffy moves out of the way. Pound felt scared and he turns his head to see Toro coming at him with his horns down. Toro then hits Pound's butt and Pound goes flying above the air screaming in pain.]

Crowd: Ole!

Anna: Ole!

Anna dribbled the ball and passed it to Michael and he slam dunked it and Bill Murray ran as Tweet passed the ball to him and he passed it to Carly.

[Tweety is flying around and the Monstars surround him.]

Bang: Okay, birdie.

Tweety: Uh-oh. [The Monstars show him their teeth about to hurt him]

[Tweety had enough of getting picked on and he lets a karate yell. The Monstars gasp in shock, then Tweety punched Pound and Bupkus, then punched Bang in the stomach. He twisted Blanko's neck, then he bites Pound's ear which causes him to yell in pain. Then he pulled Bupkus's hair and pulled it off, then he kicks Bang's chin and falls on the floor. Elmer jumps in the air and slam dunked the ball into the hoop. The crowd and the team cheered loudly.]

Michael Jordan: Yes!

Anna: YEAH!

[Bupkus take the ball and elbows Marvin. He gets ready for action.]

Bill Murray: Yo, spaceman, don't choke now. Come on. Come on, come on.

[As Bupkus, gets ready, Daffy puts on a football helmet.]

Daffy: It's gut-check time! [He jerked his legs back and forth like a bullet.]

Carly: Time to kick some butt!

[Bupkus throws the ball to Pound and Daffy launches at him. As Pound catches the ball, and Daffy hits his stomach hard and Pound drops the ball. Bang and Blanko watch the ball dribble to Bill.]

Bill Murray: This must be mine. [As he dribbles the ball, Pound pushes Daffy out of his stomach, holding in pain.]

9

Whoo-hoo! This belongs to me. I'm going left! I'm going left! [Passes the ball to Michael and Pound goes after Bill.] Whoa! Don't ever trust an earthling!

[Michael dribbles the ball, trying to get past Nawt. He sees the time and they're eight seconds left.]

8

Lola: Mike!

[Michael throws the ball to Lola, she dribbles it and she gets surrounded by Bang and Blanko.]

7

Bang: Get the rabbit! Get the girl!

Carly: Lola!

Lola threw it to Carly and she dribbled it like there was no tomorrow and threw it to Anna and she dribbled it.

Daffy: [Jumping] Come on! Come on! [Anna passes the ball] I'm open! I'm ope! [Bupkus hits Daffy with his hand and reaches for the ball]

Bupkus: That's mine!

Bugs: [Grabs the ball with his ears and throws it Bill] Not today!

6

Bupkus: Hey!

Lincoln catches the ball and throws it to Bill Murray.

[Bill Murray catches the ball and Blanko approaches him.]

Blanko: Bring it on, dude.

Bill Murray: [Trips Blanko] Whoopsie-daisy. Whoo-hoo.

5

Furi pulverizes Blanko and Lincoln fired a blast of lightning and electrocuted Blanko.

Bill throws it to Jack Atlas.

Jack Atlas: (Australian Accent) Michael!

[Jack Atlas passes the ball to Michael and he heads for the hoop. Bang is running behind Michael and Pound comes charging at Michael.]

Pound: You're mine!

[Pound and Bang growled as he's about to grab Michael, but he slipped and falls on the floor. Michael steps on Pound's head which causes him to groan in pain. He climbs up to Pound's butt and then he jumps up and flies to the hoop as the crowd roars.]

Bill Murray: Mike, I'm open! [A shocked Pound see's Michael in the air] Never mind.

4

[Time slows down as Michael flies to the hoop, getting ready to score.]

3

[Bang and Bupkus roar and they jump up, grabbing Michael to stop him.]

2

[Michael begin to stretch his arm, reaching for the hoop and he is preparing to slam dunk.]

1

[Bang and Bupkus look on in shock knowing they're gonna lose. Michael slam dunks the ball into the hoop and the horn blows.]

0

THE TUNES WIN!

[The crowd cheers wildly, Swackhammer yells in rage. The tunes cheer for their big victory of the game. Anna and the kids hugged in victory! Bugs and Lola hug each other, Bill laughs joyfully and runs to Michael. Michael lets go of the hoop and lands on his feet.]

Hubie: The Tunes win!

Anna: Way to go guys! That's my hero!

They high fived and more.

[The tunes run up to each to other and they give each high fives and hugs. Pepe hugged and kissed Granny. Michael and Bill talk in private as the tunes celebrate their victory.]

Michael Jordan: That was a nice pass, man.

Bill Murray: That was a great stretch for the basket, too.

Anna: Great job though Bill.

Michael Jordan: You know, you really got some skills. You might be able to play in the NBA.

Carly: Yeah I agree.

Bill Murray: Thanks, Mike. I'll probably quote you on that. But I'm gonna take this opportunity to retire from the game of basketball.

Michael Jordan: [Puts his hand on Bill's shoulder] No. Come on.

Bill Murray: No! No! I'm gonna retire right now, and that's all there is to it. I'm gonna go on top, undefeated and untied. That's the way it"s gonna be. You go on ahead and celebrate with your teammates.

Michael Jordan: No, come on and help us. Celebrate with us.

Lincoln: Yeah.

Bill Murray: I'd like to, but I have to ice down my knees right away, OK? They're starting to go.

Michael Jordan: All right. Good-bye man.

Bill Murray: All right. See ya. [Walks away]

Michael Jordan: Are you sure?

Bill Murray: Yes! Definitely sure. Definitely. [Leaving the court]

[Swackhammer is furious at the Monstars for losing the game.]

Mr. Swackhammer: Losers!

Monstars: Sorry.

Mr. Swackhammer: Choke artists!

Monstars: Sorry again.

Mr. Swackhammer: Wait until I get you back on Moron Mountain.

Furi then grabbed Swackhammer and threw him into the hoop!

Furi: (grabs Swackhammer by the throat) LEMME TELL YOU SOMETHIN, SWACKHAMMER! I JUST THREW YOU THROUGH A BASKETBALL HOOP! YOU START A WAR WITH THE LOONEY

TUNES AND I WILL DO IT AGAIN! ONLY NEXT TIME, I WILL MAKE SURE YOUR NECK SNAPS WHEN YOU HIT THE GROUND!

Everyone: YEAH!

Anna: Now get!

Anna kicked Swackhammer and sent him flying to the moon.

Everyone cheered.

Lincoln: Awesome! Whew! Really worked up a sweat on that.

Anna: We sure did. But the coolest part was we got to meet my hero.

Michael: I'm honored. Anna.

They shook hands.

They left the simulator and everyone cheered.

Vypra: Awesome game!

Laney: That was awesome!

Anna: It sure was.

Lana: You guys did great.

Lily: Yeah!

Anna: Thanks guys. Now our next sport is dad's and Jared's favorite: DODGEBALL.

Leni: This is like, totes gonna be fun.

Luna: Yeah dudes.

Anna: Lets do it.

They went into the Simulator again and it was gonna be awesome. The Simulator activated and they were in a huge stadium and it was for dodgeball. They saw that their opponents were smoking hot Bikini Babes.

Anna: Yowza.

Carly: Those girls are hot.

Number 7: (to the Hot Bikini Babes) Your attires would only be appropriate for at the beach.

Babe 1: We know but it's for dodgeball.

Lincoln: (Flexes his arms) Check this out girls. Take a load off your eyes.

The babes squealed in love and admiration for Lincoln.

Babes: Our hero.

Anna: Looks like Lincoln is gonna have quite a fan club.

Carly: He sure is.

Misty: Yep.

They got ready and the game began.

Anna: Lets get some!

They went for the balls and threw them all over the babes and smashed them into them. The babes were throwing them back and Anna and team did all kinds of acrobatic moves and gymnastic moves and dodged them all.

Lincoln: I got some sweet moves for you girls. Come at me.

Babe 1: With pleasure little man.

The babes threw the balls. Lincoln did some awesome stunts he learned from Kick Buttowski and dodged them all over with incredible acrobatic moves and he ran up the bleachers and across the wall and he jumped through a football goal post.

Referee: Wow! That kid has got some moves!

The girls threw more balls and he dodged all of them with a Neo Matrix style dodge.

A babe came at him and threw a ball hard and he grabbed a ball with two balls and he jumped into the air with three balls and he kicked the top ball and it went at a babe like a fireball.

Babe 5: Mommy.

It smashed into her face and sent her crashing into the wall.

He threw a ball and sent it at a babe like a bullet fired from a gun and it slammed into her mouth and sent her into the foam wall.

Lincoln then jumped and punched another ball and it flew at a babe as fast as a cannonball shot out of a cannon and it slammed into another babe and slammed her into the wall.

Lincoln: Try this one.

He threw multiple balls all at once and they slammed into 6 babes and knocked them down. Leaving only a blonde hair babe left standing.

Lincoln did the hand motion for come get me.

She saw a pile of balls and went over to get them and Lincoln threw the ball and it hit her and sent her flying.

Lincoln had won!

They cheered wildly for him!

Anna: WHOA!

Number 7: That was incredible!

Laney: Way to go big bro!

Lily: That was awesome!

Lana: Yeah!

Anna: Kick Buttowski taught you all his moves didn't he?

Lincoln: He sure did. He's an awesome teacher.

Lincoln threw up the goats.

The babes came over to him.

Babe 1: How did you learn all those awesome moves like that?

Lincoln: I'm a daredevil in training and I have an awesome teacher. He is teaching me all of his stuff.

Babe 1: Wow! I thought you look familiar! You're Lincoln Loud of Team Loud Phoenix Storm!

Lincoln: That's right.

Babe 1: Wow! You're a legend around the world.

The babes squealed like a bunch of fangirls.

Lola: Looks like you have a lot of fans big brother.

Lily: He sure does.

Number 7: Indeed.

They later left the simulator and everyone cheered for them.

Nico: Awesome moves!

Vypra: Very impressive moves.

Kick Buttowski: Nice job Lincoln. Awesome stunts.

Kendall: That was well done.

Lincoln: Kick is the teacher and he is a force to be known.

Kendall: That's my awesome boyfriend for you.

Lori: But those were literally awesome moves bro.

Lynn: They sure were.

Anna: Now it's time for my favorite. BOXING.

DING DING DING!

Lynn: Sweet!

Anna: We're going to help my favorite fictional boxer: Rocky Balboa!

Lola: COOL!

Lynn: Rocky Balboa!? He's awesome!

Anna: And he's one of the strongest.

Vanitas: Awesome! We're gonna face his opponent Creed.

Anna: Yep. Apollo Creed. We're gonna kick some butt.

Lynn: Awesome!

Lola: How many movies were made for Rocky Balboa?

Anna: 6 Rocky movies and 2 for Creed.

Lynn: Wow. Sylvester Stallone kicked a lot of butt in those movies.

Anna: He sure did. Lets do it!

Anna, Lynn, Huntsgirl, and Vanitas went into the Simulator and it activated and they found themselves in a boxing arena in the year 1975 and they saw the famous Rocky Balboa facing his opponent Apollo Creed.

Vanitas: Boy they are ripped.

Lynn: Time to kick some butt!

Anna: Lets make this a tag team fight.

They flew in and jumped onto the arena.

Anna: Hello Rocky.

Rocky: Team Loud Phoenix Storm! Wow!

Lynn: It's an honor to meet you Rocky.

Vanitas: Same here.

Creed: Heard so many good things about you all.

Anna: It's mutual. We're gonna make this a tag-team match. How does that sound?

Creed: Cool.

Anna: Awesome.

Huntsgirl: (to Creed) Time to go Rocky IV on your ass!

Vanitas: Yeah!

Rocky: Who wants to go first?

Anna: Me first.

Rocky: All right.

Anna went to face Creed and she had powerful boxing gloves on.

Creed: Lets dance.

Anna: With pleasure.

DING DING!

FIGHT!

Anna punched Creed in the head and punched him several times in the stomach and punched him in the face and she went back and tagged Lynn.

Lynn went and punched Creed in the stomach and punched him in the back of the head and punched him several times in the face.

Lynn then went over and tagged Vanitas.

Vanitas punched Creed in the head and flattened Creed into a pancake and he went over to Huntsgirl and tagged her and she went over and punched him all over the place with lightning fast speed.

Then she went over and tagged Rocky and he finished the job by punching him in the face and knocked him out.

KNOCKOUT!

They won!

Later they left the simulator and everyone cheered wildly for them!

Vypra: Nice fight!

Laney: Good match!

Lana: Awesome!

Anna: Thanks guys. Now that the sports are done it's time for the next part of our simulator scenes. We're gonna do 3 combat scenes.

Vypra: Awesome.

Nico: This is gonna be good.

?: I will be your first opponent!

They turned and they saw another version of Hinata. But this one was different as she was wearing Provocative Clothing. It was the RTN HINATA!

---

This version of Hinata Hyūga appeared in a parallel universe as a minor villain from the 6th Naruto Shippuden movie Naruto Shippuden: Road to Ninja. She is a yandere to Naruto in the alternative universe.

Hinata first appeared alongside with her teammates when Naruto asked if they saw Madara, but they didn't know what he is talking about. Naruto gets confused and angry at them telling that they should know who he is. Kiba was about to speak, but Akamaru suddenly bit him. Naruto and Sakura never saw this side of him before. Kiba became very angry, at Akamaru's strange and wild behavior to him, why did he bite him and threatens Akamaru that he would leave him at cold. Akamaru took that as a threat and began to run away. Naruto asked Kiba why did he do that to Akamaru. Shino explained that Kiba love cats and hates dogs such as Akamaru. Hinata, then turns her ways to Sakura whom she find suspicious that they are on a date. Sakura laughs at Hinata's silly question & asks what got into her. Hinata walks to Sakura, whispering in her ear & said that if she touched him, she'll kill her. It scared Sakura that she back up from her. Hinata asks more threatening questions for her to tell the truth if she and Naruto were dating. Naruto protects Sakura, which made her very angry at him and grabs his jacket and asks why is he covering Sakura. Naruto had never seen this side of Hinata. Naruto tells Sakura to run, then he uses his Shadow Clone Jutsu Technique to escape from Hinata's hands.

She appears again in the hot springs with Tenten and Ino using smart comments about Sakura's body, telling her that if Menma is not her man, she should stay away from him. Sakura tells her that there nothing between her and Naruto's friendship. She calls Sakura a liar and got suspicious that she is also going after Menma. She also knew that Neji is using his Byakugan to peek at them and she threats to kill him. Ino began to yell and realize that someone fell in the women's side of the hotspring, which was Rock Lee. Sakura asks why was he there and Hinata suggested that Rock Lee wasn't training, but was peeking instead. He told them that he was just training, but his outfit got attached from the roof as everyone hurried to know what was going on. Hinata turned back to her anger at Neji and ask where was her underwear. He ran for the hills as Hinata followed him. She became more angry at Rock Lee and wanted to hurt him, but Naruto and Sakura came to help as he was glad to see Sakura, but little did they know that Rock Lee stole Tenten's underwear and everyone was so shocked (even for Sakura) that they all just stood there staring at Rock Lee in a shame moment and Sakura yells "No, not Rock Lee!". Since then, Naruto and Sakura never saw her again throughout the whole movie.

When Menma destroyed alternate Konoha, it's presumed that she was perished as she was never seen among the survivors.

Unlike her actual counterpart, she is a sharp-tongued, domineering, more assertive, aggressive and very confident of herself. Her personality bears many similarities with that of the real world counterpart of Ino, only a lot more worse than her. Unlike her actual counterpart (and possibly Ino), she wears a very provocative dress, almost similar to the outfit Anko wears. Much like her real world counterpart, she is in love with Naruto, except that she threatens any girls in her way via death threats, even those who are not attracted to him like Sakura. It is unknown what became of her when her crush destroys Konoha and after the latter's presumed death.

* * *

Naruto: Hinata!?

Laney: Whoa! Her clothes are badass.

Lana: Big time.

Anna: If I saw myself in clothes like those, I'd have to kick my own fucking ass.

Nicole then came in.

Nicole: Guys what's going… (Gasp) Parallel Universe Hinata!? What the hell are you doing here!?

Anna: Whoa! So this is the Parallel Universe Hinata you told me about.

Nico: Whoa man! She looks like a badass bitch.

Nicole: You have no idea Nico. This version of Hinata is trouble all in capital letters. She threatened Sakura's life when we went to the universe she's from and I punched her in the face for saying those terrible things. She wanted Naruto all for himself all because she thought he was his evil twin Menma.

Naruto: That's right. She was all over me like a bad rash.

Anna: And dad killed Menma when Zeltrax showed himself.

RTN Hinata: You will pay for killing Menma!

Nicole: He deserved to die because he was a dangerous S-Rank traitor. Now you will share his fate.

Vypra: Now it's my turn.

Luan: And me, William and Shego will face you in our usual fights.

William: Cool!

Nicole: Time for me to put you in your place you cold-hearted bitch.

They went into the Simulator and it activated and they found themselves at the destroyed abandoned training ground in the RTN Universe.

Vypra: Whoa! Looks like a major battle happened here.

Nicole: It's where me and Menma fought when we were Team Cosmic Dragon. I savagely overwhelmed him and he was heavily wounded.

Luan: Wow. What a battle.

William: No kidding.

Shego: Yeah.

Nicole: I'll face Hinata.

Luan: Okay.

Vypra: Usual Battles?

Luan: Yep.

They powered up and went at them.

---

Battle 1: Vypra

---

Luan, William and Shego were facing Vypra.

Vypra called out her Pokemon. She called out her Gliscor and her Murkrow.

Luan: Lets see how this Lights you. (Laughs) Get it?

Vypra: (Laughs) That was a good one.

William: It was.

Shego: Lets do it.

Luan fired waves of light, William fired blasts of fire and Shego fired waves of green fire and they slammed into Vypra and her Pokemon and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked them out.

Luan: That is one victory that Lights up. (Laughs)

---

Battle 2: RTN HINATA

---

Nicole was facing RTN Hinata.

Nicole: Menma got what he deserved for being nothing more than the lowest and most vile creature ever to walk the Earth.

RTN Hinata: (INFURIATED) DON'T YOU DARE TALK TO MENMA THAT WAY YOU FUCKING BITCH!

Nicole: I can talk about him however I want you fucking bimbo.

RTN Hinata roared in rage and went at Nicole and just as she was about to punch her, Nicole teleported away.

Nicole: That was pathetic.

RTN Hinata roared in incredible rage and she threw a massive and relentless barrage of exploding shuriken and paper bombs at Nicole and they hit her all at once and the explosion was getting bigger and bigger and bigger. When she stopped, there was a lot of dust and smoke and fire.

RTN Hinata: I have avenged you Menma!

But when the smoke and dust cleared, Nicole was still standing and she was completely unscathed.

Nicole: If that was all you are made of it was really pathetic.

RTN Hinata: WHY WON'T YOU DIE!?

Nicole then teleported and punched her in the stomach with incredible force and sent her crashing into the ground.

RTN Hinata got up and she was enraged and she went at Nicole.

RTN Hinata: I WILL KILL YOU!

Nicole then teleported and kicked her in the back of the head and knocked her down to the ground.

RTN Hinata growled ferociously and then she roared in extreme fury and went at Nicole. She punched at her and Nicole was dodging all her attacks.

Nicole then punched her in the face and sent her crashing into the mountain.

A figure came out and Elec Man appeared.

Elec Man: And you are?

Volt Kraken: Call me… Volt Kraken! (shoots three slow electric arcs at Elec Man)

Nicole fired waves of star energy and the blasts hit Volt Kraken and destroyed him in an instant.

Volt Kraken's powers and weapons were now ours.

Nicole: I've had it with this bitch. Time to send her into the Book of Vile Darkness.

Nicole: STAR STYLE NINJA ART: VENGEANCE OF THE STAR DRAGON!

Nicole fired a wave of star energy and it formed into a dragon.

Wheelie: Lets use teamwork!

Naruto: Right!

Wheelie used the Earth Cyber Planet Key and Naruto used the Hidden Leaf Cyber Planet Key. They enhanced Wheelie's Fire Stones and Naruto's powers 100-fold.

Wheelie and Naruto: SAGE FIRESTORM STYLE NINJA ART: VOLCANIC METEOR SHOWER RASENSHURIKEN!

Naruto formed a Sage Art Lava Style: Rasenshuriken and Wheelie fired his fire stones and they merged together. The two techniques slammed into RTN Hinata and exploded with unbelievable power!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it created a massive mushroom cloud that could be seen for hundreds of miles and the shockwave from the blast was unbelievably powerful and it leveled small villages in its path. When the smoke cleared, there was nothing but a massive crater where the abandoned training ground was.

Nicole: Whoa! What power!

Naruto: No kidding sis. That was unbelievable.

Wheelie: No kidding. Wow! That was intense.

Luan: Unbelievable.

William: So is the Parallel Universe Hinata gone?

Nicole: Her energy signal is gone. She's dead.

Shego: Good riddance.

Vypra: Wow. What power.

They left the simulator and everyone cheered wildly for them.

Anna: Awesome job sis!

Nicole: Thanks Anna.

Naruto: But now we've seen the last of that bad Hinata.

Anna: Yep. Now we have two more combat scenes. We're gonna go after another Evil Sasuke.

Laney: Awesome!

Anna: I'll face the evil Sasuke.

Atomic Skull: And I'll help him.

Maggie: And me, Charmcaster and Huntsgirl can face you.

Ramjet: Same with me and Panda King.

Atomic Skull: Awesome.

They went in and the Simulator activated and they found themselves in the Final Valley during the 1st battle with Naruto and Evil Sasuke.

Anna: Wow. This is gonna be intense.

They watched Naruto and Evil Sasuke really duking it out with everything they had and they were not gonna stop until one of them is dead.

Anna: Wow. Look at them go.

Maggie: Intense.

Charmcaster: No kidding.

Naruto and Evil Sasuke were really going at each other until Evil Sasuke got the drop on Naruto and he was about to stab Naruto with a Chidori!

Anna: Now's my chance!

Anna flared up her red aura and flew at Evil Sasuke with incredible speed!

Evil Sasuke: Sorry loser but this is as far as you go. I will enjoy sending your fucking ass to Hell. Now die you fucking demon.

But then…

BLAM!

Anna slammed her foot right into the Evil Sasuke's face with devastating force and sent him crashing into the cliff.

CRASH!

Evil Sasuke got up and he saw Anna ready for a fight.

Anna: You are a monster Sasuke.

Evil Sasuke: This was not your fight you fucking bitch!

Anna: It is now you fucked up loser! I'm not going to bring you back to the village. I'm going to kill you where you stand.

Atomic Skull then appeared.

Atomic Skull: I'm gonna face you too.

Evil Sasuke: Stay out of my way, loser!

Atomic Skull: (glares at him): I'm so tempted to fry you right now.

Anna: He always has that kind of attitude.

Maggie: Now it's on.

Maggie, Charmcaster and Huntsgirl went to face him.

## Battle 3: Atomic Skull

Maggie, Charmcaster and Huntsgirl were facing Atomic Skull.

Atomic Skull: I have new Pokemon to show you.

He called out his Magcargo and a Mega Magcargo.

Maggie: A Magcargo and Mega Magcargo.

Charmcaster: Good selection on you.

Atomic Skull: Why thank you.

Huntsgirl: Lets dance.

They went at Atomic Skull and Maggie and Charmcaster fired waves of magic and black fire and the blasts hit Atomic Skull and knocked him around and Huntsgirl blasted the Magcargo and Mega Magcargo with water and cooled them down and they were knocked out.

Maggie: Yeah!

## Battle 4: Evil Sasuke

Anna was facing the evil Sasuke.

Anna: You are a worthless monster Sasuke. Why Itachi left you alive is completely beyond me. He should've just killed you like the rest of them and spared your mother.

Evil Sasuke: (ENRAGED) SHUT YOUR FUCKING TRAP!

Anna: Make me.

Anna then flared up her red aura and unleashed her full power.

A massive vortex of lava and fire exploded out of the lake and blew all the water away and exploded high into the sky and it formed into a massive lava mermaid. She sang divinely and a massive earthquake shook much of the entire planet violently and everyone was feeling the massive amount of Anna's incredible power! Lightning struck everywhere from storm clouds that built overhead, fire tornadoes and lava rained down and fireballs hit all over the place. Volcanoes exploded all over the world and they shook much of the planet. The lava vortex faded and standing in a ring of fire was Anna and she was forever changed. She had hair as red as blood, a beret in the shape of a volcano, she had volcanoes exploding in her sclera as her eyes were glowing orange, she had tribal Hawaiian marks on her face and a volcano was emblazoned in the middle of her forehead and she had a black shirt with volcanoes and lightning on it and she had black track pants with lava, volcanoes, lightning and fire on them. She also had red tennis shoes and she had a sleeveless trench coat with erupting volcanoes, fire, lightning and lava on it and she had the kanji for Anna Knudson, Volcanic Champion of Pele and Inferno of the Interior of The Earth on it.

アンナ・クヌードソン、ペレの火山チャンピオン、地球内部のインフェルノ

She had angel wings made of pure lava and she had a sword with a blade made of pure lava. Her red aura was surging with fire, lightning and lava and the heat she had coming from it evaporated all the water in the lake of the valley. She was now a SUPER ANGEL 1,000,000 VOLCANIC DRAGON ERUPTION!

The incredible power she had was mind-boggling!

Maggie: WHOA! Look at Anna!

Charmcaster: Unbelievable!

Huntsgirl: What power!

Evil Sasuke saw this and he was enraged and infuriated!

Anna: (Divine Fiery Voice) **You have fucked around with this volcano for far too long Sasuke. Now you will pay for your crimes just like your clan did.**

Anna flew at the evil Sasuke with unbelievable speed and punched him in the face with devastating power and sent him crashing into the cliff again and he was holding his face in excruciating agony. When he moved his hands, his face had a nasty deep red burn mark in the shape of a fist and it hurt like hell. Evil Sasuke got up and Anna kicked him in the stomach and he screamed in pain as his stomach was being burned.

Sasuke backed away gasping in pain and he saw that he had a nasty black burn mark on his stomach and it was hurting like hell.

Maggie: Whoa! Her punches and kicks burn on contact!

Charmcaster: That is lethal!

Panda King: Incredible.

Ramjet: Yeah.

Evil Sasuke was enraged and then he fired a massive Fireball Jutsu at Anna as she was walking towards him. She absorbed all the fire from the blast like it was nothing. As she was walking on the water as it was pouring in to refill the lake, steam was seen coming out of her feet. Her feet were searing hot and inextinguishable!

Evil Sasuke fired more waves of fire and all they did to Anna was make her stronger.

He then charged up a Chidori and went at Anna.

Evil Sasuke then was about to stab her but she then grabbed his hand. Then he screamed in excruciating pain as her heat was burning his hand off!

Maggie: OOH! Man that's gonna hurt!

Charmcaster: YIKES!

Huntsgirl: Yeah!

But then Anna ripped Evil Sasuke's hand clean off and it bursted into flames.

His hand was gone and he was even more infuriated.

Anna: **Is that all you got? If so then it's really pathetic.**

Anna then punched the Evil Sasuke in the chest and then her fist went all the way through his chest and out through the back with a sickening squelch.

Maggie: EW!

Ramjet: WHOA! What power!

Charmcaster: Her fist went through his black heart.

But then as she pulled out her fist, the Evil Sasuke bursted into flames and he was screaming in excruciating pain at a tremendous level.

Ramjet: Time to finish him.

Panda King: With pleasure.

Ramjet used the Earth Cyber Planet Key and Panda King used the

Animatron Cyber Planet Key and they enhanced Ramjet's cluster missiles and Panda King's Flame Fu 100-fold.

Ramjet and Panda King: FIREWORKS STYLE NINJA ART: FLAMING DAZZLE RASENSHURIKEN BOMB!

Panda King formed a fire Rasenshuriken and Ramjet fired his Cluster Missiles and they merged with the Fiery Rasenshuriken and enhanced it and the Rasenshuriken slammed into Evil Sasuke and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Sasuke was completely obliterated in an instant and there was nothing left of him.

Anna: Guess you couldn't handle the heat.

Anna powered down.

Anna: Enjoy the fire of hell.

They left the simulator and everyone cheered wildly.

Nico: You guys were awesome!

Lynn: Wow! Anna that was an amazing transformation.

Anna: Thanks Lynn. It's my most powerful transformation and it makes me too hot to handle.

Lana: Wow!

Lola: That's amazing!

Anna: Next up is our third fight and we're gonna face Xemnas.

Laney: Cool!

Aqua: This is gonna be good.

Linka: It sure is.

Devack: I'll help Xemnas.

Dante: And me, Lasher and Phage can face you Devack.

Devack: Cool.

Anna: And William, Aqua, and Lincoln can go with me.

Aqua: Awesome.

Anna: Lets go.

They went into the Simulator and it activated and they were in the lair of Organization XIII, the World That Never Was and they saw the leader of Organization XIII: XEMNAS!

---

Xemnas, also known as the Superior of the In-Between, is the Nobody of Terra-Xehanort and a prominent antagonist of the Kingdom Hearts franchise. He first appeared as a secret boss in Kingdom Hearts Final Mix before making his official debut as the main antagonist of Kingdom Hearts II. Since then, he reappeared as the overarching antagonist in Kingdom Hearts 358/2 Days and Chain of Memories, one of the main antagonists in Kingdom Hearts: Dream Drop Distance (along with Ansem, Seeker of Darkness and Young Xehanort) as well as one of the secondary antagonists in Kingdom Hearts III.

He is Rank I in the original Organization XIII and the commander of the strongest breed of Nobodies, the Sorcerers. He also wields twin Ethereal Blades and the power of nothingness.

He is voiced by Paul St. Peter (who also voiced Kurama from Naruto) in the English version, and Norio Wakamoto in the Japanese version.

Ansem the Wise started to research the Heartless with an apprentice named Xehanort, who is actually the body of Terra converted into an amnesiac vessel by Master Xehanort. When Ansem decided to stop his research, spurred by the memories of his previous incarnation, Xehanort continued the research with the aid of Braig, Master Xehanort's accomplice, to find a way to manipulate the mind through the heart. While working on this project, using his No Name Keyblade on Braig and the other apprentices they duped into helping them, Xehanort intentionally separated his heart and body: Creating the Heartless that calls himself "Ansem" and the Nobody Xemnas.

Xemnas, as one of the rare and strong Nobodies that could think and function like a human, made a plan set up by his previous incarnation. With the aid of Xigbar, the Nobody of Master Xehanort's accomplice Braig, Xemnas gathered the special case Nobodies of the residents of Radiant Garden to join him and Xigbar as the first eight members of Organization XIII: Xaldin, Vexen, Lexaeus, Zexion, Saïx and Axel. From there, his forces recruited Demyx, Luxord, Marluxia, and Larxene while he personally recruits Roxas as their final member. A few days after finding Roxas, Xemnas battled Sora at Hollow Bastion and used some of the memories he took to have a replica of him created. That replica, Xion, was made an unofficial member of the Organization as both she and Roxas were used to gather hearts to provide Xemnas with his personal Kingdom Hearts.

However, with only Xigbar knowing the truth, Xemnas's goal is to collect 11 "empty vessels" to hold a piece of Master Xehanort's heart, which would be achieved by connecting them to Kingdom Hearts. But the plan fell apart when all the members deployed to Castle Oblivion were defeated with the defection of Xion, Roxas and Axel half a year later. Regardless, Xemnas continued with the plan as he encouraged Sora to kill as many Heartless as possible before Ansem's interference severely crippled Xemnas's plans. In the end, Xemnas fused with his Kingdom Hearts and battled Sora and company in a fierce battle, but Xemnas ultimately perished.

Due to Young Xehanort's time-traveling, Xemnas comes back as a member of the True Organization XIII. He taunts Sora with knowledge of his heart and the idea of Nobodies having hearts, ultimately revealing the true goals of the Organization. After fighting and being defeated by Sora, Xemnas leaves Young Xehanort to take Sora in. Back in the real world, Xemnas watches as Master Xehanort revives, but is forced to leave when Lea arrives.

Xemnas returns in Kingdom Hearts III as one of the higher ranking members of the Real Organization XIII. He first appears in Twilight Town with Ansem, toying with Sora about his efforts to bring back Roxas, coercing him to give in to the darkness. Both Xemnas and Ansem are later warned by Xigbar not to get too carried away in toying with Sora as he had defeated them several times in the past. Xemnas also debriefs Demyx, Luxord, Marluxia, and Larxene, all members from the previous Organization, as he reveals to them why he chose them to return; their connection to the Keyblade legacy. Xemnas appears with the Real Organization XIII during the Second Keyblade War, first with Saix and Xion. But when Xion defects a second time, Xemnas prepares to strike her and Axel down for their treachery (especially Axel given his role in the previous Organization for eliminating traitors) until Roxas arrives in the nick of time. Angered, Xemnas kidnaps Kairi and brings her to Master Xehanort. Sora, Riku, and Mickey confront Xemnas, Ansem, and Young Xehanort after defeating the other members. Once Xemnas is defeated, he has his first real feeling in years; loneliness. He states he took the previous Organization for granted and that having a heart is nothing but pain. When Sora says that's part of being human, Xemnas concedes that it must take incredible strength before fading away for good.

---

Aqua: So we meet again Xemnas.

Xemnas: So we do Aqua. I thought you were dead.

Aqua: I've been brought back thanks to some friends.

Anna: It's over for you Xemnas. Your reign of terror is over.

He then activated his Ethereal Blades.

William: Always wanted to fight you and your lightsabers.

Xemnas: They're called Ethereal Blades.

Lasher: They're lightsabers. We pretty much discussed it.

Anna: Yeah.

Devack appeared.

Devack: Shall we dance?

Dante: Lets.

They went at them.

---

Battle 5: Devack

---

Dante, Phage and Lasher were facing Devack.

Dante: Time for some Yellow fire.

Devack called out his Pokemon and he had a Simisage, Simipour and a Simisear.

Phage: Simisage, Simipour and Simisear, good choices for you.

Devack: Thank you.

Lasher: Lets do it.

They went at him and punched and kicked him around and smashed him all over the place and knocked him around.

Devack: Good victory.

---

Battle 6: Xemnas

---

Lincoln, Aqua and Anna were facing Xemnas.

Anna then transformed and went at full power.

Anna: (Divine Fiery Voice) **Time for some full power volcanic**

**heat.**

Xemnas went at Anna with his swords ready and he slashed and blasted Anna all over the place with incredible fury and power and Anna was dodging all his attacks like they were nothing. She then punched him in the face with incredible power and sent him crashing into the wall of the lair and Lincoln and Aqua slashed and blasted him all over with energy and lightning and smashed him all over the place with incredible fury. Qwun came and smashed him all over the place.

Anna was walking towards Xemnas and her footprints left behind glowing white hot burning holes in the floor.

Xemnas got up and charged at Anna and slashed at her. But her aura was blocking his strikes like they were nothing.

Anna: **Nice try.**

Anna then blasted him with a massive wave of volcanic energy and obliterated him in an instant.

Anna powered down.

Anna: Good riddance.

Aqua: Yep.

Devack: Good fight.

They left and everyone cheered.

Anna: Good fight though. We have time for 2 extra fights.

Eccentro: And I'll go next.

Anna: All right.

Linka: And me, Batch and Luxord can face him.

Anna: Lets head for Mon World then.

They all went to Mon World and they were in the Fire Realm.

Laney: The Fire Realm. Awesome.

Shanan: It sure is.

Eccentro: Lets get it on shall we?

Luxord: With pleasure.

Eccentro: I wonder which would win. Duel Monsters? Or my monsters?

Linka: Lets find out. I summon THE AGENT OF CREATION - VENUS!

Luxord: I summon DARK RED ENCHANTER and DIVINE GRACE - NORTHWEMKO!

Batch: I've always wanted to try this. I summon MEDUSA WORM, MEGAROCK DRAGON and FIVE-HEADED DRAGON!

They summoned said monsters.

?: Impressive selection.

A figure came out and it was KYAMERAN!

Shanan: Kyameran!

Kyameran: It has been a while Shanan.

Shanan: It sure has. You Filmmongers are very surprising I'll give you that.

Qin: What is a Filmmonger?

Shanan: Filmmongers come from the planet Camera VII located 92,000 Light-years away from Earth at the edge of the Galaxy. It was a city planet that was completely one with nature and they always take photos of the magnificent landscape. But centuries ago under mysterious circumstances an asteroid crashed into the planet and completely destroyed it.

Kyameran: That's right and you did free my good self from her evil and got a new home for her.

Shanan: Nice to know I've made an impression.

Kyameran: I'm gonna take the last photo of you before you die!

Troy: Not gonna happen.

Megaforce Rangers: Legendary Ranger Mode: Operation Overdrive!

The Megaforce Rangers turned into the Operation Overdrive Rangers.

Anna: Lets dance.

They went at them.

## Battle 7: Kyameran

Shanan and the Megaforce Rangers were facing Kyameran.

Shanan: You will never take anymore pictures.

Shanan and the Megaforce Rangers blasted Kyameran all over the place and destroyed her and reduced her to dust.

Shanan: Kyameran, you have failed our universe.

## Battle 8: Eccentro

Batch, Linka and Luxord and their duel monsters were facing Eccentro. He had a Behemoth under his control and they were ready to fight.

Linka: Lets dance!

Linka fired a wave of lightning and electrocuted the Behemoth and Luxord fired a time ray and Batch fired a blast of fire. The Duel Monsters they summoned fired waves of magic and rock and smashed the Behemoth all over.

Mack Hartford: Lets do it Devon!

Devon Daniels: Yeah!

Beast Morphers and Operation Overdrive Rangers: JUNGLE OVERDRIVE PRIMAL BLAST!

They fired waves of energy and they formed into animals and machines and they slammed into the Behemoth and Eccentro and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lori: Lets do some magic!

Deja Vu: Yeah!

Loud Kids and the Magic Skylanders: ELEMENTAL MAGIC MEGABLAST!

The Loud Kids and the Magic Skylanders fired waves of elemental power and magic blasts.

Anna: Final Smash Power!

Anna, Lynn, Girl Jordan, Lily, and Lincoln: VOLCANIC MEGABLAST SURPRISE!

They fired waves of water, lava and lightning and the blasts all slammed into the Behemoth and exploded with incredible power!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked him and the Behemoth out.

Linka: Yeah!

They won and went back to Earth.

Anna: Awesome job. We have time for one more battle.

?: And that battle will be with me.

They turned and they saw BANDIT KEITH!

---

"Bandit" Keith Howard is a minor antagonist in Yu-Gi-Oh!. He is the former American Champion. He is a cheating and aggressive duelist who plays a Machine-themed deck.

He was voiced by Hajime Komada in the Japanese dub, and then Ted Lewis in the English dub.

Bandit Keith was the American champion, but lost a duel to a boy that was chosen by Pegasus J. Crawford, who read his mind, and has been seeking revenge on him since then for humiliating him. He and his henchmen, Ghost Kotsuzuka, Satake, and Takaido entered Pegasus' tournament Duelist Kingdom, and took Katsuya Jonouchi into a duel arena in a cave, where Kotsuzuka dueled Jonouchi while Keith was giving him instructions. Jonouchi won, so Keith beat up Kotsuzuka, Takaido and Satake, stealing their Star Chips so that he had ten and could enter Pegasus' castle for the finals.

In the semifinals, Keith dueled Jonouchi, whom he picked on almost as bad as Seto Kaiba did, but he did not have either of the two entry cards, so he stole Jonouchi's card. He was shocked when Jonouchi turned up with a card (given to him by Mai Kujaku, who had lost the previous duel to Yugi), and cheated during his duel with Jonouchi by keeping cards to power up his Slot Machine AM-7 beneath his wristband, but in spite of this, Jonouchi won. He tried to disqualify Jonouchi by saying that the entry card he used was not his, but his knowledge of this revealed that he stole Jonouchi's card, with Pegasus also pointing out his cheating in the duel, and ordered Keith taken away. Keith broke free, drew a pistol (removed in the 4Kids dub), and demanded that Pegasus give him the of the tournament prize money. Pegasus was not fazed and hit a switch that opened a trap door, ejecting Keith from the island and sending him plummeting into the ocean.

Bandit Keith was later found by Marik Ishtar and his Rare Hunters, and Marik controlled him using his Millennium Rod. While posing as a fortuneteller, the possessed Keith took Yugi's Millennium Puzzle and dueled Yugi over it. He was released from Marik's control by Yami Bakura, and as Marik attempted to regain control, Keith attempted to fight him off, causing a fire in the warehouse in which they were dueling. Keith escaped the fire when Jonouchi and Hiroto Honda opened the doors (and were disgusted to find out that they rescued Bandit Keith).

Keith was never seen following his time as Marik's mind slave, except as a lost soul in Season 4, Waking the Dragons, as a lost soul alongside those of the Player Killer of Darkness, the Rare Hunter, the Meikyu Brothers, Pandora the Conjurer, and Yami Marik, however, as most of them (aside from the Player Killer of Darkness, the Rare Hunter, and Yami Marik) were neither dead, in the Shadow Realm, nor taken by the Orichalcos, it is likely that this was just an illusion. It is possible, however, Keith was sent to Hell by Marik after he had failed him.

Bandit Keith appeared as a minor villain in Yu-Gi-Oh! Falsebound Kingdom. He appears only in the Kaiba Campaign and you must battle him twice. Kaiba and Mokuba fight him first in the second level "Bandits". He appears along with Ghost Kotsuzuka who are wanted for robbery by the Emperor. Once they are defeated, Keith escapes and Kotsuzuka is left for dead but Mokuba lets him live and he becomes a permanent member of Kaiba's party for the remainder of the game.

Later, when Scott Irvine captures Mokuba, Kaiba did not know who took him and learned that Bandit Keith held onto him for awhile. You fight him again in "Bandits, Again" but he has three of Scott's soldiers with him. Once they are all defeated, Keith tells Kaiba that he gave Mokuba to Scott. It is unknown if this was the real Keith or a hologram created for the game. Since his deck consisted of machine monsters in the anime, he used machines in the game. The first match, he used Machine Sergeant, Commander and Cannon Dharma. The second time he uses Revolver Dragon, Slot Machine AM-7 and TM-1 Launcher Spider, which all three will join Kaiba's deck when Keith is defeated.

Yugi: Bandit Keith!

Joey Wheeler: Not this cheater again!

Tea: Uh oh.

Anna: I had a feeling we would one day be facing you.

Bandit Keith: And now I will get my revenge on you Yugi!

Tea: Not if I can help it!

Eccentro: Me neither!

Akiza: I'll face this jerk too.

Linka: Lets get him!

Lincoln: Yeah!

They went at Bandit Keith and punched him in the face and Bandit Keith fought back and punched at Tea and she dodged it and punched him in the face and Yugi kicked him in the face and Joey punched him in the face and Tristan kicked him in the mouth and knocked him out!

Eccentro took his deck and made it his own.

Eccentro: These will be useful for next time.

Bandit Keith was arrested.

Anna: Now for some fun. We're gonna go to the Neptune Prison and do a humiliation fest on Billy McLean.

Vypra: Awesome!

They went to the Neptune Prison.

In the Neptune Prison, they were going to dish out some humiliation on Billy McLean.

Anna: It's pain and torture time.

Anna put a bear trap on his leg and he screamed in pain and Vypra smashed him in his crotch with a sledgehammer and it really hurt like the dickens.

Laney splashed his face with acid and burned him and Nico punched him in the stomach and farted in his face. He threw up all over the place with incredible force.

Lincoln fired waves of lightning at him and made him convulse.

They did it all.

Next they went to the Jupiter Prison for another Rant Fest on Icky Vicky. The Masters of Evil saw her for the first time.

Vypra: So she is Icky Vicky.

Anna: Yep. The most hated girl in the world.

Laney: And we killed all her friends.

Vypra: Wow. I'll try this out.

Vypra walked up to her.

Vypra: (Takes a deep breath) YOU ARE A FUCKING LUNATIC WITH A HEART MADE OF FUCKING COAL! YOU WOULD RATHER PISS ON PEOPLES GRAVES THAN HELP PEOPLE AND YOU MAKE ME FUCKING SICK!

Everyone cheered!

Manboy: Way to go!

Nico: Not bad for your first time Vypra.

Anna: I'll say.

Dark Spicer: My turn.

Dark Spicer went up to her.

Dark Spicer: YOU HAVE A FUCKING BRAIN AS BIG AS A SOYNUT! I WILL KILL YOU IF YOU HURT ANYONE ELSE! In fact…

He turned into Furi again.

Furi: LEMME TELL YA SOMETHIN ICKY VICTORIA! YOU ARE THE WORST MONSTER EVER TO WALK THIS UNIVERSE AND YOU SHOULD DIE RIGHT NOW!

Everyone cheered.

Anna: Nice one Dark!

Vypra: Yeah!

---

Later at the estate, it was time for songs.

May: This is gonna be awesome.

Manaphy: Mama, can me and Poromon sing a song as well?

May: Sure Manaphy.

Horsea: Me and Poliwag would like to sing one too!

Lynn: Well, I don't see why not.

Natilee, Vince and Carol came in.

Natilee: Can we listen too?

Anna: Sure sis.

Vince: Awesome.

May: My song is gonna be be He Moved Through the Fair by Sinéad O'Connor.

Natilee: Awesome song choice. That's one of my favorites.

The song began and it turned the room into the beautiful lands of Ireland.

May: (Singing Divinely)

My own love said to me, "My mother won't mind

And my father won't slight you for your lack of kind"

He went away from me and this he did say

"It will not be long, love, till our wedding day"

He went away from me and he moved through the fair

And slowly I watched him, move here and move there

He went his way homeward with one star awake

As the swan in the evening moves over the lake

I dreamed last night that my own love came in

He came in so sweetly his feet made no din

He stepped up beside me and this he did say

"It will not be long, love, till our wedding day"

They saw the beautiful lands and more. When it was done they cheered wildly.

Vypra: Wow. May you have a magnificent voice.

May: Thank you.

Nico: That was so beautiful.

Anna: It sure was.

Sarah: My turn. My song is Ready for the Storm by Deanta.

Natilee: That's a great song. It's about what happens during the times of a dangerous and violent sea storm.

Sarah: Yep. Here goes.

The song began and it turned into a powerful and violent storm.

Sarah: (Singing Divinely)

The waves crash in and the tide pulls out

It's an angry sea but there is no doubt

That the lighthouse will keep shining in the night

To warn the lonely sailor

The lightning strikes and the wind cuts cold

Through the sailor's bones, to the sailor's soul

'Till there's nothing left that he can hold

Except the roaring ocean

But I am ready for the storm, yes oh ready I'm

I'm ready for the storm, I'm ready for the storm

Give me mercy for my dreams, 'cause every confrontaion

Seems to tell me what it really means to be a lonely sailor

But when the sky begins to clear and the sun it melts away my fear

I cry a silent, weary tear at those that mean to love me

And I am ready for the storm, yes oh ready I'm

I'm ready for the storm, I'm ready for the storm

Distance it is no real friend, and time will take its time

And you will find that in the end it brings you near a lonely sailor

But when you take me by your side, you love me warm, you love me

And I should've realized I had no reason to be frightened

And I am ready for the storm, yes oh ready I'm

I'm ready for the storm, I'm ready for the storm (x2)

They saw lightning, rain, tornadoes and more and it was powerful.

They cheered wildly when the song was done.

Koragg: Amazing performance!

Tom Majors: That was beautiful Sarah!

Misty: It sure was.

Carly: Can I do one too?

Anna: Sure Carly.

Carly: I'm gonna do Rain by Madonna.

Anna: Ooh that's one of my favorites.

Carly: Here we go.

The song began and it was raining all over. They saw Carly standing on the top of a mountain with her wings spread as lightning was striking all over.

Carly: (Singing Divinely)

I feel it

It's coming

Rain

Feel it on my finger tips, hear it on my window pane

Your love's coming down like

Rain

Wash away my sorrow, take away my pain

Your love's coming down like

Rain

When your lips are burning mine

And you take the time to tell me how you feel

When you listen to my words

And I know you've heard, I know it's real

Rain is what this thunder brings

For the first time I can hear my heart sing

Call me a fool but I know I'm not

I'm gonna stand out here on the mountain top

Till I feel your

Rain

Feel it on my finger tips, hear it on my window pane

Your love's coming down like

Rain

Wash away my sorrow, take away my pain

Your love's coming down like

Rain

When you looked into my eyes, and you said goodbye

Could you see my tears
When I turned the other way
Did you hear me say
I'd wait for all the dark clouds bursting in a perfect sky
You promised me when you said goodbye
That you'd return when the storm was done
And now I'll wait for the light, I'll wait for the sun
Till I feel your
Rain
Feel it on my finger tips, hear it on my window pane
Your love's coming down like
Rain
Wash away my sorrow, take away my pain
Your love's coming down like
Here comes the sun, here comes the sun
And I say never go away
Waiting is the hardest thing
I tell myself that if I believe in you
In the dream of you
With all my heart and all my soul
That by sheer force of will
I will raise you from the ground

And without a sound you'll appear

And surrender to me

To love

Rain is what the thunder brings

For the first time I can hear my heart sing

Call me a fool but I know I'm not

I'm gonna stand out here on the mountain top

Till I feel your

Rain

I feel it

It's coming

Your love's coming down like

Rain

I feel it

It's coming

Your love's coming down like

Rain

Feel it on my finger tips, hear it on my window pane

Your love's coming down like

Rain

Wash away my sorrow, take away my pain

Your love's coming down like

Rain

I feel it

It's coming

Your love's coming down like

Rain

I feel it

It's coming

Your love's coming down like

Rain

I'll stand out on the mountain top

Until I hear you call

My name

Rain

A rainbow signaled the end of the song and they cheered wildly.

Jack Atlas: Awesome job Carly.

Faye: Yay Mommy!

Anna: You have a great voice on you.

Carly: Thanks.

Yumi: Now it's my turn. I am going to sing Sleeping Sun by Nightwish.

Natilee: Awesome song. That's about the 1999 Total Solar Eclipse.

Lori: Awesome.

The song played and they were in a meadow with the sun looking down.

Yumi: (Singing Divinely)

The sun is sleeping quietly

Once upon a century

Wistful oceans calm and red

Ardent caresses laid to rest

For my dreams I hold my life

For wishes I behold my night

The truth at the end of time

Losing faith makes a crime

I wish for this night-time

To last for a lifetime

The darkness around me

Shores of a solar sea

Oh how I wish to go down with the sun

Sleeping

Weeping

With you

Sorrow has a human heart

From my god it will depart

I'd sail before a thousand moons

Never finding where to go

Two hundred twenty-two days of light

Will be desired by a night

A moment for the poet's play

Until there's nothing left to say

I wish for this night-time

To last for a lifetime

The darkness around me

Shores of a solar sea

Oh how I wish to go down with the sun

Sleeping

Weeping

With you

I wish for this night-time

To last for a lifetime

The darkness around me

Shores of a solar sea

Oh how I wish to go down with the sun

Sleeping

Weeping

With you

They saw the Sun being eclipsed by the Moon and it was a beautiful sight.

The song ended and they cheered wildly.

Aelita: Awesome job Yumi!

William: Well done.

Yumi: Thanks guys.

Carol: I have a good song. I'm going to sing Arabian Nights by Sarah Brightman.

Vince: I love that song!

Laney: Me too.

Riley: Good choice.

The song began and they were in the Sahara Desert in Africa.

Carol: (Singing Divinely)

Don't you forget the echoes of time

Won't you regret the losing of minds

In my dreams I'm searching

Across the desert sands for you

Scimitar moon is guiding me close to your side

Voyage, voyage

Voyage, voyage

Wilderness to wilderness

I traveled from afar

On the soft wind of the Nadq

Came fragrance of Araar

Splendor of a thousand suns shone glory in my path

No love more pure and rage more fierce

Could still my beating heart

Voyage, voyage

Voyage, voyage

So

Should I return to trace the shadows of my chases

My steps will echo there from sand to stone

I will never let my eyelids close on empty spaces

My dreams will fill the void with tales unknown

Know the mighty infinite obscures the far horizon

The whispered road I take will never bend

Alone

And will the wind return my story to its promise

Or will my story chase me to my end

Aye Hawa, Mere Dilbar

Ko Mere Pyar kay Geet Sunana.

Tu hay meri Manzil

Aur pyar mera musafir, Musafir…

Meri reshmi Zulfain

Meri meri reshmi zulfain

Teri Zanjeerain

Hamesha

Meri reshmi Zulfain

Meri meri reshmi zulfain

Teri Zanjeerain

Hamesha

Melodies unspoken

Flowing from the lotus of my heart

Ending where we start

Promises unbroken

Promising a never-ending fire

Of love beyond desire

Ending where we start

Sul mare luccica l'astro d'argento.

Placida è l'onda, prospero è il vento.

Sul mare luccica l'astro d'argento.

Placida è l'onda, prospero è il vento.

Venite all'agile barchetta mia,

Santa Lucia! Santa Lucia!

Venite all'agile barchetta mia,

Santa Lucia! Santa Lucia!

Con questo zeffiro, così soave,

Oh, com'è bello star sulla nave!

Con questo zeffiro, così soave,

Oh, com'è bello star sulla nave!

Su passeggeri, venite via!

Santa Lucia! Santa Lucia!

Su passeggeri, venite via!

Santa Lucia! Santa Lucia!

In fra le tende, bandir la cena

In una sera così serena,

In fra le tende, bandir la cena

In una sera così serena,

Chi non dimanda, chi non desia.

Santa Lucia! Santa Lucia!

Chi non dimanda, chi non desia.

Santa Lucia! Santa Lucia!

Mare sì placida, vento sì caro,

Scordar fa i triboli al marinaro,

Mare sì placido, vento sì caro,

Scordar fa i triboli al marinaro,

E va gridando con allegria,

Santa Lucia! Santa Lucia!

E va gridando con allegria,

Santa Lucia! Santa Lucia!

O dolce Napoli, o suol beato,

Ove sorridere volle il creato,

O dolce Napoli, o suol beato,

Ove sorridere volle il creato,

Tu sei l'impero dell'armonia,

Santa Lucia! Santa Lucia!

Tu sei l'impero dell'armonia,

Santa Lucia! Santa Lucia!

Or che tardate? Bella è la sera.

Spira un'auretta fresca e leggera.

Or che tardate? Bella è la sera.

Jen: I have a song. I'm going to sing The Red Baron by Sabaton.

Carol: Ooh! That's about the famous Manfred Albrecht Freiherr von Richthofen, the Red Baron. The most fearsome pilot that terrorized the skies during World War I.

Jen: Yep.

The song sang and they saw the famous dogfights of World War I and they saw The Red Baron!

Jen: (Singing Divinely)

Man and machine and nothing there in between
A flying circus and a man from Prussia
The sky and a plane, this man commands his domain
The western front and all the way to Russia
Death from above, you're under fire
Stained red as blood, he's roaming higher
Born a soldier from the horseback to the skies
That's where the legend will arise
And he's flying
Higher, the king of the sky
He's flying too fast and he's flying too high
Higher, an eye for an eye
The legend will never die
First to the scene he is a lethal machine
It's bloody April and the tide is turning
Fire at will it is the thrill of the kill
Four in a day shot down with engines burning
Embrace the fame, red squadron leader
Call out his name, Rote Kampfflieger
In the game to win, a gambler rolls the dice
Eighty allies paid the price
And he's flying

Higher, the king of the sky

He's flying too fast and he's flying too high

Higher, an eye for an eye

The legend will never die

Higher

Higher, the king of the sky

He's flying too fast, again, he's flying too high

He's flying higher, an eye for an eye

The legend will never die

Higher

Born a soldier from the horseback to the skies

And the legend never dies

And he's flying

And he's flying

And he's flying

Higher, the king of the sky

He's flying too fast and he's flying too high

Higher, an eye for an eye

The legend will never die

Higher, the king of the sky

He's flying too fast and he's flying too high

Higher, an eye for an eye

The legend will never die

They saw the Red Baron shoot down many planes until he was shot down. The song was awesome and when it was done they cheered wildly.

Vypra: Awesome job!

Hunter: (German Accent) Wunderbar! Awesome job!

Jen: Thanks guys.

Dana: I have a song. It's for Axel. I'm going to sing Federkleid by Faun.

Axel Adell: (Swedish Accent) Good choice. That's one of Hunters favorites.

Hunter: I'm honored that you would sing that. Danke.

Dana: Bitte.

The song began and it showed the beautiful Bavarian lands of Germany.

Dana: (Singing Divinely in German)

Über die Heide, im ersten morgendlichen Schein

Ziehen die Vögel, wo mögen sie wohl morgen sein

Ich folge dem Rauschen der Schwingen in das stille Moor

Uralte Lieder dringen aus den Nebeln vor

Komm und fliege mit uns fort

Lass den Wind dich tragen

Weit fort von diesem Ort

Komm und flieg so hoch du kannst

Lass uns die Himmel jagen

Im Tanz

Nebel wie Seide streifen meine Haut so kühl

Weiter und weiter, wo find ich meiner Sehnsucht Ziel

Ich schließe die Augen und mir sprießt ein Federkleid

Schon spür ich den Wind und mache meine Flügel weit

Komm und fliege mit uns fort

Lass den Wind dich tragen

Weit fort von diesem Ort

Komm und flieg so hoch du kannst

Lass uns die Himmel jagen

Im Tanz

Die Himmel in dir, wie kann ich sie wissen, kann sie sehen

Wir tanzen im Fluge wie Sterne, die ihrer Wege ziehen

Komm und fliege mit uns fort

Lass den Wind dich tragen

Weit fort von diesem Ort

Komm und flieg so hoch du kannst

Lass uns die Himmel jagen

Im Tanz

A destiny untouched and safe hide away for you.

It's in your hand you can control,

about this place in time (Elysium) away to pride and dignity,

Elysium define.

Elysium, Elysium

Inside your heart,

Stella (Loud House): (Singing Divinely)

And how I've loved

And I have served

And I have sinned

But I have learned

As long as you are true to the life that you live

This is the time to feel love

I feel a stirring deep within

Slowly picking up momentum

Like the tide coming into shore

Over and under in it's course

This feeling emblazed inside

Every nerve like a firefly

Hovering above me

Glow glow glowing divine

Every nerve like a firefly

Every nerve like firefly

This feeling emblazed inside

Every nerve like a firefly

I never want to loose

What I have finally found

There's a requiem

A new congregation

And it's telling me go forward

And walk under a brighter sky

Every nerve glowing like a firefly

It was so beautiful and more. When the song was done, they cheered.

Vypra: That was awesome!

They saw the beautiful creatures of the world and more. When it was done they cheered wildly.

Donna: Awesome job Leslie!

Lana: Yeah!

Donna: My turn. I'm going to sing Phantom of The Opera by Sarah Brightman and Steve Harley.

Lana: OOH!

Lucy: That's one of my favorites.

Anna: Mine too.

Donna: Lincoln want to sing with me?

Lincoln: Sure.

The song began and they saw everything on fire!

Donna: (Singing Divinely)

In sleep he sang to me, in dreams he came

That voice which calls to me and speaks my name

And do I dream again, for now I find

The Phantom of the Opera is there, inside my mind

Lincoln: (Singing Divinely)

Sing once again with me our strange duet

My power over you grows stronger yet

And though you turn from me, to glance behind

The Phantom of the Opera is there, inside your mind

Donna:

Those who have seen your face draw back in fear

I am the mask you wear,

Lincoln:

it's me they hear

Lincoln and Donna:

My spirit and my voice in one combined

The Phantom of the Opera is there, inside my mind

Lincoln:

In all your fantasy, you always knew

That man and mystery

Donna:

were both in you

Lincoln and Donna:

And in this labyrinth where night is blind

The Phantom of the Opera is here, inside my mind

Lincoln:

Sing my angel of music

Donna:

He's there, the Phantom of the Opera

Lincoln:

Sing, sing, sing for me

Sing my angel of music

Sing for me

They saw the dancing and more and it was awesome. But in the end they saw the Chandelier fall and the singing Donna had turned into a bloodcurdling scream.

They cheered wildly.

Laney: That was awesome!

Lucy: Wicked.

Anna: Every time I hear that last part I get shivers down my spine.

Nico: Me too.

Vypra: That was really good though.

Lizzy: You and Lincoln did awesome Mom!

Donna: Thanks Lizzy.

Kari: I have a song. I'm going to sing Tchaikovsky's Hymn of the Cherubim.

Lincoln: Awesome choice!

The area turned into a beautiful church and Kari began singing.

Kari: (Singing Divinely)

She was singing as light was shining down on her and she spread wings of light and they were beautiful.

When the song was done they cheered wildly.

Nico: Wow! Way to go Kari!

Laney: That was beautiful!

Lola: It sure was.

Emma: Now it's my turn. I'm going to sing George of the Jungle by

Presidents of the United States.

Lana: That's a good one and it's really funny!

Laney: Here we go.

Laney was playing jungle drums! And the room turned into the Jungle and they saw George doing all kinds of silly things and smashing into trees.

Emma: (Singing Divinely)

George, George, George of the Jungle

Strong as he can be

Watch out for that tree

George, George, George of the Jungle

Lives a life that's free

Watch out for that tree

When he gets in a scrape

He makes his escape with

Help from his friends an

Ape named Ape

And his elephant shep can fetch a log

He's mans best friend he's George's dog

George, George, George of the Jungle

Strong as he can be

Watch out for that tree

George, George, George of the Jungle

Friend to you and me

Watch out for that tree

Hear him holler swing and sing

All the animals come to the jungle king

So grab a vine and swing in time

If you smack a tree just pay no mind

Like…

George, George, George of the Jungle (x13)

Swing from tree to tree

Watch out for that tree

George, George, George of the Jungle

Lives a life that's free

Watch out for that tree

Lost in the wild was a baby with a smile

Named George who stayed for quite a while

And George grew up in the trees above

When Ursula found him they found love

She took him to the city took him straight downtown

But the concrete bliss brought poor George down

So it's back to the jungle for a wedding in the green

For the king and queen of the animal scene

George, George, George of the Jungle

Strong as he can be

Watch out for that tree

WATCH OUT FOR THAT!…

*BANG! OOH! TREE!*

They saw George crashing into trees and more and it was really funny!

When it was done they laughed hysterically and cheered wildly.

Anna: That was awesome and funny!

Lana: George of the Jungle is so funny!

Laney: He sure is.

Vypra: That was really funny.

Gia: I have a song. I'm going to sing Dreams to Dream by Cathy Cavadini.

Laney: Ooh.

The song began and they found themselves in the stars of space.

Gia: (Singing divinely)

Dreams to dream

In the dark of the night

When the world goes wrong

I can still make it right

I can see so far in my dreams

I'll follow my dreams

Until they come true

Come with me

You will see what I mean

There's a world inside

No one else ever sees

You will go so far in my dreams

Somewhere in my dreams

Your dreams will come true

There is a star

Waiting to guide us

Shining inside us

When we close our eyes

Don't let go

If you stay close to me

In my dreams tonight

You will see what I see

Dreams to dream

As near as can be

Inside you and me

They always come true

Gia's singing was so angelic that they were crying tears of joy and the stars were flying around her and more.

When the song was done they were crying happily.

Anna: (Crying happily) Gia that was so beautiful!

Laney: (Crying) It was beautiful!

Nico: (Sniffles) So beautiful!

Gia: Thank you guys.

Carol: Wow.

Vypra had tears coming down her face and the acid from them was burning the floor.

Alexis: I have a song. It's Let it Go from 2013's Frozen.

Anna: I had a feeling you were gonna do that one. It's one of my favorites.

Lana: Mine too.

Lola: Same here.

The song played and it formed into the frozen castles of Arendelle.

Alexis: (Singing Divinely)

The snow glows white on the mountain tonight

Not a footprint to be seen

A kingdom of isolation

And it looks like I'm the queen

The wind is howling like this swirling storm inside

Couldn't keep it in, heaven knows I've tried

Don't let them in, don't let them see

Be the good girl you always have to be

Conceal, don't feel, don't let them know

Well, now they know

Let it go, let it go

Can't hold it back anymore

Let it go, let it go

Turn away and slam the door

I don't care what they're going to say

Let the storm rage on

The cold never bothered me anyway

Let it go, let it go

Can't hold it back anymore

Let it go, let it go

Turn away and slam the door

Let it go (go, go, go go, go go, go go, go, go, go go)

Let it go

Let it go

Let it go

It's funny how some distance makes everything seem small

And the fears that once controlled me can't get to me at all

It's time to see what I can do

To test the limits and break through

No right, no wrong, no rules for me

I'm free

Let it go, let it go

I am one with the wind and sky

Let it go, let it go

You'll never see me cry

Here I stand and here I stay

Let the storm rage on

My power flurries through the air into the ground

My soul is spiraling in frozen fractals all around

And one thought crystallizes like an icy blast

I'm never going back, the past is in the past

Let it go

The cold never bothered me anyway

Let it go, let it go

And I'll rise like the break of dawn

Let it go, let it go

That perfect girl is gone

Here I stand in the light of day

Let the storm rage on

The Cold Never bothered me Anyway.

They saw everything from the movie Frozen and it was awesome!

Anna: That was awesome!

Nico: Well done!

Aylene: Here's my song. Me and my friends are gonna sing Beyond the Mysterious Beyond.

Laney: Ooh!

Nico: Cool choice.

Manaphy: Can me and Poromon, Horsea and Poliwag sing too?

Aylene: Sure.

The song began and they were in the voids of space.

Aylene: (Singing Divinely)

Beyond the Mysterious Beyond

Out past the smallest light that's twinkling

You cannot even have an inkling

Of what is going on

Manaphy:

Beyond the Mysterious Beyond

Out where the darkness is the scariest

Out where the wonders are the rariest

Past the edge of dawn

Aylene:

There's so much more to everything

Than anyone supposes

Poliwag:

The answers lay inside your dreams

And underneath your noses

Cera:

Beyond this Mysterious Beyond

They act like they really think they know it all

But I won't believe it 'til they show it all

I trust what my eyes can see

Not some dumb beyond

Littlefoot:

Beyond the Mysterious Beyond

Think of the things that we could see there

Oh, how I wish that we could be there

All of my friends and me

Poromon and Horsea:

If stars can fall, and rocks can fly

And mountains catch on fire

We can set our sights beyond the sky

Aylene and group:

Or maybe even higher

Beyond

Aylene:

Beyond the Mysterious Beyond

All:

The Mysterious Beyond

Aylene:

Trust in your own imagination

Aylene and Manaphy:

You are a part of the creation

Of all that lies beyond

The Mysterious Beyond

All:

The Mysterious Beyond

Beyond

They saw the marvels of the universe and it was breathtaking.

When it was done they cheered wildly!

Anna: That was awesome!

Dark Spicer: Breathtaking!

Nico: It sure was.

Anna: That was an awesome song session. We have time for doing a quick humiliation fest on the Royal Defenders Lincoln.

Vypra: Awesome.

---

At the S.H.I.E.L.D. Maximum Security Prison Compound they were there to punish RD Lincoln. In his cell he chained to the wall and was full of hatred.

Anna: Well well well. If it isn't the disgraced Royal Defenders Leader.

RD Lincoln: YOU RUINED EVERYTHING FOR US! WE WERE PROTECTING OUR PLANET!

Linka: Bullshit!

Nico: You were causing nothing but oppression and tyranny. That's why we had to stop you. You are no hero. True heroism comes from protecting those that you care about and risking your own life to show how much you care.

Lincoln: That's right! With Great Power Comes a Great Responsibility.

Anna: We stopped you because you gave up your humanity and decided to enforce terror onto the universe.

RD Lincoln: If you're gonna kill me, just do it already. Death is better then being locked up here.

Anna: Now that would not be any fun. And another thing: After all the pain and suffering you have caused to so many people, we're going to befriend and recruit the people from the worlds you have enslaved with your evil.

Laney: We're going to smash your pride with pranks.

RD Lincoln: Resorting to humiliation? I guess you and I aren't so different after all.

Lincoln: We'll see about that.

Sarah Gunnerson: First this.

She drenched RD Lincoln with Pigs Blood and it smelled really horrible.

Lola: Yeah! Try this one!

She poured Hot Sauce into his mouth and it made him burst into flames.

Laney splattered stink bombs into his face and it smelled really bad!

Nico farted in his face at point blank range and RD Lincoln hurled his guts out all over the place.

Lincoln fired waves of lightning and electrocuted him all over the place.

Lisa Loud: I summon ANCIENT TOOL, GARNECIA ELEFANTIS, GATEKEEPER, LAUNCHER SPIDER, PENDULUM MACHINE, SWORD SLASHER, SLOT MACHINE, ZOA, BARREL DRAGON, METALZOA AND BLAST SPHERE!

She summoned said Monsters and they went at RD Lincoln and smashed and blasted him all over and burned him badly.

Shocker: Guys, say the world and I'll kill this jerk just like I killed Hobgoblin!

Anna: No, dad would want him to be kept around for humiliation purposes.

Anna's cell phone rang.

Anna: Hold on. (Answers) Hello?

Me: (On the phone) Hey Anna.

Anna: Oh hey Dad. We're over at the SHIELD prison humiliating RD Lincoln.

Me: Cool. That reminds me. Put me on Speaker, I want to talk to him.

Anna: Okay.

Anna put me on Speaker.

Anna: You're on.

Me: (Through the Speaker Phone) Hello Lincoln of the Royal Defenders.

RD Lincoln: I hate you!

My aura flared up through the phone.

Me: Wow! I didn't know my power can work like that over the phone. Anyway I wanted to tell you that in the future we're gonna recruit all the people you and the Royal Defenders enslaved with your evil.

Anna: I already told that to him dad.

Me: Oh sorry. But yeah that will happen.

RD Lincoln: GO FUCK YOURSELF!

Me: Up your fucking nose with a shit hose.

Lynn: NICE BURN!

Me: Thanks Lynn. But how are you guys doing?

Linka: Having a lot of fun.

Nico: We sure are man. Try to stay sane till tomorrow.

Me: I will. Have fun guys. And the Humiliations of RD Lincoln are gonna be a new thing.

Anna: Cool. Take care dad.

Anna hang up and her watch beeped.

Anna: Oh it's time for lunch.

Lincoln: I am getting hungry.

They went back to the estate.

---

At the table they were deciding on what to have for lunch.

Anna: What sounds good for Lunch?

Lincoln: How about Steak and Eggs?

Everyone agreed.

Anna: Good choice guys. Steak and Eggs it is.

Anna got to cooking and it was a protein packed meal. She made enough for everyone and it was awesome. They had huge 32 ounce steaks and lots of eggs: Scrambled and Fried. Jared had a salad. Same with Lisa Simpson.

French Narrator: (French Accent) 1 Hour Later.

The plates were licked clean and they were stuffed.

Lori: (Burps) Pardon me.

Laney: That was delicious.

Nico: Boy you said it.

Lincoln: Really good.

Naruto: It sure was.

Anna: Yeah.

Vypra: That was delicious. But you guys sure had fun today.

Pam: We always do.

Vypra: Now I know why you like these babysitting adventures.

Anna: Aren't they awesome?

Devack: Of course they are. I'm looking forward to more of them.

Nova: Oh, there's going to be more of them. There's still some of those Twisted Princesses out there.

Atomic Skull: We've heard about those. Call us if you need a hand against them.

Maria: Will do.

The Masters of Evil teleport out.

---

Later after showering up they were watching TV and then they turned in for the night.

The next day we came in and saw everyone having breakfast. Aunt Ruth was with us.

Me: Hey guys.

Anna: Welcome home Dad.

Aunt Ruth: Hey kids.

Lori: Hi Aunt Ruth.

The Loud Kids hugged her.

Me: How did everything go?

Anna: We had an awesome time dad.

Anna told me everything.

Me: Wow! That's amazing.

Laney: We all had a lot of fun.

Lincoln: We sure did.

Me: I'm glad. Another successful babysitting adventure in the books.

Mary K.: Yep. Now it's my turn.

Nico: Yep.

Lynn: (To the viewers) This was one awesome athletic adventure and it was awesome.

Anna: Glad you had fun.

THE END

---

Another awesome Babysitting adventure done.

Anna is the sports girl of the family and we did this as a sports adventure. It was awesome. NicoChan11 gave me the ideas for this. Thanks man. Next up is an awesome adventure on the distant planet of Zi from the show Zoids. I used to build the Zoids sets a long time ago and they were awesome. We're going to face the evil General Jiin and it's gonna be an epic battle. We're also gonna get our own Zoids and use them for battles when needed. It's gonna be awesome.

See you all tomorrow.

# Planet of The Robot Beasts

In the voids of Space, the U.S.S. Valorous Phoenix was flying through the stars.

Me: Captain's Log, Stardate 2851.9: Team Loud Phoenix Storm is en route to a mysterious planet located 60,000 light-years away from Earth. We got word that a tyrannical general is enforcing terror and fear across its lands. Our mission is to destroy this evil general once and for all.

Nico: I wonder what this planet will be like.

Laney: We'll find out when we get there.

Lola: But it will be cool just like all the planets we have seen.

Lily: I can't wait to see it though.

Lincoln: Me too.

Lisa Loud: J.D. we have arrived at our destination.

Me: On screen.

We saw an Earth-Like planet and it had two moons.

Me: Wow.

Nico: Amazing planet.

Shanan: I know that planet. That's the planet Zi.

Lori: The planet Zi?

Shanan: It's a planet much like Earth. Only it's smaller.

Naruto: Wow.

Fu: It sure looks amazing.

Spyro: It sure does.

Me: When we land we have to be ready for anything.

We landed on the planet and it was beautiful. We saw a beautiful landscape and it was amazing.

---

Planet Zi is a fictional planet in the Zoids universe. Zi is located 60,000 light years away from Earth, directly opposite its position in the Milky Way, and is home to the biomechanical lifeforms called Zoids.

Zi contains several continents, such as Nyx, Europa, Delpoi and the Eastern Continent.

In most timelines, Planet Zi has two moons.

Chaotic Century was set some thirty-three years after this disaster (in 2099), running parallel to the new battle story for some time. It deviates from the battle story, and as seen in the picture opposite, takes place entirely on the Western Continent (referred to as "Eupora" by Prozen in episode 7), thus moving the location of a few landmarks such as Red River. Furthermore, the actual location of the continent may be different, as New Helic City appears to be close to the North Pole (as, in Zoids: Chaotic Century Episode 17, the aurora emanating from the North Pole is able to affect New Helic City's communication), which would not correspond to the Western Continent, which is largely below the equator. It must be stressed that there are many possible explanations for this- as both this comment and the map were only referred to in passing, and as such were probably not scrutinized by the series' creators.

While not explicitly stated, there is evidence that suggests that New Century takes place on the same timeline as the first two series, albeit in the distant future, as the ruins of the Gravity-Cannon-equipped Ultrasaurus are found in the Gurrill Plateau, the same place where the finale of Guardian Force took place. Further supporting evidence stems from the Charge Particle Cannon in the Backdraft Group's possession appearing similar to the Death

Stinger's tail and the common use of technologies that did not exist prior to Chaotic Century.

While Zoids: Fuzors takes place on Planet Zi and still has two moons, the show almost never refers to the regions beyond Blue City, other than to give some random location names in passing (some of which are inconsistent throughout the series). Aside from mentioning that these names don't match with the names used in other series, since Fuzors is set entirely on the Eastern Continent (which was rarely mentioned in any other media), there is no useful information with which to describe the overall geography of the Planet Zi that appears in the Fuzors timeline.

In the Genesis anime, there was an apocalyptic upheaval on Planet Zi some time in the ancient past. Thousands of years before the events of the anime series, the whole planet shook. The planet's axis was moved, and what were once tropical landmasses became frigid wastelands. The continents broke up and the seas became turbulent, while volcanoes erupted en mass, resulting in the total reformation of Zi's surface.

The planet became inhospitable, and the once-great civilization that had thrived there was annihilated. To preserve the last relics of their technology, they built Sora City, a giant airborne colony which remained operational after the great change (dubbed by some as the "God's Fury"). They initially set about making the surface habitable once more, and to do so built the Generators, massive plant-like devices that stabilised the land, water, and atmosphere and produced the Zoid-fuel Reggel.

However, it took many decades to build the first one, and several more for each one after that. Even after they were built, it would be another century before they actually became operational. In this time, the people of Sora city initiated birth control policies and decided to live perpetually in their flying city. Due to this, the technology on the surface of Zi is incredibly low, far behind what would be seen in every other series (with a few exceptions, as Sora City was not entirely cut off from the surface and had ties with Digald).

The anime series takes place on only one continent, but Ron's comments indicate that there are more. Notably, the aforementioned Zoid energy source, Reggel, is a significant break from the Chaotic Century timeline, which used the Zoid Eve to power their Zoids. While some speculate the "God's Fury" was a natural (or divine) occurrence, others (such as Ron) promote the idea that it was man-made and that the warring of at least two forces, each lead by a Gil Dragon, was to blame for the cataclysm. It should also be noted that only one moon is shown during the Genesis timeline.

Unlike the previous series, Zoids Wild is not set on Planet Zi, and is instead set on "Ferroterra". The main cast visit many locations. A common joke through the series is moving into strange villages that each have an identifiable quirk. These include a village of large hats, a butt-slapping village, a con-artist village, and so on.

Several of the important locations are: The "Rural" Village where Arashi and his family hail from. The Ancient Ruins where the Mushi Hermit makes his home. The central Volcano near the Dark Metal Empire. Gallagher's throne room.

As few of these location are revisited, Sanratan is crucial to the main party. She sends home messages or money on behalf of the party.

Despite the vast areas explored by the main party, it's revealed to be only a tiny portion of the wold. Bacon's words that the "World is vast" is backed up late in the series by Arashi's Father, who even describes the Dark Metal Empire as a small part of the world.

In Wild ZERO, Planet Zi was facing imminent destruction. So the population intended to migrate back to Earth, where they had come from in the distant past.

Earth itself was not hospitable to the people from Zi, and as such it was intended to perform terraforming to improve it prior to arrival. This was called Zi-Forming.

However, the Zi-Forming failed, and in transit there was a time/space warp sending Zoids to the 21st century. Approximately a century later the migrant ships arrive on Earth.

Like in Zoids: Wild, Zoids on Earth can be dug up, however there is a complication. Zombie-like Zoids called Jamminga roam the ruins of past civilization and regularly interfere with day-to-day life outside of major settlements.

Additionally, because of the failed Zi-Forming, the 1st generation migrants from Zi are unable to breathe Earth's atmosphere easily without the use of a mask. Subsequent generations had adapted to Earth's environment and can move freely without masks.

---

Me: Wow.

Poison Ivy: So this is Planet Zi?

Shanan: It sure is.

Me: It's beautiful.

Laney: It sure is.

But then we heard some stomping footfalls and we saw a huge robotic tiger coming. It was a BLADE LIGER!

---

While the Shield Liger's capabilities were solid for its day, the Blade Liger improves upon them, being faster and more agile than its predecessor. It also gains new weaponry, the most noticeable being a pair of Laser Blades, hence its name, capable of cutting through all but the densest of enemy armour. Its E-shield is enhanced with the addition of four cooling units located in the white 'fins' of its shoulder armour. Like the Shield Liger, it sports a Shock Cannon on its chest, albeit a longer dual-barrelled one as opposed to its predecessor's shorter triple-barrelled variant, and the Pulse Laser Guns found on the back edges of the Laser Blades add to the Zoid's ranged combat abilities. Overall, the armament of the Blade Liger is superior to that of the Shield Liger in every way, save the lack of indirect fire capability offered by the Shield Liger's missile launchers.

In the Chaotic Century anime, Van Flyheight's Shield Liger evolves into the first Blade Liger with the help of his Organoid, Zeke, after being destroyed by Raven's Geno Saurer. In contrast, much of the Blade Liger's enhanced performance in the Battle Story comes from the newly-discovered Organoid System built into the Zoid's design, which was used in upgrading it from a Shield Liger and increasing its capabilities compared to a 'normal' Zoid.

Nico: Whoa! What is that?

Me: It's amazing!

We saw it come up to us and its cockpit opened up and out came a teen kid at around 16 years old and he had black hair in a cronmage and he had fancy clothes. It was Van Flyheight.

Van: Wow! Team Loud Phoenix Storm!

He jumped down and came up to us.

Van Flyheight: It's really nice to meet you guys.

Laney: The honor's all ours.

Van: Sorry my name is Van Flyheight. It's a big honor to meet you all.

Nico: Same to you.

Me: Your robot is awesome.

Van: Thanks J.D. They are actually called Zoids. They are biomechanical lifeforms and they act like animals and we can pilot them.

Me: Whoa! That is cool!

Vince: It sure is.

Nico: Amazing.

Lincoln: Are there many kinds of Zoids?

Van: There sure are. They come in Many kinds and sizes.

Lily: That's amazing!

We heard a screech and we saw a Pterodactyl Zoid coming. It landed and out of it came a girl with blonde hair and she had red eyes.

Fiona: Wow! It's an honor to meet you all. My name is Elisi Linette. But you can call me Fiona.

Me: It's a pleasure to meet you. That Pterodactyl Zoid is amazing.

Fiona (Zoids): Thank you. It's called a Pteros.

Laney: Amazing!

Bombshell: Are those your Zoids?

Van: They sure are.

Fiona (Zoids): It's amazing that they can do a lot of things.

Perceptor: Fascinating! The Zoids seem to use technology similar to that from Cybertron.

Van: That they do.

Me: And it's really cool that they can do all that.

Van: It sure is.

Fiona (Zoids): What brings you all to Planet Zi?

Me: We got word of a tyrannical general here that is causing terror all throughout the lands.

Fiona (Zoids): That's General Jinn.

Me: Can you tell us all about him?

Van: Sure.

Van went over Jiin's history.

---

Jiin was originally a Sky person, who had been given to the Emperor of Digald to raise as his own son, so as to increase the Sky people's influence in Digald. However, his ambition would prove to be vastly underestimated by the Sky people, as would his intelligence, and he would eventually rebel against them, poisoning his father, destroying Sora city, and proclaiming himself a God, setting his sights on ruling the world. In flashback, it could be seen that these thoughts were harboured for a great deal of time, as he had already though of himself in this light when he first met the newly-recruited Zairin. He would use Zairin's great talent to boost his own ambitions, eventually (literally) sucking the lifeforce out of him to help produce the Bio Tyranno. As a member of the Sky people, he was greatly intelligent, and was able to build machines beyond the technology made available to him when Digald traded with Sora city (such as the Bio Raptor Gui and the robotic Bio Zoid pilots). When his poisoned father passed away, he grew from Digald's military leader to their Emperor as well, and was therefore able to enact his grandiose visions of total rule. He would be eventually killed in battle with the anti-Jiin forces lead by Ruuji.

Jiin took appreciation of Zairin's capabilities and considered him one of his most trusted subordinates. Though his father controls the country, he hasn't been able to lead for a very long time with his declining health. Jiin was entrusted to handle most of his duties as the unofficial ruler of Digald. Eventually, Jiin would go to new heights as he secretly and aggressively created a new generation of Bio-Zoids. He would break all ties with Sora Sky people and waged war with the land and sky.

Jiin is revealed to be a citizen of the sky and he intends to destroy his former home to become the undisputed God across the planet. So ambitious was his lust for power that he strained his stepfather to death, thus he declared himself as Emperor and later as God of Zi. Jiin would later stop caring about conquering villages or towns, using his Bio Tyranno to destroy them completely to show his "god-like" power. During the final showdown between his forces and the Jiin Suppression Army, he displayed very advanced skills in piloting, whether it was his own skill or the capabilities of his Zoid is unknown. Jiin was killed in the explosion of his Zoid when Mugen Liger sliced Bio Tyranno into two through the Zoid core.

---

We gasped in shock!

Me: Looks like we're gonna have to kill him.

Nico: Yeah. If there is one thing we never tolerate, it's tyrannical oppression.

Laney: That's right.

Lucy Loud: Yeah!

Me: Van have you ever heard about the Royal Defenders?

Van: No sorry.

Me: They were a parallel universe group that is an evil version of us.

I went over what they were and what they were doing and all that.

Fiona gasped.

Fiona (Zoids) That's horrible!

Van: I can't believe they abused their power like that.

Superman: We aren't the only ones that know alternate universe versions of ourselves. Me and the Justice League encountered an evil version of us called the Justice Lords.

Nico: That's right.

Fiona (Zoids): Wow.

Me: But we beat the Justice Lords and the Royal Defenders and punished them for their crimes.

Lincoln: That's right.

Van: Wow. Talk about a big fall from grace.

Nico: I know.

Fiona: Jiin must believe that crap about Lex Luthor controlling your bodies.

Lynn: Guess some villains are just that dumb.

Van Flyheight: Wait. Maybe we can use that to our advantage.

Lori: What do you mean?

Van Flyheight: Since he thinks Luthor's mind is inhabiting your bodies, he'll lower his security system to let you guys inside his hideout. And once you guys meet with him, the rest of us can follow so we can all end him once and for all!

Me: Hey that's a good plan. We can gain his trust his trust by pretending we are possessed by Lex Luthor and then when he drops his guard we'll blast him with our powers and strength.

Fiona (Zoids): That's a good idea for an ambush.

Van: Yeah!

Me: We can use this to our advantage in battles like this and beyond to deal with enemies that are stupid.

Laney: Nice.

Me: Okay now we got to make it convincing.

Van: But first lets get you all some awesome Zoids.

Me: Okay.

We went around all of Zi and went to get awesome Zoids. We got many different kinds of Zoids. I got an awesome Three-Headed Dragon Zoid, Aylene got an Ultrasaurus and we got many kinds and Lily got a Mega Kraken Zoid, Lincoln got a Fire Phoenix Zoid and we got many more kinds of Zoids. We also met Moonbay, Irvine and

Van's friend Zeke. Irvine had a wolf Zoid called a Command Wolf and Moonbay had a Pteras and Ultrasaurus. There was also a centipede Zoid called a Fusillade and a Storm Heron and a Dragon Zoid and more.

We were ready.

We were hiding outside of Jiin's fortress.

Me: Okay we got to make this really convincing.

Superman: Got it.

I pulled out a chunk of Kryptonite.

Me: I know you're immune to Kryptonite, Kal but it's part of the performance.

Superman: I understand.

I put Superman on my shoulders.

Nico had Van's and Fiona's arms tied.

Lincoln had Moonbay's arms tied and went up to the fortress force field and we had put a performance on.

Me: (Clears throat) (Pretending to be Lex Luthor) Jiin it's me Lex Luthor.

Jiin: Ah Lex Luthor. I see the rumors are all true. Come on in.

He dropped the force field and we went inside and we went inside and we were then in the office of GENERAL JIIN!

General Jiin: Ah welcome Lex. Welcome. Glad you all could come.

Lola: (pretending to be Luthor) Why exactly did you call me here, Jiin?

Jiin: To propose an alliance, of course.

Nico: (pretending to be Luthor) To kill Superman?

Jiin: And to rule this whole universe. I have it all planned out. (shows map of territories) I'll have Planet Zi. You can have Gotham Royal York. I think that can be reasonable for a man of your genius.

Me: I like it.

But then Jiin turned his back and I fired a blast of fire and it hit him and exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOMMMMM!

Me: (Normal Voice) The game is over Jiin!

He had a bad wound on his back and he saw us all ready to fight.

Jiin: So Luthor really didn't place his mind inside your bodies after all!? To think I actually thought that was the case considering how you've dealt with most villains before me.

Me: Lex Luthor may have been a smart guy but Mind Control was never his strong suit. That was more like Brainiac's department.

Nico: That's right. And you aren't the first tyrant we took down.

Me: That's right. And now you are next.

Jiin: I don't think so.

Jiin called his Bio Tyranno and we saw that he had a powerful super fusion cannon on it.

Me: Oh shit on me and fuck me sideways!

Nico: Is that what I think it is?

Jiin: It is. It's Megatron's Fusion Cannon, dissected from his corpse.

Aramda Starscream: (sees Megatron's fusion cannon as part of one of Jiin's Zoids) Ok. I may hate Megatron as much as my evil self does. But dissecting him and using his parts to upgrade your Zoids? Even Megatron doesn't deserve that!

Me: As much as I hate Megatron, I agree.

Nico: You will pay for your crimes.

Jiin: Try me!

He fired the Fusion Cannon at me and I fired a Kamehameha Wave at the fusion blast and it slammed into the blast and the energy blast pushed the Fusion Cannon blast back and the blast slammed it into the Fusion Cannon and it caused the Zoid to explode with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely destroyed his Bio Tyranno Zoid and destroyed his entire fortress! When the smoke cleared, his fortress was completely destroyed and Jiin's clothes were completely torn up.

Jiin: MY FORTRESS! YOU ALL WILL PAY!

Me: Bring it on.

Dark Spicer, Carly Carmine and Red X then suddenly appeared. Carly was piloting a Hummingbird Zoid, Red X had a Death Stinger dragonfly Zoid and Dark Spicer had a Tarantula Zoid! Awesome!

Me: Dark Spicer, Carly and Red X.

Van: Friends of yours?

Me: Half Friends and half Enemies. They are part of the Masters of Evil.

Nico: Yep.

Van: So they are the Masters of Evil we heard about.

Fiona (Zoids): Wow.

Dark Spicer: (to Van Flyheight) Here's your warning: Your ass is about to be kicked!

Van: Not if I kicked yours first.

Carly: Wow. You guys have awesome Zoids.

Me: So do you Carly. Love your Zoids.

Red X: I used to built the Model Zoids all the time when I was younger.

Me: That's cool.

Dark Spicer: And I have two new aliens to show you.

He turned into a mutant version of Ball Weevil. He looked like an Egyptian Scarab and he was red and he had spines on his back and his ball he uses had spikes on it all over.

Wrecker Gnat: Meet Wrecker Gnat!

Shanan: A Mutant Weevilian. Amazing.

Maria: Aw! You're so cute!

Wrecker Gnat: Easy, Maria. You still have Ball Weevil to cuddle with.

Wrecker Gnat spat out a ball of plasma, got on top of it, and kicked it at Bounce Man.

Lincoln kicked it at Dark Spicer and it slammed into him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Dark Spicer was coughing.

Dark Spicer: Nice shot. Watch this one.

Dark Spicer turned into a mutant version of Walkatrout and it was purple and he had huge muscles and big teeth.

Stompintrout: I call this form… Stompintrout!

Shanan: A Mutant Ickthyperambuloid. Very interesting.

Splash Woman: Seriously? You know Walkatrout's not that strong, right?

Stompintrout: I know. But Stompintrout is stronger than Walkatrout. Let me show you!

Stompintrout jumped at Splash Woman and headbutted her, knocking her to the ground.

SMASH!

Splash Woman: Ouch.

Maria: You okay Splash?

Splash Woman: I'll be fine.

?: You're gonna be more than fine when I'm done with you.

A figure came out and it was BLOTHGAAR from episode 18 of Operation Overdrive!

---

This long-necked red Chinese Dragon creature was an old friend of Moltor and the keeper of the ancient compass that Moltor stole in the previous episode. He can breathe fire and bring down red lightning from the skies. Moltor gave him the compass. Blothgaar attacked San Angeles and encountered the Rangers. He battled against the Overdrive Rangers, using the power of the compass to aid him in battle. He then used it to alter the Chi and Li of Mack Hartford and induce bad luck on him, and Mack started to suffer from those very effects after Blothgaar retreated. Later, the Rangers (including Mack, who was draped in the several good-luck charms his fellow Rangers gave him) confronted Blothgaar again, as well as Moltor and an army of Lava Lizards. Mack used the charms to help him out against Blothgaar, and was eventually able to retrieve the compass. He then put down Blothgaar with his Drive Lance, and Rose Ortiz used the compass to reverse Mack's luck to normal. Soon, though, Moltor threw Blothgaar into the valley, having him absorb the energy and grow, making the Rangers call on the DriveMax and Flashpoint Megazords. In battle, the Rangers used the compass combined with the DriveMax Megazord saber to bestow the bad luck upon Blothgaar, who then stumbled on a rock. Blothgaar soon met his destruction at the hands of the Super DriveMax Megazord.

---

Mack Hartford: Blothgaar!

Blothgaar: Long time no see red ranger. How has your luck been?

Me: I remember you! You gave Mack an incredible amount of bad luck and hurt him all over the place!

Blothgaar: That's right. I wouldn't say hurt him but it was just to humiliate him.

Me: You are the personification of putrid superstition.

Nico: (to Blothgaar) I think I remember Mack wearing a sombrero in the episode you appeared in.

Blothgaar: I actually still have a picture of the Red Ranger wearing that sombrero. Wanna see?

Mack Hartford: Don't you dare!

Maria: C'mon, Mack! How bad can it be?

He showed us a picture and then some of us erupted into laughter! We saw a picture of Mack wearing a sombrero with a guitar.

Me: That is NOT Funny.

Nico: (LAUGHING HYSTERICALLY) It's hilarious!

I slapped Nico across the back of his head.

Nico: OW!

Me: That's enough Nico!

Nico: Okay okay sorry.

Mack Hartford: Thanks J.D.

Everyone was still laughing.

Mack Hartford: Are you done?

Nico: (laughs) I'm sorry, Mack. But you really do like funny wearing that sombrero.

Mack Hartford: I'm glad you think so.

Jake: (chuckles) Ok. I admit that's funny. (to Blothgaar) But we're still gonna kick your butt!

Megaforce Rangers: Legendary Ranger Mode: Ranger J Platoon!

The Megaforce Rangers turned into the Battle Field J rangers!

?: He isn't the only one! (Meow)

Kat Hillard: (Australian Accent) Oh no.

Another figure came out and it was KATASTROPHE from episodes 17 & 18 of Season 3 of Mighty Morphin!

Me: Oh shit on me and Fuck Me Sideways! Katastrophe!

Katastrophe: I see you remember me J.D.

Me: Remember? How can I ever forget!? You were made because of Rita's spell and you possessed Kat and made her do all kinds of horrible things!

Kat Hillard: You are also the monster that turned me into a horrible person!

Katastrophe: Face it, Pink Ranger. I'm the dark part of you that can never be forgotten.

Kat: You guys can have everyone else. Katastrophe's mine!

Me: And me too. I will never forgive this monster for hurting you like that Kat!

Nico: Show no mercy guys!

Me: With pleasure.

We powered up and went at them.

---

Battle 1: Dark Spicer

---

Eddy, Star Man and Flash Man were facing Dark Spicer.

Eddy: Lets dance Dark.

Star Man: Bring it on baby.

Flash Man: Yeah!

Dark Spicer: Oh I will.

He called out his Houndoom and they went at Dark Spicer. Eddy blasted him and his Houndoom with his Blaster and Star Man and Flash Man blasted them with Star Blasts and Flash beams and they knocked him out.

Eddy: Good battle.

---

Battle 2: Carly Carmine

---

Haiku, Astro Man and Galaxy Man were facing Carly.

Carly Carmine: Sounds like J.D. has a huge hatred with that Katastrophe creep.

Haiku: He sure does. We watched Power Rangers with him and seeing Katastrophe do all that stuff to Kat really made his blood boil.

Astro Man: I don't blame him.

Carly: Me neither. I would be infuriated too if I saw that happen to either one of us.

Galaxy Man: Same here.

Carly: Lets dance. I summon EARTHBOUND IMMORTAL ASLLA PISCU and FORTUNE LADY LIGHT!

She summoned said monsters.

Haiku: How about these? I summon RED-EYES ZOMBIE DRAGON and RED-EYES DARKNESS DRAGON!

She summoned said dragons.

Astro Man: Lets do it!

Galaxy Man: Yeah!

Carly also called out her Pokemon. Haiku, Astro Man and Galaxy Man fired waves of orange fire, star energy and black hole energy and the Red Eyes Dragons fired waves of blue fire and red fire and they slammed into Carly, her Pokemon and her monsters and they slammed into them and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Carly was knocked down.

Haiku: Good fight.

---

Battle 3: Red X

---

Hunter, Nuova Shenron and Princess Rose were facing Red X.

Red X: This is the first fight we've ever had.

Hunter: (German Accent) Ja. Und it's gonna be good.

Red X: Awesome. I have new Pokemon for you to see.

He called out his Pokemon. He had a Xerneas and a Mega Moltres.

Nuova Shenron: A Xerneas and a Mega Moltres.

Hunter: Wunderbar selection.

Princess Rose: J.D.'s fiance Xenia is also a Xerneas.

Red X: Are you serious?

Hunter: Ja. She has the ability to turn into a human. She calls herself Xenia in that form.

Red X: I see. Lets get started shall we?

Nuova Shenron: Lets do it.

Hunter: Ja!

Princess Rose: Lets dance.

They went at Red X and Hunter and Nuova Shenron fired waves of fire and Fire energy and the blasts hit him and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Princess Rose punched and kicked Red X and smashed him all over and his Xerneas and Mega Moltres were knocked out and Hunter punched him and knocked out Red X.

Hunter X: Wunderbar fight.

---

Battle 4: Blothgaar

---

Nico and the Megaforce Rangers were facing Blothgaar.

Nico: You will pay for humiliating Mack.

Nico and the Megaforce Rangers blasted him all over the place with incredible power and he fell to the ground and exploded in a massive fiery explosion!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

Blothgaar was dead.

Nico: Blothgaar, you have failed this universe.

Troy Burrows: Super Mega Rangers that's a Super Mega win.

---

Battle 5: Katastrophe

---

Me and Kat were facing Katastrophe and we were not happy with her.

Me: You made Kat do all kinds of horrible crimes and I will never forgive you for any of it.

Katastrophe: I wouldn't be caught dead asking for your forgiveness you fucking human.

Kat Hillard: No one makes my life hell and gets away with it.

But then Kat suddenly started glowing in a powerful pink aura and her power was rising exponentially. Suddenly she was enveloped in a powerful vortex of Zeo energy and it formed into a massive Pterodactyl and a Crane and it then transformed into a Pteradactyl and Crane Angel and then when the vortex faded, Kat was forever changed. She now had a pink hair band, pink Pterodactyl and crane earrings and she had a crane emblazoned in the middle of her forehead. She had a pink shirt with a Pterodactyl and a Crane on it and she had white shorts and spiked sandals. She had a sleeveless trench coat with a pterodactyl and a crane on it and it had the kanji for Katherine Hillard, the Crane Angel of the Pterodactyl's Flight on the back.

キャサリンヒラード、テロダクティルの飛行の鶴の天使

Kat had one Pterodactyl Wing and one Crane Wing and she had a powerful bow on her shoulders and a deadly sword on her left him. She had been transformed into a SUPER ANGEL 20,000 PTERODACTYL CRANE AURORA RANGER!

Me: Whoa! Kat you look incredible!

Kat: Thanks J.D. Now to make this monster pay for hurting my life.

I transformed into my Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix form.

Me: (Divine Fiery Voice) **Lets get her.**

Me and Kat went at Katastrophe and I punched her in the face and Kat kicked her in the stomach and I slashed her in the face and fired a massive wave of fire and Kat fired a barrage of energy arrows and they hit Katastrophe all over the place.

Me: **Time for you to face the natural enemy of cats: Dogs.**

I howled like a wolf and out of a portal came a massive army of barking ravenous dogs and Katastrophe screeched and hissed and the dogs mauled her all over the place and more.

I whistled and the dogs came and back and me and Kat slashed Katastrophe and she exploded into a massive fiery explosion.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **In the words of Nico: Katastrophe, you have failed this universe.**

Kat: Never again.

But then Kat broke down crying and I comforted her.

## Battle 6: General Jiin

THE END

---

Another awesome chapter done.

I used to watch the Zoids Series a long time ago when I was in middle school and I used the build the Zoids Model Sets and they were awesome! It was so cool building them. NicoChan11 gave me the ideas for this. Thanks man. Next up is vinjedi1995's birthday and we're gonna go on the awesome Kids Next Door episode Operation: O.U.T.B.R.E.A.K. and we're going to call the KND Scientists brainless idiots for believing that Cooties even exist. Whoever invented that dumb fictitious childhood illness had to have been the biggest brainless idiot on the face of the planet.

See you all tomorrow.

HAPPY 25TH BIRTHDAY TO VINJEDI1995

---

At the estate we were having an awesome birthday party for Vince. It was August 25th and it was his 25th Birthday and 1st ever Wedding Anniversary. The Masters of Evil were with us to celebrate.

Manaphy, Poromon, Horsea and Poliwag: (Blows Party Blowers) HAPPY BIRTHDAY VINCE!

Me: Happy Birthday/1st Wedding Anniversary Partner.

Vypra: How does it feel to be 25?

Vince: It's amazing. Thank you so much guys.

Me: You're welcome buddy.

Laney: I'm so happy for you and Carol, Vince.

Nico: Me too.

Saïx: I'm happy for you too Carol.

Carol: Thanks guys.

Carla, Evelyn and Pearl came out with a magnificently made birthday cake that they made and it had 25 candles on it.

Carla, Evelyn and Pearl: HAPPY BIRTHDAY DADDY!

Vince: Oh wow! What an awesome cake.

Me: That is a beautiful cake girls.

They put it on the table and Vince made a wish and blew out the candles and we cheered for him.

Lana: Happy Birthday Vince.

Vince: Thank you so much guys!

Nico: No problem Vince.

Marinette: Glad you had fun.

We had an awesome party for Vince and he got lots of great presents.

Later we were over in the world of the famous Hundred Acre Wood, the World of Winnie the Pooh.

The Hundred Acre Wood is the name of the forest in which most, if not all of the Winnie-the-Pooh stories take place. It's location is still uncertain, as is its size, though one could assume that the Wood is so-named because it is about 100 acres in size, which would be equivalent to 0.4 square kilometers or 0.16 square miles.

The landscape of the Wood seems to vary based on the particular Pooh production - for example, the layout of the Wood in Kingdom Hearts II is radically different from that of its appearance in the original Kingdom Hearts.

In the original Winnie-the-Pooh books by A. A. Milne, the name "Hundred Acre Wood" is used only to refer to the parts of the forest surrounding Owl's house, with the other characters residing outside of it. Nowadays, however, and especially in the Disney adaptations of the franchise, the name is usually used to refer to the whole forest, as Milne's books provided no better alternative for it. Thus, using the broader definition, the Hundred Acre Wood includes such locations as Owl's House, Pooh's house, Piglet's house, the Pooh Corner (renamed Pooh & Piglet Corner in Piglet's Big Movie), the Poohsticks Bridge, Rabbit's house and Tigger's house. What follows is a list of locations mentioned in the book and shown in the Wood's map:

Pooh Bear's House

Kanga's House

The Sandy Pit Where Roo Plays

The Nice Place for Piknicks

The Bee Tree

The Way to the North Pole

The Area of Big Stones and Rocks

Rabbit's House

The Area of Rabbit's Friends-and-Raletions

Christopher Robin's House

The Area of Six Pine Trees

The Area of the Pooh Trap for Heffalumps

Piglet's House

The Area Where the Woozle Wasn't

The Floody Place

Owl's House

Eeyore's Gloomy Place

Most of these places' names are references to events described in the books Winnie-the-Pooh and The House at Pooh Corner. Additional places mentioned in the books but not shown in the map include:

The House at Pooh Corner

The Poohsticks Bridge

The Stepping Stones

The Area of the Gravel Pit

Pooh's Thoughtful Spot

The Galleons Lap

Locations featured only in Disney stories include Gopher's tunnels, the Scary Woods and the Heffalump Hollow.

## Locality

As stated above, the exact locality of the Hundred Acre Wood is uncertain. It is generally believed to be in the United Kingdom, as it is based on a real British forest (see below). However, this possibility is problematic due to the fact that there are no bears living in the British Isles in real life (a fact that may also apply to Tigger, although within the Winnie-the-Pooh universe he is actually a member of the fictional "Tigger" species, not a tiger, as generally believed). In Disney adaptations of the stories, it is likely that the Wood is in North America, which could explain away not only Pooh but also Gopher, a character not present in the original books, and whose species is indigenous to North America.

However, it is the presence of Kanga and Roo that becomes problematic with this assumption, as there is a population of wild kangaroos living on the UK (an invasive species), but not in the USA. This could be explained away by the fact that, both in the books and cartoons, it is believed that Kanga and Roo have moved from Australia. However, this means that Gopher has probably moved from America. In the episode "The Piglet Who Would Be King", from The New Adventures of Winnie the Pooh, Piglet, Tigger and Rabbit travel to a place called the Land of Milk and Honey, located in a jungle, under a volcano. While it is unclear how far they traveled to get there, the presence of a jungle even moderately near the Hundred Acre Wood pretty much puts the last nail in the coffin of the idea that the Wood is in England as far as Disney adaptations go, even though there is no jungle in the USA.

## Behind the scenes

The Hundred Acre Wood is based on an actual place called the Five Hundred Acre Wood, situated in the Ashdown Forest, in East Sussex, England, where A. A. Milne was living when he wrote the books. Today, areas of this wood have been named after locations seen or mentioned in Milne's Pooh books, as a tribute to the author, including a bridge identified as the Poohsticks Bridge, and an area designed as the Enchanted Place. There is also a memorial plaque dedicated to both Milne and Ernest H. Shepard, who illustrated the classic books.

Inhabitants

The Hundred Acre Wood is inhabited by the following animals (those marked with an asterisk have been featured in Disney adaptations only):

Winnie-the-Pooh

Piglet

Rabbit

Eeyore

Tigger (probably not native moved from India)

Owl

Kanga and Roo (not native, moved from Australia)

Christopher Robin

Gophers (one of them is at the end of a classic book)

Heffalumps

Woozles

Jagulars

Squirrels

Beavers *

Turtles *

Frogs *

Pack Rats *

Mice

Otters

Hedgehogs

Insects

Me: Wow! So this is the 100 Acre Wood.

Volcana: This is the first time we've ever been to the Hundred Acre Wood.

Nico: It's beautiful.

Laney: It sure is.

Lana: It's amazing.

Sora: You guys will love this place. I know a lot of people here.

We followed Sora and he showed us Pooh's house. He was sitting on his log thinking.

Pooh: Oh Sora! Welcome back!

Sora: Hey Pooh!

He hugged Sora.

Sora: Good to see you again.

Pooh: Same to you. Who are all your friends?

Me: We are Team Loud Phoenix Storm. It's a pleasure to meet you

Pooh.

Pooh: Same to you. We have heard so much about you. You are heroes and very brave at what you all do.

Nico: We don't like to brag.

Wreck Gar: It's nice to meet you at last, Pooh Bear!

Pooh: Same to you and just Pooh is fine.

Wreck Gar: Sorry.

Vince: You have been very popular since the 1960's.

Me: He was first made in 1921 by A. A. Milne and Disney bought his rights in the 1960s.

Vince: Wow. So 99 years ago.

Me: Yep. And in 2021 it'll mark his 100th Anniversary.

Lori: Huge milestone.

Pooh: Very big.

Sora: Lets show you all around.

We looked around the 100 Acre Wood and we saw a lot of magnificent places. We saw Rabbit's House and his garden was amazing as we saw Rabbit picking a lot of vegetables.

Sora: Hello Rabbit.

Rabbit: Well hello Sora.

Nico: Wow. Your garden is incredible.

Rabbit: Why thank you. Wow. Team Loud Phoenix Storm. It's an honor to meet all of you.

Me: Same to you Rabbit.

Sam Manson: Rabbit, I just want to say that I really like your garden.

Rabbit: Thank you Sam.

Jared: Lots of delicious vegetables.

But then I got bounced by none other than Tigger!

Me: OOF!

Tigger: Oh hello there! (Purrs) I'm Tigger. T-I Double G Er. That spells Tigger.

Me: Tigger wow! (Laughs) I haven't been bounce like that in a long time. But wow.

Tigger: Oh wow! Team Loud Phoenix Storm. It's an honor to meet you. You have saved a lot of people over the years.

Me: (Gets up) Yeah we don't like to brag.

Nico: Yeah.

We met all of Pooh's friends and it was awesome.

Cybertron Crumplezone: There might not be any villains here. But how would you guys like to help us when we need it?

Pooh: That would be awesome.

Nico: Cool.

We had new allies in the Hundred Acre Wood and the story for the Hundred Acre Wood is in our bookcase.

* * *

Later in the estate, we were watching TV. Suddenly, Numbuh 74.239 of the KND Underwater Research Facility came in and he had a look of panic on his face!

Numbuh 1: Numbuh 74.239? What's wrong?

Numbuh 74.239: The Research facility has been attacked by a rogue teen ninja and in the attack he released a terrible disease.

Me: A disease? What kind of disease?

Numbuh 74.239: It's a disease called Coogitisnal Octo-Oogie Tetra-Infecto Epi-Stractococcus!

Me: What the fuck is that?

Numbuh 74.239: It's a disease that is carried by an infected and highly contagious specimen codenamed Patient C.

Me: We better go check this out. I have a plan to draw this specimen out.

I revealed my plan and we went to the S.H.I.E.L.D. Prison to get RD Lincoln.

We went into his Cell.

RD Lincoln: You gonna kill me this time? Or are you just going to waste your effort on humiliating me?

Papillon: Neither. There's one use for a tyrant like you.

RD Lincoln: What's that?

Maria: Live bait!

We tied him up and carried him with us.

---

We then took our submarine down to the bottom of the Caribbean Sea and with us were the Kids Next Door in their awesome Whale Size Submarine, the B.L.U.B.B.E.R. and we then saw the treehouse that was home to the KND Underwater Research Facility. It was in shambles and ruins and we saw that it was sitting on the edge of a cliff next to the 2nd Deepest place on the planet: The Puerto Rico Trench. At 27,493 feet deep, it's the second deepest place in the world next to the Mariana Trench at 36,000 feet deep.

Me: Whoa. What happened to that Treehouse?

Nico: Looks like a torpedo destroyed it.

Vince: No this is something else. This was the work of Rogue Teens.

Cree: Ugly.

Me: Lets head in guys.

We went into the treehouse and it was a total mess.

Me: What a mess.

Laney: This whole place is in shambles.

Prism Break: What do you think caused this?

Me: Lets go in a find out. Nigel we're in.

Numbuh 1: Copy J.D. Have you made contact with the Specimen yet?

Me: Negative. This whole treehouse is in shambles. It could be anywhere.

Lana: Yeah.

Numbuh 4: So what is all this about Numbuh 1?

Numbuh 74.239: That treehouse is infected with Coogitisnal Octo-Oogie Tetra-Infecto Epi-Stractococcus!

Numbuh 4: That'd better mean there's seafood in here Professor Dorkenstein!

Numbuh 74.239: DORKENSTEIN!? Listen you little trapezoidal crustaceous membrane! I'd like to…

Me: Quiet! Both of you.

Numbuh 1: Thank you J.D. But what Numbuh 74.239 is trying to say is that because of an attack by a bunch of Rogue Teen Ninjas still at large, they released a highly contagious specimen codenamed Patient C. Our mission is to find this specimen and contain it so the scientists can all safely return to the lab.

Laney: And what is this Patient C?

Lola: That's what I would like to know.

Numbuh 74.239: You'll find out when you see it. But be careful guys.

Me: Right. Lets go.

We went into the treehouse and we put RD Lincoln on the floor of the lower levels.

RD Lincoln: You can't be serious. What makes you think the so called Patient C is going after me?

Bright Man: (smirks) Well, when it sees you, it'll want a nice big hug!

Me: Our bait is set. Lets go hide.

We went and hid in the walls and then we saw a little girl dressed in a pink dress and she had blond hair and blue eyes and a Pink hair bow and white shoes appear behind the Royal Defenders Lincoln. That little girl was PATIENT C!

Patient C: Hello.

RD Lincoln: Whoa! Oh. Hello there little one. What are you doing all the way down here?

Patient C: I was put here. And you are funny. (Giggles)

RD Lincoln: Well I do have a sense of humor.

Patient C: Will you be my boyfriend?

RD Lincoln: I think I'm a little too old for you.

She then gave RD Lincoln a hug.

Me: Now!

We jumped and Aqua got the girl.

Aqua: Are you Patient C?

Me: You got to be kidding. She's just a cute little girl.

Nico: She sure is adorable.

Laney: She sure is.

Me: (Realizes something) Wait a second. **C** oogitisnal **O** cto- **O** ogie **T** etra- **I** nfecto **E** pi- **S** tractococcus… Oh (Facepalms) for fucks sake!

Nico: What is it?

Me: We were dragged into this mission for a very stupid reason. This whole thing is about cooties.

Numbuh 5: Have those scientists gone crazy!? This whole thing has been about cooties!?

Laney: There's no such thing as cooties!

Me: Yeah that is some stupid fictitious childhood disease some dumb kid invented during World War I to help get us to hate and fear girls. Whoever invented that disease had to have been the biggest idiot in the history of humanity.

Numbuh 2: Whoever that kid is was a loser.

Lana: Yeah.

Me: We're gonna have a very serious talk with those KND Scientists when we're done here.

Yuko: Yeah. But wait.

Yuko went up to the girl.

Yuko: Are you the little sister of Numbuh 59?

Patient C: That's right. He's my brother and he's in the Kids Next Door.

Yuko: Your brother is one of the Prisoner Transport Pilots for the KND.

Patient C: Wow.

Yuko: He has a big job.

?: And it will be the last!

We turned and we saw THE TOILETNATOR!

---

The Toiletnator (real name: Lou Pottingsworth III) is a recurring joke character from Codename: Kids Next Door. He is obviously a toilet-themed supervillain, a motif that has unclear justifications even compared to the show's other villains. He is seen as a non-threat by KND operatives everywhere and shunned by other villains to the point that they take deliberate measures to keep him away from their villainous meetings. Despite all of this, he is incredibly enthusiastic and jubilant about being a villain and completely oblivious to the fact that no one wants him. His "powers" include several toilet-related abilities such as shooting toilet paper from his arms.

He was voiced by Dee Bradley Baker.

In the episode "Operation: F.L.U.S.H.", Toiletnator decides to prove himself worthy to the other villains by defeating the KND in their treehouse. However, because the members of Sector V were away at the time, the other villains had already taken over the treehouse without resistance and as a result the empowered Toiletnator defeats his own allies, mistaking them for the kids, who arrive right afterwards just when his sudden burst of competence wears off.

In the comic story "Operation: H.I.S.T.O.R.I.E.", Toiletnator's origin is revealed: he'd once been Lou Pottingsworth III, an executive for Evil Adult Industries, before he was assigned by Father himself to become part of the company's operation to mass-produce their new vegitable: "asparigross". But when the Kids Next Door attacked the factory building site, Lou hid in a porti-potty and was trapped in there for several days when it was knocked under a large mass of rubble, forced to eat nothing but urinal cakes. There, he was visited by "The Almighty Protector of Potty" (some form of toilet god), who'd chosen him to be its knight (the only reason being that he'd been the only one to use the bathroom in a while) and bestowed him with toilet-based powers, which he used to punish kids who wrote on the bathroom walls, missused toilet paper, and forgot to flush. The comic also revealed that the Toiletnator is actually Numbuh 4's uncle and Mr. Beetles long lost twin brother.

---

Me: Lou Pottingsworth III A.K.A. the Toiletnator. We were just about to go out and get you.

The Toiletnator: You were?

Nico: Yeah. We have some things we need to tell you.

The Toiletnator: YOU ALL ARE GONNA TELL ME AFTER I FLUSH YOU ALL! (EVIL LAUGHTER)

Numbuh 362: Toiletnator, please calm down.

Toiletnator: Oh, I'll calm down. WHEN YOU'RE ALL DEAD!

Lizzie: Suddenly, Toiletnator's looking a lot less lame.

Power Girl: (to Numbuh 4) Wally, you and your team created a monster!

Numbuh 4: What did we do?

William: If you guys hadn't treated Toiletnator like a joke, he wouldn't be out for our blood.

Me: Lou lets talk about this!

But then Ghost, Cheese Shogun Roquefort and Saïx appeared.

Me: Cheese Shogun Roquefort, Saïx and Ghost.

Ghost: It's my first time fighting you guys.

Ariel: This is gonna be a good one.

Laney: It sure will be.

Cheese Shogun Roquefort: What happened here?

Me: It's a pretty weird and stupid story.

I went over everything that happened and they were shocked.

Cheese Shogun Roquefort: Cooties!? You got to be kidding me.

Me: Yeah even the Kids Next Door scientists are scared of Cooties. How stupid can some people get?

Numbuh 2: Tell me about it.

We saw RD Lincoln about to get away but Gia grabbed him.

Gia: (to RD Lincoln) You stay right where you are, asshole!

RD Lincoln: Like I'm gonna listen to you!

Megaforce Rangers: (ignoring RD Lincoln) Legendary Ranger Mode: Lightmask Squad!

The Megaforce Rangers turned into the Maskman Rangers.

But then RD Lincoln jumped away and grabbed Carmen!

RD Lincoln: (holding Carmen hostage) I knew that battle would tire you all out. Now, you guys are going to give me my powers back and then you're going to free my sisters from SHIELD prison. Or the fiery brat gets it!

Carmen then kicked RD Lincoln in the crotch and grabbed his head and flipped him over and then grabbed his arm and bent it and broke it! The bone was sticking out and the Lynn punched the RD Lincoln in the face and sent him crashing into the wall. He was knocked out with a nasty concussion.

Me: Nice work Carmen.

Lori, Lynn and Lola tied up the RD Lincoln.

Me: Good work girls.

?: That was a good punch.

A figure came out and it was GAME MACHINE MAN!

Game Machine Man is one of the Seven Shadows. He appeared in Sailor Moon Episode 21, Jupiter Comes Thundering In.

After he was imprisoned in the earth's atmosphere, he was reborn inside Game Machine Joe, one of the rainbow crystal carriers. Joe was Zoycite's first target. After extracting the crystal inside him, Zoycite turned Joe into Game Machine Man. He attacked Sailor Moon with a hammer, until Lita threw him (at that moment, the Jupiter sign appeared on her forehead). He then attacked Sailor Moon with wires, but when Lita transformed into Sailor Jupiter, she used Jupiter Thunder Crash to stop him. As he was about to attack again, Luna gave Sailor Moon the Crescent Moon Wand, and she used it to heal Joe with Moon Healing Activation, killing Game Machine Man.

---

Game Machine Man: I'm Game Machine Man, champion of the Negaverse!… Time to play, Team Loud Phoenix Storm! The game's about to start!

Nico: Judging by your name, I can guess that you like to play games.

Game Machine Man: That's right. And this game's gonna be one to remember!

Shanan: I didn't expect Queen Beryl to have an Arcadisapien in her forces.

Qin: What are Arcadisapiens?

Shanan: They are known as the great video game warriors of the galaxy. They come from the planet Arcadius Prime, It's a huge city planet that serves as their ultimate video game playground.

Nicole: Sounds like my kind of people.

Game Machine Man: I'm impressed you know about my kind Shanan and you must be the famous Nicole Knudson, Goddess of Video Gaming.

Nicole showed her tattoo.

Game Machine Man: So the legend is true. I have been wanting to meet you and do battle with you Nicole.

Nicole: Nice to know that I made an impression.

Me: But we can't fight in here. Otherwise we would destroy the whole treehouse and sending it falling into the Puerto Rico Trench.

Patient C: Um… I'm still here, you know.

Ghost: We know. Please head to somewhere safe.

Roquefort: But first, we're about to make a little trip.

Aqua: I'll look after Patient C for you.

Numbuh 4: Thanks Aqua.

Aqua went over to her and Ghost snapped her fingers and we saw that we were on a scary wooded planet with trees that looked like creepy stalagmites. We were on the moon of Anur Transyl: LUNA LOBO!

---

Luna Lobo is a lush, forest-covered moon - one of the few "beautiful" places in the whole Anur System.

A wooded moon, Luna Lobo's landscape is prowled with a race of cunning wolf-beasts with a thirst of blood. While these feral creatures mostly hunt in packs, it is a lone wolf beast that often proves to be the most savage of all.

Luna Lobo was once warped into the Null Void for a few years due to a major teleportation accident.[

---

Me: WHOA! Look at this planet.

Ghost: It's not a planet. It's the planet Anur Transyl's moon Luna Lobo.

Me: WHOA! So this is Luna Lobo.

Ben: I always wondered what the home planet of the Loboans was like.

Nico: It sure is a creepy place.

Riley: No kidding.

Julie Yamamoto: It sure is creepy.

Chione: But it's really cool.

We heard wolf howls and they gave us the creeps.

Me: Ooh. The Loboans are on the hunt.

Laney: Yeah.

Lola: Scary.

Me: Lets power up and calm the Toiletnator down.

We did so and went at them.

---

Battle 1: Saïx

---

Carol, Sinestro and Power Girl were facing Saïx.

Saïx: Glad Vince had an awesome birthday.

Carol: I am too Saïx.

Sinestro: Shall we dance?

Power Girl: Yeah.

Saïx: Lets dance.

He sent out his Pokemon and they went at him and Carol kicked him in the face and fired a wave of atomic energy and blasted him all over the place with incredible fiery explosions.

We were back in the Underwater Treehouse.

Me: Now Numbuh 4 has something to tell you Lou.

Numbuh 4: That's right. I found this out in this comic book.

He pulled out a comic book for Codename: Kids Next Door called Operation: H.I.S.T.O.R.I.E. and he showed it to the Toiletnator and he read his biography and what he saw was shocking!

Toiletnator: (to Numbuh 4) Wait. You're my nephew?!

Numbuh 4: That's right. You're my uncle. I know it's shocking but long ago, dad and you got separated and we didn't know about you until I read about you in that comic.

The Masters of Evil heard about that and they were surprised.

Ghost: Whoa. That is a shock.

Saïx: Who knew?

Toiletnator broke down crying.

Numbuh 4 comforted him.

Ghost: You know, Toiletnator, you're always welcome to join the Masters of Evil.

Roquefort: That's right. We'll treat you way better than Father ever did.

Toiletnator: (smiles) Thanks. I'll join up when I'm ready. But right now, I need to sort things out with myself.

Saix: (smiles back) We understand. Take all the time you need.

Numbuh 1: Toiletnator, you know we can't just let you walk out of here.

Toiletnator: (smirks) Don't you have to check up on Patient C?

Numbuh 2: He's got a point.

Me: Okay.

Aqua: She's okay.

Me: Good.

Me: Lou wait. We can take you to meet your brother.

Toiletnator: You can?

Me: We sure can. You two need some time to catch up like family.

Toiletnator: You're right. I haven't even met my brother in like ever.

Me: I know. But first we got to have a talk with those Kids Next Door scientists about believing all that bullshit about Cooties. After we drop off a little someone back to prison.

We went up to RD Lincoln.

RD Lincoln: (to Lori, Lynn, and Lola) I'm surprised you ugly girls are sending me back to jail with how violent you three are. (smirks) You three can kill me for that insult now.

Me: Shut up!

I punched him in the face and knocked him out. We sent him back to prison.

We went back to our submarine and talked to the KND Scientists and gave them a good scolding and told them about there being no such thing as cooties and how they are just being stupid and dumb and that Cooties are a bunch of stupid fairy tales. Later we went to the house of Mr. Beatles.

We arrived at the house and knocked on the door. With us were Dr. Light, Mr. Boss, the Common Cold and the Box Ghost. Answering the Door was Mr. Sydney Beatles.

Mr. Beatles: (Australian Accent) Well if it isn't Team Loud Phoenix Storm.

Me: Hello Mr. Beatles. How have you been?

Mr. Beatles: Good thank you.

Numbuh 4: Hiya dad. We came to talk to you about something.

We went into the house and we got to talking about his brother.

Me: So you see Mr. Beatles, we found your long-lost brother Lou. But he was under the guise of The Toiletnator.

Numbuh 1: That's right. He was one of my sectors enemies and we thought he wasn't that big of a villain.

Mr. Boss: Man Lou we didn't know you were Sydney's long lost twin brother.

Toiletnator: I didn't even know I had a brother.

Common Cold: That's all right.

Box Ghost: But I know just how you feel Toiletnator. I know how hard it is to be treated like a joke. It's not pleasant.

Me: Yeah. Lots of villains have been treated like dirt because most superheroes treated them like they were not much of a threat and more like comic relief.

Robin: It's true.

Mr. Beatles: I had no idea. But how did you guys find out about the Toiletnator being my brother?

Numbuh 4: J.D. showed me about him being your brother in this comic book he showed me.

He showed Mr. Beatles the comic and he read it and more and it just confirmed it.

Mr. Beatles: It's all true.

They went and hugged.

Me: I'm glad you're all reunited.

Numbuh 4: I've got a lot of catching up to do with my uncle.

Me: As long as he doesn't end up becoming like Benedict Uno.

Numbuh 4: Yeah. (To the viewers) This was an awesome adventure. But look for family you haven't even known about and look for more relatives you don't know.

Me: Good thinking.

We had a good time talking.

THE END

---

Another Fanfiction complete.

Operation O.U.T.B.R.E.A.K. from Codename: Kids Next Door was a funny episode. But it showed how stupid kids can be when they believe all that crud about girls having a stupid disease like cooties. Anybody that believes that there is a disease like cooties has a brain the size of a peanut. NicoChan11 gave me the ideas for this. Thanks man. Also Happy 25th Birthday to Vinjedi1995 and I hope you have an awesome birthday. Next up is where we take on the evil and notorious Sylvester Sneakly A.K.A. the Hooded Claw in The Perils of Penelope Pitstop and we're gonna send that monster to prison forever for trying to kill Penelope to claim her fortune she inherited all for himself. Watch out Hooded Claw, Team Loud Phoenix Storm and the Anthill Mob are coming for you.

See you all tomorrow.

# FORTUNE HEIRESS IN PERIL

IN MEMORY OF JANET WALDO

In the forests of Wisconsin, we were over at Camp Kidney and it was doing much better now that the fraudulent Scoutmaster Algonquin C. Lumpus is out of the picture. We were there to show Qin what the camp was like.

Lea: Welcome to Camp Kidney, Qin!

Qin: Wow. It's amazing.

Me: It sure is. And it looks like it is doing much better.

Lola: This place has certainly improved since we took Lumpus out.

Me: It sure has.

Nico: Oh yeah.

Qin: Who was Lumpus?

Me: His name was Algonquin C. Lumpus and he was a moose with a seriously screwed up mind.

I went over his history and told her about his crimes and what he did.

Qin: (Gasp) He locked the real scoutmaster in the closet and stole his job!?

Me: Yeah he sure did. Because of that he was declared criminally insane and he swore to get revenge. But Slinkman and Lazlo came to us and we hunted Lumpus and killed him.

Lana: And we ate him for dinner.

Qin: You ate Lumpus?

Me: He was an anthropomorphic moose and moose is really good meat.

Nico: It sure is. Just like we ate Jaws.

Qin: Oh yeah.

Nico: Yep.

Vince: The real scoutmaster of Camp Kidney is our friend Heffer Wolfe. He checks in on Camp Kidney every now and then and it's a great job for him. Whenever Heffer is not around Slinkman takes over for him.

Laney: Yep.

Qin: Wow.

Me: Yep. Scoutmaster Lumpus was declared the most hated creature in all of Wisconsin and after we sent his carcass back to Prickly Pines and they buried him in an unmarked grave.

Nico: Good riddance.

Lincoln: Yeah he deserves to be forgotten.

Lily: Yeah. Even if he was a tasty moose.

We saw Edward the Platypus coming.

Edward: Hey guys!

Me: Hiya Edward.

Qin: How have you been?

Edward: Doing really good.

Nico: Awesome.

Edward: Remember when I told Max's dad to send him to Math

Camp as to get payback for Jack?

Cybertron Ransack: Of course. Why?

Edward: I wasn't kidding. It actually is a real place.

Me: Wow. I hope Max is having a terrible time there.

We heard a scream of agony coming from the Math Camp.

Max Terrence: (In the distance) MAKE IT STOP! MAKE IT STOP! MAKE IT STOP AND KILL ME!

Spicer: (Laughs) That kids deserves this.

We laughed.

Commander Hoo-Ha then came.

Commander Hoo-Ha: Welcome back to Camp Kidney everyone.

Me: (Salutes) Good to see you again Commander Hoo-Ha sir!

Ultra Magnus: (salutes) Commander Hoo-Ha. How've you been?

Commander Hoo-Ha: Doing really well guys. The camp is doing better than ever now that Lumpus and Mucus are out of the picture.

Qin: Who is Mucus?

Me: She was an anthropomorphic warthog that hated all the Bean Scouts and she wanted Camp Kidney to burn. After we killed Lumpus we sent her to a maximum security insane asylum for the rest of her life. She's what we call a Sour Boar.

We laughed at my joke.

Luan: (Laughs) Good one J.D.

Eddy: (Laughs) Sour boar. That was a good one!

Me: Well she is an anthropomorphic warthog and she was one bad pig.

We laughed some more.

* * *

Later we were at the exquisite and lavish mansion of Racing Star of the Wacky Races and our friend Penelope Pitstop. She was showing us her awesome race car called The Compact Pussycat. It was an awesome car.

Volcana: Penelope, let me just say that your car looks awesome!

Penelope: Thank you, Volcana.

Me: Penelope has an awesome car and we even got to see her race several times.

Lola: We sure did.

Nico: And she raced with us on several occasions.

Marinette: That was awesome.

Bai Tza: It sure was.

Penelope: I was just about to head into town to get some more supplies. Would ya'll do me a favor and watch the house for me while I'm gone?

Me: Sure Penelope.

Penelope: Much obliged. I'll be back in 20 minutes.

Me: Okay.

Penelope left in her car and we got to watching her house.

* * *

French Narrator: (French Accent) 45 minutes later.

* * *

We waited for 45 minutes and Penelope hasn't returned.

Azula: Odd. It's been 45 minutes. Penelope should've been back by now.

Me: Weird. We better go see if she is all right.

Nico: Good idea.

We went into tough after we locked up the house and we went to the grocery store and saw Penelope's car still there.

Me: Well her car is still here.

Lincoln: Hey look. There's a piece of a green cloth here.

Me: Lets see.

I looked at it and analyzed it.

Me: Hmm. (Gasp) The Hooded Claw!

Lori: The Hooded Claw?

Lola: Who is the Hooded Claw?

Lily: That's what I was wondering myself.

Me: He's really Penelope Pitstop's lawyer and guardian Sylvester Sneakly. His goal is to kill Penelope Pitstop and claim her vast fortune all for himself.

I went over his history.

---

Sylvester Sneekly, also known as the Hooded Claw, is the main antagonist of the Hanna-Barbera animated television show The Perils of Penelope Pitstop. The show was a spin-off of a prior cartoon Wacky Races featuring the show's characters Penelope Pitstop and the Anthill Mob, but with the Hooded Claw replacing Dick Dastardly and Muttley as the primary villain (ironically the two would've appeared as supporting characters in early plans).

The Hooded Claw was the disguise used by heiress Penelope's lawyer and supposed guardian, Sylvester Sneakly, in a continuing effort to do away with Penelope, in order to make her family fortune his own. Sneakly would use his dual role (cartoon logic ignoring a limited disguise for his face and none for his voice) to set Penelope up for his latest trap, always in a different part of the world and based on the sights and history of the region, as well as the old-time damsel-in-distress stories.

Aiding him in this were two dim hirelings, the identical twin Bully Brothers; it seems likely the Claw wanted someone he could easily cheat, should his schemes succeed, but failed to compensate for their foolishness. Another factor likely holding him back (but firmly in keeping with the genre) was the complicated and slow workings of his death-traps. Frequently, one trap led right into another, with little or no stop till the end of the episode.

The Anthill Mob acted as Penelope's protectors: as easily fooled and misled as Penelope herself, but smarter than the Bully Brothers; once, when their personalities were inverted, their schemes to do away with Penelope were nearly successful. Modeled after the Seven Dwarves, the Mob's members each had a signature trait that alternately aided Penelope, or got her, and them, in even deeper trouble, moments the Claw never hesitated to exploit. They were a determined, resourceful lot, and once they caught on to the Claw's inevitable involvement, they moved hard to save their pretty charge, who soon rescued them in return.

As the supposedly kind and caring Sylvester Sneakly, the Claw called his charge 'Penelope', while in disguise, he only referred to her as Pitstop. One joke by the Claw mentioned Dick Dastardly by name; possibly an indication that this show shared a world with Wacky Races and Dick Dastardly And His Flying Machines. Hanna-Barbera shows were known for this sort of humor, with Yogi Bear appearing on The Flintstones, and a classmate of Elroy Jetson's watching reruns of The Flintstones on a wristwatch-TV.

Sylvester Sneekly often gave hints to his true identity to Penelope, and once changed into the Hooded Claw costume in front of her, but Penelope was unable to believe that the guardian she admired was the Hooded Claw, and dismissed the idea.

---

Everyone gasped.

Qin: That fiend!

Lincoln: We got to stop him!

Me: And we will. Penelope Pitstop has always been in constant peril because of Sneakly as the Hooded Claw. He will stop at nothing to get Penelope's fortune all for himself.

Leni: How much is her fortune worth?

Lisa Loud: Her fortune that she inherited is worth $928,375,892,875,865,766,888.28.

Everyone: WHOA!

Laney: That's a huge fortune.

Lily: It sure is.

Me: But we won't let the Hooded Claw get one single red cent. (Eyes glow red)

Nico: But where did the Red Claw take Penelope? He could be anywhere in the country or the world.

Me: Luckily the satellites can find him.

I looked it up on my device and it showed that he was out in the boondocks of eastern Utah 100 miles east southeast of Salt Lake City.

Clay Bailey: (Texas Accent) I know that location. That's the abandoned 9 Mile Canyon Ghost Town. It's 2 hours away from Salt Lake City

Me: That place has been abandoned for years and a lot of people still visit it. Very stereotypical for a criminal mastermind like Sneakly. But lets head over there and fast!

Nico: Right.

Me: And we better take Penelope's car with us. Good thing it has a compact function.

I pressed a button and it turned into a Makeup Compact.

Lori: Oh that is literally so cool.

Luna: Rockin dudes.

I picked it up and put it in my pocket.

Me: It's time to send that murderous freak to the stony lonesome!

We were off to the 9 Mile Canyon Ghost Town in Utah.

## 9 MILE CANYON GHOST TOWN, UTAH

We arrived at the 9 Mile Canyon Ghost Town and it was a really old and abandoned town that was left to rot like an open wound.

Nico: Wow. This town is really old.

Me: It's been that way since the Old West. No one has been here for 134 years.

Lana: Really old.

Timon: Talk about your fixer upper.

Pumbaa: No kidding.

Me: This whole area is the ghost town of Harper, Utah. It was an old stagecoach town back in 1886.

Laney: Wow. Long time ago.

Lincoln: No kidding.

Clay Bailey: I know this area all too well partners. It would make a really good hideout for an old sidewinder like the Hooded Claw.

Lori: You're telling me Clay.

Luan: Weren't a lot of movies made by John Wayne filmed in Utah?

Me: Most of them were filmed around the Western parts of the United States. But only 11 of them were filmed here in Utah.

Lola: That's not very many.

Me: I know.

We heard a scream.

Me: Penelope.

We hid behind a building and we saw the HOODED CLAW and he had Penelope tied up and dangling over a pool of boiling molten lava!

Hooded Claw: I've got you now Pitstop and your fortune will be mine. (Evil Laughter)

Penelope: H-A-L-PP!

But then an earthquake shook the area and out of huge cracks in the ground arose powerful crystal clusters and the divine singing of angels was heard as beams of rainbow light fired into the air and we appeared out of the rainbow light beams and landed in front of them.

Me: Now that was an entrance.

Max Steel: It sure was.

Hooded Claw: Make one wrong move and Penelope falls into the lava!

Bounce Man: Not if I catch her first!

Me: You can take off that dumb mask and cloak Sylvester Sneakly.

Sylvester Sneakly then took off his mask and cloak and Penelope gasped in shock!

Penelope: Sylvester Sneakly!?

Sylvester Sneakly: That's right Penelope.

Penelope: But why?

Me: He was trying to kill you all those times so he can get your vast fortune all for himself.

Nico: That's right.

Sylvester Sneakly: Also how did you all know it was me?

Me: I've watched the show The Perils of Penelope Pitstop more times than anyone else on the Internet.

Sylvester Sneakly: Oh.

Me: But I'm not letting you kill Penelope on our watch!

I spun my Magisword Bracelet and pulled out a Magisword.

Announce: GUMMY STICKY HAND MAGISWORD!

Me: (To the Viewers) We haven't used these in a while have we?

I swung the Gummy hand and it grabbed Penelope and pulled her over to us and Laney cut her free.

Penelope: Thank you all so much.

Me: No problem Penelope. Now we can put this so-called lawyer of yours into prison where he belongs!

?: And we'll gladly help you out.

We saw an old Model A Ford car come up.

Me: That's an old 1927 Model A Ford. We haven't used cars like those in almost 100 years.

Out of the car came the good mafia and Penelope Pitstop's protectors and bodyguards, the Anthill Mob: Clyde, Ring-A-Ding (Don Messick), Danny, Rug Bug Benny, Mac, Kirby and Willy.

Clyde (Anthill Mob): Long time no see J.D.

Me: Hey Clyde. Good to see you guys again.

Mac: We came to help you out.

Me: We're going to throw Penelope Pitstop's evil Lawyer in prison forever.

Clyde (Anthill Mob): What!? Sylvester Sneakly is the Hooded Claw!?

Me: That's right. He tried getting Penelope killed so many times so he can get her vast fortune all for himself.

The Anthill Mob gasped.

Me: Yeah. Now he and his cronies will pay.

But then Captain Cold, Larxene and Vanitas appeared.

Me: Captain Cold, Vanitas and Larxene.

Larxene: That's right.

Captain Cold: Penelope, I just want to say that the three of us had nothing to do with Sylvester's plans.

Penelope: I know, Snart. And I'm grateful for that.

Vanitas: I hope your car wasn't damaged.

Me: No I have it right her.

I pulled out the makeup compact.

Penelope: Thank you so much J.D.

Me: No problem Penelope.

I gave it to her.

?: I think I'm gonna be sick.

3 figures came out and it was THE PLANT SISTERS: GRAPE, HOUSENKA and SUZURAN!

Sailor Earth: Grape, Housenka and Suzuran.

Grape: Long time no see Sailor Girl.

Housenka: You're gonna wish you were never born.

Maria: Are you three related to the Kisenian Blossom?

Grape: Oh, please! She's nothing compared to us.

Shanan: I didn't expect Queen Beryl to have 3 Ivynyans in her employ.

Suzuran: I'm impressed that you know about our kind Shanan.

Qin: What are the Ivynyans?

Shanan: They are a deadly race of plant warriors that come from the jungle planet Ivyus. It's located in the Sombrero Galaxy and the Ivynyans are the deadliest warriors in all of their galaxy. They were considered one of the most feared races in the universe until their entire planet was destroyed when a massive Gamma Ray Burst hit it head on.

Qin: That's horrible!

Suzuran: That's correct Shanan.

Housenka: We're very impressed that you know all about that.

Shanan: I know about so much of the universe and what is out there.

Nico: You are just as deadly as the Saiyans were before Planet Vegeta was destroyed.

Grape: That's right.

Me: It's time to take you bozos down!

Emma: You're in for a treat, Penelope.

Megaforce Rangers: Legendary Ranger Mode: Animal Supersquad!

The Megaforce Rangers turned into the Maskman rangers.

Penelope: Amazing!

Me: Lets get them!

Volcana: Since I'm facing Larxene and helping Qin, I'll do this.
SHADOW CLONE!

She made a shadow clone. Now she can be in many places at one.

We powered up and went at them.

---

Battle 1: Vanitas

---

Spiderman, Bounce Man and Toad Man were facing Vanitas.

Spiderman: This is gonna be so awesome.

Toad Man: It sure is.

Bounce Man: Time to bounce all over.

Vanitas called out his Incineroar.

Vanitas: Lets dance.

Spiderman fired blasts of webbing and Bounce Man fired lots of bouncy balls and Toad Man fired waves of acid rain and the blasts hit Vanitas and his Pokemon and knocked them out in a fiery explosion.

KRABBBBBOOOOOOOOOOOOOOOOOOMMMM!

Spiderman: Another awesome victory for your friendly neighborhood Spiderman.

---

Battle 2: Captain Cold

---

Qin, Volcana's Clone and Torch Man were facing Captain Cold.

Qin: This is gonna be a fiery battle.

Volcana: You said it.

Torch Man: Yeah!

Captain Cold: This will be a good one.

The police took him away.

Me: Awesome battle.

Chef Pepper Jack: Oooey! It was. By the way J.D. you should let me join the Redemption Squad. I am also a really good chef as well as a great fighter.

Me: I can see that Chef Pepper Jack.

Chef Pepper Jack: It would be good to be free after having been trapped in there for 3 years and smelling the scent of mustard.

Me: Really?

I smelled the Traptanium crystal he was in and it smelled like yellow mustard.

Me: Hm. It really does smell like mustard. All right we'll let you out Chef.

William: Welcome aboard Chef Pepper Jack.

We went back to Michigan and Penelope was placed under our protection should Sylvester Sneakly escape. But luckily that will never happen. Sneakly was indicted by the federal court system and was found guilty of numerous counts of kidnapping and attempted murder, conspiracy to commit attempted murder and attempted murder for financial gain. He was sentenced 7,817 life sentences plus 10,928,846,936 years in federal prison with no hope for parole and he was ordered to pay Penelope Pitstop $299,999,999,999,999,999,999,999,999,999,999,999,999,999,999,999,999 in restitution.

BURN IN HELL SNEAKLY!

He was gonna serve his sentence in the Uranus Prison.

---

Sunburn: Chef Pepper Jack is Skylands most famous and most renowned chef and he cooks great food.

Spyro: He may have been a villain when we first fought him, but he is still a great chef.

Me: And I love nuclear hot food.

Lynn: Me too.

Penelope Pitstop: (To the viewers) Be careful with who you trust and make sure that they aren't fortune hunters out to kill you.

Me: Good advice Penelope.

Ed Cowart: You said it.

Vince: Yep.

We had a great lunch.

THE END

---

Another awesome fanfiction complete.

The Perils of Penelope Pitstop was one of my favorite cartoons when I was a kid and it was awesome how the Ant Hill Mob always saved Penelope from danger. But what Sylvester Sneakly was doing was terrible beyond all words. I've seen what happens to Fortune Hunters in Crime Documentaries and they usually end up getting caught and thrown into prison or put on death row. This chapter was made in honor of Penelope Pitstop's voice actress: The late Janet Waldo, who voiced Judy Jetson in The Jetson's Nancy in Shazzan, Penelope Pitstop as in both The Perils of Penelope Pitstop and Wacky Races and Josie in Josie and the Pussycats. She was great and will forever be missed. She was 97 when she when she died.

R.I.P. Janet Waldo, February 4th, 1919 to June 12th, 2016.

NicoChan11 gave me the ideas for this one. Thanks man. Next up is the revenge of Prohyas and Vambre's rivals from Witch Way. We are gonna face the evil Morbidia and Gattau almost 3 and a half years after they were banished from Lyvsheria forever when Lana got everyone together and she banished them. We're coming for you Witch Way and you had better start praying.

See you all tomorrow.

# Exorcism of Witch Way

In the early morning hours, Lana was sleeping. It was 3:16 AM and she was having a really strange nightmare. She was thrashing around in her sleep and dripping cold sweat. In her dream she was back in the kingdom of Lysheria and she saw that the evil rivals of Prohyas and Vambre have returned and are back to get revenge. This time they swore to kill them and take their place in the best.

But later at 8:15 AM Lana woke up and she screamed.

Lana: (Screams)

Natilee came in.

Natilee: Lana! Are you all right?

Lana: I think so. I had a really weird nightmare.

Natilee sat on her bed.

Natilee: What was your nightmare about?

Lana: Witch Way who were exiled 4 years ago. I think they might have returned like they said they would.

Natilee: Your dream was a message. A warning.

Lana: That could be the case.

Natilee: Lets head downstairs for breakfast.

Lana: Okay.

They went downstairs to breakfast. They were having pancakes and waffles. Prohyas and Vambre made them with their awesome Magiswords.

Me: (Eating) Good pancakes.

Prohyas: Thank you J.D.

Vambre: (British Accent) I like waffles just as much as Pancakes.

Me: It doesn't matter to me.

Tara: Same here.

Me: So Lana you had a dream that told you that Witch Way has come back to get revenge?

Lana: Yeah I think they have finally come back to get revenge.

Vambre: I think that's a load of rubbish. Morbidia and Gateaux have been exiled 4 years ago.

Me: I remember that.

Natilee: As much as I hate to disagree with dad Vambre, I think Lana is right. Dreams have often been known to be visions into the future or events that are going to happen. I think Lana might have had a vision that has given us our next upcoming mission.

Vambre: Hmm. That could be the case.

Nico: Yeah.

Then there was a knock on the door.

Me: I'll get that.

I went to the door and saw no one there?

Girl Voice: J.D. Knudson?

Me: Yes?

Girl voice: Down here.

I looked down and saw that there was a Jolteon, a Vaporeon and a Flareon.

Me: A Jolteon, Vaporeon and Flareon.

Lola: And they can talk?

Misty: They are so cute. I love a Vaporeon.

Bai Tza: Did you three used to be human?

Vaporeon: That's right. We're actually humans turned into Pokemon.

Me: Team Rocket's dirty work.

Serena: Wait a second. Hailey, Jenelle and Marina? Is that you?

Marina: It sure is us Serena.

Hailey: Good to see you again Serena.

Me: So you three are friends of Serena?

Janelle: That's right. We are the Kerumma Sisters. I'm Janelle and I'm now a Jolteon.

Marina: I'm Marina and I'm now a Vaporeon.

Hailey: And I'm Hailey and I'm now a Flareon.

Me: Wow. It's a pleasure to meet you girls.

William: You three look cute as 3 Eevee Evolutions.

Maria: You sure do.

Janelle: Thanks.

Me: How did this happen to you if I might ask?

Luna: Yeah dudes, what were you guys doing before you transformed?

Janelle: We were in the Kalos region when it happened.

Marina: We were traveling to our next gym for our gym battle.

Hailey: But then we felt us get hit with tranquilizer darts and then next thing we knew, we got turned into 3 awesome Pokemon.

Me: Those sick scientists of Team Rocket. We need to find them all and destroy them.

Carolyn Hope: I can call my friends over at Headquarters to find them and destroy them.

Me: Good. But we can make you three human again?

Hailey: You can?

Me: I sure can.

Marina: Awesome.

They came in and they stood ready.

Skullcruncher: You girls ready to become human again?

Hailey: We sure are.

Me: Okay but this is gonna hurt. Really bad.

Janelle: Okay. Thanks for the warning. We're ready.

Me: Okay. Boys cover your eyes.

They did so.

Me: Here we go.

I snapped my fingers and covered my eyes and the 3 girls were in excruciating pain. Their paws turned back into hands and feet, their skin turned back and their eyes turned back too. Janelle had blond hair with purple highlights that looked like lightning and she had yellow eyes, Marina had blue hair with ocean wave hair and blue eyes and Hailey had red, orange and yellow hair that looked like fire and she had red eyes. They were back to normal but they were naked.

Leni, Teresa and Maria gave them robes and put them on the girls.

Warpath: How do you girls feel?

Marina: Better than ever.

Janelle: Oh thanks for the robes.

Maria: You're welcome.

Leni: You're totes welcome.

Teresa: Lets get you three some new clothes.

Hailey: Thanks Teresa.

They went up to Leni's room to get some clothes.

---

In Leni's room, the 3 girls looked incredible. Janelle had a purple shirt with lightning on it and she had yellow pants with purple lightning on them and she had yellow shoes and she had lightning bolt earrings and a black headband on and she had a black sleeveless trench coat that had a raging thunderstorm on it and it had the kanji for Janelle Kerumma, Thunderstorm of the Lightning of Justice on the back.

正義の稲妻のジャネル・ケルマ雷雨

She also had a deadly spear of lightning.

Hailey had a red shirt with fire on it and she had red pants with flames on them and she had red shoes. She also had fire earrings and a phoenix beret and she had a red sleeveless trench coat with fire on it and she had the kanji for Hailey Kerumma, Inferno of the Flames of Compassion on the back.

慈悲の炎のインフェルノ、ヘイリー・ケルンマ

She also had a fire longsword on her back.

Marina had a blue shirt with a mermaid on it and she had blue pants with ocean waves on them and she had blue shoes. She also had a blue bracelet that had raindrops on it and she had mermaid earrings and a mermaid necklace. She also had a sleeveless blue trench coat with ocean waves on it and it had a couple of mermaids swimming on it and she had the kanji for Marina Kerumma, Mermaid of the Water of Friendship and Virtue on the back.

友情と美徳の水の人魚、マリーナケルンマ

She also had a deadly axe in the shape of a snowflake with drops of water along it.

Hailey: Wow! I look awesome.

Janelle: We sure do. These outfits are amazing.

Marina: I'll say.

Leni: It's our fashion trend we have here.

Maria: It's part of what we wear for the team. It's very stylish.

Teresa: It sure is.

Maria: But you girls will also have awesome powers as a result of turning into Pokemon.

Marina: I had a feeling that would happen.

Janelle: This is gonna be awesome.

Hailey: Yeah. We have a lot of catching up to do with Serena.

Maria: Cool.

Hailey, Janelle and Marina's stomach's growled.

Janelle: Whoa. We're hungry.

Teresa: Lets get you some food.

They went to the kitchen and got them some food.

---

Later in the Living Room, we were discussing on how to deal with Witch Way. Luckily I have come up with a plan.

Paragus: I think this is one of the times where we can't be reckless and actually have a solid plan.

Me: I agree with you Paragus. Luckily I have already formulated a plan.

Lana unrolled a set of blueprints and they were for those of Witch Way's abandoned house that they used to live in before they were exiled.

Me: Witch Way uses dark magic for their business and they claim that they are much better than the Warriors for Hire in every way. So if we launch a frontal attack, they'll be prepared for us and know where to strike us right off the bat. Our best chance is to lure them out of their home and hit them where they are most vulnerable. We're gonna blow up their house from the basement. Scorponok, that's where you come in. You launch a cyber bee bomb into their basement and arm it for detonation.

Scorponok: Right.

Me: Now we need to have a way to lure Morbidia and Gateaux out of the house before we blow it up. Prohyas, Vambre, that's where you come in. You will feign that you will admit defeat and that Witch Way is better than you and have them try to get you to sign a contract that is legit.

Michael Morningstar: One of us who has good handwriting should write the contract.

Me: No need. Morbidia and Gateaux will have the contract ready.

Brittney: Dad's right. The spirits of darkness told me that they have a contract all set for Prohyas and Vambre.

Me: Good.

Nico: Awesome plan.

Me: After we blow up the Witch Way house, it'll hopefully get the attention of everyone in Lyvsheria.

Lana: Awesome!

Laney: That's a really good plan.

Naruto: It sure is.

Girl Jordan: It's time for action.

Lincoln: It's time to put Operation: Blow Up Witch Way's House And Get Rid Of Witch Way Forever So That Prohyas And Vambre Will Never Have To See Them Again And Think Of A Shorter Name For This Operation, into action.

Me: How about Operation: Witch Way Exorcism?

Lola: That's perfect.

Lincoln: That works perfectly.

Me: All right. Lets head out for Lyvsheria.

Lucy cut a portal and it lead to the land of Lyvsheria.

Me: Wow. So this is Lyvsheria.

Lana: Yep. Nice place huh?

Prohyas: Ah home sweet home.

Vambre: Indeed. It feels good to be back.

Me: Lets focus.

Lana: I know where Witch Way is. Follow me.

We followed Lana and we were lead to the woods of Witch Way and they were a haunted and terrifying place. We hid behind a hill. The house of Witch Way was all dilapidated and abandoned and empty.

Me: There it is. Wow. It was left there to rot like an open wound.

Laney: Yeah.

Lana: Its been 4 years since we exiled them.

Me: Okay here we go.

Scorponok: Right. Scorponok, TERRORIZE.

He transformed and held up his right pincher and inside it was a cyber bee.

Scorponok: Cyber Bee bomb launch.

He launched it and it flew down into their basement and the bees red eyes turned on and it showed it was armed.

Scorponok: Bomb is armed.

He handed me the detonator.

Scorponok: Beast mode.

He went back to scorpion mode.

Me: Excellent. Phase 1 complete. Now for phase two.

I spun my bracelet and pulled out a Magisword.

Announcer: (Loudly) HOOK…

Me: (To the announcer) Shhh!

Announcer: (Whispers) Oops sorry. Hook Magisword.

Me: (Whispers) Okay Prohyas, Vambre, you're up.

Prohyas and Vambre went over to the front of the house and I extended the hook and rang the doorbell and it came back to me. Morbidia and Gateaux came out.

---

Morbidia Steinberg (mostly known as Morbidia) is one of the main antagonists of Cartoon Network's 54th tv series Mighty Magiswords she & her partner Gateaux are arch-rivals of the warriors for hire.

She was voiced by Candi Milo in the short & Mary Faber in the TV Series.

Nothing is actually known about Morbidia's past except that She & Gateaux sometime met each other and later became partners before they met the Warriors for Hire (Vambre, and Prohyas) at Adventure Academy where she and her partner started bullying them. Before the events of the series, She & her partner Gateaux, were hired sometime by Docky Boardman.

---

Morbidia: Hello?

Gateaux: Hello?

They saw Prohyas and Vambre.

Morbidia: YOU!

Gateaux: YOU!

Vambre: That's right. We've come to surrender.

Morbidia: Huh?

Gateaux: Huh?

Morbidia: Would you stop that Gateaux?

Prohyas: Yes we have come to tell you that you win and that Witch Way is better than us in every way and that we will surrender to you.

Vambre: That's right. Our rivalry is now pointless and we realize that you are better than us.

Morbidia: (Excited) Well it's about time you came to your senses! Now please sign this.

She pulled out the contract and went over to the Warriors.

Maria: (whispers) Looks like it's time to detonate the bomb.

Blizzard Man: (whispers) This time, let's do an entrance using ice or snow.

Me: (Whispers) Okay.

I held out the detonator.

Me: Showtime.

I pressed the red button and then…

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole house exploded with incredible power into a massive fireball and the explosion blew Morbidia and Gateaux far away from the blast. The explosion was so powerful that it could be seen all the way from Castle Rhyboflavin and Princess Zange gathered her friends and troops and all of Prohyas and Vambre's friends and family went to help out.

Morbidia and Gateaux fell to the ground and then a massive snow storm appeared out of nowhere and they formed deadly snow tornadoes and the singing of Snow Women was heard all over.

And then we appeared in waves of snow and we were ready.

Me: Morbidia and Gateaux.

Nico: You two are in really big trouble!

Eddy: What a couple of saps!

Lana: (Offscreen) I agree.

Lana came and she had Frog Helmet with her.

Helmet: Let me go you dork!

Lana: Not gonna happen frog boy.

Morbidia: YOU! You're the little brat that got us banished!

Lana: My name is Lana Loud.

She threw Helmet and he smashed into Morbidia's face.

BLANG!

Morbidia lost all of her teeth.

Me: You two are going down.

Announcer: RADIATOR MAGISWORD!

I pulled out said Magisword.

Me: Try this one on.

The Red Light came on and I fired a blast of scalding hot water at Morbidia and Gateaux and they screamed in pain as they were burned all over and it hurt like hell.

But then I was engulfed in a raging fire aura because of the heat of the Radiator Magisword.

Vambre: We fooled you all along Morbidia and Gateaux. We would never surrender to you ever.

Prohyas: That's right. Now you will pay for your crimes.

Vambre got out a Magisword.

Announcer: BRICK MAGISWORD!

Qin: Let me get in on this.

She spun her bracelet and pulled out a Magisword.

Announcer: FROG MISSILE MAGISWORD!

Vambre fired bricks at Morbidia and Qin fired frog missiles at Gateaux and they hit them and smashed them all over the place.

Then all of Prohyas and Vambre's friends came.

Witchy Simone: Hey guys!

Vambre: Simone!

They hugged.

Princess Zange: Like we were so worried about you dudes.

Ralphio: We sure were.

Princess Zange: And little Lana. It's great to see you again.

Lana: Same to you your highness.

Me: It's an honor to meet you Princess Zange.

Princess Zange: Team Loud Phoenix Storm. Wow!

Witchy Simone: OH MY GOSH, OH MY GOSH, OH MY GOSH, OH MY GOSH, OH MY GOSH! It's an honor to meet you all!

Me: Same here.

Kablammica: (Minnesota Accent) Thank goodness you were taking care of my children don't you know.

Me: It's a pleasure to meet you Kablamica. Your kids were in good hands.

Nico: Yep. Now we have to deal with these clods.

Witchy Simone: Lets get them!

Announcer: ANVIL MAGISWORD!

Kablammica: Yeah!

Announcer: CACTUS MAGISWORD!

Me: Time for some serious pain!

Announcer: LOBSTER CLAW MAGISWORD!

We were ready.

But then Skinner, Chalmers and Cargill came.

Skinner: Hey guys.

Me: Didn't expect you all to show up. Usually the Masters of Evil send you out last.

Cargill: Not this time.

Skinner: I'm actually impressed that you came up with this plan.

Maria: I'm glad you are, Skinner.

Chalmers: Usually, you guys are reckless and charge in.

Me: Yeah but knowing the power of Witch Way they would have predetermined where we would strike.

Varie: That's right.

A roar was heard and then out came an ugly gorilla-like creature and it was POX!

---

Pox is one of the Seven Shadows. He can run fast, and has good enough strength to throw people around. He appeared in Sailor Moon Episode 26, Grandpa's Follies.

After being imprisoned in the earth's atmosphere, Pox was reborn inside Grandpa Hino, the sixth crystal carrier. Zoycite took out the indigo rainbow crystal and then transformed Grandpa into Pox. Pox fought Sailor Moon, who almost destroyed him with her tiara (which would have killed Grandpa as well) when Raye stopped her. She later threw a scroll attack on him, and he was healed by Sailor Moon using Moon Healing Activation. Pox was killed when Grandpa was healed, and was unable to be awakened by the Negaverse again.

---

Sailor Mars: Oh no! Pox!

Pox roared ferociously!

William: (sees Pox) Raye, is that your grandfather?!

Sailor Mars: Yes it is!

Shanan: Oh mother of all things great and small! I didn't think Queen Beryl would have a Hanorilla in her forces.

Qin: What is a Hanorilla?

Shanan: They are a race of primordial gorilla aliens from the prehistoric forest planet Neanthera. They are a feral gorilla race that will smash anything in their paths and kill them in an instant with their brute strength. The carry the strength of 100 gorillas and are that savage.

Laney: Whoa! They must be that lethal!

Aylene C.: No kidding!

Nico: I'll face Pox. The Saiyans and the Hanorilla's are deadly rivals.

Me: Get him Nico.

Gia: Time to bring Witch Way down!

Megaforce Rangers: (Except Orion) Legendary Ranger Mode: Starforce Pentasquad!

The Megaforce Rangers turned into the Star Force Fiveman.

Orion: Legendary Ranger Mode: Mighty Morphin White!

Orion turned into the White Mighty Morphin Ranger.

Me: Lets get them!

We powered up and went at them!

---

Battle 1: Cargill

---

Girl Jordan, Oceanus Shenron, Paragus, Marina Kerumma and Francisca were facing Cargill.

Cargill: Who is the new girl?

Oceanus Shenron: She's a friend of Serena. She was turned into a Vaporeon.

Paragus: By those stupid Team Rocket Scientists.

Marina: Yeah.

Girl Jordan: We have to destroy those scientists at all costs.

Cargill: I can get the Masters of Evil to help stop them.

Girl Jordan: Awesome.

Francisca: Cool.

Cargill sent out his Pokemon and Francisca, Girl Jordan, Oceanus Shenron and Marina fired waves of water and Paragus fired a blast of energy. The blasts hit Cargill and his Pokemon and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They were knocked out.

Girl Jordan: Awesome victory.

---

Battle 2: Chalmers

---

Winx Club Stella, Michael Morningstar, Sunny, Hailey Kerumma and Flamberge were facing Chalmers.

Chalmers: Added some new recruits I see.

Stella: Long story.

Hailey: I'm one of Serena's friends and I was gene-slammed into a Flareon.

Flamberge: It's not pretty.

Michael Morningstar: It was because of those accursed Team Rocket Scientists.

Sunny: Awful men.

Chalmers: Those guys need to be stopped.

Stella: I agree.

Chalmers called out his Pokemon and they went at him and fired blasts of light, fire and mana and the blasts hit him and exploded.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked them out.

Stella: That victory lights you up.

---

Skinner: I see you have a new recruit.

Dana: She is one of Serena's friends.

Janelle: I was turned into a Jolteon by those Team Rocket scientists.

Blizzard Man: Sick nimrods are out to destroy everyone's humanity by turning them into Pokemon.

Skinner: Oh dear God!

Zan Partizanne: Yeah it's absolutely sick.

Tundra Man: We have to take down all those scientists now.

Skinner: I know. It's awful that they can do that. Lets dance shall we?

Dana: Lets.

Sknner called out his Pokemon and Dana, Blizzard Man and Tundra Man fired waves of ice and Janelle and Zan Partizanne fired massive blasts of lightning and the blasts hit Skinner and knocked him and his Pokemon out.

Dana: Yeah!

---

Battle 4: Pox

---

Nico and the Megaforce Rangers faced Pox.

Nico went at him and punched him in the face and kicked him in the stomach.

Nico: Bring it on monkey boy!

Nico fired waves of energy and the Megaforce Rangers fired blasts of energy at Pox and the blasts hit him and obliterated him in an instant.

Nico: Pox you have failed this universe.

Troy Burrows: Super Mega Rangers, that's a Super Mega Win.

---

## Battle 5: Morbidia and Gateaux.

---

We regrouped and we were facing Morbidia and Gateaux.

Me: It's over for you 2. You will pay for your crimes.

Liberty: You aren't the only one that can use magic. THE AMBER SPEAR!

Liberty fired a spear of amber energy and it hit Morbidia and exploded.

KRABBBBBBOOOOOOOOOOOOMMMMMMM!

Liberty: BLADEWIND!

Liberty fired a massive barrage of blades that sailed across the area and they cut Gateaux and Morbidia all over.

We then went at Morbidia and I pinched Morbidia in the stomach with the Lobster Claw Magisword and she screamed in excruciating pain and

Nico: Take this one.

Announcer: BEEHIVE MAGISWORD!

Nico fired a swarm of bees and they stung Gateaux and Morbidia all over and it really hurt.

Lana: Try this one!

Announcer: HOT OIL MAGISWORD!

Lana fired a wave of scalding hot oil and burned them all over. Badly.

Laney: And try this one.

Announcer: MASK MAGISWORD!

Laney got infuriated with eyes glowing red and she fired a mask at Gateaux and it stuck onto him and he was ballistically enraged!

Gateaux: (Enraged) I HATE EVERYTHING! I WILL KILL ALL OF YOU AND MAKE ALL SUFFER! DIE!

Me: Try this one!

Announcer: EXPLODING BUBBLE MAGISWORD!

I fired waves of bubbles and they entombed Morbidia and Gateaux and exploded!

Lori: Lets see how she likes this one.

Announcer: SPIDER WEB MAGISWORD!

Lori fired webs and bound Gateaux.

She summoned the terrifying King Basilisk.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

KRASPPPLLLAAAAAAAAAAAATTTTTTT!

Morbidia and Gateaux were defeated.

Me: Now that's what I call a Food Fight. (Rimshot)

We laughed.

Luan: (Laughs) Good one J.D.!

Nico: (Laughs) That was funny!

Eddy: (Laughs) That was a good one.

But Morbidia and Gateaux were not finished yet!

Morbidia: (ENRAGED GROWLING!) I AM NOT DONE YET!

She took off her glove and we saw that she had a Dark Orb imbedded in her hand and she pressed it and then we felt her energy building up!

Gohan: OH NO! The Dark Orb is turning hers and Gateaux's life force into energy! They're making bombs out of their own bodies!

Me: They're gonna try to blow themselves up and take us with them!

Prohyas: She's gonna blow us all up if we don't do something!

Spiderman: I can use my webs to throw her into the air!

Homer: Or we can teleport her to Shelbyville. No one likes Shelbyville!

Me: Good idea Homer.

I snapped my fingers and sent them to Shelbyville, Oregon and then Morbidia and Gateaux exploded with incredible power and took the whole town with them!

***KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion completely obliterated all of Shelbyville with the power of a 25 megaton nuke and destroyed it all. Shelbyville was the most incestuous town ever in all of Oregon and it needed to be destroyed.

It was reduced to a crater.

Me: That was a close one.

Nico: No kidding.

Me: Morbidia and Gateaux have been silenced forever.

Nicole: And sealed into the Book of Vile Darkness.

Me: Good riddance.

The Masters of Evil came.

Skinner: That was intense.

Girl Jordan: No kidding.

Cargill: In a few days, we'd like to come over and discuss 5 possible new recrutis to the Masters of Evil along with Toiletnator.

Vambre: Why do you need to discuss it with us?

Chalmers: To avoid recruiting people who are like Burns and Quimby by mistake.

Maria: Okay. I see your point. But usually, you guys recruit members on your own.

Skinner: Well, this time, we'd like your input.

William: Ok. That sounds fair.

Me: Better to be safe than sorry. But I have another recruit for you.

I pulled out the black Kaos Crystal from my pocket and gave it to Cargill.

Me: We haven't been giving Kaos any attention over the last 3 and a half to 4 years ever since we trapped him during our first fight with him at Skylands. So we figured you guys might as well give him one of us as his Frenemies. He did help the Skylanders a few times in the past and so did Glumshanks. So give him a home and one of us as his archenemies. He already has the Skylanders. So why not have one of us too?

Cargill: Ah. Thanks J.D.

The Masters of Evil teleport out.

Nico: Looks like Kaos is part of their group.

Me: Yep.

Our stomachs then growled.

Me: Whoa. Hungry.

Prohyas: I know just the place for us to eat.

Announcer: SOON… AT SLUGBURGER!

We were over at Prohyas's favorite restaurant Slugburger. And it looked awesome.

---

Slugburger is a fast-food restaraunt in Rhyboflavin. Prohyas is a frequent customer, and a huge fan of Slugburger, to the extent he pre-ordered a "Mega Mollusk Deluxe" sandwich in "Identity Theft". The restaurant frequently serves Slugburgers, Double Slugburgers, Belch Zero, Escarfries, and Philly Cheeseslugs. An unpopular alternative to the Slugburger is the Beetle Burger, which may be akin to veggie burger, or a menu item from a less popular restaurant. Slugburgers look like regular burgers.,except for their bright yellow slug patties in the center, which do not resemble the burgers spawned from the Excaliburger Magisword. Vambre generally dislikes Slugburger, and does not believe their food to be high-quality, though she did seem to enjoy the Chiton Panini that was offered in "Dungeons and Dayjobs".

Lola: Man these are all delicious!

Fu: They sure are.

Jared: I love the Hot Broccoli Nuggets. They are delicious.

Lincoln: They sure are. (Eats Escarfries)

Laney: Delicious.

We moved the Kingdom of Lyvsheria to Earth in Michigan and it was a perfect addition for it.

Prohyas: (To the Viewers) Magiswords and Awesome Powers can go a long way. But be careful with who you know and make sure they aren't like Witch Way.

Me: You said it.

We had a great time. We were also gonna help the Warriors get more awesome Magiswords never seen before.

THE END

---

Another awesome fanfic done.

I am sorry I haven't done another chapter of Mighty Magiswords in a long time and it'll be having more scenes where we help Prohyas and Vambre and friends in the future. Witch Way was the worst villains ever in the series. But they are gone forever now. NicoChan11 gave me the ideas for this. Thanks man. Next up is the SpongeBob episode Suds and poor SpongeBob caught the Suds and he is really sick and the Neptune Crusaders and some of the Masters of Evil are gonna try their best to help him get better.

See you all tomorrow.

# SUDS

At the Estate, a huge argument was ensuing as we were talking with the Masters of Evil about their next recruits. That argument was with Homer Simpson and Marge Bouvier.

Homer: WILL YOU SHUT THE FUCK UP!?

Marge: You are such a worthless loser! I should've married Sideshow Mel because he's better than you!

Homer: Like you are one to talk. You never gave a flying fuck about what I liked and you only cared about no one but yourself! (Mocking Marge) Ooh my name is Marge and I have a flat chest and a raspy voice that sounds like my dumb sisters that poison the air with their constant smoking!

Marge: I don't sound like that!

Homer: You constantly nag and you drive so many people insane with your stupid nagging! I wish you were never born!

Marge gasped!

WHOA! CRUEL!

Robo Roxy (to Marge): Hey, Marge! Will you shut up? Me and my team are trying to come up with new recruits. (to Homer) I really hope you find a new wife soon, Homer.

Homer: I hope so too Robo-Roxy. But I think I have the right person in mind.

Homer and Robo-Roxy left.

Me: That Marge is getting worse. Patty, Selma does Marge have any problems with her brain?

Selma: Hmm. Not that I know of.

Patty: I don't think so.

Lisa Simpson: Well there was this one time when Becky was giving dad artificial respiration because he was choking at an ice cream shop and mom mistook it for Becky kissing him. (Season 11, Episode 21)

Me: Hmm. Let me see here.

I looked up Marge's brain scans and it showed that she was already at 1,232% insanity.

Me: WHOA! She's already at 1,232% Insanity.

Patty: Man, I didn't know that Marge had some mental problems.

Laney: I don't think any of you did.

Mandee: Yeah.

Me: That is nuts. Sorry about that. Lets continue.

Lea: Why don't you guys include Heat Wave as a recruit?

Captain Cold: Good idea. It would be nice to have Mick fighting by my side again.

Me: That's a great idea. I have just the person to face Kaos in the future.

Vypra: Who is that?

Me: Twilight Sparkle.

Ice: (Scandinavian Accent) That's a great idea J.D.!

Me: We met the crew of My Little Pony during the war and it's perfect.

Sandman: Vulture can be recruited as well.

Electro: Nice choice. Always good to have another Sinister Six member.

Me: And here's a thought. When we have Vulture visit Paul in the Neptune Prison, we'll have him rub it in his face that he's part of the Masters of Evil now.

Vypra: I like it.

Maria: Demyx can join you guys as well.

Larxene: Fine by me. I always missed his goofy personality.

Luna: But his jams on that sitar are rockin' dudes.

Nico: They sure are.

Maria: Yeah!

Lana: Brain Freezer can be with you guys as well.

Vexen: Wise decision. (smirks) Especially since he and Aylene are in love with each other.

Aylene: (Blushes) Vexen!

Vexen: Well it's true.

Me: I hope he's not too upset about us not visiting him in a while.

Vince: Yeah.

Bai Tza: Dai Gui can be with you guys too.

Bane: (Spanish Accent) I approve. We could use another bruiser.

Me: Awesome. One of these days we should have all of Bai Tza's siblings with you guys.

Tso Lan: Thank you J.D. But I'm happy with you guys.

Nico: Good.

Vypra: Cool. We also have a bunch of new recruits coming in too. It's gonna be cool.

Lana: Awesome.

We had an awesome talk too.

---

Later that night in Bikini Bottom, as SpongeBob was fast asleep, he was having a great dream.

SpongeBob: [He is asleep in bed and dreaming that he is standing on a giant Krabby Patty, then black storm clouds roll in. Lightning flashes and thunder crashes and it starts to rain Krabby Patties. One falls on his head and into his hands] Ah! It's raining Krabby Patties! Yeah! [runs around eating patties. Dream ends. SpongeBob wakes up to see himself chewing on his pillow. He spits it out and his stomach growls] A quick midnight snack and then it's back to bed. [kicks the pillow on the ground and jumps on it. Sees Gary meowing in his sleep] Aww, sleep tight, my little angel. [tip-toes past Gary. He tries to get down the stairs without waking up Gary but goes down really fast making a xylophone sound. He walks to the fridge] Ah, here it is. [grabs a jar of seanut butter out of the fridge and walks to the counter where there is food and utensils lying on it] Nothing like a sea-nut butter and jellyfish jelly sandwich to help you get to sleep. [as soon as SpongeBob takes a bite of the sandwich, he falls asleep. Behind him, the fridge is open and cold air comes out of it. In the morning, his whole house is frozen. Even the man in the TV is shivering. The foghorn alarm clock breaks the ice. SpongeBob wakes up also shivering.] The fridge! [slides over and closes the fridge door, then sits down trying to get warm. He tries to stand up, but he slips and slides everywhere inside the house, and he breaks all the windows before stopping on his bed. He pulls the frozen covers over him, but the blanket breaks into pieces]

Gary: [wearing a hat and ear muffs] Meow.

SpongeBob: [slides into the bathroom] Oh, Gary, I don't feel like myself.

Gary: Meow.

SpongeBob: Don't be silly, Gary. I don't get colds. I get the suds.

Gary: Meow?

SpongeBob: No, Gary. If I had the suds, I'd have bubbles coming outta me. [He sneezes. Pink bubbles come out of him]

Gary: Meow.

SpongeBob: I can't get the suds, [sniffles] because then I'll have to miss work! [puts his underwear over his mouth and nose then sneezes. Pink bubbles come out again]

Gary: Meow.

SpongeBob: No, Gary. I like wearing my underwear like this. [turns around and has two bubbles representing his butt cheeks. Each one pops]

Gary: Meow.

SpongeBob: I'm not sick. I'm going to work.

Later the Neptune Crusaders were having lunch at the Krusty Krab and eating Krabby Patties.

Vexen, Hydro Man, Captain Cold, Ebon, Saïx, Larxene, Dark Spicer, Electro, Robo Blaze, Shiv, Firefly, and Snake were with them too.

Varie: Good Krabby Patties.

Lana: Yummy.

Captain Cold: These are good.

Larxene: They sure are.

Electro: Yeah.

Later SpongeBob came in and he was pale and very lethargic and his eyes were bloodshot.

Lily: Morning SpongeBob.

Maria: How are you doing?

SpongeBob: (Weakly) Doing good.

Varie: Whoa SpongeBob you don't look so good.

Lana: Yeah you look horrible.

Dark Spicer: Hey, Spongebob. Are you ok?

SpongeBob: I'll be all right.

He got to work.

Mr. Krabs saw him.

Mr. Krabs: We got a lot of work to do SpongeBob.

SpongeBob: [weakly, visibly shaking] Right away, sir.

Mr. Krabs: SpongeBob, what's wrong with you? You're paler than a baby sea horse. [Gary pops out of nowhere]

Gary: Meow. [leaves]

Mr. Krabs: The suds?

Varie: What are the Suds?

Girl Jordan: Beats me.

Mr. Krabs: The Suds are a bad disease.

Mr. Krabs went over what they were.

---

The suds are a disease that can be contracted by sponges. In the episode of the same name and in the book SpongeBob Goes to the Doctor, SpongeBob catches this disease. In the episode "Whelk Attack," SpongeBob mentions his experience with it. In the arcade game Nicktoons Nitro, it can be seen as an attack.

Signs and symptoms

Its symptoms seem to mirror those of the common cold or influenza, and include bad breath, sneezing, runny/stuffy nose, pale skin, fatigue, bloodshot eyes, chills, general malaise, and shakiness. Whenever the sponge sneezes, many pink bubbles emerge from their body. The disease also occasionally causes the sponge's eyes to fall out, though this can immediately be remedied by placing the eye back into its socket. Sagging of the nose/eyelids is also commonly exhibited.

## Progression

The illness begins with chills and feelings of disorientation and fatigue, and then progresses to the upper respiratory tract.

## Cause

The suds appear to be caused by, or at least encouraged by, prolonged exposure to extremely cold temperatures, in a manner similar to the common cold. The symptoms are caused by an excess buildup of soap and bubbles within the sponge.

## Diagnosis

Diagnosis of the disease is made by a certified medical doctor based on an external examination of the presenting symptoms.

## Treatment

Treatment of the suds involves using the sponge as a cleaning instrument to wring out the excess soap. The "sponge treatment" is a very quick and painless procedure. Once the excess soap is discharged, the sponge is able to breathe properly, retains its original color, and feels immediately energized.

## Symptomatic management

While home treatment does not in itself cure the illness, resting and dressing in layers appears to alleviate some of the discomfort, at least temporarily. Plugging up the sponge's holes is typically not recommended, as the pressure buildup may cause the sponge to inflate like a balloon and eventually cause the corks to pop out like champagne corks, similar to what Patrick does while acting like a doctor to SpongeBob.

Prognosis

An onset of the suds appears to be self-limiting and relatively mild, although more severe cases can warrant a visit to the hospital. If left untreated, it may become severe.

---

They gasped!

Laney: That's terrible.

Lana: Yeah. We've had the flu before and it's not pretty.

Lily: Yeah.

Lily handed SpongeBob a patty.

SpongeBob: [holds up the Krabby Patty on a plate] Here's that patty you wanted, Mr. Krabs, sir. [sneezes loudly, causing the patty to splatter all over Mr. Krabs' face]

Varie: Bless you.

Mr. Krabs: [wipes the patty off his face] Alright, SpongeBob, you're too sick to work.

SpongeBob: No, Mr. Krabs, I'm okay, honest.

Lily: Come on lets get you home.

Varie: Good idea.

Lily made a Shadow Clone.

SpongeBob: I'm okay guys.

[Mr. Krabs opens the front door]

Mr. Krabs: No, now go home and get some rest. [SpongeBob walks off and the Neptune Crusaders and the Masters of Evil went with them] Nothing personal, lad. I just can't have you sneezing all over my food! [customers overhear what Mr. Krabs just said and all spit out their food and panic]

Fred: My leg!

Mr. Krabs: No, wait! Wait! [All the customers scramble out of the Krusty Krab. Back at SpongeBob's house, SpongeBob is in his chair.]

SpongeBob: Oh, guys, I feel horrible.

Varie: I know. Being sick is not fun.

Lana: I know.

Girl Jordan: But J.D. has never been sick a day in his life.

Lily: Yeah.

Luna: Sorry you got sick SpongeBob.

Gali: How did you get sick with this?

SpongeBob: I accidentally left the fridge door open all night when I was getting a snack. [sneezes. Gary hides in his shell with pink bubbles all over his shell. Gary has an angry expression when he shows his eyes] Oh, who am I kidding, guys? I've got the suds, no doubt about it.

Snake: Can't you dudes make Spongebob feel better with your powers?

Varie: I'm afraid there's nothing I can do. We just have to let this run its course. The Suds are like the flu.

Lana: Lets see if this will help.

Lana spun her Magisword bracelet and got a Magisword.

Announcer: GIANT BOWL OF SOUP MAGISWORD!

Lana made a big bowl of chicken soup.

Lana: No cure is better than chicken soup.

Lily: It would always work for us whenever we got sick.

SpongeBob: Thanks. [after he sneezes again, his right eye rolls down his face]

He tried the soup and it was good. But then he sneezed bad and splattered the soup all over.

Bai Tza: That is some strong bug.

Vexen: Yeah.

SpongeBob: I'd better take care of this before it gets out of hand. [picks up the phone and dials Sandy's number]

Sandy: [running on her exercise wheel] Hello?

SpongeBob: Sandy, I'm sick. [puts his eye back into place] Can you escort me to the doctor's?

Sandy: Oh, sure, SpongeBob. I'll be there faster than a barefoot jackrabbit on a hot greasy griddle in the middle of August in…

SpongeBob: Yeah, okay, Sandy, thanks. [sneezes pink bubbles through Sandy's phone. Later, as SpongeBob is getting dressed for the doctor, the doorbell rings] Coming. [opens the door]

Patrick: Hey, SpongeBob. Oh. Hey guys. Going skiing?

SpongeBob: I'm sick, Patrick. I'm going to the doctor.

Varie: SpongeBob has the suds and we have to take him to the doctor.

Patrick: What? Oh, you can't go!

SpongeBob: Why not, Patrick?

Lana: Why can't he go to the doctor?

Patrick: I know a guy who knows a guy who went to the doctor once, and the doctor's office is a horrible, horrible place!

Varie: It's not that bad.

SpongeBob: [sits in his chair] It can't be as horrible as the suds. [sneezes]

Vexen: Bless you.

Patrick: Oh, it is, SpongeBob! Well, first, they make you sit in the waiting room.

SpongeBob: Is that the horrible part, Patrick? [Gary appears beside the chair]

Patrick: No, it gets worse. They make you read old magazines! [SpongeBob gasps. Patrick takes a piece of coral for a stethoscope] Then the doctor pulls out his stethoscope.

SpongeBob: No!

Patrick: Yes! It's a device so sinister, so icy cold when it touches your bare flesh, it… [takes the end of the piece of coral and puts it on SpongeBob's chest] Ssssss! [SpongeBob jumps and runs around]

SpongeBob: No, no! No stethoscope, no doctor, no old magazines, no ssssss! No! [flips over on the floor] Patrick, I don't wanna go to the doctor!

Patrick: Exactly! [SpongeBob sneezes. A pink bubble is in the place where Patrick's nose should be, then it pops]

Lana: I wasn't told about all that when I first went to the doctor.

Girl Jordan: Yeah and they have a really good selection of magazines.

Lily: They sure do.

SpongeBob: You gotta help me get better, guys. Please? Would you like to be my doctor, Patrick?

Patrick: What else are friends for?

Varie: We can try. I am technically a doctor. But if we fail we're gonna take you to the doctor.

Dark Spicer: Yeah.

Patrick: [later, SpongeBob is sitting on the table in his kitchen. Patrick is standing behind him. SpongeBob sneezes] It appears as though we'll have to plug up these holes. This oughta do the trick. [pushes a small cork in one of SpongeBob's holes. Then plugs up the rest of the holes with more corks] Voilà! [SpongeBob sneezes, but no bubble come out] Feel better?

SpongeBob: I don't know. [he sneezes more and more, which after every sneeze he inflates]

Lana: Whoa! He's inflating!

Patrick: Help, I'm shrinking! [SpongeBob breaks the table] No! Please don't hurt me!

Firefly: Patrick, do you even have a doctor's license?

Patrick: No.

SpongeBob: No bubbles! Patrick, your treatment is working!

Patrick: You think so?

Varie: Wow.

SpongeBob: Sure! At this rate, I'll be cured in no time! In fact, I'm gonna call Sandy and tell her not to come! Thanks, Dr. Patrick!

Patrick: And they said I'd never make anything out of myself.

SpongeBob: [tries to press one button, but it pressed all because his fingers are too large] My fingers are too big for the buttons. [off-hook tone plays] Dr. Patrick, will you call Sandy for me? [gives Patrick the phone]

Patrick: Sure, patient SpongeBob! [Patrick calls Sandy, who is about to head out for SpongeBob's place] Hello, Sandy?

Sandy: Hiya, Patrick!

Patrick: I'm calling on behalf of my patient, SpongeBob.

Sandy: I'm on my way over to take him to the hospital.

Patrick: Uhh, uhh, that will no longer be required! He is in my care as of today.

Sandy: Well, I'm coming over to take a look. I'll be over there faster than a barefoot jackrabbit on a hot…

Patrick: Oh, yeah, yeah, the rabbit. Don't bother, Sandy! [hangs up] Oh, SpongeBob, quick, Sandy's coming! Ah! We've got to make sure you're well, or she'll take you to the doctor! [runs into the kitchen with rubber gloves on and dips them into the sink of water] Don't touch me, I'm sterile! Scalpel, please. [takes some sea-nut butter and spreads it on SpongeBob's right foot. Then puts a piece of bread on each side and his shoe on it] Feeling better?

SpongeBob: Uh-uh. [later, a string is attached to a door that Patrick closes. A tooth shoots out from the side]

Patrick: Feeling better yet?

SpongeBob: [missing the tooth] Not really.

Nokama: You can still get some dough from the Tooth Fairy.

Patrick: [wearing a leotard and jumping on SpongeBob] How… about… now?

SpongeBob: I don't… think so. [Patrick puts a big band-aid vertically on SpongeBob's back]

Patrick: Feeling better?

SpongeBob: No.

RIP!

[Patrick rips the band-aid off while SpongeBob screams and puts it back SpongeBob's back, this time horizontally]

Patrick: How about now?

SpongeBob: Nope.

RIP!

[Patrick rips the band-aid off as SpongeBob screams again and horizontally places it back again]

Patrick: How about now?

SpongeBob: Uh-uh.

RIP!

[Patrick rips the band-aid off as SpongeBob screams. Later, Sandy arrives outside SpongeBob's house]

Sandy: Hello, SpongeBob?

Patrick: [wears a black executioner's mask on his head] Uh-oh, it's Sandy. [SpongeBob is tied onto a medieval torture rack. He sneezes and enlarges himself into a ball. Sandy knocks on the door] There's no one home.

Lily: Yeah no one is home.

Sandy: Patrick, Lily, you open this door. [Patrick is rolling SpongeBob away] Patrick, sometimes I just don't understand you. [SpongeBob sneezes] Hey! [walks over to Patrick's house] Okay, Patrick, where's SpongeBob?

Patrick: Uhh, uhh, he's not here at the moment. Please leave a message after the beep. Beep.

Sandy: Okay, now tell me, [shows two rocks] since when do you have two houses?

Patrick: Since I ran out of space to put my stuff.

Varie: Uh yeah.

Sandy: Uh-huh. Yeah. Since when does your house have feet? [SpongeBob's feet are sticking out of the other rock]

Patrick: This is my mobile home. [SpongeBob sneezes the rock off]

SpongeBob: Hiya, Sandy.

Patrick: [holding SpongeBob's hand] Hmmm, the dirt therapy seems to be working just fine.

Sandy: Patrick, SpongeBob has to see a REAL doctor.

Patrick: No, he doesn't! I'm taking good care of him! Show her, SpongeBob! Say 'ahh'.

SpongeBob: Ahh… [a green substance-like gas spreads outs all over killing the plants, clams, and everything in its path]

FOGHORN!

Lana: MAN! THAT IS RANK!

Varie: HALITOSIS!

Sandy: See? He's even worse than I thought.

Patrick: [wearing a clothespin on his nose] What do you mean? He's fine. [Sandy snatches the clothespin off of his nose]

Shiv: Are you nuts, Patrick?! SpongeBob needs some actual medical attention!

Patrick: No he doesn't!

Dark Spicer: Huddle.

The Masters and the Neptune Crusaders huddled.

Electro: We need to find some way of distracting Patrick so we can get Spongebob to the doctor's.

Varie: I think I know how. He likes ice cream.

Lana: Leave this to me.

Lana then went to get some ice cream.

SpongeBob: I'm okay, Sandy, really. [sneezes again, enlarging himself more]

Sandy: I'm taking you to the doctor right now! [rolls SpongeBob away]

Patrick: Hey, that's my patient! [runs over and pushes SpongeBob the opposite way] You can't take him to the doctor's!

Sandy: [rolling SpongeBob the other way again] Don't be silly, Patrick!

Patrick: [carrying SpongeBob the other way] He's mine! [Sandy is log rolling SpongeBob the opposite way]

Sandy: SpongeBob, you'll be better soon. [Patrick is using a wheelbarrow for SpongeBob]

Patrick: I'll save you! [Sandy is using SpongeBob as a basketball]

SpongeBob: I'm ba-ba-ba-ba-ba-b-b-b-b-better, guys! Really!

Lana: Oh Patrick.

She had in her hands an ice cream cone with chocolate and vanilla ice cream.

Patrick: Ice Cream!

Robo-Blaze: Tronics!

He called numerous tropics.

Robo Blaze: Tronics, get Spongebob to the hospital ASAP!

They did so.

[Later, at the hospital]

Purple Doctorfish: Well, Mr. SquarePants, it seems you have the suds. Are you ready for your treatment?

SpongeBob: [sniffles and shakes his head] You're not going to make me read old magazines, are you?

Purple Doctorfish: No, silly! You get the sponge treatment! Oh, Hans! [a real hand comes through the door and takes SpongeBob out of the room. The it shows the hand cleaning SpongeBob with soap]

SpongeBob: Whoo! Yeah! Whoo! [Hans is using real SpongeBob to rub a man (played by Tom Kenny)'s back in the shower] That tickles! [Hans uses real SpongeBob to scrub a man's feet. SpongeBob sniffs] I can smell again! [Then the real SpongeBob being used to wash a plate, a car and the floor] Whoo! Yeah! Yeah-eah! Whoo! Yeah! [SpongeBob being rinsed off in the sink and put back in the doctor's room. Then SpongeBob turns back into his normal, yellow color] I feel as good as new! I love the doctor!

Varie: See? It wasn't that bad.

Hans: (German Accent) Here's your lollipop. [hands SpongeBob a big lollipop. Sandy winks at SpongeBob]

Lana: Now that is a big Lollipop.

Gali: It sure is.

Varie: Good thing that the Suds doesn't affect humans.

Maria: Yeah

Patrick: A lollipop? [takes a bubble wand and blows a bubble] Hey Doc! I've got the suds, too!

Purple Doctorfish: [sarcastically] Oh yes, Dr. Patrick! We have a special treatment for you! [A chuckling Patrick gets taken away by

Hans]

Patrick: [He's being washed in the sink with soap] Hey! Hey, wait! [used on a cactus] Wha-ouch! That hurts! [being used to scrub a toilet] Wait, uh, this doesn't seem right!

THE END

---

Another awesome fanfic and SpongeBob episode done.

Suds was a very silly episode of the 1st season of SpongeBob. It aired on January 17th, 2000 and it was funny. But poor SpongeBob was sick like a dog and it is not fun to get sick. It's terrible especially with COVID-19 spreading across the world like a plague. NicoChan11 gave me the ideas for this. Thanks man. Next up is an epic adventure as we search for the legendary and mystical 4th Flavor of Ice Cream and we're gonna be one of the first to taste the legendary flavor. A lot of theories around what the flavor might be have spread throughout the KND universe and I think it might be passionfruit flavor. Next to Chocolate, Vanilla and Strawberry, the 4th Flavor looks really awesome. We're also going to kill all those evil ice cream men that hate all the kids and make sure that ALL kids get the ice cream they all love. We're going to follow the episode Operation F.L.A.V.O.R. and it will be an awesome adventure.

See you all tomorrow

# The Search for The 4th Flavor

In the heart of the city we were walking back home to the estate from the Mall. We had another awesome shopping excursion.

Nico: Another awesome shopping excursion done.

Lincoln: Yep.

But then we got a rather unpleasant surprise when we saw Dash and Kwan walking to us.

Me: Oh great.

Rhino: You and Kwan back for more, Dash?!

Me: Because if you are… (Cracks Knuckles) Start praying.

The next thing Dash said surprised us.

Dash: (confused) Are those our names?

Maria: Of course it is. Duh!

Kwan: Thanks for telling us who we are. But, who are all of you?

Me: Uh we're Team Loud Phoenix Storm.

Misty (Pokemon): You two seriously don't remember anything.

Dash: Nope. The only thing we remember was waking up on the sidewalk.

Kwan: But then, we found you guys and thought you would be able to help us.

Me: Weird. Your memories have been totally wiped.

Lynn: It's good that you two don't have your memories. That way, you don't know what's about to happen next! (holds out her hand)

HAK-

Octopunch: (stops her) Hold on. Why Hakai them when we can use this as an opportunity?

Lola: Oppurtunity for what?

Octopunch: An opportunity to befriend Dash and Kwan and make them better people.

Lori: (sarcastically) Sure! And then unicorns will fall from the sky!

Me: Lori. Octopunch is right. This is perfect for us to make them into better people.

We took them back to the estate and had them taken under our wings so to speak and we helped them see the world in a different way. We helped turn them into better people by showing them the good things in life and more.

Me: Well, you guys sure are having lots of fun with Dash and Kwan.

Seaspray: Don't tell me you're jealous. Because of you are, we don't want your vigilante complex to drive away this one chance to make Dash and Kwan better people.

Me: No way. This is a great opportunity for us to change them into better people.

Danny Phantom: And not into the people they were before.

Laney: Yeah.

We had lots of fun and more. It was very therapeutic for the two former juvenile bad boys as we reformed them into better people.

---

Later we were all over at the awesome Ice Cream History Museum and Numbuh 5 was telling us about a legendary flavor of ice cream that has eluded kids for centuries.

Numbuh 5: Everyone knows that there are 3 elemental pure flavors of ice cream: Smooth creamy vanilla, rich decadent chocolate, and sweet, sweet strawberry.

A wheel on a picture turned and showed us said delicious flavors. Awesome.

Numbuh 5: But, a long time ago there was a 4th flavor and it was said to be better than the other three combined.

Me: Wow. That must be one really good flavor.

Numbuh 5: It sure is. When the sacred sect of dessert monks created this mystical 4th flavor, they were afraid that everyone would like it so much, that they would eat it all up until there wouldn't be any left for them.

Nico: Whoa.

Lincoln: I'm drooling already just imagining how good it would be.

Laney: Me too.

Lola: Yummy!

Numbuh 5: Yeah. So they locked it away. Only the true ice cream lover can have so much as a taste of the 4th flavor. And then only if they prove themselves worthy by solving the riddle of the mystical golden scoop. No one knows where the monks locked away the 4th Flavor and few still believe it exists. So the golden scoop remains. Waiting for the one with the sweet knowledge of frosty goodness to claim the 4th flavor as their own.

Me: Wow!

Mary K.: That sounds like my kind of expedition.

Nico: Me too.

Me: Wow.

Numbuh 5: So what do you think the 4th Flavor might be?

Me: Oh gosh. If it's that big of a mystery we're gonna need a lot of guesses.

Nico: No kidding.

Me: If it's that good I would say Passionfruit or Pineapple Amaretto.

Horsea: Amaretto Vanilla

Poromon: Rum Lemon

Poliwag: Golden Honey Vanilla

Kirby: Banana Vanilla

Manaphy: Banana Mango

Poliwag: Apple Banana

Muscle Man: Vanilla Canteloupe

Ed Cowart: I think it's either pineberry, butterscotch, blurpleberry, cloudberry, honeysuckle or Golden Kiwi.

Nico: Those are all really good guesses.

Numbuh 1: And really good sounding flavors.

Muscle Man: I know what the 4th flavor of ice cream is.

Maria: What is it?

Muscle Man: My Mom!

We all laughed at Muscle Man's joke.

Benson: That is funny!

Me: But wow. That is gonna be awesome and you know more about Ice Cream and the flavors better than anyone else Abigail.

Numbuh 2: I agree Numbuh 5. You are perfect for finding the legendary 4th Flavor.

Me: In fact lets go find the legendary 4th Flavor.

We cheered and I went and funded the expedition and we had the Golden Scoop with us and we were off on The Search for The 4th Flavor. The Golden Scoop told us that to find the 4th Flavor we needed to go to where the mountains are the tallest in the world. And I knew exactly where that was: In the Himalayan Mountains. So we were off to Southern Asia and in the Himalayan Mountains we found the Lost Temple of the 4th Flavor of Ice Cream, buried for hundreds of years in the frozen snow of the Himalayas of the Mountain of 37 Flavors.

Me: There it is!

Varie: Amazing!

Vince: Wow! The Lost Temple of the 4th Flavor.

Numbuh 4: Whoa!

Katie: Amazing!

Numbuh 1: This is probably gonna be the biggest discovery in the history of all mankind for kids.

Lola: It sure is.

Yuko: No kidding.

Me: This is history in the making guys. It'll be as big as finding King Tut's Tomb and other huge discoveries.

Nico: It sure is.

We went into the Temple and inside it was a huge six armed statue with a plaque in one of its arms and it said something in an unknown language.

Laney: Wow. What a statue.

Me: It sure is.

Nico: What does it say on that tablet?

Ed Cowart: It says the Flavor of The Day.

Me: I had a feeling there was gonna be a lot of riddles and challenges for this. It's gonna be a dessert version of Indiana Jones.

Lana: Cool!

Numbuh 5: Here we go.

Kari went up to the statue with the scoop and thought of the flavor.

Kari: Is the flavor of the day Vanilla Minty Ripple?

The scoop flickered and the flavor appeared on the place. The statues eyes glowed red and fired a wave of chocolate at Kari and drenched her and it hardened her./

Nico: Whoa! Guess that's a no.

Me: If we get it wrong that will happen to us.

T.K. got her out of the chocolate.

Numbuh 5: I know what to do.

Numbuh 5 went up to the statue and got the scoop.

Numbuh 5: The flavor of the day is Sundae!

The scoop glowed and then the door into the temple opened.

Me: Wow! It worked.

We went into the temple and we had to be careful because of hidden traps all over. We watched our step and we walked into another room and in it was a light pillar enveloping a bowl of ice cream and there was more of that language.

Me: Wow.

Nico: More of that language.

The language turned into English and we could read it.

Numbuh 5: "Only with the scoop of gold and tastebuds pure, shall you find the cave of cold and taste the flavor's sweet allure."

Me: Go for it.

She went up to the bowl of ice cream and shoved the scoop into the ice cream and we felt a huge blast of energy and it fired a focused beam of yellow light at a cone with 4 scoops of ice cream on it and it melted them. First was chocolate, then vanilla, then strawberry and lastly the mysterious 4th flavor.

The cone raised up and opened a door and we saw snow and ice coming and we saw a huge room.

Numbuh 5: Cool.

Me: Wow.

We went into the room with our fur parkas on and in it was a huge cave and we saw a huge discovery.

Numbuh 5: (Gasps in excitement) The 4th Flavor.

We saw a ginormous ice cream cone with a massively huge scoop of golden yellow ice cream on it being held up by a giant hand and there was a bridge that lead to it.

Me: Whoa!

Nico: That is incredible!

Laney: So that's the legendary 4th flavor.

Vince: Incredible.

Me: Lets go.

We crossed the bridge and we stood before the godly frozen confectionary.

Me: Wow.

Numbuh 5: This is amazing.

Me: (Senses something) We've got company.

We turned behind us and we saw the ICE CREAM MEN!

---

The Ice Cream Men are men who operate Ice Cream Trucks. In the KND universe, Ice Cream Men are villains who serve mainly as henchmen and foot soldiers to The Delightful Children From Down The Lane and Father. They apparently sell ice cream only to "responsible adults", referencing the real life tendency of ice cream trucks to drive by potential customers without stopping, to the point of it appearing intentional.

The Ice Cream Men first appeared in Operation: I.-S.C.R.E.A.M. as henchmen of the Delightful Children From Down The Lane during their plan of destroying Sector V with a gigantic Ice Cream Monster.

In Operation: G.R.O.W.-U.P., Numbuh 1 briefly becomes a "normal" ice cream man after being turned into an adult.

Ice Cream Men are also implied to frequently attack ice cream parlors attended by children, as seen in Operation: L.E.A.D.E.R..

Ice Cream Men have also been seen serving Mr. Boss and Principal Smelling in Operation: R.E.C.E.S.S..

Career Information

The Ice Cream Men are divided into ranks.

Normal

Normal Ice Cream Men wear standard white work uniforms and white caps. An insignia of an ice cream is embroidered in the right side of the shirt while the cap has a single pink stripe that runs across the middle. Normal Ice Cream Men drive Ice Cream trucks that refuse to sell ice cream to children, as they only sell ice cream to adults. They are usually seen serving the Delightful Children, but Ice Cream Men have also been seen serving Mr. Boss and Principal

Smelling in Operation: R.E.C.E.S.S..

Elite

Elite Ice Cream Men serve Father as his elite soldiers. They wear helmets on their heads made out of ice cream cones and armor made of scoops. Elite Ice Cream Men were first seen in Operation: T.R.A.I.N.I.N.G., where they attack the Kids Next Door Arctic Base alongside Father during his attempt to steal the KND Code Module.

Chef Pierre

In Operation: C.A.K.E.D.-F.I.V.E., the leader of the Ice Cream Men, Chef Pierre, is seen. The Ice Cream Men last appeared in Operation: I.N.T.E.R.V.I.E.W.S. where they fought, and lost to Numbuh 363.

---

Numbuh 5: The Ice Cream Men!

Yuko: Not these guys again.

Ice Cream Man: That's right! Now step away from the ice cream or you all die!

Me: Try and make us fatwad!

I fired a blast of fire and incinerated the ice cream man in an instant.

Mr. Boss: You guys are to stand down at once!

Ice Cream Man 2: You aren't the boss of us Mr. Boss. We only listen to the Delightful Children and Father.

Me: Well sorry to disappoint you but both Father and the Delightful Children are dead. And you are looking at their killers.

Ice Cream Man 3: You will pay for their deaths!

Mr. Boss: Listen, Ice Cream Men! The Kids Next Door really aren't so bad. So, there's no reason for you to try any of this.

Ice Cream Man 4: Being around the Kids Next Door has made you soft Mr. Boss! Now you will share the fate of all kids.

They pulled out their weapons and Mr. Boss smirked and then…

KRABBBBOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOMMMM!

Their weapons all exploded in their faces and burned them all over.

Me: Nice!

Mr. Boss: I implanted a failsafe in their weapons that would cause them to self-destruct when they point it at an adult.

Me: Very clever Mr. Boss.

Numbuh 1: Good thinking.

Me: You ice cream bozos picked the wrong people to mess with.

Ed Cowart: You got that right. I'll gather the 4th flavor for us to mass produce for everyone.

Me: Okay.

My Signer Mark then started glowing and Danny Phantom and Lincoln had a ghost sense.

Then Waffle Woman, Misty Tredwell and Skulker appeared.

Nico: Misty Tredwell, Waffle Woman and Skulker.

Naruto: First time for us to face you Skulker.

Skulker: It sure is.

Misty Tredwell: I see you guys found the legendary 4th Flavor of Ice Cream.

Me: Big find for all kids.

Skulker: (sees Dash and Kwan) I've gotta be honest. It's weird seeing those two like this.

Roxas: Did you guys have anything to do with Dash and Kwan's amnesia?

Misty Tredwell: Well, we weren't the ones who erased their memory.

Acid Man: Who was it then?

?: It was me.

A figure came out and it was SCATTERBRAIN from episode 31 of Season 2 of Mighty Morphin!

---

Scatterbrain was created by Zedd from a kaleidoscope, that Adam owned. After watching Adam's report on his kaleidoscope, Lord Zedd decides to create a monster from it. Immediately upon arriving on Earth, he manages to erase the memories of Kimberly, Billy and Tommy, who fought against the Z Putties that Zedd sent to distract them so he could turn the kaleidoscope into Scatterbrain. Once the monster was born, he erased the three Rangers' memories. Rocky, Adam and Aisha devise a plan to save their friends. Adam collects some prisms from Billy's lab to use to reflect Scatterbrain's beam, bringing back the memories of their friends. Just when Adam arrives to save the Rangers, Scatterbrain uses the beam on him, erasing his memory and leaving Aisha and Rocky to face the monster on their own. They try to secure the prisms, but they too fall victim to the Scatterbrain's beam and lose their memories.

The prisms fall to the ground in front of Bulk and Skull, who had been watching the fight and had finally discovered the identity of the Power Rangers. With the Rangers now completely amnesiac and helpless, Bulk and Skull confront the monster, hiding the prisms behind their backs. When Scatterbrain shoots his beam at them as well, the prisms reflect the beams, restoring the Rangers' memories and morphing them. However, when the Rangers go to check on Bulk and Skull, the two teens have lost their memories of saving the Power Rangers and their true identities. When Lord Zedd makes

Scatterbrain giant-sized with a growth bomb, the Rangers summon the Thunderzords and form the Thunder Megazord. Now utilizing a sword, Scatterbrain tried to destroy it but was overwhelmed and stabbed in the gut before being thrown to the ground and slain by the Thunder Saber. After the monster's destruction, Bulk and Skull attempted to impress the high school students at the Juice Bar by saying they saved the Power Rangers by attacking the monster and, having forgotten what the monster looked like, that they pulled out one of the monster's teeth.

---

Kimberly Ann Hart: Scatterbrain!

Scatterbrain: Been a while rangers.

Me: I remember you! You were Adam's Kaleidoscope and you were made by Lord Zedd and you were sent to erase the Rangers Memories. You erased Tommy, Kimberly and Billy's memories.

Scatterbrain: That's a really good memory. You have been watching us on TV. Mistress Vypra was right about you.

Me: Never missed an episode.

Storm Shadow: So, it was you who erased Dash and Kwan's memories!

Scatterbrain: That's right! Now, I know you all want to destroy me. But that'll mean restoring Dash and Kwan to their old selves. Are you really ok with that?

Me: Well you did help us reform them into better people and we can always use our powers to make it permanent.

Scatterbrain: True.

Me: Instead of destroying you we'll have you contained in a containment card.

Scatterbrain: Good.

Troy: You know what? I think we found a way to fight you and keep Dash and Kwan's memories erased.

Megaforce Rangers: Legendary Ranger Mode: Goggle V Squad!

The Megaforce Rangers turned into the Goggle V Rangers from 1983.

Scatterbrain: Didn't expect to see that.

Me: Lets dance.

We powered up and went at them.

## Battle 1: Misty Tredwell

Persephone, Acid Man and Snake Man were facing Misty Tredwell.

Misty Tredwell: So what is so special about the 4th flavor?

Persephone: It's said to be a legendary flavor that is better than Chocolate, Vanilla and Strawberry ice cream combined together.

Acid Man: Yeah Numbuh 5 told us a lot about it.

Snake Man: It's true.

Misty Tredwell: What flavor is it?

Persephone: It's a huge mystery. We put in a huge number of guesses and we won't know until we taste it.

Acid Man: And everyone has a right to taste it and it'll be awesome for the world.

Misty Tredwell: I see. Lets have our fight then. I summon EARTHBOUND IMMORTAL CCARAYHUA!

She summoned the Lizard Earthbound Immortal Ccarayhua.

Persephone: Awesome. I summon RAINBOW DARK DRAGON and DRAGON QUEEN OF TRAGIC ENDINGS!

She summoned said monsters and they were ready for action.

Acid Man: Awesome.

Persephone: And check this out. I activate DARK DRAGON SWORD TRANSFORMATION!

She had a deadly sword called the Sword of The Rainbow Dark Dragon's Bane.

Acid Man: Wow! That is an amazing sword Persephone.

Misty Tredwell: Very impressive.

Snake Man: It sure is.

Misty Tredwell: Lets dance.

Misty called out her Serperior, Salazzle and her Mega Seviper and they went at Misty Tredwell and Persephone slashed her Pokemon and Acid Man and Snake Man fired blasts of energy and acid at Ccarayhua.

Persephone: Watch this. (Echoing) RAINBOW STYLE NINJA ART: RAINBOW REFRACTION PRISM BLAST!

A ring of rainbow light formed and Persephone fired a massive blast of Rainbow Light and it slammed into Ccarayhua and he exploded with incredible power!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked out Misty and destroyed Ccarayhua.

Persephone: Awesome battle.

Tara: Its been a huge mystery for a long time. It's called the 4th Flavor of Ice Cream. It's said to be better than Chocolate, Vanilla and Strawberry ice cream combined.

Waffle Woman: Wow. That must be really good ice cream.

Aeleus: It is.

Roxas: Yep and we're gonna give everyone a taste of it.

Waffle Woman: Awesome. Lets do it.

Waffle Woman called out her Magmortar and Tara fired a wave of fire and Aeleus fired a blast of Earth and Roxas fired a wave of light and the blasts all hit them both and smashed them and knocked them out.

Tara: A victory of breakfast.

---

## Battle 3: Skulker

---

Aqua, Gluko and Storm Shadow were facing Skulker.

Aqua: This is our first battle with you Skulker so we'll go easy on you.

Skulker: I understand but it is gonnd be awesome facing you.

Gluko: It sure is. But try to be careful.

Storm Shadow: He has experiences from what I can see.

Aqua: He does. Lets get him.

Skulker called out his Pokemon. He had a Chandelure and a Mega Chandelure and they were awesome.

Aqua: A Chandelure and a Mega Chandelure.

Gluko: Good choices.

Skulker: Thank you.

Aqua: Lets dance.

Aqua summoned her Keyblade and she and Gluko fired blasts of fire and energy and they hit Skulker and his Pokemon and Storm Shadow slashed them all over. Aqua then kicked him in the face and smashed him into the ground. Knocking him and his Pokemon out.

Aqua: Awesome.

Nico pressed a button and seconds later, a red X lit up.

Nico: GUILTY! You have failed this world.

Nico captured him and put him in a containment card and he went over and picked it up.

Nico: Awesome.

Troy Burrows: Super Mega Rangers, that's a super mega win.

## Battle 5: Ice Cream Men

We regrouped and we were facing the Ice Cream Men.

Me: You guys give all Ice Cream Men a really bad name.

Nico: Now we will kill all of you and give children everywhere the ice cream they love and like without you bozos ruining their fun.

Lincoln: That's right!

Luna: Lets call in the big guns bro.

Lincoln: Right with you Luna.

Luna and Lincoln put on their brown R Rings.

Luna and Lincoln: IT'S RIPPING TIME!

A portal opened and out came THE RIPPING FRIENDS!

Crag: Hey guys.

Chunks: Looks like you all could use some help.

Luna: You know it dudes.

Lincoln: It's an ugly story.

Lincoln told them everything and the Ripping Friends were enraged.

Crag: That is disgusting. Come on guys.

The Ripping Friends, Lincoln and Luna: (Echoing) IT'S RIPPING TIME!

We went at the Ice Cream Men and I punched one in the face and then Chunk grabbed an Ice Cream Man's face in a leg lock and squeezed him hard till his head exploded and The Ripping Friends pulverized 40 Ice Cream Men all over the place all at once and smashed them all over and dismembered them all over the place with incredible fury! Ed Cowart was protected in a force field to keep blood from getting on the 4th Flavor of ice cream. Laney slashed numerous ice cream men all over and ripped them apart and the Kids Next Door slashed, smashed, blasted and pulverized them all over the place with incredible fury and more. Lincoln fired blasts of lightning and electrocuted them all over and Volcana, Lola and Lea fired waves of fire and incinerated them all over into ash. Luan fired waves of light and Yuko fired blasts of fire and incinerated them all over and Luna and Akiza fired blasts of water and crimson red fire and the blasts drenched and incinerated them all over. Frafdo and Eximiar smashed and blasted them all over.

Me: Lets show them some teamwork!

Octopunch: Roger that boss!

Rhino: Lets smash them!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared there was only one Ice Cream Man left.

Numbuh 5: You guys have been asking for this for a long time.

Sophie Casterwill: (British Accent) I agree with you on that.

Me: Time for some final smash power!

Lola: Yeah!

Lily: You guys give all ice cream men everywhere a really bad name!

Numbuh 5, Lola Loud, Lily Loud, Stewie Griffin, Sophie Casterwill and Katie: KIDS NEXT DOOR ICE CREAM LOVERS MEGABLAST!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Ice Cream Men were all killed and destroyed. The armies of the Delightful Children and Father had been silenced forever.

Nico: Good riddance.

We saw Dash and Kwan leaving.

Me: Where you guys going?

Dash: We decided to leave and cleanse ourselves.

Katie: You guys are leaving?

Dash: We have to. No one here trusts us due to our past actions. Even if we can't remember them. So, we're going off on our own for a while to find our own path.

Kwan: (smiles) For what it's worth, we did have fun with you guys.

Me: We sure did. But we'll meet again someday guys.

Dash: We sure will.

They left.

Ed Cowart came back with his fridge.

Ed Cowart: I got all of the 4th Flavor.

We saw that the giant cone was empty.

Me: Wow. Good work Ed.

The Masters of Evil came.

Stewie: Out of curiosity, why did you guys have Scatterbrain erase Dash and Kwan's memories?

Skulker: It was all a test. To find out if Dash and Kwan could truly change.

William: And did they pass?

Misty Tredwell: Actually, they did. I expected them to go back to their old ways. But this is a better outcome.

Maria: You guys are gonna need a new guinea pig for mosnters though.

Waffle Woman: We plan to have Max Terrence as that once he gets back from Math Camp.

Spicer: (laughs) I like the sound of that!

Me: You guys wanna help us get this 4th ice cream flavor to the public?

Misty Tredwell: Sure.

We went back home and we got the 4th flavor ready.

Me: Now for the ultimate taste test.

We took a taste of it and then we got a surprise. It was really Butterscotch Amaretto Flavor ice cream!

Me: WHOA! Butterscotch Amaretto!

Nico: Delicious!

Misty Tredwell: That is delicious.

Me: At least it's not real amaretto they used.

Numbuh 1: That's good.

We gave it to the world and within a 4 hours, it was a huge and extremely popular flavor. The mystery of the legendary 4th Flavor of Ice Cream had been solved. It was awesome.

Stewie: (To the viewers) It was an awesome adventure we did and it was one of the most sweetest ever. It was awesome.

Me: It sure was.

THE END

Another awesome episode of Kids Next Door done.

Operation F.L.A.V.O.R. is one of my favorite episodes of Codename: Kids Next Door and it was awesome how Numbuh 5 found the legendary long lost 4th flavor of ice cream. A huge mystery has been centered around it and a lot of people have been trying to guess what the 4th flavor might be. It's awesome. NicoChan11 and Omegahatchiyak12 gave me the ideas for this. Thanks guys. Next up is the final battle in Perim with the last of Tom Majors and his friends enemies: We're going into war against Vitog who was the last enemy that closed out the Chaotic Series and we're gonna make that evil spirit freak pay with his life and Hakai him for good and banish him to the Warp.

See you all tomorrow.

# War with Vitog

On the planet Tamaran, located 25 light-years away from Earth and the home world of Starfire and Blackfire, we were there for the wedding of Garfield Logan A.K.A. Beast Boy and Tara Markov A.K.A. Terra. It was the first ever interstellar wedding we had ever done. And it was gonna be really awesome.

I was getting ready and I was dressed in awesome Tamaranian Clothes. They looked awesome.

Me: Wow. Tamaranian Clothes are awesome. I look amazing.

Nico: We sure do.

Nico and everyone was dressed up in Tamaranian Clothes and it was amazing.

Nico: The clothes here are very stylish.

Vince: Yeah.

Ed Cowart: And it was cool of them to give me an awesome Tamaranian Warsword.

Laney: It sure was.

Me: This is the first ever interstellar wedding we've ever done and it'll be amazing having it here on Tamaran.

Lola: It sure will be awesome.

Lana: Yeah. I'm so happy for Beast Boy and Tara.

Lily: Me too.

Lori: We all are and you were right J.D. Tamaranian Clothes are literally amazing.

Leni: Totes.

Luna: These are rockin dudes.

Later it was time for the wedding to get underway. Robin was Beast Boy's man of honor and Tara and Beast Boy's girls were the flower maidens. Beast Boy was dressed up in awesome dark grey and silver Tamaranian Clothes with a green jewel in the shoulder plate.

Me: This is gonna be awesome.

Nico: Yep.

The fanfare began and out came Tara's girls as the Flower Maidens and they were spreading flowers and Tara came out in a white Tamaranian Dress and she looked amazing.

Me: Wow. Tara looks amazing.

Nico: She sure does.

Beast Boy: Wow. Tara looks incredible.

Beast Boy: She sure does.

Starfire was walking Tara down the isle.

When they got there they stood before the Grand Emperor, Galfore himself. The Masters of Evil were with us and with them were Brain Freezer, Mick Rory A.K.A. Heat Wave, Adrien Toomes A.K.A. Vulture, Demyx, Bai Tza and Tso Lan's brother Dai Gui the Demon Sorcerer of Earth, and the Toiletnator. Galfore said the lines of the wedding and the vows were given and more.

Galfore: Do you Garfield Logan A.K.A. Beast Boy take this woman to be your lawfully wedded wife?

Beast Boy: I do.

Galfore: And do you Tara Markov A.K.A. Terra take this man to be your lawfully wedding husband?

Tara: I do.

They did the ring exchange and it was official as they were now Husband & Wife. We cheered wildly for them. It was a grand time for them.

Later we had the reception back on Earth and the Tamaranians were more than happy to share the meals of their customs with us. Lana was loving them.

Vypra: I'm so happy for Beast Boy and Tara.

Me: We all are Vypra.

Waffle Woman: Same here.

Xaldin: It's an amazing time for them.

Nico: You said it.

Me: So how did it feel attending the first ever interstellar wedding we've ever done?

Vypra: It was incredible.

Dark Spicer: It sure was.

The newest recruits of the Masters of Evil were talking to their future archenemies.

Brain Freezer: Did you miss me, Aylene?

Aylene: I sure did.

Vince: So how does it feel to be out of prison?

Brain Freezer: Awesome. At least I don't have to be beaten up again.

Laney: Good.

Vulture: (to Spiderman) Well, Spider-Man. This is the end of our rivalry. It's been fun fighting you. But now, it's time for us to move on to new opponents.

Spiderman: You got that right Adrien. It was fun.

They shook hands.

Venom: (to Heat Wave) Are you glad to be out of prison?

Heat Wave: Damn right! I can't let Snart have all the fun.

Lola: We're glad Mick. You and Leonard have been like brothers ever since.

Captain Cold: Glad you think that about us Lola.

Mikoto: (to Demyx) Are you glad to have Vypra as your new boss?

Demyx: You kidding? At least now, I'm not demoted as a reserve member!

Larxene: That's right you goofball. And I missed giving you a real hard time.

Xaldin: We all did.

Armada Cyclonus: Hey, Dai Gui. How's it feel to not be a statue anymore?

Dai Gui: Refreshing. It feels so good to move around again.

Bai Tza: Glad to have you back brother.

Tso Lan: It sure is good having you back.

Dai Gui: Same here.

Powerglide: You feeling better, Toiletnator?

Toiletnator: I sure am! And I'm happy to be in a team that respects me. I mean, Father was powerful and all. But he had a mean temper!

Yuko: Worse than that. He was the ultimate evil. Father was a genocidal parent and he was trying to destroy all the kids around the world. He was going to wipe out the entire human race.

Yuko told him everything and he was horrified.

Toiletnator: WHOA! That is horrible!

Mr. Boss: It was. When I was told about it I was horrified that Father was that evil and he would be willing to do anything that would destroy the entire human race.

Common Cold: Yeah. (Sneezes)

Laney: Bless you.

Common Cold: Thank you.

Cheese Shogun Roquefort: It's absolutely despicable that Father was that evil.

Numbuh 1: And the shocking part is that he was my uncle Benedict Uno.

Lola: Yeah.

Yuko: And now look where he is. He has been forever banished to the Warp for all eternity.

Numbuh 362: Good riddance.

Lily: Yeah.

Naruto: But there are still Adult Villains terrorizing the world still and we got to stop them.

Sakura Haruno: That's right.

Xerneas: I agree.

Fu: Yeah.

We had an awesome reception.

---

Later we were in the Chaotic Hub and we were getting ready to take the fight to Vitog.

Me: Vitog is coming and we're all ready for him.

Vypra: That's right.

Nico: I'm gonna enjoy kicking his fucking ass.

Dark Spicer: Same with me.

Kairi: Yeah. We're gonna make that monster pay for his crimes.

Me: Lets see what it says about him.

I pulled up Vitog's information.

---

In the episode Son of the Spiritlands, Vitog came to Perim and challenged Tangath to another battle in order to seek revenge for destroying his talisar. He threatened to destroy Perim unless Tangath fought him, being able to due to his invincibility to non-spirit creatures. In order to push Maxxor into giving him what he desired, he began destroying locations throughout the OverWorld.

Maxxor gave Vitog what he wanted through destroying Tangath's sword, the Sword of Khy'at. Him and Tangath battled fiercly in the Runic Grove, with Vitog gaining the upper hand towards the end. However, he was defeated by Tangath with the power of the Runic Grove, which he gained through communicating with the First Tree. Vitog was absorbed by the tree.

---

Laney: Whoa! He's pure evil.

Lana: No kidding.

Me: But he's the last of Perim's major enemies that we have left to destroy.

Maxxor: That's right and we will be free of the evils that plague

Perim.

Me: As long as evil plagues the entire universe, no one will be safe. Now lets head for Perim.

Varie: This is gonna be good.

Me: It sure will.

Tom Majors: Lets get him.

We were then off to Perim.

We arrived in Perim and gathered all of the Tribal Alliance together and we were off to the Spiritlands.

Nico: This is it.

Me: He's close. I feel his power.

Lola: Me too.

We got to the First Tree and there we saw VITOG!

Me: Vitog!

He saw us.

Vitog: The famous Team Loud Phoenix Storm. I've heard so much about you all and the achievements you all have accomplished.

Me: Nice to know that we've made an impression on you.

Vitog: Tangath Toborn! I see you're solid again.

Tangath Toborn: Which is more than I can say for you.

Vitog: I have some new friends for all of you to play with.

A bunch of figures came out and they took form. They were MASTER XANDRED, OCTOMUS THE MASTER, VENJIX/EVOX, MASTER ORG, MOLTOR, FLURIOUS, VRAK, SLEDGE, POISANDRA, SNIDE, CURIO, and WRENCH! Some of the most dangerous mortal enemies of the Power Rangers!

---

Master Xandred

Master Xandred is the main antagonist of Power Rangers Samurai and Power Rangers Super Samurai. He is the archenemy of Jayden Shiba, the Red Samurai Ranger.

Master Xandred is the overlord of the Nighloks. He is the primary adversary of the Samurai Rangers. He comes from the Netherworld and lives on a ship floating on the Sanzu River. It is revealed that he takes large doses of medicine for his frequent headaches often causing him to fall asleep for long periods of time. He becomes angry easily, especially if his henchman are insubordinate or speak out of turn.

When Arachnitor tries to usurp him, Xandred transforms him into a mindless mutant, due to Xandred having gained increased powers. He also has an intense hatred for Deker, since Deker intervened in one of Master Xandred's plans (which also involved the current Red Samurai Ranger that he even burned Dayu's harmonium due to her failure to destroy Deker. Xandred makes an alliance with Serrator.

Xandred learns of Serrator's treachery so he returns to the human world to gain back Dayu's Harmonium, only to dry out severely, due to being so far away from the Sanzu River. Octoroo was able to save him and bring him back to the ship. Master Xandred is currently recharging at the bottom of the Sanzu River. In "The Master Returns", Xandred was also able to fix Dayu's Harmonium, using one of his one own leg scales.

After a lengthy period of recuperation, Xandred eventually returned and faced the Samurai Rangers now led by the true Red Ranger, Lauren. Running into a wounded Dayu, he got an idea when she reminded him she was half-human and absorbed her. He then faced the Samurai Rangers while Lauren drew the sealing symbol. Despite his best effort to stop her, the symbol was completed and used.

However, while it caused massive damage, it did not manage to seal him as expected since Dayu's humanity had protected him from the symbol's power. Also, Xandred was no longer in danger of drying out and planned his takeover of the human world. He then defeated the Rangers and wounded Lauren.

When the Sanzu flood waters overflowed, Xandred released him army of Moogers to lay waste to Panorama City. The Samurai Rangers, led by Jayden Shiba once again, took on and defeated the Moogers before facing Xandred. After significantly weakening him with Shiba fire power, Jayden defeated him with the Shogun armor.

However, Xandred transformed into his Mega Monster form and the Rangers called on the Gigazord to fight him. As the Rangers attempted to get close enough to use a final blow filled with symbol power, Xandred blasted away the zords one by one until only the Samurai Megazord remained which managed to succeed and strike Xandred with a fatal blow. However, Xandred unsuccessfully tried to take the Rangers with him by grabbing the Megazord and boasting, before he was destroyed, that the Nighloks would rise again someday. He was then consumed in a massive explosion.

## Octomus the Master

Octomus the Master, also known as the Supreme Master of the Underworld and The Master, is the leading demonic master of the forces of darkness, Nick Russell's archenemy, the supreme ruler of the Underworld, and the main antagonist of Power Rangers Mystic Force.

He is voiced by John Leigh who previously voiced Terramole, Toxipod, Super Toxipod, Insectolite and later voiced Steeleto, Damaras and Keytron.

Octomus was the lord of the dark forces of the Underworld, greatly revered by the denizens of his realm to the point that they called him only "The Master". When the forces of the Underworld attacked the surface world, the Ancient Mystics battled them in what was known as the Great War. Eventually Octomus' forces were driven back into the gates of the Underworld, which were sealed shut by the Gatekeeper, Niella. The warrior, Leanbow, was sealed in as well and he imprisoned the Master in his Pit, but not before Octomus used his dark powers to transform Leanbow into Koragg the Knight Wolf, his loyal servant.

However, 2 decades later, the forces of the Underworld began their return and Octomus kept in contact with them from the Pit via a white pool that would turn red to announce his presence. The Master often had to deal with arguments amongst his forces, usually involving Koragg due to his preference for honorable methods. At one point, Imperious put Koragg on trial for being a failure to the cause, but Octomus chose to rule in favor of the Knight Wolf. Later Imperious attempted to bring about the Master's return after the failure of his attempt to overthrow him. His plan was to use the Mystic Force Rangers' Legend powers to give Octomus the strength to rise and it succeeded until Udonna attempted to interfere, only to be almost killed by the Master. Koragg interfered and became Leanbow again, however, Octomus was about to almost rise to the surface. Leanbow headed back into the Underworld so as to fight and seal away the Master again and succeeded, stopping and seemingly destroying him.

However, the Ten Terrors sought to bring back Octomus by attacking the surface world, while following the Rules of Darkness. But as time went by and their attempts seemed to have no effect, Sculpin began looking for answers. He went to the Lake of Lament and asked it to show him the Master, only to be greeted by an image of Leanbow, changed into Koragg's body but still possessing his free will. He told the Terror that Octomus would never return as long as he was still around and Sculpin began seeking a means of finding him. Sculpin finally succeeded in finding him and took the Master's spirit from him, giving it to Gekkor to keep safe. Later Matoombo was selected as Octomus' host body and though the Terror tried to avoid this fate, the Master could not be denied and his spirit forcibly entered Matoombo's body with his form bursting forth.

The Master proceeded to possess Nick Russell, the Red Mystic Ranger, and turned him a version of Koragg, one far more destructive and malicious. He proceeded to attack parts of the forest and while the Rangers were kept busy trying to free him, Octomus attacked the Mystic Realm and seemingly destroyed the Mystic Mother, matriarch of good magic. Leanbow and Daggeron went to confront him, only for the Master to devour their Knight powers, before finishing them off. Octomus then went to Briarwood to battle the Rangers himself and showed them a vision of an Earth he had ravaged. He then devastated their Manticore Megazord, swallowed part of their magic, and forced them to run, though Nick managed to wound the Master and get the Rangers back to the real world, but at the cost of all of their magic. However, Octomus's victory was prevented after Itassis and Necrolai turned on him, resurrecting Leanbow and Daggeron, the Mystic Mother turned out to be alive, and the people of Briarwood and the forest united against him. They managed to restore the Rangers' magic, who used Octomus's ability to devour magic against him by giving him too much and causing him to overload and exploding.

## Venjix/Evox

Venjix is the main antagonist of the 2009 Power Rangers series Power Rangers: RPM and the 2019/2020 Power Rangers series Power Rangers Beast Morphers as Evox. He is the creation and archenemy of Dr. K.

### As Venjix

Venjix was originally an experimental computer virus created by Dr. K at alternate Earth before accidentally released that he immediately infiltrated the said world's Internet system which resulting it evolved into an all-powerful A.I. that manipulate factories all over the world to create an army of robots to take over the world.

After conquered most of alternate Earth, he has uploaded himself into a red light bulb at his army's fortress he used to speak to his generals in the same way Zordon communicating to first Power Rangers. He also have the same fortress facilitated with anything his minions and himself needs including his own factories of robots.

He later downloads himself into a generation 14 attackbot that Shifter designed. He pilots a special green drone and can make new robots of the same model to download himself into. Venjix made a newer and more powerful model, but he wasn't fully downloaded into it because he was in a rush and was defeated. He decided not to use the model again. He used a new model later on, using old parts of Shifter. He activated many Hybrids within Corinth and took over the control tower.

He then destroyed the lab and took the biofield information, being able to delete Gem and Gemma. Dr. K and a newly restored Tenaya were able to tap a virus into Venjix's main computer and override his ability to delete Rangers. Venjix was physically destroyed with the control tower falling on him. In the finale, it was alluded to that a part of the Venjix virus was still inside the RPM Morphers, that were locked away in a case by Dr. K.

After Venjix' defeat, he avoided complete destruction by living within Scott's morpher, which would later be taken to the main dimension. Scott's morpher was experimented on by Nate Silva. He unknowingly combine Venjix' code with Morph-X and Snake DNA, causing the virus to enter his computer systems. Thus, Venjix made his return as Evox.

As Evox

Evox is the main antagonist of Power Rangers: Beast Morphers. He is a a cobra-like sentient computer virus that longs to take over the Morphin Grid. "Evox" is in fact, the surviving remnant of Venjix Computer Virus inadvertently revived and evolved by Nate via. exposure to cobra DNA-infused Morph X, thus making him aware of Morphin Grid's existence and sought to take it over ever since.

When Venjix lost his physical form at hands of RPM Ranger Operators by causing Corinth Control Tower to crash on top of him, the computer virus managed to send what had left of him into Scoot Truman's RPM Morpher. Along with the rest of Ranger Operators', said Morpher soon transported into Mighty Morphin Rangers' home universe in which the boy genius Nate, the future Gold Beast Morpher, performed experiments on to create a new Ranger form. Unaware with Venjix virus' presence, Nate infused the morpher with Morph-X and Snake DNA. With this, Nate accidentally revives the dormant virus as Evox.

Evox infiltrates the Grid Battleforce's computer networks, infecting the system after flowing into one of the lab's main computers. He continues to flow into a tank of Morph X, a material that the lab intends to use to create a new team of Power Rangers. Devon Daniels, who sneaked into the lab to see their battle simulator and was hiding near the tank, sees this. Briefly after, Evox's cobra avatar materializes inside the Morph X and hisses at him. After being caught, Devon tries to warn Commander Shaw of the virus, but is nevertheless detained. Regardless, Shaw has her head scientist, Nate Silva, scan the computers again. However, because Evox had already infected the system, he could not detect the virus.

Later, as the lab begins to transform their three candidates, Blaze, Ravi, and Roxy, into rangers using the Morph X, Evox appears on the main monitor, declaring that he will take over the Mophing Grid. Using the corrupted Morph X, Evox creates an evil ranger avatar of Blaze, who helps create another avatar of Roxy, which causes their original bodies to fall into a coma. However, before the villains could create an avatar of Ravi, Devon, who was able to escape confinement, severs the main wire connecting the corrupted Morph X to the transformation machine. Devon and Ravi, along with Zoey Reeves, a laundry worker who was originally slated to be the Yellow Ranger before being replaced by Roxy, are transformed into rangers by Nate, allowing them to fight off Evox's evil rangers before Nate transports the evil rangers to another dimension.

Evox, Blaze, and Roxy appear in the Cyber Dimension where they meet Scrozzle, a machine who claims to rule the Cyber Dimension. Scrozzle unleashes a group of Tronics and threatens Blaze and Roxy, but Evox's avatar appears from the supercomputer and destroys the Tronics with his laser beams. Frightened, Scrozzle agrees to help Evox return to human world. Scrozzle explains that he has a teleporter, which can be powered by the Morph X that Blaze and Roxy brought with them. However, they don't have enough Morph X to teleport a being of Evox's power. Evox orders Blaze to take Scrozzle and return to Earth to steal more Morph X.

Evox is informed by a nervous Scrozzle that they don't have enough Morph X to teleport another Gigadrone to Earth. Scrozzle blames the avatars for this failure. Roxy retorts that she and Blaze have a new plan: they can steal more Morph X from Zoey's Morph X-powered bikes which are being used around the city. Evox instructs his minions to carry out the plan so he can break free from the

Cyber Dimension.

While Earth celebrates Valentine's Day, Roxy explains to Evox her plan to manipulate Ravi to obtain a Neural Aligner and convert Ravi into an evil Avatar. Believing that having a Ranger on his side could help him gain more Morph X, Evox agrees with the plan. Although Roxy ultimately fails to turn Ravi into an Avatar, she escapes back to the Cyber Dimension with the Aligner. After the destruction of Shoveltron, Scrozzle informs Evox that he can use the device to build a machine that will allow Evox to escape the Cyber Dimension. Evox vows to destroy Grid Battleforce once he returns back to Earth.

Later, Evox complains to Scrozzle and Blaze that the only thing preventing his escape from the Cyber Dimension is a lack of Morph-X and that he needs more. Blaze presents a plan to create a new Robotron that can slice into a Morph-X tower and get an ocean of Morph X for Evox. Evox approves of the plan, but warns Blaze that it had better work.

Evox is angry with Blaze for letting the Rangers capture a Gigadrone. He blasts Blaze with his lasers and orders his minions to recover Slicerdrone before the Rangers break into the gigadrone and steal its data. Roxy and Meltatron break into Grid Battleforce's secret hangar and reboot Slicerdrone, while Scrozzle takes the opportunity to steal some items from the hangar. Although Slicerdrone is ultimately destroyed before the Rangers can learn anything useful from it, Evox remains furious because not only was Morph-X used to accomplish so little, but the Rangers now have a new Megazord. Scrozzle informs Evox that he has everything he needs to build his secret machine, but refuses to tell Blaze and Roxy anything. Blaze summons his sword and threatens Scrozzle, but Evox yells at the Avatars to find a way to defeat the Rangers' Megazord, threatening to have Scrozzle turn them into Tronics if they fail on the mission.

Vacuutron is sent to retrieve more Morph X to power up Scrozzle's Cybergate and free Evox from his prison. Meanwhile Blaze and Roxy kidnap Nate and force him to build a special robot to serve as a new body for their master. The Cybergate is opened and Evox emerges. He begins to insert himself into the robot body, but Nate teleports a blaster from Grid Battleforce Headquarters and shoots the Cybergate's power systems, damaging it. Evox is pulled back into the Cyber Dimension, while Nate and the robot body are morphed into the Gold and Silver Rangers. After the subsequent battles that follow, in which both Vacuutron and Vacuudrone are destroyed, Scrozzle repairs the Cybergate and returns to the Cyber Dimension, where he informs Evox that they still need to recover the robotic body. Blaze and Roxy vow to capture the Steel for Evox.

After Steel is captured by Evox's army in exchange for Ben and Betty's release, Evox is being released from the Cybergate again and tries to take possession of Steel's body. He fails, however, because Steel has human DNA (specifically Nate's DNA). Steel summons his Striker Saber and destroys the Cybergate, forcing Evox back into the Cyber Dimension once more. Frustrated over this latest defeat, Evox tells to Scrozzle that Blaze and Roxy are continuing to fail. Scrozzle offers to upgrade one of the Avatars with all three of the Rangers' Beast powers. He shows Evox three data chips that can be placed on Robotrons and will collect the necessary data whenever a Ranger uses their Beast power. Evox tasks Blaze and Roxy with gathering this data, promising to give the upgrade to his most powerful servant. Roxy volunteers to go first. Though she succeeds in collecting data on Ravi's Gorilla DNA, she fails to defeat the Rangers or steal Morph-X, so Evox sends Blaze to gather the next part of data.

Before Blaze can even create a Robotron, Devon destroys Scrozzle's Robotron-Maker, forcing him to retreat. Furious over his latest failure, Evox orders him to get out of his sight before he blasts Blaze to bits and scatters them across the Cyber Dimension.

While Scrozzle is telling Evox a story about escaping from Vargoyle, Blaze walks in and introduces Tubatron 2.0. Blaze explains his plan to power up Tubatron 2.0 using the Fury Cells, which he stole from Scrozzle. Despite Scrozzle's objections, Evox orders Blaze to proceed with the plan. Blaze uses one of the Fury Cells to give Tubatron 2.0 tremendous power. However, the Rangers steal one of the remaining Fury Cells from Blaze, which Nate uses to create the Red Fury Battlizer. Devon uses the Red Fury Battlizer to destroy Tubatron 2.0. However, this mode has side effects, since the Fury Cells are made of evil.

Later, Devon takes another cell from Roxy to upgrade his Red Fury Battlizer. He easily defeats Roxy and Burnertron, sending them back to the Cyber Dimension. Roxy informs Evox that Red Ranger's new powers are making him reckless. Scrozzle then reveals that the Fury Cells exert a corrupting influence over their users, slowly turning them evil. Evox orders Roxy to arrange for Devon to use the last remaining Fury Cell, ensuring he turns evil forever. Evox promises her the Beast-X powers will upgrade if she succeeds.

Vargoyle comes to the Cyber Dimension, looking for the Fury Cells. When Scrozzle tells him that Blaze and Roxy are responsible for losing the Fury Cells, Vargoyle attacks the avatars and threatens to destroy them. Evox appears from his computer terminal and warns Vargoyle that only he is allowed to kill anyone here. Scrozzle then explains how he created Vargoyle, who became evil when he used the Fury Cells on himself. Evox decides to recruit Vargoyle and offers him the Beast powers upgrade in exchange for his mission. Vargoyle agrees to the deal and teleports to Earth. Blaze and Roxy protest that Evox had promised one of them the upgrade, but Evox reminds them that he actually promised it to his "strongest servant."

After Vargoyle succeeds in retrieving 3 Morph-X containers, Evox is pleased with him and gives him some upgrades. Outraged at being denied the upgrade, Blaze and Roxy decided to team up to get rid of Vargoyle.

Evox is revealed to be the Venjix Virus, the enemy of RPM Rangers.

Master Org

The Master Org is a title that belonged to the most powerful Org and the said Org serves as the main antagonist in Power Rangers: Wild Force. The most major of Master Org in the series is Viktor Adler, Master Org's doppelganger who later merged with Ancient Master Org who was reincarnated from his body, merging into a single entity.

Dr. Viktor Adler is the main antagonist of the first half of Power Rangers: Wild Force. He is the archenemy of Cole Evans, the Red Wild Force Ranger. Formerly a scientist, after feeling betrayed by Richard Evans who married Elizabeth and shadowed by Richard's fame, devoured seeds that contained Master Org's essence and gained his powers. He then used his newfound powers to kill Richard and Elizabeth Evans, but was unable to find Cole as he floated away on the river and found by natives.

For majority of the series, Viktor worked as imposter of the Master Org who sought to finish what the original Master Org started until he was exposed and betrayed by Jindrax and Toxica who uncovered his true identity as a fraud. To make matters worse, when Viktor seemingly died, his body and soul was unexpectedly claimed by the Ancient Master Org within him where returned to the living.

He was portrayed by Ilia Volok.

Before becoming Master Org's imposter, Dr. Viktor Adler was originally a colleague and friend of Richard and Elizabeth Evans, as well as having feelings for the latter. He began to resent them after Elizabeth accepted Richard's proposal of marriage, worsened by the fact that Richard became so famous that the scientist felt like he was living in his own students' shadows. The three eventually went on an expedition to the Amazon proving the existence of the Animarium to the public and discovered the remnants of the Ancient Master Org in the form of seeds. Driven toward jealousy by Richard Evans, Adler ate the seeds and gained Master Org's powers in process.

With his newfound dark powers, Viktor chased Richard and Elizabeth and murdered them in cold blood. He also intended to kill their baby, Cole, to complete his vengeance, but was unable to find him: Just as he murdered Richard, Elizabeth managed to sent Cole far enough so her son would eventually beyond Viktor's reach and later, found by natives who later raised him.

Viktor Adler later assumed the identity of Master Org, and continued his mission of wiping out humanity and taking over Earth by recruiting newly arisen Org spirits to battle the Rangers. For the majority of the series, he wore a helmet that harnessed a fake horn and third eye to hide his true identity. He was aided by Duke Orgs Toxica and Jindrax who previously worked with the Ancient Master Org as well.

When Jindrax and Toxica uncovered his true identity, exposing him as a fraud, Adler turned them into temporary slaves and equipped them with new powers in retaliation of them failing him many times and to keep his identity safe from his minions. The brainwashing was ultimately undone in the end.

After endless defeats at the hands of the Wild Force Power Rangers, Viktor took it upon himself to fight them, revealing his involvement with the Orgs as their false leader. He was taken to a hospital, and sure enough, Cole and the Rangers paid a visit. He ambushed the team, trapping them in vines and taking them to an abandoned lab. Viktor told Cole all about the history between him and his parents prior becoming Master Org's imposter, just before the two battled it out. Cole emerged victorious, leaving Viktor defeated and powerless.

As Viktor dragged himself through the desert, he came across Jindrax, Toxica, and their new leader Mandilok. Mandilok threw Viktor off a cliff and died.

However, Dr. Adler's evil actions gave the Ancient Master Org another chance to live again, using his corpse as a vessel before performing a ritual to gain a more powerful form, only for him to be defeated by the Rangers once and for all. After the demise of Master Org, Dr. Adler could finally rest in peace, his corrupt life and suffering over. Later, Cole visited Adler's grave and presented some flowers in front of his tombstone, showing that with he had forgiven Dr. Adler and moved on.

## Moltor

Moltor is one of the two main antagonists of Power Rangers: Operation Overdrive (along with his brother Flurious) is an evil warrior, fire based creature, who wants to find Corona Aurora. He wants to destroy power rangers and beat his brother.

When they were once humans, Moltor and his brother, Flurious, tried to obtain the Corona Aurora, but he was transformed into a fiery, dragon-like being. He was then imprisoned in a distant planet, only to be freed when Andrew Hartford discovered the Corona Aurora. Moltor set out to obtain the jewels of the Corona Aurora, before Flurious could, whom he held a grudge against. He attacked

Andrew Hartford to try and get the crown, setting off a volcano after getting what he thought was the crown. It was actually a clever fake, but Moltor captured Andrew and the real crown and tried to make the explorer help him get the jewels. However the rangers arrived and saved Andrew, destroying a monster Moltor sent against them. Flurious confronted the fire being, demanding the crown, and they fought, ending in a tie and agreed to be enemies.

At one point, Moltor tried to gain his brother's respect by creating a device to control weather. However Moltor lost control of it, leaving the Power Rangers to destroy it and Flurious mocked him for his failure. After this, the fire being transformed one of his Lava Lizards into a half-dragon monster named Volcan. In order to make him invincible, Moltor went after a dragon scale that the rangers were also trying to get. After a fight with the rangers, he got the scale and planned to use intense heat to completely empower Volcan. However the rangers interfered and took the scale, destroying Volcan with their new Drill Blaster Weapon.

Later Moltor received a proposal from his brother to join forces since now Kamdor and Miratrix were also looking for the Corona Aurora's jewels. Using two giant robots Moltor was constructing, he and Flurious were able to take down the Rangers and disable their Megazord.

They managed to take Mack, the Red Ranger, prisoner, but he was able to play on their hatred towards each other to make Moltor and Flurious enemies again. He managed to escape with the Megazord and with the other rangers help, destroy Moltor's robots. After this, when Miratrix and Kamdor obtained a parchment that led to the Toru diamond, one of the jewels of the Corona Aurora, Moltor sent a monster to take care of them.

They managed to bury the monster in a cave and then created monsters of their own, as well as brainwash stunt actors to become their army. Moltor engaged them with his own forces, but the rangers joined the fight and Dax brought in the Transtek Armor. The fire-being and Kamdor teamed up temporarily to fight the armor, but both lost and retreated, with the parchment falling into the ranger's hands.

So as to get the parchment back, Moltor sent Tyzonn, a good alien who he'd turned into a monster, promising to change him back if he served him, to get it back, along with the monster, Bullox. However in the struggle, the most important piece was torn off and ended up in Mack's hands. Moltor sent the two to get the piece, but Tyzonn was convinced to turn against the fire being. He told his former master he wouldn't help him anymore and eventually helped the rangers get the diamond with the rangers restoring him to normal. Later the Lava Lizards retrieved a map to Thor's hammer, Mjolnir, for Moltor from a museum in Norway, but the rangers arrived at the rainforest he met up with them in.

The fire being managed to defeat them and returned to his lair to find Norg, who had left Flurious after the ice being had gotten mad at him. The yeti gave Moltor Chiller stones to let him stay and he commanded Norg to clean his lair, before going to find Mjolnir. After the Rangers arrived, he released the Chillers against them and continued searching for the hammer. Tyzonn and Will caught up with him and Moltor released more Chillers to fight them. Tyzonn went after him and managed to get Mjolnir first, prompting the fire being to engage him and succeeded in taking the hammer. When all the rangers caught up with him and defeated his Lava Lizards, Moltor used Mjolnir to ressurect three Lava Lizards in giant size, more than twice the size of the Drivemax Ultrazord. Tyzonn managed to get the hammer from him and grow the Drivemax Ultrazord to match the Lava Lizards. After his Lizards were defeated, Moltor returned to his fortress, before kicking Norg out for the failure of the Chillers. Later, the rangers were trying to break open the rock that held the next jewel of the Corona Aurora with help from "Thor" (actually Loki in disguise).

Moltor attacked with his Lava Lizards, but the real Thor appeared and the fire being retreated. But after the rangers broke open the stone to find it contained a powerful compass, the Piedra Aztec del Compás, instead, Moltor reappeared and stole it, before teleporting away. His old friend, Blothgaar, arrived and the fire being commanded him to use the compass on the rangers. He succeeded in giving Mack excessive bad luck with the compass and Moltor brought Blothgaar to a suppository of energy to help finish the rangers. The rangers arrived to confront them with Mack bearing numerous good-luck charms from his friends, much to Moltor and Blothgaar's amusement. They didn't help at first and the fire being left while Blothgaar and some Lava Lizards fought the rangers. The rangers emerged victorious due to Mack using the good luck charms, taking the compass, but Moltor returned with an army of Lava Lizards. While Tyzonn battled his minions in the Transtek armor, the fire being fought the rangers himself, eventually retreating. Moltor helped Blothgaar into the energy suppository, growing him to giant size only for the monster to finally be destroyed.

Moltor later contacted the Fearcats and offered them invincible armor, in exchange for defeating the Power Rangers. He gave them a map to the armor, but they weren't interested and mobilized a new giant robot. After their robot failed due to being unable to handle the power, the Fearcats decided to go after the armor. Despite the rangers' interference, they equipped it to the robot, but the rangers still defeated them and took the armor, much to Moltor's disappointment and anger. Soon after this, Moltor, along with Flurious, Kamdor, Miratrix, and the Fearcats, was called to a meeting by Thrax. He proposed a temporary alliance between them all to destroy their mutual enemies, the Power Rangers. They agreed, since it would leave Earth open for them to plunder for the jewels of the Corona Aurora. Moltor and the rest of the alliance faced off against the rangers and devastated them in the battle, then combined their energies to cut off the team's link to the Morphing Grid, leaving them unable to morph. After the Sentinel Knight teleported the rangers away, Moltor and the others set off to find the crown's jewels. However the Sentinel Knight restored the powers of some previous rangers, who battled the evil alliance in place of the Overdrive Rangers. Moltor and the others talked about the fact that Thrax hadn't kept his promise to get rid of the Power Rangers and were getting suspicious of him. Finally Moltor and the rest of the evil alliance faced off against the Power Rangers in one final battle. However they proved unable to win against two ranger teams and with Thrax's destruction, were defeated by one final blast from the group, before severing their ties.

Some time after this, Moltor was working on another robot that was powered by one of Flurious' gyro generators, which he got from the

Fearcats. However it didn't work and he confronted them about this, but they said they'd kept their part of the deal and told him to find another way. Moltor and the Fearcats attacked the city, luring the rangers into a trap, and successfully captured Ronny and Will, as well as the Sentinel Sword. The Fearcats got angry about taking Will, saying he could be a liability and Moltor agreed to destroy him. Will and Ronny managed to escape their bonds, but the Fearcats recaptured Ronny, who'd stayed to give Will a chance to escape. The Fearcats brought her to the energy harnessing device and Moltor plugged the Sentinel Sword into a converter that would turn the Sentinel Knight evil or destroy him. Moltor activated the device and started draining Ronny's energy, eventually gaining enough for his robot. He got in a brief fight with the Fearcats when he left to activate his robot before Ronny was completely drained. Moltor faced off against the rangers' Zords with help from a now evil Sentinel Knight and a fleet of his Lavadactyls. He managed to devastate them, even blasting the Drivemax Ultrazord into its individual zords. However the rangers struck back with their new Battlefleet zords and suddenly Moltor's robot ran out of energy, forcing him to retreat. He began draining more energy, telling the Fearcats the energy draining machine worked too slowly. However Moltor noticed Will and Norg approaching on a monitor and sent Lava Lizards to attack them.

Will managed to fight them off and infiltrate Motlor's fortress, only to be confronted by the fire being himself. They fought and Will won with use of his Drive Slammer, then freed Ronny and Moltor used what energy he'd gathered to mobilize his robot. The rangers used the Battlefleet Megazord to fight him and managed to destroy his robot, forcing Moltor and the Fearcats to retreat. Moltor later retrieved the Root of Hesper to keep it out of the hands of the Fearcats, but was confronted by Ronny and Mack. He and his Lava Lizards engaged them and Moltor was eventually defeated by the sudden arrival of Dax. The Fearcats arrived, taking the root and taunting the fire being, as well as the other villains who'd gotten other relics the cats were after, but had lost them to the aliens.

They watched as the Fearcats summoned the being, Agrios, then defeated the rangers, trashing the rangers' Zords. Moltor and the others watched Mack in the Flashpoint Megazord have a rematch with Agrios, angered that the Fearcats would make them their servants when they won. But when the Fearcats lost, Moltor contacted Flurious, saying out he would claim the gems, only for the ice being to demand that his brother join him, but he refused.

Moltor was watching the rangers as they discovered the location of the last Corona Aurora jewel and that they needed a key to get to it. However his volcano fortress began growing unstable, Flurious' doing with use of the Corona Aurora jewel in his possession.

Moltor pursued the rangers to Japan and confronted them with the monster, Magmador. They fought and the fire being almost managed to get the key, but it burrowed underground, forcing Moltor to try and find it again. Magmador used his tentacles to search for the key and brought his master to where it would appear, but the rangers arrived. Another fight ensued and the rangers destroyed Magmador but he revived in giant form and was engaged by the Sentinel Knight. While his monster fought the Sentinel Knight and Tyzonn in the Flashpoint Megazord, Moltor battled the other rangers. Magmador was destroyed, just as the key appeared, but before the fire being could get it, Will took it. After being badly weakened by an attack by Will, Moltor retreated to his crumbling lair and marshaled his Lava Lizards for a final attempt to get the jewel. Suddenly Will arrived to take the crown and the fire being and his Laca Lizards engaged him as the volcano started to erupt. Moltor was stuck down as the volcano exploded, but escaped and went to Flurious with the crown and Vella, Tyzonn's wife. At first his brother treated him kindly, but he simply froze Moltor, then shattered him to pieces.

## Flurious

Flurious is Mack Hartford's archenemy and one of the two main antagonists of Power Rangers Operation Overdrive. He is an evil warrior, an ice-based creature, and the brother of Moltor. Like Moltor, Flurious is a heavy rival who wanted to find the Corona Aurora. When they touched it, they were transformed and sent to element-inspired planets. Flurious seeks the Corona Aurora at any cost, even betraying his brother.

He was portrayed by Gerald Urquhart.

Flurious's past is unknown. When he and Moltor were children, Flurious broke Moltor's little red sled, much to his brother's dismay. He is extremely argumentative, short-tempered, cantankerous, and irritable, attacking Norg at the slightest provocation. He was the first of the two brothers to openly declare hostilities, attacking Moltor for the Corona Aurora and declaring "it's every man for himself" afterwards. He is heavily disdainful, opprobrious, and vituperative for his brother (Flurious considers himself the smarter and more handsome one), laughing at his misfortunes and openly calling him to insult his intelligence. He always thinks of Moltor as incompetent, and gets easily annoyed when Moltor fails, although he fails too. One can infer from the verbal exchanges of the two siblings that Flurious is the older brother, though this was never stated onscreen.

Following his release from his prison, Flurious took over Norg's ice cave and enslaved the yeti, and has been regretful ever since. He has tried several times to make Norg either useful - such as finding the Fearcat's base and making him run away - or leave, but with no luck.

At one point, Flurious went to Moltor's base, suggesting that with Miratrix and Kamdor searching for the jewels, it was time for the two brothers to put their differences aside and work together. They did manage to beat the Megazord with the cyborg-zords Moltor built, and capture Mack in the process. Mack used their own suspicions and past issues to set them against each other, and at the end of the episode, they were fighting once more.

Flurious is one of the least active of the villains, and has had the least success as a result. He originally tended to not search for the jewels, and just wait for Moltor to find them so he could steal them. However with the Fearcats' debut, his way of thinking soon changed. He briefly attempted to work with other villains: he brought back the Fearcats as cyborgs with his gyro technology, intending for them to work for him, and teamed up with Kamdor to find the Cannon of Ki Amuk. This backfired when the Fearcats turned on him near-instantly and stole one of his robots, and Kamdor and Flurious fell out over whose fault it was. All three villains battled each other as a result, and - aside from Thrax's alliance - this was the last Flurious has tried working with others. The only exception since then came when the Fearcats were destroyed, and Flurious made a one-chance offer to Moltor to work for him; though it is unlikely that he thought his brother would actually take him up on the offer. Flurious gets his hands on the third jewel of the Corona Aurora, thanks to Norg. However, he is also very unappreciative and thoughtless towards the poor Yeti. Flurious uses his jewel to destroy Moltor's lair, then destroys Moltor by luring him to his lair and taking the Corona Aurora before freezing him solid and shattering him. Using the combined power of the blue sapphire and the crown, Flurious was able to locate the rangers' base where the remaining jewels were hidden.

In the final episode, "Crown and Punishment", Flurious gets the rest of the jewels for the crown but the Rangers attack his forces before he can put it on. He freezes the city, and the rangers freeze during mid-morph. The Rangers escape because of this, and Flurious puts on his crown, transforming into an immensely powerful form. The Rangers manage to use teamwork to fight him back but he responds by growing giant sized. The Rangers combat him with the Drivemax Megazord riding the BattleFleet Battleship Formation, but he quickly defeats the Zords with the BattleFleet Battleship being destroyed, then shrinks back down to human size and he sends out a huge army of Chillers. He comments that no mere human can defeat him. Mack says he isn't human, and while the other rangers take on the Chillers Mack becomes the Red Sentinel Ranger, and he uses everything he has to defeat Flurious. After he is beaten the crown falls on the ground and he reverts to his original form. Flurious refuses to admit defeat and goes after the crown, only for Mack to stop him and use all of his powers left to finally destroy Flurious with an energy beam and save the world.

## Vrak

Prince Vrak is one of the most powerful enemies the Mega Rangers have faced throughout Power Rangers Megaforce and Power Rangers Super Megaforce. He is the main antagonist of Power Rangers Megaforce and a major antagonist in Power Rangers Super Megaforce. He is the younger brother of Prince Vekar and the second son of Emperor Mavro, thus being one of the three members of the alien royal family. He serves Admiral Malkor and Prince Vekar and shares his rank as their second-in-command with Creepox and Damaras. Despite this, however, he is proven to be stronger than both of them respectively. His main role is as an intermediary and tactician to the many villainous military he is affiliated with. Vrak is a high-ranking member of both the Warstar and the Armada.

He was voiced by Jason Hood.

Born into extraterrestrial royalty, Vrak is the son of Emperor Mavro himself and younger brother of Prince Vekar. Due to being the competent of the two sons, Vrak is Mavro's favorite son. Despite this, he is still 2nd in line to the throne while Vekar 1st due to being older, a similar concept to medieval heredity. The two brothers often competed for their father's favor, which Vrak usually won. They own the Aurora Box, a powerful box which can supercharge any monster.

At some point in his life, Vrak was working on a Powermid. He only needed one ingredient left to complete it, which was to harvest the energies emitted from an intense storm. Despite not being able to get the weather to cooperate, he still kept the Powermid just in case an opportunity to use it showed up.

Between these events, Drill Horn and Tresnag became Vrak's servants. They may have been assigned to Vrak by his father or simply hand-picked by Vrak before he mostly left the Armada to work on his own.

Eventually, Vrak joined the Insectoid ranks as Warstar selected Earth as its next target. He took the Aurora Box and the Powermid with him. He presented them as the most prized relics of his family, which became weapons of Warstar and, through a combination of his competence, royal offerings and highly influence at Warstar, he rose to second-in-command of the Insectoids alongside Creepox, serving directly under the all-powerful Admiral Malkor.

Vrak first encountered the Mega Rangers in his Earth Armor. He tested the Rangers with Loogies to test their fighting skills. Seeing how the Rangers defeated the Loogies with ease, Vrak left the scene.

During his next encounter with the Power Rangers, Vrak deals with them personally while Dizchord plays his music to annoy the world and to supercharge the Loogies. When Dizchord was defeated, Vrak retreated.

Vrak incites Creepox to confront face-to-face with the Red Ranger. Vrak appears in his Earth Armor and bears witness to the destruction of Creepox. Vrak calls Creepox a fool, but ponders that he can still be used one final time and calls his Zombats to make Creepox huge. But Creepox is destroyed by the Rangers.

Creepox's death proved a great and major loss to Warstar, severely crippling the Insectoids and making Admiral Malkor realize that assigning Insectoids to conquer Earth would no longer be effective due to the growing strength of the Mega Rangers and that this invasion required more serious measures. Thus, on Malkor's order, Vrak then forged a coalition with Bigs and Bluefur so that Warstar and the Toxic Beasts could join forces and topple humanity together.

However, Vrak secretly intended to secure the planet under his own rule. To do so, he leads the lesser Toxic Beasts in order to use them to his own ends and hires many of them to sic against the Mega Rangers without reporting to Malkor and, on occasion, without doing so to Bigs and Bluefur as well.

When Vrak heard about Robo Knight, he came up with a plan to capture Robo Knight and bend him to his will. Finding a perfect monster to capture Robo Knight, Vrak summoned Psychotick to capture him. When Robo Knight was captured, Robo Knight was placed in a cage to drain him of his energies. During Robo Knight's final moments, the Rangers arrived to free him. Eventually Robo Knight escaped by transmitting his energies drained to the tick back to his power cell and defeated Vrak and Psychotick. Outmatched, Vrak retreated.

Overhearing about the Power Rangers talking about the Wild Sword while examining an insect, Vrak embarked on a quest to claim the Wild Sword from the Black Mountains. He sent Distractor to distract the Power Rangers. Finding out the Wild Sword is protected by a force field, Vrak tricked the Rangers into retrieving it. Vrak proceeded to test it's power on a city, and the Rangers clashed for control. After discovering that the Wild Sword would only obey the

Rangers, Troy risked his life to claim it. Failing to hold on to it's power, the power of the Wild Sword was transferred to Troy. After a last ditch effort to defeat the Rangers, Vrak teleported away after proving no match against his enhanced foes and left Distractor and his minions to finish them, but to no avail.

Sometime later, Vrak resorted to lend Bigs and Bluefur the Aurora Box. He had it tested on the Dream Snatcher. Although Dream Snatcher was defeated. Bigs and Bluefur would once again use the Aurora Box in their next plot.

Some time after the deaths of Bigs and Bluefur, Vrak established his personal base. He placed his first creation, Metal Alice, in command.

During Malkor's absence as he was busy powering up in his cocoon, Vrak saw an opportunity to usurp Malkor's power and to prove his worth to his family as they were starting to see him as disgraceful. Metal Alice orchestrated three onslaughts: the first involving Rotox and his upgraded state, Rotox DX, the second with Robot-1C0 to study human emotions in order to cripple the Rangers, and the third by having Metal Alice personally derailing train stations to throw humanity into chaos, but failed as the Power Rangers thwarted all of their plans.

When Malkor awakened from his cocoon, Vrak participated in the invasion of Earth. His role was to land the Warstar Spaceship, annihilating Harwood County while truly intending to crash onto Malkor and the Rangers. Before the Warstar Spaceship crashed to Earth, the Rangers managed to blast Malkor using the Ultra Gosei Great Megazord to the ship, causing an explosion whose ensuing flames consumed both. The two were presumed dead by both the The Armada and the Mega Rangers.

As a side effect, Vrak had little to no memory of who he was as his mind was still adjusting to being a cyborg.

Metal Alice then reintroduced Vrak to the Rangers, much to their shock. Vrak took on the Rangers, easily beating them. Then Vrak threatened to destroy a skyscraper full of people if they continued fighting. Suddenly Vrak malfunctioned causing Metal Alice to take him back to their lair, but not before firing the missile. The Rangers managed to stop the missile in the nick of time.

During his repairs, a mysterious figure appeared introducing himself as a The Messenger of the approaching Armada. After Vrak's repairs, Vrak, Metal Alice, and the Messenger led an assault on the rangers. The Messenger fought Troy while Metal Alice battled Robo Knight and Vrak took on the rest. However the Rangers managed to push them back, forcing the trio to retreat.

Back in the underwater lair, the Messenger had Metal Alice show past clips to Vrak to speed up his mind adjusting to his new body. Now with his memory fully restored, Vrak assaults the Rangers stating that it will be their final duel and the end of Earth's resistance. Although Vrak was clearly capable of destroying the Rangers, Vrak wanted them to suffer while watching Earth get taken over by the Armada so he teleported back to his lair. At the same time, the Armada entered the Solar System.

The next day, Vrak led another assault against the Power Rangers. Before entering the battle personally, Vrak had Loogies and three Rotox models attack the Rangers which were easily defeated. Then Vrak makes his appearance and fights the Rangers, managing to disable their Morphers when they used the Ultra Dynamic Strike. Then the Messenger appeared to finish the Rangers off with a powerful energy beam. Robo Knight then used his internal power to restore his Morpher and fired an attack to counter the Messenger's attack and used the last of his power to restore the Rangers' morphers. With their powers restored, the Rangers used the Ultra Dynamic Strikes and Robo Knight's Vulcan Cannon to defeat the Messenger. After that Metal Alice arrived to the scene. Drained of his energies, Metal Alice pushed him out of the way to defeat the Rangers but she malfunctioned when Troy slashed her at her weak spot and exploded but survives briefly. Vrak listens the dying Messenger and fled because the Armada mistook as an enemy and leaves Metal Alice exploded. At the same time the Armada arrived at Earth.

At the point in Super Megaforce, Vekar finds a weapon that Vrak has never finished and to use it to destroy the Rangers with one of his monsters Sirjinkor. But the weapon and his commander are destroyed by the Rangers.

Vrak returns after Vekar's death, thanks the Rangers for having destroyed his older brother to make him the only heir to the throne of his father, the Emperor Mavro. He starts his final attack kidnapped Orion and using his powers to destroy the Earth, reprogramming Robo Knight to fight the Rangers with his two commanders Tresnag and Drill Horn. But Vrak unrestimates the Rangers once again, that results Tresnag and Drill Horn are destroyed, and Troy (the Red Ranger) saves Robo Knight. Vrak continues his plan and destroyed Robo Knight in order to make the Rangers truly suffer. In a last conflict, Vrak is finally killed by Troy, avenging Robot Knight and following Vrak's death, his drills disappeared, ending Vrak's threat to the Earth for good.

## Sledge

Sledge is the main antagonist of Power Rangers Dino Charge, the secondary antagonist of Power Rangers Dino Super Charge, and the final antagonist of Power Rangers Super Ninja Steel after Madame Odius' death. He is an intergalactic bounty hunter who wishes to obtain the Energems and use their power to conquer the universe, but is opposed by the Dino Charge Power Rangers. He orbits the Earth onboard his spaceship, joined by his generals Fury, Wrench, and Poisandra (who is also his fiancé). His monsters are in actuality the outlaws he has captured during his years as a bounty hunter, to who he promises freedom if they manage to retrieve the energems for him. Whenever they are destroyed, he fires an energy blast dubbed the Magna beam down to Earth that fired from the Magna Cannon installed on his ship, reanimating it and causing it to grow.

In Power Rangers Dino Super Charge, it is revealed that he has not coveted the Energems for himself, but rather his employer Lord Arcanon, a powerful alien whom entrusted him the job to turned all outlaw monsters into his army. Sledge finally decides to eliminate Arcanon.

He was voiced by Adam Gardiner.

65 million years ago, Sledge attempted to steal the Energems from an alien known as the Keeper, eventually shooting him down over planet Earth. Surviving the crash, Keeper entrusted the Energems to

various dinosaurs for safekeeping, and tricked Fury in to bringing a bomb onboard Sledge's ship. The resulting explosion sent Sledge and his crew careening off into space and releasing all of the asteroids Sledge had collected, leaving Fury stuck on Earth while the asteroids impacted the planet, causing the extinction of the dinosaurs.

Sledge returns in the present day to once again claim the Energems for himself, only to find himself opposed by the Dino Charge Rangers, a group of teenagers founded by Keeper who fight and defeat the monsters he and his generals release into the world, as well as finding the Energems before Sledge. Eventually, Sledge, fed up of Poisandra's constant nagging, has Wrench create Curio in order to keep her occupied while he and the other generals focus on retrieving the Energems.

In season finale, he managed to acquire the Purple and Red Energems as well as capture Keeper, but this resulting the final battle that crashed his ship and costed him his worst monster, Greenzilla. The resulting crash and damages that the heroes caused made him presumably killed, but in reality he survived (albeit wind up separated from the others during the crash) and biding his time for return.

His temporal absence was allowed Heckyl and Snide to temporarily taking over the leadership of his minions. Instead of immediately goes to retake his position, Sledge, whom discovered a batch of Greenzilla's eggs, six in all, decided to spread the eggs all over the planet whilst keep in touch with Heckyl to be in charge on his crew until Lord Arcanon arrived on Earth. Also, due to boredom from his duty on his ship, he briefly relaxing on Earth.

By the time he returned for his crew and revealed to Lord Arcanon that he fed up from worked for him, Sledge took the dark Energerm for himself and use it to destroy Arcanon and Singe, as well as Conductro and Screech. Finally reunited with his crew, and allied with Snide now, Sledge regained control of his ship with some plans to destroy the Earth. He sends Badussa against the Rangers to gain the time to repair his ship.

In season finale, Sledge causes his own demise: he betrays Snide, in offering the Dark Energem to Poisandra instead of him (as gift of wedding) and wants to send him on a suicidal mission against the Rangers without knowing that Snide has heard all. Later, after his six Greenzillas were destroyed, he refuses to send the Magnabeam to Snide, chocking Wrench, and Snide is destroyed by the Rangers and Heckyl. Then he uses the Greenzilla's eggs to deploy his magnetic nets to send the Earth in a space discharge and take over the Energems. To stop him, the Rangers destroy the Dark Energem, with the help of all humans and Sledge is seemingly killed with his crew when they are sucked into a black hole (or wormhole).

In the final battle in the past, between Sledge's Crew and the Rangers, Sledge fights the Rangers (Shelby, Chase, Riley, Koda and Ivan) with Fury and the Vivixes. Fury gives him the container with the remaining Five Energems, but Tyler who rejoined the fight has replaced the Energems by the Guardian's bomb. Sledge comes out narrowly but Fury is killed by the explosion. Devastated by Fury's death, Sledge, who was a match for Tyler in his T-Rex Super Charge form during the battle, later uses the Magnabeam and beats the Rangers and the Guardian. He is about to crush them when Heckyl capture him with his magnetic nets and Sledge is finally killed with the rest of his crew when Heckyl leads his ship into the Sun.

Sledge returns in Power Rangers Super Ninja Steel. While his past self was destroyed at the end of Dino Super Charge, his and his crew's present selves survived being sucked into the black hole, ending up in the Ninja Steel universe. Upon finding that there are no energems in the Ninja Steel dimension, they stumble upon the wreckage of Glavanax's Warrior Dome. Upon learning that the Super Ninja Steel asteroid stuck on it is made of a rare metal, Sledge docks his ship with the Warrior Dome and boards with Wrench and two outlaws to retrieve it. He initially plans to sell the Warrior Dome for scrap, but after encountering Madame Odius and Cosmo Royale, Sledge offers to repair the ship for them in return for the Super Ninja Steel Meteor.

Later in "The Poisy Show", Sledge returns with Wrench and Poisandra. He retrieves the Warrior Dome Ship and is happy when Wrench says to him that the Rangers have destroyed Madame Odius, being furious because she had stolen him the Super Ninja

Steel. He wins the Warrior Dome Ship, and the Basher Bots survivings then fights the Ninja Steel Rangers as well as Koda (the Dino Charge Ranger Blue). He was destroyed with Wrench, Poisandra, the rest of Galaxy Warriors and the Warrior Dome Ship by a bomb placed by Koda with Santa Claus's help.

## Snide

Snide is the main antagonist of Power Rangers Dino Super Charge (although Snide previously appeared in Power Rangers Dino Charge as one of the minor villains). Heckyl, alongside his alter ego Snide, are intergalactic criminals which seek the energy S.

Heckyl, alongside Greenzilla and his alter ego Snide, are repeatedly stated to be the worst outlaws ever that have been captured by Sledge and we're therefore confined within special cells by the him. While Greenzilla is regarded as a feral and malevolent monster who's only thoughts are to destroy anything that is in its path (similar to The Great Devourer from Ninjago series), Heckyl/Snide are far worse: According to Wrench, Heckyl has laid waste to and destroyed countless galaxies before being captured and confined by Sledge. His deadly powers and dual personality as result of his fusion with Snide are reasons why he was kept within special cells by Sledge himself as well.

However, Heckyl was not always the malevolent alien that we now know. Millions of years ago, when his home planet Sentai 6 was invaded by Lord Arcanon, for the Dark Energem that was located on said planet, Heckyl, who knew the whereabouts of the Energem tried to take it away from Arcanon. While on the run, he accidently damaged the Dark Energem's container and desperately took the Energem with him. Unfortunately, because the Dark Energem was forged from the residual dark energy that was left behind after being used for creating the other Energems that later fell into the Rangers' hands. The Dark Energem's powers corrupted Heckyl, turning him evil and resulting the birth of his monstrous alter-ego, Snide.

After he barely escaped from Sentai 6's destruction, he went on destruction across the universe until captured by Arcanon's employer, Sledge.

By the events of Power Rangers Dino Charge (which is around centuries after the first day of his imprisonment as claimed by Heckyl himself), Sledge, whom now took on desperate measures in acquiring the Purple Energem when hearing that the bond to its previous host was severed and in need of a new host, pondered on whether he needs to enlist Heckyl's help for carrying the task to retrieve it or not. The mere suggestion of releasing Heckyl was enough to cause an uproar within the ship, sending all of the prisoners into instantaneous panic and instilling fear even to Wrench and Fury. Despite being aware of the risk to even his own well-being, the fearless but concerned bounty hunter sends him to Earth after conceding to his offer of ruling the universe together as partners in case of a successful mission. Sledge only agrees to this because, aside from his power, Heckyl is the only one of his prisoners that looks human enough to possibly fool the Dino Charge Rangers into trying to bond the Purple Energem to him.

This plan actually goes smoothly, until a rogue Wish Star intervenes, attempting to acquire the Energem to earn his own freedom. Heckyl would have fought for it, but held back purposely, knowing that if the Rangers saw his true nature (includes attempt to switch to his monster persona Snide), it would ruin his plans. After Wish Star is defeated and Fury successfully retrieves the Purple Energem, Heckyl attempts to explain himself, only for Sledge to declare their partnership over and narrowly blast him back to his cell with a shot from his now Energem-enhanced blaster. When the Rangers defeat Sledge and crash his ship, Snide claims "It's my turn, now! HAHAHAHAHA!".

After Sledge's Ship crashes following the final confrontation with the Dino Charge Rangers, Heckyl, whose body taken over by his Snide persona and assumed his armor-clad monster form, sees the opportunity to escape from his damaged special cell. Sledge's foot troopers, a group of Vivix and Spikeballs whom coincidently goes past the cell, was shocked to see Snide in his true form, confused that Heckyl was supposedly confined in the said cell. Snide killed one of Spikeballs whom claims that Sledge is their true leader, before his tattoo glows and resulting Heckyl regained control over his body. Heckyl asked the guards to forgive his other persona's brutal tendencies before ordering the Spikeballs and Vivix to free all inmates and give them snacks to gain their trust. He also set an example for what happened to traitors by killing a monster whom wished to walk away.

After asserting his authority over the remaining monsters on Sledge's ship, Heckyl sets out to obtain the Power Rangers' Energems by infiltrating the Power Rangers, getting a job at the museum where they all work. Snide refers to the Energems as the key to his "past, present, and future." When Snide is not in control of Heckyl's body, Snide speaks to him through Heckyl's pocket watch; a similar ornament on Snide's sword allows Heckyl to speak to him when their positions are reversed. Heckyl and his alter-ego have clashing personalities, but Snide can only maintain control of their body for a limited time. This led to complications in one of Heckyl's plans to find the Rangers' lair, in which he managed to succeed, only for he and his minions to have their short term memory erased due to Curio's bungling.

During the plot by the monster Nightmare, Shelby finds Heckyl using one of Nightmare's pillows on the others. After destroying it, Shelby reveals Heckyl's true intentions and claims that Heckyl is working for Snide. Heckyl states that he doesn't work for Snide as he transforms into Snide stating that he IS Snide. Before escaping, Snide states that his group will find their lair soon. Their group was then unexpectedly joined by Singe, whom Heckyl took a liking to but Snide mistrusted, as they continued their efforts to claim the Energems.

Not long after kicked out from the Dino Bite Cafe, Heckyl (whom switched to his other persona Snide) squired by Fury and Wrench as Singe arrives on Earth. Though initially intent on destroying him, he reasons that the upstart outlaw may be a valuable ally and chooses not only to spare him, but also to recruit him to his cause. It is also through Snide's first interaction with Singe that he is associated with Heckyl, who seems to be fonder and liking of Singe's style and attitude, as well as more patient and willing to listen to his ideas. Though Singe fails his first mission, he is given credit enough to be allowed to become a permanent member of the crew and a key player in the clash of good versus evil taking place on Earth. Although Heckyl found that Singe cannot cooperate well with Fury, he later locked them both in one cell until they put aside their differences.

Relationship between Heckyl's faction and Singe eventually become strained when Heckyl gives Fury a blaster that originally belonged to Singe. This eventually worsened when Fury caught Singe communicating with his mysterious employer and demanded the truth after the conversation ended. Singe claimed that he was talked to his grandmother, but Fury is not convinced but pretended to be otherwise and silently reported what he just heard to Heckyl. Ultimately, after realized that Singe knew the whereabouts of Titano Zord all along, Heckyl interrogates Singe, only for the latter to attack him. As result, Heckyl kicked him out of the ship and allowed Fury to kill Singe on sight should he be spotted again.

During Heckyl/Snide's reign, many monsters are destroyed by the Rangers (Iceage, Stingrage, Nightmare, Ninja, Hunter, Game Face, Loafer, Spell Digger, Hookbeard, Beauticruel and Halfbake).

Heckyl's reign is not lasted long, as when Singe returned, he is now accompanied by his ally Doomwing and their employer, Lord Arcanon. The villains engage in a power struggle, each of which having their two top generals beside them, in the case of Heckyl and Snide being Fury and Wrench. Wrench tried to turn the table of battle by summoning his newly created superweapon-monster hybrid fortress, only for Doomwing counteract by stealing Dino Charge Rangers' zords. Unfortunately, Doomwing's scheme winds up to provoke the Rangers to show up and retake their zords, but not without caused severe damage to Fortress in the mid of struggle. As result, Lord Arcanon and his generals are successful in defeating Heckyl and imprisoning him again, making Arcanon the outlaws' new master. This defeat was nothing for Heckyl, as upon seeing Dark Energem in Arcanon's possession, he recalled upon his lost memories when he used to be a good guy, and angrily attacked Arcanon before being subdued.

Later, Snide, chained, puts Arcanon's patience in hard test. Using his tentacle on Singe, he impresses Arcanon and claims that Singe is weak, Heckyl lack respects him and he can matter only on him. He proposes a plan to destroy the Rangers : inverting the Rangers's bodies thanks to Professor Strickler helped of Nightmare and Game

Face. Arcanon appreciates Snide's plan, and asks him for what he wants. Snide answers him that he wants to separate with Heckyl, destroys him as present and becomes a general of Arcanon, and he accepts. He sends Wrench to retrieve the Rangers' device used to separate Doomwing and Zenowing. Heckyl angered by Snide's decision, discovers that Snide makes fun that Arcanon destroyed their planet and all those that they loved. After that Snide's plan is failed (Strickler, Game Face and Nightmare are destroyed), Arcanon is furious, but Wrench activates the device and the operation begins. The separation succeeded, Heckyl returns in jail again, and Snide joins Arcanon as general. He says to Poisandra his secret later.

Heckyl does managed to escape, now reverted to the original self that wishes to redeem himself. When Snide proposes to Arcanon to destroy the Rangers with Screech and Conductro, he treats him useless because of Heckyl's escape. Snide allies with Sledge and his crew, and they destroy Arcanon and his crew (Snide claims to Arcanon that he always two faces), Heckyl assists at the battle and flees. When Sledge and Snide celebrate their alliance, Heckyl managed to regain the Rangers' trust, first in helping Shelby, Phillip, and James against Badussa, then destroying his amulet with Shelby and prevent her to leave the Earth before it is too late.

In the season finale, Snide surprises Sledge and Poisandra saying that he is not in Sledge's masterplan and goes to be sending in a suicidal mission against the Rangers, enraging him. During the wedding of Sledge and Poisandra, he steals the Dark Energem thinking that Sledge won't abandon him with it. Heckyl enjoys his last day on Earth, says to the Rangers that Sledge has deployed Six Greenzillas at London, New York, China, Tokyo, Hawaii and Amber Beach and refuses in a first time to help them despite Shelby said him "Snide is evil, but not Heckyl. You changed." During the battle between the Rangers and the Greenzillas, Heckyl helps a mother to find her daughter, she thanks him and it makes him realize that Shelby has rIght about him. He protects Kendall when Snide defeats her after he discovered and destroyed the Rangers' base and tried to bribe her and Keeper with the Dark Energem. He fights Snide with Shelby, Koda and Kendall but they are defeated. When Snide demands the Magnabeam, Sledge refuses chocking Wrench. Snide curses Sledge and is destroyed by the Ten Rangers and Heckyl.

## Poisandra

Poisandra is Sledge's fiancee and one of the secondary antagonists in Power Rangers Dino Charge and its sequel Power Rangers Dino Supercharge and one of final villains in Power Rangers Super Ninja Steel. She is also one of the Sledge's generals (and the only female among them) and also his marriage-obsessed bride.

In the final of Dino Supercharge, she is married with Sledge and is seemingly killed with him and the rest of his crew when they are sucked into a black hole. In the final battle between the Rangers and Sledge's crew, in the past, Poisandra fights the Rangers (Kendall, James, Phillip and Zenowing) and Heckyl with Wrench and the Vivix. She is defeated, then jailed by James and killed when Heckyl leads Sledge's ship into the sun.

Poisandra returns in Power Rangers Super Ninja Steel. While her past self was destroyed at the end of Dino Super Charge, her, Sledge and Wrench's present selves survived being sucked into the black hole, ending up in the Ninja Steel universe (technically main universe of Power Rangers series as Power Rangers Dino Charge and its sequel Power Rangers Dino Supercharge now confirmed to be set at an alternate universe much like Power Rangers RPM).

Later in "The Poisy Show", the Super Ninja Steel season finale, Poisandra returns with Sledge and Wrench. Sledge offers her the stage of the Warrior Dome Ship as "The Poisy Show" and she fights the Ninja Steel Rangers as well as Koda (the Dino Charge Ranger Blue). She was destroyed with Sledge, Wrench, the rest of Galaxy Warriors and the Warrior Dome Ship by a bomb placed by Koda with Santa Claus's help.

However, Poisandra reappears in Power Rangers Beast Morphers.

## Curio

Curio is one of Sledge's generals and an antagonist in Power Rangers Dino Charge and its sequel Power Rangers Dino Supercharge. He is a puppet-themed hybrid monster created as jester and entertainer for Sledge's fiancee, Poisandra, as the way to make up for having little to no time for love as a bounty hunter and distraction to keep her off the backs of her comrades.

In the final of Dino Supercharge, he is killed with Sledge and the rest of his crew when they are sucked into a black hole. In the final battle between the Rangers and Sledge's Crew, in the past, Curio is absent because Sledge has not yet given the order to Wrench to create him. Curio is erased from existence at Poisandra's death because she was the reason why Sledge ordered to Wrench to create him.

He was voiced by Estevez Gillespie.

Wrench

Wrench is Sledge's general/technician and the secondary antagonist in both Power Rangers Dino Charge and Power Rangers Dino Super Charge and one of final antagonists in Power Rangers Super Ninja Steel. He is responsible of the creation of Curio and the reanimation machine that resurrects fallen monsters. He is also a general under Sledge's command too.

In the finale of Dino Supercharge, he is seemingly killed with Sledge and the rest of his crew when they are sucked into a Black Hole.

In the final battle between the Rangers and Sledge's Crew, in the past, Wrench fights the Rangers (Kendall, James, Phillip and Zenowing) and Heckyl with Poisandra and the Vivixes. He is killed when Heckyl leads Sledge's Ship into the Sun.

In "Here Comes Heximas", it is revealed that Wrench tried to escape in an escape pod, but Heximas took his place.

Wrench returns in Power Rangers Super Ninja Steel. While his past self was destroyed at the end of Dino Super Charge, him, Sledge and Poisandra present selves survived being sucked into the black hole, ending up in the Ninja Steel universe, (the fate of Fury and Curio is unknown, but it is presumed that they are survived too). He was seen with Sledge later Poisandra and three outlaws on board the wreckage of Galvanax's Warrior Dome ship.

Later in "The Poisy Show", Wrench returns with Sledge and

Poisandra, wins the Warrior Dome Ship, saves the Basher Bots survivings and reprograms them to serve Sledge and fights the Ninja Steel Rangers as well as Koda (the Dino Charge Ranger Blue). He was destroyed with Sledge, Poisandra, the rest of Galaxy Warriors and the Warrior Dome Ship by a bomb placed by Koda with Santa Claus's help.

Me: Oh shit on me and fuck me sideways.

Nico: The Rangers deadliest enemies!

Master Xandred: Been a while rangers.

Jayden Shiba: I thought we were rid of you for good Xandred.

Me: And me and Nico banished you into the River of Fire, Master Org!

Tom Majors was about to charge but Tommy Oliver stopped him.

Tommy Oliver: Watch yourself, Tom. Out of all the bad guys that have tried to destroy this planet, these are the worst.

Vrak: (to Tommy) Well, if it isn't the leader of the Legendary Rangers. Are you satisfied with yourself? Because of all of you, the Armada was actually defeated!

Tommy Oliver: The Armada deserved to be destroyed.

Me: That was one of the most epic fights I've ever seen on TV. But you had no idea that you were facing Rangers from over the course of 20 years.

Nico: That was an epic fight.

Venjix: Hello, RPM Rangers. Do you like my new look?

Scott Truman: You always were full of surprises and not a day has gone by since the day you destroyed our world Venjix.

Me: And to make matters even more shocking we found out that you were also Evox, the Mortal Enemy of the Beast Morpher Rangers. Hard to imagine you were both one in the same.

Venjix: You have done your homework J.D. You are very perceptive.

Me: Can't say the same for your factory that you used to decimate the RPM Rangers Earth.

Venjix: What do you mean?

Me: We completely destroyed it by blowing it up with our Superlaser, destroying any chance you have to return to their world.

Venjix: WHAT!?

Nico: You heard us.

Moltor: (to Mack Hartford) Too bad you're not an android anymore, Red Ranger! That means you can't use your Battilizer anymore!

Mack Hartford: You couldn't be anymore wrong Moltor.

Flurious: It's a shame the Sentinel Knight isn't here. I have a score to settle with him as well!

Me: Now you have a score to settle with us.

Xandred: (to Jayden) This time, your Shogun mode won't be able to save you!

Nico: Don't count on it Xandred. We restored all of the Samurai Rangers powers and added a little bonus for them as well.

Xandred: What is it?

Me: Oh we don't want to spoil the surprise.

Master Org: (to Cole) Don't worry, Cole Evans. You'll be joining your parents soon enough!

Me: Not if we kill you first like me and Nico did before. I can't believe you are still that fucked up like you were before Dr. Adler! All because of your petty jealousy over your friend Richard Evans marrying Elizabeth before you! And you killed Cole's parents both in cold blood.

Master Org: And I enjoyed it.

Me: Fucked up as ever. Even all that time in the River of Fire hasn't taught you anything.

Octomus: (to Koragg) Before I suck out the Mystic Force Rangers' magic, it's time to learn the price for your betrayal, Koragg!

Me: You'll have to go through us first Octomus. I'm gonna take back all the magic you took from the Mystic Force Rangers.

Poisandra: Oh, Sledge. I can't wait to give you J.D.'s head as a honeymoon present.

Sledge: Aw, Poisy. You're always so thoughtful.

Me: I think I'm gonna be sick.

Nico: Gross.

Sarah: Get a room, you two!

Curio: Don't talk to Poisandra like that!

Me: Shut up Curio!

Peyton: Dudes, Vitog is gonna conquer Earth next after Perim. You can't seriously be okay with that!

Snide: Actually, we are. Vitog promised us our own territories after he conquers Earth!

Wrench: Master Org will get Turtle Cove, Ocotmus will get Briarwood, Moltor and Flurious will get San Angeles, Venjix wil get Corinth and Coral Harbor, Xandred will get Panorama City, Vrak will get Harwood County, and me, Snide, Curio, Poisandra, and Master Sledge will get Amber Beach.

Me: Over my dead body and you don't have any idea what you are up against. Now you will all face my power at its fullest. Get ready for a show.
HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

The clouds and life of Perim glowed and then the planet glowed and so did everything in the galaxy and then I flared up my aura of fire and power and my energy was building fast!

Nico formed a Power Counter Magic Ring and it showed my power.

Nico: WHOA! Already at 550 Decillion!? How is that possible!?

The skies of Perim darkened and lightning was striking all over the place.

Varie: WHOA! Look at his power now!

Nico: WHOA! 716 QUINDECILLION!? UNREAL!

Varie: I can't believe he has that much power!

The ground of the planet shook violently.

My power was still rising fast!

Nico: WHOA! 193 SEPTENDECILLION! UNBELIEVABLE!

Massive blasts of wind blew the lands all over the place.

Nico: WHOA! This is incredible!

Lola: How is his power still rising so fast!?

Nico: WHOA! 827 VIGINTILLION!? UNBELIEVABILY STRONG!

Octomus: UNREAL!

Master Org: I can't believe that J.D. was that strong. No wonder J.D. is so powerful! I didn't stand a chance!

Me: This is just for starters. Watch this.

I flared up my power to the incredible maximum and I transformed into my Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix!

Nico: WHOA! J.D.'s power at his full power is at… WHAT THE FUCK!? 726 GOOGOL?! INCONCEIVABLE!

Vince: WHOA! J.D. your power is incredible!

But then…

Venjix just stabbed me through the chest.

Venjix: You showing off your power was all the time I needed!

Venjix took some of my blood and put it in a container.

Venjix: Thanks for blood, Knudson. I'll make sure to put it to good use!

Me: (Divine Fiery Voice) **You would've gotten my blood if I were there.**

He saw that I disappeared and I was on a tree and unharmed.

Me: **It was an afterimage. And the "Blood" you got was my cherry juice that I was saving from this morning.**

Nico: Nice!

Vince: Now it's time to take you bastards down for good!

Dark Spicer: Here's your warning…

Maxxor: By the authority of the Tribal Alliance…

Tommy Oliver: It's Morphin Time!

Megaforce Rangers: Legendary 6th Ranger Mode!

The Megaforce Rangers turned into the 6th Rangers. Troy Burrows turned into the Magna Defender, Noah turned into the Titanium Ranger, Jake turned into the Quantum Ranger, Gia turned into the Green Samurai Storm Ranger, Emma turned into the White Mighty Morphin Power Ranger and Orion turned into the Lunar Wolf Ranger!

Dark Spicer: Your Asses are about to be kicked!

Maxxor: You all are sentenced to death!

Me: **Time for you all to die!**

We powered up and viciously went at them!

The Battle that Will Decide the Fate of Perim and Earth has begun!

We powered down.

Me: That's the last of the major enemies of Perim.

Vypra: I want you guys to know that I never planned to revive those villains.

Maria: And we're glad you didn't.

Tom: (to Maxxor) I guess the Tribal Alliance is here to stay.

Maxxor: Of course it is, Tom. All the Tribes are better united then fighting each other.

Peyton: Well, all of the major threats in Perim are pretty much done.

Kaz: But there are always gonna be some threat in Perim that might pop up.

Sarah: Yep. Perim's always gonna be… Chaotic.

We laughed.

Then we went back home.

Tom Majors: (To the viewers) Chaotic may be fun but always be careful when making friends in Perim or at the Chaotic hub.

Me: Yep. Or else you will meet evil enemies like Krystella or Klay or the rogue players.

Nico: Yep.

We got some much needed rest.

THE END

---

Another awesome fanfiction done.

Vitog from the final season of Chaotic was a wicked and ruthless enemy and we decided to make this interesting by having the major enemies of the Power Rangers help Vitog in trying to kill us. NicoChan11 gave us the ideas for this. Thanks man. Next up is the first ever chapter with Disney's Phineas and Ferb and we're going to take on the evil villain organization LOVEMUFFIN and get ready for an awesome battle.

See you all tomorrow.

# Genius Inventor Kids

DANVILLE, INDIANA

---

We were over in the town that is home to Phineas and Ferb, Danville. It was a really nice town and more. With us were

Clawful: So this is Danville?

Me: It sure looks like a nice town.

Nico: It sure does and I can't believe that the Royal Defenders ruined it in their universe.

Laney: I know.

Nico: Those jerkballs ruined so many people.

Jake (Adventure Time): You tell them Nico.

Luna: (depressed) I don't know about this, dudes. What if we end up making the same actions that our Royal Defenders counterparts did in their version of Danville?

Dark Spicer: Look, that was what your counterparts did. But here, I know you two won't end up doing the same things they caused.

Me: Dark is right guys. I know what the Royal Defenders did was terrible but as long as me, Nico, Vince and everyone and the Masters of Evil are around that will never happen.

Flash: I said the same thing to make sure that the Justice League didn't turn into the Justice Lords.

Nico: Wow.

Me: Deja vu.

Vince: Yeah.

Lana: Yeah.

We arrived at the awesome house of Phineas and his brother Ferb and we saw them building an awesome roller coaster.

Me: Whoa! That is awesome!

Phineas: Wow! Team Loud Phoenix Storm!

Nico: Awesome Roller Coaster.

Me: It's a pleasure to meet you two.

Phineas: It's an honor to meet you guys!

Lana: Same here! And I'm sorry about Luna and Lincoln. They're still pretty traumatized by a recent adventure of ours.

Ferb: (British Accent) It's awesome to meet you all.

Me: Same to you guys.

Phineas: Hulk, Iron Man, Spiderman! Good to see you all again.

Hulk: Hulk happy to see you too.

Iron Man: Same to you Phineas.

Spiderman: How have you two been?

Phineas: Doing really good.

Me: They have been doing much better since we killed Red Skull and put M.O.D.O.K. in prison as a brainless idiot.

We laughed.

Phineas: Wow. That's awesome. What do you mean that Luna and Lincoln are traumatized?

Nico: It's a very ugly story.

Me: Want us to help you guys finish your roller coaster?

Phineas: Sure.

We got to work and helped them and when it was done it was an awesome and huge success. It was a Roller Coaster called the Indianapolis Tornado. It was awesome.

Phineas's older sister Candace then came.

Candace: Aha! Wait till I tell… (Sees us) Wow! Team Loud Phoenix Storm! It's such an awesome honor to meet you.

Me: Same to you Candace.

Lola: It's a pleasure.

Candace: What brings you all here?

Me: We came to meet you. Also we have a very strange story to tell all of you.

Candace: I see. But first.

She saw the roller coaster.

Candace: Wow. What a roller coaster. Wait until I tell Mom about what you guys just made! You two will be so busted! (gets out her phone)

Lincoln: (depressed) Go ahead. Getting busted is better then me and Luna tearing your family apart.

Candace: (puts her phone away) You know what? Maybe I won't call Mom now. You guys are probably doing a reverse psychology trick on me!

Firefly: It's not a trick, Candace. And we should really give you a modern phone than the one you have.

Me: Yeah.

I gave her a 256 gigabyte iPhone 13.

Candace: Cool! But I'll have you guys explain what's wrong with Luna and Lincoln.

Me: Okay.

Buford: Back for more, Venom? Well, I got just the thing to hurt you! (gets out boombox)

Venom: Hold on, Buford! We're not-

Buford turns on the boombox and Venom roared in pain as the loud music blasted him.

Mindwipe: Buford, stop! Venom's a good guy now!

He turned off the Music Box.

Me: It's true Buford. Venom is now part of our team.

Nico: Yeah.

Buford: Oh sorry.

Isabella: I'm not sure I'm comfortable with 6 villains hanging out with you guys.

Electro: (pouts jokingly) Aww! And here I thought we were gonna be friends!

Me: It's all right Isabella. They are our frenemies and it's not their turn to fight so they are helping us for our mission.

Phineas and Ferb's parents came.

Cosmos: I think it's time for all the secrets to come out into the open. That includes Phineas and Ferb's inventions and Perry's life as a secret agent.

Me: I agree Cosmos.

Shiv: Ever since Dark used Alien Ξ to complete that secret project of Vypra's, all of us have become part of of TEam Loud Phoenix Storm's family.

Baljeet: And does being part of said family mean that we have to let you guys get away with crimes?

Dark Spicer: Now we don't expect you guys to not do your job and try to catch us. We like the challenge.

Candace: Wow.

Me: Yeah.

Phineas: Lincoln, what even traumatised you and Luna so much?

Me: It was because of the Royal Defenders.

Isabella: The Royal Defenders?

Buford: Who are they?

Me: The Royal Defenders are an evil parallel universe version of us. We found out about them a few weeks ago and we found out that they doing numerous terrible things to their universe all over and it was not pretty. It's the reason why Luna and Lincoln are depressed. Because they think that we are going to end up becoming like them. We went into war with them a few days ago and it was not pretty.

I went over everything we did to them and told them all the horrible crimes they committed and more and they all gasped in shock. I showed them pictures and files on everything they did to numerous people all over their universe and it was shocking! Numerous lives were destroyed and countless others were enslaved and ruined.

Me: When we got word about their crimes, we went into war against them.

Ed Cowart: I was providing Team Loud Phoenix Storm with the intel on them.

Candace: I don't think we've seen you here.

Ed Cowart: My name is Ed Cowart. I am the leader of the Anti-Royal Defenders Movement. It was a band of rebels that I made to help take them down.

Me: Ed is now our chief reconnaissance and information gatherer. He was providing us intel on the Royal Defenders so we can know how they operate and think. It was thanks to his intel and plans and technological ingenuity that we overwhelmed the Royal Defenders and brought them down for good.

Ben: And the Royal Defenders version of me turned into Alien X and reset their entire universe without the memories of the Royal Defenders. It was a huge sacrifice.

Me: It was.

Candace: Wow.

Phineas: That's amazing and horrible.

Ferb: Indeed.

Perry the platypus purred.

Me: Yep. We saved Universe 23 as King Kai calls it and we brought an end to the Royal Defenders oppression for good. The Royal Defenders are now our prisoners in the S.H.I.E.L.D. Prison system for the rest of their miserable lives.

Nico: Yep.

Isabella: That's incredible. We'll have to meet the Royal Defenders in person someday.

Candace: And they sent mom and dad to a bad parent rehabilitation clinic and pampered me like a princess? Wow.

Nico: Yeah. And the worst part is that they killed their version of the Loud Kids aunt Ruth.

Laney: Yeah and that's what really pissed us off.

Rita: Laney! Language.

Laney: Sorry mom.

Me: Laney is right though. But what really pissed us off even more was when they recruited Dipper and Mabel's most dangerous enemy from when they lived in Gravity Falls, Oregon: Bill Cipher.

Phineas: Who is Bill Cipher?

Me: He's a demonic spirit that looks like an illuminati.

Candace: An illuminati?

Me: You know that pyramid that you usually see on the back of the $1.00 bill?

Candace: Oh that. Whoa!

Me: Yeah. They were out of their minds to recruit him.

Dipper: It's true. Me and Mabel defeated Bill Cipher in Gravity Falls and it was not pretty.

Nico: I don't know what the hell they were thinking recruiting a monster like him.

Naruto: Yeah. It was awful.

Me: Yeah.

Phineas's mom: Wow.

Buford: That is really intense.

Me: No kidding.

Phineas: It's good you guys stopped them and made sure that they paid for their crimes.

Nico: Yeah.

Me: But now lets tell you some secrets about Phineas, Ferb and Perry the Platypus.

We told them about Phineas and Ferb's awesome inventions and how they are some of the coolest we have ever seen on TV and now in person and they were awesome. We also told them about Perry being a secret agent for the awesome spy organization O.W.C.A. (Organization Without a really Cool Acronym) and it was awesome as Perry revealed it by putting on his hat and demonstrating more awesome moves.

Edward (Camp Lazlo): That is so cool!

Edward and Perry high-five.

Candace: How can you tell what he's thinking Edward?

Edward (Camp Lazlo): I'm a platypus myself and we know what we think.

Perry then handed me a document.

Me: What's this for?

I opened it and it showed me the information on an evil organization called L.O.V.E.M.U.F.F.I.N.

Me: L.O.V.E.M.U.F.F.I.N.? That sounds like a stupid name for an organization.

I read what it stood for.

Me: The **L** eague **O** f **V** illainous **E** vildoers **M** aniacally **U** nited **F** or **F** rightening **I** nvestments in **N** aughtiness. Oh I get it. Lets see here.

I read the info and it also had info on its founder Dr. Heinz Doofenshmirtz.

---

L.O.V.E.M.U.F.F.I.N. (League Of Villainous Evildoers Maniacally United For Frightening Investments in Naughtiness) is a recurring antagonistic faction in the Disney Channel series Phineas and Ferb. It is a villainous organization founded by Heinz Doofenshmirtz and led by Aloyse Von Roddenstein. They served as recurring antagonists of the series, later going on to serve as the major antagonists in the 2014 TV special Phineas and Ferb Save Summer.

L.O.V.E.M.U.F.F.I.N. made its on-screen debut when its name was established by Doofenshmirtz. In that episode, they had a meeting in which Norm made a large amount of potato salad for a pot luck picnic and press conference.

When they realized that no press was present and they were at the Let's All Dance Until We're Sick filming in Danville, Doofenshmirtz resorted to redirecting them to the studios where the show was being held and take over the dance competition, seeing this as an opportunity to spread terror via television by announcing their existence. However, they failed on account of a combination of two things: their poor dancing skills and decisive intervention by Agent P, with the end result on their part was a disaster, as many of them - including Doofenshmirtz and his rival Rodney - were badly mauled and ended up in the hospital shortly thereafter, leading Doofenshmirtz to comment from his hospital bed that the show would be more apt if it was renamed Let's All Dance Until We're in Intensive Care.

As the second annual Inator Creator Competition was being held, a number of O.W.C.A. agents, including Perry, were sent in for reconnaissance but were all captured and incarcerated by the members of L.O.V.E.M.U.F.F.I.N.. Doofenshmirtz was hoping to win the prize belt himself, since Rodney had won the first one. However, his -inator wasn't complete and he struggled to finish it in time for the presentation.

Intending to buy himself time, he activated a fog machine that hampered visibility in the convention, along with all of Danville. In the confusion, Rodney (who has previously won the first Inator Creator Competition) managed to activate his own invention, a Fog-Clear-Inator (which turned out to be an gigantic electric fan), which cleared up the room. Doofenshmirtz compensated for this by secretly helping the O.W.C.A. agents escape and releasing them into the convention to destroy the competitors' inventions. At the end of the ensuing fight, the electric fan was the last invention standing (since the agents refused to destroy because it was beneficial to mankind).

By that time, Doofenshmirtz rolled his crudely-built invention out onto the convention floor. After setting it by the electric fan, he activated it. A fist with a boxing glove sprung out of it, called by Doofenshmirtz the "Eradicate Rodney's Inator-Inator", promptly smashing the electric fan to pieces, completely destroying it in the process, and forced Rodney to run off crying in defeat. Doofenshmirtz was declared the winner by default. Although Doof was delighted to win, exclaiming that default was his favorite way to win, he was disappointed to find out that the trophy belt was destroyed by the agents during the fight. The judge instead handed him a red balloon to substitute for the original prize. Doof decides to accept this, dubbing the prize "Balloony II", but a herd of robotic bulls it drew in stormed into the convention center and decimated the entire Quanity Inn building.

The members of L.O.V.E.M.U.F.F.I.N. televised a competition in the Danville Arena where the winner would become the supreme leader of the organization. Agent P was also at the event, having been brought there by Doofenshmirtz after being captured in a bottle. For the opening, the dancers, including Doofenshmirtz and Rodney, sang the song Evil Tonight on stage. Lawrence Fletcher, who arrived at the arena due to misreading the location of his speech, entered through a trapdoor in the stage and is mistaken as one of the top three contestants. The other two contestants were Doofenshmirtz and Rodney; Dr. Diminutive was also a finalist, but was disqualified during the production number due to his height.

The three contestants compete in various competitions, such as the Mechanical Mother competition and the Swimsuit competition, all of which Lawrence unsurprisingly loses due to his politeness and also because he doesn't fully understand what the contest is for. Rodney attempted to use Doofenshmirtz's Make-Everything-Evil-inator, which he renames the Make-Everything-Evil-izer to make himself more evil and thus secure his win. Doofenshmirtz accuses him of stealing his idea and they both fight to be shot with the -inator first. The fight accidentally makes the -inator hit Lawrence, turning him evil and causing him to win the last round of the competition, where the contestants try to intimidate the others with their most evil glare. Lawrence wins by so many points that he is elected Supreme Leader of L.O.V.E.M.U.F.F.I.N. Major Monogram advises Perry, through Perry's wrist communicator, to remind Lawrence of who he really is to turn him back to normal. Perry uses his jet pack to escape and turn the dart that Phineas and Ferb are riding on towards the Danville Arena and land in the middle of the arena. Lawrence sees them and he goes back to normal. He tosses aside his Supreme Leader medal, thus resigning as leader. While Doofenshmirtz and Rodney fight over the medal, Lawrence, Phineas, and Ferb exit the arena, with Lawrence believing that he had just become the king of the pharmacists.

The members of L.O.V.E.M.U.F.F.I.N. are hosting up their annual Summer Stock Festival, and Doofenshmirtz has gotten the title role for the play. However, Doof ends up being lost along with Perry in the desert thanks to one of his -inators. As Doofenshmirtz and Perry walk their way through the desert to get back to Danville, Rodney was called in to take over Doofenshmirtz's role if Doof doesn't return when the play starts, much to Rodney's delight.

Despite enduring so much heat while walking through the hot desert, Doofenshmirtz manages to locate Perry's jet-pack and uses it to transport himself and Perry out from the desert and back into Danville. To cut some slack for Doof, Perry activates the turbo mode, sending both himself and Doofenshmirtz into the play and knocking Rodney and an actress off the stage just as Doofenshmirtz delivers his first line, "Pizza delivery!". Doof's spectacular entrance resulted an outstanding applause from the audience, including the other evil scientists (with one of them happily saying "What an entrance!") With the play a complete success, Doof thanks Perry for helping out, though Perry points out that Doof is the one to be thanked because of his good entrance.

The members of L.O.V.E.M.U.F.F.I.N. were having their First Annual Disservice Awards at the Knights of Danville Hall, until they found out that the agents of O.W.C.A. are having their cadet graduation ceremony in the same ballroom they're using. As a result, both the agents and villains engaged into a fight, despite Major Monogram's attempt to calm both sides down. The fight ended up in stalemate, since the animals agents got themselves worn out while the evil scientists barely got out for their lives. This event caused Major Monogram to be fired from his job, since the security deposit for the ballroom was destroyed during the fight, which almost led to O.W.C.A.'s complete shutdown.

Later on, the villains finally get themselves into the public spotlight when Doofenshmirtz announced that he has successfully moved the Earth away from the Sun to an early autumn with his latest -inator, which has put much of the Tri-State Area and the O.W.C.A. in disarray. During a meeting at an abandoned warehouse, Doof explains that his -inator shoots out a tractor beam that uses the mass of the planet Jupiter as an anchor to pull the Earth away from its original orbit, and even showed the blueprints to prove that he created it. The villains are very delighted to see that Doofenshmirtz has actually succeeded in a grand evil scheme for once, and Rodney seizes the opportunity to assume his new role as leader of L.O.V.E.M.U.F.F.I.N., saying that it's time to enact their takeover of the Earth.

Without hesitation, the members of L.O.V.E.M.U.F.F.I.N. managed to capture all of the disoriented O.W.C.A. agents (except for Perry, who managed to evade capture) and imprisoned them in their warehouse. They also hired five muscular goons to keep on watch for intruders coming to the warehouse. The members of L.O.V.E.M.U.F.F.I.N later took over City Hall (and presumably the Tri-State Area as well) since the change in weather was causing civil unrest, which forced Doof's younger brother Mayor Roger to evade from the angry citizens by taking refuge on top of the building. At the villains' public conference in City Hall, Doofenshmirtz and Rodney explain to the public about the weather change and the true circumstances behind it. Just as Doofenshmirtz is about to present out L.O.V.E.M.U.F.F.I.N.'s list of demands to the public, Rodney cuts him off by exclaiming to the public that he used Doof's blueprints to create an -inizor ten times the size and strength of Doof's -inator, capable of moving the Earth so far away into a new Ice Age if L.O.V.E.M.U.F.F.I.N.'s demands to the world won't be met. At that point, everyone in the world is horrified by this revelation, even a shocked Doofenshmirtz starts to realize that this is going out of hand.

This event puts L.O.V.E.M.U.F.F.I.N. to finally get in contact with the world leaders, and after hours of waiting, the villains are informed by the world leaders (one of them is U.S. President Barack Obama) that all of their demands have finally been met except for one: the worldwide supply of pretzels. Staying true to his word, Rodney activates his -inizor, moving the Earth far away to perpetual winter. As the members of L.O.V.E.M.U.F.F.I.N. celebrate their newfound success of having the world under their grasp, Doofenshmirtz finally realizes that they have gone mad for world domination (mostly Rodney, who now embellishes that his plan is coming to success), and he finds this to be extremely uncomfortable, feeling extremely guilty of coming up with the idea of moving the Earth in the first place. Eventually, the captured O.W.C.A. agents were freed (thanks to a street rat whom Major Monogram befriended as a homeless person) and they battle the evil scientists again. However, both the animal agents and the villains soon realized that they are just repeating the same brawl back in the ballroom. Deciding that it is not worth it, all of the evil scientists decided to flee away from the scene to their separate ways, and the agents let them go.

Eventually, Doofenshmirtz remains behind as he manages to stop Rodney from endangering the Earth by taking down the inizor (with the help from an arriving Major Monogram, Carl, Monty, and Perry), and Rodney is arrested and taken into custody for his crimes.

## Dr. Heinz Doofenshmirtz

Dr. Heinz Doofenshmirtz is the main antagonist (and sometimes an anti-hero) of the Disney Channel animated series Phineas and Ferb, and a major character in the 2011 animated TV film Phineas and Ferb The Movie: Across the 2nd Dimension, the 2020 Disney+ film Phineas and Ferb The Movie: Candace Against the Universe, and the Disney XD series Milo Murphy's Law.

He was an evil scientist who used to be enemies with an anthropomorphic platypus secret agent named Perry the Platypus, who foils almost all of his semi-evil schemes, though a few turn out to be successful. In Milo Murphy's Law, he is revealed to be the former identity of Professor Time, the future inventor of time travel.

He was voiced by Dan Povenmire, who is also one of the co-creators of the series.

Early life

In his early life, Heinz was just a simple little boy living presumably somewhere in an Eastern European country called Drusselstein. Mr. and Mrs. Doofenshmirtz, his parents, often abused him and forced him to be their lawn gnome when their real one was repossessed; his only friend was the moon (and his neighbor Kenny). His younger brother Roger was the one in the family to get way more attention than Heinz, which lead him into a life of jealousy of how Roger lived his life.

This was further intensified when Roger was elected Mayor of Danville, which caused Heinz to develop schemes to discredit or humiliate Roger. Heinz's first invention was called "Inator" (he still was not good at naming inventions back then), which does nothing but shoot a ray of plasma into outer space. He entered it in a Science Fair, but lost to a baking soda volcano. On the next science fair, he entered an "Even-Bigger-Inator", but still lost to another baking soda volcano.

Phineas and Ferb

During his teenage years after moving to America, Heinz sarcastically stated he would rule the world, but his former girlfriend Linda Flynn (who would later become the mother of Phineas and Candace Flynn) convinced him to start small with the Tri-State Area. Doing so, he gained an evil business (after his bratwurst-vending business was put out of business thanks to the hot dog vending industry). He also gained and a new nemesis, O.W.C.A. Agent Perry the Platypus (or Agent P for short), who is also Phineas and Ferb's pet.

Almost every typical episode features Doofenshmirtz who subjects Perry into a trap and hatches an evil scheme or invention that he often links to a "back story" from his youth. The stories explore his mentally abusive and shunned childhood in the fictional village of Drusselstein. As such, Perry would find himself out from the trap, and go to defeat Doofenshmirtz, who would yell out in defeat, "Curse you, Perry the Platypus!" Perry's battles with Doofenshmirtz is also the primary reason behind destruction of whatever form of contraption that Phineas and Ferb are building in order to make summer better. Phineas and Ferb are aware that something happens to get rid of their scheme for the day, but do not know that Perry is the cause behind it and are largely dismissive of it. Their sister, Candace, also does not know that Perry is behind the destruction and is driven to near insanity trying to figure it out.

Though it may seem that Doofenshmirtz and Perry see each other as nemeses, they were times when they tend to be civil towards each other. They seem to take light over their daily brawl and cannot stand to live without this function. Even when Doofenshmirtz temporarily replaces Perry with another O.W.C.A. agent, Perry seems to be very depressed and misses Doofenshmirtz so much, revealing that his battles against Doofenshmirtz's schemes is what gave his life heroic cause.

Also, in other occasions, depending on whatever situation Doofenshmirtz is facing, Perry would often help Doofenshmirtz with his plans that are not evil in nature, such as helping the doctor overcome evil scientist's block, helping him put on a birthday party for his 16-year-old daughter Vanessa, impressing a square dancing girl with boots that Doofenshmirtz created to follow the commands of square dancing, working together to stop a raging platypus hunter from hunting them down, or having him to call his rich ex-wife Charlene to lend him some money to pay off his mortgage debt. Also, Perry tends to use several of Doofenshmirtz's inventions, most likely to clean up and erase any evidence of whatever inventions Phineas and Ferb made, leaving Candace unable to bust them to her mom. Most good examples were when Perry asked to borrow Doofenshmirtz's robot Norm to pick up several footage from the city surveillance cameras in order to save his job as an agent, as well as using Doofenshmirtz's Pick-Him-Up-inator to rescue a lost Candace and bring her home.

Doofenshmirtz was also a member of a group of evil scientists called the League Of Villainous Evildoers Maniacally United For Frightening Investments in Naughtiness (aka L.O.V.E.M.U.F.F.I.N.), which he founded. He later left the organization after learning that they came up with a ruthless plan for worldwide domination based on one of his few successful schemes, something which he was disgusted to hear about. Eventually, in the series finale Last Day of Summer, Doofenshmirtz decided to give up doing evil so that he can let Vanessa join O.W.C.A.'s internship program. He is last seen talking with Norm, Vanessa and Perry about their past adventures while having muffins.

## Milo Murphy's Law

Doofenshmirtz made a cameo appearance in the episode "Fungus Among Us", where Milo Murphy, Diogee, Vinnie Dakota, Balthazar Cavendish and Orton Mahlson were accidentally trapped inside his lair during the Pistachions' takeover of the Earth and the time stream (formulated by Derek, one of the sons of King Pistachion), which Doofenshmirtz managed to evade for unknown reasons. It later turns out that in the hour-long special "The Phineas and Ferb Effect" that Doofenshmirtz would go on to become the future inventor of time-travel known as Professor Time, which he utilizes in helping Orton erase the Pistachions from existence and restoring the original timeline for good. It also turns out that Doof's time-travel technology would lead to the creation of the Bureau of Time Travel in the future, where people would only use it to manipulate and maintain the space-time continuum on a global scale.

Despite being delighted that he saved the day and that he would get to be someone important in the future, Doofenshmirtz is very upset to see his building crumbling down due to Murphy's Law, forcing him to move into the Murphys' residence for a while. Eventually, he build a place in the Murphys' backyard from himself and Norm to live for a while trying to build new inators to do good throughout the series, though they end up causing disastrous results, much to his frustration. He is even more frustrated and outraged of the fact that O.W.C.A. still thinks of him as dangerous in spite of his retirement from evil, even breaking up with Perry after learning that he was still spying on him per their orders, despite Perry's remorse over it. In spite of this, Doofenshmirtz takes solace in hanging out with Dakota (as the latter is depressed following his breakup with Cavendish).

Eventually, Doofenshmirtz soon learns that the Octalians (led by their commander) have kidnapped Milo as their planet is facing an imminent crisis involving a large sphere of negative probability ions. During the trip to the alien planet, Dakota reconciles with Cavendish while Doof patches up with Perry after learning that the latter is giving some of his earnings as compensation so that he can rebuild his company as Professor Time Industries and continue his path in becoming Professor Time. Doof also utilized his new inator called the Reduce-inator to help contain the sphere, allowing Milo and his friends to distribute it to all Octalians in order to save their planet. With the deed done, the Octalians returned the favor by allowing Doofenshmirtz and the others a ship to fly back home to Earth in peace.

## Inventions

Most of Doofenshmirtz's inventions end with -inator. As Doofenshmirtz planned, they would perform the function that he programmed to ensure what he would be trying to achieve. Most of his -inators are destroyed by Perry, but there were several that proved to be either successful or beneficial in nature.

The Magentism Magnifier: When Doofenshmirtz covered the Eastern Seaboard with tin foil, he used this invention to pull it to reverse rotation of the earth. It did not work as all it did was pull the tin foil into a giant ball. Eventually, he would make a second try and expect it to succeed on the mere fact he added the suffix "inator" to the invention's name.

Norm: Norm is Doofenshmirtz' robot henchman who was originally designed to attack platypuses, but would later on to assist him in his next schemes onward. He commonly states "Hi! I'm Norm!". In the episode "Norm Unleashed", Norm comes up with his own scheme of taking over the Tri-State Area by using weapons while Doofenshmirtz is on jury duty. In the TV film, Doof's alternate self has an army of hovering, iron-fisted, super-strong robots that resemble Norm without their helmets.

Shrinkinator: As its name implies, it shrinks anything zapped to microscopic size. Doofenshmirtz usually forgets to turn it off, despite leaving so many written reminders on the machine.

The Drillinator - Can drill extremely deep tunnels.

The Slow-Motioninator - One zap from this laser gun will slow down any opposing victim. Doof used on Perry once.

The Uglyinator: Powered by an African-Bog Frog, a zap from this laser gun will turn anyone hideously ugly (which had no effect on him because he already was ugly to begin with).

The Make-A-Mountain-Out-Of-A-Mole-Hillinator: Powered by batteries, this will, as its name implies, make mountains out of mole hills. This is one of the few inventions which Doofenshmirtz actually succeeds on.

The Music Video Clipinator / Music Video Mind Controlinator: Used for The Phineas and Ferb Cliptastic Countdown, then used to broadcast a hypnotic ballad to get stuck in peoples heads ("My Name Is Doof, And You'll Do What I Say! WHOOP WHOOP!"). The only antidote for said ballad is The #1 Most-Requested Phineas and Ferb Song (Extended Edition, Never Before Seen).

The Paper-cutinator: Could turn any sort of paper into a tiny, sharp piece that would cut people and force them to buy his expensive brand of band-aids.

The Turn-Everything-Evil-inator: Would turn evil anything its beam hit; even inanimate objects. This was the cause of turning Carl evil in the story arc, "Where's Perry".

The Mimeinator: Would trap mimes in real invisible boxes, but no one would notice (He did this because he hated mimes).

Doofenshmirtz's Mecha: Started off a small robot that can make smoothies, and proved to be more efficient than Norm. However, a power surge caused the robot to transform into a giant mecha, bent on killing Doofenshmirtz. Fortunately, Norm arrived to the rescue by spilling coffee to deactivate the mecha for good.

The Devolition-inator: A helmet that can take control of the mind of the person wearing it. Heinz created this to play pranks on Perry after managing to get the helmet on to control him. However, some glitch causes Perry to rebel against Heinz and defeat him, but upon seeing Heinz facing embarrassment in the eyes of Vanessa and her friends, Perry makes it up by using the Devolition-inator on Heinz to help him produce a fantastic beat on the DJ box, impressing Vanessa and her friends, much to Heinz's relief.

The Pick'Em Up-Inator: Heinz created this to successfully pick his daughter Vanessa from school and take her home in a matter of seconds, much to her surprise. Since the -inator was considered beneficial rather than evil, Perry uses it to rescue a lost Candace and bring her back home. Vanessa would later call her father and compliment on the -inator that took her home.

The Other Dimension-inator: Heinz built it to help him travel to alternate dimensions. Though Phineas and Ferb accidentally destroyed it, they later helped him rebuild it, even providing a few modifications (such as taking out the self-destruct button, which everything was wired to, and creating a remote to open a different portal in case the original one closes) to make it work properly. This was the one of the few inventions that Heinz succeeded on, but it's also the cause which Perry becomes found out by the boys of his secret identity in the TV film. Heinz's alternate self would later try to use the -inator to launch an invasion on the original Tri-State Area with his army of Norm Bots.

The Baby-inator: Turns anyone into a baby. Heinz attempts to use to turn his brother Roger and his aides into babies so that he can take over City Hall, but believes that it was a failure. However, Norm discovered the -inator was just not plugged in and manages to fire it up, accidentally turning Linda, Phineas, Ferb, and the Fireside Girls into babies.

Giant Propellers: Can physically dislodge the Tri-State Area from the Earth and raise it into the sky. Doofenshmirtz successfully does so in a short period of time, but is later betrayed a former student of his, Rodrigo, who traps him and Perry and now intends to use the propellers to tear the Tri-State Area in half and kill everyone in it (including Doofenshmirtz and Perry) as an example against those who would try to stop him from taking over the world. However, Rodrigo is defeated by Monty Monogram, and Perry later returns the Tri-State Area back into its proper place.

The Platyp-inator: Can turn anyone into a platypus. Doofenshmirtz created this to turn himself into a platypus to defeat Perry in physical combat. As it turns out, Doofenshmirtz and Perry found out that it is impossible to defeat each other since they are evenly-matched in strength because that they are of the same species; they even start to tire themselves out after fighting too much.

Square-Dancing Boots: Normal boots that has tiny microphones on their sides, which Doofenshmirtz planted, that will respond to a square dance call. Doofenshmirtz created the boots to impress a square dancing girl named Rosie that he met online. They proved to be an instant success that allowed Doof to win Rosie's heart, but in the end, they respond to rap music which caused Doof to dance uncontrollably, causing Rosie to dump him.

Shift the Earth's Position Away from the Sun-inator: Moving the Earth away from the Sun to an early autumn by shooting a tractor beam at Jupiter and using its mass as an anchor. Heinz only used it to help him with his skin problem, since he had bought the wrong sunscreen and that he does not want to return it. This was considered one of the few schemes that Doofenshmirtz actually succeeded on. It was also the first one that may have allowed him to take over the Tri-State Area, as the change in weather caused civil unrest in City Hall, which forced a nervous Roger to evade from the angry citizens and allowed Doofenshmirtz and his fellow villains of L.O.V.E.M.U.F.F.I.N. to take over City Hall by force, much to the dismay of Perry and his fellow agents of O.W.C.A.. Rodney would later use the blueprints of the -inator to create an -inizor ten times the size and strength that would send the Earth into a new Ice Age.

Warthog Elixir: Can turn anyone into a warthog. Doofenshmirtz plans to spray it on Roger during the Tri-State Area Music Awards, so that Roger can be removed from his job as Mayor, since warthogs can never be placed in position of authority. However, the elixir ends up spraying on the show's sponsor, Mittington Random, turning his head into that of a warthog's.

Motivate-inator: Can motivate anyone into buying Doofenshmirtz's merchandise. Doofenshmirtz uses this as part of his motivational seminar to have customers to buy his stuff. However, Perry ends up destroying it by pressing the self-destruct button, much to Doofenshmirtz's anger.

Repulse-Inator: Doofenshmirtz was planning on using this -inator to turn his brother ugly and repulsive. Though Doofenshmirtz succeeds in firing the -inator at Roger, the latter became transformed into a Doofenshmirtz Zombie (thanks to an accidental power overheating of the -inator when it fired at Roger), and that anyone who comes in contact with him turns into a zombie as well, something which Doofenshmirtz was not expecting at all.

Tri-Governor-inator: Doof created it to build a Tri-Governor's Mansion on top of City Hall so that he can run for and cement his role as the first Tri-Governor of the Tri-State Area. This is one of the few inators that actually succeeds, and the second one that allowed him to take over the Tri-State Area after getting the majority of the votes from the citizens.

Do-Over-Inator: Doof created it to repeat a day through a time loop. After learning about it while paying a visit to Doofenshmirtz's, Candace activates it as she intends to make one final bust on

Phineas and Ferb on the last day of summer. The time loops start to occur, and only Doof and Candace are the only ones to notice since they were in a time bubble when Candace first activated the -inator. It was also the cause of how Doofenshmirtz managed to deduce Perry's moves to defeat him and take over the Tri-State Area by being elected as its first Tri-Governor. It also started to create time rifts, which can erase anything from existence. Candace would later destroy the -inator by throwing a spoon at its self-destruct button while Doof creates another -inator to fix the time flow, turning everything back to normal.

Time-Travel-Inator: Doof created it to travel back in time during the Pistachions' takeover of the Earth. He also points out that the machine will only run on a newly-developed element known as 'time-juice' (which would be discovered inside clocks in the future). This event is what enacted Milo, Perry and Diogee to use a spare clock found in Milo's house to power up the machine. With this machine, Doof was able to travel back in 1965 to gather up orange soda and back to the present to gather up Dakota clones to fight back against the Pistachions, just as his future self (Professor Time) arrives with a more improved version of the -inator to bring Orton Mahlson back to 1955 and use the orange soda to erase the Pistachions from existence. This event might also be the inspiration that led to the foundation of the Time Bureau (which Cavendish and Dakota were working for).

Successes

In the episode "Dude, We're Getting the Band Back Together", Doofenshmirtz is trying to put a good party for Vanessa's 16th birthday, since he always failed on giving her a good birthday party all her life. He even enlists Perry to help him out. Eventually, he also uses this as another attempt to kill Perry by launching him with a giant firecracker during the ceremonies. Though Doofenshmirtz fails to defeat Perry while getting himself tied up to the launching firecracker by mistake (though he survives), the launch left a great impression for all of Vanessa's arriving friends, who find the party to be extremely cool. Touched by her father's success, Vanessa happily thanks him of getting one party right for her, as well as thanking Perry for helping him out.

In the episode "Hail Doofania!", Doofenshmirtz is shown in a flashback battling against Perry on a rooftop. By sheer luck, Doofenshmirtz uses an umbrella to make Perry lose of his footing, causing the platypus to fall into a sandpaper factory and lose several patches of his fur. This allowed Doofenshmirtz to escape victoriously while Perry is forced to wear a pet cone, which prevented him to go on his next mission, leaving Perry very upset.

In the episode "At the Car Wash", Doofenshmirtz is being told all his life not to 'make a mountain out of a molehill'. Out of frustration, he builds the Mountain-Out-Of-A-Molehill-Inator, which utilizes seismic activity that will grow molehills into the sizes of mountains. As sworn, when he puts his plan into action, the molehills around the Tri-State Area start to grow to the sizes of mountains, much to Doofenshmirtz's delight. However, the power starts to go overload after his scheme is done, and Doofenshmirtz is launched out with a giant boot into a beach. Later on, a giant mole arrives, accidentally sticking one of his feet into the boot as he heads toward the water, taking Doofenshmirtz with him.

In "Robot Rodeo", Doofenshmirtz struggles to create an -inator to beat Rodney in the Second Annual L.O.V.E.M.U.F.F.I.N. Inator Competition. After his chances are being threatened, Doofenshmirtz secretly releases the captured O.W.C.A agents, who then start destroying much of the other scientists' inators. After the agents leave, Doofenshmirtz finally presents his -inator, which destroys Rodney's inator, allowing Doofenshmirtz to win by default.

In the episode "Split Personality", Doofenshmirtz creates the Look-Away-Inator as he attempts to overcome his fear of high-diving, in order to ensure no one watch or experience his shame. As stated, the -inator is to make everyone turn their heads away to a certain distance. Though he manages to activate it as he prepares to jump off the diving board, he was too affected by it along with everyone else, before he accidentally makes the plunge into the water. Despite having lost his fear of high-diving as sworn, Doofenshmirtz is unable to swim, but Perry manages to give him a life preserver before leaving.

In "Candace Disconnected", Doofenshmirtz gets a call from his ex-wife Charlene that he needs to pick up Vanessa from school since she is having knee surgery, but he does not want to miss his favorite exercise show. To save time, Doofenshmirtz builds the Pick'Em Up-Inator and programs it to successfully transport Vanessa from her school to her home in a couple of seconds. Upon learning of this, Perry (after enjoying doing a workout with Doofenshmirtz) uses the Pick'Em Up-Inator to rescue a lost Candace from Easter Island and bring her home. Vanessa would later call her father to compliment on the -inator.

In the episode "Magic Carpet Ride", Doofenshmirtz managed to ruin Roger's public art veiling, all due to a backstory of when Roger accidentally destroyed Doofenshmirtz's greatest painting in an act of clumsiness. However, Doofenshmirtz soon regrets it when he found that the painting which Roger was unveiling was the exact same painting that Doofenshmirtz painted, and that Roger spent 20 years restoring it.

Another instance is the TV film, where Doofenshmirtz creates the Other Dimension-inator to help him travel to alternate dimensions. This was easy for him, thanks to Phineas and Ferb, who help him rebuild it after they accidentally destroyed it, much to the horror of an arriving Perry.

Another instance is in the episode "Cranius Maximus", where Doofenshmirtz builts a Key-Find-Inator to help him steal all of the keys of the Tri-State Area until he gets the Key of the City. Though Perry manages to return all keys, Doofenshmirtz manages to get the Key to the City in the end, right before he is struck by lightning with it.

In "Road to Danville", Doofenshmirtz is given the title role of the L.O.V.E.M.U.F.F.I.N. Stock Festival Play. He and Perry accidentally got themselves lost in a desert after another fight, but they finally put their differences aside and they fly back to Danville before storming into the play, where Doofenshmirtz brings out his opening line "Pizza Delivery", earning the praise from the audience (including the other evil scientists). Doofenshmirtz thanks Perry for helping him out, though Perry selflessly pointed out that Doofenshmirtz is the one who should be thanked for his great opening.

Another example was in the episode "Backyard Hodge Podge", where it was revealed that Doofenshmirtz had used several of his technology to improve the ophthalmologist's chair for eye examinations, which has allowed him to earn royalty checks. However, this is only taken as a sign of good rather than evil, which seems to upset Doofenshmirtz a lot.

The most famous example was in the special "Phineas and Ferb Save Summer", where Doofenshmirtz revealed that he had bought the wrong sunscreen to help him cope with his skin problem. However, rather than returning it back to the store, Heinz instead creates an -inator that shoots out a tractor beam to Jupiter, using its mass as an anchor to move the Earth away from the Sun to an early autumn so that he can use the sunscreen. Despite beating up Doofenshmirtz with a mop, Perry was too late to foil Doof's scheme, so he miserably returns back to O.W.C.A. HQ in shame. Doofenshmirtz is delighted that he has finally succeeded in a grand evil scheme, even showing the blueprints of the -inator to his fellow villains of L.O.V.E.M.U.F.F.I.N. to prove that he was responsible for changing the weather. This also may be the first time he has succeeded in taking over the Tri-State Area, as the change in weather caused civil unrest in Danville City Hall, forcing a nervous Roger to evade from the angry citizens and allowing Doofenshmirtz and the other villains of L.O.V.E.M.U.F.F.I.N. to take over City Hall by force. However, Doofenshmirtz regrets this when he learns that Rodney sees this as an opportunity to take over the Earth by creating an -inizor (which is just ten times the size and strength of Doof's -inator) that will send the Earth into a new Ice Age. Disgusted by this, Doofenshmirtz defeats Rodney and destroys the -inizor (with the help from Perry, Carl, Major Monogram, and Monogram's son Monty), thus saving the world.

In the special "Night of the Living Pharmacists", Doofenshmirtz created the "Repulse-inator" during the unveiling of Danville's first water tower. He intends to shoot Roger with it to make him look ugly so that people will not stand him and that way Doofenshmirtz can take over City Hall for a second time. However, a power surge strikes the -inator when it fired at Roger, accidentally causing him to transform into a zombie-like version of Doofenshmirtz, something which Doofenshmirtz did not really expected. This would later cause an unwanted epidemic in which anyone would be turned into a Doof zombie if they are touched. At first, Doofenshmirtz is delighted that he can take over City Hall again, but soon regrets this as he realized that his zombie counterparts have gone out of control. Doof later aids the kids into putting an end to the epidemic by helping them build a pulley system to the water tower, where the kids use the water and their sprinkler to douse all the Doof zombies around Danville, turning them back to normal.

In the series finale "Last Day of Summer", Doofenshmirtz has created two -inators, the Do-Over-Inator (which repeats the current day through a time loop) and the Tri-Governor-inator (which involves building a Tri-Governor's Mansion on top of City Hall so that he can become the first Tri-Governor). After Candace learns about the Do-Over-Inator while paying a visit to Doofenshmirtz's to return some DVDs to Vanessa, she activates it, as she intends to exploit this to make one last attempt to bust Phineas and Ferb. This caused a series of time loops, which allowed Doofenshmirtz to lay out a perfect set of traps to defeat Perry and build the Tri-Governor's Mansion before obtaining the majority of the votes to run for Tri-Governor. This is the second time that he has succeeded in taking over the Tri-State Area. As the new Tri-Governor, Doofenshmirtz took the opportunity to file a legislation that prevents O.W.C.A. from thwarting any more of his schemes until his term is over, which left Perry very depressed. Despite being happy that he achieved his lifelong goal once again, Doofenshmirtz is upset to learn that Vanessa wants to have an internship at O.W.C.A. and that his aim in doing evil is preventing her from joining the internship, leaving her depressed. He and Candace are also horrified to learn that the effects of the Do-Over-Inator are creating time rifts that can erase anything from existence, which may put the space-time continuum at risk. Deciding to give up his evil ways, Doof creates another -inator to fix the time flow while Candace destroys the Do-Over-Inator by pressing its self-destruct button at the same time, causing the time flow to put everything back to normal, much to both Doof and Candace's relief.

---

Me: Whoa! He's not a really good bad guy.

Nico: No kidding. He's totally incompetent.

Me: But I think he would make a good hero instead of a bad guy.

Vince: I agree with you.

Phineas: Same here.

Me: Lets head over to Dr. Doofenshmirtz house.

We went over there.

---

We arrived at Dr. Doofensmirtz's house and it was a beautiful and lavish mansion that looked like it was made of solid gold.

Me: Wow. His home is amazing.

Lola: It looks like it's made of solid gold.

Nico: It sure does.

We went up to the door and I rang the doorbell and answering the door was his daughter Vanessa.

Vanessa: Oh wow! J.D., it's an honor to meet you and all of Team Loud Phoenix Storm. But you probably shouldn't be here.

Me: Why not?

Vanessa: Well, before Thanos was stopped, the Legion of Doom kicked out Dad because of one of his self-destructing-inators. And he's been drinking out of depression ever since.

Nico: Whoa man.

Maria: Well, we're here because we think he would make a great good guy than a bad guy.

Doofenshmirtz: (drunk) Vanessa, who's at the door?

Vanessa: No one, Dad! (to us) Look, you guys should probably go.

William: C'mon! I'm sure it's not that bad.

But then we saw Dr. Doofenshmirtz and he looked like a drunk homeless bum. His hair was a mess and he had a nasty 5-o-clock shadow and he had a bottle of whiskey in his hands and his eyes were bloodshot and he had sweat stains on his white shirt and his pants were a mess.

Me: Whoa! Doctor you are a total mess.

Lily: No kidding.

Me: Are you drunk?!

Doofenshmirtz: (drunk) What do you care?! I got kicked out of the Legion of Doom just for being myself. And now they're gone! You probably came here to rub it in my face!

Snake: Dude, you need to calm down!

Doofenshmirtz: (drunk) I don't need to calm down! I need to beat you all to a pulp! (throws punch at me)

I grabbed his punch.

Me: Doctor stop this now.

Robo Blaze: Look, Doof. Don't you think it's time for you to become a good guy? You certainly do a lousy job at being a villain.

Doofenshmirtz: What do you know!

I chopped him on his head and knocked him out.

Me: Sorry about that. But can we come in and talk about what we came here for?

Vanessa: Sure.

We went in and told Vanessa about the Royal Defenders and everything that happened after the Battle with Thanos and even the battles with Rotwood and his fucked up pose and more.

Vanessa: Whoa! You guys have done it all and were really busy.

Me: All that and more. Our work will never be done as long as evil exists in this universe or the next.

Buford: Wow. But thank god I am not like that jerk Brad Morton. I may be a bully but even I have honor and limits.

Nico: It's good you do Buford.

Doofenshmirtz then woke up and he had a nasty hangover headache.

Doofenshmirtz: What happened? Oh my head! What hit me?

Me: You were as drunk as Homer on his worse day.

Homer: (Offended) Hey! Oh wait you're right.

Doofenshmirtz: J.D.? Wow. I didn't expect all of you here.

Me: We apologize. But we came to recruit you for the Redemption Squad. The Legion of Doom might be disbanded but that doesn't mean that you can still join the right group for the right goals of good.

Doofenshmirtz: You're right. I will join the side of good now.

Nico: Good choice.

But then in flashes of blue, red and purple light came Kalin, Roman Goodwin and Rex Goodwin.

Me: Kalin, Rex and Roman.

Phineas: Are you three part of the Dark Signers?

Roman: Of course we are.

Kalin: But we're only here to fight you guys as a warmup before you take on LOVEMUFFIN. (to Doofenshmirtz) Seriously, they couldn't come up with a different name?

Me: That is a pretty stupid name huh?

Rex Goodwin: You're telling me.

Me: Yeah.

?: I agree.

We saw a figure come out and it was BLIZZARD WOLFANG!

Blizzard Man: Haven't seen one of you guys in a while. And you are?

Blizzard Wolfang: Call me… Blizzard Wolfang! (shoots Ice Burst at Blizzard Wolfang)

Lola fired a wave of fire and melted the ice.

?: Good shot.

Another figure came out and it was another one of Sailor Moon's enemies: BLIZZARD!

---

Blizzard is a Negamonster created by Malachite to find Sailor Moon. She attacks by controlling snow and freezing people with her breath. She appeared in Sailor Moon Episode 34, Ski Bunny Blues.

Blizzard was originally a skiing champion, Stormy Kincaid, turned into a monster by Malachite. During a skiing competition staged by her, entitled the Miss Moon Princess contest, Blizzard controlled the snow to make obstacles and take out most of the other competitors. Blizzard made a giant snowball chase after Raye and Serena, but Chad saved them from the boulder. They then became trapped in a snow cavern, but Chad dug them out. Serena and Raye transformed to fight Blizzard, and eventually she was healed by Sailor Moon using Moon Healing Activation.

---

Blizzard: You can call me Blizzard. And you won't like my cold shoulder.

Isabella: Isn't there a Marvel called Blizzard as well?

Blizzard: Yes there is. But I'm not him.

Shanan: I didn't expect Queen Beryl to have a Cryokōrivian in her forces.

Qin: What is a Cryokōrivian?

Shanan: The Cryokōrivian's are a race of snow creatures that come from the distant planet of Cryorvinus. It's located in the galaxy Centaurus A and it's the farthest planet in it's solar system. The star it orbits around is a blue giant star that went nova and it is now a planetary body without a star. The Cryokōrivian's are a peaceful race that use snow and ice to have fun and entertainment. But eons ago they went into war against a rival race from another galaxy that destroyed much of their world.

Qin: Whoa! That's horrible.

Blizzard: It was yes. But I'm impressed that you know all that Shanan.

Shanan: They don't call me the living universal encyclopedia for nothing.

Me: Yep. Lets take this outside so we can fight you all like we always do.

Kalin: Good idea.

We went outside and Kalin, Roman and Rex called out their Nazca Lines and I called forth the Duel Runner Arenas and they were ready.

Isabella: Wow! That is awesome!

Phineas: We got to check this out.

Candace: I'll go with you guys.

Me: Lets do this.

We powered up and went at them.

## Battle 1: Kalin

Morpheus, Isabella, Giganta and Harley Quinn were facing Kalin as they were racing along the Giant Nazca Line.

Kalin: What's wrong with Luna and Lincoln?

Morpheus: They think that because of all the damage done by the Royal Defenders in their universe to Danville here, they think that they will become like them and cause the same amount of damage here.

Giganta: Yea.

Kalin: Oh man. I hope they conquer their fear soon. Poor kids.

Harley Quinn: I know.

Isabella: This is awesome! The view as we race along here is amazing!

Kalin: Glad you like it kid.

Morpheus: Lets dance.

Kalin: With pleasure.

Kalin called out his Pokemon and they went at him. Morpheus fired a wave of blue fire and the blast hit Kalin and exploded. Isabella rushed out of the smoke and kicked Kalin in the face and knocked him out with one kick and Harley Quinn and Giganta punched and smashed his Pokemon.

Morpheus: Good fight. But Isabella that was an awesome sneak attack.

Isabella: Thanks Morpheus.

Harley Quinn: That was a good move kid.

Giganta: Did you guys watch our adventures and learn a lot of stuff on the fly?

Isabella: We sure did. And we were training in secret.

Giganta: You have good spirit though.

## Battle 2: Roman Goodwin

Bertrand, Phineas, Raythor and Miranda were facing Roman Goodwin as they were racing along the Spider Nazca Line.

Phineas: This is awesome! And the view from up here is amazing!

Roman Goodwin: It sure is amazing isn't it.

Raythor: It sure is.

Bertrand: It is gonna be an enjoyable battle.

Miranda: Time to fight spiders with spiders.

Phineas: Yeah!

Bertrand: Lets do it!

Roman called out his Spider Pokemon and Bertrand fired a blast of red fire and it hit Roman and exploded.

Phineas cupped his hands and fired a red acorn blast and it went through the smoke and slammed into Roman and exploded!

KRABBBBBOOOOOOOOOOOOOOOOMMMMM!

The explosion also knocked out both of his Pokemon.

Miranda: Whoa! Phineas that was awesome!

Raythor: Nice shot kid.

Phineas: Thanks. We watched all your adventures and learned so much on the fly in secret.

Bertrand: Most impressive.

Miranda: Not bad for your first fight kid.

Phineas: Ah this is nothing. Me and my friends fight crime in our spare time while keeping a low profile.

Bertrand: Good show.

## Battle 3: Rex Goodwin

Brittney, Candace, Gabriel and Nathalie were facing Rex as they were racing along the Condor Nazca Line.

Rex: This is gonna be awesome.

Brittney: It's always awesome.

Candace: This is gonna be so awesome facing you.

Nathalie: Indeed.

Gabriel: Lets do it.

Rex Goodwin: With pleasure.

Rex summoned his bird Pokemon and he fired a blast of purple energy at Candace. She saw the blast coming and screamed in fear and then she slapped the blast and deflected it back at Rex and it slammed into him and exploded and knocked him and his Pokemon out in a powerful explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Brittney: Whoa! I did not expect that.

Nathalie: Me neither. That was well done Candace.

Candace: I didn't know I could do that.

Gabriel: You sure did. It must be because of either watching our adventures or learning stuff on the fly.

Candace: I guess so.

Brittney: But great job Candace.

Candace: Thanks.

## Battle 4: Blizzard

Shanan was facing Blizzard.

Shanan: Fire will always be better than ice.

Shanan fired a blast of fire and melted Blizzard and killed her.

## Battle 5: Blizzard Wolfang

Nico was facing Blizzard Wolfang.

Nico: Time for you to thaw out.

Nico fired a massive blast of fire and it hit Blizzard Wolfang and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOMMMMM!

He was obliterated in an instant and we got his weapons and

powers.

## Battle 6: Robots in the city

Nico, Phineas and The Masters of Evil that were off were facing Robots in the city.

Dark Spicer: Alright. We've had an hour of relaxing. Now, it's time to take down those robots that are attacking the city! (to Snake) Snake, lay down suppresive fire!

Snake: (groans) Keep it down, Dark. My ears are still ringing from that last party!

Firefly: (chuckles) What is that? Surfer talk or hangover? (Snake flips the bird at him)

Robo Blaze: I think I can translate. Snake still has a concussion from that missed shot at Vitog during our battle with him.

Firefly: Guess that sword of yours is sharper then your eyes, kid. Like the late Floyd Lawton, I never-

Electro: Never miss! We know. You never shut up about it!

Shiv: (laughs) Burn!

Nico: If you guys are all done, you need to get down there and take those robots out before we can find LOVEMUFFIN.

Dark Spicer: Right! (to Phineas) Watch and learn, kid!

The 6 Masters of Evil members jump down from the building as Dark Spicer turned into Ripgnat. He smashed and ripped them apart and the Masters blasted the robots all over and destroyed them with fire, lightning and laser blasts and more destroyed all the robots.

Nico: Good riddance.

Phineas: Yeah!

* * *

We later regrouped.

Me: That was a good warmup.

The Masters of Evil came.

Me: That was a good warmup. Now we are ready.

Rex Goodwin: Brittney, in honor of the Goths of Darkness, we should do an entrance based on the dark.

Brittney: Awesome. Thanks Rex.

Me: An entrance of darkness. Nice.

Luna and Lincoln then realize that being in fear was foolish.

Luna: We'll gladly help out!

Lincoln: Fear is our strongest enemy and we can't let it take over.

Lori: Welcome back little brother and sis.

Luna: Thanks guys.

Me: Lets do it guys.

We were off to the L.O.V.E.M.U.F.F.I.N. headquarters.

* * *

The L.O.V.E.M.U.F.F.I.N. Headquarters was located at the bottom of Lake Huron. They were getting a massively powerful armada of nuclear warheads ready for a massive attack on the city and the world.

Aloyse von Roddenstein: Soon the world will be ours.

But then a veil of pitch black darkness enveloped the whole room.

Scientist: What's happening?

When it was covering the whole room, multiple pairs of glowing red eyes appeared all over the place and they were overflowing with menace. But then the biggest pair of red eyes appeared and so did 2 rows of razor sharp scary teeth and then a ferocious roar came from the mouth and scared the scientists shitless. Energy lasers blasted some of the scientists and knocked them down as a massive murder of crows dispersed. Revealing us.

Me: You sickos are in big trouble!

Aloyse von Roddenstein: Ah Team Loud Phoenix Storm. What a pleasant and fortunate surprise.

He pulled a lever and then a cage dropped onto us.

Harley Quinn: A cage? Why am I not surprised?

Gabriel: (to the L.O.V.E.M.U.F.F.I.N. scientists) You think this will hold us forever?

Doofenshmirtz: J.D., don't panic. I've used these kinds of traps against Perry the Platypus before. I know how to escape them. Just do what I tell you to do.

Me: That won't be necessary. I can get out of this easily!

Doofenshmirtz: (puts hand on my shoulder) J.D. Do you trust me?

Me: Okay go for it.

Perry threw his hat and it hit the lever and raised the cage and freed us.

Me: Nice!

Aloyse von Roddenstein: Curse you, Perry the Platypus!

Perry chatters.

Dark Spicer: Here's your warning: Your fucking asses are about to be kicked!

Me: Lets fuck them up!

We went at the scientists and I kicked one and slashed him with my sword and blasted him with fire and Lincoln fired waves of lightning and Luna fired waves of water and drenched, electrocuted and incinerated some of them.

Me: Try this one on! NIGHTMARE STYLE NINJA ART: RAMPAGE OF THE MAD SAUROPOD!

I fired a wave of darkness and it formed into the ferocious zombie sauropod from 2020's Primal and it ferociously mauled and massacred many scientists all over the place in a massive bloodbath of death.

Lucy Loud: And this will be a nightmare for one of you. NIGHTMARE STYLE NINJA ART: PLAGUE OF MADNESS INFECTION!

Lucy fired a dart of darkness and it hit a scientist and it caused the scientist to get sick really fast. His body turned green and his flesh was melting off and then he belched up a huge amount of blood and his bones were exposed. Then his eyes turned red with yellow lines covering the pupil. Then he went crazy and went totally feral! He went at some of the scientists and he ripped them apart in a vicious and out of control manner and dismembered and splattered their guts and remains all over the place. Lucy then fired a blast of darkness and obliterated the infected scientist and Lola fired a wave of fire and incinerated the corpses. Nico tied up some of the scientists and the Megaforce Rangers blasted them all over and Phineas and his friends all blasted and smashed them all over and Nico tied them all up. Swasss, Illexia, Aszil, Rother, Lystone, and Lomma were smashing and blasted a lot of scientists all over the place.

Next we set our sights on Aloyse von Roddenstein.

Me: Now it's just you and us Aloyse von Fuckenstein.

Aloyse von Roddenstein: FUCK YOU!

Me: FUCK YOURSELF!

Another awesome fanfiction done.

Phineas and Ferb was an awesome Disney cartoon that really was awesome! It was on from August 17, 2007 - June 12, 2015 and it was only on for 4 seasons. What a rip! It would've been awesome for it to continue. NicoChan11 gave me the ideas for this one. Thanks man. Next up is where we face the big bad bully that makes all brothers everywhere look really bad. We're going to face Big Brother from Codename: Kids Next Door and he gives all big brothers everywhere an extremely bad name!

See you all tomorrow.

# Revenge of Big Brother

It was morning and it was a beautiful day outside as the birds were chirping on a glorious Tuesday morning. Inside Sailor Venus and Sailor Moon's rooms they were waking up.

Air Man: (Offscreen) Serena! Mina! Wake up! You two are gonna be late for school!

Sailor Venus: (Groggily) Huh?!

She lifted up Artemis with the clock in his paws. She looked at the time and it was 8:10 AM.

Sailor Venus: (Screams!) IT'S SO LATE!

Artemis: No my fault you didn't set the alarm.

Sailor Venus: I CAN'T BELIEVE THIS! I'M GONNA BE SO LATE AND I'VE GOT A MATH TEST FIRST PERIOD! ARTEMIS! WHY DIDN'T YOU WAKE ME UP!?

Sailor Moon: WHY DIDN'T SOMEONE WAKE ME UP!?

Sailor Moon and Sailor Venus got dressed and rushed downstairs.

Sailor Moon: Oh Mina did you oversleep?

Sailor Venus: Sure did.

Sailor Moon: Did you have trouble with an alarm clock too?

Sailor Venus: Yeah. I think I need to take that stupid old clock in to be fixed.

Laney: Whoa you two are in a rush.

Sailor Moon: We're running really late.

Shino Aburame: We need to install alarm clocks in your rooms.

Naruto: They already have alarm clocks. It's just that they forget to set them.

Shino Aburame: I see.

Naruto: Hey where's J.D.?

Shino Aburame: He's out testing the smart watch Devon made for him while out on his patrol. It has a multitude of functions and it can turn into his Omnitrix, Orichalcos Duel Disk and more and it serves as a communicator.

Naruto: Wow.

Headstrong: Considering that you two are heroes, I don't think your teacher will be mad at you for being late.

Sailor Moon: I know but we have this problem all the time.

Sailor Venus: Lets go!

They grabbed their breakfast and rushed out the door for school.

I was flying around the city on patrol before going to school.

Me: So far all things have been quiet.

I tested the smart watch's communicator. Devon answered. The screen was surrounded in a holographic ring of fire.

Devon Daniels: Looks like it works great J.D.

Me: It sure does Devon. These smart watches you guys have are incredible and they work wonders.

Devon Daniels: Awesome.

I was flying over the park and I saw Lizzy being picked on by three boys.

Me: Uh oh. Looks like we got a code BG16 and by those brats that

Lana and Lola know from her class.

I flew down and went to the park and confronted them.

Me: Hey! Leave her alone you pests! Back off you brats!

Boy 1: Don't you have anything better to do than bug us you filthy old crone!?

Me: (Pissed) Me? An old crone? I may be 150,000 years old but I look really good for my age.

Boy 2: Yeah you're a smelly crinkled up old crone that smells awful! So what's your problem!?

Boy 3: Yeah having a hard time finding a girlfriend?

They laughed obnoxiously.

I then transformed into the Blair Monster and scared them incredibly bad!

Boy 1: (SCREAMS!)

They ran fast!

Boy 2: HE'S A MONSTER!

Me: Those filthy maggots! What the heck is wrong with kids these days?

Lizzy: Thank you for saving me.

Me: Ah it was no trouble Lizzy.

Lizzy: I was running late for school and they grabbed me.

Me: Those brats. Want me to give you a lift for school Lizzy?

Lizzy: Sure.

I picked her up and put her on my back and we ran fast.

Lizzy: WEE!

I then saw Sailor Venus and Sailor Moon running.

Sailor Moon: Oh man we're so late!

I catch up to them.

Me: Whoa you girls are in a hurry. Did you oversleep again?

Sailor Venus: Sure did.

Sailor Moon: Yeah.

Pipes ran up to us and transformed into his vehicle mode.

Pipes: Alright, girls. You can ride inside me to school.

Sailor Venus: Thanks Pipes.

They got inside him.

Me: See you later girls.

Pipes drove to their school.

Me: Almost there Lizzy.

I then used my super speed and ran fast and we were at the elementary school in 2 minutes.

Lizzy: WHOA! That was cool!

Me: Thanks.

We went into the school.

---

Later that day we were heading home.

Me: So did Pipes get you girls to school on time?

Sailor Venus: He sure did. With only 2 minutes to spare.

Nico: Talk about cutting it close. Good job Pipes.

Pipes: Thanks Nico.

?: That was cutting it close.

We then saw a figure come flying from the air and we saw that it was Starfire and Blackfire's younger brother Prince Ryand'r A.K.A Wildfire!

Wildfire: Hello, sisters!

Starfire: Little brother!

Blackfire: It's great to see you!

They hugged him.

Starfire: We missed you.

Wildfire: I missed you both too.

Wildfire saw us.

Wildfire: Wow. J.D. Knudson it's such an honor to meet you. My name is Prince Ryand'r but you can call me Wildfire.

Me: It's a pleasure to meet you Wildfire. Welcome to the planet Earth.

Wildfire: Thank you.

Nico: It's a pleasure to have you here.

Wildfire: Thank you so much for taking care of my sisters for me.

Me: It was our pleasure. Starfire and Blackfire are like sisters to us and we love them so much like our own family.

Wildfire: I'm glad.

Me: We all are. Starfire showed you to us in this comic book she found.

I pulled out said comic and it showed what happened. It was Teen Titans Go! # 46: "The Return of Wildfire?"

---

Wildfire is the younger brother to Starfire and Blackfire and the crown prince to the Tamaranean throne.

He doesn't appear in the television series, but has had many appearances in comics.

Five years before Starfire's arrival on Earth in the episode Go!, the Gordanians invaded the planet Tamaran. The lush planet was soon ravaged and war-torn. As the threat of a takeover by the Gordanians became even greater, Wildfire was secretly sent away to an unknown part of space in order to preserve the royal family line of Tamaran, and has not been heard from since.

The Return of Wildfire?

In Teen Titans Go! # 46, we meet a now-teenaged Wildfire reuniting with his older sister, Starfire in the presence of the rest of Titans West, Wonder Girl, Red Star, Kid Flash, and Jinx.

The two spend the day in Titans Tower, and Starfire introduces her younger brother to all the Titans present and her pet, Silkie. Silkie has a negative reaction towards the young Tamaranean, which surprises Starfire, who apologizes for the actions of the moth larva. Wildfire replies that he does not like animals much, gaining a suspicious look from Beast Boy in the background, and Starfire begins to speak about the pet that Wildfire had when he was a child, before trailing off and stating that she is "merely disappointed that Wildfire and Silkie did not get along instantly." Starfire then proceeds to introduce her younger brother to two 'delicacies' of Earth-pizza and mustard-while Robin contacts Galfore expressing concern about Wildfire's actions. Galfore attempts to reassure the Titans leader, while Starfire gives Wildfire a tour of the Titans Tower.

Later that night, the two siblings are exhausted after a long day of touring and storytelling. They both head off to bed. Soon after, Raven and Cyborg are attacked by none other than Wildfire-who the Titans discover is actually Madame Rouge in disguise. A battle ensues, but Madame Rouge manages to escape. A crestfallen Starfire mourns the fact that her brother has not truly returned, but states that there were "too many things wrong about him." However, she also realizes that there were also things 'right' about him. She deduces that Madame Rouge could not have worked alone, and figures out that it must have been their evil older sister, Blackfire, who had helped the shape-shifter. Starfire flies to the prison where Blackfire is currently being held and informs the older Tamaranean that her plans have failed. Furious that Blackfire would stoop that low just to destroy her, Starfire renounces Blackfire as her older sister, and swears to find her long-lost younger brother because "He is the only family she has left!"

---

Blackfire: Whoa! I can't believe I was that evil. That dark presence inside me really turned me into a monster.

Starfire: I know. But I think this happened in another universe.

Me: Thank goodness we killed Madame Rouge.

Nico: Yeah.

Laney: Thank goodness.

Lincoln: But that version of Blackfire is pure evil.

Me: How do you say jerk in Tamaranean, Starfire?

Starfire: Florfka.

Me: Good name. That version of Blackfire is a Florfka.

Nico: Nice. I think she is the biggest Florfka ever.

We laughed.

Wildfire: Nice one.

Me: Thanks Wildfire.

We high five.

Me: We had an interstellar wedding on Tamaran for Beast Boy and Tara. It was the first wedding we've ever had there.

Wildfire: I've heard about that. I'm so happy for them.

Nico: We all are.

Bane then appeared.

Bane: (Spanish Accent) I agree amigos.

Me: Hola Bane.

Laney: What brings you out here?

Bane: Just wanted to help you all out since it's not my turn.

Me: Cool.

But then we saw people screaming and running for their lives and we saw houses being destroyed by the Kids Next Door enemy BIG BROTHER!

---

Big Brother is a giant teenage villain based on the common archetype of the abusive older brother.

He first appears in Operation: M.I.N.I.-G.O.L.F. where he is defeated by Numbuh 2. In Operation: M.O.V.I.E., he apprehends Numbuh 4 when his disguise is blown. In Operation: Z.E.R.O., his giant pants are on display in the KND museum.

Big Brother does not incorporate himself with the Teen Ninjas probably due to his size, and rather assembles with other adult villains if not working alone.

Numbuh 1: Big Brother!?

Me: Whoa! He looks mean!

Nico: He sure is!

Laney: And he's huge!

Big Brother: GIVE ME BACK MY STUFF YOU PUNKS!

He punched the ground and destroyed a house with incredible strength.

Ultra Humanite: Based on his lack of intelligence, we should be able to outsmart Big Brother.

Me: Yes we should.

Numbuh 1: He's all brawn and no brains.

Me: He gives all big brothers everywhere a really bad name! Lets get him!

We went at him!

Big Brother: I WILL KILL YOU ALL! NOBODY RUNS FROM BIG BROTHER!

POW!

I punched him in the face and sent him crashing into a house and he got up and saw that I was now at his size.

Me: You give big brothers everywhere a really bad name tubby!

Dominique: How the Hell are you even someone's brother?!

Rubberband Man stretched all over.

Big Brother: (tries to punch Rubberband Man) BIG BROTHER HURT RUBBER MAN!

Rubberband Man: (dodges it) Nope. Rubber Man smash Big Brother! (stretches his fist and punches him)

BLAM!

He crashed into the ground and got up.

KROW!

I punched him in the face and knocked out some of his teeth!

Nico: This guy gives big brothers everywhere a really bad name!

Vince: Big time!

Me: And I'm going to pound this monsters face in all over the place! (Crack Knuckles)

But then Ebon, Selma & Patty and Greiger appeared.

Me: Ebon, Selma & Patty and Greiger.

Greiger: That's right.

Ebon: I just want you to know that we have nothin to do with this asshole's assault.

Maria: We know, Ebon. I know that you have Adam as a brother. And Patty and Selma have themselves as sisters.

Greiger: Don't forget me. (to Yusei) I told you about my siblings before.

Yusei: That's right.

Me: And Joey you have Serenity as your little sister.

Numbuh 2: And I have Tommy.

Nico: And I have my sisters.

Vince: And I have my sisters.

Brock: And I am an older brother myself. I have a lot of siblings.

Ash: That's right you have a big family.

Laney: Most of us have siblings.

Big Brother rushed and I kicked him in the face and sent him crashing into the ground.

Me: He may be big but he has no brains.

Lana: No kidding.

?: I agree.

A figure came out and it was another one of Sailor Moon's enemies, BLACK WIDOW!

---

Black Widow is a Negamonster sent by Neflite to gather energy for the Negaverse. She has the appearance of a spider. She attacks with spiderlike threads. She appeared in Sailor Moon episode 13, Wedding Day Blues.

Her essence was implanted in the wedding dress material picked by Miss Lambert, the sewing teacher. When her energy reached its highest point, Black Widow appeared and began draining energy. She fought Sailor Moon and trapped her with spider threads, but Sailor Mercury and Sailor Mars arrived and used Mercury Bubbles Blast and Mars Fire Ignite to confuse Black Widow and release Sailor Moon from her attack. Sailor Moon destroyed Black Widow with Moon Tiara Magic.

---

Sailor Moon: Black Widow!

Laney: Not this ugly freak again.

Natasha Romanoff: (Offended) I'm called the Black Widow too, you know!

Black Widow: But I'm actually a spider!

Shanan: You Arachnomites are sure persistent. Now we can finish our fight without Leni blasting you with bug spray.

Qin: What is an Arachnomite?

Shanan: Arachnomites are a race of spider warriors that come from the planet Arachnus IX located 39,000 Light-years away from Earth. It's a city planet completely covered in spiderwebs. They are a very hostile and dangerous race that kill the males of their species and they have the same characteristics as spiders on Earth. They are very formidable warriors and can fight very well.

Qin: Whoa! That is crazy!

Nico: It sure is.

Shanan: It sure is. When we fought the first time, Leni appeared and freaked out because of her fear of spiders and blasted her with Bug Spray.

Lola: I remember that and Leni was still afraid of Spiders back then.

Shanan: Yeah.

Black Widow: But that was impressive that she got the drop on me like that.

Shanan: It was. Fear can cause people to do very strange things and all that. But now we can finish our fight unimpeded.

Black Widow: Yes.

Me: Lets get them.

Troy: You're in for a spanking!

Megaforce Rangers: Legendary Ranger Mode: Ninja Steel!

The Megaforce Rangers turned into the Ninja Steel rangers.

We powered up and went at them.

## Battle 1: Ebon

Lily: You never treated your brother like that did you Ivan?

Ebon: Never. Just because I'm a bad guy doesn't mean that I don't show love for my brother. I love my brother more than anything.

Rubberband Man: Thanks bro.

Inque: Aww.

Ebon: Anytime little bro. Lets do it.

Lily: With pleasure.

Ebon called out his Pokemon and they went at him and punched and blasted him all over with powerful punches and kicks and blasts of water and knocked them out.

Caitlin: I'm sorry that happened to Marge. I wish she could change.

Dominique: Me too.

Selma: Yeah. But the best thing we can do for her is pray.

Mandee: True. Lets dance. Oh Lisa told me to have tell Ling she says hello.

Patty: Thank you Mandee.

Selma & Patty called out their Pokemon and they went at them. Mandee, Caitlin and Dominique punched and blasted Patty & Selma and their Pokemon with blasts of fire and burned them and knocked them out.

Me: Lets show some teamwork!

Pipes: With pleasure!

Shino: Lets do it.

Lily and Lob Goblin: MAELSTROM THUNDER LIGHT!

They all fired blasts of light and darkness and elemental blasts and the blasts all slammed into Big Brother and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Time for some smashing Final Smash power!

Bane: Lets do it amigos!

Wildfire: Lets do it.

Crusher: IT'S CRUSH HOUR!

Bane pumped Venom into him and bulked himself up to 100,000 men.

Numbuh 2, Wildfire, me, Nico, Bane and Crusher: SMASHING MEGAPUNCH SMASH!

We went at Big Brother and Crusher smashed him with his hammer and the rest of us dealt him a super powerful punch of incredible power!

KRASMAAAAAAASSSSSSSHHHHHHH!

The punch was so powerful that it sent him crashing into an abandoned building and the whole building crashed down on top of him and buried him in the rubble. He popped out of the rubble and his clothes were torn up and he was laughing stupidly.

Big Brother: (Stupid talk) Baby you have a nice body. (Laughs)

He was knocked out.

Me: Wow. What a punch.

Bane: I think being put in my old cell would fit you.

Me: I agree.

The Masters of Evil came.

Patty: I really did like how you guys discussed 6 recruits for us.

Numbuh 2: You did?

Selma: Of course!

Ebon: In fact, in a few days or so, maybe you guys can discuss 6 more recruits in our ranks.

William: We'd like that.

Greiger: Glad to hear it!

Me: Before you leave, (Pulls out cigarette lighter) Light ya?

Selma: Oh thank you.

I flicked the lighter and lit their cigarettes.

The Masters of Evil teleport out.

Me: This was intense.

We put Big Brother in Bane's old cell in the Mariana Trench Prison. He was sentenced to eternity without parole.

Me: Good riddance to that bad brother.

Numbuh 2: You said it. What a jerk.

Nico: Yep.

Numbuh 2: (To the viewers) Being a big brother is awesome. But being an extremely abusive big brother like Big Brother can be a major nightmare. Never be like Big Brother.

Me: Well said Hoagie.

We went home.

# Interdimensional Crossover Battles

We were over in the awesome town of Middleburg, Florida. The home of awesome interdimensional hero team Penn Zero and his friends.

Silver Banshee: (Scottish Accent) So this is Middleburg.

Nico: It sure is.

I was floating with everyone in a lotus position while reading a book from Skyland's history called "The Coming of The Darkness" and it was really interesting. But what it revealed about The Darkness was absolutely shocking.

---

The Darkness is the overarching antagonist in the Skylanders game series prominently serving as the secondary antagonist of Spyro's Adventure and the main antagonist of Superchargers.

It is said to be the ultimate force behind all evil, portrayed as a large mass of ominous storm clouds. It is never effective on its own. The Darkness must channel itself through the weak, and in some cases, the weak minded.

Despite being the living embodiment of evil, The Darkness itself and its sinister magic can be controlled. Spyro is the only known Skylander so far to use The Darkness and combine its power with his own to become Dark Spyro, eventually being able to control this power and using the dark magic to fight evil, but always runs the risk of being consumed by the darkness.

In Skylanders SuperChargers, The Darkness gains sentience and is voiced by Ike Amadi, who also played Angor Rot from Tales of Arcadia.

Centuries ago when the Ancients were eagerly exploring the universe using the Rift Engines, they accidentally created a sinister rift engine that opened a portal to a forbidden world. From this portal emerged The Darkness, who proceeded to wreak havoc and unleash dark forces across Skylands. The Skylanders and Portal Masters of old held back the minions of The Darkness until a solution was made known when the Ancients created the Core of Light, which repelled the Darkness to the dark corners of Skylands.

Despite being driven away, The Darkness was still out there, notably lending its assistance to Dark Portal Masters which it corrupted with dark thoughts, in their evil schemes. It played a role in wiping out Voodood's entire tribe when they marched to battle the evil force, resulting with Voodood being the only survivor. When The Darkness attempted to corrupt the Core of Light, its influence nearly consumed Spyro, and it was Master Eon's timely spells that saved the young dragon from a horrible fate. The Darkness also destroyed Boom Jet's homeland, but the Air Skylander managed to rescue the citizens just in time. Elves who chose to be evil and embraced the effects of The Darkness are called Drow, but they retained their love for nature.

For generations, the Core of Light repelled The Darkness until Kaos returned from his exile and destroyed the Core, allowing him to use The Darkness for his own gain to take over and rule Skylands as its emperor. After the Core of Light was restored by the new Portal Master and their Skylanders, The Darkness was repelled once more.

In the 3DS version of Spyro's Adventure, The Darkness came to the Radiant Isles and brought with it Hektore, who proceeded to capture the Mystic Seekers and forced them to create the Dark Mirror that shrouded the Radiant Isles from the rest of Skylands. After Hektore was destroyed, The Darkness was driven away.

Though not appearing in the main story, The Darkness took over the Midnight Museum, attempting to engulf its relics in "eternal forgottenness". It could only be repelled for small amounts of time with the museum's light spheres, giving just enough time for the Skylanders to retrieve the relics before it engulfed the building.

It was revealed that a small, remaining portion of The Darkness was collected after being pushed back by the Core of Light. This fragment of darkness was sealed inside a vial behind an elemental door within the Skylanders Academy where no one could gain access to it. However, the Darkness fragment was able to transfer its power to strengthen Kaos, who was locked away in his Traptanium prison after the events of Skylanders: Trap Team. Because of this, Kaos was able to leave his cell for short periods of time without the Skylanders knowing, eventually leaving his prison completely. After planning his escape, Kaos and Glumshanks broke open the elemental door within the school and took away The Darkness fragment to be used for their latest evil plan in ruling Skylands.

The fragment of The Darkness grew into a large power source for Kaos' Sky Eater, consuming the magic of Skylands as the machine ravaged the skies. It eventually became sentient, gaining a voice and seemingly seeks to help Kaos rule not only Skylands, but the entire universe. However, the Darkness grew impatient with Kaos' negligence in taking matters seriously, informing the Portal Master that the Skylanders were making the Core of Light into a weapon against him. Glumshanks soon pointed out that if The Darkness destroys Skylands, there would be nothing left of Skylands for Kaos to rule over. The Darkness easily manipulated Kaos into siding with it on this goal, driving the evil Portal Master to fire a suspicious Glumshanks in the process.

When Skylands was at its knees, with the Core of Light destroyed by the Sky Eater, Kaos displayed hesitation on destroying Skylands, as without it, he would not be able to rule it like he always wanted. The Darkness, having had enough of waiting, forced the evil Portal Master to cooperate by removing the dark powers it had given to Kaos. Not wanting to lose his powers, Kaos begrudgingly initiated the destruction sequence of Skylands, satisfying The Darkness, who returned Kaos' powers to him. After the Skylanders defeated Kaos within The Sky Eater, The Darkness easily subdued the heroes and commanded Kaos to destroy the Dark Rift Engine to forever crush their hopes of saving Skylands. Instead, Kaos turned on the Rift Engine, having had enough of being ordered around. As it was being pulled into the portal from whence it came, The Darkness swore vengeance and it seemed the day was saved once again. Suddenly The Darkness emerged from the dark portal, now using remnants of The Sky Eater as armor in a final assault against the Skylanders. After a lengthy battle, the force behind all evil was defeated.

Spyro mentioned that The Darkness was locked away, presumably back to its own dimension after its battle with the Skylanders.

---

I gasped in absolute shock and horror. It was hard to imagine that The Darkness posed that massive of a threat, not just to Skylands but all life in the entire universe!

Me: Whoa man! Spyro I didn't know that The Darkness was that dangerous and evil.

Spyro: I know. The Darkness has been the source of a lot of problems over the centuries for Skylands.

Stealth Elf: Yeah it's really awful. But now we may one day face The Darkness in the future.

Nico: That's terrible. I have a strong feeling that we're going to face The Darkness in the future.

Timmy Turner: This Darkness is worse than the Darkness that I faced.

Hot Head: You faced The Darkness before Timmy?

Timmy Turner: No this Darkness was looking for Redemption and I succeeded and saved the Universe.

Me: Whoa. That's amazing.

Laney: It sure is.

Dark Spicer, Robo Blaze, Shiv, Carly Carmine, Snake, Firefly, and Electro were with us and Snake had his son Jeremy with him.

Dark Spicer: Still feeling afraid, Lincoln?

Lincoln: No. Now, I know me and Luna will be able to stop ourselves from becoming like our Royal Defenders counterparts.

Luna: That's right dude.

Me: Yeah.

But then I got a message from King Kai.

King Kai: (From the Otherworld) J.D. can you hear me?

Me: King Kai. Yes I hear you. What's up?

King Kai: I'm afraid I have bad news J.D. The enemies that Goku and his team have faced over the years have all escaped from Hell and are on their way to destroy Goku to get revenge on him.

Me: What!? How did that happen King Kai?

King Kai: King Enma is looking into that. But it has something to do with someone opening a portal into your world and releasing his enemies into your world.

Me: That's terrible. Without a doubt, they will be as weak as they were when Master Goku and team all faced them.

King Kai: That's right. But be careful J.D.

Me: You can count on us to stop them King Kai.

Nico: So Kakarot and the Z-Fighter's enemies are all on the loose?

Me: That's right. We have to be ready for anything.

Lola: Okay.

Vegeta then sensed something.

Vegeta: I sense 2 power levels. They're not too far away.

Me: Can you get a fix on who they are?

Vegeta: Yes I know these two power levels. They are Burter and

Jeice.

Me: The Blue Hurricane and Red Magma of the Ginyu Force?

Vegeta: Yes.

Krillin: Not those guys again.

Gohan: I thought we were rid of those clods for good.

Me: But we have to be ready for them.

Carly: This is gonna be intense.

We then arrived at the house of Penn Zero and his friends Sashi and Boone.

Penn Zero: Wow! Team Loud Phoenix Storm!

Sashi: Awesome! It's such an honor to meet you all.

Penn: It's an honor to meet you guys!

Violet Incredible: The honor's all ours, Penn.

Me: Same to you guys. We heard so much about you all and how you have done so much all over the multiverse.

Sashi: We don't like to brag.

Sashi: (sees Dark Spicer, Carly Carmine, Snake, Shiv, Electro, Firefly, and Robo Blaze) What are they doing here?!

Snake: Can't we hang out with our frenemies?

Carly: And have me look after my children?

Me: It's all right guys. It's not their turn to face us so they are helping us out.

Nico: We're glad we found you guys. We have something big to tell you.

Me: Yeah. We got word on our intel on the Royal Defenders that you were threatened in their universe. It's a really ugly story.

Sashi: Who are the Royal Defenders?

Me: They are essentially an alternate universe version of us and they are also us gone bad because me, Nico, Vince and everyone else weren't there to keep them in line.

Lincoln: Yeah they are a Team Loud Phoenix Storm version of the Justice Lords.

I revealed what happened and more about what the Royal Defenders did to their version of Penn Zero and how and more and they were absolutely horrified!

Boone: The Royal Defenders did that to us?!

Octane: I know. They really fell from grace and became jerks.

Nico: Yep. Big time.

Me: Yeah. We went into war against them a couple of weeks ago and we defeated them and threw them into the Raft Prison run by S.H.I.E.L.D.

Sashi: I think locking up the Royal Defenders in the Raft is risky considering how dangerous they are.

Electro: C'mon! Who would be stupid enough to bust them out anyway?

Me: That's right. Nobody can get in and nobody can get out. The Raft is essentially an impenetrable fortress with security 1,000 times greater than Fort Knox.

Boone: Whoa!

Penn: That is so cool! How did you guys defeat the Royal Defenders?

Me: We had a lot of help.

Ed Cowart: Thanks to me. My name is Ed Cowart. I was a spy that helped Team Loud Phoenix Storm bring down the Royal Defenders. I am from the universe that the Royal Defenders came from and thanks to my intel, technological ingenuity and tactical planning we took down the Royal Defenders and overwhelmed them.

Me: Yep. It was thanks to Ed here that we defeated the Royal Defenders and made them pay for their crimes and stripped them of their powers forever.

Nico: Yep.

Penn: Wow! You guys are awesome!

Me: We don't like to brag. But there was one rule that Team Loud Phoenix Storm has that they don't.

Sashi: Which is?

Me: With great power comes great responsibility.

Spiderman: I invented that saying and J.D. uses that saying for his motto.

Me: Yeah.

Penn: Wow. You guys have done so much all over the universe and more. We also have done so much all over the universe too. Let us show you what we do.

Me: Okay.

We went to the local movie theater and we saw an awesome and really cool interdimensional multiverse portal!

Nico: Whoa! That is a cool portal!

Sandstorm: This portal really is amazing.

Me: Wow. It's an interdimensional multiverse crossover portal.

Penn: Yep. It's our gateway to any universe.

Stewie: Most impressive technology!

Brian: Really amazing.

Laney: It sure is.

Paige: This is amazing. It's very similar to what we use on a daily basis.

Nico: It sure is.

Shiv: You guys got something to eat around here?

Lynn: Is that all you ever think about Shiv, is food?

Shiv: I'm always hungry.

Me: We can see that.

Penn: By the way we're going to need your help to take down our archenemy. Rippen.

Me: Rippen?

Sashi: He is always interfering with our missions and is always out to kill us.

Me: Hmm.

I went over Rippen's history and information.

---

Rippen is the main antagonist of the Disney XD TV series Penn Zero: Part Time Hero. An art teacher (at a high school) but actually a part-time villain, Rippen sought to defeat Penn Zero (the show's main protagonist) and become full-time villain. He has a part-time minion named Larry who, ironically, is not evil and was usually the reason why Rippen constantly fails.

He was voiced by Alfred Molina, who also played Ke-Pa, Viggo Grimborn, Maxim Horvath, Doctor Octopus, and Satipo.

Not much is fully known about Rippen's past, except that his parents took favor in his sister Vlurgen over Rippen, as according to him, she was given things like a car, a different magical scepter for every day of the week, and competent henchmen. This leads to Rippen to become a full-time villain and his plans to outdo Vlurgen.

At some point prior to the series' events, Rippen became an art teacher at Middleburg Central High, working under the authority of the school's principal Larry, who in actuality is the former's non-evil part-time minion. As revealed in the "Zap One", he trapped Penn's parents in a dimension known as the Most Dangerous World Imaginable.

Penn Zero: Part-Time Hero

Throughout the series, Rippen and Larry would be teleported to an universe by their Multi-Universe Transprojector technician Phil, the opposite of the heroes' technician Phyllis. As his part-time minion, Larry gives Rippen an objective tied to the universe, usually involving sabotage or ruin. However this often backfires simply because of either of the two's incompetence, resulting in their enemies' victory and their own defeat.

In the series finale, as Penn, Boone, and Sashi travel to dangerous places in the multiverse to find the former's parents, Rippen and Larry rally up the various villains to stop them. Unfortunately, they failed and all of them are zapped back to the Odysessy; however, the bombs that were placed in the Most Dangerous World Imaginable to be destroyed have failed to be remote detonated, as Rippen revealed that he snuck in and sabotaged it earlier in the day prior. As it is known that one has to activate the bombs from the other side to close the portal, he decided to volunteer and seal it after learning the value of integrity from Penn and his friends. All of the other villains, included Larry, also choose to go with Rippen; with that set, he and Larry detonate the bombs, closing the portal and saving the multiverse.

* * *

We gasped.

Me: Whoa! He tried to kill you guys more times than anyone else we know.

Nico: Yeah.

Me: And your version of Rippen is different from the Royal Defenders Rippen. According to our intel we got, their Rippen sacrificed himself and became a hero. Where the one you guys know is a villain.

Lana: Wow. Huge twist. He went from Villain to hero Martyr.

Laney: Yep.

Me: But we'll gladly help you all take down your version of Rippen and instead of killing him we'll throw him in prison.

Sashi: (to Robo Blaze) Can't you make a Robotron to help us out against Rippen?

Robo Blaze: Evox's virus is required for that. Which won't be possible now that he's kicked the bucket.

Me: Yeah and we also Hakaied him and banished him to the Warp for all eternity.

Penn: The Warp?

Me: It's an interdimensional plane of psychic energy that serves as the ultimate prison. It's a crazy and dangerous place.

I told them all about the Warp and it was horrifying.

Penn: Whoa man!

Nico: I know. We were shocked ourselves when we went through the Warp to get to the universe of The Royal Defenders.

Laney: Yeah.

Lola: It was a really scary place.

Lily: Yeah.

Hunter: (German Accent) Ja. I play Warhammer 40K und I couldn't believe it was real. It was amazing to see it as we were going through it.

Me: It sure was.

Penn: Wow. But anyway lets show you guys one of my favorite places to go to.

Penn activated the portal and we went through it and we saw that we were in a funny place where everyone is clowns.

Luan: Hey wow! Everyone is clowns!

Lana: So funny!

We saw a clown get punched in the face with an extendo-boxing glove from a phone and we laughed.

Luan: (Laughs) That one punched his lights out! (Laughs)

We all laughed hysterically!

Me: (LAUGHS) What is this place?

Penn: Welcome to Chuckle City.

Nico: This place has to be the funniest place in the universe.

Sashi: It is.

Penn: What do you think of my clown costume?

Firefly: I think it's a pleasant version of the Joker's outfit.

We laughed.

Laney: It sure is.

Lori: The Joker was horrible. But this is all literally so funny.

Elena Validus: One of us should do some recon and spy on Rippen.

Rumble: I can do it.

Rumble went through a portal and went into Rippen's home.

Rippen: (looks online) I don't believe this. I actually sacrifice myself to save an entire universe from a bomb?!

Larry: C'mon, Rippen. I'm sure no one on this universe thinks of you as a hero.

Rippen: You're right. And they never will. Because I'm gonna detonate a bomb in Middleburg so everyone will remember me as the baddest villain of them all!

What Rippen didn't know was that Rumble was eavesdropping through the ventilation shaft.

Rumble: (contacts Soundwave) Hey, Soundwave. You get all that?

Soundwave: I did. Rippen is really determined to force others to remember him as a villain.

Me: That's awful. Then we have to be ready for him.

Stone Man: This time, let's do an entrance with rocks.

Penn: What happened to those Phoenix Cries you guys usually do?

Me: We decided to do different variations of our entrances. Our Phoenix Cry entrance was getting too predictable so we decided to experiment.

Penn: Oh I get it.

Yep.

Then we saw a red flash of light and into the Chuckle City Universe came RIPPEN AND LARRY!

We got ready.

Over by the Chuckle City City Hall building Rippen and Larry were planting the bomb.

But then a massive earthquake shook the area and mountains rose all around Rippen and Larry and then the Mountains roared with the ferociousness of the legendary Yeti and then they exploded and we landed in front of them.

Me: Rippen and Larry. It's a pleasure to meet you.

Rippen: The famous Team Loud Phoenix Storm. I've heard so many good things about you all.

Nico: We're going to smash both of your faces in!

Laney: Yeah! Your days of terrorizing the Multiverse and killing Penn and his friends are over.

Lola: That's right you freak of nature!

Vince: Yeah leopard face.

Varie: Bring it you jerk ball!

Nico: Overzealous jerkfucker.

Dark Spicer: Here's your warning: Your fucking ass is about to be kicked.

Laney: All the way into oblivion.

Then Technus, Number 7 and Zs'Skayr appeared.

Me: Technus, Number 7 and Zs'Skayr.

Zs'Skayr: Indeed.

Penn: Are you guys also members of the Masters of Evil?

Technus: That's right. But we're not really helping Rippen.

Zs'Skayr: This is the part where we fight our archenemies in a battle.

Me: We have an awesome and challenging fight with them.

?: (Australian Accent) They aren't the only ones mate.

Two figures came out and it was JEICE AND BURTER of the GINYU FORCE!

---

Burter

Burter (or Butta in several dubs) is one of the Ginyu Special Force who work for Frieza and a supporting antagonist in the Namek Saga. He has blue skin and red eyes. He is the biggest of the Ginyu Force, and also the fastest, possessing incredible super speed that can make others look like they are moving in slow motion. He and Jeice often fight together.

Burter retrieved a Dragon Ball that Vegeta tried to throw away to prevent Frieza getting it. While watching the fight between Guldo and Kuririn and Son Gohan, Burter bet with Recoome on the outcome, betting a chocolate nut bar that Guldo would take more than a few minutes. Time elapsed and Butta won the candy.

After Son Goku arrived on Namek and knocked out Recoome, Burter and Jeice fought Goku, but were unable to do anything to him. Goku proved faster than Burter in the battle, and eventually kicked him away and slammed him down toward the ground, then caught him from below as he was about to hit the ground, knocking him out. After Jeice ran off, Vegeta killed Butta by stomping on his neck with his knee.

After his death, Burter appeared alongside Recoome, Jeice, and Guldo, where Kaio invited them over to his planet to see if Yamcha, Tenshinhan, and Chaozu could defeat them, and they attempted to take it over. Burter and Jeice fought Tien, who gained the advantage against them and defeated them; as they attempted to use the Purple Comet Attack, he sent them into Hell.

In the Great Saiyaman Saga, Burter and several other dead villains - Frieza, King Cold, Cell, Recoome, Jeice, and Guldo - attempted to cause trouble in Hell, but Goku defeated him by kneeing him in the stomach, sending him falling into the Bloody Pond with the other dead Ginyu members. Later he, along with Recoome, Jeice, Guldo, and Cell, were thrown onto a mountain of spikes by Pikkon, and was locked up with them.

He was last seen in the Kid Buu Saga, alongside several ogres and dead villains watching the battle between Goku and Kid Buu.

Jeice

Jheese (or Jeice in the FUNimation dub) is one of the Ginyu Special Force who work for Frieza and an antagonist of the Namek Saga. He is the only one of average height, and had red skin, long white hair, and speaks with a Scottish accent, which he changes for an Australian accent once FUNimation takes over for voice acting in Episode 54. He often fights alongside Burter. He is a Branch from the Planet of the same name.

He was voiced by Jason Liebrecht.

When Frieza called the Ginyu Force over to take the Dragon Balls back from Vegeta, Jeice brought Frieza a scouter case. After Son Goku defeated Reacoom, Jeice and Butta fought Goku but were unable to even damage him at all, with Goku deflecting Jeice's ultimate attack, the Crusher Ball, as if it were a beach ball. After Goku easily defeated Butta, Jeice ran away to get Captain Ginyu. Ginyu was furious with Jeice for running away and nearly fired him before they both returned to the battlefield.

During the fight, Ginyu was chasing after Goku at one point, and Jeice tried to help by attacking the Saiyan, giving Ginyu the chance he needed to catch Goku. However, Ginyu released him, telling Jeice that he did not need his help, threatening to kill him if he interfered again. After Ginyu switched bodies with Goku, he and Jeice headed over to Frieza's spaceship where Ginyu fought Krillin and Son Gohan. However, as Ginyu's power level went down from not knowing how to use Goku's body, Ginyu found himself at a disadvantage and asked Jeice for help, but Vegeta stepped in before he could. Jeice crushed his scouter after reading Vegeta's power level at a high level, undoubtedly higher than his own.

Jeice fought Vegeta, and the battle briefly moved inside Frieza's spaceship. Vegeta had the upper hand, and soon tired of toying around with him. He kicked Jeice away and shattered his ribs with a kidney shot. Before Jeice could recover from the attack, Vegeta held out his hand in front of Jeice's face. Jheese begged for mercy but Vegeta completely destroyed him with an energy blast to the face. After his death, Jeice appeared alongside Recoome, Burter, and Guldo, as Kaio invited them to his planet in the next dimension to see if Yamcha, Tenshinhan, and Chiaotzu could defeat them. Jeice and Burter fought Tenshinhan, who defeated them as they were using the Purple Comet Attack, sending them both to Hell.

In the Great Saiyaman Saga, Jeice appeared alongside dead villains Cell, Frieza, King Cold, Recoome, Burter, and Guldo, terrorizing the ogres and causing trouble in Hell. Goku and Pikkon came to stop them, and Goku defeated Jeice first by punching him in the stomach, sending him falling into the Bloody Pond. Later, Jeice, along with Recoome, Burter, Guldo, and Cell, was thrown onto the spike by Pikkon and locked up along with Frieza and King Cold in a cell. In the Kid Buu& Saga, Jeice was last seen alongside several ogres and dead villains watching the battle between Goku and Kid Buu.

---

Vegeta: Jeice and Burter!

Me: Oh man!

Jeice: Long time no see Vegeta.

Burter: You've been doing well since the last time we fought.

Nico: You two don't have any what you are up against here.

Me: That's right. Your power levels have gotten weaker since the last time you fought Master Goku on Namek and they are nowhere near our levels.

Jeice: We'll see about that mate. Time for us to throw you…

POW!

I then punched Jeice in the face with devastating force and broke his nose and he cried in pain. Pink blood dripped from his nose.

Jeice: How dare you?

Me: Aww did I break your wittle nose? That was just for starters.

I then fired a massive wave of wind and blew Burter and Jeice away.

?: That was awesome!

A figure came out and it was STONEDOZER from episode 9 of Ninja Steel!

---

Stonedozer was first introduced by Cosmo Royale who summons stronger versions of the Kudabots, the Basherbots to aid him in battle. He is sent to a forest area in a mine where he has the Basherbot dig to stop Levi's concert. The Red and Pink Rangers confront him in the mine but he creates earthquakes, for which the two Rangers were able to morph and escape.

Stonedozer was able to dig under Levi's concert, after a small advise from Ripcon that the Rangers were still at the stadium, he destroy the stadium. Luckily, no one gets hurt because the Rangers help all of the viewers out safely and they were able to escape. Then, the Rangers encounter him with an group of Basherbots, for which the Stonedozer has the Basherbots attack the Rangers, as the Red, Yellow, Blue, White and Pink Rangers deal with the Basherbots, the Gold Rangers battles Stonedozer who attempts to flee. After a long duel, Levi was able to knock down Stonedozer with multiple slashes from his Rockstorm Guitar and destroy him with the Storm Star Tornado Slashes Final Attack.

He is gigantified and the Gold Ranger unleashed his new Zords, the Bull Rider Zord and the Ninja Bull Zord to battle Stonedozer. He had the upper hand at first, but Stonedozer was able to push the Zord back. the other Rangers summoned the Rumble Tusk Ninja Steel Megazord to aid the Bull Rider Zord in battle. Levi bucked the monster into the air where the others cut the monster down. Levi then transform his Zord into the Bull Rider Megazord to make a beat down on Stonedozer. The monster was knocked back by the Bull Rider Slash but was unfazed and threw forth some rocks but the Megazord's shotgun annihilated them. With the combined power of the Bull Rider Megazord's Rodeo Rapid Fire Final Attack and the Rumble Tusk Ninja Steel Megazord's Double Axe Final Attack, Stonedozer was destroyed for good.

---

Brody Romero: Stonedozer!

Stonedozer: It's been a while Rangers.

Me: I remember you! You were sent to disrupt Levi's concert and Levi defeated you all by himself. And it was awesome.

Stonedozer: That's right. You have watched us on TV.

Me: Never missed an episode.

Stonedozer: I really liked the selfie you did with me the first time, Gold Ranger.

Levi: Thanks. But why are you bringing that up?

Stonedozer: Can we do another selfie together?

Levi: Why not.

Me, Nico and Levi did a selfie with him.

Levi: Cheese!

We smiled.

It took a picture and we looked awesome.

Me: Wow. We look good.

Levi: I'm putting together a scrapbook of the battles with our enemies.

Nico: Cool.

Me: Now that that's out of the way, lets get them.

Troy: Ok, Rippen. You want to be remembered as a villain? Then we'll treat you like one!

Megaforce Rangers: Legendary Ranger Mode: Science Platoon Dynaman!

The Megaforce Rangers turned into the Dynaman rangers.

We powered up and went at them.

## Battle 1: Zs'Skayr

Edd as Iron Boy, Soundwave and Shockwave were facing Zs'Skayr.

Edd: This is gonna be a most intriguing battle.

Soundwave: Indeed.

Shockwave: Lets get him.

Zs'Skayr: Come and get me.

Zs'Skayr called out his Pokemon and they went at him and blasted him all over with repulsor blasts and Light blasts and Sound blasts and the blasts hit Zs'Skayr and his Pokemon and exploded. Knocking them all out.

Edd: Good battle.

## Battle 2: Number 7

Edzilla, Guts Man and Stone Man were facing Number 7.

Number 7: This battle is gonna be an interesting one.

Edzilla: ED SMASH BAD ROBOT!

Guts Man: Let me at her!

Stone Man: Yeah I'm gonna smash her!

Number 7 called out her Pokemon and Edzilla, Guts Man and Stone Man fired blasts of fire, smashing rocks and boulders at Number 7 and they smashed into her and knocked her and her Pokemon out.

Edzilla roared in victory.

## Battle 3: Technus

Cyborg, Circe and Elena Validus were facing Technus.

Cyborg: This is gonna be a good fight.

Technus: It sure will.

Circe: Lets get him.

Elena Validus: Lets do it.

Technus called out his Pokemon and they went at him and Cyborg, Circe and Elena fired blasts of energy and they hit Technus and his Pokemon and knocked them out.

Cyborg: Boo-yah.

## Battle 4: Jeice and Burter

Me and Goku were facing Jeice the Red Magma and Burter the Blue Hurricane.

Me: Student and Teacher facing two of the members of the Ginyu Force.

Goku: Yep.

Burter: Tell us, Goku? What do you fear the most?

Jeice: Losing your friends and family? Or become the very thing you fight against?

Me: How about you two for losing your lives yet again?

Jeice: I'm gonna wipe that stupid smirk off your face!

Me: Bring it on Snow White. I'll face Jeice, you face Burter.

Goku: You got it. And just for the record you two, I'm stronger than I was when we fought the last time on Namek.

Burter: Oh yeah? How so?

(Goku Goes Super Saiyan Theme plays)

Goku then powered up and I sensed his power level skyrocketing and then his aura turned yellow.

Goku: HAAAAAAAAAAAAAAAAAAAA!

He then went Super Saiyan.

Jeice: WHAT!?

Me: He's not the only one.

I then went Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix.

I then took off my trench coat and it crashed into the ground with a massive thunderous thud.

CRAAAAAASSSSSHHHH!

It was in a massive crater.

Jeice and Burter were gasping in shock.

Me: (Divine Fiery Voice) **Ah yeah that feels great. Now I'm stoked.**

Goku: Wow! You wear weighted training clothes too?

Me: **Yeah. I figured I might as well keep my power increasing by weighted clothes. It's like what you and Piccolo did Master Goku. Pikkon upgraded my trench coat with incredibly heavy weighted clothes that have increased my power significantly. I also plan to have the same thing done for everyone.**

Goku: Remind me to thank him for that.

Me: **Noted. Lets get them.**

We went at them and went at them with incredible speed and I punched Jeice in the stomach and the face with incredible force and power and I kicked him in the back of the head and he belched up a huge amount of pink blood and then he rebounded and fired red energy blasts at me and I deflected the blasts back at him and the blasts exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jeice: How is he so strong!? Lets see how strong is he?

He then activated his scouter and tried to measured it and then his scouter exploded.

Me: **That was pretty stupid.**

Jeice: Take this then! CRUSHER BALL!

He formed a powerful energy ball and threw it at me and I then deflected it back at him and it slammed into Jeice and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jeice then fired numerous red energy blasts at me and I deflected them back and away and the blasts hit him all over and exploded.

KRABBBBBBOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOMMMM!

Me: **If that's all you're made of it's really pathetic.**

Jeice then growled in rage.

Me: **Now it's my turn. CRUSHER BALL!**

I formed an orange energy ball and threw it at Jeice and it slammed into him and exploded! Completely obliterating him in an incredible explosion!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jeice was dead in an instant. He didn't even stand a chance.

Goku then kicked Burter and knocked his whole head off. Completely decapitating him in an instant.

Me: **Whoa! Nice shot Master Goku.**

Goku: That was easy.

Me: **Too easy.**

I fired an energy blast and obliterated Burter's head and body. The Red Magma and the Blue Hurricane of the Ginyu Force were destroyed by the two of us. Not even worth our times.

---

Battle 5: Stonedozer

---

Nico, Lincoln and the Megaforce Rangers were facing Stonedozer.

Nico: This is gonna be good.

Lincoln: It sure is.

Nico and Lincoln fired blasts of energy and lightning and the Megaforce Rangers fired blasts of energy and they hit Stonedozer and exploded all over!

KRABBBBBOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOMM!
KRABBBBOOOOOOOMMM!

Stonedozer was weak and dying.

Stonedozer: (Laughs weakly) You did it, Lincoln. You and Luna helepd the Rangers defeat me again without becoming like your Royal Defenders counterparts. With Great Power Comes Great Responsibility. Remember that!

He fell to the ground and exploded in a powerful fiery explosion!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Nico: Stonedozer, you have failed this universe.

Troy Burrows: Super Mega Rangers, that's a Super Mega Win.

Lincoln: Nice! Try this one. LIGHTNING STYLE NINJA ART: THUNDERSTORM LIGHTNING MEGABLAST!

Lincoln fired a wave of lightning and it electrocuted Rippen with millions of volts of electricity.

See you all tomorrow.

# Crusade of Robin Food

In the heart of the city, I was flying over the city and on my routine patrol.

Me: So far things have been very quiet.

?: HELP!

Over the park I saw Prohyas and Vambre's stupid and dumb doppelgänger Nohyas causing trouble.

---

Nohyas is the evil doppelganger of Prohyas Warrior. He is a recurring antagonist throughout the series who seeks to impersonate the Warriors for Hire to make people like him.

His first TV short appearance was in "The Land Before Slime", where his evil cottage (with a mustache symbolizing him) was stomped and destroyed by King Rexxtopher.

In his second appearance, "No Robots for Old Men", he appears with his hand puppet, Handbre.

In "Whose Hyas is it Anyway?", he appears in Galacton with the Confusing Alien Magisword and uses it to shoot duckies (supposedly his favorite) at Prohyas' head, change his voice to a lispy Ed Wynn-esque one and make his scarf plaid. Nohyas ends up creating an interdimensional vortex, out of which comes a giant hand that grabs and pulls him in, ultimately depositing him at Slugburger.

5-minute shorts

His debut is in the short "Identity Theft", in which he and his hand, Handbre, pretend to be the Warriors for Hire in order to get Prohyas' burger, Vambre's book and many Magiswords from Ralphio's shop. The Warriors for Hire duel the doppelgangers but since he has the same Magiswords as them, they lose. However, he does not have any one-of-a-kind Magiswords such as the Oinkus Oinkus Magisword and the Dolphin Magisword, so they use the Super Teamwork Combo to vanquish him.

TV-series

He made a small appearance in the episode "Gotta Get Grup to Get Down" where he entered the Rhyboflavin Talent Contest. His talent was impressions which was pretty much dressing an audience member with a mustache and derby like him.

He made a slight cameo in the episode "Little Sword of Horrors" as Prohyas watering plants.

He was one of the supporting players of the Rhyboflavin Grups in the episode "Grup Jam".

In "Random Acts of Memory" it is revealed that Nohyas has known the Warrior siblings since they were children, however up until adulthood he would use his signature "Selective Memory Magisword" to erase memories they made of him after things take turns for the worst. It is revealed that he was actually the one to burn down the barn with Vambre's tomato magisword (which she went to therapy for blaming herself for years), was the new kid in Vambre and Prohyas' adventure class where even under truth paste he still admits to believing he's Prohyas (and subsequently Vambre). He is also the reason why they didn't remember meeting Grup's brother Prug, only wanting them to remember a positive memory of him. After several more stories (some of which false) Prohyas uses the Pencil Magisword to trick him into giving him the Selective Memory Magisword, and uses Paperbag Magisword to trick him into thinking he's talking to himself.

Magiswords

Jackhammer Magisword

Confusing Alien Magisword (taken by Vambre)

Hyperspace Magisword (in Surely you Quest)

Selective Memory Magisword (taken by Prohyas)

Powers

Magisword user: Nohyas is very skilled in the use of Magiswords and is very skilled in using them. He has enough to skill to use a Super Teamwork Combo on his own, something Prohyas has yet to accomplish.

---

Me: Whoa. He looks like a red hair version of Prohyas.

I flew down and faced him.

Me: Who are you, you Prohyas impostor?

Nohyas: I'm Prohyas and this is my sister Vambre.

He showed a stupid hand puppet that looked like Vambre.

Hambre: (Nohyas takes through her) I am Vambre.

Me: That's just a stupid hand puppet. You are just a brainless idiot.

Nohyas: We'll see about that.

Me: You are not Prohyas and Vambre because Prohyas doesn't have red hair or a mustache and wears a hat and has a dumb hand puppet.

Nohyas: No but I know how to use Magiswords. Like this one.

Announcer: LEGENDARY SPECTRUM RAY MAGISWORD!

It looked like a powerful prism ray blaster and it was powerful.

I then flew at him and kicked it out of his hands and grabbed it.

Me: Whoa! This is a wicked Magisword. Where did you get this?

Nohyas: I stole it from Ralphios along with many more Magiswords.

Me: I see. Lets see how you like this. VISIBLE LIGHT RAINBOW BLAST!

I fired a rainbow ray blast and it slammed into Nohyas and knocked him out after it burned him.

Me: WHOA! That is so cool!

I went over to him and saw that he had numerous new Magiswords on him.

Me: Whoa. These are cool.

Nohyas was arrested and sent to prison.

I went to Ralphios and brought his Magiswords that were stolen back.

Ralphio: Thank you so much J.D.

Me: Anytime Ralphio. That Nohyas is one dumb idiot. But how did you get a really powerful and rare Magisword like this one?

Ralphio: It was accidentally put into a new shipment of Magiswords I got in and you are more than welcome to keep it free of charge.

Me: Thanks Ralphio. Prohyas and Vambre are gonna be ecstatic to see this one.

Ralphio: I'm sure they will. Tell them I said hello.

Me: Will do.

I flew back to the estate.

---

Later at the estate, everyone and the Masters of Evil all gathered in the Living Room for a discussion on new recruitments for the Masters of Evil.

I came in.

Me: Sorry I'm late guys. I was out on my patrol and saw Prohyas and Vambre's dopey doppelgänger Nohyas.

Prohyas: Oh that guy is an idiot.

Me: Tell me about it. The guy stole numerous Magiswords from Ralphios. But thankfully I stopped him.

Lana: Yeah.

Me: Anyway lets get to discussing our ideas.

We got to discussing our ideas and we all had numerous good ideas.

Lincoln chose Ben's enemy Dr. Viktor who is really a rogue Transylian, Luan chose Arthur Parks A.K.A. The Living Laser, Lucy chose Diabolico.

Vypra: Those are all good choices and it'll be great to have Diabolico in our team.

Loki: Yeah I miss him.

Nico: I can tell.

Linka: Why don't you guys recruit Zexion?

Luxord: That's actually a wise choice. I always enjoyed his love for literature.

Laney: He and I would get along great because we love books.

Blossom: You guys should recruit Man Boy as well.

Ronnie Anne: That's a nice idea. He's been behaving himself so far in prison.

Me: He sure has. Good idea.

Kate Lloyd: The Riddler helped us out twice so he should be recruited too.

Lola: Good idea Kate.

Vypra: I agree.

Blitzwing: You guys could use a member with a need for speed.

Julie Yamamoto: How about that LaGrange guy? We haven't fought him yet but I saw him in action on the news.

Me: Good idea.

Vypra: I agree.

We had many more ideas. Cole chose to have Whiger from Jungle Fury, Robin chose the Magician Supervillain Mumbo Jumbo who is one of their enemies, Jayden chose his formidable adversary and frenemy Deker from Samurai.

Sky Lynx: You guys could use another genius on the team.

Teela: How about Tri Klops?

Maria: Not a bad idea.

William: (to Tri Klops' portrait) Hear that, Tri Klops? You're getting out soon.

Me: Nice.

Sidney Poindexter chose the weather ghost Vortex, Spiderman chose his enemy Quentin Beck A.K.A. Mysterio, Wildfire chose David Cannon A.K.A. Whirlwind, Hulk chose the fiery villain Mark Raxton A.K.A. Molten Man, Iron Man chose Carl "Crusher" Creel A.K.A. Absorbing Man, Hawkgirl chose Mark Mardon A.K.A. Weather Wizard, Wonder Woman chose Nanaue A.K.A. King Shark, Fox chose Wolf O'Donnell, Gwen chose Villamax from Lost Galaxy, Tara chose Ben's enemy Vulkanus the Detrovite Crime Lord, Obi-Wan chose notorious assassin and bounty hunter from the planet Duro, Sandman chose Emil Blonsky A.K.A. Abomination, Mary Jane chose Tony Masters A.K.A. Taskmaster, Starfire chose Winslow Schott A.K.A. Toyman, Lola chose Tala, Raven chose Abner Jenkins A.K.A. The Beetle, Teresa chose her former teammate and comrade in the Metabreed, Puff, Beast Boy chose the Titans enemy Control Freak, Thor chose Alex Nevsky A.K.A. Crimson Dynamo, Rubberband Man chose his former comrade in the Metabreed, Kangor, Michelangelo chose the Turtles cybernetic assassin enemy duo Touch and Go, and Max Tennyson chose Rojo.

Me: Those are all really good ideas.

Vypra: Good ideas. We'll get to work on them right away.

Me: Awesome. I think this meeting is over.

Nico: All righty.

We left our briefing room.

* * *

Later at Gotham Royal York Elementary School we all were having an awesome lunch in the school cafeteria. It was awesome.

Teresa: Nothing like a good lunch while we're not on missions.

Me: Boy you said it Teresa.

Lincoln: Yeah.

But then we heard a medieval horn and smashing through the cafeteria windows was ROBIN FOOD AND HIS HUNGRY MEN!

* * *

Robin Food is a parody of medieval folk hero, Robin Hood.

He's something of a moron, as Lydia Gilligan points out Robin is supposed to COOK food, not steal it.

He and his band of Hungry Men "rob from the young and give to the old"; they attack elementry schools during lunchtime and steal kids' lunches, which they then give to the old people at Sure Would Forest Senior Center, who hate the kid food he brings them due to the fact it's bad for them, though he's too delusional to realize this.

In Operation: L.U.N.C.H., they raid Gallagher Elementary School`s Cafeteria during Nigel's "romantic lunch" with his possessive girlfriend Lizzie, who prevents him from intervening.

When they steal Lizzie's lunch, she takes the L.O.C.K.A.H.S.O.C.K.A.H. and storms the Sure Would Forest Senior Center to retrieve her lunch. Just before Lizzie forces Robin Food to surrender, he calls her selfish and claims he's giving it to the seniors because they're starving to death. Lizzie is touched by Robin Food's kindness. The Senior Citizen Squad form their robot and prepare to attack. Robin Food and Lizzie both think they're going to attack Lizzie until the Squad reveals they are going to attack Robin Food, to the pair's shock. The Squad and the other seniors reveal that Robin Food and his Hungry Men are really their retirement home's cafeteria staff who are supposed to make them lunch themselves and that they only raid elementry school cafeterias and steal food from children because they're too lazy to do their jobs. The seniors also reveal that they do not want to eat children's food as they give seniors complications, such as preventing them from using the bathroom and causing problems for their bridgework.

Lizzie gets her lunch back as the SCS proceeds to beat up Robin Food and his Hungry Men.

In Operation A.W.A.R.D.S., Robin Food is the host of the Villain's Choice Awards and Dinner Show. He was also seen next to the Dodgeball Wizard in Operation: Z.E.R.O. during the Candy Pirates attack on Kids Next Door Moonbase, and was later seen at the Convention Center.

He made one last appearance in Operation: I.N.T.E.R.V.I.E.W.S. where he tried to steal Gramma Stuffum's Tusk Pie, which then grew tentacles and attacked him and his Hungry Men, which reporter Nick commented, "It looks like Robin Food picked the wrong pie to pilfer."

---

Yuko: Robin Food!

Robin Food: That's right.

Clayface (to Robin Food): Do you mind? We're trying to eat here.

Robin Food: Do you even need to eat, Clayface?

Clayface: Haven't really thought of that.

Me: So you are the Robin Hood of the Elderly.

Robin Food: That's right and unlike Father, I don't desire the deaths of children everywhere. All I want is their lunches to give to the elderly.

Francis: Ok. I admit that's not the worst crime you can think of.

Robin Hood: That's true. For I am…

Robin Food and his Hungry Men: (Singing)

Robin Food, Robin Food, not your average thieving dude.

With his band of hungry men, he comes to school at noon and then…

He robs from the young (and the rude)

And gives to the old (Oh, how shrewd.)

Robin Food… Yo-Ho!

Me: That's catchy.

Nico: It sure is.

Me: It feels like we're meeting Robin Hood all over again. But he's a Kids Next Door villain.

Natilee: It sure is.

Numbuh 2: Yeah but my grandmother at the Sure Would Forest Retirement Home that Robin Food works at hates this guy. She calls him a dopey moron.

Lizzie: Yeah because the Senior Citizens hate him for not giving them old people food. You know like liverwurst on Rye or oatmeal or anything like that. He works as a chef there and they hate him.

Me: Wow. I don't blame them. But if they want our food then they can take it over my dead body.

But then Firefly, Webstor and Leonard the King Pig came.

Me: Firefly, Webstor and Leonard.

Maria: You guys were eating lunch as well?

Webstor: Yeah. We were.

Firefly: (glares at Robin Food) Until someone disrupted it!

Vince: Did Robin Food get your food too?

Leonard: He sure did.

Me: He is trying to do what he thinks is right for the elderly. He's like famous medieval folk hero Robin Hood. Except he steals food from the young and gives it to the elderly.

Webstor: Well it's better than killing kids.

Leonard: That's true.

Me: I know. But for the elderly, kid food is poison for people their age.

But then we heard a roar and a cat creature came out. It was BAKENE!

---

Bakene is one of the Seven Shadows. He has the appearance of a catlike beast. He appeared in Sailor Moon Episode 27, Kitty Chaos.

When Bakene was imprisoned in Earth's atmosphere, he was reborn inside a cat named Hercules. Zoycite extracted the crystal from Hercules and turned him into Bakene. Bakene fought the Sailor Scouts. At one point, he saved Luna from falling (possibly due to the influence of Hercules within him), but still was intent on killing her. Sailor Moon eventually healed him with Moon Healing Activation, killing Bakene and preventing Hercules from being turned into him again.

---

Luna (Sailor Moon): Bakene!

Me: Whoa! That is one terrifying cat creature.

Shanan: Whoa man! I didn't expect Queen Beryl to have a Felonikian in her forces.

Qin: What is a Felonikian?

Shanan: They came from the planet Bakenimus. The Felonikian's are a primordial cat spirit race. They possess incredible powers and they have immortality and powerful strength and all that. Planet Bakenimus is a ruined city planet covered in huge forest that spans the whole planet and they are really a peaceful race. They live in total harmony with not a care in the world.

Qin: Wow. That's amazing!

Bakene snarled.

William: Great! Another monster that doesn't talk!

Me: Yeah.

I then sensed a weak power coming.

But then a figure flew into the school and it was RECOOME!

---

Reacoom (also known as Recoome in the Funimation dub) is one of the Ginyu Special Force who work for Frieza and an antagonist in the Namek Saga. He is the biggest (and second tallest), with a humanoid appearance and red hair. He is often speculated to be the second strongest after Captain Ginyu. Despite his seemingly goofy attitude, Recoome is actually quite intelligent, not to mention extremely sadistic. He might also be the evilest out of all the members even though it isn't clear.

He was voiced by Christopher R. Sabat, who also voiced Piccolo and Vegeta.

When the Ginyu Special Force was called to Namek to take the Dragon Balls back from Vegeta, Recoome, Burter, Jeice, and Guldo did rock-paper-scissors to determine who gets to fight Vegeta. Reacoom won, but decided to let Gurd fight Krillin and Son Gohan first. During the fight, Recoome bet with Burter that Guldo was going to win in a few minutes, staking a chocolate nut bar. Time elapsed and Recoome gave Burter the chocolate bar.

After Vegeta killed Guldo, Recoome fought him. He initially appeared at a disadvantage, with Vegeta, when he lost his armor, and later a part of his hair, but Recoome beat Vegeta up so bad that Krillin and Gohan were forced to step in, saving Vegeta from Recoome's Eraser Gun.

Recoome nearly killed Krillin with one kick and fought Gohan, beating him up. That said, because Recoome was injured from the pervious fights, Gohan does land a few good hits.

Not even Gohan's hidden powers were enough to defeat him. He bullied and beat Gohan in much the same way Nappa did, dominating the boy and sitting on him, and like Nappa, farted very loud several times on the child (which is made even worse as one of Vegeta's attacks left Recoome's clothes damaged, revealing his bare buttocks).

He used an attack known in the games as "Recoome Renegade Bomber" on Gohan. As Gohan moved in for a final attack, Recoome jumped over him and kicked him, breaking his neck.

Just when he had Vegeta, Gohan, and Kuririn at his mercy, Son Goku arrived on Namek, spinning Recoome around when he arrived at the battlefield. As Goku gave Kuririn and Gohan Senzu Beans, he threw one to Vegeta (as a reward for saving Kuririn and Gohan from Guldo). Recoome tried to catch it in his mouth, but missed.

As Goku turned to face Recoome, the Ginyu member taunts him, flipping him the bird and mocking his son's pathetic performance. Recoome was unable to land a blow on Goku and then powered up for his ultimate attack (revealed to be a sort of energy explosion in the Tenkaichi games) but, seeing this as an opening, Goku elbowed him in the stomach while the giant was distracted, knocking him out cold with one hit.

After Goku easily defeated Burter, causing Jeice to run away, Vegeta killed Burter and then killed Recoome with an energy wave.

It appeared to completely destroy his body, however his corpse was later seen by Gohan, fully intact, as he took Piccolo back toward the ship during Goku's fight with Frieza.

After his death, Recoome appeared alongside Burter, Jeice, and Guldo as Kaio invited them over to his planet in the next dimension to see if Yamcha, Tien, and Chiaotzu could defeat them. Recoome fought Yamcha, and was defeated with an energy wave, sending him flying through the clouds and into hell. This is to show how much stronger Yamcha and the others have gotten, as they were originally devastated with fear when they saw that they had to fight the Ginyu Force.

In the Great Saiyaman Saga, Recoome, along with Cell, Frieza, King Cold, Burter, Jeice, and Guldo, caused trouble in Hell and terrorized the ogres, but Goku and Paikuhan came to stop them. When Frieza sent the Ginyu Force after Goku, Goku defeated Reacoom last, elbowing him in the back of the neck, causing him to fall into the Bloody Pond. Later, Pikkon threw him, Burter, Jeice, Guldo, and Cell onto the spike, impaling them, and all seven villains were locked up in a cell.

Recoome was last seen in the Kid Buu Saga, in Hell/HFIL alongside several dead villains, watching the battle between Goku and Kid Buu.

Recoome made a brief cameo appearance along with several villains from the past in Dragon Ball GT. He was presumably defeated and sent back to Hell along with other villains.

In Dragon Ball Z Abridged, Recoome is seen as a parody of wrestlers in WWE, with him taking great pride in his wrestling abilities and overall manliness. He appeared alongside the rest of the Ginyu force when ever they appeared, always referring to himself in 3rd person. He soon got to fight Vegeta after winning the opportunity in the Ginyu's game show "Wheel of Torture", commenting on how "the lucky little bastard (Guldo) got two of 'em." After Vegeta killed Guldo, Recoome and Vegeta entered "Namekamania" (an obvious parody of Wrestlemania) and Recoome taunted him by talking about how Vegeta boasted about being prince of a powerful race who were all dead and with his signature catchphrase "THE NAME'S, RECOOME, AND IT RHYMES, WITH DOOM. AND YOU'RE GONNA BE HURTIN. ALL. TOO. SOOOOOOOOON!", only for Vegeta to tell him that Wrestling was fake.

He and Vegeta fought (with Burter and Jeice providing commentary) and he won, using special attacks that were really just normal moves with his name shouted in front of them, like the "RECOOME ELBOW" or the "RECOOME KNEE", with him getting uglier and uglier every time someone landed a good hit, leading to Krillin actually being disgusted at the sight of him. He soon defeated all three warriors. When Goku showed up, he was getting more and more annoyed at how Goku choose to heal his friends instead of fight him, only to be swiftly defeated in one punch and later killed by a healed Vegeta.

---

Goku: Not you again!

Recoome: Long time no see, Goku!

Me: So you are Recoome. You are an ugly brute.

Me: Bring it on you freak.

I then flew at Recoome and punched him in the face and knocked out some of his teeth and sent him crashing into a force field we have around the entire school cafeteria.

He got up.

Recoome: Now you will get it! Take this! RECOOME! ERASER GUN!

He then fired a massive wave of magenta energy from his mouth and it went at me and Vegeta and it slammed into us and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and devastating that it shook the entire city all over. When the smoke cleared me and Vegeta were still standing but Recoome got a shock when he saw me in my Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix form and Vegeta in his Super Saiyan 4 power and we were completely unscathed.

Me: (Divine Fiery Voice) **I got to admit that was an impressive attack. But it was not very effective.**

Vegeta: You have gotten stronger since the last time we fought Recoome. But it was pathetic.

Me: **That's right. Lets get him.**

Vegeta: With pleasure.

Me and Vegeta formed powerful red energy balls in our hands and formed them into powerful Final Flash attacks.

Me and Vegeta: FINAL ATOMIC SHINE ATTACK!

We fired a massive blast of orange and red energy and it slammed into Recoome and exploded with incredible power!

***KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOO***

The power from the explosion was so massively strong and devastating that it shook the entire planet to the brink. It was extremely powerful. When the smoke cleared, Recoome was completely obliterated in an instant.

Lizzie: And that would be?

Robin Food: Beware Numbuh 2's Grandmother. She has a dark agenda of her own.

Me: And we'll be ready for her. But no we aren't gonna throw you in jail. I have a much better idea. Instead of stealing from the young and giving it to the old, you can steal gold and money and food from the corrupted rich and greedy nobleman and people like that and give it all to the poor and to the homeless.

Robin Food: Hmm. You know that is much better. I like it. I feel like a new man. Thank you so much J.D. From now on my Hungry Men, we will only steal from the corrupted rich and the greedy and give it all to the poor and the homeless and to the children.

Me: Awesome! And you're welcome Robin Food.

Little Juan: Can we still keep the name Hungry Men?

Riku: Sure. That way, you'll stand out from Robin Hood and his pals.

We shook hands and Robin Food and his Hungry Men were off on their new cause.

The Masters of Evil came.

Cree: I'm sorry if your lunch got disrupted because of this.

Webstor: That's ok, Cree.

Firefly: Besides, I think BOTH of our lunches got disrupted because of this.

Maria: Would you guys like to have lunch with us to celebrate.

Leonard the Pig King: Well, I don't see why not.

We had a really good lunch and more.

Lizzie: (To the viewers) Never mess with the love of good lunch even if it's for the right cause.

Me: You got that right.

THE END

Another Awesome Codename Kids Next Door chapter done.

Robin Food is my favorite villain in Codename: Kids Next Door and it was so awesome that he was in every way like Robin Hood. NicoChan11, JediAvatarOfShinobi and Omegahatchiyak12 gave me the ideas for this chapter. Thanks guys. Next up is the 4th Mysticons chapter and we're going to face an evil version of the redeemed Vexicon Eartha the Golem and it's gonna be an awesome battle. The Next DBZ Villain is Guldo and we're gonna give that little 4-eyed freak what for.

See you all tomorrow.

# Wrath of the Dark Earth Golem

We were over at the Raft prison near Ryker's Island. It was the toughest maximum security prison on Earth and it was 1,000,000 times worse than Alcatraz and no one has ever escaped from it. If they even tried to escape, they will be killed on sight.

Phineas: Wow! So this is the Raft.

Me: Yep Toughest Maximum Security Prison on Earth run and operated by S.H.I.E.L.D.

Nico: Yep. Dangerous place. Most of the superheroes most dangerous enemies were put in here.

Elena Potato: Wow. This place is awesome.

Naruto: It sure is. And it is a tough prison.

We arrived at Royal Defender Lincoln's Cell.

Me: Here we are.

Elena: Hey, Bad Lincoln. You've got visitors!

Phineas, Ferg, Penn Zero, Sashi and Boone went into his cell.

RD Lincoln: So the freaks of inventions and interdimensional travel are now part of our captors ranks.

Penn Zero: Demoralizing me and Phineas' counterparts is one thing. But putting a servitude chip in my counterpart?!

RD Lincoln: Well, you deserved it! Your counterpart took over my body and traumatized me! (to Phineas) And your counterpart nearly destroyed the space time continuum!

Syd Chang: And that makes it ok to demoralize them!?

Me: I don't think so.

Sashi: No one enslaves the world on our watch.

RD Lincoln: (to Lincoln) You're a hypocrite. You claim you're a better hero then me. And yet, you're about to punch and humiliate me just for opening my mouth for even a second. Just face it. You're gonna become me eventually. All it takes is one bad day!

Thundercracker: Now you're sounding just like the Joker!

Me: And that kind of talk is getting really old. Very fast.

Roger Smith: Just say the word and I'll run this jerk over with my limo!

G1 Silverbolt: Didn't Stan say you were banned from ever using a limo after your last use with it?

Roger Smith: Oh yeah.

Lincoln: There is one thing you and the Royal Defenders never understood RD me.

RD Lincoln: And what is that?

Lincoln: With Great Power comes Great Responsibility.

Laney: And a true hero's ways of good comes from their heart and their love for everyone.

Me: So if you ever get out of here which we know you won't, we'll make sure that you are banished to the Warp for all eternity.

We left the prison.

Laney: I wish that Roger could run over RD Lincoln and shut him up.

Lana: I know. He is a monster.

Lola: We should've killed him.

Lily: I know.

Nico: But we couldn't.

Me: As much as he deserves it, it goes against our code. But if he does step out of line, he will be Hakaied.

Vince: Good. I hope he does.

Varie: Me too.

---

Later in Drake City, we got reports of random acts of destruction being supposedly caused by Eartha, a legendary Golem and former member of the Vexicons who was redeemed by Emerald. We were at the castle asking her some questions.

Eartha: I don't really remember causing all that. It's all blank.

Me: That's so unusual.

Emerald: Eartha, have you been going out causing destruction in Drake City?

Eartha: Of course not! I've been in here playing these video games you've been bringing me.

Me: Hmm. This is a very familiar sight.

William: I know what's happening. Eartha is having her Dark Side take control of her.

Laney: That is familiar. Remember how this happened to Arbutus?

Me: How can I forget. This could be exactly what happened to him. Eartha we're gonna have to watch you throughout the whole night.

Later that night, we got to work and tied her up.

Eartha: (is being tied up) I hardly think this is necessary.

Maria: Relax. As soon as your dark side emerges, we'll be able to take it out easily.

Xion: We'll stay up all night if we have to!

Me: We'll take turns taking watch. Bro, you take first watch and Starfire will follow you.

Naruto: Roger that bro.

Me: Don't leave your post for a second. Not even for ramen.

Naruto: I'll try not to. But you know how much I love ramen.

Me: I know bro.

We got to watching. We had our eyes glued onto Eartha like a magnet and like when we were watching that fire with J.K.L. It was gonna be a long and strenuous night.

---

French Narrator: (French Accent) 4 Hours Later

---

I took Naruto's watch turn and watched Eartha.

---

French Narrator: 2 hours later.

---

We then fell asleep and then we heard a loud crash!

CRASH!

Me: Huh!? Guys! Wake up! Eartha flew the coup!

Impact Man: Dammit! We fall asleep and Dark Eartha gives us the slip!

We went out after Eartha and we found her trashing a building and then I fired a wave of light and it hit her and a blob of pitch black energy came out and it was DARK EARTHA!

She looked like a black version of Eartha and she was overflowing with pure evil! Her eyes were red like blood.

Me: Dark Eartha, we meet at last.

Nico: This is gonna be good!

Dark Eartha: I'm going to smash you all into pulp!

Rip: Not if we all smash you apart first!

Katnappe, King Hiss and Koragg then appeared.

Me: Katnappe, King Hiss and Koragg.

King Hiss: Indeed.

Me: (Yawns) Yeah.

Katnappe: Did you guys seriously pull off an all nighter?

William: It was all to catch Dark Eartha.

Koragg: I do not think that was one of your best ideas.

Nico: Yeah. I'm starting to see your point.

Me: But we had to keep a watch.

Laney: Yeah.

Lori: It's literally the worst idea we had.

But then we heard a malevolent laugh appear and a black cloud of smoke appeared and it had a red face in it. It was NEPHLITE'S SOUL SHADOW!

---

Nephrite first appears following Jadiete's defeat, taking over the operation to find the legendary Silver Crystal while avenging his comrade. His first mission had him assume the guise of Princess D's bodyguard, assuming her family has the crystal as he used a Youma created from his shadow to possess the girl. But after that failed, Nephrite created a Youma from a bridal mannequin to steal life energy from people in love. This act resulted in his defeat by the awaken Sailor Jupiter, though Sailor Moon Crystal had Nephrite survive the encounter as he and the other Kings of Heaven learn the truth of their past lives before Queen Beryl fortified her hold over them. While he and the other kings fend off the Sailor Guardians from entering the Dark Kingdom's stronghold, revealed to Sailor Jupiter's lover in their past life, Nephrite ended up being vaporized by Queen Metalia alongside the other kings when they were freed and no longer being of use to her. But the four stones that the Four Kings of Heaven were reduced to end up in Mamoru's possession with the quartet's spirits now able to resume their duty as his protectors and advisors.

Like Jedite (Jadeite), Nephrite's evil plans revolve around taking energy from people in order to awaken the Negaforce. Unlike Jedite, who took energy from several people at once, Nephrite took energy from one person, but got more than Jedite could off one person. Or at least he would have, had Sailor Moon not foiled all of his plans. Neflite uses a star crystal to see whose energy will reach its peak. He usually pretends to be a millionaire named Maxfield Stanton (Masato Sanjouin) and implants the essence of a Negamonster into an item that is close to that particular person. When their energy reaches its highest point, a monster appears, but the energy is returned when the monster is destroyed.

Neflite first appeared in Episode 10 after Jedite's eternal slumber. In Episode 11, he tried his first evil plan. These involved a girl's tennis raquet (Tensie), Mr. Baxter's plant (Petasos), Miss Lambert's wedding dress (Black Widow), Peter's camera (Kyameran), Mika's doll (Jumo), and Lori's pencil (Gemini Warriors). All of these monsters were destroyed by Sailor Moon. Once Neflite summoned Leo the Lion and attempted to use Tuxedo Mask as Sailor Moon's weakness so he could kill her, but failed. In Episode 18, Beryl started looking for the Imperium Silver Crystal, so Neflite had a monster named Soul Shadow possess Princess Diamond, believing her to be the Moon Princess. This plan failed when Soul Shadow was destroyed.

Neflite does not get along with Zoycite (Zoisite), another Negaverse general, who enjoys seeing his plans get foiled and wants her own turn. In Episode 19, Molly (Naru) fell in love with Nephrite, and still loved him even after realizing how evil he was, when the Sailor Scouts fought him. They defeated him, but before Sailor Moon could destroy him with her tiara, Molly jumped in front of him, forcing him to stop. When one of Zoisite's monsters Yasha attacked Molly, Neflite protected her from her attack. Yasha was about to kill Neflite, but was killed by Sailor Moon before she got the chance.

In Episode 20, Neflite's black crystal reacted to Molly, which confused him as she had nothing to do with the silver crystal. He soon discovered that Sailor Moon was really Serena Tsukino (Usagi), but before he could attack her, he sensed that Naru had been kidnapped by three of Zoycite's monsters, Housenka, Grape, and Suzuran. Neflite fought the monsters off to save Molly, and nearly killed Housenka in the process. He would regret not doing so later, as sometime after they left the building and Molly bandaged a cut on Neflite's arm, the monsters returned and Housenka stabbed him in the shoulder with thorns from her arm. He received more injuries from Grape's fireballs while protecting Molly from her. Though the monsters were destroyed by Sailor Moon and Sailor Mars, Neflite died of his injuries and dissolved into dust.

In Episode 22, Neflite is referred to at time, and in Episode 39, he is seen in a flashback standing alongside Jedite, Zoycite, and Malachite (Kunzite) in two scenes, one of which involves all four of them being sucked into a crystal.

---

Shanan: NEFLITE! OH SHIT!

Neflite's Soul Shadow: Long time no see Shanan. Shame you couldn't kill me like you did before.

Shanan: You may not be the real thing, but you will definitely meet your death when the time comes.

Eddy: (to Neflite's soul shadow) You'll be a good warm up for when we fight Neflite.

Neflite's soul shadow: You're not gonna live long enough to face him!

Me: We'll see about that.

Then I sensed a very weak power.

?: Yes we will.

A figure appeared and it was GULDO!

---

Guldo is one of the Ginyu Force who work for Frieza and a minor but dangerous antagonist in the Namek Saga. He is small, froggish and has four eyes. Unlike Recoome, Burter, Jeice and Ginyu, Guldo has no scouter. He is the weakest of the Ginyu Force, but makes up for it with his ability to freeze time (for as long as he holds his breath) and his ability to use Mind Freeze to freeze anyone with his mind.

The Ginyu Force was called over to Namek by Frieza to get the Dragon Balls back from Vegeta. In the anime only, Guldo and Vegeta previously confronted each other, with Guldo belittling Vegeta saying that he and the others make the rules and that he must follow them. He continued his verbal assault, saying that he is a mere Saiyan and saying that the only reason Vegeta is even alive is because Frieza took a liking to him. While Vegeta admitted Frieza is in charge, he couldn't understand why Guldo, who is a weakling, was put on the Ginyu Force. Guldo, enraged prepared to attack Vegeta when he was stopped by Frieza. Frieza orders Vegeta to conquer a planet for him and he obeys. Vegeta laughed at Guldo's expense and went with Frieza. Being humiliated in front of Frieza, Guldo held a grudge against Vegeta ever since.

The Ginyu Force very quickly tracked down Gohan, Vegeta and Krillin. When Vegeta instructed Krillin to destroy one of the Dragon Balls, Guldo used Time Freeze to grab it from him at the last second. Ginyu declared that he'd be the one to take down Vegeta, but the Ginyu Force complained, saying that Ginyu always gets to have fun. Wanting to satisfy his comrades, he lets the four members play a game of Rock Paper Scissors. The winner would take down

Vegeta while the runner-up would defeat Gohan and Krillin. Recoome ends up winning, which ticks off Guldo, as he wanted to be the one to fight Vegeta. Recoome tells Guldo to get rid of Gohan and Krillin first. Guldo, being overconfident, states that the battle will be over soon.

Guldo fought Krillin and Gohan, and despite using Time Freeze several times, was at a disadvantage and getting worn down, until he used Mind Freeze to trap them. He beat them up and pelted them with rocks, before making a giant spear out of a tree in an attempt to skewer them. However, at the last second, Vegeta intervened, cutting off Guldo's head with a single strike. Vegeta then destroyed Guldo's still-breathing head with a ki blast, settling his score with him as they had previously gotten into a fight on Planet Frieza.

After his death, Guldo appeared alongside Recoome, Burter and Jeice, when King Kai invited them over to his planet in the Other World to see if Yamcha, Tien Shinhan and Chiaotzu could defeat them. Guldo fought Chiaotzu, who soon gained the advantage and defeated Guldo by sending him flying through the clouds and into the depths of Hell.

In the Other World Tournament Saga, Guldo appeared alongside Cell, Frieza, King Cold, Recoome, Burter and Jeice, and caused trouble in Hell with them, but when Frieza sent the Ginyu Force after Goku, who came with Pikkon to stop them, Goku defeated Guldo with an elbow to the face, causing him to fall into the Bloody Pond with the others. Later, Pikkon threw Guldo, along with Recoome, Burter, Jeice and Cell into a set of spikes, and all seven villains were locked up in a cell. Guldo, like the others, expresses annoyance towards Recoome for suggesting that they arm-wrestle.

Guldo's final appearances were in Hell alongside several dead villains, watching Goku's fight with Kid Buu during the Kid Buu Saga. As with the other villains, he rooted for Buu.

Everywhere around you

Give into it now

Let the day surround you

You don't need a reason

Let the rain go on and on

What a day, what a day to take to
What a way, what a way to make it through
What a day, what a day to take to a wild child
Only take the time
From the helter skelter
Every day you find
Everything's in kilter
You don't need a reason
Let the day go on and on
Every summer sun
Every winter evening
Every spring to come
Every autumn leaving
You don't need a reason
Let it all go on and on
What a day, what a day to take to
What a way, what a way to make it through
What a day, what a day to take to a wild child
What a day, what a day to take to
What a way, what a way to make it through
What a day, what a day to take to a wild child
What a day, what a day to take to

What a way, what a way to make it through

Axel Adell: (Swedish Accent) Watch this one. SWEDEN STYLE NINJA ART: HERR MANNELIG!

Axel floated into the air and he sang the famous Swedish folk song Herr Mannelig.

Bittida en morgon innan solen upprann

Innan foglarna började sjunga

Bergatrollet friade till fager ungersven

Hon hade en falskeliger tunga

Herr Mannelig herr Mannelig trolofven i mig

För det jag bjuder så gerna

I kunnen väl svara endast ja eller nej

Om i viljen eller ej

Eder vill jag gifva de gångare tolf

Som gå uti rosendelunde

Aldrig har det varit någon sadel uppå dem

Ej heller betsel uti munnen

Herr Mannelig herr Mannelig trolofven i mig

För det jag bjuder så gerna

I kunnen väl svara endast ja eller nej

Om i viljen eller ej

Eder vill jag gifva de qvarnarna tolf

Som stå mellan Tillö och Ternö

Stenarna de äro af rödaste gull

Och hjulen silfverbeslagna

Herr Mannelig herr Mannelig trolofven i mig

För det jag bjuder så gerna

I kunnen väl svara endast ja eller nej

Om i viljen eller ej

Eder vill jag gifva ett förgyllande svärd

Som klingar utaf femton guldringar

Och strida huru I strida vill

Stridsplatsen skolen i väl vinna

Herr Mannelig herr Mannelig trolofven i mig

För det jag bjuder så gerna

I kunnen väl svara endast ja eller nej

Om i viljen eller ej

Eder vill jag gifva en skjorta så ny

Den bästa I lysten att slita

Inte är hon sömnad av nål eller trå

Men virkat av silket det hvita

Herr Mannelig herr Mannelig trolofven i mig

För det jag bjuder så gerna

I kunnen väl svara endast ja eller nej

Om i viljen eller ej

Sådana gåfvor jag toge väl emot

Om du vore en kristelig qvinna

Men nu så är du det värsta bergatroll

Af Neckens och djävulens stämma

Herr Mannelig herr Mannelig trolofven i mig

För det jag bjuder så gerna

I kunnen väl svara endast ja eller nej

Om i viljen eller ej

Bergatrollet ut på dörren sprang

Hon rister och jämrar sig svåra

Hade jag fått den fager ungersven

Så hade jag mistat min plåga

Herr Mannelig herr Mannelig trolofven i mig

För det jag bjuder så gerna

I kunnen väl svara endast ja eller nej

Om i viljen eller ej

Lea floated into the air and the beautiful lands of Ireland formed and they turned into the beautiful wives of King Henry VIII and he began singing the famous Celtic ballad Greensleeves.

Alas my love you do me wrong

To cast me off discourteously;

And I have loved you oh so long

Delighting in your company.

Greensleeves was my delight,

Greensleeves my heart of gold

Greensleeves was my heart of joy

And who but my lady Greensleeves.

I have been ready at your hand

To grant whatever thou would'st crave;

I have waged both life and land

Your love and goodwill for to have.

Greensleeves was my delight,

Greensleeves my heart of gold

Greensleeves was my heart of joy

And who but my lady Greensleeves.

Thy petticoat of slender white

With gold embroidered gorgeously;

Thy petticoat of silk and white

And these I bought gladly.

Greensleeves was my delight,

Greensleeves my heart of gold

Greensleeves was my heart of joy

And who but my lady Greensleeves.

He fired waves of energy and they slammed into Dark Eartha and exploded all over the place.

May floated into the air and a brutal ice storm and ferocious animals appeared as she sang Animal I Have Become by Three Days Grace.

I can't escape this hell

So many times I've tried

But I'm still caged inside

Somebody get me through this nightmare

I can't control myself

So what if you can see the darkest side of me?

No one would ever change this animal I have become

And help me believe it's not the real me

Somebody help me tame this animal

(This animal, this animal)

I can't escape myself

(I can't escape myself)

So many times I've lied

(So many times I've lied)

But there's still rage inside

Somebody get me through this nightmare

I can't control myself

So what if you can see the darkest side of me?

No one would ever change this animal I have become

And we believe it's not the real me

Somebody help me tame this animal I have become

And we believe it's not the real me

Somebody help me tame this animal

Somebody help me through this nightmare

I can't control myself

Somebody wake me from this nightmare

I can't escape this hell

(This animal, this animal, this animal

This animal, this animal, this animal, this animal)

So what if you can see the darkest side of me?

No one will ever change this animal I have become

And we believe it's not the real me

Somebody help me tame this animal I have become

And we believe it's not the real me

Somebody help me tame this animal

(This animal I have become)

Naruto: Awesome song!

Me: **Awesome is right bro.**

May: Thanks guys.

Me: **Here's one of my favorites. Watch this one. NIGHTMARE STYLE NINJA ART: GHOST RIDERS IN THE SKY!**

I floated into the air as fire and darkness formed and swirled around

me.

Me: **Lets Ride!**

The song Ghost Riders in the Sky by Spiderbait played.

An old cowboy went riding out one dark and windy day

Upon a ridge he rested as he went along his way

When all at once a mighty herd of red eyed cows he saw

A-plowing through the ragged sky and up the cloudy draw

Their brands were still on fire and their hooves were made of steel

Their horns were black and shiny and their hot breath he could feel

A bolt of fear went through him as they thundered through the sky

For he saw the riders coming hard and he heard their mournful cry

Yippie yi ooh

Yippie yi yay

Ghost riders in the sky

Their faces gaunt, their eyes were blurred, their shirts all soaked with sweat

He's riding hard to catch that herd, but he ain't caught 'em yet

'Cause they've got to ride forever on that range up in the sky

On horses snorting fire

As they ride on hear their cry

As the riders loped on by him he heard one call his name

If you want to save your soul from hell a-riding on our range

Then cowboy change your ways today or with us you will ride

Trying to catch the devil's herd, across these endless skies

Yippie yi ooh

Yippie yi yay

Ghost riders in the sky

Ghost riders in the sky

Ghost Riders in the sky

I fired waves of darkness and they formed into the Devil's herd of Cows and the waves of fire followed and it formed into the Ghost Riders, Forever Cursed to chase after the Devil's Herd. They fired waves of fire and darkness and blasted Dark Eartha all over the place with incredible power and fury.

Nico: My turn. NIGHTMARE STYLE NINJA ART: DOWN WITH THE SICKNESS!

Nico floated into the air and he was enveloped in an aura of darkness and he began to sing Down With the Sickness by Disturbed.

Can you feel that?

Ah, shit

Oh, ah, ah, ah, ah

Oh, ah, ah, ah, ah

oh, oh, oh, oh, oh, oh

Drowning deep in my sea of loathing

Broken your servant I kneel

(Will you give in to me?)

It seems what's left of my human side

Is slowly changing in me

(Will you give in to me?)

Looking at my own reflection

When suddenly it changes

Violently it changes (oh no)

There is no turning back now

You've woken up the demon in me

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Open up your hate, and let it flow into me

Get up, come on get down with the sickness

You mother get up come on get down with the sickness

You fucker get up come on get down with the sickness

Madness is the gift, that has been given to me

I can see inside you, the sickness is rising

Don't try to deny what you feel

(Will you give in to me?)

It seems that all that was good has died
And is decaying in me
(Will you give in to me?)
It seems you're having some trouble
In dealing with these changes
Living with these changes (oh no)
The world is a scary place
Now that you've woken up the demon in me
Get up, come on get down with the sickness
Get up, come on get down with the sickness
Get up, come on get down with the sickness
Open up your hate, and let it flow into me
Get up, come on get down with the sickness
You mother get up come on get down with the sickness
You fucker get up come on get down with the sickness
Madness is the gift, that has been given to me
No mommy, don't do it again
Don't do it again
I'll be a good boy
I'll be a good boy, I promise
No mommy don't hit me
Why did you have to hit me like that, mommy?

Don't do it, you're hurting me

Why did you have to be such a bitch

Why don't you

Why don't you just fuck off and die

Why can't you just fuck off and die

Why can't you just leave here and die

Never stick your hand in my face again bitch

Fuck you

I don't need this shit

You stupid sadistic abusive fucking whore

How would you like to see how it feels mommy

Here it comes, get ready to die

Oh, ah, ah, ah, ah

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Open up your hate, and let it flow into me

Get up, come on get down with the sickness

You mother get up come on get down with the sickness

You fucker get up come on get down with the sickness

# TORNADO CHASING POWER

IN MEMORY OF BILL PAXTON

---

In the Simulator, I was doing an exercise where I was facing Orochimaru and it was gonna be a powerful one. The Simulator activated and I found myself in the Land of Grass near the Tenchi Bridge.

I then sensed Naruto's energy building because of the 9-Tails Chakra. He was at 1 Tail of chakra.

Me: I better hurry.

I spread my wings and flew over and I landed by Naruto as he was enveloped in the 9-Tails Cloak. Naruto was really enraged.

Me: Calm yourself Naruto. You got to calm down and stay in control so you can face Orochimaru.

Orochimaru then came out and he had his face torn up.

I then flared up my fire aura.

Me: Still just as fucked up as ever Orochimaru. You have toyed with peoples lives for far too long and now you will pay with a one way trip to the Warp.

Orochimaru: I see you still are just as powerful as ever J.D. Knudson.

Me: I'm flattered that you still remember me even after all this time.

Orochimaru: Yes. You always were persistent in your quest for justice.

Me: Comes with the job description.

Orochimaru saw Captain Yamato.

Orochimaru: Now I see.

Orochimaru came up to us as the wind was blowing.

Orochimaru: That's why he was chosen to be your watch dog, yes? Seems some of my experiments came in handy after all. Honestly, the Leaf Village ought to be more grateful to me.

Me: To a fucked up lunatic out to destroy the very village he once called home? I think not.

Orochimaru: (Laughs) I see. But wouldn't you agree, my darling little test subject?

Me: Shut up you shithole.

Kabuto: Test subject? Who exactly is this guy?

Orochimaru put his hand on his face and it began healing itself.

Orochimaru: Years ago, when I still walked amongst the fools of the Hidden Leaf Village, I sought the power of the shinobi, who was not only the ultimate Wood Style Ninjutsu Master, but also the one person who had total control over Tailed Beasts, The First Hokage. (Laughs malevolently) I extracted some DNA samples from the First's remains and conducted an experiment, implanting genetic components into the cells of 60 worthy children. But their bodies violently rejected the treatment. They perished in rapid succession, one after another. Just as I was closing the book on the subject, someone stumbled onto one of my other experiments. I was forced to flee, leaving may laboratory exactly as it was. I thought all the subjects had succumbed. I never dreamd there'd be any survivors.

Me: Hm. Well at least a small portion of it succeeded. Because of you, you resurrected the Wood Style jutsu in Captain Yamato.

Orochimaru: Indeed.

Kabuto: How fascinating. We're looking at the end result of your work all those years ago. You can observe the fruits of your labor.

Orochimaru: There's no question he's intriguing. But I wonder more about Sasuke. He needs to stretch his wings. Maybe we can put his growth to the test by pitting him against J.D. Knudson here.

Me: I'm always up for a challenge and your delusional taunts won't work on me. Especially when dealing with a worthless fucksack like Sasuke. But first I'm going to destroy you Orochimaru.

I then flared up my power even more.

Me: Now you will face my ultimate power!

I then unleashed my full power as a massive vortex of fire exploded out and it shot high into the sky and formed into a massive phoenix of pure fire and a powerful cry was heard from all over. The people of the world of Shinobi felt the massive increase of power that I was emitting. The vortex faded and then I was in my full power Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix and I was ready for action and battle. The level of power and energy I was emitting was unbelievable.

Naruto, Sakura, Sai and Captain Yamato couldn't believe what they were seeing.

Naruto: Whoa! What power!

Sakura Haruno: His power is incredible!

Yamato: Unreal!

Me: (Divine Fiery Voice) **This is the power of a god. I'm going to make Orochimaru burn in Seven Hells for his crimes.**

I then took off faster than a bolt of lightning and punched him in the chest with incredibly devastating force and the punch went all the way through him and out his back and he belched up a huge amount of blood!

Me: **Your crimes against nature are completely unforgivable. You think you have the right to play God and turn all of the people who follow you into a bunch of fucked up mutant barbarian freaks of nature? I don't think so. You are nothing**

**more than a sad and fucked up megalomaniacal fuckpot that has absolutely no respect for the value of human life and the laws of nature at all. You fucking disgust me!**

Orochimaru was enraged.

Me: **You're now about to see that I can be just as merciless to anyone. Including you. I'm far more powerful than you ever will be and I am now going to make sure that you never get your hands on anyone else. Including the power of the Uchiha.**

Orochimaru: A bold statement from a weakling leader!

Me: **Hmm. Yes and a "Weakling" was the only kind of person you can handle. I remember that you were there in the Forest of Death during the Chunin Exams to see if that fuckpot Sasuke was enough for you to handle. But all you've encountered was the source of your downfall. And to think that you would lay claim to all of your followers. You thought that you would bind them to you with the Curse Mark. You had no idea the kind of Evil that Sasuke had. He made even the Masters of Evil quake with fear. He wanted revenge so badly that he would do anything to get it. Even hurt the very village he called home and even the people that lived there. They all feared him. You wanted his body right? But what you really wanted was the Sharingan. But how to get it? Itachi was out of the question. So you came after Sasuke, the fucked up lunatic runt of the clan. Isn't that right? And they say that you are the genius out of the 3 Legendary Sannin. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that I possess. I can destroy the entire universe in the mere blink of a cosmic eye. In fact, next to my kind of power and the power that Sasuke has, genius like yours looks pretty ordinary. The way you covet the power of the Uchiha, the way you fill yourself up with medicines and go leaping from body to body. It's downright fucking disgusting. As the most powerful fighter in the universe, all I see when I look at you is a fucked up miserable fuckweed and a megalomaniacal pedophilic wretch. And on top of that I hate your fucking style you ruthless fuckkicker! What is it that you are hoping to accomplish?**

**Scurrying from one hideout to the next, conducting your pathetic experiments, using up peoples lives one after the other, trying to unlock the mysteries of nature. You toy with peoples lives for the sake of this worthless, fucked up and disgusting, vain and ridiculous cause of yours. YOU FUCKING DISGUST ME!**

I headbutt him and kicked him in the face and sent him flying into the air and then I fired a blast of Hakai energy and obliterated him in an instant. Banishing him to the Warp for all eternity. But as a result, his soul was destroyed and his experiments were erased from existence forever.

Me: **Enjoy your pain in the Warp. Guys we're not done yet.**

Yamato: You killed Orochimaru like he was absolutely nothing!

Sakura Haruno: But how?

Me: **Because I am more powerful than I look. Naruto, you need to know this. But it's best if I take you and Sakura into your mind for this.**

Sakura Haruno: Okay.

Naruto: All right.

Me: **But first.**

I formed chakra draining vines and tied up Kabuto with them. They were as strong as Neutronium Metal and indestructible.

Naruto and Sakura held hands and I took them into Naruto's mind. We were in front of the the cage of the 9-Tails.

Me: **Now that we're here, you need to know about this.**

Sakura Haruno: What's going on?

Me: (Sighs) **Naruto has been harboring a lot of big secrets. And there a lot of questions that he needs answered. Minato, Kushina, I know you are both in here so come on out.**

In two flashes of light came Minato Namikaze - the 4th Hokage, and Kushina Uzumaki the Hidden Leaf's Crimson Tide.

Naruto and Sakura gasped in shock!

Minato: I'm impressed you knew we were here.

Kushina: Nice one you know.

Me: **Now Naruto, let me tell you what went down on the night of your birth and how.**

I went over everything that happened from Naruto's Birth and onward. It was a very dark and complicated story.

---

Naruto Uzumaki (うずまきナルト, Uzumaki Naruto) is a shinobi of Konohagakure's Uzumaki clan. He became the jinchūriki of the Nine-Tails on the day of his birth - a fate that caused him to be shunned by most of Konoha throughout his childhood. After joining Team Kakashi, Naruto worked hard to gain the village's acknowledgement all the while chasing his dream to become Hokage. In the following years, through many hardships and ordeals, he became a capable ninja regarded as a hero both by the villagers, and soon after, the rest of the world, becoming known as the Hero of the Hidden Leaf (木ノ葉隠れの英雄, Konohagakure no Eiyū, Literally meaning: Hero of the Hidden Tree Leaves). He soon proved to be one of the main factors in winning the Fourth Shinobi World War, leading him to achieve his dream and become the village's Seventh Hokage (七代目火影, Nanadaime Hokage, Literally meaning: Seventh Fire Shadow).

Naruto was born on the night of October 10th to Minato Namikaze (the Fourth Hokage) and Kushina Uzumaki (the second jinchūriki of the Nine-Tails). He was named after Naruto Musasabi, the protagonist of Jiraiya's first book, which made the Sannin his godfather. The Third Hokage made special arrangements for Minato to preserve Kushina's seal containing the Nine-Tails while she gave birth to Naruto in a remote location, escorted by midwives and Anbu. A masked man, Tobi, who is really Obito Uchiha, tracked down their location, however, killed the midwives and Anbu, and captured Naruto, forcing Minato to quickly rescue him and teleport him to a safe house.

With Minato gone, Tobi captured Kushina and released the Nine-Tails from her, using it to devastate Konoha. Minato saved Kushina and left Naruto in her care before he went to protect the village, eventually defeating Tobi and freeing the Nine-Tails from Tobi's control. Returning to Naruto and Kushina's location, Minato realised the only way to stop the Nine-Tails was to seal it within Naruto, believing that his son would someday need the fox's power to defeat Tobi when he returned. Since the Nine-Tails' chakra was too immense to be sealed into an infant, Minato sacrificed his soul to split the fox's chakra in half, sealing the Yin half within himself and the Yang half within Naruto. After telling Naruto how much they loved him, Minato and Kushina succumbed to their wounds from protecting their son from the Nine-Tails and passed away.

Orphaned, not having parents or anyone else to provide for him, Naruto received monthly income from the village in order to afford daily necessities. Naruto grew up not knowing who his parents were, receiving only his mother's surname, as Hiruzen wanted to protect Naruto from his father's enemies. Minato's dying wish that Naruto be regarded as a hero was honoured by the very few who could put aside their pain and losses caused by the disaster, while the majority of Konoha, however having no knowledge of the circumstances surrounding his birth, openly ostracized and resented Naruto for containing the beast that devastated the village and took many lives; some even viewed Naruto as the Nine-Tails itself. Soon, the Third Hokage forbade anyone from mentioning the Nine-Tails, hoping that the younger generation would not blindly hate Naruto as their parents did. However, Naruto's peers emulated their parents' hatred of him, despite not knowing why. This social isolation caused Naruto to crave acknowledgement, which he would gain by pulling pranks.

On the day of his enrollment in the Ninja Academy - Naruto first met Hinata Hyūga, who was being picked on by three bullies. Despite not knowing her, Naruto immediately came to her defence, but he was outnumbered and knocked unconscious, and the bullies damaged his red scarf. When Naruto awoke, Hinata thanked him for helping her and returned his scarf to him, but he let her keep it. He was unaware that the girl's growing affections for him began from that moment onwards.

In the Academy, Naruto became a student of Iruka Umino, who acted as a surrogate older brother to keep him in line and help him work harder. Naruto also met his class-mate Sasuke Uchiha and tried to befriend him, since he was alone as well. Jealous of Sasuke's skills and popularity, however, he developed a one-sided rivalry in his pursuit to prove himself just as good as, if not better than, Sasuke, wishing that someday, Sasuke would accept him as an equal. Naruto also grew close with the owner of Ramen Ichiraku, Teuchi and his daughter Ayame, being welcomed as their favorite customer.

Failing once again to graduate from the Academy, a disappointed Naruto is advised by one of his instructors, Mizuki, to steal the Scroll of Seals and learn a technique from it in order to graduate. As Naruto struggled to learn the Shadow Clone Technique, Iruka Umino tracked him down and realised that Naruto was tricked by Mizuki into stealing the scroll. Mizuki attacked them and told Naruto about the Nine-Tails sealed within him, claiming that Iruka hated him because of it. When Iruka risked his life to protect Naruto, however, he saw through Mizuki's lies and used the Multiple Shadow Clone Technique to defeat him, prompting Iruka to happily grant Naruto his graduation from the Academy. Naruto would later befriend Konohamaru Sarutobi, grandson of the Third Hokage, and teach him several perverted or useful techniques.

Naruto was eventually assigned to Team 7, partnered with Sasuke Uchiha and Sakura Haruno under the leadership of Kakashi Hatake. During their first meeting, Naruto shared his love of ramen, his hobbies, and his dream to become Hokage. To test their qualifications, Kakashi gave the team a bell test, stating that whichever of the three takes one of the two bells on his person will officially become genin. Instead of hiding like Sakura and Sasuke, Naruto tried to take the bells from Kakashi by force, only to be easily defeated, hung upside-down from a tree and tied to a wooden post in an attempt to steal lunch. After Sakura and Sasuke fail as well, Kakashi explains that the goal of the test was to use teamwork, to do together what none of them could do by themselves. He is persuaded to allow them to try again after lunch, but instructs Sasuke and Sakura not to feed Naruto. They feed him anyway, needing him in top-form if they're to work together. Kakashi sees this and, because they care more about the team than listening to his instructions, allows them all to pass.

After a series of uneventful D-rank missions, Naruto is able to secure a C-rank mission for Team 7: escorting Tazuna to the Land of Waves. Soon after leaving Konoha, they are attacked by the Demon Brothers. Naruto is paralysed with fear, forcing Sasuke to step in to disarm them and protect Tazuna until Kakashi can capture them. Tazuna confesses that assassins have been hired to kill him but that he couldn't afford the bodyguard detail he needs. Although the mission is now A-rank in nature - far beyond the skill of genin - Team 7 decides to continue with it. Angered by Sasuke's taunting of him, Naruto cuts his hand to bleed out the poison he received earlier, vowing to never waver again. When they arrive in the Land of Waves and are confronted by Zabuza Momochi, Naruto is overwhelmed by the battle between Kakashi and Zabuza before he is knocked aside by Zabuza's water clone. Remembering his vow, Naruto regained his confidence and teamed up with Sasuke to free Kakashi from Zabuza's Water Prison. In the end, Zabuza is seemingly killed by Haku, allowing Team 7 to escort Tazuna back to his house.

Kakashi finds Zabuza's death suspicious and decides to train the team in case he returns. He has them perform the Tree Climbing Practice to improve their chakra control, which will help them against Zabuza. Naruto becomes frustrated after several failures and asks for advice from Sakura, who herself mastered it from the start. Now rapidly improving, Naruto competes with Sasuke to finish the training, each determined to outdo the other. One day, Naruto encounters Haku (albeit unaware of his true identity) and they each discussed their dreams and desire to protect those precious to them. After Haku leaves, Naruto finishes the training with Sasuke but is left exhausted, so Team 7 leaves him behind the next morning as they resume their escort duties. Naruto awakens and arrives to assist Team 7 in fighting Zabuza and Haku, but, unaware of how Haku's

Demonic Mirroring Ice Crystals work, he joins Sasuke within the prison.

Naruto cannot break free with his shadow clones and Sasuke cannot melt the ice with his fire. As Haku moves in to kill Naruto, Sasuke uses his body as a shield to protect Naruto and seemingly dies. Enraged by Sasuke's apparent death, Naruto unwittingly accesses the Nine-Tails' chakra for the first time, allowing him to destroy the ice mirrors and defeat Haku, breaking his mask. Realising his opponent was the boy he met before, Naruto calms himself. He is asked by Haku to kill him, since he feels of no further use to Zabuza. Before Naruto can do so, Haku immediately stops him and goes off to save Zabuza from being killed by Kakashi, sacrificing his own life. When Zabuza refuses to appreciate this, Naruto angrily scolds him, stating that Haku gave up his life to save someone precious to him. Touched by his words, Zabuza, using Naruto's kunai, killed Gatō and many of his henchmen before he himself dies. Sasuke soon awakens, and when their injuries heal, Team 7 leaves for home via Tazuna's newly-constructed Great Naruto Bridge.

Team 7 resumes its series of unremarkable missions. For their performance in the Land of Waves, however, Kakashi decides to enter them in the Chūnin Exams taking place in Konoha, which greatly excites Naruto. Because they've only recently graduated from the Academy, the three feel they must give strong showings to prove themselves. When they enter the exam hall, the team is met by Rock Lee, who challenges Sasuke to a fight; Naruto tries to attack Lee in jealousy, but is easily swept aside. The fight is interrupted by Might Guy, after which Naruto notes that the bandages around Lee's arms signify his arduous taijutsu training.

During the exam's first stage, the participating genin are given a written test, the goal of which is to cheat without getting caught. Unaware of this, Naruto struggles to answer the questions, so Hinata Hyūga, who is seated next to him, offers to let him to copy off her paper. Despite the temptation, Naruto declined Hinata's offer, claiming that he isn't the type to cheat and that they might be disqualified if they are caught. Before the tenth question can be given, the genin are presented with the opportunity to forfeit; Naruto refuses to do so, declaring his refusal to give up and his goal to still become Hokage. His determination to face the tenth question despite the potential consequences inspires the rest of the genin to do the same, and so they pass the first stage. It is later noted that he was the only one to hand in a blank sheet, though this did not prevent him from passing.

For the second phase, teams enter the Forest of Death with the objective of obtaining a set of two scrolls, one of which they are given at the start. Naruto becomes separated from his team and is attacked and swallowed by a giant snake. He manages to kill it and regroups with his frightened teammates against Orochimaru. Angered by Sasuke's sudden cowardice and resignation, Naruto engages Orochimaru using the Nine-Tails' chakra, defeats his giant snake, and taunts Sasuke before Orochimaru suppresses the Nine-Tails' chakra, rendering Naruto unconscious. After he awakens, Team 7 continues its search for the second scroll, which they eventually gain by defeating Team Oboro, allowing them to pass the second stage.

In the preliminary matches of the exam, Naruto was pitted against Kiba Inuzuka and his dog, Akamaru. Believing the match to be an easy victory, Kiba and Akamaru overwhelmed Naruto with many high-speed attacks, so Naruto tricks Kiba into knocking Akamaru out of the fight by using the Transformation Technique, shocking all spectators. Naruto then disorients Kiba by farting in his face and defeats him with the Naruto Uzumaki Combo (which he invented from watching Sasuke's Lion Combo). When Neji and Hinata's match begins, Naruto is enraged by Neji's ruthless tirade against Hinata and cheers Hinata on to defeat Neji. Although Hinata is defeated, Naruto wipes up her blood and vows to defeat Neji in the finals.

During the month of training, Naruto first meets Jiraiya (who knocked out Ebisu, Naruto's original teacher) and trains under the Sannin to improve his chakra control. Recognising Naruto as the Nine-Tails' jinchūriki, Jiraiya removes the seal Orochimaru had placed on Naruto to ease his control and begins teaching him how to use the Nine-Tails' power by summoning toads. To accelerate Naruto's slow progress, Jiraiya pushes him over a cliff, causing

Naruto to enter his subconscious and meet the Nine-Tails. Working past his fear, he bravely demands chakra from it as "rent" for living in his body. The Nine-Tails complies and Naruto summons Gamabunta, though he exhausts himself and ends up in the hospital, where he is visited by Shikamaru Nara. After talking, he and Naruto stop Gaara from killing Rock Lee in the next room and listen to Gaara's story of his childhood, which Naruto finds very similar to his own. Gaara prepares to kill them, but Might Guy intervenes and forces Gaara to retreat. On the day of the finals, Naruto meets Hinata at the Third Training Ground and expresses his doubts about his upcoming match with Neji. Hinata reassures Naruto that he never gave up because he always had the strength to overcome his own failures, admiring him for it. Reinvigorated, Naruto thanks Hinata and tells her even though he first thought she was weird, he now likes her.

Facing Neji in the first match of the finals, Naruto began by creating shadow clones to overwhelm Neji's with sheer numbers. Deeming Naruto a failure who could never defeat a genius like himself, Neji easily defeats Naruto's clones and seals his chakra with Eight Trigrams Sixty-Four Palms. Determined to prove Neji's ideals about fate wrong, Naruto tapped into the Nine-Tails' chakra and, revitalised, clashed with Neji. When the smoke cleared, Neji emerges and Naruto lies defeated. This, however, was only a shadow clone, and the real Naruto burst from the ground beneath Neji, defeating him with an uppercut. Before he is declared the winner, Naruto tells Neji that creating clones was once his shortcoming and that Neji needs to stop believing in inescapable fate. When Sasuke finally arrives for his match with Gaara, Naruto is envious of Sasuke's improvements, but is later put to sleep along with most of the audience, commencing the Konoha Crush.

Sakura wakes up Naruto so they can pursue Sasuke, who was pursuing Gaara himself. They arrive in time for Naruto to kick Gaara away before he can kill Sasuke. Partially transformed into Shukaku, Gaara knocks Sakura unconscious and binds her to a tree, forcing Naruto to battle him, with little success. Naruto relates to Gaara's painful life as a jinchūriki, but he is not willing to let anything to happen to Sakura and Sasuke. Determined to protect his friends, Naruto creates an army of shadow clones to relentlessly batter

Gaara, forcing him to fully transform into Shukaku, to which Naruto responds by summoning Gamabunta.

Gaara puts himself to sleep to give control of his body to Shukaku, forcing Naruto and Gamabunta to figure out a way to end the jutsu. They do so by transforming into a giant fox (the Nine-Tails in the anime) to restrain Shukaku, allowing Naruto to awaken Gaara with a solid punch to the face. Shukaku's influence disappears, but Gaara regains control and traps Naruto with his sand. Naruto escapes by tapping into the Nine-Tails' chakra, and headbutts Gaara when he is close enough, destroying Shukaku's form. Exhausted from the fight, the two leap at each other for one final exchange, and Naruto punches Gaara, claiming victory.

Naruto and Gaara fall to the ground, unable to move. Slowly crawling towards Gaara, Naruto explained that he also suffered a painful and lonely life, but was later saved by having friends. To that end, he will do anything to protect them, even if it means killing Gaara. Understanding Naruto's true strength, Gaara retreated with Kankurō and Temari with a new outlook on life, while Naruto passes out from exhaustion and is returned to Konoha with Sasuke and a rescued Sakura. A few days later, Team 7 attends the Third Hokage's funeral.

Jiraiya is tasked with finding Tsunade, a candidate for Fifth Hokage, and convinces Naruto to accompany him by promising to teach him a technique stronger than Sasuke's Chidori. Stopping at an inn in Shukuba Town, Naruto was approached by Kisame Hoshigaki and Itachi Uchiha of Akatsuki, who intend to capture the Nine-Tails. When Sasuke shows up and furiously attacks Itachi, Naruto gathers the Nine-Tails' chakra to help Sasuke, but it is absorbed by Kisame's Samehada. Jiraiya soon arrives and drives off Itachi and Kisame, but Sasuke is left mentally and physically damaged by Itachi. Might Guy appears and takes Sasuke back to Konoha, but not before giving Naruto a spare green jumpsuit.

To prepare for the next encounter with Akatsuki, Naruto begins learning the Rasengan, completing two of its three learning steps. Taking a break from training, Naruto and Jiraiya eventually found Tsunade and her assistant Shizune at a restaurant. When Tsunade refuses the offer to become Hokage and insults all who held the title, an angry Naruto challenged her to a fight and attacked her with an incomplete Rasengan, only to be easily defeated. Impressed by his progress, however, Tsunade makes a bet with Naruto: if he can master the Rasengan in a week, he gets the First Hokage's Necklace; if not, she gets his wallet. Naruto agreed and spent the week trying to perfect the Rasengan, but has no success and collapses from exhaustion. Once he recovers, Naruto heads out with Jiraiya and Shizune to stop Tsunade from meeting with Orochimaru.

They arrive to see Tsunade, who never intended to aid Orochimaru, in the midst of battle with Kabuto Yakushi. When Tsunade is incapacitated, Naruto fights Kabuto in her place and eventually defeats him with a perfected Rasengan, which he formed by using a shadow clone. Naruto collapses almost immediately afterwards, his heart muscles torn by Kabuto, but Tsunade successfully manages to heal him, gives him the necklace he wins, and accepts the position of Hokage. After Orochimaru and Kabuto are defeated, Naruto and the others return to Konoha, Tsunade confidently believing Naruto would someday become a great Hokage.

Naruto visits a recovering Sasuke at the hospital, but is immediately challenged to a fight, to which Naruto eventually agrees. The fight escalates quickly, culminating with Naruto using Rasengan and Sasuke using Chidori. Kakashi arrives and deflects their attacks into opposing water towers before they can clash, Naruto unknowingly doing more damage than Sasuke. Distressed by Sasuke's behaviour, Sakura informs Naruto of the cursed seal Sasuke received from Orochimaru, though Naruto assures Sakura that Sasuke would never abandon Konoha for power. Unfortunately, Sasuke does just that and Naruto joins the Sasuke Recovery Team in order to bring him back; he promises a tearful Sakura to do so before he leaves. En route to Sasuke, the team encounters members of the Sound Four, each of which battles a member of the recovery team, while Naruto engages Kimimaro. Overwhelmed by Kimimaro's taijutsu skills, Naruto is saved at the last minute by Rock Lee, who volunteers to fight Kimimaro while Naruto heads after Sasuke.

Naruto finally meets Sasuke at the Valley of the End. His pleas for Sasuke to come back to Konoha and warnings that Orochimaru will take his body fall on deaf ears. Naruto starts attacking him, ready to take him back to Konoha by force if necessary. Undeterred, Sasuke responds by tapping into his cursed seal and landing a series of heavy blows on Naruto. It becomes painfully clear to Naruto that Sasuke is fighting with an intent to kill, so Naruto utilises the Nine-Tails' chakra to overpower Sasuke. Naruto says that Sasuke is like a brother to him and that he will do anything to protect that bond. Sasuke vows to sever that bond, but acknowledges Naruto as an equal by putting on his forehead protector. They continue trading blows, with Naruto eventually manifesting a fox-shaped cloak and Sasuke entering his cursed seal's second level. Naruto clashes his Rasengan with Sasuke's Chidori, and within the dome of resulting energy they trade final blows: Sasuke punches Naruto and Naruto scratches Sasuke's forehead protector.

When the energy dissipates, Naruto lies defeated, but Sasuke spares him and continues his way to Orochimaru, leaving his scratched forehead protector behind. Kakashi and Pakkun arrive late and failing to retrieve Sasuke, leave with Naruto. In the hospital, Naruto once again promises Sakura to bring Sasuke back one day. Soon after, Jiraiya arrived with an offer to train Naruto for preparation against Orochimaru and Akatsuki in three years and to give up on Sasuke, as he is no different from Orochimaru. Naruto accepts Jiraiya's training, but refuses to give up on Sasuke, satisfying Jiraiya.

As in the manga, Naruto later departs with Jiraiya to begin his two and a half years of training, after making a determined gesture at the Fourth Hokage's statue. In the anime, this does not happen until about 3 months later as Jiraiya was occupied with important intel gathering about Akatsuki for Konohagakure. During the waiting period, Tsunade gives Naruto several missions with members of the Konoha 11 to keep him busy.

In the anime, shortly after leaving Konoha, Jiraiya and Naruto discuss the fact that Naruto will need to learn how to counter genjutsu if he hopes to be a match against Sasuke the next time they meet. Naruto practises with Gamariki to dispel genjutsu, but he struggles with it and his chakra keeps hitting Gamariki, who doesn't appreciate it. Naruto follows Jiraiya to the Genjutsu Tree Village to try a different approach, but they discover the village has been taken over by Kandachi. They free the villagers and then attack Kandachi, who Naruto eventually defeats with his newly-created Big Ball Rasengan. As they leave afterwards, Jiraiya is pleased by how similar Naruto is to Minato Namikaze and hugs him, which Naruto is bothered by.

Two years into their training, Naruto's control of the Nine-Tails' chakra has improved significantly. Jiraiya tries to give him more access to the Nine-Tails' power and uses Gerotora to weaken Naruto's Eight Trigrams Sealing Style. Seizing the opportunity, the Nine-Tails mocked Naruto for his inability to save Sasuke, using Naruto's negative emotions to force him to enter a version 2 form with four tails. Not in control of his body, Naruto attacks Jiraiya and nearly kills him before he manages to suppress the Nine-Tails. Naruto has no memory of what happened and Jiraiya doesn't tell him, instead shifting Naruto's training to other pursuits, including keeping his anger in check so that the Nine-Tails won't flare up again.

Naruto and Jiraiya return to Konoha after two-and-a-half years of training, where Naruto becomes surprised by Tsunade's newly-formed statue on Hokage Rock. He greets his old friends afterwards: he gives Kakashi a copy of Icha Icha Tactics as a gift; he catches up with Sakura, whom he has become taller than; he gets back into a competition of Sexy Techniques with Konohamaru Sarutobi, only to be violently reprimanded by Sakura. Kakashi reforms Team 7 with them and gives them another bell test, but unlike last time, taking the bells from him is the real objective. As with last time, Naruto launches a first attack before the test officially begins, but this time it nearly succeeds. Despite their improved abilities, Naruto and Sakura were still unable to get a bell through conventional means, and it was only by Naruto's threat to spoil the latest Icha Icha novel that they distracted Kakashi long enough to take the bells.

While Team 7 tries without success to find a mission to go on that Naruto won't complain about, word reaches Konoha that Akatsuki has kidnapped Gaara, the Kazekage. Team 7 is sent to Sunagakure to assist in rescuing Gaara. On their way to Suna, Naruto explains that Gaara was kidnapped because he is the jinchūriki of the One-

Tail, just as Naruto is the jinchūriki of the Nine-Tails. Upon arrival in Suna, Naruto defends Kakashi from Chiyo's assault when she mistakes him for his father. Team 7 gathers what intel they can on Gaara's kidnappers and leave to go after them; Chiyo volunteers to escort them since they aren't familiar with the country around Suna. Naruto promises a recovering Kankurō to rescue Gaara before they leave.

While en route to an Akatsuki lair, they are confronted by Itachi Uchiha, who traps Naruto in a genjutsu. Sakura and Chiyo release him, allowing Naruto to team up with Kakashi and defeat Itachi with a Big Ball Rasengan. The Itachi is discovered to be an impostor, so they continue to the Akatsuki lair, meeting up with Team Guy, who takes down the barrier over the entrance so that Team 7 can get in. They find Gaara's body finds with his kidnappers, Deidara and Sasori. Deidara flies off with Gaara's body with Naruto and Kakashi in pursuit, leaving Sasori to Chiyo and Sakura. Naruto, enraged, makes repeated failed attempts to rescue Gaara before he is calmed by Kakashi, who uses his new Mangekyō Sharingan to distract Deidara with Kamui. Naruto retrieves Gaara's body, but seeing it drives him over the edge: he furiously attacks Deidara and beats him mercilessly into the ground. Discovering that it was a Clay Clone, Naruto slips into his two-tailed form in rage, but is restored to normal by Kakashi via the Chakra-Suppressing Seal.

Deidara escapes, while Naruto and Kakashi regroup with Sakura, Chiyo, and Team Guy. Sakura attempts to revive Gaara, but the removal of Shukaku has caused him to die. Naruto breaks down in tears and angrily lashes out at Chiyo, saying she had no right to make Gaara not only a jinchūriki, but also lose his life because of it. As atonement and with Naruto's aid, Chiyo sacrifices her life to revive Gaara; as the jutsu nears completion, Chiyo voices her faith in Naruto's ability to save Gaara and to become Hokage. Naruto greets Gaara when he awakens, and a few days later, Teams 7 and Guy attend Chiyo's funeral in Suna. Before returning home, Naruto and Gaara shake hands (Gaara using his sand) as a sign to their close relationship.

During her fight with Sasori, Sakura learned of an opportunity to meet with a spy in Orochimaru's ranks in a few days' time, hoping it will lead them to Sasuke. Kakashi is left bedridden from his fight with Deidara, so Yamato leads Team 7 as his replacement. Replacing Sasuke on the team is Sai, whom Naruto actually encounters earlier and dislikes, declaring him an inferior version of Sasuke. Sai is happy for this distinction and proceeds to degrade Sasuke for defecting from Konoha, forcing Yamato to use his Wood Release to break up their fight. Naruto is constantly exasperated by Sai's lack of empathy and his ridicule of Sasuke, but resolves to work with Sai if it means saving Sasuke.

Yamato disguises himself as Sasori and goes to the Tenchi Bridge to meet the spy while Naruto, Sakura, and Sai hide nearby. The spy, Kabuto Yakushi, begins telling Yamato about Orochimaru's organisation, but they are interrupted by the arrival of Orochimaru, who teams up with Kabuto to fight Yamato, having intended to kill Sasori. Team 7 comes to his aid and Orochimaru, recognising them, taunts Naruto about Sasuke.

* * *

Minato, Kushina, Naruto and Sakura gasped in sheer shock and horror about what happened over the course of the last 16 years.

Me: **That's everything that happened up to this point.**

Minato: So Obito is still alive!?

Me: **Yes and he was responsible for unleashing Kurama the 9-Tailed Fox to attack the village against his will.**

Kurama: J.D. is right Minato. Obito made me attack the village the village after extracting me from Kushina.

Me: **Yeah. And the Civilian Council and Elders only added more fuel to the fire. They are to blame for everything that happened over Naruto's life.**

I went over all of their corruption and what happened over the years because of them and it was awful.

Minato: I put too much faith in the village.

Kushina: I knew that Danzō was pure evil! He can't be trusted ever!

Me: **No he can't. He will do anything he can to become Hokage, even destroy the entire planet. But yeah. It was all because of the Civilian Council and the Elders. They took too much power from the Hokage and filled everyone's heads with lies. Because of them they filled everyone with hatred over Naruto and they forced them to want nothing more than to kill Naruto and mount his head on a pike. Bunch of fucking assholes.**

Sakura then broke down crying and then she hugged Naruto.

Sakura Haruno: (Crying hard) NARUTO! I'M SO SORRY! I'M SO SORRY I WAS SUCH A BITCH TO YOU! I DIDN'T KNOW YOU WERE GOING THROUGH ALL THIS!

Naruto: It's all right Sakura. I have forgiven you long ago.

Sakura Haruno: (Crying hard)

Me: **Minato, Kushina, how would you two like to be brought back to life and help set the entire village straight?**

Minato: We would like that J.D.

Me: **Awesome. But we're on a mission right now. We have one loose end to tie up.**

We left Naruto's mind and I snapped my fingers and brought Minato and Kushina back to life.

Kushina: We're back!

Minato: We sure are.

Me: **Now we have to make sure that Sasuke Uchiha is brought to justice. Follow me everyone. I know where he is.**

We brought Kabuto with us and we went to Orochimaru's hideout which was underneath the ground. Yamato dug and we found a brick wall and Yamato dug through it and we were inside Orochimaru's hideout.

Me: **We're in. I sense Sasuke's energy. Lets go.**

We went down the hall and in the main room was SASUKE UCHIHA!

Evil Sasuke: I thought I recognized that chakra signal. Its been a while Naruto.

Naruto: Sasuke. It has been a while. You're looking good for a snake's boy toy.

Me: **We didn't come to talk Sasuke, we came to fight so we can bring you back to the village to face punishment.**

Evil Sasuke: I told you all, I'm not going back.

Me: **Oh you don't have a choice.**

I flared up my aura and flew at him and slashed his eyes with my sword and he screamed in excruciating pain. Destroying his Sharingan and permanently blinding him. We tied him up and Sakura took his sword and kept it.

Sakura: I don't know what I ever saw in you Sasuke.

Naruto: Now you will pay for your crimes.

Kushina: Hard to imagine that you grew up from that little baby I saw in Mikoto's arms.

Me: **Now lets head back.**

I used Instant Transmission and we beamed back to the Leaf Village and we arrived at the administration building of the Hokage. In the Hokage's office, Lady Tsunade saw us all there and she was flabbergasted in seeing Minato and Kushina back from the dead and more. We went over everything that happened and more and she was shocked beyond all words and more.

Lady Tsunade: Incredible.

Shizune: Hard to imagine.

Lady Tsunade: Great job everyone. Now we have seen the last of Orochimaru and Sasuke will face trial for his crimes.

Naruto: And mom and dad here will make sure that the council gets straightened out.

Lady Tsunade: Indeed.

Me: **Danzō and his cronies will not get away from the law. And Sasuke will be punished accordingly and it's time for him to realize that no matter who you are, where you're from or what clan you are apart of no matter how prestigious it is, that you can't do whatever you want in the village. No exceptions.**

Lady Tsunade: Well said J.D.

We got to work on correcting everything and with the help of the Fire Daimyo we brought an end to the corruption of the village and exposed a lot of terrible secrets caused by the Elders and even the Uchiha except for Mikoto and Itachi, and even Danzō and what they were was nothing short of horrible. We then executed the corrupt elders and the Civilian Council. And Sasuke Uchiha was executed and I hakaied them and banished them to the Warp.

I merged the world of Shinobi with our world and I left the Simulator and everyone cheered wildly for me.

---

Later at the Jupiter Prison, we were there for another awesome rant session with the most hated person in the world: Icky Vicky.

Jessie (Pokemon): Another fun day of ranting at Icky Vicky.

Me: Yep.

Dark Spicer and some of the Masters of Evil were there too.

Anko Mitarashi: (to Dark Spicer) Hey, Dark. I see you brought Shiv, Snake, Electro, Firefly, and Robo Blaze to the rant fest as well.

Dark Spicer: I sure did.

Nico: This is gonna be awesome.

First we went to Man Boy's cell.

Skywarp: Good news, Manboy. You're gonna be getting out soon.

Manboy: Really? Have I even served my full prison sentence yet?

Me: In a way you have. You are also going to be joining the Masters of Evil when you get out.

Manboy: Cool! It'll be good to get back out in the fray again and be one of your frenemies.

Laney: Awesome.

Man Boy: After Vypra eventually gets me out, I'd like to do a rant on Icky Vicky.

Skydive: That can be arranged.

Me: Yeah!

Witchy Simone: I'll do one first.

Me: Ladies first.

Witchy Simone: How gentlemanly.

She went up to Icky Vicky's cell.

Vicky: Well you look like you got something to say to me Squirt!

Witchy Simone: WHAT THE FUCK DID YOU JUST CALL ME!?

Witchy Simone fired a wave of magic and it hit Icky Vicky's red hair and set her hair on fire and burned her all over.

Me: Whoa! That was intense.

Prohyas: Yeah Simone hates being called Squirt and she flips out whenever she gets called that.

Me: Whoa.

I pulled out my Taboo Notepad and wrote down "Witchy Simone - Squirt".

Me: There.

Nico: Good.

Dark Spicer: My turn.

Dark Spicer went up to her.

Dark Spicer: Here's your warning: I FUCKED AROUND WITH YOUR EVIL MOTHER!

Everyone: OOOOOOOOOOHHHH!

Nico: SICK BURN!

Anko: My turn.

Anko went up to her.

Anko: YOU ARE SO STUPID AND FUCKING UGLY THAT YOU MAKE OROCHIMARU COWER IN FEAR! I WOULD RATHER BITE OFF HIS HEAD AND THROW IT IN A POOL OF ACID THAN HAVE YOU AS A BABYSITTER!

We cheered for her.

Me: Nice one Anko-sensei.

We later went back to Earth.

* * *

Later, the Camera then shows a weather satellite. The picture of the earth turns into a weather map in the radar room of the National Severe Storm Laboratory, or NSSL.

RADIO: At 7:00 a.m. in Oklahoma City, the temperature is 75 degrees. Across the state, skies are partly cloudy, the dryline higher over western Oklahoma. Satellite pictures indicate thunderstorms developing…

Murphy: Bryce, take a look. {Holding a picture to her} Caps are starting to break.

Bryce: All the models are forecasting lifted indexes from minus six to minus ten.

Murphy: You know if these cells keep building like this we could have a record outbreak of tornadoes. {Eats a doughnut.}

Bryce: This is gonna be a long day.

{Energetic bluegrass music starts. Camera on a red Dodge Ram truck bouncing down a dirt road between fields of wheat and an occasional oil drill. A crop duster flies over. Inside is BILL HARDING, and his fiancé, MELISSA.}

Melissa: Um, honey, are you sure she's gonna be here?

Bill: If I know Jo, she's already dragged her entire department into the field. Ah, hell, a day like today, it's to be expected. She forgets everything except her work.

Melissa: You're nervous about seeing her, aren't you?

Bill: Nervous? No. Why, do I look nervous?

Melissa: No. Well, yeah you do, a little.

Bill: I just want to get it over with.

Melissa: But she said she signed the papers, right?

Bill: That's what she said.

Melissa: You don't think so?

Bill: No, I think so. Give me a kiss. {They kiss.}

{Camera over to JO HARDING on top of a blue van, wiring the Doppler radar. With her on her team are: DUSTY, RABBIT, BELTZER, HAYNES, SANDERS, LAURENCE, PREACHER, and JOEY. We hear music in background {Start music ("Talula")}.

We all were with her and her group to help her out.

Me: These storms are building really nicely Jo.

Nico: They sure are.

Beltzer: {Inside Van, tapping on roof} Okay professor, hang on there, I think I fixed it. I've got it. {Jo tries turning on the Doppler radar dish, sparks fly}. Oops.

Jo: {Frustrated} Oh, fuck! This thing is useless!

Beltzer: Sorry, Jo. {Suddenly it works.}

Me: You all right Jo?

Jo: Yeah. Wait, wait, wait. Beltzer! {Bangs roof with foot} That's good. Give me a reading!

Beltzer: {Getting out of van} Okay, boss lady, hold your horses. {Goes over to a lap top connected to the Doppler} Which way do you want it, Jo?

Jo: Looks like the dryline has stalled. Give me a sector scan west, northwest, look at mid-levels for rotation and increase the PRF.

Me: The storm is now at about 35 to 45,000 feet high and getting stronger.

Naruto: Looks like we're in for a lot of tornadoes.

Goku: Yeah.

Fu: This is gonna be awesome.

{Camera over to Dusty. He's in his bus, watching music videos along with the weather forecasts, singing the songs, and broadcasting them outside through a speaker on the roof.}

Dusty: {Singing} If I mistreat you girl, sho' don't mean no harm…

{Camera over to Rabbit and Laurence}

Rabbit: All I'm saying is don't fold the maps!

Laurence: I didn't fold the map!

Rabbit: Yeah, well Kansas is a mess, there's a big crease right through Wichita- {Demonstrating} Roll the maps.

Laney: Lay off the guy Rabbit. I can fix it.

Laney fixed his maps for him.

Rabbit: Thanks Laney.

{Bill and Melissa drive up.}

Bill: What do you know, the storm chasers. {Gets out of truck. Dusty, Rabbit, and Sanders run up.}

Rabbit: Hey, I don't believe it!

Joey: Who is that handsome devil!?

Bill: Gentleman.

Dusty: {Goofy, Playful} The Extreme! IT'S THE EXTREME! {Laughs}

Bill: Oh man, don't start that shit! {Also laughs}

Me: Hey Bill! Welcome back man.

Bill: Been a while J.D.

Me: It sure has.

I went over and hugged him.

Nico: How do you know Bill?

Me: I was a tornado chaser with him.

Dusty: Oh manly hand shakin' Zeus. How you doin', man?

Bill: Doin' great, doin' great.

Dusty: {Still laughing} Oh bad!

Bill: Dusty, I'd like you to meet Melissa. {She walks over} Melissa, this is Dusty and this is J.D. Dustman and Firewing's been chasing with us ever since we started. {They shake hands.}

Me: Pleasure to meet you Melissa.

Melissa: Same to you J.D. I have heard so much about you and all of your awesome adventures.

Me: Not surprising.

Bill: Listen man, where's Jo?

Dusty: She's over by Doppler. Broke down again, running out of grant money.

Me: Good thing I have plenty of money for us.

Bill: {To Melissa} Honey, why don't you hang out here for a little while, I'll- I'll be right back.

Melissa: Okay.

{Start music ("Darlin' Pretty")}

Bill: Dusty, why don't you explain to Melissa… why you are the way you are! {They exchange ridiculous faces and laugh.}

Me: Good to have you back Bill.

Bill: I'm not back but thank you.

Dusty: {Dusty takes Melissa's hand.} Come on. Man. Jo's gonna wig when she sees he's back. {Bill walks over to where Jo is, however being stopped by everyone else. Bill's come back!}

Bill: {Hearing Dusty's comment} I'm not back.

Preacher: {Coming up to Bill} The prodigal son returns!

Lola: So he's Bill Harding.

Preacher: That's him.

{Bill walks by. He passes by Joey, who's holding a weather instrument and writing down data on a clipboard. Bill pats his shoulder.}

Bill: Hiya, Joey.

Joey: {Surprised} Hey, Bill.

{Bill walks up to the van. There's a rumble of thunder. Jo is standing on the top.}

Bill: {Looking up at her} Hiya, Jo.

Jo: {Not a bit surprised} Hey, Bill. I'm happy you found us.

Bill: How you doin'?

Jo: {Looks at Bill, then at sky} It's goin' good. You see the sky today?

Bill: Yeah, she's, uh,- she's really talking.

Jo: {Tossing him a cord} Catch. {Bill gives Jo an annoyed look as Jo jumps off the van.} It's the biggest series of storms in 12 years. One lined up right after another. And NSSL says they've never seen anything like it.

Vince: Yeah. Really big series of storms.

Bill: {Not really interested in what Jo is saying} Is that right? So, Jo, about the divorce papers-

Lawrence: Hey, Jo? Come here a second!

Jo: Oops. {She goes over to Lawrence.}

Bill: Oh. Yeah, yeah sure. {Annoyed that Jo's barely listening to him.}

{As Bill walks by, he gets noticed again.}

Beltzer: Hi, Bill.

Haynes: Hey, Bill!

Bill: Hey.

Lawrence: {To Jo, holding a camera} Hey, you know, this thing's acting up again, this thing-

Jo: Focus mount's jammed. There's grass in the auto-focus, did you check this? You have to check it. {Blows grass out.}

Lawrence: I'll check it- you want me to clean it out?

Jo: Not unless you want to sketch the tornadoes. {Going back to lap top.}

Me: And trust me that is hard.

Laurence: Hey, welcome back, Bill.

Bill: I'm not back.

Jo: {Wiring the lap top while talking} So, you want the papers?

Bill: I did drive all the way out here for them.

Jo: They're signed and ready.

Bill: Good, good. Let's see them.

Jo: What, you need 'em right this second?

Bill: Well, It'd be nice.

Jo: What's the urgent urgency, you act like you're getting married-

Bill: I am.

Jo: {Startled. She almost seems upset, but she's good at hiding feelings} Wow.

Bill: Yeah.

Jo: {Going to her truck for papers} Is it Melinda?

Bill: {Correcting} Melissa.

Jo: {To herself} Melissa. {To Bill} Wasn't there a Melinda in there somewhere?

Bill: No, there's only been Melissa since you.

Jo: Boy, not much for browsing, are you? {Grabs the papers out of her glove compartment}

Bill: No, I guess I'm not.

Jo: {Handing him papers} There you go.

Bill: Thank you. {Bill promptly flips through them to make sure they're all signed. We see Jo put her graduation ring over her wedding ring, a symbolical way for her to feel like she's still married.} Whoa, whoa, whoa. You missed a page.

Jo: {Acting surprised} What?

Bill: {Pointing to the last page} Right here.

{She takes the papers, pretending she's never seen this part before. It's obvious she purposely didn't sign the last page, maybe to keep Bill around longer, also keeping the divorce from being final.}

Jo: Where'd this come from?

Me: I'm sorry your marriage didn't work out Bill.

Bill: I know. Thank you J.D.

{She reads the last page, hunched over the hood of the car.}

Bill: What are you doing?

Jo: Can I read it first?

Bill: No! It's the same as it was in December.

Jo: {Lying} I didn't read it in December.

Bill: Christ, would you just sign it so we can get out of here? Please?

{Start music ("Twisted")}

Jo: We? She's here?

Me: Yeah.

Bill: Yes, she's here, she's over with Dusty. Now would you please sign the document?

Jo: {Using the situation to deviate} You left her with Dusty? {Joking} What's the matter with you?

{She leaves the papers on the hood of the car, and walks away.}

Bill: What are you doing?

Jo: I want to meet her.

Bill: No you don't. {Bill runs back to get the papers, frustrated} Christ.

Me: Just let her meet her Bill. No harm comes to that.

{Camera over to Dusty and Melissa. They're sitting under a beach umbrella in folding chairs.}

Dusty: The suck zone- it's the point- basically at which the twister sucks you up, but it's not that technical therefore obviously, but-

Jo: {Walks up to Melissa} Hi. {She's being overly polite} I'm Jo Harding.

Melissa: {Getting up} Oh, hello, nice to meet you. {They shake hands}

Jo: {Sickened by Melissa but once again hiding it} Bill just told me the happy news.

Melissa: Which?

Bill: Us, marriage. {Introducing} Jo, Melissa.

Jo: It's happy news.

Melissa: I guess, uh, it probably seems kind of sudden.

Jo: {Her annoyance surfacing} Seems sudden?

Dusty: Dude, you takin' the vows? That's sweet!

Melissa: Well, we- we just wanted to get it done before Billy started his new job.

Jo: That's right, that's right, right, right, right. Weatherman!

Bill: {Offended} What?

Jo: {Innocently} What?

Bill: Say it.

Jo: I said weatherman, I think it's great.

Bill: How come you had that tone?

Jo: There was no tone if you have a problem being a weatherman.

Bill: {Argumentative} I don't have a problem being a weatherman.

{Then, Melissa's cellular phone rings. She fishes through her purse to get it, then answers.}

Melissa: Excuse me. {Into Phone} Dr. Melissa Reeves here? Uh-huh?

Jo: Just wanted to say hello.

Melissa: {To Jo} Hello.

Jo: Very nice to meet you.

Melissa: {To Phone} Uh-huh. {To Jo} You too. {Melissa makes a signal to Bill if Jo's signed the papers yet.}

Bill: {Loud whisper} What? {Sees her signal} No!

Jo: {Over by Bill's truck} New truck?

Bill: That's right.

Jo: Boy oh boy. New job, new truck, new wife… {Sarcastically} It's like a whole new you!

Bill: Jo…

Me: It's a nice truck though.

Bill: Thank you.

Jo: This is very awkward.

Bill: I know, tell me about it.

Jo: I thought you'd be coming out here alone.

Bill: I wasn't expecting on coming out here at all you said you meet me-

Jo: It's about Dorothy.

Bill: Dorothy? What about her?

Jo: She's here.

Bill: Show me.

{Going to the back of her truck, Jo rips off the burlap cover over Dorothy; a tornado instrument pack. Bill stands in awe.}

Me: (Whistles) Very impressive.

Bill: I can't believe you did it.

Jo: We built four of 'em.

Bill: She work?

{Jo smiles and lowers the tailgate. Bill climbs up and examines the instrument.}

Jo: Thought you'd want to be here for her first time out. It wouldn't be right if you weren't here.

{The whole team is coming over. Start music, ("Melancholy Mechanics")}

Joey: {Laughing}This is gonna be good!

Dusty: {Bringing Melissa over to the truck, referring to Dorothy} How sweet is that? Bill's concept man. Boom! The extreme. Man, it came from his brain.

Bill: I had a hand in it.

Melissa: Wow, it is great.{Pause} What is it?

Bill: It's an instrument pack for studying tornadoes. First one in history.

Jo: {Explaining} It's very exciting. Scientists have been studying tornadoes forever, but still, nobody knows how a tornado works. We have no idea what's going on inside because no one's ever been able to take scientific measurements from inside the funnel. That's what she's gonna do.

Melissa: How?

Jo: We put her up inside a tornado. She opens up, {Demonstrating by opening the lid on Dorothy}and releases hundreds of these sensors {Hands one to her.}that measure all parts of the tornado simultaneously.

Bill: You see, Melissa, it's like this. These sensors go up the funnel, and radio back information about the internal structure, wind velocities, flow, asymmetry. We could learn more in 30 seconds than we have in the past 30 years. Get a profile of a tornado for the first time.

Melissa: And what will that do?

Bill: If we knew how a tornado really worked, we could design an advance warning system.

Melissa: Aren't there already tornado warnings?

Bill: Well the-

Jo: They're not good enough, they're nowhere near good enough. Right now, it's 3 minutes. If we can get this new information, we can increase warning time to 15 minutes.

Me: Yeah warning times are very slim right now and we are trying to extend that time significantly.

Bill: Give people a chance to get to safety. At least that's what these guys are trying to do! {The team yells and cheers. Bill jumps help Jo down.} I can't believe you actually did it.

Jo: Well, we {referring to the team} did it.

Melissa: How do you get it in the tornado?

Bill: Well, you got to get in front of the tornado and put it in the damage path. And then get out again before it picks you up too.

{Melissa has a concerned look}

Dusty: {In Melissa's ear} It's the suck zone!

Melissa: {Startled by Dusty} Ohh.

{In the mean time, Haynes has been on the phone with the weather beaurau.}

Haynes: Excellent! {Hangs up phone, excited, talking fast} Jo, we got major action! The NSSL says the caps are breaking, the tower's going up to 30 miles up the dryline!

Me: Looks like we got some tornadoes about to form.

{Jo looks up at the sky, music soaring in the background. She pauses. Then suddenly focuses, slamming the tailgate.}

Jo: All right, let's go!

Me: Lets roll!

Dusty: All right, we're movin'!

Beltzer: It's fatty time!

{Everyone scrambles to pack everything back in they're trucks.}

Haynes: Jo, we got it!

Beltzer: Rabbit, you're up. Let's go, let's go. Hurry up, we haven't got all day, let's go! {Everyone is throwing stuff into cars}

Beltzer: Joey, Haynes, a little help? {Throws Doppler in the van}

Joey: Yes, sir. Right behind you.

{Dusty is tossing all his beach stuff in his bus, Joey and Haynes give a "mutual fingersnap"}

Joey: {To Haynes} Smooth!

Haynes: {Searching for whatever she hasn't packed) Where is it? There it is!

Rabbit: Common' Dusty, you're always the last one to go!

Haynes: All right, Beltzer. Preacher, follow!

Jo: Laurence, don't forget the camera!

Laurence: I got it, I got it!

Bill:{To Melissa} They can handle this, they know what they're doing. I mean, well, this is what they do, they live for this.

Melissa: Uh-huh.

Beltzer: Dorothy 2 and 3 ready!

Haynes: Dorothy 4 ready!

Melissa: Are you sure you don't want to go along?

Bill: No. Oh, with them you mean?

Melissa: Well, yeah.

Bill: No, they'll be fine.

{All are now in cars. Jo drives in front honking horn as she passes Bill and Melissa}

We fly off.

Melissa: Did she sign the papers?

Bill: Oh, shit!

Melissa: She didn't?

Bill: Common', if we hurry we can still catch them!

{They run to their truck, get it and follow the team.}

Rabbit: HEY BILL! GLAD YOU'RE BACK!

Bill: I'M NOT BACK!

{Music is fast paced. Most conversation is now on CB radio}

Jo: {Into radio} Rabbit!

Rabbit: {Into radio} Yeah, boss?

Jo: {Into radio} Can we do better than the 30?

Rabbit: {Looking at map} No. Not for a while. It's best to stay on it until we pass Rogers creek.

Jo: {Into radio} Copy that.

{Camera to Bill's truck}

Bill: Once we catch up with them, you take the truck and head home. I'll get the papers signed and see you tonight. Okay?

Melissa: No! You know what honey, I find this kind of interesting. I'm gonna tag along!

{Music becomes louder as camera goes into aerial view of all the trucks in Jo's caravan race down the Oklahoma highway. Then we see another caravan. Six black Windstar vans pull up along side Jo's group. It's JONAS MILLER and his crew.}

Bill: Jonas! Son of a bitch!

Melissa: Who is that, honey?

Bill: Jonas Miller. He's a nightcrawler. {He pulls alongside Jonas' window, they both nod their heads, acknowledging each other}We all started out in the same lab, but Jonas went out and got himself some corporate sponsors. He's in it for the money, not the science. He's got a lot of high-tech gadgets, but he's got no instincts. And he doesn't have Dorothy.

{In Jo's truck}

Beltzer: {Over radio} Jo, I think we got fleas!{Referring to Jonas' crew}

Bill: {Over radio} Jo, come back!

Jo: {Into radio} Hey there, you change your mind?

Bill: Yeah, what's Jonas doin' here?

{Jo looks out side view mirror, sees black Windstars}

Jo: {Into radio} I'm not sure. But I bet he's asking himself the same question about you.

Me: Oh shit. Not Jonas Miller.

Nico: You know him?

Me: Unfortunately. He's a rival with Jo and he wants to get into a tornado first.

{Suddenly, a Windstar swerves toward Bill, driving his truck off the road.}

Bill: Oh, shit, hold on! Damn son of a bitch!

{Bill now has a flat tire. Camera to an Auto Repair shop. Bill pulls the flat tire out of the back seat, handing it to AUTO-TECHNICIAN. Dusty walks along the road as a car passes}

Dusty: {to the driver passing by} Hey!

Bill: How long do you think it'll take to fix?

Auto-Tech: Oh, maybe 10 minutes, 15 tops.

Bill: Sounds good.

{We hear Jonas' voice from across the street, with his crew: TONY, EDDIE, FLANDERS, PATTY, CHARLES, DEAN, and JAKE. Apparently, he's got the news reporters around him.}

Jonas: What drives me is the unknown. What if we could predict a tornado's path? How many lives would be spared with the creation of an early warning system? {He pulls out a large weather instrument} And D.O.T. 3 is the answer! The first Digital Orthographic Telemeter. And inside, she holds hundreds of these little sensors. {Holds one up} Which when released into the tornado, will transmit back data on wind speed, pressure, and dew point temperature.

{Bill stares in horrid realization: Jonas has stolen he and Jo's idea! He gets pissed. Jo notices}

Jo: Bill?

Bill: Why didn't you tell me? {He runs toward Jonas}

Jo: Bill, don't-

Me: Uh oh. Come on Nico.

Jonas: {Still going} Which will soon be the center of all study- {Bill grabs Jonas' collar, pushing him against his van} Hey! Hey!

Bill: You stole my design, you son of a bitch! What you think, I wasn't gonna find out about this?

Jonas: Hey, guys, can you get this loser off me?

{Jo's team runs over, pulling Bill away}

Dusty: {To Bill} Back off! Back off! It's not worth it!

Me and Nico grab Bill.

Jonas: {To Bill also} What is the matter with you!?

Bill: You stole my design, you son of a bitch!

Rabbit: Calm down!

Me: Let him go Bill!

Jonas: What the hell you talkin' about?!

Bill: Dorothy! You took her, you damn thief!

Me: Let him go Bill. Let him go.

Jonas: {Smug} Oh I get it. You want to take credit for my design. Is that it?

Bill: {Sincere} You're a liar. She was our idea and you know it.

Jonas: Unrealized idea, unrealized.

Me: Jonas. Now is not the time to be rubbing your achievements in peoples faces.

Jonas: Been a while J.D.

Me: Yeah. You know how busy we have been saving the universe.

Bill: {Going at him again} That ain't worth shit! {Jo runs over, breaking it up}

Jo: Hey, hey, hey, hey! Guys, guys. All my guys, get a grip on yourselves. {Now smug also} We both know he'll never get that thing up in the air.

Beltzer: That's right!

Me: I agree.

Nico: Yeah.

Jonas: Well let me enlighten you people! This baby has satellite comlink. We've got on-board pulse Doppler, we've got NEXRAD real time. Today, we're gonna make history. So stick around. {Jo lifts an eyebrow contemptuously} Cuz' the days of sniffin' the dirt are over.

Rabbit: Better than what you sniff.

Vince: Yeah you sniff raw sewage.

Bill: We'll see who gets their first, pal.

Jonas: {Walking away} Oh, and by the way, I really enjoy your weather reports! {Jonas and his crew laugh. Bill trys to get at him again but me, Nico, Dusty and Bouncer hold him back.}

Bill: You slime! I ain't through with you yet! Come on! Come here! Come on! Come on! Get your hands off me! I'm all right! OK!

{We finally let him go}

Joey: He's a corporate kiss-butt, man!

Nico: What a total suck-up.

Laney: Yeah.

Jo: {To Bill} I'm sorry. I should have told you.

Bill: One day. I'll give you one day. Whether she flies or not I'm gone.

{Melissa runs up}

Melissa: Honey, is everything okay?

Bill: It's okay, everything's fine.

Melissa: Are you sure?

Bill: Yeah, yeah, yeah, everything's okay.

Melissa: Okay.

Bill: Listen, I'm gonna hang out here and get some air. Why don't you get us some cold drinks.

Melissa: Okay, sweetheart.

Bill: Okay.

{Bill looks out at the sky. It's been said storm chasers have a sixth sense, and as Bill sifts a hand full of dirt, he lets nature embody his mind. Camera inside the diner across the street from the Auto repair. Start music ("Virtual Reality")}

Jonas: {To Jo, both standing} You know, Jo, I don't know what the matter is with Bill. I mean, he's wacko, he's crazy! {Jo pretends to be deeply concerned with what Jonas is telling her} You ought to keep a leash on him.

Jo: He's not my problem, he's yours.

Jonas: Oh, by the way, this storm's going to be a lot bigger than we anticipated. I got reports of mesos all the way from Grand County to Logan.

Me: Wow.

Jo: You sharing information with me?

Jonas: No, I was just curious as to which way you were going to head.

Jo: Southeast, I think… to the counter. {She walks over to the counter, sitting down by Melissa.}

Melissa: {To WAITRESS} Two lemonades to go, please.

Jo: Nothing changes.

Melissa: Pardon me?

Jo: He's gonna wait and see what Bill does. {To Waitress} Can I have a coffee to go, please.

Melissa: That man's waiting for Billy? Why?

{Camera back to Bill outside. He picks up a handful of dirt and watches it fall to the ground. Camera inside again to Melissa and Jo. Jo is eating. Music start ("No One Needs To Know")}

Melissa: So you're telling me Billy knows what a storm is thinking?

Jo: Something like that. {Holding out a pack of gum} Gum? {Melissa shakes her head, Jo puts it in her pocket}My Aunt Meg used to call him a human barometer.

Melissa: Well he never really told me about all this.

Jo: If you have to pee you should do it now, 'cuz there's not many places to stop once we get on the road.

Melissa: You're still in love with him, aren't you?

{Pause}

Jo :Check please.

Melissa: Not that I blame you. I just hope this isn't some desperate attempt to keep him in your life.

Jo: {Plopping down a $20} We're together. {Jo gets up, walks away from the counter. Camera on Bill outside. Dusty walks up to him.}

Dusty: Hey, man. What's up?

Bill: Goin' green.

Dusty: Greenage.

Bill: Saddle 'em up.

Dusty: You got it, boss.

{Camera on Jonas with crew.}

Jonas: Charles, give me a sector scan on that cell, keep looking for upflow. Flanders, what are my dew points doing?

Flanders: Dew point's up to 70 sir.

{Camera outside.}

Melissa: Honey, I got you a lemonade-

Bill: We gotta move out. Listen, follow us in the truck, but stay behind Dusty's van, you'll be safe back there. I gotta go with Jo. Okay, let's move out, people! Let's go!

Melissa: Where are we goin'?

{No one answers her. Everyone gets in their trucks again and pull out.}

Bill: {Taking keys out of Jo's mouth (her hands are full)} Thanks, I'll drive.

Me: Looks like we're off.

{Jo hops in passenger side. Camera on Jonas and crew. He notices Jo's group is pulling out.}

Jonas: All right people, lets pack it up, let's go.

{Camera on Dusty in his van, cranking up the music, sucking juice from a straw dangling from the roof.}

Dusty: IT'S THE WONDER OF NATURE, BABY! {Laughs.} WOOOO! WOOOOOOO!

Me: YEAH BABY!

{His music is once again blaring through the speaker on the roof.}

Dusty: {Into radio} HEY YOU GUYS! WOOOHOOOO!

Nico: HARDCORE SONGS DUDE!

Luna: ROCKIN!

Lana: AWESOME!

{Over to Sanders car where we hear the William Tell overture! Camera on Melissa, answering her cellular phone.}

Melissa: Dr. Melissa Reeves here? Oh, oh. Yes, Donald, you've caught me in my car!

{Camera to Beltzer in his van, singing Oklahoma}

Beltzer: {Singing} OKLAHOMA, where the wind comes sweeping down the plains, and the wavin' wheat-

Laney: Love this song.

{Camera back to Melissa}

Melissa: Donald, this feeling of inadequacy is normal for you, Julia doesn't resent you. We talked about this before. She did not marry your penis. Oh, okay, she didn't only marry your penis.

{Camera to Beltzer and Haynes singing Oklahoma at the top of their lungs}

Haynes: LAAAAA…

Beltzer: HOOOO…

Haynes: MAAAA…..

Beltzer & Haynes: OKLAHOOOOOOOOOOOOOOOOOOOOOMA! YEEOOWWW!

Lily: YEAH!

{Camera now at Bill and Jo in Jo's truck.}

Jo: So…

Bill: So…

Jo: {Looking out windshield at the sky} Amazing coloring there, isn't it?

Bill: Yeah, look at those mammatas. Bet those tops have got to be spiking at about 40,000.

Me: Wow. This storm is about 55 to 60,000 feet high. But it definitely has a lot of potential for a tornado.

Nico: It sure does.

Jo: That's a good thing.

Bill: That's a very good thing.

Me: Absolutely.

Jo: {Now changing subject} She work at the station, is that where you met her?

Bill: Jo-

Jo: What?

Bill: I don't want to fight.

Jo: I'm not fighting, I'm talking.

Bill: I don't want to fight.

{Pause}

Jo: She's nice.

Bill: HAH!

Jo: Uh-oh, she's not nice?

Bill: I know what you meant.

Jo: You do?

Bill: Yes, so don't, don't do this.

Jo: Okay, I'm making extremely civilized conversation here. You're biting my head off. Jesus.

Bill: Yes. She's very nice. No, she doesn't work at the station she's, uh, she's a therapist.

Jo: {Pause} Oh. {Pause} Yours?

Bill: Christ!

Jo: What?

Bill: You couldn't resist, could you? Come on!

Jo: I'm not saying you need therapy!

Bill: What?

Jo: I'm not-

Bill: WWWWait. I need therapy?

Jo: I didn't say that.

Bill: I need a therapist?

Jo: I didn't say that.

Bill: What could I possibly need a therapist for?

Jo: I don't know.

Bill: You're the doctor, tell me.

Jo: I don't know, um, in ability to finish things?

Bill: Finish things?

Jo: Rushing into things you can't quite commit to-

Bill: Commitment?

Jo: You asked me.

Bill: Look-

Jo: You asked me!

Bill: No, that is bullshit! Look, I may have walked out,

Jo: You asked-

Bill: but at least I showed up in the first place! You never had the slightest idea

Jo: Okay, there's a whole road thing- coming on up here…

Bill: About commitment and what being married means. Like stability, supportiveness, the house and all kinds of neat stuff like that-

{The whole time, Bill hasn't been watching the road and the truck veers to the shoulder of the road, then the grass… }

Jo: Can I drive?

Bill: No.

Jo: Then would you?

{He looks ahead, they're no longer on the road, there's a tractor right in front of them!}

Bill: Whoa!

{He swerves sharply back onto the road}

Bill: {really pissed} Damn.

Jo: Somebody should warn her about your temper.

Bill: Jo, I swear-

Jo: She obviously has no idea what she's getting into-

Bill: Stay the hell out of it.

Jo: You know.

Bill: I know exactly what I'm doing.

Jo: What exactly-

Bill: What am I doing?

{Camera over to Haynes and Joey}

Haynes: I think they're getting better at this.

{Camera back to Jo and Bill}

Jo: You know what? As long as you're happy-

Bill: Thank you! I am happy! I'm a happy person. I'm happy with my life. I'm happy with the way things are going in my life. I happy with… with, with-

Jo: Melissa.

Bill: I know her name! Yes, I'm happy with Melissa. I am!

Jo: Okay. {Mouthing/Whisper} You love me!

Me: All right you two, that's enough. I swear you two act like children.

{Camera over to Beltzer in his van. He sees a tornado coming down on the right. At first sight, it almost looks beautiful.}

Beltzer: Shit, shit. {Into radio} Hey, are you guys gonna wrap this up pretty soon?

Bill: {Into radio, frustrated} What?!

Beltzer: {Into radio} Oh, nothin. I was just wonderin' if we're gonna chase this tornado, or if you just wanna catch the next one.

{Camera over to Jo and Bill. Bill sees tornado}

Bill: Shit!

{Music kicks into a higher gear as the action becomes fast paced}
Jo:{Taking microphone}

Jo: Beltzer, is it on the ground?

{Bill floors the gas}

Jo: {To Bill} Easy, easy, easy!

{They all turn a corner.} {Camera goes to Jonas with Eddie, in a Windstar van}

Jonas: {Into radio} We have to bear right. It's on an easterly course.

RADIO: The national weather service has issued a tornado warning in effect until 11:00 am…

{Eddie sees tire tracks where Jo's crew turned the corner}

Eddie: Uh, Dr. Miller?

Jonas: Yes?

Eddie: I think they turned left here.

{Jonas sees marks}

Jonas: Do it.

{Jonas' crew turns left. Camera back with Jo and Bill}

Jo: {Into radio} We're moving to intercept guys, get ready to set up.

Beltzer: You got it!

{As they race along, they can see the tornado ahead. Cars passing the other way honk their horns, letting others know the impending danger.}

Me: Wow. That's a Category 1. Winds probably of 100 to 110 miles per hour.

Jo: Quite a sight. {To Bill} You got to get further ahead of it.

Bill: I know what I'm doing.

Jo: Cut across the field, Bill!

Bill: I know I have to get ahead of it.

Jo: You're gonna have to get into that field!

Bill: Do you want to drive?

Jo: I'm just saying-

Bill: Would you like to drive?!

Jo: Yes, I'd love to!

Rabbit: {In radio} Listen, it's about, 3 miles southeast, let's see what she does!

{Camera on twister. It dances across the land, haunting music in the background.}

Me: Scary seeing a tornado like this again.

Jo: {Eyeing an irrigation ditch, pointing} Go in there, go in there!

Bill: Just wait-

Jo: You're gonna miss it!

Bill: Hold on, hold on! Just hold on a second.

Jo: {Almost taunting} Have you lost your nerve?

Bill: {Smiling slyly} Tighten your seatbelt!

{He grabs her seatbelt toward him, pulling it tighter. The truck swerves into the irrigation ditch. He is still going 80.}

Me: Whoa!

Rabbit: J.D., Jo, Bill, where are you? We lost visual!

{Truck still bounces across the ditch, coming ever closer to the twister. They notice the ditch is becoming deeper, the sides slanting upward. They are unacceptably close.}

Bill: Are we having fun yet?

Jo: Okay, we got to get out of this.

Bill: {Sarcastic} Really?

Beltzer: {Over radio} 2 miles now, picking up speed!

Jo: Bill, sometime this week would be good!

Bill: I'm trying to get out!

Me: It's moving faster guys.

{The sides are now too steep to drive over. They're stuck.}

Jo: Are you mad?

Bill: I'll be mad later, right now I'm trying not to kill us!

Beltzer: Funnel's getting thicker! It's movin' fast, coming toward you Jo!

{The tornado roars as it destroys a barn off to the left.}

Me: WHOA! HOLY SHIT!

Nico: UNBELIEVABLE!

Jo: It's starting to turn!

Bill: Where? I can't see!

Jo: You will.

Beltzer: Jo, you're too close, it's not gonna work. Get outta there!

Bill: {He does see now, it's right behind them} OH Shit! I can't get out, it's too steep! This was a great idea!

{He slams the breaks, they continue however, to skim forward. Ahead is a low lying overpass! The truck slams into it. They jump out, yelling, the wind is so loud}

Jo: SEE, THAT WASN'T SO BAD! COMON', LET'S GET HER OUT! LET'S GO!

Bill: Why can't we spend a normal day together?!

{She goes to unload Dorothy, but they both know that they are within seconds of getting sucked up by the tornado.}

Bill: We're in the damage path, let's go!

{He grabs her, running to get under the overpass.}

Bill: JO, THIS IS CRAZY, COMMON'!

Jo: LET GO!

Bill: THERE'S NO TIME!

Jo: WE CAN STILL DO THIS!

Bill: COMMON'! COMMON'!

{They run under the overpass.}

Bill: FIND SOMETHING TO GRAB HOLD OF!

Jo: I KNOW!

{They hold on to the column holding up the overpass. Bill is over Jo, both are hugging it. Then, Jo slips out of his grip and crawls towards the twister, now only yards away.}

Bill: WHAT ARE YOU DOING?! WHAT ARE YOU DOING?!

Jo: I WANT TO SEE IT!

Bill: COME BACK!

Jo: I WANT TO SEE IT! BILL!

{He pulls her back under the overpass. The truck begins to slide.}

Bill: LOOK OUT! LOOK OUT!

I formed a force field over Jo and Bill and it protects them.

{As the twister passes over the overpass, the truck flies into the air and is gone. Then, so is the twister. Camera over to Melissa driving up.}

Melissa: Oh my God.

{Camera back to Jo and Bill. They are climbing out of the dirt road, soaked in mud.}

Bill: It's gone. It's gone.

Jo: Where's my truck?

{Suddenly, Jo's truck slams into the road, narrowly missing Melissa in her truck. She's screaming}

Nico: WHOA!

Jo:{Smiling} There it is.

Bill: Melissa?

{Everyone runs over to Melissa as she gets out of the truck, shaking and hyper ventilating.}

Preacher: Are you okay?

Bill: Melissa!

Nico: Melissa are you all right?

{Everyone runs over, to make sure she's all right.}

Dusty: You just missed the truck! Awesome! IT'S AWESOME! {Laughs}

Bill: Melissa!

Melissa: Oh God, Billy, BILLY!

Bill: You okay?

Melissa: Oh, God, I'm okay…

Bill: You sure?

Nico: Melissa are you alright?

Melissa: Yeah.

Dusty: Bill, she just missed the truck!

Melissa: God, what happened to you?

Me: Boy you guys are filthy.

Bill: Nothin' honey, we're okay, we were perfectly safe!

{Jo walks by, followed by Haynes and Rabbit}

Jo: Gone.

Haynes: Wait a minute-

Jo: It's trashed.

Me: Man this truck is totaled. But maybe there's some stuff we can get out of it.

Rabbit: No, just hang on a minute we'll take a look, I'll know.

Jo: It's gone.

Bill: {To Melissa, hugging her tight} It's over, it's over, it's all over.

Jo: {Like talking to a child} You okay? {Not waiting for response, keeps walking}

Bill: She's okay.

Me: Good.

{Dusty laughs at Jo's car. It's flipped over, the top half, along with Dorothy is smashed.}

Dusty: {Still laughing} Well, there's some good news. It did fly. {Talking to Jo as she breaks a window and pulls her stuff out of the totaled truck.} What was it like?

Jo: {Looking up at Dusty} It was windy.

Dusty: Windy? That's intense-

Jo: All right, move it, Dusty!

Dusty: {Holding hands up} That's intense! That's intense!

Me: It was winds of 100 to 110 miles per hour. Still very intense though.

{Black Windstars roll up.}

Joey: Hey, the auto club's here!

Me: Looks like the party is starting.

Lori: Yeah.

{In Jonas' van.}

Eddie: Maybe we should stop, see if they need some help.

Jonas: They're fine, pay attention to the road.

Me: We're all right Jonas.

Jonas: Good!

{Dusty runs up to Jonas' van, sticking the upper half of is body in the window}

Dusty: Fashionably late again, Jonas? Fashionably late! Gimme a kiss, baby!

Eddie: Get out of here, Get outta here!

{Dusty slides out of the window.}

Dusty: Loser! Loser!

Rabbit: Why don't you find your own twister, buddy!

Dusty: Loser! {Like he's directing traffic} Move on!

Beltzer: Let's go.

Haynes: Don't worry, I'll get 'em cleaned. Common' guys let's get Dorothy 2 ready!

Varie: Right.

{Camera over to Jo, she has her backpack laid onto of her overturned truck.}

Jo: {To Bill, who has his arms around Melissa} You got full coverage on that truck?

Bill: {Smiling, as he knows what she really wants} Liability only.

Jo: {Wiping her face with a towel} Liability only? {Gives them a look that's a cross between "Whatever that means" and "That's a scary thought!"} It's a very pretty truck.

Melissa: Thank you.

{Bill makes a nervous laugh, he knows what she's up to. She wants to use his truck for the chase. Jo looks at him as she throws all her stuff in her backpack.}

Bill: Don't even think about it. {She continues looking at him} No way.

Me: Bill just let her use your truck and when this is all over, I'll give you a new one.

Bill: Thanks J.D.

{Camera then goes to Jo, Bill, and Melissa driving in his truck with the next Dorothy loaded up in the back!}

Dusty: {Over radio} This is the caboose, this is the caboose! I'm waiting for orders, Boss!

{Both Jo and Bill grab for the radio mic. They hesitate, then both grab again.}

Bill: Go ahead.

Jo: It's your truck.

Bill: No, really. You should.

Jo: {Without delay, she picks up the mic.} Dusty, the battle zone should be northeast of 81.

Dusty: Copy that, Jo.

Melissa: Wait a minute. Battle zone? Billy, what're we doing?

Bill: We're going again.

Melissa: Again? But back there you almost got yourself killed!

Bill: No, no. Just a close call.

{Camera on Rabbit}

Rabbit: You're gonna cross 15 on Oklahoma 412. 412.

Jo: Okay, copy that. Haynes, what's on the mesonet?

Haynes: Winds continuing to back, VIL's are at…..uh, 60.

Me: Roger that.

Jo: {Into Radio} Okay guys, let's go get it!

{They keep driving. Jo dramatically leans over to see the speedometer. Goin' 50. She slaps her forehead. That's too slow! Bill rolls his eyes and speeds up. Off in the distance you can see another twister.}

Me: Wow! That storm is about 60 to 65,000 feet and I see the tornado.

Nico: Me too.

{Then over to Jonas' group. Jo's group speeds up so that they're neck and neck.}

Jonas: Mobile lab. Yeah, Tony, Is it me or is the main updraft shifted?

Tony: {Over radio} Upper level winds are veering, sir.

Jonas: Uh huh, this thing might dissipate. Do we have enough time to get in front of it?

{Camera at NSSL}

Bryce: Murphy! Rotation is increasing. Sheer is 90 knots. 50 outbound, 40 inbound.

Murphy: {Into phone to Dean} Yeah, yeah, we see it. We do, we see it. Very pronounced hook.

{Camera in another Windstar van}

Dean: Checking for you now, sir.

Flanders: Dr. Miller. We're getting southeast gusts at 40 miles per hour. Approaching 150 in the funnel.

Bryce: The storm motion is 225 degrees, coming straight out of the southwest.

Jonas: We're in perfect position, let's proceed.

{Camera on Jo, Bill, us and Melissa. They pull alongside Jonas' van}

Eddie: Oh howdy. Got to admire their spirit.

Jo: {sarcastic} There's your pal. {Bill and Jonas glare at each other and keep driving. Suddenly, Bill slams on the breaks.} What're you doin', what're you doin'?!

Bill: {Staring out the windshield} Look at the updraft, the angle! It's gonna shift it's track!

Me: That's a Category 2. We're talking winds at 125 to 150 miles per hour.

Jo: Are you sure?

Bill: Oh yes. It's definitely a sidewinder! It'll move left.

Melissa: Is that bad?

Bill: Wasn't there a road back there?

Jo: {In realization} You're right, go, go, go, GO,GO!

{Bill turns the truck around, driving fast. Then turns right onto a different road and speeds ahead. Melissa's phone rings.}

Melissa: {Answering hastily} Hello?! Donald, now's not a very good time for me, okay? What… all right, put Julie on. Okay.

Me: Wow.

{Camera over to Jonas.}

Jonas: {Looking at Doppler scanning on lap top}Looking good, looking very good. All right, {to Eddie}about 4 miles south, hang a right, let's deploy and we'll be done!

{The tornado starts to shift to the left, just like Bill predicted. Eddie notices.}

Eddie: Uh, Dr. Miller…

Jonas: Shit, shit… It's moving away! God!

Eddie: Look's like they're gonna intercept.

Jonas: {Into radio} Damnit, Tony, I thought you said this thing was gonna stay on the same heading!

{Camera back on Jo, Bill, and Melissa. Melissa responding to phone with "Uh-huhs" and "Yeahs"}

It was raining hard.

Me: We got rain.

Bill: We're close.

Jo: {Into radio} Rabbit, tell me what road we're on, where does this take us?

Melissa: {Into Phone} I know it feels unnatural {Jo listens to Melissa's conversation} but with Donald's motility, you're not gonna have this baby the old-fashioned way. Even if you stand on your head.

{Jo gives Bill a funny look}

Bill: {Explaining} She's a, reproductive therapist.

Jo: {Into Radio} Laurence? Laurence come in, we've got to get ahead of this storm, what's on the satellite?

Melissa: {Into phone} I can't talk to you right now, I'll have to call you back. {Over to Haynes' truck}

Laurence: Twister south, skipping south, shifting to south, we have a, F2, ladies and gentlemen, possibly F3. You with me? It's a very, very large rope on the ground. Very large. Right on the ground.

{Camera on Joey}

Joey: It looks like it's turning, it looks like it's turning. The atmosphere is very unstable! Repeat, unstable!

Lola: Atmosphere is REALLY Unstable.

{Over to Rabbit and Sanders}

Rabbit: This is Rabbit, this is Rabbit, it's at 2:00, it's headed this way!

Lori: It's literally moving Northeast.

Sanders: This is Sanders, this is Sanders! We're driving due east on a country road we've been on for about 6 miles. We've got an F3, 2, sitting on the ground, and she's a beauty! WHOOHOO!

Me: This is getting intense!

Over to Jo, Bill, and Melissa}

Dusty: {Over radio} Jo, it's Barn Burner, it's Barn Burner! It's not gonna hang out long. It's not hanging out long!

Jo: {Into radio} We got it, we got it, we see it!

Me: Roger that.

{It's very dark outside, even though it's afternoon}

THUNDERCLAP!

Lightning struck and thunder crashed all over.

Me: Wow. This storm is intense.

Nico: It's nuts.

Bill: {Into radio} We're getting slammed in here guys, you better hang back.

{The rest of the group slows down a bit, while Bill, Jo, and Melissa drive on. They see the tornado. Jo grabs a camera.}

Jo: This thing loaded?

Bill: Yeah, go for it.

{Jo is about to take a picture of the tornado, when she notices the rain on the window.}

Jo: Rain bands.

Melissa: What?

Jo: Look at the surf coming off those fields.

{Points out window)

Bill: Shit, horizontal rain. Hang on!

{He floors the gas. They approach a bridge going over a large lake. The tornado is hanging over the lake, sucking up water. The three are racing it in their truck.}

Jo: Jesus, Bill, I've never seen it clouded like this.

Bill: I don't think anybody has. But, I- {Concentrating on the road, he breaks off.}

Jo: Bill… we're in the core.

Me: We're under the heart of the storm.

{Suddenly, the twister splits in half. Now there's two!}

Bill: Okay, we've got sisters!

Me: Whoa! I've never seen a tornado split like that.

{Melissa's phone rings}

Melissa: {Rigid} Yes?! Julie I can't talk to you right now!

Jo: We're right under the flanking line.

Bill: I realize that.

Jo: We can't attack this thing from the south, we're gonna get rolled!

Bill: Watch me.

Melissa:{Into Phone} Julie, I know you're upset, you just gotta, breathe, we've both just gotta breathe!

{Suddenly, a cow flies past, in front of them!}

Me: WHOA! HEADS UP!

Jo: Cow.

Melissa: {Into Phone} I gotta go, Julie, we got cows! {Hangs up}

{Cow flies past again.}

Jo: Another cow.

Bill: Actually, I think that was the same one.{Focusing back on what's going on} We've got drunkards here, we've got no path!

Jo: This is not good, get us out of here!

Bill: I'm trying, okay?!

Jo: Floor it!

{He floors the gas, then realizes that won't work, the truck can't go that fast, he slams on the breaks. The whole time they're all screaming. There are now three tornadoes, swirling around the truck like a carousel.}

Bill: HANG ON!

{The truck begins to slide and spin.}

Bill: Honey, hang on!

{Melissa screams, Jo grabs the roof of the car.. Suddenly, the twisters elevate back into the clouds and are gone. For a second, all look like in shock.

Me: WHOA! That was nuts!

{Then Bill and Jo hop out of the truck excited, leaving Melissa, still frozen with fear. Jo and Bill hug and laugh.}

Jo: God! Was that incredible?!

Bill: Did you see it? It was incredible!

{Jo points up to the clouds where the twisters disappeared.}

Bill: Oh! {Then noticing Melissa climbing out of the truck, scared stiff.} Oh, oh, honey!{Hugs her}

{The team arrives in their trucks, with the music ("Long Way Down")}

Bill: WHOOOOHOOO!

Jo: God! Was that incredible?! Did you see it?

Me: I sure did.

Bill: It was incredible!

{Jo points up to the sky where the twisters were}

Bill: Oh! {Then noticing Melissa climbing out of the truck, scared stiff} Oh, oh, honey! {Hugs her}

{The team arrives in their trucks, with the music, ("Long Way Down")}

Jo: {To Dusty and others coming up} Did you see that?!

Bill: {To Melissa} It's okay, it's okay.

Melissa: {Shaking} No, I'm not okay! This is not okay! {Voice cracking} Okay?

Bill: Aw, Christ… I'm sorry. Honey, I didn't think.

Melissa: {Almost crying} You know when you used to tell me you chased tornadoes? Deep down, I always thought it was a metaphor!

Bill: Shhhh. It's okay.

{Team walks over all talking at once excitedly.}

Beltzer: Three times a lady!

Beltzer: Did you see the inflow jets on these fatties?

{Jo tells them all the epic tale as she climbs up into the back of truck, by Dorothy.}

Jo: Did you see? I was sitting in the middle of it!

Me: We sure were.

{All cheer.}

Laurence: I was thinking, it may not be too bad of an idea, if we just got the hell out of here. 'Cuz that was definitely too many tornadoes back there…

Jo: Are you kidding? This thing's not over, we've only seen the start of it!

Me: Yeah the day's only half over and we're only seeing the start.

Rabbit: Hey, you know what, uh, Jo, somebody couldn't help but notice how close we are to Wakita!

Jo: No!

Sanders: Yeah, and Aunt Meg wouldn't mind a pit stop, right?

Jo: No!

Dusty: Red meat, we crave sustenance!

My stomach growled.

Me: Whoa getting hungry.

Jo: Guys, we are not invading my aunt!

Dusty:{Signing in the ASL alphabet} Food!

All: FOOD! FOOOOD!

Jo: HEY! We are absolutely not going!

Me: Come on Jo we got to eat.

Nico: Yeah I'm starving.

We went to Wakita.

{Humorously, the Camera then goes to Jo's team pulling up in front of Jo's Aunt Meg's house. Her yard is full of wind chimes and sculptures, all ringing beautifully. She is telling a welder how she wants her newest project to look.}

Meg: {to the welder} There's the spot. Just do it. {She looks up, surprised, as she sees Jo and co. walk up.} BILLY!

Bill: MEG! {Leading Melissa} Come on, honey! Meg, how are you?! {Both hug}

Meg: Oh, it is so good to see you!

Bill: Good to see you too.

Meg: Day before yesterday, I was telling Jo, {Dramatically} how much I miss you! {Bill and Dusty laugh at this display} You haven't seen any of my new work! {Seeing Jo} Jo! Oh honey! {Kisses her cheek} Seen some action?

Jo: You should have seen it.

Me: Hello.

Meg: Wow! Team Loud Phoenix Storm! It's an honor to meet you all.

Me: Same here.

Dusty: Meg!

Meg: {Seeing the others} Hey, Boys! {They all hug Meg}

All: {Ad- lib} Give me some of that lovin'!, Steak and eggs!

{Camera to Meg's Kitchen. She's cooking beef and eggs. All around a bunch of tables.}

Rabbit: {Talking between bites of food} You know, in a severe lightning storm you'll want to grab your ankles and stick your butt up in the air.

Haynes: He's right, if you're gonna get hit, it's the safest orifice.

Joey: {Sarcastic} Yeah, I'd like to get hit by lightning once. Ya know, see what it's like.

Me: Trust me Joey, you do not want to get hit by Lightning. You don't even know what hits you until it's too late. Lightning travels at 220,000,000 miles per hour and burns at 50,000˚ Fahrenheit and packs over 1 billion volts of electricity.

Paula: Yeah it happened to me.

Haynes: Wow.

Laurence: {Pouring himself lemonade, tasting it} Hey, this is real lemonade. Hey, Meg, I'm movin' in here!

Me: Her lemonade is really good.

Nicole: It sure is dad.

{Jo walks over with a tray of beef.}

Jo: You guys, look out, make a space. {To Melissa} Look out, look out, look out.

{Jo plops a huge chunk of beef on Melissa's plate. Melissa looks at it, almost disgusted.}

Nicole and the Ripping Friends were having a lot of steaks and beef.

Rabbit: God, Meg, you've got a lot of beef. Where'd you get all this beef?

Meg: Did you see my cows out front?

Rabbit: No.

Meg: Ohhhh! {Makes a gasping face, everyone laughs}

Rabbit: Ohh.

Dusty: Cool. You slaughter your own cows, {Impressed} Meg! Nice.

Me: Nice.

Jared was having some fruit and a salad.

{Jo plops down a bowl of mashed potatoes and gravy. }

Dusty: {To Melissa} Potatoes?

Jo: Better grab some while you can.

Dusty: {To Melissa} Meg's gravy is famous. It's practically a food group.

Me: Boy it sure is.

{Dusty pours a ton of gravy on Melissa's potatoes. She sits there not knowing what to say.}

Bill: Shower's free.

Jo: {Popping open a can of Pepsi} I'm next!

{Bill almost walks into Jo}

Bill: Oops

{Meg offers Bill a plate of food}

Bill: {Longingly} Oh, I want that.

{Guys gathered around the TV Jonas comes on in an interview.}

Jo: How can you watch this garbage? {Walks over to watch}

Bill: Oh, pardon me gentlemen. You guys gotta see this.

Me: Oh shit.

{Cranks up the volume on the TV}

Laurence: Careful, buddy, he'll steel your microphone.

Jonas: {On TV} Well for me, it's the thrill of the hunt. {everyone booing.} Man vs. nature. Having battle with the elements.

Me: Oh shut the fuck up.

Reporter: {On TV} So as a scientist, can you actually predict tornadoes now?

Jonas: {On TV} Well, no, they are very, very unpredictable, as some of my more unfortunate colleagues found out earlier today-

Haynes: {Rolling her eyes} Oh, turn him off.

Jonas: {On TV} But we hope to change all that with a system I have devised.

Dusty: God, he sucks.

Rabbit: {To T.V.} Aw, shut up.

Joey: BOOOO!

Nico: Fuck you!

Rabbit: Turn him off.

Bill: {Turning off TV} What a wiener.

{Start music ("Broken")}

Jo: He really is in love with himself. I thought it was just a summer thing. {Slugs Pepsi}

Me: Me too.

Dusty: He's gonna rue the day. Dude, he's gonna rue the day he came against The Extreme, baby.

Laurence: Here, here.

Me: Tell me about it.

Beltzer: I'm talking immanent rueage. Immanent rueage.

Melissa: I was just wonderin' why do you call Billy "The Extreme"?

Dusty: Cuz' Billy is the extreme. {Everyone except Melissa laughs.}

Preacher: Bill is the most out of control son of a bitch in the game!

Bill: {Looking at Jo} No, I think I came in second.

Me: He's outta control like me.

We laugh.

Lana: And us before he moved to Michigan.

Dusty: Well I've seen The Extreme in high gear.

Jo: You guys need to get some new stories. I'm gonna go clean up.

Nico: Okay.

{She exits upstairs to take a shower.}

Dusty: So we get this one near Dalton-

Bill: Oh, God. {Everyone laughs}

Dusty: We're way too close, and Jo got the bid on it, she's filmin' it, right. And all the sudden, out of nowhere, this shitty looking valiant, comes pulling up, right in the way.

Me: Oh god I remember hearing about that.

Beltzer: She starts yellin'. And this… this loser, stumbles out of the car and he's got like, a bottle of Jack Daniel's in his hand.

Dusty: He's naked-

Rabbit: He's BUTT naked.

Beltzer: Naked.

Bill: NOT naked. {All laugh} I was not naked!

Me: Naked.

Beltzer: He's without apparel.

Bill: Half naked.

Dusty: Naked. So, Jo is yelling at him to get out of the way, right. {All laugh again} He just- He strolls up to the twister, and he says "Have a drink." And he chucks the bottle into the twister, and it never hits the ground!

Nico: Whoa.

Vince: That is crazy.

Jared: No kidding.

Naruto: Yeah.

Preacher: Twister caught it, and sucked it right up.

Me: Oh yeah.

{The whole time Melissa is looking at Bill funny}

Bill: {To Melissa} Honey, this is a tissue of lies. See there was another Bill, an evil Bill- and I killed him! {Everyone laughs and cheers}

We laughed.

Me: Oh that is so funny! Man it's like I'm hanging out with my mom and her friends.

{Camera on Jo in the shower, she listens on, downstairs. Then camera back on downstairs}

Preacher: No, that was a good size twister, what was that, an F3?

Bill: Solid F2.

Me: Category 2.

{Start music ("How").}

Melissa: See now you've lost me again.

Bill: {Explaining} It's the Fujita scale. It measures the intensity of a tornado by how much it "eats".

Melissa: Eats?

Bill: Destroys.

Me: Famous Weather scientist Dr. Ted Fujita is the one who invented the Fujita Scale. He was a famous Japanese Weather Scientist that came up with it.

Melissa: Wow.

Laurence: The little encounter we had back there was a strong F2, F3 maybe.

Beltzer: Bet we see some F4's today.

Haynes: That'd be sweet!

Me: Category 4 would be awesome.

Bill: 4 is good, 4'll re-locate your house fairly officially.

Melissa: Is there an F5? {Everyone suddenly grows silent.} What would that be like?

Preacher: {Reflective} The finger of God.

Me: F5 is the strongest there is. Winds of 250 to 310 miles per hour.

Melissa: None of you have ever seen an F5?

Bill: Just one of us. {Everyone looks up a the ceiling where Jo is, upstairs.}

Melissa: Did you ever see a tornado J.D.?

Me: Yes I have. It was back in 2008 when I lived in Colorado. Category 1. 110 miles per hour. No damage but it was cool. It was a land spout tornado.

I showed her a picture of it and she saw that it was a wicked tornado.

Melissa: Wow.

Lincoln: Me and my family survived a tornado before.

Laney: Yeah we sure did.

Me: I remember that.

Ronnie Anne: But my house didn't.

Varie: Yeah. Ronnie Anne's house was completely destroyed.

Melissa: Oh man.

{Camera on Jo. She's dressed now, putting her necklace on, running her fingers through her hair. Meg walks over.}

Meg: Forget it. Doesn't matter what you do, you'll still be beautiful.

Jo: You're biased.

Meg: Yes, I am.{Pause} Sounds like old times down there.

Jo: Yes, it does.

Meg: {Pause, thinking} He didn't keep his part of the bargain.

Jo: Which part?

Meg: To spend his life pining for you, and die miserable and alone.

Jo: {Sad} That so much to ask?

Meg: I don't know. Bill always went his own way, which was usually the same way you were going.

Jo: Seems like a long time ago.

Meg: Not so long, Jo. He's here, isn't he?

Jo: {Watching the wind sculptures outside} That is so beautiful.

{Camera downstairs on Dusty, listening to the radio.}

RADIO: Well, I think we have a serious weather situation-

Dusty: WE GOT ONE, BABY! F3! A MILE OUTSIDE PARLAINE!

Me: Looks like we got a category 3! Lets move people!

{Fast paced music starting up again, everyone yells at each other to hurry up, and get ready to leave.}

RADIO:….city of Wakita, this is a storm that has developed in the past 15 minutes. First - Alert Doppler radar shows that this is a very intense storm-

Bill: {Walking down the porch steps, to Melissa} You ride along with Dusty, okay, is that cool?

Melissa: Okay.

Dusty: What's the word from NSSL?

Haynes: Word is big!

Me: Looks like big awesome.

Nico: Lets get it!

Bill: All right, let's go, people!

Jo: {To Rabbit} You know where Jonas is?

Rabbit: Yeah, he's still in Milston, 30 miles from it.

Jo: Let's all get movin'! {To Rabbit again} Can we beat him?

Rabbit: I'm working on it.

Meg: {To Jo} Thanks for stopping by.

Jo: I'm sorry to eat and run.

Meg: It's what you live for.

Bill: {Running past Meg} Bye.

Meg: Good to see you, Bill.

Me: Thank you so much for lunch Meg.

Meg: You're welcome J.D.

Melissa: {To Bill} Honey, I-

Bill: It's okay, it's okay.

{Dusty walking up}

Dusty: Tasty cow, Aunt Meg.

Meg: {Handing Dusty a bag of food} It's for you, Dusty!

Dusty: Thank you, sweetheart. {Hugs Meg, then hugs Melissa}You and me, right?

{Everyone else is getting in their trucks.}

Melissa: {repulsed, but nodding anyway} Yes.

Dusty: Sweet, sweet.

Melissa: {Offering hand} Well, I- it was a pleasure meeting you.

Meg: {Shaking hand} Likewise. You'd better run! {Gently nudging Melissa towards the trucks.}

{Bill and Jo are by Bill's red truck.}

Jo: Keys?

Bill: {Prompting} Please.

{Jo grabs the keys anyway and hops in the truck.}

Bill: {Sarcastic} You're welcome!

{Everyone's in their trucks now, with the motors running}

Jo: {Into Radio} Rabbit?

{Camera to Rabbit}

Rabbit: {Into Radio} Hang on! {Pulls out a road atlas} Uh, let's go right through Wakita, we'll take Myers Road past the fire station, and we'll take 132 to 44 east.

{Camera to Bill}

Bill: {Into Radio} Rabbit, do you know any shortcuts, let us know, we need every second!

{They all fly down the road, camera going into aerial view of the team. }

Bill: Okay, Rabbit, time to impress me!

Rabbit: {Into Radio} Okay, about a mile up there's a little detour we're gonna take, a little walk in the woods!

{They turn onto a winding dirt road, through a thicket. Guitar fades into music ("Humans Being"), a fast paced rock song.}

Bill: {As Jo's driving over a bump, Into radio}Hey, it's bumpy here, folks! {To Jo} Okay, let's get you wired. {He puts a wireless mic. headset on her, clipping the receiver on her shorts.} Oh, excuse me, {He's so close, Jo's enjoying every moment of it.} Okay, you're on!

{Camera to Haynes and Beltzer as their truck soars over the bumps in the road.}

Haynes: WHOOOOOHOOO!

Me: YEAH BABY!

{Camera on Beltzer}

Beltzer: {Into radio} See, kids? An ordinary person spends his life avoiding tense situations!

{Camera on Dusty}

Dusty: {Into Radio} Repo man spends his life getting in to tense situations, BELTZER! WOOO!

Nico: YEAH!

{Camera on Bill and Jo}

Bill: Okay, Rabbit, what have you got?

{Camera over to Rabbit}

Rabbit: Okay, Bill, turn left here toward that farm.

{Camera over to Bill and Jo}

Bill: You sure about that?

{Camera over to Rabbit}

Rabbit: Uh, yeah. Trust me. Rabbit is good, Rabbit is wise.

{Camera on Jo and Bill, both rolling eyes}

Jo: Mother of God…

Bill: Jesus Christ… {Skeptical} This is a field, Rabbit!

Me: Wow.

Rabbit: {Over radio} I know, keep going, beyond it, right through that brush!{No response from Bill}You see that brush right in front of you…

Bill: Yeah, we see the brush, what's beyond that?

{Camera over to Rabbit}

Rabbit: Beyond what?

{Camera over to Bill and Jo}

Jo: Beyond what?!

Bill: {Frustrated} The BRUSH! A brick wall, a bearded lady, what?

Rabbit: Oh, um, it's the highway, it's the highway!

Camera shows they are still driving through a corn field. Camera on Jo.}

Jo: {Throws her sunglasses on the dashboard frustrated, picks up CB mic.} Where's the road Rabbit?!

{Camera to Rabbit and Sanders}

Sanders: Yeah, where's the road, man?

Rabbit: It should be any moment-

Me: LOOK OUT!

{Suddenly, the caravan of cars spew right onto the highway, loud honking, just as Jonas' group passes by!}

Preacher: HELL-O! {Muttering} Shit.

{Over to Jonas, exasperated.}

Jonas: She's insane. {Into radio}You're insane Jo! What are you trying to do, get somebody killed?!

{Camera back to Jo}

Jo: {Pissed off, Into radio} Oh, really Jonas? {Sarcastically} It was so nice of you to stop back there and make sure we were all right! {Yelling as Bill pulls the mike away} IT WAS VERY CONSIDERATE

OF YOU,HOW COULD YOU SEE TEN PEOPLE ON THE SIDE OF THE ROAD AND NOT STOP?!

Bill: {Trying to shut her up} Okay, okay, okay, okay! Keep the channel clear…..

Jo: {Mumbling to herself} Dirtbag.

Me: Sorry about that Jonas.

{Eerie music fades in as the sky suddenly grows dark. The thunderstorm is looming in the afternoon sky. A tornado should be around somewhere… }

Me: These clouds look mean.

Bill: {Sensing trouble} We're gonna have to get off of this road.

Jo: What? This is no time to guess-

Bill: I'm not guessing. Just make a right turn. Trust me.

Jo: Do you want to drive?

Bill: Just turn!

{Jo turns sharply onto a dirt road, the crew following. Camera over to Jonas' van.}

Eddie: Do we follow?

Jonas: {Glances up} We do not.

{Jonas' team drives on. Camera on Sanders.}

Sanders: {To Rabbit} What's he doin', man?

Rabbit: I dunno. {Pulling out a road map} Find this road, {Sarcastically} it's like, "Bob's Road"!

{Both laugh. Camera to Joey, his lap top beeping}

Joey: We've got a touchdown!

Laurence: We got a touchdown, touchdown, tornado is on the ground.

Me: Tornado on the ground guys!

Haynes: Listen to this! (Hands phone to Beltzer)

Jo: {Into radio} Where is it?

Laurence: {Over radio} Looks like it's coming down route 33!

{Camera to Jo and Bill}

Bill: Jo, we're on 33!

Me: We're on the right track.

Jo:{Into radio} What's the path?

{Camera to Joey}

Joey: It's going about 35 miles an hour.

Nico: That's fast moving.

{Camera on Sanders and Rabbit, listening to radio, looking out windshield.}

Rabbit: Can you see this?

Sanders: I cannot see this. Where is it? Hel-lo?!

Me: I don't see it.

Rabbit: {Into radio, to Joey} Where you guys lookin'?

{Camera on Jo and Bill}

Bill: Where, where, where?

Jo: Direction, Rabbit!

{Camera on Rabbit, he's found it}

Rabbit: North, northeast.

{Camera on Jo and Bill}

Beltzer: Do you see it?

Haynes: No.

Beltzer: {Looking out at the storm} Do you got any thing up there?

Rabbit: {Over radio} North, northeast, you copy?

Bill: Shit, it's commin' right at us.

Me: I feel it.

Laurence: {Over radio} Actually, she's gone vertical, gone vertical. This sucker's really gainin' strength.

The storm clouds forming looked more ferocious.

Me: These storm clouds look to be 65 to 70,000 feet high.

Nico: Yeah.

Jo: Do you see it?

Vince: I don't see it anywhere.

Bill: Me neither. I can't- {Into radio} Beltzer, we don't have a visual. Repeat, we do not have a visual! Help us out, here!

Jo: Where is it?

Beltzer: {Over radio} Yeah, I got it Billy. It's the best motion I've ever seen! It's like the base of this fatty is about half a mile wide.

Me: Whoa! These storm clouds look mean. The top of this storm has to be 65 to 75,000 feet.

Bill: {Into radio} Rabbit?

{Camera over to Rabbit}

Rabbit: If you're goin' east on 7, it should be commin' right over that hill in a matter of minutes!

{Camera on Joey}

Joey: {Into radio} This is the one, man. I feel it.

{Camera on Jo and Bill}

Bill: {Searching the horizon} It's gotta be there.

Jo: Maybe it's stalled.

Bill: No, I think Rabbit's right. It's gonna show it's ugly face right over that hill. Jo, what do you think?

Dusty: {Over radio} You gonna go for it, Jo?

Bill: Jo?

Jo: Time for deployment, guys, let's do it!

Me: Lets get it.

{Camera over to Dusty and Melissa}

Dusty: Oh man, this is the fun part, sweetheart!

{Jo's crew stops to set up, but Bill and Jo keep going. It begins to hail.}

Me: Uh oh.

Bill: Okay, we got hail.

Jo: {Into radio} Hail. We got hail.

{Camera over to Crew setting up equipment. Dusty sets up a video camera.}

Rabbit: Sanders, pull it over. Anywhere in here. Here's good. That's good. That's good. We got a big one, guys!

{Camera on Jo and Bill}

Jo: {Into radio} Upflow, Beltzer, we have upflow, copy?!

Beltzer: {Over radio} Yeah, Jo, I'm checkin' it, I'm checkin' it, she's almost up!

Me: I see rotation.

Jo: Bill, right now, this is it.

Bill: I'll get her ready.

Me: I'll help you Bill.

{Bill slides open the back window, slides through it. The hail is pounding him, hurting him.} OW!

{Camera on Dusty and crew.}

Dusty: Do you see him? Do you see him?!

Beltzer: What?!

Dusty: The red truck going right towards the core!

Beltzer: No!

Melissa: He's not talking about Billy is he?!

{Camera back on Bill, turning on Dorothy.}

Jo: ARE YOU OKAY?! {Slowing down the truck}

Bill: I'M ALRIGHT, KEEP GOING!

{Jo speeds the truck back up. Bill flips a switch, Dorothy's sirens go on. Camera on Jo's crew.}

Dusty: {Watching everything through the video camera} Hey, Belzer, we got a view!

Beltzer: Yeah, I can see it! All right, I got it! THAT'S NO MOON, IT'S

A SPACE STATION! WHOOOOOO!

{Camera back on Jo and Bill. Stuff begins to fly past.}

Jo: Debris! We have debris!

Bill: {Getting hit again} Ow! {Trying to get a strap lose} OW! Come on, Come on! {He gets it loose} Okay!

We saw the tornado.

Me: There it is. Category 3! Winds at 150 to 200 miles per hour!

{Camera on Dusty}

Varie: We have a Category 3!

Dusty: They're in the birdcage! Oh my God! Oh my God! Melissa, look at this! Take a peek! You can really feel it with a telephoto lens!

Melissa: No!

Dusty: Oh, common' what's the matter?!

Melissa: You people are all crazy, do you know that?!

Dusty: What?!

Jo: {Over radio} Dusty, are you set up? We're not leaving 'till we get this!

Melissa: {referring to Jo} She's the craziest one of them all!

{Camera on Bill. He's still turning stuff on.}

Bill: Okay, she's almost ready!

Me: Yeah!

Jo: Hold on, we're almost there, we're almost there!

{Suddenly a fishing boat flies past}

Me: HOLY FUCK!

Bill: WHOOOAAAAAA! Stop, this is fine!

Jo: Wait, we got to get closer, just a little closer!

Bill: STOP, JO! {A tricycle rams into the windshield.}

Me: HO!

Jo: {Startled} Okay, that's close enough!

{She stops the truck, causing Bill to slam his head on the roof of the cab.}

Bill: OW, fuck! {They both go to pull Dorothy onto the road, the tornado looms overhead.} Okay, hurry, get the tailgate!

Jo: You got it?!

Bill: Yeah, she's all set, help me get her down! HURRY! LET'S MOVE!

{He tries to unhook Dorothy, down the road, there's an explosion by the funnel base}

Me: SHIT!

Jo: BILL, HURRY!

Bill: {Still trying to get Dorothy out of the truck, unsuccessfully} Damn! We gotta go now, common'!

Jo: WE CAN DO THIS! COMMON', COMMON'!

Bill: IT'S STUCK!

Me: HURRY!

{Suddenly a telephone pole falls on Dorothy, knocking her onto the road, all the sensors spilling everywhere.}

Jo: BILL!

Bill: GET DOWN, LOOK OUT! COMMON' HURRY! {Jo screams as Dorothy falls. Suddenly, the tornado is gone.} Where- Where'd it go? Where is it?!

Me: It went back into the storm.

{Camera to Beltzer}

Beltzer: {Punching buttons on his keyboard.} What's going on?! Aw, aw, I don't believe this! What the hell?!

Sanders: What's the Doppler say?

Beltzer: I, I-

Preacher: The cone is silent.

{We hear thunder}

Beltzer: {Into radio} Jo, Bill, it's over! The thing was stable, and and and then, then it's gone.

{Camera goes back to Jo and Bill on the Highway. We hear the tornado's roar, however, we don't see it.}

Jo: {Staring at the sky} It's backbuilding!

Bill: It's not through yet!{Pause}You're right it's backbuilding! {Referring to tornado} We've got a jumper here!

Me: Looks like it's gonna hit us hard!

Jo: {Into radio} Beltzer, it's backbuilding, we've got to track it!

Beltzer: {Over radio} Yeah, Jo, we know. Data's incomplete, I think you guys should get out of there, You copy?

Me: Roger that!

{Jo bends down, trying to grab sensors}

Jo: Bill, help. Bill, Help me!

Bill: Jo, we should leave!

Jo: No, no,no. Help me. Help me!

Bill: Forget the sensors! We've got to get out of here now! It's gonna drop!

Jo: Beltzer will see! If it drops, if it's anywhere near us, it will kill us!

Bill: It's not gonna drop anywhere near us, it's gonna drop right on us!

Me: LETS GO!

Jo: Bill, turn this- wait, wait, wait! No, Bill! {He pulls her away into the truck} No, no, no, no, no! Go back!

Bill: Forget it, Jo, forget it!

Jo: Go back, it's not too late! {Bill starts to drive away} Go back!

Bill: Forget it, it's too late!

{Jo jumps out of the car, and bends down to the ground, picking up the sensors. By this time the tornado is gone. We hear slow sad guitar music in the background, with a crescendo of orchestra seconds later.}

Jo: Help me! Help me!

Bill: WHAT ARE YOU DOING?!

Jo: HELP ME!

Bill: Jo, the pack's wasted, it's over!

Jo: WHAT'S THE MATTER WITH YOU?! WE CAN STILL DO THIS!

Bill: Jesus Christ, listen to yourself, you're obsessed!

Me: Oh boy.

Jo: You've never seen what that thing can do, so don't even talk to me about-

Bill: I just saw it-

Jo: You've never seen it miss this house, and miss that house, and come after you!

Bill: Christ, Jo, is that what you think it did?!

Jo: {To herself, annoyed with Bill} I don't know. {Turns and walks away}

Bill: Jesus, Jo, why can't you just forget it?!

Jo: {Turning back to him} You don't understand, okay? You'll never know.

Me: (Sadly) Jo.

Bill: When's it gonna be enough, huh?! How close do you have to get- {she's still walking away, he grabs her and turns her around} Talk to me! Jo, things go wrong, you can't explain it, you can't predict it! Killing yourself won't bring your dad back. I'm sorry he died, but it was a long time ago. You gotta move on. Stop living in the past and look at what you've got right in front of you!

Jo: What are you saying?

Bill: Me, Jo.

{She looks at him, quietly, however we can still see she is obviously emotionally upset inside. We also see Melissa, upset. The music continues, epic, but sad, as the crew drives off into a beautiful orange sunset. Then the camera comes up on the NSSL again}

Murphy: Hey, Bryce!

Bryce: What?

Murphy: You'd better get over here and take a look at this.

Bryce:{Looking at radar} The gate-the gate velocities are maxed out.

If those two cells converge-

Murphy: Inbounds and outbounds have doubled.

{They look at each other worried. Camera to a drive in movie, right after a bolt of lightning flashes across the screen. They are watching Stephen King's "The Shining". Seconds later the music ("Moments Like This") fades into the background. Dusty is watching the Doppler and the weather reports. Camera to Melissa, sitting on the bed of a motel room, part of the drive-in. She's watching the weather also. Start music, ("Love Affair"). Melissa plays with her engagement ring. At this point, she knows that Bill is still in love with Jo, and she wonders if she should even marry him. Camera on Jo, walking up to the snack bar.}

Jo: Excuse me, can I have 8 coffees to go, please?

Employee: Eight?

Jo: Yeah.

{Jo grabs a pen that's sitting on a trey. Taking out the divorce papers, she signs the last page, with a heavy heart. Her day is up. Dorothy never flew. Bill walks up to the counter.}

Bill: Two coffees, please. {To Jo.} Long day.

Jo: Uh-huh.

Me: I'm sorry about Dorothy II not making it Jo.

Jo: I know.

Bill: You know, I've been thinking about the sensors. The way they scattered out there today on the highway. I'm starting to wonder if the funnel will carry them like we thought.

Jo: Too light?

Bill: I don't know, maybe the whole thing's too light.

Me: Hmm. That could be the case.

Jo: What can we do about that?

Bill: I'm not sure.

Me: We'll think of something. But we'll have to wait and see.

{Camera back on Melissa, looking at her ring. The weather report's still on. Suddenly, the screen turns to static. This ominous occurrence lingers like a warning. Camera on Jo and Bill at snack bar.}

Bill: {To employee} Thank you.

{Jo stares at the TV inside the snack bar. It too is gone to static, Jo looks at it, the warning obvious to her. Bill notices as well. Camera back to Melissa in her room. The window curtains billow gently. Melissa turns the TV off, and walks outside, staring at the sky. The wind is softly howling. Suddenly, Jo first, then Bill turns to the north looks up at the sky. You can tell, as stormchasers, they can sense a tornado coming. We hear eerie music in the background. The wind grows louder. There is a low rumble. Camera on Dusty. He is in the van watching the Doppler radar. He suddenly grows very tense.}

Me: Uh oh! Not good!

Dusty: {Scared} Jesus, it's coming. {He jumps out of the van and starts running toward Jo and Bill, screaming} JO! BILL! GUYS! IT'S COMING! IT'S HEADED RIGHT FOR US!

Nico: OH SHIT!

Bill: {Looking around} It's already here. EVERYBODY UNDERGROUND NOW!

{The tornado sirens go off in the background}

Melissa: {Frightened} BILLY!

{Bill grabs Melissa's hand and runs towards the warehouse.}

Bill: Honey! Come on!

Melissa: What's going… what-{Too scared and tired to talk}

{The Rumble is deafening, the winds turned gales blow papers and lighter objects around.}

We saw the Tornado!

Me: Category 4! 200 to 250 miles per hour!

Vince: OH SHIT!

Nico: NOT GOOD!

Sandpit: Maybe I can use my sand to get some of the people to safety!

Me: Go for it Flint! Hurry!

Sandman did so.

Bill: Jo! JO! {Pause} Jo, Common'!

{The whole time, Jo has stood transfixed, staring at the tornado. Suddenly she snaps out of it. She runs to the snack bar, banging on the windows to warn the employees, screaming}

Jo: GET UNDERGROUND, TAKE COVER RIGHT NOW, LET'S GO!

Me: Get outta here guys!

{All run to the warehouse. Everyone is in except Jo}

Dusty: The doors! Close the Doors! Doors! Doors!

{Bill runs out to get Jo}

Dusty: BILL!

{Bill helps one last employee from the snack bar inside.}

Bill: {to Melissa} Get inside. JO, COMMON'!

{Jo, is coming but then sees Laurence, hiding under the steering wheel of his car, and goes back to help him}

Bill: What are you doing, come back!

Jo: {To Laurence} Come on, take my hand.

Laurence: I can't-

Jo: Take my hand!

{Jo and Laurence run to the warehouse.}

Bill: Come on! Hurry! Go! Go! Go! Let's go!

{They get inside. Dusty rolls the door shut.}

Bill: Everybody down in the pit! Get down! Let's go, everybody down! Jo, move, common'!

{Everyone scrambles to the pit in the floor of the warehouse, where they all huddle up in a corner in fetal position. The whole warehouse begins to shake. The windows implode.}

Bill: STAY CALM!

{Suddenly, A high pressure water hose comes loose from it's latch, and flies around.}

Preacher: I got it, I got it! {Grabs hose}Hah hah!

{Suddenly, a hub cap flies through the air and cuts Preacher's forehead. Jo hold's his head to stop the bleeding.}

Preacher: My head!

Jo: You're okay!

Varie got to healing him.

{Everyone seems terrified except Jo and Bill. Melissa is almost in shock. We hear her screaming.}

Bill: IT'LL BE OVER SOON!

Melissa: THIS IS INSANE! THIS IS INSANE! I DON'T LIKE THIS! THIS IS DRIVING ME CRAZY! I CAN'T DO THIS ANYMORE!

Bill: STAY CALM!

{Melissa continues to scream. A car rams through the ceiling. The neon sign for the drive in theater crashes ontop of the car}

Bill: {To Melissa} It's okay, honey! It'll be okay!

{Suddenly, the winds start to die down, the lights buzz and go out. Camera in Wakita, Meg's house. We see her watching TV and reading a book. She hears her windchimes, grows tense. Like screams, they tell her a tornado is coming. She heads for the stairs. Camera on the now demolished drive in, as a police car pulls up. Dusty sits in his van again, listening to weather reports. Other people walk out of the pit}

Me: What a mess!

Man: Oh, look at the truck, it's trashed!

Bill: {With Melissa, surveying the damage} Holy…..

Nico: Shit! That was intense.

Laney: No kidding.

{Beltzer comes up to Melissa.}

Melissa: Is that what it was like up on that hill?

Beltzer: That? No. We were lucky. Those were just down drafts and microbursts. Tornado just side swept us.

Jo: {To Dusty} Can you tell which way it's headed?

Dusty: It's backing northeast. It's um… It looks to hit Wakita head on.

Me: Oh no!

Jo: {Frantic} I'm goin'. I'm goin', let's go, it's Meg! Let's go!

Dusty: We're going!

{Everyone is yelling things frantically}

Bill: Jo, wait!

Jo: Where's the phone?!

Beltzer: The lines are down, Jo, I already tried.

Jo: We're going.

Bill: Damn it. Hang on, I'll drive.

Rabbit: Hey, Jo, look. We can jump on the 38 exchange and cross highway 132.

Jo: Okay.

{Bill walks over to Melissa}

Bill: Hey, honey, It's Meg. I gotta go.

Melissa: I'm goin' back.

Bill: Good, good, you'll be safe at the motel. I'll see you in the morning.

Melissa: I won't be there.

Bill: What? Why? What are you saying?

Melissa: I'm saying goodbye.

Bill: No-

Melissa: You know, I can't compete with this. I don't even know where to start!

Bill: Wait, don't do this now, please. Please!

Melissa: Sooner or later it would have ended, we both know that.

Bill: Please-

Melissa: The funny thing is, I'm not that upset. What does that mean?

Beltzer: {Running by) We can do it! Come on, let's move!

Bill: I never meant for any of this to happen.

Melissa: I know, Billy, I know. It's okay.

Dusty: Bill, come on!

Melissa: You go ahead. {Motioning to Jo} She needs you. I hope that Aunt Meg's okay.

Bill: What about you?

Melissa: Oh, don't worry about me. I know my way home.

{She walks away, by herself}

Rabbit: We can be in Wakita in about an hour.

Dusty: Bill, common'!

Me: Bill I saw what happened. I'm sorry.

Billy: I know.

{We see them get in their trucks. Camera then goes to Wakita. The "Welcome to Wakita" sign is flapping in the breeze on the ground. Everything is destroyed. We see bonfires in the streets, babies crying, families picking through wreckage. They are too late.}

Bill: Oh my God.

Me: What a mess.

Varie: My god.

Vince: This whole town has been leveled.

Jo: {Sad, almost mad at herself, as if it was all her fault} They had no warning. {Like a mirage into the past, Jo sees her mother and father hugging each other and herself, a little girl. This is a heart ripping, all too familiar situation. They see Meg's house. It's been compacted into one story. Strangely, most of the wind sculptures still stand.} Oh my God.

Me: Oh man! Meg's house is trashed.

{Jo flies out of the truck, towards the house}

Bill: Jo, Wait!

Jo: {Calling into the upstairs window.} Meg?! {Bill runs over.}

Bill: Jo, wait!

{He comes over to where Jo is}

Jo: MEG?!

Bill: Careful, this house could go any second.

Jo: MEG?!

Bill: Jo, take a flashlight!

Me: Careful guys.

{With a flashlight in hand, they step into the house, now a labyrinth of debris.}

Jo: MEG?!

Bill: This house is ready to go. MEG?!

{A dresser topples over as they walk past.}

Bill: Careful.

Jo: Meg?!

Bill: Meg?!

{Suddenly, they hear a dog whimper}

Jo: Shhh! You hear that?

Bill: What?

Jo: I think I hear something.

Bill: Easy does it

{Jo follows the sound. Suddenly they see Meg's dog "Mose" below them.}

Jo: Meg!

Bill: Mose, boy!

Jo: Mose! I think she's down here. Meg? We're here! We're coming down!

{Then, they see Meg. She is trapped under wall framing, her head and chest bleeding.}

Bill: Meg! {To Jo} We gotta get this off of her. {Meg mumbles something} Ready?

Jo: {to Meg} Don't move, don't move. {to Bill}Watch her head, watch her head.

Bill: Go! {They lift the framing off her.} I got it.

Jo: Easy, easy, easy. {to Meg} Are you okay?

Meg: Oh, I'm all right… I'm fine.

{Suddenly the TV slides toward them, however held back by the cord. They all cover their heads, nothing happens… }

Bill: Get down!

Jo: Oh, God…

Bill: We gotta go, hurry! Let's go! {To Meg} Think you can walk?

{… Suddenly the cord snaps and the TV crashes to the floor!}

Bill: Watch out!

{From outside everyone else watches as the house begins to buckle under itself.}

Dusty: MEG! MEG! Meg, Bill! {He runs over to the window where Jo and Bill entered.} Some one take my - Joey, take my watch.

{He scales the wall to the window}

Beltzer: {To Dusty} Go, go! Careful!

Dusty: {About to go in} BILL?!

{Then Jo and Bill come out, carrying Aunt Meg.}

Jo: We're okay, we're coming out!

Bill: Get an ambulance over here!

Dusty: {Helping Meg also} Get an ambulance, Lawrence, Now! Go!

{Lawrence runs to flag down an ambulance. An ambulance comes over, a paramedic hops out, gets a stretcher, they lay Meg on it.}

Joey: {Also helping} All right.

Rabbit: {Helping Meg down} There you go.

Meg: Okay, okay.

Beltzer: {Joking} How 'bout some steak and ham!

{Meg laughs}

Me: Meg thank goodness.

Laney: You're gonna be all right.

Meg: How nice of you all to come over.

{They're all talking to her. Meg is about to be placed in an ambulance. Her dog, "Mose " is still in the collapsed house}

Meg: Bill! Grab Mose for me, I think he's a little shaken up!

Bill: Don't worry I'll get him. {Calling}Mose! {Goes back over towards the house}

Jo: (To paramedic) Is she okay?

Paramedic: We'll probably keep her overnight, just to be safe.

Meg: Overnight? Forget it. I'm all right.

Varie: Actually you're in really rough shape.

Jo: You're going to the hospital.

Meg: Okay, I'll go, but I'm gonna drive myself.

Rabbit: Honey, your car is in a tree around the corner.

Lana: Yeah your car is totaled.

Meg: Ohhh.

Bill: {Calming the dog} It's okay, it's okay.

{Just as Bill comes back with Bows, the house behind him collapses the rest of the way.}

Meg: Ohh!

{Camera over to a TV set in Dusty's van, we see and hear the weather report.

Reporter: "The F4 that hit Wakita has now moved on to the north-east, I've just gotten word in that an even stronger tornado has now started to form 25 miles south of Wakita, but right now the two storm systems are funneling back, the National Weather Service saying that this is highly unusual and they are saying that this tornado could be the strongest F5 Tornado that the state has seen in more than 30 years. Get this folks we're talking winds in excess of 300 miles per hour"

Me: Holy shit!

Nico: Unbelievable.

Laney was cuddling Mose.

Vince: Powerful.

Dusty: {Listening} Oh my God. {Motioning Beltzer over.} Look at this, look at this.

{Meg is sitting in the back of the ambulance wearing a wrist brace, and a bandage around the head. Jo walks over.}

Meg: Hey, what're you doin'?

Jo: I wanna see how you are. {To paramedic} How is she? {To Meg} I was worried about you.

Varie: She's gonna be all right though.

Paramedic: {Answering Jo} All right. {Exit}

Jo: {Examining Meg's wrist} Oh, look at this-

Meg: {Quickly} It's nothing. He says I have a bump on the head, and maybe a broken wrist…

Varie: But the good news is she'll be fine.

Jo: Let me see that. {Looking at wrist again}

Meg: There's nothin' to see, it doesn't even hurt.

Jo: {Quietly} I'm sorry I wasn't there.

Meg: Stop blaming yourself, you got me out of the house. {Tears begin to stream down Jo's face} Jo, it's gotta stop. I didn't have any warning. The sirens went off a few seconds before it hit, I didn't even get down the stairs.

Varie: We know. Jo it's not your fault. We don't even know where they will head.

Nico: Yeah.

{Dusty walks over}

Dusty: Jo. I'm sorry, uh, I was listening to the radio, and, I mean, I don't even know if you wanna know, but I, it's happening, the NSSL's predicted an F5.

Varie: Whoa man.

Meg: Jo, it could of happened to somebody else. You, you go stop it.

Jo: {Crying, talking so soft, she can hardly be heard} I don't know how.

Meg: Well, I think you do. You've been chasing these things since you were a little kid. It's what you do. Go. Do it.

Varie: Yeah Jo.

We got everyone together and the Ambulance pulled away.

Me: This is crazy.

But then the Masters of Evil appeared. The Springfield Mafia, Xaldin and the Rich Texan appeared.

Me: Springfield Mafia, Xaldin and the Rich Texan.

Louie: Man what happened here?

Me: Category 4 tornado destroyed this whole town. It's like what happened to Joplin, Missouri and Tuscaloosa, Alabama.

Legs: Man that's awful.

Nico: It was.

Fat Tony: Thank you so much for taking care of Lorenzo.

Maria: It was no problem. He didn't deserve to be controlled by Sartorius like that.

Legs: (to Sora Takenouchi) Please don't make the usual insult involving me. I'm not ready for that yet.

Sora Takenouchi: I wasn't going to.

Jungle Fury Jarrod: Anyway, are you guys here to help rescue everyone?

Xaldin: Of course. I can use my winds to calm the twister down.

Me: I don't think a tornado works that way Xaldin.

Nico: Yeah but we're helping everyone out as much as we can. We saved Jo's aunt from her house before it collapsed.

Fat Tony: Is she all right?

Me: Minor injuries but she'll be fine.

Laney: I'm watching her dog for her.

Louie: Aww.

Fat Tony: But that's good she'll be all right.

Me: Yeah. We've already seen 4 tornadoes from Category 1 to 4. Intense. But this whole town has been leveled. Oklahoma is calling this the worst tornado outbreak it's seen in over 30 years. Now we have a Category 5 tornado building just to the south of here.

Louie: That's intense!

Rich Texan: How strong is it?

Me: Over 300 miles per hour. The most powerful Category 5 tornado in over 30 years they said.

Nico: Wow.

Lincoln: Intense.

Fat Tony: We'll help you guys help the people out before we fight.

Me: Thank you.

We went all over the town that was destroyed and helped out a lot of people and cleared the debris around their houses and more.

I then sensed a strong power.

Me: Uh oh. Strong power coming.

Rich Texan: Now we can have our usual battles.

Frightwig: And the best part? Captain Ginyu never showed up!

Eddy: I guess he was such a pussy that he ran scared of us.

Captain Ginyu: (glare at Eddy) So. A pussy, am I?!

Eddy: (nervously) Um… I was just joking about that!

We turned and we saw the leader of the Ginyu Force! CAPTAIN GINYU!

---

Captain Ginyu is the leader of Frieza's's elite mercenary group, the Ginyu Special Forces, the secondary antagonist of the Namek Saga and the Frieza Saga and the main antagonist of the Captain Ginyu Saga. He has the ability to switch bodies with an opponent. He was the strongest of the Ginyu Force (with a power level of 120,000), and, until Goku's power level reached 180,000 from his training in 100 times gravity, he was the fourth strongest fighter in the universe who was after Frieza, Cooler and their father King Cold. But in Dragon Ball Super's Resurrection F Saga, he served as a supporting antagonist before finally dying at the hands of Vegeta.

In the Japanese version, he was voiced by Hideyuki Hori (DBZ) and Katsuyuki Konishi (DBZ Kai). While in the English version, he was voiced by Richard Newman (DBZ, Ocean Group), Dale D. Kelly

(DBZ, FUNimation), the late Brice Armstrong (DBZ, remastered), Richard Epcar (Bang Zoom!) and R. Bruce Elliot (DBZ Kai).

The Ginyu Force was called over to Namek by Frieza to take Vegeta's Dragon Balls back from him. After doing a speical dance for Frieza and supplying him with scouters, they go to confront Vegeta and the others. The Ginyu Force arrived at the site where Vegeta, Krillin, and Gohan had all seven Dragon Balls. After securing all the Dragon Balls, Ginyu initially decided to fight Vegeta and leave Recoome, Burter, Jeice, and Guldo to do rock-paper-scissors to decide who gets to fight Gohan and Krillin, but after receiving arguments from them, he decided to take the Dragon Balls to Frieza while the others decided who could fight Vegeta. He then leaves as the others begin to fight.

When Ginyu took the Dragon Balls to Frieza, he attempted to summon the eternal dragon, but he didn' know the password, so he was unable to it, and so Frieza left Ginyu to guard the Dragon Balls while he went off to get the password from Guru. By doing to pass the time, Ginyu had Frieza's henchmen try out for the Ginyu Force. He killed one of them, Captain Strong, for being a captain like him, as he believed that he should be the only captain. Then he killed another one for touching a Dragon Ball, which he had forbidden them to do, and then he knocked out the rest of them because they lacked enough style to be on the Ginyu Force.

## Confronting Goku

After Goku defeated Recoome and Burter, Jeice ran off to get Ginyu, who was very angry at him for running away and he nearly fired him. Then Ginyu and Jeice arrived at the battlefield where Ginyu fought Goku. Then he appeared to have a bit of an advantage, until Goku powered up to his full power level, which was 60,000 above Ginyu's. There was nothing Ginyu could do to defeat Goku, so he switched bodies with him, and he injured himself before doing the body swap tecnique.

## Confronting Gohan, Krillin and Vegeta

However, to his disappointment, when he was fighting Krillin and Gohan, he discovered that he couldn't use his mind and body together, he couldn't use his full power. After killing Jeice, Vegeta beaten up Ginyu, who was tired of Goku's body and then he attempted to switch bodies with Vegeta. Then Goku jumped in front of him, and then they were switched back to normal. Then Ginyu let Vegeta beat him up for a while, and then he attempted to take his body again, but then Goku threw a frog in front of him, and then it caused Ginyu to switch bodies with it. Then Vegeta considered to finish him off, but Goku pointed out that Ginyu was no longer a threat, and the former relented, deciding that forcing Ginyu to live the rest of his life as a frog was a more satisfying punishment than death.

## As a Frog

Unable to talk and give the change command, Ginyu remained a frog, at one point he was being chased and kissed by a female frog. However, he was able to switch bodies one more time during the Freeza Saga when he tricked Bulma into putting a universal translator on him, allowing him to steal her body and leave her trapped in Ginyu's old frog body. Then he took the translator off her and then he arrived at the battlefield in Bulma's body, and then he was able to sense energy auras. Then he pretended to be Bulma as he watched the battle, but soon he ended up blowing his cover. Then he attacked Krillin, but he was unable to inflict any damage, so he tried to switch bodies with Piccolo. However, Gohan stopped him by throwing Bulma (in Ginyu's old frog body) in front of him, and it returned Bulma to her own body, while Ginyu became a frog again. Then both Ginyu and Bulma were blown away by the force of the battle when Freeza attacked Goku.

Then he was sent to Earth along with everyone else on Namek when Dende summoned the eternal dragon Porunga and wished for everyone except Goku and Freeza to go to Earth. From here, he became the leader of the fish pond at Capsule Corp.

Ginyu's appearance was very short in the Cell Games Saga, when Gohan blew out the candles on his cake and then he ended up trashing the cake, then Ginyu was seen in front of Goku's house with tears in his eyes. And his final appearance was in the Great Saiyaman Saga when Sharpner was trying to unmask Gohan (Great Saiyaman) and then he jumped down toward him, but missed because at the last second Gohan bent down and picked up Ginyu.

And then Ginyu was finally killed either by Super Buu's Genocide Attack during the Fusion Saga (which destroyed it most of Earth's remaining inhabitants) or when Kid Buu blew up the earth at the beginning of the Kid Buu Saga. This was Ginyu's final appearance in Dragon Ball Z. But he was later seen in Hell in Dragon Ball GT, and was happy to be reunited with his original body.

## Dragon Ball Super

Then Ginyu returns in Dragon Ball Super as a frog. As he witnessed the revival of Frieza with Tagoma and Sorbet putting the remains of Frieza in a container. And a few months later, he snuck onto Jaco's spaceship to get onto the battlefield. Then he approached Tagoma while he laid down after a blow from Gotenks. Then he was able to trick him into switching bodies by writing 'Change' in the dirt. It is also unknown why he got brought back to live after they wished to bring the non-evil people back. One could assume that Shrenon thought that since Ginyu was a frog, he had no moral agency. That and as shown before, he didn't cause any trouble while stuck.

Then he ends up attacking the Z-Fighters, with Gohan easily beating him in two blows. then Gohan spared him, which it caused Frieza to try to kill Gohan with his Death Beam Barrage. As Ginyu tried to defend Frieza, Goku and Vegeta showed up and then Ginyu showed some hatred towards Goku and Vegeta for him being trapped in a body of a frog for so many years and then he attempted to attack them out of vengeance. But is then Vegeta killed him immediately with a Ki Blast, and it put an end to Captain Ginyu and his body-switching ways for good.

## Powers and Abilities

As most villains in the Dragon Ball series, Ginyu can fly, use telekinesis, generate multiple ki Blasts, and he possesses superhuman strength, speed, and endurance. His most unique ability was his Body Change. He used that ability to switch bodies for what opponent he goes up against. Aside from his super abilities, Ginyu seemed to be knowledgeable of tactics, both martial and military as he instructed his men in attack styles and then he organized the siege of planets for Freiza. While he and his men were played for comic effect in the saga, Ginyu himself actually seemed to be a source of moral. Then the entire Ginyu force, Captain Ginyu included, seemed to be really skilled at raising spirits and in-fact, each of their boosts or their team-mate's spirits with a variety of poses and cheers. The poses Ginyu does with and for his men weren't just for theatrics sake, but it was a practical form of moral enforcement. He is also ruthless enough to ensure that his men fear him despite treating them well.

---

Me: So you are Captain Ginyu. Master Goku told me all about you and how you have caused him a lot of trouble when you switched bodies with him.

Captain Ginyu: That's right. So you are the famous J.D. Knudson of Team Loud Phoenix Storm.

Me: That's right.

Vegeta: That's too bad Ginyu, because I liked you better when you were croaking.

Ginyu: You Saiyan's can treat it like a big joke, but for me it was years of agony! Out of all the bodies, you trapped me in a frog!

Me: Frog?

I then saw a Namekian Frog come up.

Me: Huh?

I picked it up.

Me: Is this the little guy?

Ginyu: Yeah that's him! I was taken to this planet somehow while still inside him.

Piccolo: It was the Dragonballs.

Nico: What do you mean Piccolo?

Piccolo: On Namek, when Frieza's attack was about to rip the planet apart. Dende asked their dragon to transport everyone except Goku and Frieza to Earth to avoid casualties.

Krillin: And Ginyu came too!? So he has been here this whole time!?

Nico: It would appear so.

Bulma: I HATE THAT FROG!

Varie: I guess you have a bad history with that frog Bulma.

Bulma: I don't want to talk about it.

Me: Let me guess, he switched bodies with you when you were separated from everyone else on Namek.

Bulma: That's right! How did you know that?

Me: I could tell from your reaction Bulma that he did that to you.

Ginyu: That is a good memory on her though.

Me: True.

?: I agree.

Another figure came out and it was BLAZE HEATNIX!

Blaze Heatnix: Blaze Heatnix at your service! (jumps up and spits fireballs at Fire Man)

I absorbed the fireballs.

Me: You look really awesome as a phoenix. One of my favorite creatures. Also this town has seen a lot more destruction than anyone. So lets not fight here.

Xaldin: Good idea. I have just the planet.

Me: We'll be right back Jo.

Jo: Okay.

Xaldin snapped his fingers and we were on a really awesome planet. We were on the barren wasteland planet PEPTOS XI!

---

Peptos XI was the former home planet of the Gourmands.

From space, Peptos XI was a pink planet, with different shades of pink in different areas.

Peptos XI was once one of the most vibrant planets in the entire universe. Its rich crops, abundant wildlife and diverse spice trade made it the best fed world in the sector. However, when the Gourmands made Peptos XI their home, Peptos XI became a world of dust and gravel.

Peptos XI was the 11th planet in the Peptos system, and due to the Gourmands' unnatural eating habits, the 11th home planet of their species became a big wasteland because of them.

In Tummy Trouble, Peptos XI was eaten by the Gourmands when Queen Voratia Rumbletum issued Plan Omega. Knowing the Incurseans can't take their planet when there is nothing to take, the Gourmands devoured it and left for a new home on one of the other 63 planets in the Peptos System.

---

Me: Whoa! What is this planet?

Xaldin: It's the Home planet of the Gourmand's, Upchuck's species, Peptos XI.

Me: Whoa! So this is Peptos XI.

Varie: Wow. It's a barren wasteland.

Riley: I was expecting Peptos XI to be more of a lush planet full of life. Not a barren wasteland.

Ben: It was once full of life until all the Gourmand's ate everything here and turned it into this.

Lana: Wow.

Nico: I'm not surprised. With all the food that the Gourmand's eat, it was turned into this.

Shanan: Yeah.

Me: Anyway it's perfect for our battle.

Troy: Since we just saved a lot of people, I know the perfect team to use.

Megaforce Rangers: Legendary Ranger Mode: Lightspeed Rescue!

The Megaforce Rangers turned into the Lightspeed Rescue Rangers.

Me: Lets get them!

We powered up and went at them.

## Battle 1: Springfield Mafia

Sora Takenouchi, Sandpit and Gargoyle were facing the Springfield Mafia.

Sora Takenouchi: This is gonna be an awesome and fiery battle.

Legs: It sure will be.

Louie: Yeah.

Fat Tony: Lets dance.

Sandpit: Gladly.

Gargoyle: Lets rock!

The Springfield Mafia called out their Pokemon and they went at the mafia and punched and blasted them all over the place and knocked them down and out.

Sora Takenouchi: Yeah!

## Battle 2: Xaldin

Beast Boy, Jarrod and Camille were facing Xaldin.

Beast Boy: Lori is not showing as much hatred towards you as she did before.

Xaldin: I'm glad.

Jarrod: Shall we dance?

Xaldin: Lets.

Camille: Bring it on.

Xaldin called out his Pokemon and they went at him and Jarrod and Camille blasted him all over the place and Beast Boy turned into a hummingbird and flew into the air and then he turned into a brachiosaurus and crashed down onto Xaldin and his Pokemon and crushed them.

Beast Boy: Now that is a Primal Victory.

## Battle 3: Rich Texan

Becky, Bleez and Frightwig were facing the Rich Texan.

Becky: This is gonna be an interesting fight.

Rich Texan: It sure is.

Bleez: Lets dance.

Frightwig: Lets do it!

Becky formed a rifle out of cactus and Bleez formed a red energy pistol and Frightwig had her hair ready. Rich Texan had his Pokemon ready and they went at him and blasted him with cactus and energy and smashed him all over and more and knocked him and his Pokemon out.

Becky: That is a prickly victory! (Rimshot)

---

Battle 4: Blaze Heatnix

---

Nico and the Megaforce Rangers were facing Blaze Heatnix.

Nico: Your wings would be perfect for a friend of ours at school.

Blaze Heatnix: Then come and get them.

Nico: With pleasure.

Nico and the Megaforce Rangers blasted Blaze Heatnix all over with incredible power and blew him to pieces. All that was left of him were his wings.

Nico: Thanks for your wings.

Troy Burrows: Super Mega Rangers, that's a Super Mega Win.

Nico took the wings.

---

Battle 5: Captain Ginyu

---

We regrouped and we were facing Captain Ginyu.

Me: You know I heard when Master Goku faced you the last time he showed you his full power.

Captain Ginyu: Yes he did. He had a power level of 180,000 when I faced him.

Me: That's impressive. But I on the other hand have ascended to new heights. Lets see if your scouter can measure this. Get ready for a show.
HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

We powered down.

Nico: Yep.

We went back to Earth and the Masters of Evil came.

Rich Texan: Before you say anything, we had nothing to do with Ginyu.

Krillin: We know. I don't think you guys have any of Goku's enemies in your ranks.

Xaldin: Of course not. But we do plan to have 120 members by 2021.

William: Good to know. It's probably gonna be twice as big as the Legion of Doom once was.

Fat Tony: You think we'll get medals for saving those people today.

Maria: You can count on it.

Legs: That's nice to hear.

The Masters of Evil teleport out.

Me: Now lets get back to work.

We went over to Jo.

Me: Sorry about that guys. Usual fights.

Bill: No worries.

{Jo is standing facing the house, staring at Meg's wind sculpture. Haynes notices, slapping Joey on the arm and pointing. Bill walks over to her.}

Bill: You all right? {No response} I thought you'd go to the hospital with Meg. {She is still standing there, staring} Jo? What is it? {Pause} What is it?

{The sound of wind chimes fills the air, as if a memory, or a thought}

Jo: I know how to make Dorothy fly.

We looked at the wind sculpture.

{Bill looks at the wind sculpture for a second}

Bill: {Knowing what Jo's idea is} Of course. Of Course!

Me: Looks like we're going to give the sensors wings.

Jo: {To crew} All right, I need every aluminum can you can find!

Bill: We need cutters and duct tape! Haynes, Beltzer, I want to get the last Dorothy's on the back of my truck, and I want them both on there right now!

Dusty: We're gone!

Me: Lets do it!

{Music drums loud and fast as Camera goes into aerial view of Jo's crew and us skimming across a bridge in front of an Oklahoma sunrise. Camera then goes to half the crew in the back of Beltzer's van, cutting pin-wheel fans out of aluminum cans and screwing them onto the sensors. Camera then goes to the outside. Cars going the other direction honk their horns as an F5 twister spins in the distance.}

Me: There it is. Category 5! Winds at 250 to 318 miles per hour!

Nico: It's massive!

Vince: HUGE!

Jo: {Over radio} Dusty, you ready for us?

Dusty: Yeah, yeah, we're good! {Affirming with everyone else in the van} We're good? We're good? Very good!

Bill: Let's go, come on!

{They stop the caravan on the highway.}

Jo: You get 'em done?

Bill: I think so.

{Haynes, Beltzer, Rabbit, and everyone else pulls out boxes of sensors, now with the fans attached. Box, after box, they dump them back into Dorothy 3 and Dorothy 4.}

Me: Awesome.

Dusty: Beautiful!

Bill: {Closes the lids on the Dorothys.} Okay, okay!

Beltzer: Great job, guys, just be ready to record. Be careful, all right?

Jo: Don't follow us close.

Me: We'll be careful.

Joey: All right, you got it, boss.

Rabbit: Okay!

Joey: We're back in business!

{They all hop back into their trucks. Music triumphant and hopeful.}

Dusty: Come on, let's go!

{Camera on Jo and Bill}

Jo: Half a mile more?

Bill: That's sounds right. I figure we'll put it right in the middle of the road.

Me: Wow. It's massive.

Jo: Unless you think somebody'll hit it.

Bill: Nobody'll be there.

{The F5 tornado approaches the road that Jo and Bill are on. They're in Bill's truck, Bill is driving. The roar of the tornado is deafening. Bill stops the car, and Jo and Bill get out. The tornado is on the road, directly in front of them. Bill goes around and he and Jo take Dorothy #3 out of the back of the truck.}

Bill: Hurry! Let's go, common'!

Me: Okay!

{It's sirens are on, We put it out in the road for the tornado to take.}

Bill: Okay, that's good!

Jo: You got it?

Bill: Let's go!

Me: Right!

{They get back in the truck, Jo grabs the CB radio}

Jo: {Into radio} Dusty, you in position?

Dusty: {Over radio} Yeah, we're prime, ready for contact!

Me: Copy that!

{They turn around and get a good distance away, watching}

Jo: This is it.

Bill: It's gonna work.

Me: Lets hope.

Jo: {Into radio} Just another minute, Dusty!

Dusty: {Over radio} We're ready for it!

{They watch hopeful, Jo gets out the video camera. Dorothy rolls back and forth across the road.}

Jo: Common', common' TAKE HER!

Bill: It's too light-

Jo: NO IT'S NOT!

Me: Here we go.

{Dorothy rolls across the road and back again}

Bill: We're losing it!

Jo: No we're not! She can still fly!

{Suddenly an uprooted tree tips Dorothy over, and the tornado decides to change direction… towards Jo and Bill.}

Bill: GET IN!

Me: HURRY!

Jo: Let's go!

Bill: My God!

{They try to drive away, but the car gets stuck on the uprooted tree in the middle of the road.}

Jo: Oh my God…

Me: Holy shit!

{Following dialogue delivered one after another}

Bill: {About the car} Common'!

Jo: Get us off this thing!

Bill: Comon'!

Jo: Bill, punch it! {the gas pedal} BILL! Let's go! Right now! Hurry!

{Bill still floorin the gas, trying to get the truck off the tree.}

Jo: What is that?!

{Pause.}

Bill: What is that?

{They both see something metallic flying around in the tornado.}

Me: It's a fuel tank truck!

Jo: Bill, hurry! HURRY! HURRY!

{still unsure, but whatever it is, it's huge}

Bill: This is not good!

{Suddenly they see what it is. It is a tank truck! Bill floors it again, no success.}

Jo: HURRY!

{Bill throws his whole body weight onto the gas pedal… }

Bill: Hold On!

{… Suddenly the car snaps forward as it's nudged by the tank truck coming right at them!}

Jo: LET'S GO!

{Suddenly the tank truck falls to the ground right in front of them, exploding.}

KRABBBBBBOOOOOOOOOOOOOOOOOMMMMMM!

A massive fiery explosion burned the road all over.

{They drive right through it and I absorb the fire. Jo holds on to the roof, almost scared. (Well wonders never cease!)}

Another explosion happened.

KRABBBBBBOOOOOOOOOOOOOOMMMMM!

Bill: {To no one in particular} Son of a bitch!

Dusty: {Over radio} Jo, Bill, You all right?! Fact, can you guys hear me? You okay?

Jo: {Into radio} We're okay.

Dusty: Jo, Bill, did you see that explosion?

Jo: {Humorlessly} We saw it.

Me: We live for explosions.

Rabbit: {Over radio} This monster is still moving northeast on 80, you copy?

Me: Copy that.

Bill: This is it. Last one.

Jo: Last time.

{Camera to Jonas' crew. With the direction they are headed, they look like they will reach the tornado first.}

Flanders: {Into radio} Mobile Lab to Mobile 1, ground speed still increasing, {Camera on the F5}, the base must be at least a mile wide, we can't see it anymore! What is your location?

Jonas: {Into radio} We're right along side her. She's beautiful. We're getting ready to play, so pull back and prepare to monitor.

{Camera on Jo and Bill. They are looking over in the direction of Jonas' crew.}

Bill: They have to be there somewhere.

Me: I see them.

{Camera on Jonas}

Jonas: Okay, path is stable, copy that? Men, this is it! This is the one! Stay sharp back there!

{Camera on Jo and Bill}

Bill: They have position. They could make it.

Me: Wow.

Jo: Not unless they anchor the pack. {Into radio} Jonas? This is Jo. Can you hear me?

Jonas: {Over radio} Not now, Harding.

Jo: {Into radio} Jonas, listen to me. The pack is too light, the twister will toss it before it reaches the core, you have to anchor it.

Me: She's right Jonas.

{Camera to Jonas}

Jonas: {Into radio} Oh, sharing valuable information, Jo? {Flatly} Okay I'll consider that, thank you.

{Camera to Jo}

Jo: {Into radio} Jonas, listen to me! Don't be a- {Bill looks at her} What? Do you see them?

Bill: {Into radio} Jonas, what's your position?

Jonas: {Over radio} Oh, howdy, Bill. We are heading northeast running parallel and about to pull ahead of it on the left, why?

Bill: {Into radio} Hang back a minute, we've got a pretty good view from back here. She could shift her track, and if she does, she's gonna come right at you! Do you copy?

{Camera to Jonas}

Eddie: Maybe we should do what he says. He'd never put us in harm's way.

Jonas: When I want your opinion, I'll give it to you. Keep your mouth shut, put your foot on the gas, and stay on this heading.

Dean: {Over radio} It's unbelievable!

Jonas: {Into radio} What is it, what's wrong?

Dean: {Over radio} The base is so, huge! It must be at least, a mile wide! Do you copy that, Dr. Miller?

{Camera on Jo and Bill}

Bill: {Into radio} Jonas, listen to me. This is not a game!

{Camera on Jonas}

Jonas: Get off this frequency, Bill! {He switches off the radio}

{Camera on Jo and Bill. They watch the tornado}

Jo: She's shifting.

Me: Oh shit!

Bill: Oh my God. {Into radio} Jonas, I'm telling you…. Eddie, I know you can hear me! Turn around now! Get out of there!

{Just as Jo says, the tornado shifts direction and spins over Jonas' crew. Jo and Bill watch as the black Windstars fly through the air.

Camera on Jonas. He's in his car screaming}

Eddie & Jonas: LOOK OUT!

I snapped my fingers and then beamed both Eddie and Jonas into the back of Bill's truck just as the truck was sucked up into the air and exploded when it crashed into the ground.

Jonas: What the?

Bill: Jonas!? Thank god.

Eddie: Thanks J.D.

Me: Anytime.

Jo: We tried. There's nothing we could do.

Bill: Yes there is.

Me: There still is hope.

Beltzer: {Over radio} Bill, Jo, ground speed is increasing. Get ahead of it as fast as you can or she's gonna bury ya!

{Jo, Bill, Jonas and Eddie are still in the truck, going down a highway, now chasing the F5 twister. Debris starts flying past the truck.}

Jo: Debris! DUSTY, WE HAVE DEBRIS!

Bill: DEBRIS?!

Me: INCOMING!

{The debris consists of cars, tractors, road signs. It's falling everywhere. Jo directs Bill as it all falls around them.}

Jo: RIGHT!

{Bill swerves right.}

Jo: LEFT!

{Bill swerves left.}

Jo: RIGHT!

{Bill swerves right.}

Jo: LEFT!

{Bill swerves left.}

Jo: {A tire crosses the windshield} DUCK!

Me: HIT THE DECK!

Bill: What now?

Jo: {Out of breath} I have no idea.

Beltzer: {Over radio} Bill, Jo, you still with us?

{Suddenly a house comes rolling along and stops on the road.}

Jo: Oh my God.

Me: OH SHIT!

Bill: {Referring to house} I think we're goin' in!

Jo: {Holding onto roof} AHHHHHHHHHHHHHHHHHHHHHHHHHHHHHHH!

{They plunge through the house in their car.}

Bill: {After they've popped back out} Maybe we should get off of this road.

Jo: I think you may be right.

Me: Agreed.

Dusty: Jo, Bill, you all right?

Jo: Yes. You guys set up?

Dusty: Jo, we're set. Goin' in?

Jo: We're goin' in.

Me: First lets get these two back with their group.

I snapped my fingers and teleported Jonas and Eddie to their group.

Bill: You ready?

Jo: I'm on it.

Bill: Be careful.

Me: Here we go.

{Exciting music in background. She opens the back window of the truck and crawls through. Dorothy #4 is loaded up in the back, Jo switches it on and crawls back inside.}

Jo: She's up.

Bill: Okay.

Me: Roger that.

{Camera over to Dusty and crew. Jo and Bill have turned, and are now driving through a cornfield.}

Sanders: Where are they? I can't see 'em!

Haynes: Doppler tracking is great. Wind speed's still increasing.

Beltzer: I've never seen anything like this.

Varie: Unbelievable.

Dusty: They're gonna punch the core.

{Camera back on Jo and Bill. They are driving in the cornfield and I was flying above them right towards the tornado.}

Me: Oh my god!

Jo: You ready?

Bill: Yeah. Let me just set the cruise control. {He does} Okay we're good.

Jo: On three?

Bill: On three. Go.

{They open the doors and stand, the truck is still going 50.}

Bill: Ready?

Jo: Ready!

Bill: One… Two… Three!

{They jump out of the truck, roll to the ground, get up, I stopped and I was flying above them and we then watch the truck continue into the twister.}

Jo: {Following truck with her hand} Go. Go. Go! GO! GOOOO!

{As the truck and Dorothy are lifted up into the twister, and the sensors fly up into the air, we hear the haunting sound of the windchimes. Celebrative music as Jo and Bill hug.}

Jo: Yes!

Bill: YES!

Me: BINGO!

{Camera over to Dusty's crew}

Dusty: Dorothy's flying'! Baby, she's flying'!

{All ad-lib, "Yes", "It's Working'", etc.}

Joey: We're going to be very popular!

Nico: WOW! AWESOME!

Varie: Wow!

Beltzer: {Looking at Doppler radar and all the data coming in from the sensors.} It's Christmas Time! Look at that!

Haynes: I'm already getting readings!

{Everyone suddenly grows quiet}

Haynes: You guys, it's about to shift northeast.

Nico: Uh oh.

Dusty: {Into radio, but of course, they're not there} BILL, JO, YOU'VE GOT TO GET OUT OF THERE, YOU COPY?!

{Camera over to Jo and Bill. As the twister comes toward them, rows of corn fly up into the air}

Bill: Oh no! RUN!

Me: LETS GET OUTTA HERE!

I flew back to everyone.

{Both break off in a dash through the cornfield. They approach a farm with a barn.}

Bill: The barn, common'! Look out!

{They run up alongside a picket fence. All the boards are plucked up one by one right behind them. Suddenly, Jo sees an opening in the fence to crawl through.}

Jo: BILL, HERE, HERE!

Bill: COME ON, HURRY! {They climb through} TO THE BARN!

{They run to the barn. Fence boards slam and stick in the barn walls. They get inside. Sickles, knives, and saws hang from the ceiling.}

Bill: Stay down!

Jo: My God, who are these people?!

Bill: I don't think so! Common'! Let's get out quick! {They run out of the barn, then duck as the roof of the barn flies over their heads.} Oh my God! Common"! Run for it!

{They yell to each other but most of it can't be heard over the wind. They continue to run until they get to pumphouse.}

Bill: {the door to the pumphouse won't open}COME ON! {He finally opens it}JO, GET IN!1

{As Jo goes inside, a piece of a roof flies past her. She screams. They go inside. The well is a "U" shaped pipe coming up out of the ground.}

Bill: Here! These pipes go down at least 30 feet. We anchor to 'em, we might have a chance!

Jo: {Grabs rawhide straps} Bill!

{She hands them to him but they break.}

Bill: No good. {Sees more} This one! Common', get in! {Grabs it, ties it first around them, then loops it on to the pipes.}Hold on!

{Suddenly the walls and roof are lifted away and only Jo, Bill, and the pipes remain.}

Bill: HANG ON!

{The tornado looms overhead, Jo and Bill are lifted up in the air, however still attached to the pipes. They look up. They are looking at the inside of the tornado! Angelic music fills the air, and Jo is awe struck. They stare up at a light at the top of the twister. Lightning circles around the light. The music crescendos, then resolves as the clouds, the lightning, and the twister blow away. We see a family come up out of a storm cellar, horses galloping away, then the camera goes back to Jo and Bill, sitting under the pipes.}

Jo: You all right?

Bill: {He nods} Wow, look at that. It didn't take the house.

{Hard rock music ("Humans Being") fades in as Dusty's crew approaches.}

Jo: We did it.

Bill: Yeah, we did. Dorothy really flew.

Jo: It was a good idea.

Bill: Yeah, well I…

Jo: {In realization} We've got so much to do.

Bill: Yeah.

Jo: I've got to get grant approvals for a new warning system, we need a bigger lab, you've got to do an analysis of all that data…

Bill: I do?

Jo: Yeah, we've got to generate models out of all this data, and I need to run the lab-

Bill: Oh, no, no,no. You're doing the analysis, I'm running the lab.

Jo: You're running the lab? I don't think so!

Bill: I'm running the lab! G- Do you always have to do things the hard way?

{Dusty's crew walks over}

Haynes: You got it guys, the sensors worked! The computers went crazy, we've got data coming out of our ears!

Me: Wow!

Nico: They sure did. It was incredible. But thank god you two are okay.

Varie: Yeah.

Laney: But that was so awesome!

Naruto: It sure was.

{All laugh}

Beltzer: Biggest twister ever recorded!

Dusty: Awesome, man!

Nico: It sure was.

Lana: This was incredible!

Sanders: Hey, Jo, Bill, check out that sky! {The sky is clear}

Jo: You know what, I think we've seen enough!

{Jo and Bill kiss}

Goku: (To the viewers) This was an intense weather adventure. Be careful when you see weather of any kind in your area.

Me: You said it Master Goku.

We later went back home and got new warning systems in place and more. We also set up a charity fund for rebuilding Wakita. Jonas and Eddie decided to quit the tornado chasing business.

Another awesome fanfiction complete.

Twister from 1996 was an awesome movie and it was so awesome how that movie played out! Helen Hunt and Bill Paxton did a great job in that movie and this chapter was made as a tribute to Bill Paxton. He died of a stroke after he underwent aortic aneurysm repair surgery and it was sad that he died. But he starred in so many movies and they were awesome!

R.I.P. Bill Paxton - May 17th, 1955 to February 25th, 2017.

This was an awesome and epic weather chapter. NicoChan11 gave me the ideas for this. Thanks man. Next up is an awesome show called Viva Piñata and we're going to get rid of the piñatas pest problem: Professor Pester and make him pay for his crimes.

See you all tomorrow.

# VIVA PIÑATA FILLED WITH FUN!

In the middle of the Atlantic Ocean, we were on an awesome island that was home to awesome piñatas and every creature was a living piñata and it was so awesome!

---

Piñata Island is the place the crepe paper creatures call home. Here you'll find lush emerald jungles, white sandy beaches, and inviting garden habitats. There are even new environments that haven't been discovered yet! You won't find it on a map, but its ideal location insures that a Piñata can reach any party on any continent.

Why is it that Piñata Island is the only place in the world Piñatas can be found? Even the Piñatas don't really know - but with so much happening in the garden, what with weird new Piñatas arriving all the time, crazed black-market Piñata poachers trying to muscle in on the factory's action, mysteries to solve, violent garden pests (referred to as "Sours") to contend with, and constant opportunities to dance - who has time to worry about it?

The only thing upon which these Piñatas can agree is that on Piñata Island, anything can happen…

---

Me: Wow! Look at this island.

Nico: Wow.

Agony: I can't believe we're on an island full of living pinatas.

Laney: This is amazing!

Lola: It sure is!

Naruto: Yeah!

Lily: It's so awesome being here.

Me: I think we're also the first humans ever to set foot here on this island.

Vince: I think so too.

Me: It's a pleasure to meet you.

Paulie: It's really nice to meet you guys!

Me: Same here. Are we the first ever humans to visit Piñata Island?

Paulie: You sure are. Let me show you all around.

We followed Paulie and we walked around Piñata Island and it was a really awesome and really amazing place. We saw a lot of amazing Piñata's and really cool creatures. We also met all of Paulie's friends: Fergy Fudgehog, Franklin Fizzlybear, Hudson Horstachio, Ella Elephanilla, Les Galagoogoo, Tina and Teddington

Twiggersnap, Fergy's boss and big time jerk Langston Lickatoad and many more.

Ash: There are lots of Pinata species like Pokemon.

May: And the names are a combination of animals and candy.

Nico: My kind of people.

Mary K.: I was just gonna say the same thing.

Maria: (to Ella) Ella, you and Leni are very similar.

Ella: I know. I'm similar to who now?

We laughed.

Fergy: You guys aren't here to get me launched are you?

Me: I don't think so. Why?

Fergy: Well you see, I hate being beaten by sticks and I am afraid that if I get launched, I'll die when I get beaten by sticks.

Pain-Yatta: I know how you feel Fergy. I may be a Piñata myself, but I don't like being beaten by sticks too.

Nico: Fergy, you're not gonna like this but I think you need to get over this fear of parties.

Fergy: What?! But I don't want to get busted open by a baseball bat!

Maria: But if you keep running from Langston, you're just making his job harder.

May: Why don't we have a shot at busting you open so you'll see it's not all bad?

Fergy: Are you trying to kill me?!

Reflector: No. Believe me, getting Hakaiied is much more worse then being busted open by a baseball bat.

Me: He's right. Also you piñata's live for being busted open at parties and all that. It's fun. Besides it won't hurt at all.

Hudson: J.D. is right Fergy. Being hit is not that bad. It's all for fun and for the candy we have.

Me: Yeah.

We got Fergy tied to a rope as he is hung from a tree.

Me: This won't hurt at all Fergy. Trust me.

I went over to Lola.

Me: Here Lola.

I handed her a red, orange and yellow Piñata stick.

Me: This is my lucky piñata smashing stick. I used this on my first Piñata I had at my birthday party when I was in Colorado. You are more than welcome to use it.

Lola: (Takes the stick) Thanks J.D.

Me: Smash him Lola.

Lola: With pleasure.

Lola put on a blindfold and she went up to Fergy.

Fergy: Oh fudge.

Lola then swung and smashed Fergy into a pile of paper!

SMASH!

We cheered for her! And to Fergy it didn't hurt at all.

Laney: Nice shot Lola!

Lola took off the blindfold and saw what she did to Fergy and it was awesome! He was loaded with all kinds of candy!

Lola: WHOA! THAT WAS AWESOME!

Me: Not bad Lola!

Langston: See, Fergy? That wasn't so scary, now, was it?

Fergy: No it wasn't. AWESOME! Thank you guys for helping me get over my fear.

Me: No problem Fergy.

Luna: This place is amazing.

Hudson: I'm glad you all came. We need your help to take down our number 1 enemy.

Me: Who is that?

Hudson: His name is Professor Pester.

Hudson went over his history.

---

Professor Lester Pester, or better known as Professor Pester or also simply known by his surname Pester, is the main antagonist of the Viva Piñata video games and the TV series. He is the diabolical leader of the Ruffians. In the TV series, he is also revealed to be the creator of the Sour Piñatas.

He was voiced by David Brimmer, who also played Zanramon in the 2003 Teenage Mutant Ninja Turtles cartoon series.

Professor Pester's name used to be Lester, but because of his evil planning Jardinero calls him Pester, a name Lester would take as his permanent first name.

He used to help Jardinero with his garden. He was originally named Lester before he ruined Jardinero's hard work, after he sent him after a legendary Dragonache tale. From then on, he was now known as Professor Pester, he even lured Jardinero's son by the name of Stardos into his lair to try a piece of sour candy which changed him into Dastardos.

Space Race

Pester kidnaps Hudson and takes him for 10,000 pieces of candy ransom.

She Stomps At Night

Pester tricks a Taffly to kidnap Ella, so that he can beat the candy out of her. However, she starts to stomp around, sleep walking, and Fergy and Paulie try to defeat the Taffly while making her avoid Pester's traps.

The Old Piñata's Home

Pester and his brutish goons try to kidnap the old Piñatas so he can beat the candy out of them. When the old piñatas are asleep, he and his goons try to sneak into the rooms, only for the piñatas to come out and beat him with their canes. He tries to run, and accidentally into a TV, which accidentally makes him fall through the home and into the river.

Slay 'em at the Sands

His funniest episode, Pester kidnaps a group of laughing Pieneas in his Pester Car. He tries to do comedic acts to make them laugh and "Split their sides". However, Paulie and Fergy come to the rescue, and Pester accidentally defeats himself in an attempt to make all the Pinatas "Split their sides".

Mission Impiñatable

A parody of Mission Impossible, Pester kidnaps Hudson and Fergy and his friends have to save him.

Pester's Party

Pester and his goons disguise as a "Normal Family". Pester uses his laptop to hack into the Cannonata to launch Paulie and Fergy into his "home", so he can bash the candy out of them. However, things go wrong as more Piñatas come. Soon discovering Pester, the villain flees.

Pester the Piñata

Pester accidentally loses his memory and thinks that he is a Piñata. He soon loses his memory again and thinks that he is actually a Ruffian.

The Great Gob Rush

Pester sets up some Golden Gobs filled with caramel so he can trap dumb Piñatas and bash the candy out of them. Fergy and company fall for his trap, but they soon escape after Pester's idiotic and nonsensical henchmen accidentally trap him and release the Piñatas.

Recipe for Disaster

Pester disguises as a cook again, and competes against Paulie and Fergy and Shirley to get an unlimited supply of candy. He fails, and Shirley manages to win.

---

We gasped in shock!

Me: He's nothing but trouble! Looks like we got here just in time to help bring him down.

Lincoln: And after that, me and Luna are gonna stay here forever.

First Aid: Lincoln, what do you mean that you and Luna are staying here after we take Pester down?!

Lincoln: We're sorry, guys. We had fun fighting alongside you all. But you have to admit. Aside from Pester, this island is very peaceful.

Luna: Plus, if we stay here, then we don't risk becoming like our Royal Defenders counterparts.

Hudson: Okay, I'm glad you think that about Pinata Island. But what about the good things you two have done for so many people over the years?

Lincoln: (bitterly) Oh, please. Everything good me and Luna have done is all because we acted recklessly without thinking. And in Gotham Royal York, it's one stressful thing after another.

Luna: Besides, name one heroic deed that we've done without being reckless.

Me: You guys have done so many heroic deeds. You took Lincoln to his first concert and you and Sam became girlfriends and you also helped Sam kill her evil uncle and stood up for all LGBT rights. That's a big achievement.

Fergy: That is big.

Hudson: But who are the Royal Defenders?

Me: They were a parallel universe version of us that essentially went bad. We found out about them a few weeks ago and went into war against them a few days ago and won against them. Saving their universe from their tyrannical oppression.

I went over everything about them and more and the piñatas were horrified!

Langston: That's awful that they are that dangerous!

Nico: No kidding. But we defeated them and put them in prison where they belong.

Me: Yep. But they are just like the Justice Lords. They were an alternate universe version of the Justice League.

Paulie: Man.

Naruto: Yeah.

Me: Also Luna not only that but you saved your brother from danger more times than anyone else in your family even before you got your powers. You saved him from bullies and even jerks that hurt him.

Lori: That's right and you being a guardian to Lincoln literally makes you more than a hero.

Luna: What does that make me?

Lori: A saint. You literally are the best sister for Lincoln.

Me: Well said Lori.

Eloá: Si.

Hunter: Ja.

Luna then broke down crying in happiness and she hugged Lincoln and Lincoln then cried hard in happiness too.

Me: Aww. Now we have to get ready. We're going to bring Pester down for good.

Teddington: You think Pester's bad? Wait until you see the Sour Piñatas!

Me: Oh boy. We better be ready for him. But if his Sour Piñatas are that dangerous then we're gonna need a plan.

Paulie: I like it.

Me: First we have to see what his Sours look like and then we'll have to see how dangerous they are. Lets head for his lair.

We were off to the lair of Professor Pester.

---

In the arid wastes of Piñata Island, we were at the evil lair of Professor Pester.

Nico: Okay I'll go in first and confront him.

Me: Okay. Be careful.

Nico then beamed into the lair.

Pester: Soon my plan will be complete.

Nico: I'm sure it will.

Pester saw him.

Pester: NICO CHAN!? What are you doing here?

Nico: What else? To stop you from hurting the Piñatas.

Pester: (smirks) I guess this is the part where you kill me, right?

Nico: And banish you to the Warp! (holds out hand) HAK-

Nico got cut off as I heard a growl. He turned around to see all 12 Sour Pinatas glaring at him ferociously.

Nico: (gulps) Um… nice Sours?

The Sour Mallowolf bites him on the butt.

CHOMP!

Nico screamed in pain as it took a chunk out of his butt and he teleported back.

Pester: Now uh… Where was I? Ah yes.

We were hiding behind the rocks near Pester's lair and Nico appeared.

Wood Man: You ok, Nico?

Nico: He has 12 Sour's in there and one of them bit me on my butt.

We saw a chunk of his butt ripped out.

Laney: YIKES!

Lana: Ouch. That's gonna hurt.

Lucy Loud: Yeah.

Dark Spicer and the Masters of Evil then appeared. We saw Dark Spicer, Vypra, King Hiss, Webstor, Leonard, Hydro Man, Shiv, Electro, Bane, Vexen, Firefly, Professor Calamitous and Ebon.

Vypra: It's not our turn so we're going to help you guys out.

Nico: Cool.

Dark Spicer: (to Nico) What happened to you?

Nico: One of Pester's pets bit me on the butt.

Blackfire: We'd rather not get into that.

Me: Yeah.

Lola: Let me and Protoman try.

Lola and Protoman dressed up as Girl Scouts and they went to the door and rang the bell and went in. Then they came running out screaming with the Sours following them and roaring ferociously. We saw them and they were ferocious creatures.

Me: Whoa! Those are ferocious creatures.

Nico: Yeah.

Lola and Protoman came back.

Lola: (angrily) I can't believe we just ran out of there!

Protoman: We didn't have a choice. If we want to take Pester down, we have to deal with the Sours first.

Me: Good idea. Lets do our entrance with confetti and wind.

Nico: Nice.

We got ready.

Inside his lair, Pester was almost ready.

But then a bunch of party blowers and a bunch of fountains of soda and confetti shot out of the ground and blasted soda and confetti all over the place and the cheering of a lot of people was heard. On a stage came us and we were ready for action!

Pester: Team Loud Phoenix Storm!? What are you all doing here!?

Me: What else Pester? To stop you. Your reign of terror will end now.

But then Beautiful Gorgeous, Jimbo, Dolph & Kearney and Comic Book Guy appeared.

Me: Comic Book Guy, Jimbo, Dolph & Kearney and Beautiful Gorgeous.

Jimbo: Yep.

Comic Book Guy: I see you are all here for taking Pester down as well.

Me: Indeed.

Beautiful Gorgeous: (to Lincoln) Don't tell me you and Luna are seriously ditching Gotham Royal York!

Lincoln: Nope. J.D. and the others convinced us that Gotham Royal York is our home.

Luna: But you have to admit. This island is lovely.

Jimbo: I don't blame you. This does look like a nice place to have a vacation.

Kearney: (smiles) I remember when I had my first birthday party with a piñata. Good times.

Laney: Really good times.

?: Those were good times huh?

A figure came out and it was THUNDERON from episodes 13 thru 17 of Lightspeed Rescue!

In response to Queen Bansheera's intolerance to his numerous failures to destroy the Lightspeed Rangers, Diabolico summons the aid of his three last and most powerful monsters: Demonite, Falkar, and Thunderon. Thunderon and his comrades took great pleasure in their given order to destroy the Power Rangers and took off to Mariner Bay to carry out their mission. Upon reaching on the hills, the three monster created unique feathers from their wings and unleashed them all over the city.

Eventually, their presence became known and they were greeted with the arrival of the Lightspeed Rangers. For Thunderon's first encounter with the Rangers, he battled both Kelsey and Dana, and was able to effortlessly overpower them with his immense strength. With the Rangers overwhelmed by the monsters, they revealed that the feathers they released into Mariner Bay were explosive feathers that would detonate in dark areas and that every feather would destroy the city at sunset. Undeterred, the rangers continued to fight, but were still not match for the might of Diabolico's strongest minions.

As sunset neared, the rangers attempted to fall back and Thunderon and the others demons perused. The Rangers managed to group them together use the Rescue Bird: Unilaser to defeat them, but they redirected the blasts back at the Rangers, greatly injuring them. Soon the Rangers were surrounded by the explosive feathers and were too damaged to escape, leaving Thunderon and his allies to enjoy their fate. At sunset, the feathers exploded one by one with the Rangers helpless to escape their blast until the entire array of feathers exploded and sent the Rangers crashing through the wall of a warehouse. Unable to fight anymore, the Rangers powered down and were left at the mercy of the demon, until Ryan arrived to aid the Rangers. Although Thunderon and his allies fought Ryan, he and his comrades were defeated and forced to retreat, assuring that they would return.

Thuderon, Demonite, and Falkar eventually returned and attacked the city once again and he fought the Rangers. The monsters revealed their trump card to the Rangers, a powerful Demonite clone provided by Diabolico and continued to pressure them, even redirecting the shots from their V-Lancers. The Rangers then retreated to aid Ryan who was fighting the clone but were soon caught. Carter Grayson threatened to destroy both Demonite and himself with his V-Lancer and Rescue Bird: Unilaser if he didn't call off his clone. However as Demonite attacked, Carter pulled the triggered and destroyed Demonite and nearly himself. Thunderon and Falkar were then present at the Lightspeed Megazord's fight with the revived and gigantic Demonite. When Demonite was defeated by the combined efforts of the Lightspeed Megazord and Supertrain Megazord, Thunderon and Falkar retreated.

The Rangers were again called to action to fight against Diabolico's monsters. Despite the loss of Demonite, Thunderon and Falkar were still able to overpower the Rangers, Thunderon even being able to briefly incapacitate them. However, they used the moment of ceasefire to their advantage and destroyed Thunderon with the Spectra Blast. Thunderon was then revived by Diabolico into a gigantic form and he battled alongside Falkar against the Supertrain Megazord. The two demons were about to finally defeated Rangers, but were attack and destroyed by the efforts of the Supertrain Megazord and Ryan's Max Solarzord. Thunderon and his fellow warriors were thought to be destroyed, but Diabolico carried the crystallized forms of his monsters, swearing to make them more powerful and destroy the Rangers once and for all.

In Mariner Bay, Diabolico encountered the Rangers in a brief fight. He then activated the three gems from earlier and combined the essence of Thunderon, Demonite, and Falkar into the super demon known as Troika. With all three of the monsters' power at his disposal, Troika effortlessly beat the Rangers, even able to avoid the Spectra Blast, and forced them to retreat. At the heart of Mariner Bay, Troika savagely attacked the city in order to draw out the Rangers. The Rangers arrived and fought Troika, but were still unable to defeat him.

With no other options, the Rangers activated their latest weapons, the Battle Booster. With the aid of the Battle Booster, the Rangers' new found increase in strength allowed them to damage and force Troika back, and they were able to finally defeat him with a final Booster Beam attack, putting an end to Diabolico's monster.

Carter Grayson: Thunderon!

Kelsey Winslow: Oh no!

Thunderon: Its been a long time rangers.

Me: I remember you! You were one of Diabolico's most powerful minions and you packed quite a wallop when you, Falkar and Demonite faced the Rangers. Not only that but all three of you came back as the fusion monster Troika and you three combined together really gave the rangers a run for their money.

Thunderon: That's right.

Vypra: Didn't I tell you he had a really good memory?

Thunderon: And you weren't kidding Mistress Vypra. Very impressive on him.

Me: Not to brag, but it's awesome. But before we take you down we're gonna have the Loud Kids face the Sour Piñatas.

Thunderon: Understood.

Nico: Good.

Thunderon: Is it true that Diabolico's going to be brought back?

Lucy: He is. I was the one who suggested him.

Thunderon: (smiles) Good to know. Shame I'm not gonna live long enough to see him again.

Me: Paulie, you guys are in for an awesome show.

Paulie: Awesome.

But then we heard purring and out came a bunch of little creatures. They were really the most common enemies of the Skylanders: CHOMPIES!

Chompies are one of the most common monsters in Skylanders series that are not very bright. They are green creatures that bark and yelp like dogs. They sometimes spawn from Chompy Pods or Root Runners, and by destroying them, the Chompies will stop appearing.

The rarest Chompy is the Purple Chompy that is only found one of the Heroic Challenges. Suprisingly, it is noted by Cali that they are not as bad as their green cousins, but despite that, Purple Chompies still attack the Skylanders.

In Skylanders: Trap Team, a Chompy and a Bone Chompy villain can be trapped.

---

Spyro: Uh oh! Chompies.

Linka: Oh they are so cute.

Linka went up to them.

Stealth Elf: Linka they are cute but really dangerous.

Linka: Oh I think they are adorable.

But then a chompy bit Linka in her leg and ripped out a chunk of her skin and she screamed in excruciating pain!

Me: Linka!

We went over and saw that the chompy really hurt her.

Me: OH SHIT! Look at the bite that chompy took out of her.

Nico: YIKES! That must've hurt!

Lori: Look at the teeth on those creatures.

We saw that they had razor sharp teeth.

Me: Whoa! They are like piranhas.

Spyro: Worse.

I fired lightning blasts at all the chompies and killed them.

Varie was healing Linka. She had a good chunk of her leg bitten off.

Orion: Victory will never be yours, Pester!

Megaforce Rangers: Legendary Ranger Mode: S.P.D.!

The Megaforce Rangers turned into the S.P.D. Rangers.

We powered up and went at them.

Battle 1: Lori and Leonard VS Sour Bonboon

---

Lori and Leonard the King Pig were facing the Sour Bonboon.

---

Adding one more face-puckering Pinata to the sour group, this visitor called the Sour Bonboon will pick fights as it visits your garden. You'll catch it whispering to piñata, who then attacks an innocent neighbor. This makes the Sour Bonboon quite the rabble-rouser. Once it has received an attitude adjustment from a member of the Syrupent family(a Syrupent, Twingersnap, or even better, a Fourheads), it will become a Bonboon and you'll get access to new visitors.

As a sour, it starts fights in your garden! If you tame it, it will put a stop to fights in your Garden by dancing.

In Viva Pinata Pocket Paradise, the Sour Bonboon will make pinatas unhappy!

---

Lori: This is literally one ugly freak.

Leonard: No kidding. Lets destroy it with our techniques and combo.

Lori: Right.

Lori: Try this one on. CELTIC WIND STYLE NINJA ART: SKYE BOAT SONG!

Lori floated into the air and green wind swirled around her as she sang the beautiful song Skye Boat Song by Rowena Taheny. It was a 19th Century song about the story of the famous journey of Prince Charles Edward Stuart who went from Benbecula to the Isle of Skye to evade capture from government troops after his defeat in the Battle of Culloden in 1746. The wind fired at the Sour Bondoon and it formed into the ship of Prince Charles Edward Stuart and it slammed into the Sour and smashed it all over.

Leonard: Awesome job Lori! Lets see how they like this one. HILLBILLY STYLE NINJA ART: SQUARE DANCE HILLBILLY BASH!

Leonard fired a wave of energy and it hit the Sour and made him dance crazily to that square dance song that Bugs Bunny did in Hillbilly Hare. It did all kinds of crazy this to him and pulverized him into pulp and more.

Lori: Now for the combo.

Lori and Leonard: MEAT STYLE NINJA ART: CARNIVOROUS STEAK TYRANNO STRIKE!

Lori and Leonard fired a massive wave of meat and it formed into a huge tyrannosaurus made of pure meat and it ate and killed the Sour like it was no big deal.

Leonard: Now that was a tasty technique.

Lori: Literally was.

---

Battle 2: Leni and King Hiss VS Sour Cocoadile

---

Leni and King Hiss were facing the Sour Cocoadile.

Leni: You totes give Piñatas a bad name!

King Hiss: I couldn't agree more. Lets get him with our techniques and a combo.

Leni: Totes ready for it. GRAVITY STYLE NINJA ART: BLACK HOLE BOMBSMASH!

Leni fired a ball of black energy and it slammed into the Sour and sucked in a bunch of stuff all around it and smashed into the Sour and crushed it all over.

King Hiss: This will poison you. VENOM STYLE NINJA ART: POISON BLAST ACID!

King Hiss fired a blast of poison and it burned the Sour all over like acid.

Leni and King Hiss: MIASMA STYLE NINJA ART: BLACK HOLE POISON FANG!

Leni and King Hiss fired a wave of red poison and energy and it slammed into the Sour and obliterated it and sucked it into another dimension.

Leni: That was a totes awesome victory.

King Hiss: Yeah.

---

Battle 3: Luna and Hydro Man VS Sour Crowla

---

Luna and Hydro Man were facing the Sour Crowla.

Luna: This dude is a bad piñata.

Hydro Man: You said it! Lets hit it with our techniques and a combo.

Luna: Rockin dude! How about this one? WATER STYLE NINJA ART: ONLY THE YOUNG!

Luna floated into the air as waves of water formed and swirled behind her and she was singing Only the Young by Journey.

Another night in any town

You can hear the thunder of their cry

Ahead of their time

They wonder why

In the shadows of a golden age

A generation waits for dawn

Brave carry on

Bold and the strong

Only the young can say

They're free to fly away

Sharing the same desires

Burning like wildfire

They are seeing through the promises

And all the lies they dare to tell

Is it heaven or hell?

They know very well

Only the young can say

They're free to fly away

Sharing the same desires

Burning like wildfire

Only the young can say

They're free to fly away

Sharing the same desires

Burning like wildfire

Only the young can say

Only the young can say (young can say)

Only the young can say

Only the young can say (young can say)

Only the young can say

A city made of pure water formed around her and she blasted the Sour all over the place with incredible power and drenched it.

Hydro Man: I love that song! Nice one Luna! Watch this one. Here's another one of my favorites. WATER STYLE NINJA ART: HIGHER LOVE!

Hydro Man floated into the air as water formed around him and swirled powerfully and he was singing Higher Love by Steve Winwood.

Think about it, there must be higher love

Down in the heart or hidden in the stars above

Without it, life is wasted time

Look inside your heart, I'll look inside mine

Things look so bad everywhere

In this whole world, what is fair?

We walk blind and we try to see

Falling behind in what could be

Bring me a higher love

Bring me a higher love (oh oh)

Bring me a higher love

Where's that higher love I keep thinking of?

Worlds are turning and we're just hanging on

Facing our fear and standing out there alone

A yearning, and it's real to me

There must be someone who's feeling for me

Things look so bad everywhere

In this whole world, what is fair?

We walk blind and we try to see

Falling behind in what could be

Bring me a higher love

Bring me a higher love (oh oh)

Bring me a higher love

Where's that higher love I keep thinking of?

Bring me a higher love

Bring me a higher love (oh oh)

Bring be a higher love

I could rise above on a higher love

I will wait for it

I'm not too late for it

Until then, I'll sing my song

To cheer the night along (bring it)

I could light the night up with my soul on fire

I could make the sun shine from pure desire

Let me feel that love come over me

Let me feel how strong it could be

---

Bring me a higher love

Bring me a higher love (oh oh)

Bring me a higher love

Where's that higher love I keep thinking of?

Bring me a higher love

Bring me a higher love, oh oh (bring me)

Bring me a higher love (oh oh)

Bring me a higher love (oh oh)

Bring me a higher love

Bring me a higher love

Bring me a higher love (oh oh)

I said, bring me

Bring me a higher love

Bring me a higher love (oh oh oh)

Bring me a higher love (whoa whoa whoa)

(Bring me higher love) bring me a higher love, oh oh

(Bring me higher love) bring me a higher love (bring it on)

There's that love, bring me higher love

Bring me a higher love

Bring me a higher love (I said bring)

Bring me a higher love (oh yeah)

Bring me higher love

Bring me a higher love (higher, high, higher)

Bring me a higher love

Bring me a higher love

He fired blasts of water in the shapes of hearts and they slammed into the Sour and smashed him all over.

Luna: Rockin dude! Lets see how he likes out combo.

Luna and Hydro Man: MEGATSUNAMI STYLE NINJA ART: CHICUXLUB MEGATSUNAMI PUNCH!

Luna and Hydro Man fired a massive blast of water and it formed into a deadly fist and slammed into the Sour and obliterated it in a massive splash of water that packed the explosive power of the Chicxulub Asteroid Impact.

Luna: Rockin Victory!

---

Battle 4: Luan and Vypra VS Sour Lemmoning

Luan and Vypra were facing the Sour Lemmoning.

Luan: We're gonna Light this creature up. (Laughs) Get it?

Vypra: (Laughs) Good one. Lets use our techniques and a combo.

Luan: You got it. LIGHT STYLE NINJA ART: AIN'T GOIN' DOWN 'TILL THE SUN COMES UP!

Luan floated into the air as beams of light in the 7 colors of the rainbow swirled and formed around her as she sang Ain't Goin' Down 'Till the Sun Comes Up by Garth Brooks.

Six o'clock on Friday evening

Momma doesn' t know she's leaving

'Til she hears the screen door slamming

Rubber squealin' gears a jamming

Local country station just a blaring on the radio

Pick him up at seven and they're headin' to the rodeo

Momma's on the front porch screamin' out her warning

Girl you better get your red head

Back in bed before the morning

Nine o'clock the show is ending

But the fun is just beginning

She knows he's anticipating

But she's gonna keep him waiting

Grab a bite to eat

And then they're heading to the honkey tonk

But loud crowds and line dancing

Just ain't what they really want

Drive out to the boondocks and park down by the creek

And where it's George Strait 'til real late

And dancing cheek to cheek

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

Ten 'til twelve is wine and dancing

Midnight starts the hard romancing

One o'clock that truck is rocking

Two is coming, still no stopping

Break to check the clock at three

They're right on where they want to be

Four o'clock get up and going

Five o'clock that rooster's crowing

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

Six o'clock on Saturday

Her folks don't know he's on his way

The stalls are clean, the horses fed

They say she's grounded 'til she's dead

Well here he comes around the bend

Slowing down, she's jumping in

Hey mom, you're daughter's gone

And there they go again

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

Luan fired waves of light and they formed into horses of light and they slammed into the Sour and smashed it all over.

Vypra: Nice job Luan. Here's one of my favorites for Dark. TWILIGHT STYLE NINJA ART: KISS FROM A ROSE!

Vypra floated into the air as waves of light and darkness swirled around her and formed into a rose as she sang Kiss From a Rose by Seal.

There used to be a greying tower alone on the sea

You became the light on the dark side of me

Love remained a drug that's the high and not the pill

But did you know that when it snows

My eyes become large and the light that you shine can be seen?

Baby, I compare you to a kiss from a rose on the grey

Ooh, the more I get of you, the stranger it feels, yeah

Now that your rose is in bloom

A light hits the gloom on the grey

There is so much a man can tell you, so much he can say

You remain my power, my pleasure, my pain

Baby, to me, you're like a growing addiction that I can't deny

Won't you tell me, is that healthy, baby?

But did you know that when it snows

My eyes become large and the light that you shine can be seen?

Baby, I compare you to a kiss from a rose on the grey

Ooh, the more I get of you, the stranger it feels, yeah

Now that your rose is in bloom

A light hits the gloom on the grey

I've been kissed by a rose on the grey

I've been kissed by a rose on the grey

And if I should fall, will it all go away?

I've been kissed by a rose on the grey

There is so much a man can tell you, so much he can say

You remain my power, my pleasure, my pain

To me, you're like a growing, addiction that I can't deny (yeah)

Won't you tell me, is that healthy, baby?

But did you know that when it snows

My eyes become large, and the light that you shine can be seen?

Baby, I compare you to a kiss from a rose on the grey

Ooh, the more I get of you, the stranger it feels, yeah

Now that your rose is in bloom

A light hits the gloom on the grey

Yes I compare you to a kiss from a rose on the grey

Ooh, the more I get of you stranger it feels, yeah

And now that your rose is in bloom

A light hits the gloom on the grey

Now that your rose is in bloom

A light hits the gloom on the grey

Well, in the North of Carolina, way back in the hills

Me and my old pappy and he had him a still

He brewed white lightnin' till the sun went down

And then you'd fill him a jug and he'd pass it around

Mighty, mighty pleasin', pappy's corn squeezin'

Ssh, white lightning

Well, the "G" men, "T" men, revenuers, too

Searchin' for the place where he made his brew

They were looking, tryin to book him, but my pappy kept on cookin'

Phoo, white lightning

Well, I asked my old pappy why he called his brew

White lightning 'stead of mountain dew

I took a little sip and right away I knew

As my eyes bugged out and my face turned blue

Lightning started flashin', thunder started clashin'

Fshhh, white lightnin'

Well, the "G" men, "T" men, revenuers, too

Searchin' for the place where he made his brew

They were looking, tryin to book him but my pappy kept on cookin'

Whshh, white lightning

Well, a city slicker came and he said "I'm tough"

I think I want to taste that powerful stuff

He took one s-slug and drank it right down

And I heard him a-moaning as he hit the ground

Mighty, mighty pleasin', your pappy's corn squeezin'

Sshoo, white lightning

The "G" men, "T" men, revenuers, too

Searchin' for the place where he made his brew

They were looking, tryin' to book him but my pappy kept on cookin'

Sshoo, white lightning

Lincoln fired a wave of lightning and it formed into the jug for White Lightning, the strongest form of alcohol in the world and it tastes like kerosene and it went into the Sour's mouth and he drank it and coughed up all the candy he had and puked it all out. It even electrocuted the Sour.

Ex illibata virgine

Nascendo, formam sumpseris

Lucy floated into the air as dark souls from hell formed and swirled around her as she sang God Help Me by Rebecca St. James.

From the deep I cry

I am needing change in my life

I have let the cold creep in and lock my ability to feel (deeply)

Just now a shaft of light shot through my soul

Opening up the windows and the doors

Reaching to the corners and my flaws

Showing my need

I'm running out of time to live

Running out of love to give

Running out of life within

God help me

I don't care who stares

Never want to be what I have been again

Grace has taken over and drawn me in and I am embracing it

Cause now I see Your light drawing me close

Overwhelming love I don't deserve

But I'll take the hope You bring, You hold it out to me

Without You

I'm running out of time to live

Running out of love to give

Running out of life within

God help me

I'm running out of time to live

Running out of love to give

Running out of life within

God help me

Laney floated into the air as leaves, flowers and rainbows swirled around her as she sang Israel "IZ" Kamakawiwo'ole's song Somewhere Over the Rainbow.

---

Somewhere over the rainbow, way up high

There's a land that I heard of once in a lullaby, I

Oh, somewhere over the rainbow skies are blue

Clouds high over the rainbow, makes all your dreams come true, ooh

Someday I'll wish upon a star

Wake up where the clouds are far behind me

Where trouble melts like lemon drops

High above the chimney top

That's where you'll find me, oh

Somewhere over the rainbow, blue birds fly

Birds fly over the rainbow

Oh why, oh why can't I? I

I see trees of green and red roses too

I'll watch then bloom just for me and you

And I think to myself

Oh, what a wonderful world

I see skies of blue, clouds of white

The brightness of day, the dark, say goodnight

And I think to myself

Oh, what a wonderful world

The colors of the rainbow so pretty in the sky

Are also on the faces of people passing by

I see friends shakin' hands saying, "How's it? How you?"

They're really saying, "I love you"

I hear babies cry and I'd watch them grow

They'll learn much more than we'll know

And I think to myself

Oh, what a wonderful world

I think to myself, yes

What a wonderful world

I think to myself, yeah

What a wonderful world

Ah-ooh

Oh, what a wonderful world it is

Yeah, yeah, yeah

Oh, na, na, mama

Yeah, yeah, aloha

Laney fired the waves of flowers, leaves and rainbows and they slammed into the Sour and pulverized and shredded it all over the place.

Bane: Well done Laney! Here's one of my favorites from Enrique Iglesias. NATURE STYLE NINJA ART: RHYTHM DIVINE!

Bane floated into the air as leaves, birds and hearts formed and swirled around him as he sang Rhythm Divine by Enrique Iglesias.

From the coast of Ipanema

To the Island of Capri

All the way to Guadeloupe

I will follow you wherever you may be

From the moment I first saw you

Knew my heart could not be free

Have to hold you in my arms now

There can never be another for me

All I need is the rhythm divine

Lost in the music, your heart will be mine

All I need is to look in your eyes

Viva la musica, say you'll be mine

Can you feel the heat of passion?

Can you taste our love's sweet wine

Join the dance and let it happen

Put tomorrow's cares right out of your mind

As the music drives you closer

And you fall under my spell

I will catch you in my arms now

Where the night will take us no one can tell

All I need is the rhythm divine

Lost in the music, your heart will be mine

All I need is to look in your eyes

Viva la musica, say you'll be mine

Gotta have this feeling forever

Gotta live this moment together

Nothing else matters just you and the night

Follow on the wings of desire

Now the rhythm's taking you higher

No one can stop us from having it all

You are my heart you are my soul

All I need it the rhythm divine

Lost in the music, your hear will be mine

All I need is to look in your eyes

Viva la musica, say you'll be mine

All I need it the rhythm divine

Lost in the music, your heart will be mine

All I need is to look in your eyes

Viva la musica, say you'll be mine

Can you feel the rhythm

Can you feel the rhythm

Can you feel the rhythm, burning, burning

Can you feel the rhythm

Can you feel the rhythm

Can you feel the rhythm, burning, burning

Can you feel the rhythm

Can you feel the rhythm

Can you feel the rhythm, burning, burning

Can you feel the rhythm

Can you feel the rhythm

Can you feel the rhythm, burning, burning

Heute Nacht die Zauberweisen

Wildes Volk und Liliths Art

Lauernd Winde heimlich fahrt

Lasst uns zu den Feuern streifen

Raunend nach den Sternen greifen
Gutes und auch böses Wort
Tragen wir heut' fort und fort
In den Weiden werden unsere Träume klingen
Und die Winde werden unsre Lieder singen
Lasst uns mit den Funken übers Feuer springen
In der Walpurgisnacht!
Hört die Geigen, hört die Geigen
(Hey yo)
Die Feuer sind entfacht!
(Hey yo)
Folgt dem Reigen, folgt dem Reigen
In der Walpurgisnacht
Ungestüm im Spiel der Geigen
Dreht sich unser nächtlich' Reigen
Und wir treten wild und frei
Diesem alten Zauber bei
Einmal nur im großen Kreise
Tanzen wir auf jene Weise
Bis das erste Morgenlicht
Unser Traumgewebe bricht
In den Weiden werden unsere Träume klingen

Und die Winde werden unsre Lieder singen

Lasst uns mit den Funken übers Feuer springen

In der Walpurgisnacht!

Hört die Geigen, hört die Geigen

(Hey yo)

Die Feuer sind entfacht!

(Hey yo)

Folgt dem Reigen, folgt dem Reigen

In der Walpurgisnacht

Hört die Geigen, hört die Geigen

(Hey yo)

Die Feuer sind entfacht!

"Listen my child, " you say to me

"I am the voice of your history

Be not afraid, come follow me

Answer my call and I'll set you free"

I am the voice in the wind and the pouring rain

I am the voice of your hunger and pain

I am the voice that always is calling you

I am the voice, I will remain

I am the voice in the fields when the summer's gone

The dance of the leaves when the autumn winds blow

Ne'er do I sleep throughout all the cold winter long

I am the force that in springtime will grow

I am the voice of the past that will always be

Filled with my sorrow and blood in my fields

I am the voice of the future

Bring me your peace

Bring me your peace and my wounds, they will heal

I am the voice in the wind and the pouring rain

I am the voice of your hunger and pain

I am the voice that always is calling you

I am the voice

I am the voice in the past that will always be

I am the voice of your hunger and pain

I am the voice of the future

I am the voice

I am the voice

I am the voice

I am the voice

Firefly: That scene from Primal will forever haunt me. I can't believe that a gentle giant like a sauropod would turn into such a terrible monster because of a super disease.

Lola: No kidding. I watched that show with Aylene a couple of days ago and she hadn't stop crying for days. She was so terrified of how that Sauropod became that.

Firefly: I don't blame her.

Lola: She hasn't come out of her room for three days now.

Firefly: Poor thing. I hope she gets better.

Lola: Be too.

## Battle 11: Lisa and Calamitous VS Sour Sherbat

---

Lisa and Calamitous were facing the Sour Sherbat.

Lisa Loud: This is gonna be a most rather enjoyable and amazing fight.

Calamitous: Indeed. Lets use our techniques and combo on this foul beast.

Lisa Loud: With pleasure. TECHNO STYLE NINJA ART: I LOVE THE WAY YOU LIE!

Lisa floated into the air and gears swirled and spun around her as she was singing I Love The Way You Lie by Eminem.

Just gonna stand there and watch me burn

Well that's alright, because I like the way it hurts

Just gonna stand there and hear me cry

Well that's alright, because I love the way you lie

I love the way you lie

I can't tell you what it really is

I can only tell you what it feels like

And right now there's a steel knife, in my windpipe

I can't breathe, but I still fight, while I can fight

As long as the wrong feels right, it's like I'm in flight

High off of love drunk from my hate

It's like I'm huffing paint and I love her the more I suffer

I suffocate and right before I'm about to drown

She resuscitates me, she fucking hates me

And I love it, wait

Where you going? I'm leaving you

No you ain't, come back

We're running right back, here we go again

It's so insane 'cause when it's going good, it's going great

I'm Superman, with the wind at his back, she's Lois Lane

But when it's bad, it's awful

I feel so ashamed, I snapped, who's that dude?

I don't even know his name, I laid hands on her

I'll never stoop so low again, I guess I don't know my own strength

Just gonna stand there and watch me burn

Well that's alright, because I like the way it hurts

Just gonna stand there and hear me cry

Well that's alright, because I love the way you lie

I love the way you lie

I love the way you lie

You ever love somebody so much

You can barely breathe, when you're with them, you meet

And neither one of you, even know what hit 'em

Got that warm fuzzy feeling, yeah them chills, used to get 'em

Now you're getting fucking sick, of looking at 'em

You swore you've never hit 'em, never do nothing to hurt 'em

Now you're in each other's face,

Spewing venom in your words, when you spit 'em

You push, pull each other's hair, scratch, claw, bit 'em

Throw 'em down, pin 'em, so lost in the moments, when you're in 'em

It's the rage that took over it controls you both
So they say it's best, to go your separate ways
Guess that they don't know ya 'cause today, that was yesterday
Yesterday is over, it's a different day
Sound like broken records, playin' over, but you promised her
Next time you'll show restraint
You don't get another chance
Life is no Nintendo game, but you lied again
Now you get to watch her leave
Out the window, guess that's why they call it window pane
Just gonna stand there and watch me burn
But that's alright, because I like the way it hurts
Just gonna stand there and hear me cry
But that's alright, because I love the way you lie
I love the way you lie
I love the way you lie
Now I know we said things, did things
That we didn't mean and we fall back into the same patterns
Same routine, but your temper's just as bad, as mine is
You're the same as me, when it comes to love, you're just as blinded
Baby please come back, it wasn't you
Baby it was me, maybe our relationship isn't as crazy as it seems

Maybe that's what happens When a tornado meets a volcano

All I know is I love you too much, to walk away now

Come inside, pick up your bags off the sidewalk

Don't you hear sincerity, in my voice when I talk?

Told you this is my fault, look me in the eyeball

Next time I'm pissed, I'll aim my fist at the dry wall

Next time, there will be no next time

I apologize even though I know it's lies

I'm tired of the games, I just want her back, I know I'm a liar

If she ever tries to fucking leave again

I'm a tie her to the bed and set this house on fire

Just gonna stand there and watch me burn

But that's alright, because I like the way it hurts

Just gonna stand there and hear me cry

But that's alright, because I love the way you lie

I love the way you lie

I love the way you lie

Lisa fired gears and energy and the blasts hit the sour and burned it all over the place.

Calamitous: Nice job Lisa!

Lisa Loud: Thank you. Eminem is one of my favorite Rap singers.

Calamitous: I can see that. How about this one? TECHNO STYLE NINJA ART: GEARFIRE BARRAGE STORM!

Calamitous fired waves of gears and they slammed into the Sour all over and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOMMMMM!

Lisa Loud: Most impressive.

Calamitous: Thank you.

Lisa and Calamitous: TECHNO STYLE NINJA ART: DEAD MAN'S CURVE!

Lisa and Calamitous floated into the air and gears swirled and spun around as they sang Dead Man's Curve by Jan & Dean.

I was cruisin' in my Stingray late one night

When an XKE pulled up on the right

He rolled down the window of his shiny new Jag

And challenged me then and there to a drag

I said "You're on buddy - my mill's running fine

Let's come off the line now at Sunset and Vine

But I'll go you one better, if you've got the nerve

Let's race all the way - to Dead Man's Curve"

is no place to play

(Dead Man's Curve) you'd best keep away

(Dead Man's Curve) I can hear 'em say

"Won't come back from Dead Man's Curve"

The street was deserted late Friday night

We were buggin' each other while we sat out the light

We both popped the clutch when the light turned green

You shoulda heard the whine from my screamin' machine!

I flew past La Brea, Schwab's and Crescent Heights

And all the Jag could see were my six taillights

He passed me at Doheny then I started to swerve

But I pulled her out and there we were - at Dead Man's Curve

is no place to play

(Dead Man's Curve… )

"Well, the last thing I remember, Doc

I started to swerve

And then I saw the Jag slide into the curve

I know I'll never forget that horrible sight

I guess I found out for myself that everyone was right"

Won't come back from Dead Man's Curve

is no place to play

(Dead Man's Curve) you'd best keep away

(Dead Man's Curve) I can hear 'em say

"Won't come back from Dead Man's Curve"

is no place to play

(Dead Man's Curve) you'd best keep away

(Dead Man's Curve) I can hear 'em say

"Won't come back from Dead Man's Curve"

They fired a wave of gears and it formed into a Jaguar XKE and it swerved and smashed into the Sour and exploded into flames and killed it.

Lisa Loud: A smashing victory.

Sailin' over the Dogger Bank:

Oh, wasn't it a treat?

Wind a-blowing east-nor'-east,

We had to give a sheet!

You ought to see us runnin'

The wind a-blowin' free,

On a passage from the Dogger Bank

To gray Grimsby.

Watch out, twigger,

She's a proper ju-be-ju.

Give 'er a sheet and let her rip

We're the boys to pull her through!

You ought to see us runnin',

The wind a-blowin' free,

On a passage from the Dogger Bank

To gray Grimsby!

Our captain he's a Shanghai roush,

He loves a pint of good ale.

Our mate he is a road stone-inspector

Been seen in many's a jail.

Our third mate he's a bush ranger,

He comes from the African Isle.

And take a look at our old cook

It gets the bugger wild!

Watch out, twigger,

She's a proper ju-be-ju.

Give 'er a sheet and let her rip

We're the boys to pull her through!

You ought to see us runnin',

The wind a-blowin' free,

On a passage from the Dogger Bank

To gray Grimsby!

Watch out, twigger,

As down the street she came.

High heels and painted toes,

Jenny is on the game.

Jenny is one of your flash girls,

Can't she cut a shine?

She can do the double shuffle

On the Knickerbocker line!

Watch out, twigger,

She's a proper ju-be-ju.

Give 'er a sheet and let her rip

We're the boys to pull her through!

You ought to see us runnin',

The wind a-blowin' free,

On a passage from the Dogger Bank

To gray Grimsby!

We are the boys to make a noise

When we come home from sea.

We get right drunk,

We roll on the floor,

We have a jubilee- Eee!

We get right drunk and full of beer,

We roll all over the floor,

And when our rent it is all spent

We go to sea for more.

Watch out, twigger,

She's a proper ju-be-ju.

Give 'er a sheet and let her rip

We're the boys to pull her through!

You ought to see us runnin',

The wind a-blowin' free,

On a passage from the Dogger Bank

To gray Grimsby!

Another awesome fanfic done.

Viva Piñata is one of my my favorite shows and Nico got me into it. It's based on a video game that I didn't play but it is so awesome! NicoChan11, JediAvatarOfShinobi and Omegahatchiyak12 gave me the ideas for this. Thanks guys. Get ready for another awesome and high-flying adventure in the world of Atmos as we take down Master Cyclonis's 2nd in command Dark Ace. it's gonna be a deadly battle as we shake all of Atmos with this battle.

See you all tomorrow.

# Malevolence of Dark Ace

On the planet Atmos, Nico was facing the ruthless 2nd in Command of the Cyclonian Empire, DARK ACE. He was facing him alone. But then he pulled a fast one and glowed in a dark energy and then something strange happened. The souls of Nico and Dark Ace switched bodies. Nico was now in Dark Ace's Body and Dark Ace was now in Nico's body!

Nico (in Dark Ace's body): What the fuck did you do?!

Dark Ace (in Nico's body): I used the Dark Orb in my possession to switch our bodies. Now, you're the Dark Ace, betrayer of the original Storm Hawks. And I'm Nico Chan, 2nd in command of Team Loud Phoenix Storm!

Dark Ace punched Nico in the face and knocked him out.

He teleported back to Earth.

---

Back at the estate, We were watching TV and having fun. But then Dark Ace in Nico's body came in.

Maria: Hey, Nico. Did you take Dark Ace out?

Dark Ace (in Nico's body): (Clears Throat) (Sounds Like Nico) No. He got away. But don't worry. We'll get him next time.

I then started getting suspicious. I know something was up and it wasn't like Nico to let a bad guy go.

In the training yards, the rest of us saw Dark Ace in Nico's body taking down training dummies savagely.

Sunny Tennyson: Guys, is Nico's fighting style a little more intense then usual?

Me: Yeah. I've never seen him fight like this before. He's really savage.

Later we were arresting a bunch of Bank Robbers that just committed a robbery at the Gotham Royal York National Bank. We haven't had that happen in a while. The good news? The robbers were arrested. The bad news? Dark Ace in Nico's body was still beating them up to a pulp.

Dark Ace (in Nico's body): That's right. Scream! It's music to my ears! (punches robber again)

POW! POW! POW!

Grim Adventures Billy: Yay! Go Nico!

SLAP!

Grim Adventures Mandy: (slaps Billy upside the head) Billy, if Nico's beating up those robbers when they're already arrested, it means something's not right.

Lori: I don't know. We literally like this new Nico.

Lola: Yeah he's awesome!

Lynn: Yeah teach that douchebag a lesson!

Me: (To myself) Hmm.

Ramjet: Ok, am I the only one who think there's something wrong with Nico?

Lola: Wrong with him? I actually like his new fighting style now.

Lori: It's not literally that different from how we deal with bad guys not in the Masters of Evil.

Lynn: All this time, he's been telling us to keep our anger under control in battles. If you ask me, this is an improvement.

Later, Dark Ace in Nico's body was working on something in his room when Lynn came in.

Lynn: Hey, Nico. You did awesome against those robbers. So, I thought we could celebrate with some lunch. 12 hot wings ready to be eaten.

Dark Ace (in Nico's body): No, thanks. I'm not hungry.

Lynn: (shocked) Come again?

Dark Ace (in Nico's body): Look, right now, I'm busy. So, those hot wings are all yours.

Lynn: (frowns) Whatever you say, Nico. (leaves the room)

Lynn went to tell us.

Lynn: Guys, you were right. Something is wrong with Nico!

Air Raid: How did you figure that out?

Lynn: I asked him if he wanted to eat hot wings for lunch with me. But he said he wasn't hungry!

May: He said that?! Then that confirms it. That isn't the real Nico!

Me: Hmm. Just as I suspected. Dark Ace must've done something to Nico. We're gonna have to play along with it and go to Atmos to figure out what happened. But I need to call in a favor.

I went to a secret room and made a call to the Masters of Evil.

* * *

Later the U.S.S. Valorous Phoenix was flying through the skies of Atmos.

Me: Captain's Log, Stardate 2856.4: We are over in Atmos to deal with the Cyclonian Empire's forces and take down Master Cyclonis's 2nd in Command, Dark Ace. We got reports that the Cyclonian Empire was about to launch a full scale assault on the capital home of the Storm Hawks. We are going to stop them.

Laney: Those monsters will pay.

Dark Ace (in Nico's body): Why are we in Atmos again, JD?

Me: (lying through my teeth) Because we just picked up some Cyclonian life signals. If we go after them, we might find Dark Ace.

Dark Ace (In Nico's Body): I see.

Me: Lets head outside so we can keep an eye out.

We did so and the ship was on Autopilot.

Outside we were on the ship hood and then the Electro, Myotismon and Hydro Man appeared.

Me: Electro, Myotismon and Hydro Man.

Dark Ace (in Nico's body): What are you three doing here?

Electro: Whoa. Easy. We're just here for the usual battles. Like in every mission.

Dark Ace (in Nico's body): Really now?

Myotismon: (smirks) Relax, Nico. We're frenemies. So, you have nothing to fear from us.

?: Looks like he's gonna have something to fear.

A figure came out and it was WOOTOX from episode 17 of S.P.D.!

---

Wootox the Destroyer is an alien criminal highly-wanted for the destruction of over 50 planets. He requires a special necklace translator to speak English (or any other language), otherwise it sounds incoherent to the human ear. He has the ability to use his forehead module to switch bodies with anyone he wishes, which he used on Sky Tate. Infiltrating SPD using Sky's body, Wootox searches out the controls of the Delta Base and tries to use its Megazord mode to destroy Earth but Sky in Wootox's body quickly stops him. Wootox is discovered when R.I.C. senses Sky's essence in Wootox's body and Sky takes his own body back. The Rangers then contain him with the Canine Cannon.

---

Sky Tate: Wootox!

Wootox: Been a while rangers.

Me: I remember you! You switched bodies with Sky so that you would use the Delta Base Megazord to destroy the Earth.

Wootox: Good memory.

Me: I did some comparisons on you and found out that you are the Joker, Two-Face and Clayface of the Power Rangers. But the Joker killed over 2,000 people over his entire time. You destroyed over 50 planets.

We gasped.

Lana: Whoa!

Wootox: That is a big difference huh?

Shanan: Just what I would expect from a Switchanverite.

Qin: What is a Switchanverite?

Shanan: That's what Wootox is. They came from the planet Switka IV. It was located in the Radio Galaxy Centaurus A and they are known as one of the most fear warriors in that galaxy. They destroy a lot of creatures. But they were destroyed when a Rogue Comet destroyed their planet. Or so we thought.

Wootox: Good analysis Shanan.

Me: Very interesting.

Sky Tate: (to Wootox) You better not try and switch bodies with me again!

Wootox: Relax, Blue Ranger. This time, I have something else in mind.

Wootox winked at me. And I winked back.

Myotismon, Electro and Hydro Man then went and smashed Dark Ace in Nico's body all over. This went on for over 45 minutes and then Vegeta and Shadow smashed Myotismon off him.

Dark Ace (in Nico's body): What the Hell?! I thought these were just going to be usual battles!

May: That's what you thought, Dark Ace!

Dark Ace (in Nico body): What are you talking about, May? It's me, Nico.

Vegeta: Don't play dumb! We know you used a Dark Orb to switch bodies with Bokrua!

Hydro Man: You must've come up with that plan by looking into Doc Ock's old files. He was planning on doing that to Web Head!

Dark Ace (in Nico body): Do you all even have any proof?

Lola: You were savagely destroying the training dummies. And you beat up those robbers even when they were already in handcuffs!

Lori: (disgusted) I can't believe I literally gave you a compliment!

Dark Ace (in Nico's body): So? That's how we usually do things! Just because I'm doing what we usually do to bad guys not in the Masters of Evil, suddenly I'm one of the bad guys?

Lynn: No. But the fact that you said no to eating hot wings with me proves it! Nico would never pass up on eating spicy food. So you can drop the act.

Dark Ace in Nico's body then laughed.

Dark Ace (in Nico's body): Looks like I've been found out. But Chan recklessly attacking me was what helped me inititate this body swap in the first place. (to you) Since you're reckless as well, this means that you'll stand no chance against Master Cyclonis!

Me: We knew it was you all along Dark Ace.

Lori: We've had it with you, Dark Ace! (holds out hand) HAK-

Dark Ace (in Nico's body): Think before you go any further, ugly blonde. You Hakai me and Nico will be stuck in my body forever!

Shocker: He's right. We can't risk doing anything bad to Dark Ace while he's in Nico's body!

Nico in Dark Ace's body appeared and he punched Dark Ace and kicked him down. He then grabbed Nico.

Nico (in Dark Ace's body): Wootox, do it!

Wootox: With pleasure!

Wootox pressed his forehead against me in Dark Ace's Body. As a result, Wootox was in Dark Ace's body while I was in Wootox's body.

Nico (in Wootox's body): Time to get my body back!

Nico pressed Wootox's forehead against Dark Ace's in my body. As a result, Nico was back in my body. And Dark Ace was in Wootox's body.

Nico: I'm back in my body!

Dark Ace in Wootox's body just punched Nico in the stomach.

Dark Ace (in Wootox's body): You're a fool, Chan! Now, I'm going to use this new body to kill all of you. Master Cyclonis will be so proud of me!

Spiderman: Don't count on it!

Spiderman used his webs on Dark Ace in Wootox's body and threw him forward, making his forehead press against Wootox in Dark Ace's body. As a result, Dark Ace and Wootox were back in their original bodies.

---

The Dark Ace is a veteran pilot in the service of the Cyclonian Empire. He is the secondary antagonist of Storm Hawks (TV series).

He is currently allied to the Cyclonians, although he was formerly allied to the Original Storm Hawks before he betrayed them. He is a feared pilot in Atmos and is said to be undefeated. However, after the first fight between himself and Aerrow, the Dark Ace is continually 'defeated' by the Storm Hawks, although the fights are often interrupted or the circumstances change in the favor of the younger pilots. But he is still a force to be reckoned with in the battle for control of Atmos.

The Dark Ace was formerly a member of the original Storm Hawks team - serving as a co-pilot for the squadron's leader, Lightning Strike (as Radarr serves as co-pilot for Aerrow) - until he betrayed them in favor of the Cyclonians. He is an infamous and feared pilot in Atmos, said to be undefeated and self-described as having defeated more Sky Knights than anyone. Such boasting is not without its merits: he has taken down the entire Storm Hawks squadron (even Aerrow in their first battle) and defeated the five-man Rex Guardians in less than a minute; although in both cases respectively the Storm Hawks were probably very inexperienced and the Rex Guardians were using outdated tactics and equipment, which Dark Ace himself pointed out in the latter instance by saying, "Where did you get your rides? A museum?". He formed a rivalry with Aerrow after the pilot episode, and the two are typically evenly matched, but there's often something that interferes with their fights before they finish (in one battle Dark Ace actually managed to disarm Aerrow, but a sudden shift on the airship they were on allowed Aerrow to get his weapons back to beat the Dark Ace). The Dark Ace serves as the commander of the Cyclonian Talons.

A ruthless warrior, the Dark Ace doesn't settle for simply defeating his opponents, at least not when he has the opportunity to do more. In his first battle with Aerrow, he states that the winner of a battle is the one to come out alive, though he lets Aerrow live simply to further damage his pride and to make a point to the spectators.

After the final battle at Terra Cyclonia, Cyclonis overused her binding powers and transferred too much of the Crystal, which she obtained from the 'Far Side of Atmos', into the Dark Ace, and caused a power overload that destroyed him. Although he is presumed dead, this is highly unlikely due to the show's past of not having any characters dying and the Dark Ace's importance in the show. In a Q & A with the creators of the show they revealed that the Dark Ace was not dead, implying that if the show had continued he would have returned.

---

Me: That's better. Now it's time to dish out some pain!

Troy: Now that Dark Ace is back in his body, we don't have to hold back!

Megaforce Rangers: Legendary Ranger Mode: Hyperjet Squad!

The Megaforce Rangers turned into the Jetman rangers.

Then we got a rather unwelcome surprise when we saw another one of the Skylanders most common enemies appear. It was a massive horde of TROLLS!

---

The Trolls are one of Kaos' main minions in the Skylanders series. As a race, they are very skilled engineers and technicians, but intelligence past warfare and violent tactics are reserved to few members of their society. One of the most intelligent and sophisticated trolls is Glumshanks, who serves as Kaos's right hand. Boomer is the only troll to ever have the honour of becoming a Skylander.

The Trolls are nasty pieces of work, whose main hobbies include war, drilling for oil, and chopping down forests. As skilled engineers, they use their talents for evil. They create a huge range of weapons and vehicles for fighting their enemies.

Skylanders: The Machine of Doomedit | edit source

The Trolls worked with a Spell Punk in testing out the invisibility spell so that they could steal the Chattering Key from its guardian unnoticed. But the trolls decided to go and cause trouble in the

Mabu Market using the invisibility spell, unknowingly drawing attention to the Skylanders, much to the Spell Punk's fustration. Gill Grunt used his harpoon gun to fire gushes of mushy fruit at the trolls, making them visible again. Upon realizing that they are seen, the Trolls were then attacked by the Skylanders and were soon called back by Kaos.

The Trolls later assisted Kaos to claim the Chattering Key from the Skylanders.

## Skylanders: Spyro's Adventure

The Trolls played a role in Kaos' plans during his reign over Skylands. They first appeared on Oilspill Island, having held the Gillmen living there prisoner and took over the island to drill for oil which they give to Kaos for his machines, contaminating the waters in the process. The Skylanders saved the Gillmen and destroyed the oil factory that was polluting the waters.

The Trolls later appeared in Falling Forest, having been sent by Kaos to cut down all the trees in order to find the Eternal Life Source that resided inside a giant acorn, but was thwarted by the Skylanders. They appeared again in Troll Warehouse, Battlefield, and Goo Factory where they were at war with the Mabu Defense Force.

In the 3DS version, the Trolls play a part in Hektore's rule over the Radiant Isles, having been unleashed into the unstable Rivenrock Caverns. They also have Attack Dogs, which the the Trolls use to sniff out intruders.

## Skylanders: Giants

In Troll Home Security, an army of trolls fiercely guarded a machine called the Shield Gun that created a forcefield around Kaos' Kastle, protecting the castle for years. However the Skylanders infiltrated the fortress and managed to destroy the Shield Gun generating the forcefield in order to get into Kaos' Kastle.

## Skylanders: Swap Force

The trolls were sent by Kaos to the Cloudbreak Islands to ensure that the Ancient Terrasquid was evilized without interference. An army of Trolls later accompanied Kaos to the Fantasm Forest to capture the Ancient Tree Spirit, having been taught to use and manipulate evilized fire.

In the "Tower of Time" Adventure Pack, the Time Trolls are used by Cluck to disable the Tower of Time until the Skylanders defeated him.

## Skylanders: Trap Team

While trolls are once again one of the main enemies in Trap Team, several trolls rank among the many trappable villains in the game. Troll villains include Chill Bill, Threatpack, Shrednaught, Smoke Scream, Trolling Thunder, Bruiser Cruiser, and Lob Goblin.

In the Mirror of Mystery realm, the Trolls are the mirror world equivalent to the peace-loving Mabu villagers. They wear clothing reminiscent of hippies and circus clowns in this reality.

## Skylanders: SuperChargers

The first new Troll enemy the SuperChargers meet are in The Rift to Skylands under the name of Shifty Sticklers, one of them guarding Flynn, Cali, and Hugo's cell.

The Trolls in The Cloud Kingdom serve the defected Storm Giant Lord Stratosfear, one eating the clouds and another feeding the cloud consumers. As stated by another storm giant named Ukko, Kaos was sending nine transport ships into their realm to overpower the high-society race.

The Trolls in the Monstrous Isles worship the massive Titans and, according to Tessa, carry out their every terrible wish, to the death.

## Skylanders: Imaginators

The trolls make their only appearance in Skylanders: Imaginators in the Gryphon Park Observatory Adventure Pack, where they attempt to steal the legendary Rainbow Gryphons' eggs for their "Evil Zoo of Terrible Conditions", which according to Cali, is literally what it's called.

---

Spyro: Trolls!

Nico: One of Kaos's main minions no doubt.

Trigger Happy: Yep. Very dangerous.

Wootox: You know what? Go ahead and contain me in a card.

Maria: You sure?

Wootox: Yep. You guys already fought me. Besides, doing a good deed really changed something in me.

Me: All right then.

I used my S.P.D. Morpher and contained him into a containment card.

I picked it up.

Dark Ace: All that power! It was mine! And you took it from me!

Nico: That's the thing about power. You need to use it responsibly!

Me: That's right. Lets take him down!

We powered up and went at them.

Fu fired a powerful beam of aura energy and it slammed into a bunch of trolls and obliterated them in an instant. The Trolls were obliterated.

Fu: Looks like Kaos is down numerous minions.

## Battle 4: Dark Ace

We regrouped and we were facing Dark Ace!

Aerrow: You will pay for your crimes Dark Ace! You destroyed so many lives and plunged this whole planet into ruin! You destroyed the original Storm Hawks and now you will pay for your crimes!

Me: I agree!

Nico: No one takes my body and lives!

Dark Ace: I will kill you all in the name of Master Cyclonis.

Me: That bitch will die by our hands and we will make sure of it. The Cyclonians have tormented this planet for far too long. Now you pay.

We went at him and I punched Dark Ace in the face and kicked him in the stomach and then I ignited my lightsaber and we clashed ferociously lightsaber to energy blade and I slashed his leg and kicked him in the face. Lincoln fired blasts of lightning and electrocuted him all over and Lola and Lea fired blasts of fire and burned him.

---

The Muisca (also called Chibcha) are an indigenous people and culture of the Altiplano Cundiboyacense, Colombia, that formed the Muisca Confederation before the Spanish conquest. The people spoke Muysccubun, a language of the Chibchan language family, also called Muysca and Mosca. As one out of four advanced civilizations of the Americas (apart from the Aztec, Maya, and Incas), they were encountered by conquistadors ordered by the Spanish Empire in 1537 at the time of the conquest. Subgroupings of the Muisca were mostly identified by their allegiances to three great rulers: the zaque, centered in Hunza, ruling a territory roughly covering modern southern and northeastern Boyacá and southern Santander; the zipa, centered in Bacatá and encompassing most of modern Cundinamarca, the western Llanos; and the iraca, religious ruler of Suamox and modern northeastern Boyacá and southwestern Santander.

The territory of the Muisca spanned an area of around 25,000 km2 (9,700 sq mi) from the north of Boyacá to the Sumapaz Páramo and from the summits to the western portion of the Eastern Ranges. Their territory bordered the lands of the Panche in the west, the Muzo in the northwest, the Guane in the north, the Lache in the northeast, the Achagua in the east, and the Sutagao in the south.

At the time of the Spaniard invasion, the area had a large population, although the precise number of inhabitants is not known. Estimates vary from half a million to up to three million inhabitants. Their economy was based on agriculture, salt mining, trading, metalworking, and manufacturing.

In modern times, the population of the Muisca has drastically decreased, although in the municipalities and districts Cota, Chía, Tenjo, Suba, Engativá, Tocancipá, Gachancipá, and Ubaté, descendants of the Muisca are present. A census by the Ministry of

Interior Affairs in 2005 provided a total of 14,051 Muisca people in Colombia.

Important contributors to the knowledge about the Muisca have been their main conquistador, Gonzalo Jiménez de Quesada; Spanish poet, soldier, and priest Juan de Castellanos (16th century); bishop Lucas Fernández de Piedrahita and franciscan Pedro Simón (17th century); and Javier Ocampo López and Gonzalo Correal Urrego (recent).

# The Cute World of Ponies

In the endless voids of Space, the U.S.S. Valorous Phoenix was flying through the stars.

Me: Captain's Log, Stardate 2859.0: The U.S.S. Valorous Phoenix is en route to the infamous Crematoria Triple-Supermax Prison located in the Igneon System, 3,500 light-years away from Earth. We're going there to have a talk with the Evil Lynn that tried to kill Lincoln after she tried to frame our Lynn. We just need to get some answers out of her.

Lincoln: So what is this prison like J.D?

Me: Crematoria is one of the worst prisons ever. It's what I like to call an Earth-sized Mercury. The planet is scorching hot as it is over 700˚ Fahrenheit of the day side of the planet and the night side is -300˚ Fahrenheit. The reason the planet is like that is because of its close proximity to its parent star.

Lincoln: Whoa! And a prison lives on that planet!? That's crazy!

Nico: It sure is. What is this prison home to?

Me: The worst kinds of criminals in the galaxy.

I went over the history of the planet Crematoria.

---

Crematoria is a planet in the Igneon System, it is noteworthy for its extreme temperatures and triple-max prison.

Crematoria is a harsh planet with 52 hour days, the surface of the planet is not habitable, as the temperatures are in the wild extremes; One would be incinerated if in the sunlight, or frozen solid at night. This makes it almost impossible to escape from, as there is only a buffer of about 20 minutes where travel on the surface is possible. The temperature when Toombs brought Richard B. Riddick to

Crematoria were: -295ºF (-182ºC) on night side and +702ºF (372ºC) on day side. Crematoria rotates 5000 mph.

Crematoria Slam Facility is a triple-max prison drilled into the surface of Crematoria in Igneon System, one of the most inhospitable worlds in the universe. The prisoners are transported via a 29.4 kilometers railway inside the planet, then lowered into prison area. The prisoners are left to roam around, and when lockdown is needed, the Hellhounds are released. The prisoners lock themselves in their cells, but slow ones get eaten by the Hellhounds, because of that it is also called "feeding time". Periodically the top part of the prison is raised to the planet's surface to let in fresh air.

It is considered inescapable because of the harsh temperature extremes of the planet.

Everyone gasped in shock.

Lori: That prison is literally Hell!

Nico: No kidding.

Lisa Loud: We have arrived at our destination.

Me: On screen.

The view screen activated and we saw that we had arrived at the planet Crematoria.

Me: There it is.

Nico: Whoa! It sure is a terrifying planet.

Laney: No kidding.

Me: Lets engage landing procedures and activate the heat shields.

We did so and landed in front of the prison and we saw that the planet was really scary and creepy.

Me: Whoa!

Nico: So this is Crematoria. It sure is a scary planet.

Naruto: No kidding.

We went into a hangar and took a railcar down into the prison and we saw that it was a scary place and loaded with inmates that are monsters from Hell. We went to the cell of the Evil Lynn and she was really pissed off to see us.

Evil Lynn: You all have a lot of nerve showing up here!

Breach: (to Evil Lynn) Escaping from the prison in your world, framing Lynn for your crimes, recruiting 5 dangerous villains, and driving Lynn into drinking. Do you have anything you want to say for yourself?!

Me: Hailey let us handle this.

Lincoln: Why do you hate me so much? What have I ever done to you that would cause you to hate me so much?

Evil Lynn: I'll tell you why! Stinkoln you are the worst mistake mom ever made and the most worthless monster that has ever walked the face of the Earth!

We gasped!

Evil Lynn: I wish you were never born Lincoln. From the moment you were born I hated your guts with a vengeance! You were hogging all the attention and no matter what I did you would always do better than me! It was Lincoln this and Lincoln that and I was really sick of it! From that moment on I vowed to make your life one helluva living nightmare! Because of you I was an outcast!

Nico: You already are an outcast.

Evil Lynn: SHUT YOUR FUCKING TRAP! I forced Lincoln to go to my game and because of him I lost!

Lisa Loud: No. What happened was not because of bad luck. It was karma that made you lose your game in the first place. Even though I don't believe in neither.

Evil Lynn: IT DOESN'T MATTER! I hate Stinkoln Loud and he was never my brother! I wanted him dead from the moment he was born! HE IS THE WORST MISTAKE EVER KNOWN AND HE DESERVES NOTHING SHORT OF DEATH!

We gasped again and Lincoln broke down crying.

Evil Lynn was the true mistake. She blamed Lincoln for her misfortunes and her plans were to make sure he suffers. She vowed to make his life a living nightmare and then kill him. Evil Lynn was a heartless monster and she did all kinds of terrible things to him. A true psychopath. Evil Lynn was born bad and she was a true Nightmare from Hell and a true demon in human skin. This hurt Lincoln so much that Earth, Ronnie Anne, Paige and Girl Jordan were comforting him as he was crying. Evil Lynn wanted nothing more than to kill Lincoln and she will make sure he's dead. But because of her crimes in our universe, she bought herself a one way ticket to Hell where she will burn for all eternity.

Lynn punched her evil self in the face and broke her nose and gave her a nasty black eye and blood was pouring out of her nose and Lynn told her evil self that if she ever gets out of the Crematoria prison, that she will be ready for her and she will be hell to pay in blood because no one threatens her brother and lives to tell the tale.

We left the prison.

Later at the estate I was watching the 2020 episode of Primal called The Plague of Madness and I wanted to see what it was like for Aylene when she saw that episode. What I saw was awful. It showed a sweet and gentle giant like a sauropod turning into a Zombie dinosaur and it was awful.

---

The Zombie Argentinosaurus is the main antagonist of Plague of Madness, the sixth episode of Primal.

Once a peaceful herbivore, the sauropod spotted an zombified Parasaurolophus. Not seeing it as a threat the sauropod ignored it but got bitten by the infected hadrosaur. Alarmed, the Argentinosaurus kicked the hadrosaur into a tree where it died for good. But the virus has already passed to the Argentinosaur, making it deadly ill as mucus ran from it's mouth and nose.

The now sickly sauropod walked to the watering hole and drank deeply, gazing at its reflection in the water before proceeding to vomit up blood. The herd looked in fear as the sick sauropod flew into a panicked rage, thrashing wildly as the virus completely took over its body. No longer in control of its own actions and rendered as little more than a savage, brutal and rabid beast, the sauropod turned on its own herd, smashing nests filled with eggs and killing any herd member in its way, in spite of members of the herd attempting to stop its rampage. Before long, the entire herd was killed.

As Spear and Fang finds the killed herd, the now zombified sauropod starts chasing them through the woods. Soon the sauropod falls down a cliff while running, seemingly killing it, but in reality, simply knocking it unconscious. It reawakens and continues to chase Spear and Fang, who had spent an entire night waiting to see if it was dead.

After being trapped in a narrow ravine, the sauropod relentlessly tried to free itself as Spear and Fang and as it finally frees itself, though tearing off a large chunk of flesh from his body. But it's own heavy weight became it's own downfall as the volcanic field's crust cracked open and it fell into the lava and burned up. As it let out it's final roars of agony it burns into ashes as Fang and Spear watched.

* * *

It was so dark that I ended up breaking down crying. Tears were streaming down my face.

Me: (Crying) That poor dinosaur!

Varie, Celica, Xerneas and Rachel S.D. were comforting me.

Varie: It's all right J.D.

Xerneas: That was a really dark episode. No wonder Aylene got so traumatized.

Ace: Why did we even watch that episode?

Celica: To see what Aylene went through. And knowing her love for dinosaurs, it scarred her for life.

Rachel S.D.: That's awful. But man that is terrible that a virus like that would turn a gentle giant like that into a ruthless killer.

Varie: No kidding.

Celica: Yeah.

Me: (Crying)

Announcer: HANDKERCHIEF GRENADE MAGISWORD!

I pulled out a handkerchief and blew my nose in it and threw it aside and it exploded.

KRABBBBOOOOOOOOMMMMM!

Vambre: (British Accent) Poor dear.

Prohyas: You better go cheer Aylene up sis. I think J.D. is too grief stricken.

Vambre: Good idea. But how long has she been in her room?

Varie: Three days.

Vambre: Oh dear this is serious.

Vambre went up to Aylene's room and she opened the door. She saw Aylene on her bed crying hard and her hair was a mess and she hadn't eaten anything in a while.

Vambre: Aylene?

Aylene: (Crying) Oh hey Vambre.

Vambre: Aylene are you all right?

Aylene: (Crying) That poor sauropod! Because of that virus!

Vambre: I know it was awful Aylene. J.D. saw what you saw and he is crying hard too. But you got to stop crying yourself. You're only going to feel worse.

Aylene: (Crying) I know. But it hurts so much!

Vambre: I know how much you love dinosaurs Aylene. And that episode was really dark yes. But you still have all your friends in the world of dinosaurs with you. Besides, you have done so much good for all dinosaurs all over the place in this world and the world of dinosaurs. You are an angel of dinosaurs.

Aylene: (Sniffles) Really?

Vambre: Sure and our enemy King Rextopher would be really proud of you.

Aylene: Wow.

Vambre: And if you and your friends can take down the evil Sharptooth then you can take down an evil creature like a Zombie Dinosaur in the future.

Aylene was feeling much better.

Aylene: You're right! I am the angel of dinosaurs and I can stop a dinosaur like that.

Vambre: That's the spirit!

Aylene got up.

Her stomach then growled loudly.

Aylene: Whoa. Really hungry.

Vambre: First lets get you cleaned up and get you some food.

Aylene: Good idea.

Aylene got cleaned up and showered and then she went to SlugBurger and Aylene ordered 1 of everything on the menu and man she was hungry.

Later at the High School we were getting ready for class.

Me: I wonder what we have to learn in class today.

Varie: We'll find out.

With us was another friend of Hunter's from the world of Oddworld named Jeff. Jeff is a turquoise skin Mudokon with a purple and blue feather like ponytail hair, yellow eyes with hints of red around his black pupils, wears purple shorts and loincloth, and has purple paint tattoos. And his powers is Spiritual Release.

Nico: It's awesome having you with us Jeff.

Jeff: Same here Nico. Hunter told me so much about you and what you all do.

Mrs. Harrington: All right class. I have an announcement to make. We have 7 new students joining our class starting today. They moved here from another land so please give a warm Gotham Royal York welcome to our newest students. Come on in girls.

The door opened and in came 7 familiar faces. We saw the Equestria Girls: Twilight Sparkle, Sunset Shimmer, Rarity, Rainbow Dash, Fluttershy, Pinkie Pie and Applejack.

Me: Whoa! The Mane 7!

Twilight Sparkle: That's right. It's an honor to meet you J.D. We heard so much about you and all of Team Loud Phoenix Storm.

Mrs. Harrington: Do you know them J.D.?

Me: Well we haven't met our universe's version of them but it's a very complicated story. During the war with the Royal Defenders we freed their world's version of the Mane 7.

Sunset Shimmer: Wow! I heard about that.

Applejack: (Cowboy Accent) That must've been really intense.

Rainbow Dash: Yeah.

Me: It was.

Mrs. Harrington: I see. That was a big adventure for all of you.

Varie: It was.

Later at lunch we got to talking with the Mane 7 and they were awesome girls and more. Then they decided to take us to the world of Equestria and it was a beautiful place. We were there and it was beautiful.

---

Equestria is the main setting of the My Little Pony Friendship is Magic franchise. Equestria is inhabited by magical ponies and other talking creatures, such as griffons and dragons. Other animals and creatures also live in Equestria. Equestria is called a kingdom in the first episode of the show and in other media, though it does contain other "kingdoms" within it such as the Crystal Empire; the show and other media take place in many locations and their exact affiliation with Equestria is not explored. Equestria was co-ruled by Princess Celestia and Princess Luna, who resided in a palace in the city of Canterlot until The Last Problem, when they retire with Twilight Sparkle taking their place. The name "Equestria" is derived from the word "equestrian", which denotes a relation to horseback riding. Consequently, it also has an origin in equus, the Latin word for "horse."

According to a storybook in A Flurry of Emotions and Lord Tirek in The Beginning of the End - Part 1, the land that would eventually become Equestria was originally a collection of farms and pastures until Grogar declared himself emperor of everything. He created various monsters to seize what they wanted and destroy everything else. A unicorn named Gusty the Great eventually rose up against Grogar and banished him.

The founding of Equestria

The episode's most prominent feature is a play about the founding of Equestria, narrated by Spike. He explains: "Each of the three tribes, the Pegasi, the unicorns, and the Earth ponies, cared not for what befell the other tribes, but only for their own welfare. In those troubled times, as now, the Pegasi were the stewards of the weather, but they demanded something in return: food that could only be grown by the Earth Ponies. The unicorns demanded the same, in return for magically bringing forth day and night. And so, mistrust between the tribes festered, until one fateful day, it came to a boil. And what prompted the ponies to clash? It was a mysterious blizzard that overtook the land, and toppled the tribes' precarious peace."

The blizzard led to famine, at which the three tribal leaders eventually agreed to meet for a summit and decide what to do about the snow, but this only devolved into arguing and blaming each other. The leaders of each tribe then decided to journey to a new land. They all arrived at the same place, and soon began fighting over it, and the blizzard quickly followed. "And so the paradise that the ponies had found was soon lost, buried beneath a thick blanket of snow and hard feelings." Eventually, the leaders' assistants find out windigos are causing the storm by feeding off of hate. The assistants' friendship creates the magical Fire of Friendship which does away with the windigos and the snowstorm.

The three leaders then decide to join forces and found a country shared by all three tribes, and name it Equestria.

## Discord's reign of chaos

The series starts off with a prologue with narration about the princesses ruling Equestria, raising the sun and moon and maintaining harmony. Only in The Return of Harmony Part 1 is the time before their rule mentioned in the series. Princess Celestia tells Twilight Sparkle and her friends that before Princess Luna and herself stood up to Discord, he ruled over Equestria, keeping it in a state of unrest and unhappiness. Celestia goes on to describe that, seeing how miserable life was for Earth ponies, unicorns, and Pegasi alike, she and Luna discovered the Elements of Harmony and rose up against Discord, turning him to stone. Discord's seal is later broken because, as Celestia explains, "Luna and [herself] are no longer connected to the elements", so Twilight and her friends use the Elements of Harmony to encase Discord in stone again.

## The regal Alicorn sisters

The princesses are introduced in the prologue of the first episode, depicted in a series of medieval-like drawings with a narration that explains that "Two regal sisters who ruled together and created harmony for all the land", and that "the eldest used her unicorn powers to raise the sun at dawn. The younger brought out the moon to begin the night."

## Nightmare Moon

The narration continues: their subjects, the ponies, played in the day but "shunned" the night and slept through it, which made the younger unicorn grow bitter, eventually refusing to lower the moon to make way for the dawn. Her bitterness transformed her into a "wicked mare of darkness", Nightmare Moon. The elder sister reluctantly harnessed the power of the Elements of Harmony and banished her in the moon, taking responsibility for both sun and moon, maintaining harmony in Equestria. The events of the first and second episodes take place a thousand years after Nightmare Moon's imprisonment, upon which she is freed, but defeated again through the magic of the Elements of Harmony, only this time she is transformed back to her former self and returns to rule Equestria with her sister. In Testing Testing 1, 2, 3, these events are referred to as "The Great Celestia/Luna Rift."

## Alternate timelines

In The Cutie Re-Mark - Part 1 and Part 2, several alternate versions of present day Equestria are depicted as a result of Starlight Glimmer changing history. In the first alternate timeline shown, King Sombra expands the Crystal Empire's borders to cover half of Equestria. In the second, Queen Chrysalis and the changelings have conquered Canterlot and forced many ponies into hiding. In the third, Nightmare Moon rules Equestria after banishing Celestia to the moon. Further alternate realities include one ruled by Discord, one in which Lord Tirek ravages the land, one in which Flim and Flam bulldoze whole forests, and one in which Equestria is reduced to a barren wasteland. Through Twilight Sparkle's actions, these alternate realities are undone.

## Many moons later

Several years after the final battle for Equestria depicted in The Ending of the End - Part 2, Celestia and Luna have retired, with Twilight as the official ruler of Equestria, Spike as her royal advisor and Gallus as the new captain of the royal guard. Equestria has become a far more diverse place, with many other species residing there.

---

Kevin Levin: So, this is Equestria, huh? I may be a boy but I like this place already.

Me: It sure is beautiful.

Nico: Yeah.

Sunset Shimmer: Thanks for letting me come with you guys.

Me: No problem Sunset.

With us were Robo Blaze, Dark Spicer, Illegal Racer LeGrange…

---

LaGrange first appears in Need for Speed, where he plots to dig up the old treasure lying within Yellowstone National Park in a race between the Malachi Sisters, Dirty Dobs and Vin Ethanol, with the winner being whoever finds the treasure first. However, he is eventually defeated, like the others, upon the intervention of Ben as Stinkfly and later as Overflow, despite his best efforts to rid him. At the end, an annoyed Overflow then begrudgingly saves him before falling to his death, and later arrested with the others.

LaGrange returns in Drive You Crazy, this time entering himself in a race against Ben (as Upgrade) after the former blows up Komal's vehicle. However, his recklessness soon leads to his defeat once more and is bested by Heatblast.

In High Stress Express, LaGrange becomes convinced that he must outrace a transcontinental bullet train, claimed to be the 'fastest vehicle ever' in order to regain the title for himself and his own race car. However, further competition soon arrives as Ben, who joins seeking the title for himself too. Despite the former's best efforts (even putting the lives of the train passengers at risk), he is once more thwarted, his car destroyed, by Omni-Enhanced Heatblast. Before being arrested, LaGrange swears that he will get vengeance.

In LaGrange Muraille, LaGrange competes against Vin Ethanol to see whose car can outrace the other and jump over the Great Wall of China. However, the latter is unaware that LaGrange is merely using him for his own personal benefits, especially once Ben arrives to race for himself in Glitch. Convincing Vin to rid Slapback, and later Heatblast, LaGrange soon turns and cheats the competition to ensure he wins, only to be stopped by Four Arms teaming up with the latter.

In Forever Road, LaGrange receives an Omnitrix Remote Control from the Forever Knight, before the latter then sends him to the same muscle car race that Ben is planning to enter (on behalf of Phil). Using said device, LaGrange prevents Ben from accessing XLR8, thus forcing him to rely on the use of his other aliens to continue the race. Although seemingly winning the race, LaGrange is stopped by the arrival of Slapback, who manages to finally destroy the Remote Control - losing both the race and his partnership with the Forever Knight, who instead offers to invite Vin Ethanol, the winner of the race, in his place instead.

In Wheels of Fortune, LaGrange teams up with Kevin (as Dark Matter) in order to initially steal the other townsfolk's possessions, including Ben's Sumo Slammers Shirt, thus prompting him to give chase to them. However, shortly afterwards, LaGrange turns on Dark Matter, using the alien's powers as a means of his own energy source to fuel his car. Despite managing to shake off XLR8 and the escaped Kevin (now Quad Smack), he is once more chased by Humungousaur, Glitch and Rush, and is eventually stopped.

In Steam Fight at the OK Corral, LaGrange is briefly seen inadvertently receiving a photo of Kevin and Steam Smythe.

In Chicken In Chichen Itza, Part 2: The Wages of Fear, LaGrange returns with the promise of capturing the Quetzalcoatl and selling it to pay off his due rents. After swiftly dealing with XLR8, LaGrange manages to capture the truck transporting said creature, holding Mary Jo hostage as well. After defeating Heatblast and Glitch, a now-reformed Ben (having regained his confidence) stops LaGrange, using Omni-Kix Cannonbolt in order to free the Quetzalcoatl and force him to flee.

Vulkanus the Detrovite Crime Lord…

---

In The Galactic Enforcers, Vulkanus partnered up with SixSix in order to build a weapon capable of destroying a solar system using Element X. He is stopped by Ben and the Galactic Enforcers.

In Perfect Day, Vulkanus appears in Ben's dream, working alongside SixSix again. He is defeated when Gwen uses her spells to trap him in a dumpster and shrink him down to a harmless size.

Five years prior to Omniverse

Vulkanus attacked Mr. Baumann's store, with the purpose of stealing a vial of Element X that he brought for Sheelane. He follows Baumann to the subway (which used to be a mine) where he falls into a pit after Baumann tricked him. Later he found Baumann at Sheelane's lair, he took the crystal and Sheelane as a hostage.

However, Diamondhead freed Sheelane and he replaced the old Element X which he attached to Vulkanus' back with the new one. Diamondhead used a crystal wall to protect himself, Sheelane, Max, and Baumann and to make Vulkanus hit the roof of the cavern. The iron ore of the cavern interacted with the Element X on his back, which caused an explosion.

While everyone thought he died, Vulkanus survived the explosion, but his body was blown to bits. With the remainder of his body having a slug-like appearance, he crawled through the mine until he found his servants who put him into a regeneration suit.

At some later point, Vulkanus was betrayed by Kevin during a "counterfeit isotope" scam a few years earlier. Kevin left him holding the merchandise when the Plumbers arrived, and though he managed to escape, the Plumbers destroyed his ship. Unable to leave Earth, he resorted to trading level three alien technology to get by.

Alien Force

In Kevin's Big Score, when Kevin arrives looking to obtain an important item (a holo-viewer from Max Tennyson), Vulkanus decides to get back at him for the betrayal by forcing Kevin to absorb a small piece of Taydenite, the rarest living gem in the galaxy. This causes Kevin's body to mass-produce the gem, thus giving Vulkanus an endless supply. However, he is foiled by Big Chill, who literally freezes off his suit, revealing that Vulkanus hasn't managed to grow his old body back. Rather than attempting to arrest him, Kevin leaves Vulkanus with the Taydenite he had managed to chip off beforehand, considering it payment for his past actions.

In Inferno, it is revealed Vulkanus had used the Taydenite he gathered from Kevin to purchase the Earth and turn it into his home by pumping the magma out of the mantle in order to detonate a bomb, which will raise the Earth's surface temperature to 800 degrees. The bomb is stopped by Ben and Kevin is happy that Vulkanus wasted his money.

In Con of Rath, when Rath, Gwen, and Kevin discover they need Taydenite to power their ship, Gwen tells Kevin that every time they come across Taydenite, they run into Vulkanus. Kevin says that she is imagining things, they are confronted by Vulkanus. Kevin tries to negotiate with Vulkanus using a gold credit cube, but Vulkanus holds firm, saying that the three of them were on his planet without any other transactor in the vicinity. He is defeated by Rath, who ruined most of his Taydenite. Beaten, Vulkanus is forced to hand over his remaining Taydenite.

## Ultimate Alien

Vulkanus appears as one of the villains after Ben in Hit 'Em Where They Live, teaming up with Zombozo and Charmcaster. Vulkanus is beaten at the end by Ultimate Big Chill.

In Absolute Power: Part 1, Vulkanus was beat up by Humungousaur because he wanted answers about where Ultimate Kevin was.

In Greetings from Techadon, Vulkanus bought a Custom Techadon Factory to destroy Ben, only for Ben to discover how the Techadon were tracking him, and prevented them from doing so. This angered Vulkanus and he states that he wasted "enough to buy a whole solar system" for the defunct factory. Ben then uses Kevin's old ID Mask to put a fake Ultimatrix symbol on his back, causing one of the Techadon to begin chasing him instead of Ben. He flies away, screaming that he wishes he could hate Ben to death.

Omniverse

Vulkanus returns in Special Delivery where he tries to be the first to gather the dwarf star that was unintentionally in Ben's possession. However he was defeated, alongside Fistina, by Humungousaur.

He returned in The Ballad of Mr. Baumann, to take his revenge on Baumann and to steal Sheelane's Element X. He dived into Sheelane's lake where he ordered his servants to disassemble her ship. He later battled Ripjaws who destroyed his suit and defeated him by creating a whirlpool.

Future

In Ken 10, Vulkanus (with a fully recovered body) is defeated by Ben 10,000 and gets transported to the Null Void.

Former member of the Legion of Doom, Tala…

---

Tala is a villain from DC Comics. She is the archnemesis of the Stranger. She is a demoness and a mistress of Hell, and her motives reflect such origins, as she is known for either trying to doom mortals' souls to ruin or aiming to unleash apocalyptic evils upon the world. She has claimed to find the Stranger attractive and is thus interested in him, but the comics have never followed through on these hints, nor are these claims known to be true.

In Justice League: Unlimited, she was voiced by Juliet Landau who played Drusilla in Buffy the Vampire Slayer and its spinoff Angel.

Tala was one of the key members of Project Cadmus. Her role in the government black ops group is never specifically detailed, although it would be best determined that she is responsible for mystical and magical projects such as attempting to reverse engineer the Annihilator, Hephaestus' living suit of armor made for Ares. While she is portrayed as a project leader, sitting at the conference table, she gets trapped in a mirror by the trickery of Felix Faust.

Tala reappears as a member of Grodd's Legion of Doom. She has taken over Giganta's position as Grodd's female companion and also serves as the legion's master of magic and mysticism.

As Lex Luthor took control of the Legion from Grodd, Tala quickly changed positions, swearing allegiance to Luthor and becoming his new groupie.

Tala gets fed up with Luthor, as he is consumed with the task of restoring Brainiac, so she goes to the imprisoned Grodd and helps him mount an insurrection on Luthor. Lex, however, defeats Grodd and, thanks to a very expensive magic amulet he purchased in case she attacked him with her magic, takes Tala prisoner. She tries to woo her way back into Luthor's good graces, but he reveals that he has other plans for her. Hooking her up to a machine, Lex uses Tala as a power conduit to restore Brainiac, but as a final mocking, Tala resurrects Darkseid instead.

Shiv, Firefly, Electro, Snake, Toyman…

Winslow Percival Schott, alias Toyman was born in Britain. The child genius invented his first toy at a young age, a toy airplane painted red and blue. Another boy, out of jealousy of Winslow's fantastic home-made toys, stole his airplane. This act had a profound affect on Schott. When he grew up, Winslow created some of the most amazing toys ever conceived, which earned him world acclaim. However, LexCorp's acquisition of Schotts toy company left him jobless, and he was embittered by the company's use of his toys for military purposes. He became the supervillain Toyman, seeking revenge on Lex Luthor. After several attempts to assassinate Luthor and fights with Superman, he was arrested. Toyman was later sprung from prison and used by Intergang to help them build some deadly traps at their lair.

Later versions of him imply that he has some degree of schizophrenia. Another voice is constantly in his head urging him on in his schemes which he refers to as his 'Mother'.

Toyman appeared in Superman the Animated Series. In the show, his father was a kind toy maker who was manipulated by a gangster named Bruno Mannheim to make a numbers racket. Toyman's father was taken to prison where he died, while Schott was sent from foster home to foster home. He became Toyman and wanted revenge on Mannheim for his crimes, but was stopped by Superman. Later, out of loneliness, Toyman built a life-like robot companion called Darci Mason to be his companion but left him to become a super model.

Static Shock

Toyman appeared in the Static Shock episode "Toys in the Hood". Toyman comes to Dakota with Darci who wants to be a real human. In exchange for her love, he kidnaps Static Shock's friend Daisy, so she can serve as a model for Darci's nanite-constructed new body. Static and Superman arrive to stop him but Darci betrays him again and tries to escape only to discover that Toyman implanted a fail-safe in her new body. The program was designed to have the nanites destroy her if she turns on him. Darci's body melts and Toyman is taken to jail.

Justice League

Toyman also join forces with the Legion of Doom in Justice League and Justice League Unlimited. He later becomes a member of the Superman Revenge Squad and battles the Justice League. His device sent Superman thousands of years into the future, though he ultimately returns. He eventually joins Grodd's Legion of Doom.

Kaos…

---

Kaos is the main antagonist of the Skylanders video game franchise, although his role is often downgraded to secondary antagonist by other stronger villains, such as his mother, the Golden Queen, and the peersonification of Darkness itself. He is the main archenemy of Eon, Spyro, and the Skylanders.

He is the main antagonist of Spyro's Adventure, Giants, and SWAP Force, one of the two main antagonists of Trap Team, the secondary antagonist/anti-hero in SuperChargers, and the main antagonist of Imaginators and the Skylanders Academy series.

He was voiced by Richard Steven Horvitz, who also played Zim in Invader Zim, Zhencha in Mulan, and Lugosi in Bunnicula.

## Backstory

Just before he became evil, some say that Kaos was born a prince. However, after years of suffering insults about his ugly looks and bad smells, he kicked his father in the widdershins, gave up his royal name and headed out into the wilderness along with his faithful and equally ugly butler, Glumshanks.

## Skylanders: Spyro's Adventure

After once again being banished to the Outlands by veteran Portal Master Eon, Kaos returned to Skylands in another attempt to destroy the Core of Light. He summoned his evil forces, who almost immediately began losing the battle against the Skylanders. However, Kaos had a secret weapon and unleashed a creature called the Hydra that succeeded in destroying the Core of Light, banishing the Skylanders and causing Master Eon to become a spirit.

With the Core of Light gone, Kaos immediately began his rule over Skylands, but soon caught the attention of the returning Skylanders and the new Portal Master. Attempts to stop them using the Core's Eternal Sources failed, and Kaos retreated back to the Outlands when the Skylanders successfully repaired the Core of Light. Knowing that Kaos still had the very weapon that destroyed the Core, the Skylanders and the new Portal Master transported themselves to Kaos' lair, where they underwent a long battle against Kaos, his dark replicas of the Skylanders and the infamous Hydra itself.

After a long fight, the Hydra is driven away, and Kaos is captured by the Skylanders and imprisoned briefly at the Ruins. There, Hugo banished Kaos to Earth where the evil Portal Master was turned into a toy and soon tormented by a dog.

## Skylanders: Giants

After being banished to Earth, Kaos became unfrozen due to his status as a Portal Master. After being contacted by his butler, Glumshanks, he used a Portal of Power used in a toy store display to return to Skylands, but not before taunting the Skylanders, still trapped in their toy forms. Upon his arrival, he landed in a very ancient part of the world and discovered the remnants of a civilization that ruled Skylands over 10,000 years ago; a race of magical and technological beings called the Arkeyans. Kaos unintentionally reactivated one of their robots, the Arkeyan Conquertron, and quickly learned that if he could acquire something known as the "Iron Fist of Arkus", he coud not only reactivate the entire army of Arkeyan robots, but also command them.

With that kind of power, Kaos would pretty much be unstoppable and it was up to the new Portal Master, the Skylanders, and the Giants to stop Kaos and the Arkeyans. In the final boss, Kaos appears as a giant robot and has the Skylander cornered until Ermit appeared in his own Conquertron and took on Kaos with it, and then pinned him down, allowing the Skylander to attack the Fist of Arkus and reverting Kaos. After being defeated once again by the Skylanders, Kaos and Glumshanks retreated back to their castle, only to be confronted by his mother.

## Skylanders: Swap Force

Kaos concocted a plan to evilize one of the Ancient Elementals in the Cloudbreak Islands so that when the Elementals performed their ritual in replenishing the magic of Skylands, they will instead spread darkness. The evil Portal Master uses Evilizer devices to turn innocent creatures into darker versions of their former selves. Helping him on his plan is his mom, who is revealed to be a dark Portal Master like her son.

## Skylanders: Trap Team

Using his newly constructed Frequency Madulator, Kaos freed the villains, mainly the Doom Raiders, from Cloudcracker Prison at the hopes of them helping the evil Portal Master fulfill his latest plan in ruling Skylands. However the strong elite of villains had other motives and cast aside Kaos in favor of following their leader, the Golden Queen. The Golden Queen allowed Kaos and Glumshanks to stay, only to come up with a plan of her own, stating it was "solid gold". As dissent grows in the ranks, Kaos, seeking to take back control, commences "Operation Sabotage". He intervened at Phoenix Psanctuary to sabotage Chef Pepper Jack's plan on stealing the Phoenix Chicken, but backfired, his smoke rocket allowing Chef Pepper Jack to get away with an egg from the Phoenix Chicken.

When attempts of winning over the Doom Raiders failed, Kaos lashed at the Golden Queen for her ultimate goal of having all of the gold in Skylands over being its ruler. The evil Portal Master foolishly challenged the Queen to an "Evil-Off" with the winner taking all and the control of the Doom Raiders and Skylands. Unfortunately, it ended rather quickly and poorly for Kaos as the Golden Queen simply turned him to a gold statue.

Having lost Glumshanks and his hideout to the Doom Raiders, Kaos was forced to make a truce with the Skylanders for help in defeating the powerful villains who betrayed him. After acquiring an Information Squid from Mags' home village in Rainfish Riviera, the Information Squid turned out to be Kaos, who soon turned to an unlikely alliance with the heroes. With Kaos being the only lead to where the Doom Raiders were, he lent his assistance by telling the heroes the whereabouts of Dreamcatcher.

Much to his shock, Kaos found that his Willikin Workshop was under the control of Dr. Krankcase and helped the Skylanders infilitrate the factory. He became captured by the mad doctor, who was ordered by the Golden Queen to retrieve Kaos in order to travel through time for their plans. During the Skylanders' battle with Dr. Krankcase, Kaos was taken away by Wolfgang to Time Town, where the werewolf began using Kaos' powers to mess with time. The Skylanders managed to rescue Kaos, but Wolfgang escaped into the future.

After the Skylanders defeated the Golden Queen, Kaos and Glumshanks took control of The Ultimate Weapon. Glumshanks warned him that too much Stinkocity was very dangerous, to which the dark Portal Master ignored, saying that Traptanium is the "ultimate power source", having a much different effect on a Dark Portal Master. Kaos powered himself with the combined Stinkocity and Traptanium, turning into a new form called Ultra Traptanium Kaos. With this power, he was able to see the new Portal Master through the fourth wall and planned to not only conquer Skylands, but also pull the new Portal Master from their world and trap them in Traptanium. The Skylanders infiltrated the Ultimate Weapon to face Kaos, who underwent a fearsome transformation to battle the heroes. After a long battle, it ended in Kaos' defeat and capture. During the credits, Kaos complained about how the player had an entire army (the developers) helping them when all he really had was Glumshanks.

## Skylanders: SuperChargers

Despite being captured during the previous game, Kaos was far from reformed; in fact, he was merely biding his time until he could gain all of his Traptanium-depleted powers back and take his revenge (a fact revealed in the Skylanders comic series). Once he reclaimed them, he led a preemptive strike against all of Skylands, imprisoning any potential threats to his rule and somehow severing the link between any portals and Skylands. His crowning achievement, however, was the assembly of the Sky Eater/Ultimate Doomstation of Ultimate Doomstruction-a massive station that literally ate the sky and was powered by The Darkness. Glumshanks had doubts concerning the Darkness, but Kaos (ever overconfident in his abilities as always) believed that the substance was harmless, even after it gained sentience.

Eventually, as The Darkness grows stronger, it manipulates Kaos into firing Glumshanks, as he was trying to convince Kaos into not following The Darkness' plans to destroy Skylands and take over the universe. Eventually, Kaos starts to have doubts about his plans, knowing that if Skylands is destroyed, he will be unable to rule over anything. He talks with a figment of his imagination, called "Imaginary Glumshanks" about this.

Finally, Kaos, when confronted by The Darkness, decides not to push the button that will destroy Skylands. The Darkness, having grown tired of waiting, removes Kaos' dark powers, saying that he will get them back if he presses the button and destroys Skylands. Kaos reluctantly presse the button and The Darkness gives him back his powers.

When confronted by The Skylanders, plus Flynn, Cali and Glumshanks, who have The Dark Rift Engine, which is needed to banish The Darkness, Kaos fights The Skylanders after powering up. Soon he is defeated and The Darkness traps The Skylanders. It tells Kaos to destroy The Rift Engine but Kaos, tired of being bossed around, turns on the Dark Rift Engine and banishes The Darkness, in turn destroying The Sky Eater. He also re-hires Glumshanks and temporarily helps The Skylanders until he can find a way to get his powers back.

Skylanders: Imaginators

Before the events of the game, when Kaos discovered Mind Magic, the first thing he created was an exact replica of himself, thinking that not even The Skylanders could stand up to two of him, but, to his surprise, the Kaos clone wanted victory for himself and, as such, joined The Skylanders.

In this game, Kaos has an evil army of Imaginators known as Doomlanders, of which he creates one and sends it to the Skylanders Academy's library. That Doomlander escapes with the Ancients' book about Mind Magic and gives it to Kaos, who uses the Mind Magic to make his Doomlander stronger. His Doomlander is then defeated, but Kaos escapes with the book.

Curious about his Doomlander's defeats, Kaos acquires the Helm of Ultimate Wisdom to learn about the Ancient's secrets of creation. Once he tries it on, he meets the last of the Ancients, the most smartest and powerful brain in the universe. He helps Kaos create the ultimate Doomlander, which is a giant guacamole monster, but it was then defeated by the Skylanders. When Kaos discovered his monster's defeat, Brain contacts Kaos through his bird's body and tells him that he is trapped in a jar at the Golden Arcade.

After the Skylander unintentionally frees Brain, he goes to Kaos' lair. As Kaos frees him, he brainwashes the Mabu into serving Kaos as their ruler. The Skylanders, who are immune to mind magic, fools Kaos into believing that they are surrendering to him by giving him a giant cake. Brain tries to convince Kaos that it is a trick, but Kaos ignores him.

Once Kaos observes the cake, the Skylanders appear from it. However, Kaos reveals to them a clone army of himself, which he unleashes upon the Skylanders. Later on, the Skylanders confront Kaos in his lair, where he has Brain to turn him into Super Kaos. However, during the fight, Brain was more impressed with the Portal Master's imagination, which prompted Brain to turn on Kaos and switch to their side. After the battle, Kaos gets shrunken down by Brain and imprisoned in a glass jar along with Glumshanks.

## Powers and Abilities

As a Portal Master Kaos has complete control over Portals of Power, allowing him to teleport things or people as well as use it as a viewer to see events from a far distance. He also is shown to have some power over magic, being able to bring the Wilikin dolls to life at a very young age, as well as being able to project a metaphysical projection of his head to teleport objects and travel far distances, and he was even able to cast a curse upon the training simulator of Skylanders Academy, transforming it into a nightmare challenge.

In Skylanders Spyro's Adventure, Kaos shows the ability to project a bigger, hooded, more realistic looking, less smelly version of his head with a deeper voice. He also used the Eternal Elemental Sources to cast different elemental spells, such as volcanoes that spew fireballs, lasers, red bugs that leave exploding spheres of energy, and his later recurring Doom Sharks. During his final battle against the Skylanders in that game, he sits on a hovering throne that he uses to dive bomb the Skylanders.

In Skylanders Giants, Kaos enters the Iron Fist of Arkus and transforms into a giant Arkeyan robot with enhanced strength, capable of shooting lasers from his eyes, and summoning Arkeyan robots.

In Skylanders Swap Force, Kaos shows some piloting skills, being able to pilot a jet engine reassembling his Doom Jet from Skylanders Superchargers. Later, after having a large pile of Petrified Evil fall on top of him, he mutates into a giant, purple rock-like creature reassembling a small child. In this form, he can stomp on the ground and create shockwaves, bite down and create shockwaves in his mouth, generate enemies from inside his head and shoot purple rays from his hands.

In Skylanders Trap Team, Kaos is mutated again by traptanium, this time getting purple skin and green eyes, being able to break the forth wall and directly talk to the Portal Master. When fighting the Skylanders again, he powers up and transforms into a bigger, floating, crystalline form, being able to create shockwaves and summon elemental projectiles, he later grows bigger and gains two traptanium swords and the ability to summon Doom Sharks. He later grows even bigger, gains black feathery wings and the power to generate multiple traptanium swords that slice across the floor and create lasers.

After being trapped, as a playable villain, Kaos can summon elemental symbols that spawn their respective attacks, summon Doom Sharks and transform into his giant floating head from Skylanders Spyro's Adventure, then while transformed, being able to shoot lasers from his eyes and sound waves from his mouth.

It is revealed in Skylanders Superchargers that Kaos' dark powers were granted to him by The Darkness, as the symbol upon his head is a sign of his loyalty, granting him vast dark magical powers. If the symbol is removed from him, it is shown that he is powerless without it. During his battle with the Skylanders in the Sky Eater, Kaos uses the powers The Darkness granted him; growing in size, spawning spiky balls from the floor, clone himself, teleport, create a giant sphere of dark magic, and even create giant energy hands which are capable of creating enormous spiky balls, creating shockwaves with a single tap of a finger, and lifting heavy objects. The Darkness even created a giant dark sword for Kaos to use in the fight, which is capable of causing shockwaves with every swing.

In Skylanders Imaginators, Kaos gains the power of Mind Magic, allowing him to bring his thoughts to life, and warp reality based on his imagination. He uses this power to create the Doomlanders, but due to his low intelligence he cannot use Mind Magic to the fullest. Eventually, Kaos and Brain combine their Mind Magic powers and gain vast reality warping powers, as well as mind control over most of Skylands. Brain later uses his Mind Magic to transform Kaos into a big, muscular being with glowing hair. Here, he can create shockwaves, forcefields, and summon his Doomlanders.

---

and Mumbo Jumbo.

---

Mumbo Jumbo (also known as The Amazing Mumbo or simply Mumbo) is one of the many recurring antagonists in the Teen Titans series. He is an evil magician who is very skilled at theft and magic, and while usually just a minor crook, he has proven to be one of the most difficult villains to handle at times, but always manages to get defeated in the end.

He is voiced by Tom Kenny, who voiced Doctor Octopus from Ultimate Spider-Man and Penguin from The Batman.

Mumbo Jumbo first appeared in "The Sum of His Parts". He easily defeated Cyborg while the rest of the titans went in pursuit of Mumbo. After Robin broke his magic wand, he was sent to jail.

He appears again much later with his wand restored in "Aftershock - Part 2" robbing a bank, however he is easily taken out by Terra.

Later on, Mumbo returned in "Bunny Raven… or… How to Make A Titananimal Disappear" as the main antagonist. He sent the Titans to his own world inside his hat and turned them into animals: Robin into a monkey, Starfire into a tiger, Cyborg into a bear, Beast Boy into shape-shifting objects, and Raven into a bunny.

Mumbo was trying to make the Teen Titans disappear permanently, but Raven hatched a plan and used invisible paint. She then performed a magic hat-trick that send her foot out of the hat into the real world, kicking Mumbo in the face. They return to their world and the Teen Titans reverted back to their original forms. Raven then takes Mumbo's hat and Mumbo was taken to prison.

Some time later, Mumbo was recruited into the Brotherhood of Evil. He participated in Ding Dong Daddy's race for Robin's most secret possession, but was taken out in a mass crash triggered by Red X. When Beast Boy lead Mas, Herald, Pantha, and Jericho in an assault to the Brotherhood's Base, Mumbo was defeated by Beast Boy's Tyrannosaurus form with a tail whip. Mumbo was then seen flash-frozen at the end of the battle.

Twilight Sparkle: We'll show you Ponyville.

We went to Ponyville and we saw that it was an amazing and beautiful place.

Me: Wow. So this is Ponyville.

Ice: (Scandinavian Accent) It's so adorable!

But then we saw the Pony versions of the Equestria Girls appear.

MLP Twilight Sparkle: Wow! Team Loud Phoenix Storm!

Twilight Sparkle: Wow. I forgot how cute I was as a pony.

MLP Twilight Sparkle: Wow. I look awesome as a human. It's nice to meet you guys!

Tigger: Aw, thanks, Twilight! It's nice to meet you too!

Me: Are we the first humans here in the world of Equestria?

MLP Rarity: (British Accent) You all sure are.

Rarity: (British Accent) Wow. I look so cute as a pony.

MLP Rarity: Indeed.

Me: But this is amazing that Ponyville is so awesome like this.

The rest of Twilight's friends came. We saw the MLP versions of Applejack, Fluttershy, Rainbow Dash and Pinkie Pie.

MLP Applejack: (Cowboy accent) It's an honor to meet all of you.

Nico: Same to you Applejack.

Laney: Yeah.

Applejack: I look amazing as a pony.

Fluttershy: I look really cute as a pegasus.

MLP Fluttershy: I know.

MLP Applejack saw Robo Blaze, Dark Spicer, LaGrange, Vulkanus, Tala, Shiv, Firefly, Electro, Snake, Toyman, Kaos, and Mumbo.

MLP Applejack: Gotta be honest. I didn't expect to see 12 bad guys hanging out with you guys.

Me: It's all right Applejack. They are our frenemies. They give us an awesome challenge and they are giving trial runs for some of their newest recruits.

Kaos: So what made you decide to free me? I thought you said "Kaos deserves to be trapped in Traptanium. I hope he learns to like it."

Lincoln: Ok. We deserve that.

Nico: I don't. I wasn't even there when you were defeated.

Me: He's right. And we weren't even called Team Loud Phoenix Storm back then. And the Earth Skylands Federation was in the development stages back then.

Kaos: I see.

Robin: Mumbo, I have a question.

Mumbo: And that would be?

Raven: Which Titan did the Brotherhood of Evil send you after?

Mumbo: I was to go after Beast Boy, Mas, Pantha, Herald, and Jericho.

Nico: Whoa.

Kevin Levin: (to Vulkanus) Been a while since we last talked to each other, Vulkanus.

Vulkanus: For once, Levin, I agree with you. Did you and Tennyson just forget about me while going after those other bad guys?

Kevin Levin: No.

Toyman: (to Lois) I'm glad I'm back in action. I barely had time to fight before you knocked me out so easily!

Lois Lane: I know Winslow.

Me: I'm sorry that Luthor sacrificed you to bring Darkseid back, Tala.

Tala: I appreciate your concern, J.D. Though I've heard rumors that Luthor's mind is inside your body. (flirtingly) Are those rumors true?

Me: (Goofy laugh) No those aren't true.

Tala: You're right.

LaGrange: (to Ben) You're different from the Ben Tennyson I've dealt with before. He was immature and barely knew what he was doing with his Omnitrix. Unlike you, who managed to get a girlfriend and unlocked Master Control.

Ben: I know. That must be my 2016 counterpart.

LaGrange: I see.

MLP Rainbow Dash: Look, we've got plenty of time to go after Chrysalis. But right now, we'll show you guys around Ponyville.

Thunderblast: I like that idea.

Me: Same here.

We walked around the town and saw it all. First we saw the Town Hall.

The town hall is at the center of Ponyville's town square. In the first two episodes, the town's citizens gather in the town hall to witness Princess Celestia raise the sun with her magic at the thousandth Summer Sun Celebration. In the episode Applebuck Season, Applejack's friends and Mayor Mare give speeches on the town hall podium at the beginning of a ceremony celebrating Applejack's contributions to the town. In Griffon the Brush Off, Spike retrieves scrolls from a rack of cubby holes in the town hall.

In The Last Roundup, Rainbow Dash is repairing the building prior to a ceremony honoring Applejack when Derpy "assists" her and further damages the building. Applejack pledges to donate the prize money she expects to win at the rodeo. When her friends find out that she failed to win any prize money, they tell her they'll find other ways to fund the repair of the town hall.

More of the town square is seen from an aerial shot in Griffon the Brush Off. The square has a pool with a sculpture of a rearing Earth pony and several colorful tents pitched around it. A river marks the border of one side of the square, and a bridge crosses it to another tent-filled area.

In Too Many Pinkie Pies, Applejack and her sister Apple Bloom round up the clones of Pinkie Pie and make them sit in the town hall. Twilight Sparkle tests the clones' patience by making them watch a paint-covered wall dry.

In My Little Pony: Friendship is Magic Issue #31, Twilight Sparkle states that the first town hall in Ponyville was destroyed by a dragon swarm many years ago.

Schoolhouse

Ponyville has a schoolhouse for foals that first appears in Call of the Cutie. Exterior shots of the schoolhouse show a bell on the roof, a flag in the front yard, and a sign on the lawn depicting an open book and the silhouettes of two rearing fillies. Classes for foals are taught by Cheerilee; for example, in Call of the Cutie, she gives a lesson on cutie marks and their significance. In Ponyville Confidential, the students work on and print the Foal Free Press paper in the basement.

## Hospital

In the beginning of Baby Cakes, the main characters visit the newborn Pound Cake and Pumpkin Cake. When Pinkie Pie starts singing in the nursery, Nurse Redheart shushes her and eventually kicks her out. In Read It and Weep, Rainbow Dash breaks her right wing and stays at the hospital for a period of time. It is also mentioned in Hurricane Fluttershy by Rumble as he tells Rainbow Dash about Thunderlane having the feather flu and being at Ponyville Hospital. Applejack refers to the hospital as Ponyville General in Where the Apple Lies. The hospital is also seen in A Flurry of Emotions, and it is mentioned in Fluttershy Leans In as having been designed by construction pony Hard Hat. Ponyville hospital is also featured in My Little Pony: Ponyville Mysteries Issue #1.

## Train station

Ponyville has had a train station and depot since the founding of the town (shown in a flashback in Family Appreciation Day). In The Last Roundup, Applejack boards a train that takes her to Canterlot; and in Over a Barrel, the main characters take a pony-pulled train to Appleloosa. Unlike that train, the trains in Season 2 are powered by steam engines. In One Bad Apple, Babs Seed arrives to Ponyville via train.

At the beginning of Games Ponies Play, the train station is shown to be not far from Twilight Sparkle's home, Golden Oak Library. The main characters travel by train to the Crystal Empire to participate in a welcoming committee for the Equestria Games inspector.

## Ponyville Retirement Village

In Luna Eclipsed, Spike says that he mistook Twilight Sparkle's Star Swirl the Bearded costume for that of a "kooky grandpa from

Ponyville Retirement Village." Retirement Village appears in The Mysterious Mare Do Well, unidentified in the episode but identified with a slightly different design in My Little Pony: Friends Forever Issue #27. Ponyville Retirement Village also appears on My Little Pony: Friendship is Magic Issue #63 page 16 and is featured in My Little Pony: Ponyville Mysteries Issue #3. My Little Pony: Friendship is Magic Issue #70 features Retirement Village again.

## Ponyville Tower

Ponyville's clock tower is visible from the front of Fluttershy's cottage. The number of marks on its face changes between episodes, having eight marks in A Bird in the Hoof, Putting Your Hoof Down, Pinkie Pride, Secrets and Pies, The Maud Couple, and Grannies Gone Wild, but twelve marks in Hearts and Hooves Day. In Putting Your Hoof Down, the Ponyville tower is mentioned by tourist Globe Trotter.

## Ponyville Theater

A building in which theatrical productions are performed. The Cutie Mark Crusaders put on a play there in For Whom the Sweetie Belle Toils. The theater is also featured in the IDW comics story arc Ponies of Dark Water.

## Cutie Mark Crusaders Clubhouse

The Cutie Mark Crusaders' clubhouse is first seen in The Show Stoppers, when Applejack takes the three fillies to her old clubhouse in Sweet Apple Acres. She says it's "on a secluded, private part of the farm," but the Crusaders express their dismay at its decrepit state. Apple Bloom fixes the broken shutters, sands off the splinters, rebuilds the roof, and repaints the clubhouse. Later in the episode, the Crusaders practice their talent show routine in the clubhouse. The clubhouse is used again in Hearts and Hooves Day when the Crusaders make a card for their teacher, Miss Cheerilee. In The Mysterious Mare Do Well, Scootaloo heads a "Rainbow Dash Fan Club" meeting, which is attended by at least six ponies. The club house is decorated specifically for that event, with rainbow streamers and posters of Rainbow Dash on the walls.

## Castle of Friendship

Twilight Sparkle's castle sits on the outskirts of the town. It is created in Twilight's Kingdom - Part 2 when the Chest of Harmony buries itself under the ground, causing the castle to appear.

## School of Friendship

Opened by Twilight Sparkle then closed by Chancellor Neighsay of the Equestria Educational Association in School Daze - Part 1, then reopened again in School Daze - Part 2. It is attended by an assortment of characters, including ponies such as Pizzelle and Sandbar and non-ponies such as Gallus, Silverstream, Ocellus, Yona, and Smolder. Toys include the Twilight Sparkle Magical School of Friendship[1] and the Pinkie Pie Beats & Treats Magical Classroom.[2]

## Marketplace

The marketplace is shown in most episodes, primarily in Putting Your Hoof Down, Applebuck Season, Griffon the Brush Off, Swarm of the Century, Call of the Cutie, and Family Appreciation Day. In Putting Your Hoof Down, Fluttershy purchases vegetables from different stalls run by Earth ponies. Market stalls sell apples, pies, drinks, cooking utensils, books, and vegetables (corn, potatoes, carrots, and tomatoes being the most prominent). Applejack's family run their own stall cart, with at least one adult family member operating it to sell their apples. A stall selling soap is seen in Feeling Pinkie Keen.

## Sweet Apple Acres

Applejack, her sister Apple Bloom, her brother Big McIntosh, and her grandmother Granny Smith live and work at Sweet Apple Acres, first seen in Friendship is Magic, part 1. In that episode, Twilight Sparkle meets the farm's residents for the first time and is introduced to the extended Apple family at an Apple family reunion. In Applebuck Season, Applejack attempts to harvest all the apples from the farm's orchards by herself, but becomes tired and disorientated from lack of sleep. In Winter Wrap Up, Ponyville's citizens work together to plant seeds at the farm. In The Super

Speedy Cider Squeezy 6000, the Flim Flam Brothers arrive at the farm and try to overtake the Apple family's traditional apple cider business, but are kicked out when their automated apple-squeezing machine produces sub-par cider compared to the Apple family's homemade cider. In Spike at Your Service, Spike counts "twenty-four million, five hundred and sixty-seven thousand, eight hundred and thirty seven" blades of grass at Sweet Apple Acres.

## Sugarcube Corner

Sugarcube Corner is a confectionery shop run by Mr. and Mrs. Cake and Pinkie Pie. Princess Celestia visits Ponyville in A Bird in the Hoof and stops at Sugarcube Corner for a banquet of cake and pastries. Diamond Tiara's cute-ceañera takes place in Sugarcube Corner during Call of the Cutie. Although not specified on-screen, Lauren Faust stated that Pinkie Pie is an employee and tenant of the Cake couple, and rents the loft area of the building as her home.[3]

The building's roof resembles that of a gingerbread house; indeed, the building's exterior and interior design are bakery-themed. The two upper stories look like stacked cupcakes and are topped with candle-shaped lights. In Party of One, Pinkie and her friends have a party in the upper floor, which has been decked out with streamers, balloons, confetti, and party decor. The front room on the ground floor is the store area for customers. The bakery's kitchen is in the back of the shop, as seen in Applebuck Season when Applejack is helping Pinkie Pie bake cupcakes. The building's chimneys look like purple rock-candy pillars, and a sign with a picture of a cupcake hangs from one corner of the building.

## Day Spa

A day spa, first featured in Bridle Gossip, is apparently run by the spa ponies, one of whom, Lotus Blossom, speaks with an accent. The spa can be seen during long shots as being on the perimeter of the town square, next to the joke shop. In Bridle Gossip, Lotus Blossom asks Zecora for her recipe for a bath.

At the beginning of Green Isn't Your Color, Rarity apologizes to Fluttershy for being late to one of their weekly get-togethers, and requests "the usual" regimen from the Spa ponies. The spa makes a brief appearance in A Friend in Deed, when Pinkie Pie brings Cranky Doodle Donkey for a makeover in an attempt to win his friendship. In Ponyville Confidential, the six main ponies and Spike are at the spa when they discuss the latest "Gabby Gums" column in the Foal Free Press.

Twilight and Spike spend a day at the spa in Castle Sweet Castle, while Twilight's friends redecorate her castle.

Starlight Glimmer first meets Trixie at the spa in No Second Prances. In Applejack's "Day" Off, Rarity and Applejack attempt to spend some time in the spa, but Applejack would rather fix a few things first. The Cutie Map is accidentally teleported to the spa by Trixie in All Bottled Up.

## Golden Oak Library

The library is the setting for many scenes throughout the series. The library itself is on the ground floor, and Twilight and Spike live on the second floor. In Feeling Pinkie Keen, Twilight brings Pinkie into the library's basement, which is full of test tubes and scientific equipment. Twilight hooks Pinkie up to a machine to measure her brain activity and detect any unusual behavior. The building itself is a large, hollowed-out tree, which Twilight says in Look Before You Sleep is protected from lightning by a magical lightning rod.

Much of the aboveground portion of the library is destroyed by Lord Tirek in Twilight's Kingdom - Part 2, while its roots are used to decorate the Castle of Friendship's throne room in Castle Sweet Castle.

## Carousel Boutique

Rarity's boutique, in which she makes dresses for customers and friends, also doubles as her home. Rarity does most of her designing in the main workroom on the ground floor of the building. The room is stocked with materials and supplies such as mirrors, dress form mannequins, and movable screens. In the upper floor is Rarity´s bedroom.

## Costume shop

During the chase sequence in The Ticket Master, Twilight and Spike disguise themselves and hide briefly in a shop window. The costumes shown include a clown, a hula dancer, and a Santa Claus themed outfit with a fake beard.

### Bookshop

At the start of Griffon the Brush Off, Pinkie Pie comes across Twilight outside a bookshop while looking for Rainbow Dash. The sign above the door is shaped like a closed book, hung with its spine horizontal.

### Bowling alley

At the start of The Cutie Pox, the Cutie Mark Crusaders visit a bowling alley in hopes of getting bowling cutie marks. They end up witnessing fellow foal Strike gain his cutie mark in bowling. The bowling alley also appears in Slice of Life and is featured in My Little Pony: Ponyville Mysteries Issue #2. [ specify ] The building has the same interior features as a typical bowling alley. Pins, balls, and stars are mounted above the front entrance, and it has a sod roof and pin/ball door posts.

### Joke shop

When preparing for a series of pranks in Griffon the Brush Off, Pinkie Pie and Rainbow Dash first visit Ponyville's joke shop, which resembles a jester's hat and has a sign shaped like a laughing pony's head in cap and bells, complete with an "arrow through the head" prop. The shop can be seen in long shots as located along the perimeter of the town square.

### Café Hay

In The Ticket Master, Twilight Sparkle and Spike go to a café-Café Hay[4]-for lunch. Plants on the table serve as appetizers. The café has both outdoor and indoor seating in the form of bales of hay and giant-sized mushroom tables. Twilight and Spike are attended by a waiter-Savoir Fare-dressed in formal attire. The café's menu-also used at another outdoor Ponyville location with Cinnamon Chai's Tea and Cake Shop tables during The Perfect Stallion in Hearts and

Hooves Day and at the Tea and Cake Shop's outdoor café in Amending Fences-is adorned with a stylized "H". It appears also in Too Many Pinkie Pies, Magical Mystery Cure, Pinkie Pride, and Slice of Life.

### Quills and Sofas

In Owl's Well That Ends Well, Spike approaches this shop for a quill and points out that the store only sells two things: quills and sofas. The proprietor, Davenport, tells him that he will not have any more quills in stock until Monday, and asks if he wants a sofa instead. At the beginning of the episode Magical Mystery Cure, when Twilight is singing Morning in Ponyville, she passes by a stallion who just bought a sofa and sings, "There's the sofa clerk selling some quills!" Davenport says, "Morning, kid!" The store appears again in Castle Sweet Castle and sells beds and bedding supplies in addition to quills and sofas.

### Hay's Hardware

The Cutie Mark Crusaders visit the hardware store in The Show Stoppers to buy supplies for the talent show. It later appears in My Little Pony: Friendship is Magic Issue #9 and My Little Pony: Friendship is Magic Issue #10, after the Crusaders have blown it up with some fireworks; here, it is named Hay's Hardware, identified as being Lugnut's, and specified to have the address of 15 Gandolfini Lane.

### Mr. Breezy's fan shop

This is another location that the Cutie Mark Crusaders visit while acquiring supplies for the talent show in The Show Stoppers. The Cutie Mark Crusaders promise the shop owner that they'll return the fan. The shop is also shown during the Smile Song in A Friend in Deed and later featured in It Isn't the Mane Thing About You.

### Jewelry store

First seen in Hearts and Hooves Day when Apple Bloom takes Big McIntosh to select a ring for his marriage with Cheerilee, then in Ponyville Confidential where the Cake family are shown shopping in there, later in All Bottled Up, and later still in My Little Pony Best Gift Ever. In Ponyville Confidential, the store occupies the same building as the joke shop. In Hearts and Hooves Day and All Bottled Up, the store is respectively staffed by "Karat" and "Clarity Cut", who look similar to each other.

### Arcade machines

Three arcade machines and one arcade claw machine are seen in Hearts and Hooves Day.

### Rich's Barnyard Bargains

Rich's Barnyard Bargains is first mentioned in Family Appreciation Day and featured in flashback in Where the Apple Lies. Owned by the Rich family and first established by Stinkin' Rich, it is a retail outlet that sells a variety of goods.

According to Stinkin' Rich's grandson Filthy Rich in Family Appreciation Day, Barnyard Bargains became the cornerstone of retail in Ponyville "by capturing the whole sale market, purchasing in bulk, and slashing all prices". In My Little Pony: Friendship is Magic Issue #30, it is stated that Barnyard Bargains used to be located where Carousel Boutique now stands.

In My Little Pony Micro-Series Issue #3, a deal that Flax Seed and Wheat Grass made with Flim and Flam has Flax and Wheat's non-Ponyville land slated to be sold for Filthy Rich to build a new Barnyard Bargains megastore, but Rarity helps Flax and Wheat gain enough business to pay Flim and Flam by the end of the month instead.

### The Hay Burger

Twilight and the Cutie Mark Crusaders eat out at a diner called the Hay Burger in the episode Twilight Time. The establishment serves hay burgers, horseshoe-shaped fries, soft drinks, and milkshakes. Enterplay trading card series 3 #S12 features Burger Queen.

### Comedy club

The Hay Burger is repurposed as a comedy club in the episode The

Maud Couple. Performers here include Meadow Song as Pony MC and Maud Pie as comedian.

### Cafe

The Ponyville Cafe is featured in Every Little Thing She Does, A Flurry of Emotions, Fame and Misfortune, The Break Up Break Down, and The End in Friend.

### Toy store

A toy store is featured in A Flurry of Emotions.

### Tea shop

A tea shop where Fluttershy usually buys her teas is featured in Discordant Harmony.

### China shop

A store that sells party supplies, such as party hats, noisemakers, and piñatas, is featured in Discordant Harmony.

### Antique store

A store that sells a variety of antiques is featured in Uncommon Bond and at the end of My Little Pony: Friendship is Magic Issue #53.

### Miscellaneous features

Applejack mentions in The Ticket Master that there is a road in Ponyville named Stirrup Street.

In Ponyville Confidential, Rarity describes a newspaper called the Ponyville Express as "boring" when compared to the Cutie Mark Crusader's Gabby Gums column.

Me: Wow! So awesome.

MLP Pinkie Pie: (to the viewers) Kept you guys waiting for us, huh?

Double D: Pinkie Pie, we usually talk to the viewers at the end of a

mission.

MLP Pinkie Pie: Sorry.

Me: So lets tell you all about what happened to your counterparts during the war with the Royal Defenders.

MLP Twilight Sparkle: Okay.

We went over to a picnic table and went everything that happened during the war and it was not pretty.

Twilight Sparkle: You're kidding me! The Royal Defenders put servitude chips in our counterparts?!

Optimus Prime: You know what the sad part is? It really looked like your counterparts were good friends of the Royal Defenders.

Ice: Yeah and it was terrible that they took away their free will like that.

Me: Yeah some friends.

Vypra then appeared.

Vypra: It was horrible what they went through.

Rarity: (to Vypra) So, I'm guessing that it's back to the age where heroes and villains battle each other on a daily basis, right?

Vypra: More or less. Not all the villains are in the Masters of Evil. Some like Luthor and Joker are staying dead.

Me: But if they do we'll hakai them and banish them to the Warp for all eternity.

Sunset Shimmer: Good.

MLP Rainbow Dash: By the way Sunset, is it true that you were the worst girl ever?

Sunset: It was. Until I realized what a fool I was in being a selfish jerk. It was thanks to Twilight Sparkle that I realized that friendship is one of the most powerful forces in the universe.

Me: That's right.

Vypra: Awesome.

Horsea: That's right.

Manaphy: And it's love.

Poromon: And kindness.

Poliwag: And laughter.

Fluttershy: (hugs Horsea, Manaphy, Poromon, and Poliwag) You 4 are so cute!

Shiv: (laughs) I knew that would be her reaction!

Me: Me too. (See's something) Huh?

I saw a strange mark on my elbow. It looked like a phoenix rising out of fire with a halo over its head.

Me: What's this mark on my arm?

Rainbow Dash: Oh that's your cutie mark J.D. Everyone here in Ponyville has one.

Me: Cool!

Twilight Sparkle: Your cutie mark represents the phoenix rising out of the fires of justice and how you do everything you can to help out everyone.

Everyone saw that they all had cutie marks of varying kinds.

Nico: Wow! We all have cutie marks!

Vince: Awesome!

Twilight Sparkle: It sure is. I didn't think that humans could get cutie marks. But we're glad you all came. One of our enemies is now on the loose. Her name is Queen Chrysalis.

Me: Lets see here.

I pressed my smart watch and it turned into my arm computer and I looked up Queen Chrysalis's info.

---

Queen Chrysalis (or also simply known as Chrysalis) is one of the main antagonists of My Little Pony: Friendship is Magic. She appears as the main antagonist in the Season 2 finale "A Canterlot Wedding", the Season 6 finale "To Where and Back Again", the Season 8 episode "The Mean 6", and one of the three main antagonists of Season 9 (alongside Tirek and Cozy Glow). She is also the supporting antagonist in the Season 5 finale "The Cutie Re-Mark". She is one of Twilight Sparkle's archenemies and also the archenemy of Starlight Glimmer.

She was also featured as the main antagonist in IDW's first comic arc, The Return of Queen Chrysalis, as an supporting antagonist in the ninth comic arc, Siege of the Crystal Empire, the main antagonist of The Guardians of Harmony in the IDW specials and one of the main antagonists of My Little Pony/Transformers (alongside Megatron).

She was the Queen of the Changelings who seeks to feed her subjects' hunger for love and later expand her rule across Equestria in the process. She then lost this title after the Changelings realized that they didn't need to feed on love to survive, have been replaced by Thorax. She later becomes a member of the Legion of Doom, consisting of Lord Tirek and Cozy Glow, and was formally led by "Grogar", who was actually Discord in disguise. After they dispose of Discord and learn of his secret, Queen Chrysalis becomes the de-facto leader of the team until she and her teammates were defeated by the Mane Six and their allies. She started out as the archenemy of both Princess Cadence and Twilight Sparkle, and then later became Starlight Glimmer's nemesis when she helped convince her hive to turn on her.

She was voiced by Kathleen Barr, who also voiced Trixie Lulamoon in the same series, Kevin and Marie Kanker in Ed, Edd n' Eddy, and Gelorum in Hot Wheels: AcceleRacers. In her other forms, she was voiced by Britt McKillip in her Princess Cadance disguise, and Ashleigh Ball in her Applejack disguise.

Chrysalis first makes an appearance in the penultimate episode of the second season entitled "A Canterlot Wedding", disguised as Princess Cadance. Some time before the events of the episode, Queen Chrysalis somehow got through Shining Armor's shield spell and attacked Princess Cadance, then hid her in the caves below Canterlot and took her form.

When the Mane 6 arrive from Ponyville to help with the wedding plans, Twilight encounters "Cadance" after reminiscing about what a great foal-sitter she was. However, to her surprise, Twilight finds that Cadance has no idea who she is and that she is now cold, uninviting, selfish, and cares little for the wedding plans. That night, Twilight expresses her frustrations with Cadance to her friends, who instead chalk up Cadance's bad behavior to stress of the wedding and Twilight's dislike of her as being possessive of her brother. Twilight visits Shining Armor in an attempt to talk to him about Cadance, only for her to show up and take him out of the room for a conversation. Whilst spying on the two, Twilight witnesses Cadance performing a spell on Shining Armor, and deems her as being evil on top of unpleasant, running back to the castle to warn her friends about her, only to realize that she had gotten her friends to replace her missing bridesmaids. The next day, Twilight confronts Cadance in front of her friends, Shining Armor and Princess Celestia, only to be humiliated and disgraced when she runs off crying and Shining Armor justifies all her seemingly mean spirited actions while not inviting her to the wedding. On top of this, her friends are shun her for her misguided actions. As Twilight, now alone, regrets her actions, Cadance returns and comforts her, only to then imprison her below the castle.

Chrysalis, still in Cadance's form, taunts Twilight and tells her that she's only using Shining Armor for her own ends. Chrysalis then attempts to manipulate Twilight into attacking the real Cadance, also trapped under the castle, although this fails when Cadance proves she remembers who Twilight is. As Twilight and the real Cadance attempt to escape, Chrysalis proceeds with her plans of marrying Shining Armor, whilst singing "This Day Aria". However, just as Chrysalis is about to be married, Twilight and Cadance arrive and reveal that she is a fake, causing Chrysalis to reveal her true form.

Chrysalis boasts and explains that, as Queen of the Changelings, she is tasked with finding food for her subjects, and that Equestria has more love to feed off of than anywhere they had encountered before. When Cadance argues that Shining Armor's protection spell will keep the Changelings out, Chrysalis reveals that she has been feeding off of Shining Armor's love, making him and the protection spell gradually weaker. Celestia begins dueling with Chrysalis, although the latter manages to overpower her, having grown stronger due to feeding off of Shining Armor. As the Mane 6 run off to get the Elements of Harmony, Chrysalis laughs and tells them they can run, but they can't hide.

Chrysalis continues to oversee Celestia (now trapped in a cocoon), the detained Cadance, Spike and the brainwashed Shining Armor, as the Mane 6 are brought back in by her minions. She then politely scolds them for not believing Twilight in the first place causing them to feel awful. After telling her remaining subjects to go and feed, Chrysalis reprises "This Day Aria" whilst looking over the destruction of Canterlot, not realizing that Twilight had freed Cadance, who subsequently helps Shining Armor break free of Chrysalis' brainwashing. He glares at her after he's freed, heavily implying he found out Twilight was right about her sometime between when he stormed out and when he was freed. Although both Shining Armor and Cadance are free, Chrysalis over confidently shrugs this off, believing that Shining Armor is too weak to repel them using his protection spell. However, Cadance and Shining Armor use their love to empower the protection spell, sending a shocked Chrysalis and her Changelings flying off to parts unknown. During the aftermath everyone apologizes to Twilight for not believing her and getting mad at her.

The Cutie Re-Mark

In "The Cutie Re-Mark", in the second altered timeline created by Starlight Glimmer, Chrysalis and her Changelings have taken over most of Equestria without the Mane 6 to stop them, and Zecora is leading jungle ponies (Fluttershy and Pinkie Pie among them) in a war against her. Chrysalis, disguised as Applejack, arrives at the jungle ponies' hideout while Zecora is explaining things to Twilight. Zecora is not fooled by Chrysalis' disguise, and Chrysalis unleashes the Changeling army on her resistance while she and Zecora duel. Although Chrysalis presumably wins the battle, the timeline is eventually restored, and she therefore never comes into power.

## The Times They Are A Changeling

In "The Times They Are A Changeling", Chrysalis briefly appears in Thorax's flashback to the Changeling kingdom. It was later implied that Chrysalis and the changelings all survived their fall from both Thorax having taken part in the invasion and his plans to reform the Changelings in their kingdom.

## To Where and Back Again

Chrysalis returns in the Season 6 finale "To Where and Back Again". She with her Changelings capture the Mane 6, Spike, Celestia, Luna, Cadance, Shining Armor, and Flurry Heart and take over Equestria. She is seen communicating with the Changelings impersonating the Mane 6 and Spike, and Starlight Glimmer, Trixie, Thorax, and Discord travel to the Changeling kingdom to stop her.

Starlight and her team go through the Changeling hive to destroy Chrysalis's throne, which blocks all magic but Changeling magic. Discord and Trixie are captured and imprisoned in a chrysalis in Chrysalis's throne room, along with every other pony that was captured. Chrysalis arrogantly boasts about her assured victory to Starlight, only to realize that "Starlight" is actually Thorax, while the real Starlight is attempting to destroy the throne with a rock. Starlight attempts to convince Chrysalis that giving love to others is better for her subjects, however, Chrysalis denies this, stating that she knows what is best for her people. Chrysalis starts to drain Thorax of his love as punishment for betraying her, however, on Starlight's suggestion, Thorax willingly gives all his love to her, blasting her into the throne and obtaining a new transformation. All the other Changelings, realizing that there is a better option to stealing love, do the same, destroying Chrysalis' throne and releasing those imprisoned, also transforming. Chrysalis survives, and, outnumbered by the Mane 6, Spike, Starlight, the princesses, Discord, and those with them, including the entire changeling army, she is unable to do anything. Starlight offers her the chance of redemption, but Chrysalis rejects her offer, swears revenge on Starlight, and flies away.

### Celestial Advice

In "Celestial Advice", Chrysalis is mentioned a few times.

### To Change a Changeling

Chrysalis is mentioned again in the episode "To Change a Changeling".

### Shadow Play

In "Shadow Play", Pinkie Pie mentions Chrysalis while recounting the threats Equestria has faced over the last thousand years to Starswirl the Bearded.

### The Mean 6

In "The Mean 6", Chrysalis, disguised as a photographer for the Canterlot Historical Society, arrives at Twilight's castle to take the photos of the Mane 6, plucking a single hair out of each of them in order to supposedly make them look good for the photos. She then lazily takes pictures of each of them, and, as she prepares to leave, Pinkie Pie reminds her to take a photo of Starlight, which she reluctantly does. Upon leaving the castle, Chrysalis remarks that she now has everything she needs before transforming back to her original form.

Soon afterwards, in the Everfree Forest, Chrysalis pins the hairs and photos to six different trees (while talking to them as if they were people) and reveals her intentions to use the photos, the strands of hair and carvings of the Mane 6's Cutie Mark symbols in a spell that will create evil counterparts to the Mane 6, plotting to use the clones to take control of the Elements of Harmony, eliminate Twilight and her friends and destroy Starlight's relationships as revenge for turning the Changelings against her. Chrysalis then revels in the idea of recreating her hive with unicorns, pegasi and earth ponies and then taking over Equestria, before using her spell to create the Mean Six.

Chrysalis and her new minions begin prowling the forest in search of the Tree of Harmony, which contains the Elements, however, Chrysalis begins to realize that the Mane 6's evil forms are completely unfocused on their goals and do not listen to her orders. The group is accidentally separated during the search, and Chrysalis orders her remaining minions to find the ones that have been lost, resulting in them encountering the Mane 6 (who, coincidentally, had been separated as well). Chrysalis approaches the Twilight clone as she is searching for the others, and, frustrated with her, asks why she shouldn't destroy and replace her, causing the clone to reveal that she knows the location of the Tree of Harmony.

Once Chrysalis and the others are reassembled, they head to the Tree, spitefully destroying the Mane 6's campground as well. Upon approaching the Tree, Chrysalis overhears the Twilight clone goading the others to take the Elements for themselves and betray Chrysalis, leading to her and Twilight fighting each other in a magical duel. As Chrysalis begins to lose, the Tree senses the evil magic inside the clones, and captures all of them, withering away their bodies and reducing them to nothing but wood. Chrysalis admits defeat over her clones' betrayal, but is now aware about the additional power of the tree and still swears to get revenge on Starlight and the Mane 6 before she departing. Chrysalis is last seen escaping into the distance while Twilight tells her friends that they can overcome any obstacle together.

### What Lies Beneath

In "What Lies Beneath", Ocellus takes on the form of Chrysalis out of fear that she will become just like her.

### The Beginning of the End

Queen Chrysalis appears in the Season 9 premiere "The Beginning of the End". She is still craving revenge on Twilight Sparkle and her friends for stealing her kingdom from her to carvings of changelings until she is mysteriously transported to a strange cavern in an unknown part of Equestria. After Lord Tirek and Cozy Glow mysteriously appear, she immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra also suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow doesn't recognize him, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, Chrysalis claiming that it is because they "cheat". "Grogar" rebuffs their answers and claims it is because they work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each say nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis and Cozy Glow unanimously agree to serve "Grogar", though are seemingly left nervous by the thought.

## Sparkle's Seven

Chrysalis is mentioned in the episode "Sparkle's Seven", when Shining Armor and Starswirl the Bearded use leftover debris from Chrysalis' old throne to increase security in Canterlot.

## Frenemies

In "Frenemies", as "Grogar" (Discord) is working, Cozy Glow and Tirek annoy him before Chrysalis approaches "Grogar" and impatiently asks when they are going to attack. "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Once "Grogar" leaves, Chrysalis, not listening to his orders, continues to planning revenge (against Starlight Glimmer for turning her kingdom against her). While she was talking to the purple log that used to be Mean Twilight, she is approached by Cozy Glow, who states that she is organizing a team meeting, which she agrees to go so long as she has cupcakes. At the meeting, Cozy Glow encourages the fact that they all need to trust one another, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours), and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy

Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to return to bickering. Chrysalis like Tirek, also verbally abuses Cozy because of her inexperience and bratty nature.

"Grogar" returns to see this, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Chrysalis and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Chrysalis heads through the forest, scaring creatures off and using her powers to turn into creatures to get to the mountain but the winds prevent her from reaching it's top. Later, after Tirek stays behind and makes camp, he explains to Cozy Glow that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Tirek and Cozy Glow bicker until they are attacked by an Ophiotaurus. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizes that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy. She then proceeds to cocoon the Ophiotaurus to save some of its love for the next day.

That night, Chrysalis and the others proceed to bond with each other over their previous endeavors; her remarking about how she cocooned Twilight and the others until Starlight Glimmer freed them and turned her kingdom against her. She even remarks that Discord was something until friendship redeemed him hinting that she respected him at one point. She also remarks about disguising herself as Princess Cadance and it would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Tirek and Cozy Glow may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a powerful magical barrier, which Tirek cannot absorb since he can only absorb magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic to her as promised, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting friendship to infect her like it did her hive like a "disease".

The three then concur that "Grogar" has grown too powerful and decide to betray him together, and Chrysalis tells that they can continue acting like his loyal servants and hatch their own plan before trying to destroy one another afterwards. She and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies, though in reality have kept the bell for themselves and Chrysalis remarking that "Grogar" was right as they were more powerful when they work together.

## The Summer Sun Setback

In The Summer Sun Setback, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villains voice that they don't trust "Grogar" and try to figure out how to use his bell like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to use as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Tirek and Cozy Glow secretly sabotage the Earth Ponies and Pegasi, Chrysalis takes on her photographer form named "Crackle Cosette" and sabotages the unicorns by convincing them not to waste their talents on something inconsequential and that they are destined for more than just performances. This causes all the unicorns, including Fire Flare, to cancel the fireworks performance, as it is "beneath" them.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter. They search for the archives which also wakes up a security goose which follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses a another book to break it out of it's chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday, until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which

Chrysalis decides would be something to think about.

## The Ending of the End

In the first part of "Ending of the End," the villains successfully betray "Grogar", using the bell to gain new forms and drain "Grogar" of his power. In doing so, they discover that "Grogar" was actually Discord in disguise. After being left exposed and powerless, Discord was forced to flee from the lair.

Chrysalis went after Starlight first, and after a fight, she defeated and captured her at the cost of not taking over her school. She and Tirek then came to Cozy Glow's rescue when the Mane 6 were about to defeat her. The three, after taunting her over her failure, shoot a combined magic blast at Twilight, which the other Mane 5, Celestia, Luna, Spike, and Discord held back so she could escape. Once the others were imprisoned in the caves beneath Canterlot, Chrysalis objected to Cozy Glow's plan to kill them despite her concerns, wanting instead to torture them. Discord, vowing to atone for his role, freed Starlight by mocking Tirek to the point where he almost attacked him, who released the other Mane 5, Celestia, and Luna, and while Chrysalis, Tirek, and Cozy Glow fought the princesses, Starlight, and Discord, the other Mane 5 ran to find Twilight. The villains, with some trouble defeated and reimprisoned most of their opponents.

When the disharmony they caused between ponies caused the Windigos to return, Chrysalis intended to let them stay as it would give her an advantage over the ponies, though Cozy Glow couldn't stand the cold and Tirek insisted they destroy the Windigos as even he thought they were too out of control. Then the Mane 6 arrived, and when they tried to take Grogar's bell, Chrysalis went after Rarity and Spike, before capturing Spike and threatening to tear his wings off. The trio were about to finish off the Mane 6 with a magic beam when many unicorns blocked with a magic barrier.

After a fight, the Mane 6, Spike, Young Six, and Pillars of Equestria unleashed a rainbow which destroyed the Windigos and removed the power Chrysalis, Tirek, and Cozy Glow had obtained from the bell. Pinkie Pie dropped a giant cupcake on them using Discord's magic before he took it back from the bell, and then Celestia, Luna, and Discord turned Chrysalis, Tirek, and Cozy Glow to stone forever, set on a pedestal together. Thus, Chrysalis was finally defeated for good.

The Last Problem

It is uncomfirmed of what will happen to Chrysalis in the future, as she (along with Tirek & Cozy Glow) are only briefly mentioned in the final episode along with a cameo in a newspaper. It's unclear if the stoning is permanent. It has been stated by Jim Miller that sometime after being turned to stone, their statues were likely moved into the Canterlot gardens like Discord's statue. He also confirmed that being turned to stone left them in suspended animation instead of letting them see\hear everything going on around them like Discord, and as he said it in present tense it is possible they are still trapped in stone by the epilogue, though that has not actually been confirmed yet. Either way, they likely will never be able to hurt any creature again.

We gasped when we read all that and it was awful!

Me: Whoa! Looks like you guys all have your share of enemies too.

Fluttershy: I know.

Sunset: We sure do.

Me: But I thought she was forever petrified in stone for her crimes.

MLP Twilight Sparkle: She was brought back by a mysterious black sphere that went into her head.

Me: A dark orb did this. Now we can kill Chrysalis for good.

Twilight Sparkle: What!? Why would you want to kill her?

Me: It's what we do. I know it's wrong but if we don't stop them for good they will just continue to cause more trouble for you and us like it or not. It's our duty as Team Loud Phoenix Storm to eradicate all evil and put criminals in prison and destroy the most irredeemable of evil bad guys.

MLP Twilight Sparkle: I see.

Sunset Shimmer: I know all of Team Loud Phoenix Storm's adventures and they were some of the most amazing we've ever seen. Now we can get rid of your enemies too.

MLP Applejack: I like it.

Nico: Cool.

Then suddenly Lord Drakkon, Cantwell and Whiteout appeared.

Me: Lord Drakkon, Cantwell and Whiteout.

Lord Drakkon: This is a really cool place.

Cantwell: It sure is. It's all so cute.

Rainbow Dash: More of you guys?!

Whiteout: Relax. We're only here for the daily battles.

Ring Man: She's telling the truth.

Applejack: And we're supposed to believe that?!

Cantwell: Look, personally, I don't really mind any of you. (smiles) In fact, I think you 7 are so cute. It's Lisa I really don't like.

Lisa Simpson: (Sarcastically) Thanks a lot.

?: You're welcome.

A figure came out and it was one that Sailor Mercury knows. It was Bumboo who was inside Greg, the carrier of the Yellow Rainbow Crystal.

Sailor Mercury: Bumboo!

Bumboo: It's been a while Sailor Girl.

Spicer: (to Bumboo) Dude, you're so lucky we have time to deal with you right now.

Bumboo: I wouldn't underestimate me. Just ask Sailor Mercury over there.

Shanan: I didn't expect Queen Beryl to have a Reptimetasapien in her clutches.

Qin: What's a Reptimetasapien?

Shanan: They are a race of mechanical reptile creatures from the planet Drowo and they are considered one of the most dangerous creatures in the galaxy. They are a race of brutal warriors that possess incredible strength and brutality. The planet Drowo was destroyed when a rogue star smashed into it and destroyed it.

Bumboo: Very impressive that you know all about my kind Shanan. You are just like what I have heard about from Vypra.

Shanan: Nice to know I've made an impression.

Dark Spicer: You guys do the usual battles. Me and Eddy will go to Everfree Forest to see if Chrysalis is there.

Me: Okay. Be careful.

They were off.

Me: Lets have warmup battles for the new recruits of the Masters of Evil.

Kaos: Good idea.

She fired a wave of energy and obliterated him.

After the battles were done, we got worried for Dark Spicer and Eddy.

Robo Blaze: Me, Firefly, Shiv, Electro and Snake will find Dark and Eddy.

Me: Okay.

They went to search.

In the Everfree Forest, Dark Spicer and Eddy were looking for Chrysalis. But then they saw many

Eddy: (sees the Rogue Changelings) Dark, I get the feeling that we've been set up.

Then suddenly…

ZAPP!

I then sensed a bunch of Changelings coming and I fired energy blasts and obliterated them all.

Me: Good riddance.

Nico: Changelings?

Me: Yep. Now to take the fight to Chrysalis.

A massive fiery explosion blasted out of the hat and a Phoenix Cry was heard through the flames and all of us popped out and landed.

Me: Now THAT is an entrance!

Mumbo: Ta da! I just pulled Team Loud Phoenix Storm and the Masters of Evil from out of my hat!

Robin: Ok. No need to get a swollen head, Mumbo.

Queen Chrysalis: The famous Team Loud Phoenix Storm and the Masters of Evil. How nice of you to grace my castle. Now I can kill all of you.

Me: Not if we kill you first.

Eddy: Chrysalis. The troublesome Masters of Evil…

Dark Spicer: And the pain in the ass Team Loud Phoenix Storm…

Eddy: Trying to take out all of us was a big mistake!

Dark Spicer: Now, you guys ready for this?

But then we heard a roar and then we saw six figures come out and it was THE RAHKSHI!

Toa: Oh no. The Rahkshi!

Nico: Not these guys again!

Kurahk just zapped Edzilla with his staff.

Double D: Ed? Are you ok?

Edzilla: ED SMASH PUNY HUMANS! (throws a punch at me)

I grabbed his punch.

Leni: Ed! Stop!

Edzilla came back to his senses thanks to Leni.

Troy: Since we're in a world of ponies, I know the perfect Ranger Keys to use.

Megaforce Rangers: Legendary Ranger Mode: Wild Force!

The Megaforce Rangers turned into the Wild Force Rangers.

## Battle 11: Chrysalis

---

We regrouped and we were facing Chrysalis.

Me: (Divine Fiery Voice) **You will pay for your crimes Chrysalis. You have tormented the lands of Equestria for the last time. You are nothing but a heartless demon and you don't care**

**about anyone but yourself.**

Chrysalis: I will kill you all!

Me: **We have something that you don't.**

Chrysalis: And what is that?

I then started glowing in a massive light of rainbow energy.

Me: **You don't have the powers of Honesty, Kindness, Loyalty, Laughter and Generosity.**

The Equestria Girls and the MLP Ponies glowed as I said those elements.

Me: **And there are three things that make them as strong as all of us combined together: Courage, Love and Friendship!**

Suddenly the ground started shaking violently and my sword lifted up out of the scabbard and the symbols of the Elements of Harmony and the Equestria Girls all appeared on the blade of my sword and the blade started glowing in rainbow fire and and the blade turned into crystal fire.

# Legend of the Mermaid of Malaysia

In the training yards I was practicing powerful fighting styles against training dummies and really tearing them apart.

I fired waves of energy and fire at them and blew them apart into a million flaming pieces.

Me: Whew!

?: You sure have been working diligently.

I turned and saw an elderly man behind me and the level of energy he had was unbelievable and it was just as powerful as mine. It was the legendary and all powerful Sage of The Six Paths, HAGOROMO ŌTSUTSUKI himself!

---

Hagoromo Ōtsutsuki (大筒木ハゴロモ, Ōtsutsuki Hagoromo), known to Earth's population at large as the Sage of the Six Paths (六道仙人, Rikudō Sennin, English TV: The Sage of the Six Paths), was a legendary god-like figure who is regarded as the ancestor of all shinobi, for his act of founding ninshū which led to the creation of the ninja world. He was the son of Princess Kaguya Ōtsutsuki and alongside his fraternal twin brother, Hamura, were the first to be born with the same powerful chakra as their mother. Together, he and his brother defeated their mother, who had become the terrifying Ten-Tails, in battle and sealed the powerful beast within himself, thus making Hagoromo the first jinchūriki.

Alongside Hamura, Hagoromo, the elder twin brother, was born as one of the two children to Kaguya, a princess who ate the forbidden Chakra Fruit of the God Tree that appeared once a millennium in an effort to gain divine abilities, which she used to put an end to the constant wars during that era. As a result, Hagoromo was born with the ability to manipulate the same type of powerful chakra as his mother. Angered by the fact that her chakra had been spread to others, Kaguya merged with the God Tree into the Ten-Tails, which attempted to reclaim her chakra.

The Ten-Tails rampaged throughout the lands until Hagoromo and his younger twin brother managed to defeat the beast, with Hagoromo becoming its jinchūriki, causing him to be revered as a god for the virtue of his victory. Researching his mother's technique, Hagoromo was able to free the world from her Infinite Tsukuyomi. Going by the Sage of Six Paths after entering priesthood, he travelled across the land giving chakra to every one in the world, spreading his ideals and religion of ninshū in the process. His great deeds and ultimate desire to bring peace to the war-torn world made him widely known as the Saviour of this World (この世の救世主, Kono Yo no Kyūseishu).

Hagoromo's ultimate wish was to establish peace across the world, but it was a goal that would never be achieved in a single lifetime. Knowing this, he chose to entrust his dream and legacy to his two sons, and began to teach them ninshū. The older son, Indra, was acknowledged by Hagoromo as a true prodigy, who quickly began to revel in his natural prowess and became very solitary. The younger son, Asura, proved to be the exact opposite, having shown no special abilities or natural talent, but he pushed on through his limitations, growing stronger and more mature because of his struggles and making friends with others along the way. Hagoromo acknowledged Asura's chosen path, agreeing that love and cooperation were the true keys to peace.

Inspired by his younger son, Hagoromo separated the Ten-Tails' chakra within his body and used his Creation of All Things Technique to divide it into nine separated bodies, creating the tailed beasts and giving each a name. As a result of extracting them all at once, Hagoromo was left weakened and incapacitated for several months, though the powerful life force of the Ten-Tails' husk kept him alive. Some time after their creation, the young tailed beasts were told that they were all still linked to one another despite being separate entities. Hagoromo also told them that they would eventually become one again, yet not as they originally were, and that one shall appear at that time to show them what true power is. In the anime, it was shown that before his death, the Sage and his followers built temples in nine different regions of the world where the tailed beasts could live and be protected. Hagoromo eventually sealed the husk of the Ten-Tails within the moon. On his deathbed, he chose Asura to be his successor, but Indra, overcome by bitterness and envy as well as being encouraged and manipulated by Black Zetsu, a manifestation of Kaguya's will, fought against his brother, beginning a war between them that would continue through their descendants.

Suspecting that Indra or one of his reincarnations would eventually attempt to take Asura's power for themselves, Hagoromo left behind a tablet detailing his history in an attempt to make them reconsider. Only those who possess the Rinnegan can fully decipher the contents of the tablet, while a reader with other dōjutsu such as the Sharingan can still partially interpret the information. However, unknown to him, Black Zetsu, a manifestation of his mother's will, had altered the contents of his tablet so he could manipulate Indra's descendants, the Uchiha clan, through the ages into resurrecting Kaguya and initiating the Infinite Tsukuyomi anew. Even though Hagoromo died and his body was destroyed, his chakra and consciousness remained and traversed the world throughout the centuries.

In the anime's telling of events, well into their adolescence, Hagoromo and his brother lived in ignorance of their mother's true amoral nature. While their homeland continued to prosper, people would periodically disappear for a sacred Ritual of the God Tree. One day, the brothers were approached by Gamamaru, who revealed to them that beyond the peak of the nearby mountains lied the truth of the ritual. While initially ignoring the toad's words, Hagoromo grew distressed when a local girl he cared for named Haori became part of the ritual. When the brothers confronted their mother about ending the rituals, Kaguya dismissed their concern, simply saying it was necessary for "the others' arrival". Finally deciding to investigate, the two brothers were horrified to learn that the missing citizens were sacrificed to the God Tree. This especially hurt Hagoromo, and he awakened the Sharingan in his grief. Wishing to learn more, the brothers sought out Gamamaru. He revealed to them their mother's history of coming to Earth and using the God Tree's fruit to gain great power and enslave much of the land using Infinite Tsukuyomi, including their father. Deciding that they needed more power to confront Kaguya should she turn hostile, Hagoromo began training under Gamamaru in senjutsu. While Hagoromo quickly improved in this art, Kaguya soon caught on to her sons' scheme.

After Hagoromo completed his training under the Toad Sage, he returned to confront Kaguya, but not before being presented by Gamamaru with a special seal tag instilled with great sage power refined over the centuries. Once approaching Kaguya, the mother and son made their respective views known. As Hagoromo tried to reason with Kaguya, his words fell on deaf ears, as Kaguya deemed Hagoromo as ungrateful. She then had Hamura, who she brainwashed, attack Hagoromo. Unable to reason with Hamura, Hagoromo was left with no choice but to strike down his beloved brother, which awakened his Mangekyō Sharingan and Rinnegan. Deciding to use Gamamaru's one-use gift, Hagoromo placed the seal tag on Hamura and healed him.

Angered by the fact that her chakra had been used against her, Kaguya wills the God Tree to transform into the Ten-Tails, which attempted to reclaim her chakra for her. Hagoromo and Hamura fought both their mother and the Ten-Tails in a battle that lasts for months, decimating the land in the process, until they were able to defeat them both by sealing Kaguya, and Hagoromo split the Ten-Tails' chakra into the nine tailed beasts. Later, Hagoromo was able to free the world from Kaguya's Infinite Tsukuyomi. While Hamura decided to stay on the moon to keep watch of their mother, Hagoromo chose to travel the earth to find proper dwellings for the tailed beasts and repent for the damage he caused the world from his fight against Kaguya. Before leaving, Gamamaru told Hagoromo a prophecy he had about a mischievous blue-eyed child who would one day connect with the tailed beasts and bring about a miracle.

Afterwards, Hagoromo eventually returned to his home village to act as the centre for the teachings of ninshū. He also fell in love and married a woman with whom had two children, Indra and Asura. During the second pregnancy, there were complications as Hagoromo's wife passed not long after giving birth to her second child. Hagoromo later began instructing his sons in Ninshū. The older son, Indra, was acknowledged by Hagoromo as a true prodigy, quickly began to revel in his natural prowess and became very solitary, unaware that much of this came from the subtle manipulations of Black Zetsu. The younger son, Asura, proved to be the exact opposite, having shown no special abilities or natural talent, but he pushed on through his limitations, growing stronger and more mature because of his struggles and making friends with others along the way. Finally deciding the time had come to chose a successor to Ninshū, Hagoromo sent each on his sons on a different mission of restoration for a struggling land that was ravaged by the battle against Kaguya to test their capacities. A year went by since the missions were given, Indra quickly returning after completing his while Asura took much longer. Deciding to wait for his younger son's return before making his decision, he was told the nature of how Indra completed his mission by Gamamaru. Eventually, Asura completed his mission, but also returned with many people from the village, who were inspired by Asura and even learned Ninshū from him, having helped him complete his mission.

With Asura and Indra present, Hagoromo decided to choose his successor in Ninshū. Much to everyone's surprise, Hagoromo chose Asura. This greatly angered and confused Indra, who thought he was worthy of becoming the successor, and he stormed out into the wilderness. Later on, Hagoromo explained to Asura why he chose him as his successor and asked Asura to take care of the world with Indra, and Hagoromo gave Asura his power. Subsequently, Indra in a fit of rage attacked Hagoromo, Asura and the rest of the villagers with his Susanoo and newly acquired Mangekyō Sharingan, with his explanation as to how he obtained the dōjutsu drawing Hagoromo's disgust. Hagoromo and the rest of the villagers transferred their chakra to Asura to help him take on Indra, forcing the elder brother to flee.

As Hagoromo was nearing death and laying on his deathbed, Indra appeared to his father after years of disappearance and explained his ambition to take down ninshū. Hagoromo later relays this information to Asura and his family, entrusting his younger son with his final wish before dying.

Hagoromo: I have heard many incredible things about you J.D.

Knudson. I am Hagoromo Ōtsutsuki but you might know me as the mighty Sage of the Six Paths.

Me: So you are the legendary almighty and all-powerful Sage of the Six Paths. I've heard so many incredible things about you and how you and your brother defeated your own mother and how you sealed her away into the moon forever.

Hagoromo: Indeed. And I have also heard so much about your achievements in the multiverse as well as your battles as the Knights of the New Fire and as Team Loud Phoenix Storm.

Me: I don't like to brag.

Hagoromo: I am really proud that you would use your power to bring peace and stop evil in the name of love, wisdom and good. You are a true soul of good and purity. Just like my son Asura.

Me: Thank you.

Hagoromo: You're welcome. I came bearing a gift for you.

He then handed me his all powerful Khakkhara staff and then I underwent an incredibly massive power increase of unimaginable magnitude. I was being imbued with all of Hagoromo's powers as a god and more. I was now 100 googol times more powerful than ever before.

Me: WHOA! What is this kind of power!?

Hagoromo: It's the power I was given by my mother. Kaguya is going to return someday so you have to be ready for her.

Me: I will be ready. I'm always for anything. Thank you sensei. Thank you.

I was ready for anything.

---

Later over in the forests of Manitoba, Canada we were flying through the forests and I was riding my Rapidash. We were heading over to

Blackthorn City to meet the gym leader of Dragon Pokemon, Clair.

Naruto: So you met the legendary Sage of the Six Paths, J.D.?

Me: I sure did bro. He told me that Kaguya is gonna return one day and we have to be ready for her when the time comes. I have a feeling that it's gonna be a battle that will shake the very foundation of the entire universe to the core.

Laney: Whoa! This is gonna be really intense.

Qin: Who is Kaguya?

Me: Her name is Kaguya Ōtsutsuki and she is known as the Mother of all Chakra.

I went over Kaguya's history and what I revealed was not pretty.

---

Princess Kaguya Ōtsutsuki, rarely going by her title, is the overarching antagonist of the Naruto anime and manga franchise as a whole.

She is the source of all the conflict of the entire manga and anime series Naruto, and up until the arrival of Isshiki Ōtsutsuki, the biggest threat faced by the protagonists. Despite this, she is not the final antagonist of the series as Sasuke Uchiha is fought after her defeat.

She is the member of the Otsutsuki Clan and the former partner of Isshiki. However, she betrayed her partner and her brethren.

She is the first being to ever wield chakra, who became an unfathomably powerful goddess in order to save the world from war, only to become a power-crazed tyrant. She turned herself into the demonic Ten-Tailed Beast, and was sealed away by her sons, but not before she created Black Zetsu, who orchestrated the entire shinobi history to revive her. She is not the final villain, as the role was replaced by Sasuke. She disgraced her clan by betraying Isshiki.

She was voiced by Mami Koyama (who also voiced Sharon Vineyard and Charlotte Linlin) in the Japanese version, and Cissy Jones in the English dubbed version.

Kaguya Ōtsutsuki belongs to a clan of human-like beings hailing from other dimensions. How they came to be is never explained, but they are somehow connected to the God-Trees: gigantic trees linked to the life-force of their worlds, said to grow from all the blood spilled in conflicts.

Little is known about her in the manga. She is said to be from "another world". Millennia before the start of the story, in a time of endless wars, she ate Earth's God-Tree bore the Chakra Fruit that blooms from it once every thousand year, to become an immortal goddess of nigh-omnipotence.

She used her power to forcefully pacify the entire world and was worshipped worldwide as the "Rabbit Goddess", though she eventually became a ruthless tyrant feared as the "Demon": trapping thousands of people in a dreamworld known as the Infinite Tsukuyomi, and turning them into plant-monsters known as White Zetsus. It is later revealed that she was worried that her clan would one day come for her (and her fear was well founded, as once Momoshiki, Kinshiki and Urashiki discovered what she had done, they planned to execute her for the perceived betrayal) making an army of Zetsus to fight them.

At some point, she birthed two children, Hagoromo and Hamura. The manga never explains who the father was or if she was pregnant when she ate the fruit. She eventually came to resent her sons for inheriting powers from her at birth, and fused with the God-Tree to become a gigantic, eldritch demon known as the Ten-Tailed Beast. The titan rampaged across the world, until it was defeated by Kaguya's sons and sealed within Hagoromo's body.

The anime vastly expands Kaguya's story, especially her rise to power and subsequent downfall. She says herself that she comes from "high in the sky". One night, she came down from the stars in a glowing light, appearing in the world near the place where a meteor had crashed long before, with the God-Tree growing from its point of impact. She was immediately brought before Tenji, emperor of the

Land of Ancestors in which she landed, to whom she introduced herself as the protector of the God-Tree, but hypnotized him to make him forget it. Tenji invited her to live in his palace, and had a girl named Aino bound to her service, who became her confident.

Kaguya and Tenji, who shared a longing for peace, eventually became lovers, but their romance was cut short by a conflict with the aggressive nation of the Land of That, falsely claiming part of their territory as their own. Tenji tried to solve the matter diplomatically, and forbade attacks on the denizens of the Land of That, under threat of execution. Suzaku, an official from the Land of That who lusted after Kaguya, sent a battalion to capture her, but she retaliated with her powers, killing many of them. Suzaku used it to ask for Kaguya's head, since she had broken Tenji's decree, and a heartbroken Tenji complied, to avoid war no matter the cost as well as being too foolish and narrow-minded to utilize Kaguya against the invaders and believe in the promise of peace by Suzaku.

Kaguya, weakened by pregnancy, and Aino fled from Tenji's archers, until Aino sacrificed herself to save her mistress. Horrified, Kaguya rushed to the God-Tree and consumed the Chakra Fruit. She immediately used her newfound divine power to trap the entire world into the Infinite Tsukuyomi: an illusionary alternate reality under her control. She bound thousands of the victims, Tenji and Suzaku included, to the God-Tree, to be transformed into White Zetsus, and released the rest of the population, with no memories of the incident. She then took the throne of the Land of Ancestors and expanded her rule to the entire world, using her divine powers to end all wars.

Kaguya birthed her twin sons and ruled peacefully for many years. Alas, she got slowly corrupted by power and her rule grew increasingly despotic, sacrificing people to bind them to the God-Tree, causing it to drain the world's energy and put it in grave danger. Hagoromo and Hamura, who had been kept in the dark by their mother, were told the truth by the Toad Sage Gamamaru. They pleaded with her to cease the tributes, but she evasively answered that she would keep going until "the others" (Momoshiki and Kinshiki) were dealt with, and refused to relent.

Gamamaru taught Sage Arts, harnessing the power of nature, to

Hagoromo. Kaguya discovered her sons' intentions from Hamura's mind. She brainwashed Hamura and made him fight Hagoromo to the death, but he was defeated and saved with Gamamaru's help. Enraged by their "betrayal", and determined to take back their powers, Kaguya became the nightmarish Ten-Tailed Beast. The twins fought the titan for months, during an apocalyptic battle that wrecked most of the world. They eventually managed to defeat it, saving the recent victims of the God-Tree.

Hagoromo used the godlike powers he gained from being the Ten-Tails's jinchuriki (human host) to split the Ten-Tails' energy into nine Tailed Beasts, and he and Hamura created the moon to seal its husk. Hamura later departed to the moon and started his branch of the Ōtsutsuki clan to watch over it. Hagoromo walked the earth to mend the rampage, teaching Ninshu to the population: the use of chakra (life-energy) to perform supernatural feats, wanting to build durable harmony through understanding, becoming the mythical Sage of the Six Paths. Unfortunately, unbeknownst to the twins, Kaguya created a shadowy being known as Black Zetsu shortly before being sealed. Black Zetsu remained hidden and waited for an opportunity to revive its "mother".

Hagoromo had two sons: Indra, who wielded incredible power and favoured might, and Asura, who wielded incredible energy and favoured love. While initially considering Indra his heir, Hagoromo came to favour Asura's philosophy of cooperation. Seeing an opportunity, Black Zetsu played on Indra's resentment and turned it into outright hatred, locking both brothers and their descendants into an endless conflict.

He later twisted Hagoromo's teachings and corrupted Ninshu into Ninjutsu, the use of chakra powered feats to fight, restarting the endless wars even worse than before. He wanted to influence one of Indra's descendants into freeing the Ten-Tails and then Kaguya, enabling her to restart her rule.

In the decades preceding the start of the story, he manipulated Madara Uchiha and his apprentice Tobi, posing as the former's creation and servant, to create Akatsuki and put the plot into motion.

## Setting

Kaguya only appears during the very end of the story, just as the protagonists are about to defeat Madara Uchiha. Nothing is known about her until a short while before her resurrection. Although the Sage of the Six Path's legend is mentioned when Nagato's identity is revealed, it is just said that he was the only wielder of the Rinnegan known in history and the founder of the Ninja World, believed by most to be a mere legend.

Akatsuki has gathered the first seven Tailed Beasts but failed to capture the last two. Gyuki, the Eight-Tailed Demon Ox being sealed within Killer B, a ninja from Kumogakure (the Village Hidden in the Clouds), and Kurama, the Nine-Tailed Demon Fox being sealed within the primary protagonist Naruto Uzumaki, a teenage ninja from Konohagakure (the Village Hidden in the Leaves), the main setting of the story.

Tobi, posing as Madara Uchiha, barges into the Council of the Five Kage (the leaders of the five most powerful Ninja Villages), and reveals the story of the Ten-Tailed Beast. He explains that he plans to become the Ten-Tails's jinchuriki to unleash the Infinite Tsukuyomi and rewrite all of creation following his designs. He demands to be handed the jinchurikis of the last Tailed Beasts, and when the Kage refuse, he declares the Fourth Great Ninja War, opposing his armies of White Zetsus and the coalition of all the Ninja Villages.

## The Fourth Great Ninja War

During the Climax of the War, as Tobi is battling Naruto, Killer B, Naruto's master Kakashi Hatake and Might Guy, another master ninja, he manages to resurrect the Ten-Tailed Beast without having captured the last two jinchurikis, having gained a portion of the last two Tailed Beasts' chakra. He and Madara link themselves to the abomination to take control of it, but the protagonists are joined by every ninja of the coalition and eventually by Sasuke Uchiha, Naruto's teammate turned rival. They cooperate to seal the Ten-Tails and attack the villains, but the titan evolves to its second form and breaks free.

Tobi uses the Ten-Tails to devastate the world and to lay waste into the allied forces, but the Coalition holds its own. In the ensuing struggle, the Ten-Tails breaks free and unleashes disasters and hordes of clones, but Tobi one-ups Madara and seals the titan within himself, before reviving the God-Tree. After a grueling battle, Naruto, backed-up by all his allies manage to defeat Tobi, who finally has a change of heart and decides to atone for his sins, reclaiming his discarded original name Obito Uchiha. Unfortunately, Black Zetsu appears to take control of him and Madara takes his place as the Ten-Tails' jinchuriki, grievously wounding Naruto and Sasuke in the process.

Fortunately, Naruto and Sasuke are saved by their allies, and Hagoromo's ghost manifest himself, telling them Kaguya's story before granting them his power. With their newfound powers, Naruto and Sasuke are able to submit Madara to a thorough and well-deserved beatdown, forcing him to flee. While they cannot stop Madara from casting the Infinite Tsukuyomi, they are able to protect themselves with Sasuke's Susanoo.

Then, an ominous voice advises Madara to absorb the God-Tree and he complies. As he does so, an image of Kaguya smiling evilly appears in the sky, satisfied that his actions furthered her goal. (The voice he heard was in fact Kaguya speaking to him through the Ten-Tails within him.)

Madara is suddenly back-stabbed by Black Zetsu, who reveals his true allegiances, gloating that he used him to resurrect his "mother" all along, while Madara is painfully turned into the Rabbit Goddess' vessel. Naruto, Sasuke, their last teammate Sakura Haruno and their master Kakashi can only watch as Kaguya reappears, ready to claim the world as her own and to turn the entire population into White Zetsus.

## Kaguya Otsutsuki Strikes

Kaguya notices that Naruto and Sasuke are her grandsons' reincarnations, who got their powers from Hagoromo, with a single glance of her Byakugan eyes. She starts flying and teleports the protagonists into her volcano dimension, making them fall into the lava. Sasuke summons the giant eagle Garuda to escape and saves Naruto, while Kakashi grabs Sakura and uses a ninja scroll as a rope to avoid falling, before pinning the unconscious Obito to the wall with a kunai (ninja dagger).

Sasuke states that only he and Naruto have a hope of defeating the Rabbit Goddess, implying that he is fully willing to let the others die if needed, but Naruto disagrees. Unimpressed, Kaguya fires thousands of Rabbit Hair Needles that bypass Sasuke's incomplete Susanoo and strikes Garuda's pressure points, preventing him from flying, while Kakashi's rope gets burned by the heat. Fortunately, Naruto can fly, and he saves everyone with Kurama's chakra arms.

Kaguya rushes at them to claim their chakra, delivering a flurry of punches from her Eighty God Vacuum Fists chakra arms, which Naruto can barely block with his own, causing tremendous shockwaves. Sasuke attacks her from above with his full-powered Susanoo, but she sees him coming and destroys Susanoo with her chakra aura, sending him plummeting into the lava.

Naruto catches him and turns one of his Truth-Seeking Spheres into a floating platform for him, but Kaguya warps behind them through a Yomotsu Hirasaka space rift and seize their faces, forcing them to turn around towards her. She paralyses them and starts draining their chakra. Since they remind her of her sons, she starts crying, before furiously stating that she hates them.

Black Zetsu engulfs them and starts draining their chakra as well. Since they know Kaguya's name, he deduces that they met Hagoromo's ghost, and wield the Yin and Yang power that can seal her again if they were to touch her at the same time. He then explains how the Rabbit Goddess was sealed by her sons, and how he spend centuries manipulating everyone to set her free, sending images of the events into their minds. (In the anime, he tells them Kaguya's entire life, which is depicted in flashbacks.)

Incensed, Naruto breaks free of the paralysis and rips Black Zetsu off them, stating that a mother should rejoice for the independence of her children. But Black Zetsu scoffs at his insults and returns into Kaguya's left sleeve. Meanwhile, a clone of Naruto is speaking with Kakashi and Sakura, and decides to revive Obito, for him to help them.

Sasuke attacks Kaguya with Amaterasu, but she effortlessly withstands and dispels the black fire, and Naruto distracts her by shape-shifting a group of clones into gorgeous, naked young men. Surprized by such a goofy technique, Kaguya drops her guard for a second, enabling Naruto to land a punch. Sasuke uses his Rinnegan to teleport them near her and they get very close to sealing her, but she teleports everyone to her glacier dimension, before instantly sealing them and herself in a giant block of ice.

Kaguya warps outside the block and rushes to absorb her foes' chakra, but Sasuke uses Amaterasu to melt the ice and drive her away. At Black Zetsu's suggestion, she uses her space rifts to grab Sasuke and warp him into her desert dimension. Naruto manages to escape a second rift and flies away, but she warps herself away and makes the entire glacier attack him. Overwhelmed, he makes it look like that she trapped him between giant stalagmites to lure her in the open.

Meanwhile, Naruto's clone reanimates Obito and tells him everything. As Kaguya reappears, Obito notices her space rift and deduces that Sasuke has been sent to another dimension. Kaguya notices them but pays them no mind, lunging at Naruto to end the fight. Using the power of Kokuo, the Five-Tailed Horse, Naruto creates hundreds of clones, but she disperses them with her chakra arms, before warping out of the glacier dimension. However, Naruto was counting on it and is able to follow her into the rift towards her tundra dimension.

Impressed, Black Zetsu suggest that Naruto must be killed, to which Kaguya (reluctantly) agrees. She warps a Murderous Ash Bone through a space rift to strike him from behind, and he dodges it, but it leaves him open for a frontal shot, and he crumbles into dust. Fortunately, the Naruto who was "killed" was a clone sent for recognition, and when they return into the glacier dimension, they find the army of clones waiting for them.

In fact, Naruto, Obito and Sakura planned the entire thing as a diversion, so that Obito could synchronize his dimensional power with Kaguya's space rifts to enter the tundra dimension with Sakura. There, they warp to Obito's Kamui dimension, with Kaguya and Black Zetsu sensing them but mistaking them for vanishing clones due to their disappearance. They return to the tundra dimension after Kaguya and Naruto depart, and combine their powers to open gateways between Kaguya's other dimensions in search for Sasuke.

After narrowly avoiding death when mistakenly opening a gateway towards the acid dimension, they manage to rescue Sasuke. As Kaguya is effortlessly laying waste in Naruto's clone army with waves of pure force, giant chakra arms and Murderous Ash Bones, Obito, Sakura and Sasuke return to the glacier dimension. As Naruto is distracted by their arrival, Kaguya seizes him with her hair and stabs him with a Murderous Ash Bone palm-spear. However, this was another clone, to whom Naruto gave his Truth-Seeking Spheres to make it look like the real one and use it as a bait.

Irked, Kaguya teleports them all in her gravity dimension where they cannot move, and fires two Murderous Ash Bones to kill both Naruto and Sasuke at once. Kakashi and Obito manage to shield them, but Obito uses his powers to save Kakashi and gets willingly struck to atone for his crimes. As he slowly crumbles into dust, indifferent to Black Zetsu's taunts, he thanks Naruto for redeeming him and encourages him to fulfil his dream of becoming Hokage. Before passing on, Obito uses Kamui to somehow contact Kakashi's spirit and grants him his Sharingan eyes, so that he could use them at full power.

Sasuke uses his Rinnegan to teleport next to Kaguya, but she teleports everyone to her tundra dimension and flies away. He uses his fully-powered Susanoo to fly after her, but she evades him. Infuriated by Black Zetsu's taunts, Naruto uses his instant move to strike Kaguya and sever her left arm, with Black Zetsu still attached to it. He then shapes Truth-Seeking Spheres into spears to pin him into the ground.

Kaguya battles Sasuke's Susanoo with blasts of chakra and gains the upper hand, but Naruto uses the opening to fire nine Rasenshurikens (his mightiest technique) infused with the Tailed Beasts' powers. The resulting wounds disturb the Rabbit Goddess' chakra, causing her to turn into a rabbit-shaped Ten-Tailed Beast. The demon sprouts ten claw-like tentacles to attack them and very nearly absorbs Sakura, but she is saved by Kakashi, who used Obito's Mangekyo Sharingans to conjure his own fully-powered Susanoo. Kakashi warps his Susanoo's giant shurikens through the

Kamui dimension to sever the Ten-Tails arms, but it creates even more of them.

Kaguya draws power from all the Infinite Tsukuyomi's victims to turn back to normal, preparing to destroy the whole dimension with an Expansive Truth-Seeking Sphere. Fortunately, Kakashi devises a strategy to stop her for good, calling it their team's last mission. Naruto and Sasuke rush at Kaguya, while Kakashi covers them with his Susanoo, but Kaguya fires many Murderous Ash Bones at high speed towards him, which he only escapes by using Obito's Kamui to phase through them. He immediately uses the opening to strike her at full might, sending her plummeting to the ground.

## Final Defeat

As Naruto and Sasuke rush to her from either side, she fires Murderous Ash Bones at Naruto, while Black Zetsu (using her powers through her severed left arm) warps another one at Sasuke through a space rift. However, these were but shape-shifted clones of Naruto. She attacks the real ones, but Kakashi warps her bones away and they rush at her. As a panicking Kaguya flies upwards to escape, Sakura was waiting to ambush her and jumps from Kakashi's Susanoo. Sakura punches her hard enough to break her horn, sending her right into her comrades sealing touch, while their beaming teacher expresses his pride at his students.

Naruto's and Sasuke's Chibaku Tensei spell forms a gigantic sphere of debris all around her to seal her again. As she expresses her astonishment at being bested again by "scattered chakra", the defeated goddess turns back into the Ten-Tailed Beast, but the nine Tailed Beasts break free from her and escape the sealing, reducing her to the Demonic Statue of the Outer Path and spits out Madara.

Black Zetsu watches in dismay, hoping that the protagonists might forget him, leaving him free to start yet another scheme. No such luck, Naruto would not have none of that. He hurls him into the sphere of rocks to be sealed with her for eternity, calling him "a brat unable to leave his mommy's side".

The sphere turns into a moon and flies to space. Kaguya and Black Zetsu being sealed in a dimension that only Kaguya can access, there is no way they could be freed again, cleansing the Ninja World from their blight once and for all.

Then, Hagoromo's ghost is able to summon the protagonists and the Tailed Beasts back into our world, by drawing power from the ghosts of all the departed Kage.

When I was done revealing that history everyone was horrified!

Nico: That is madness!

Vince: I can't believe it! Kaguya is a monster!

Me: Yes. She is one of the ultimate personifications of pure evil. It was because of the power of the God Tree that corrupted her mind and lead her to want to destroy the entire planet. 150,000 years into the future, the Knights of the New Fire destroyed her by blowing up the moon and making sure she never returned.

Nico: Whoa! That's nuts.

Me: I know. But if Kaguya returns, it will be disastrous for the entire planet. And even the entire universe. The Ōtsutsuki Clan of the planet Orion has been called the most dangerous clan in all of the galaxy and for eons they have been a clan of Planet Pirates. What they do is they plant Chakra Trees on those planets and gather their chakra and sell it to the highest bidder after destroying all life on that entire planet.

Nico: Just like the Saiyan's when they were working for Frieza.

Me: Exactly. And the Earth in 150,000 years was next. When we destroyed the Moon and destroyed the Akatsuki for good, and came back here to this time, I vowed to never let monsters like Kaguya plague this universe again.

Nico: That's nuts. Hard to imagine Kaguya would become a monster of ultimate evil. What happened to the planet Orion?

Me: I destroyed it and made sure that they all died.

Nico: Good riddance. And both Black Zetsu and Kaguya were the true source of the World of Shinobi's problems in 150,000 years? That's insane!

Me: It was. Kaguya and Black Zetsu were the ultimate blights of the Earth and I made sure that they never returned. By destroying Orion, the entire Ōtsutsuki Clan and obliterating Kaguya and Black Zetsu forever.

Vince: Good riddance.

Me: Yeah.

Eloá: (Brazilian Accent) This Kaguya is a nightmare from the very darkness of Xibalba.

Me: Indeed.

Hunter: (German Accent) Ja. Und we have to be ready for her no matter what.

Me: We will be ready for her.

Rainbow Dash: Yeah!

Laney then saw something on a really tall cliff 500 yards away. The cliff was over 5,000 feet high.

Laney: Look up there guys!

We stopped and we saw a woman throw a girl off the cliff and she was laughing insanely!

Tai Kamiya: Holy shit! That girl's about to fall to her death!

Rainbow Dash: Not on my watch!

Rainbow flew fast and she was leaving a rainbow trail behind and with a massive burst of speed followed by a Rainbow Sonic Boom shockwave of rainbow fire, she caught the girl and then Poromon, Poliwag, Horsea and Manaphy appeared onto the cliff.

Poromon, Poliwag, Horsea and Manaphy: CUTE RUSH!

They pounced onto the woman and pinned her down as Laney appeared a wrapped the woman in a straitjacket and brought her down. The little girl was crying hard as Rainbow Dash brought her down and Leslie took the girl.

Leslie: Are you okay?

?: (Crying hard) WHY!? WHY DID MY MOM DO THIS TO ME!?

Leslie: She has a lot of problems in her head.

Laney: She sure does and I think a nice long stay in the Saturn Insane Asylum will do her some good.

Me: Agreed.

I snapped my fingers and beamed the woman there.

Leslie: Good riddance. What's your name young one?

Renee: Renee.

Leslie: It's a pleasure to meet you Renee. You don't deserve mother like that. I will be more than willing to adopt you and take care of you.

Renee: Really?

Leslie: Sure.

Renee cried in happiness.

We then continued on to Blackthorn City and we arrived.

Kraven: (Russian Accent) So this is Blackthorn City.

Me: It sure is a nice place. Wow. It's beautiful.

Lana: It sure is.

Ash: You guys will love Clair. She's an awesome Gym Leader that specializes in Dragon Pokemon.

Iris: She and I would get along great.

Nico: Wow.

We arrived at the Blackthorn City Gym and it was a beautiful Gym.

Me: Wow. So this is the Blackthorn City Gym.

?: It sure is.

We then saw a beautiful blue hair woman and it was Clair.

Me: You must be Clair.

Clair: I sure am. It's an honor to meet you J.D. and all of you Team Loud Phoenix Storm.

Mixmaster: It's really nice to meet you, Clair.

Clair: Same here. Ash, Brock, May, Max, it's great to see you all again.

Brock: Same to you Clair.

May: How have you been?

Clair: Been doing really well.

Clair saw May's wedding ring.

Clair: Wow you're now married!?

May: I sure am.

Nico: She's married to me.

Clair: Congratulations to both of you.

Clair's Dragonair came out and he was beautiful.

Me: Wow. Your Dragonair is amazing.

Clair: Thank you.

Hiccup: You're welcome.

Toothless roared.

Clair: Your dragon is amazing.

Hiccup: Thank you. Our dragons in Berk are our friends.

Clair: (pets Toothless) So, these dragons are from Berk?

G1 Jazz: One day, we should take you to see Berk.

Hiccup: The dragons of Berk are amazing friends and partners.

Nico: They sure are.

Clair: Wow. I can't wait to see Berk.

We got to talking and more.

---

Later we were over in the Capital City of Malaysia, Kuala Lumpur and we were there with the Secret Saturdays to find out about the existence of the legendary Malaysia Mermaid, a legendary creature that has been spotted in the Indian Ocean and rivers of Malaysia and near the islands near Malaysia and Indonesia for a long time.

Lori: Wow! So this is Kuala Lumpur.

Nico: I've been here several times when I lived in the Philippines. It's an amazing city.

Me: This is also our first time ever in Malaysia. Really awesome.

Lana: So where are we gonna find this mermaid?

Laney was reading a book on the Malaysian Mermaid.

Laney: Well it says here that there have been many sightings of the Malaysian Mermaid dating back to 1511. The telltale sign of the

Malaysian Mermaid being near is it's divine song.

Nico: Wow.

Drew Saturday: This is gonna be an interesting experience for you all. When we encountered the Sirena the Malaysian Mermaid the last time, Argost and Munya were trying to sell her off as a Sideshow Display.

Me: That Argost is one fucked up Lunatic.

Luna: You said it dude.

Nico: The sooner we Hakai him if he ever comes back the better.

Then we heard the divine singing of a mermaid.

Me: Hear that?

Lincoln: I sure do.

Rainbow Dash: I hear it too.

Sunset Shimmer: Me too.

Me: It's coming from the Strait of Malacca.

Nico: How can we hear the singing from this far away?

Lola: Yeah.

Me: Lets go.

We went to the water of the Strait of Malacca and my Mermaid senses were going crazy.

Me: She's here. I sense it.

Drew Saturday: Sirena is here.

Doc Saturday: Yeah.

Zak: It'll be cool to see her again.

Me: Looks like we're gonna have to go underwater.

Varie: Yep.

Vambre: (British Accent) This is gonna be good.

Announcer: DIVING SUIT MAGISWORD!

Vambre had said Magisword and she gave the Secret Saturdays, Prohyas, herself, Simone, Norville and Zange diving suits and we dove into the water. The Equestria Girls and MLP Ponies turned into Mermaids and Merponies. Varie, Maria and the Neptune Crusaders could breathe underwater. Lilly, Ariel and her sisters and Melody turned into Mermaids.

Me: Wow. It's really blue down here.

Laney: It sure is.

Girl Jordan: Yeah.

We saw the Equestria Girls as mermaids and they looked incredible!

Lincoln: Wow! You girls look awesome as mermaids.

Applejack: (Cowboy Accent) Much obliged Lincoln.

Pinkie Pie: It sure makes me look Fishy!

Luan: (Laughs) Good one Pinkie.

Me: It sure is cool though.

We swam and searched for the mermaid. We then heard her singing.

Me: I hear her.

Nico: Is that her there?

We saw a figure in the shadows.

Horsea: Maria! Look! Another mermaid!

Maria: I see her.

Zak: Sirena?

The mermaid saw us. It was Sirena the Malaysian Mermaid.

Sirena: Wow! Team Loud Phoenix Storm!

Zak: Sirena!

Sirena: Zak!

They hugged again.

Sirena: Zak it's great to see you again. And it's an honor to meet you all.

Me: Same here.

Laney: We mean you no harm Sirena. We came to protect you from one of the Secret Saturday's enemies that are still at large.

Drew Saturday: That's right.

Sirena: Thank you all. Munya is after me again.

Doc Saturday: Argost's right hand man is back.

Me: Lets see here.

I pulled up Munya's info and what it revealed was disgusting.

---

Munya is Argost's assistant who serves as the secondary antagonist of the series. He was injected with the DNA of a Papuan Giant Spider to transform into a half-human, half-cryptid monster.

It's never explained why Munya is so loyal to Argost, but he has been a faithful servant since the first episode, The Kur Stone: Part One. In it, Munya breaks into Dr. Grey's research station in Antarctica and takes her piece of the Kur Stone, under Argost's direction. In The Kur Stone: Part Two, Munya is seen flying Argost's warship, firing on the Saturday airship. He later fights Zak when Argost commands him to and eventually gets away with the final piece of the Kur Stone.

Later, in The King of Kumari Kandam, Munya shadows Argost while he plays the part of Kumari Kandam's king, only intervening when Doc and Fiskerton attempt to attack Argost. He loses the fight against Doc but gets away with the Royal Medallion around his neck and Argost over his shoulder.

Although absent for most of Van Rook's Apprentice, Munya arrives at Saturday HQ with Van Rook to take the Alkali Horn while Drew and the rest of the family are out. He takes great pleasure in killing Doc with his own hands but is forced to leave before the deed can be completed, having gotten what he came for.

During the events of Twelve Hundred Degrees Fahrenheit, Munya keeps the Saturday family busy while Argost waits for the Cherufe to shed its skin. He doesn't transform, due to the cameras nearby, but helps Argost gather the skin and put it on. He transforms later, when instructed to make sure that Argost isn't "disturbed," and attacks the Saturday airship before being defeated by Zak, Doyle, and a huge avalanche.

Like Argost, Munya is absent for most of Cryptid vs. Cryptid until the very end. Once Zak has cleared the final obstacle to Kur's tomb for them, Munya accompanies Argost further in. Thanks to the artifacts that Argost has collected over the past episodes, Munya's brute force isn't needed until Argost comes to a section of the wall that he wants to be removed: a painting of a Lemurian. Munya removes it and carries it onto Argost's warship.

At the beginning of Target: Fiskerton, Munya breaks Van Rook out of prison before helping Argost intimidate him into taking the job with Piecemeal. He isn't seen again until the end of the episode when he carries off a compliant Fiskerton, who let himself be captured in order to protect Zak.

Munya takes a more active role in the Saturday's downfall in Once More the Nightmare Factory. He is even shown to have charms with their faces on it, specifically so that he can destroy them as he picks off each member of the family. He follows them through Weird World with cameras, waiting for the perfect moments to launch another trap. Munya is eventually found and beaten by Doc, but not before laughing in his face at the thought of having killed the rest of the Saturday family.

Most of The Atlas Pin is spent with Munya flying Argost's warship and dogfighting, which he apparently does poorly, according to Argost. Munya takes the blame for their losing the dogfight and flies Argost home, but not before Fiskerton snatches the Naga's Kur detector from him.

In Shadows of Lemuria, Munya is seen only briefly, flying Argost's warship as his master spends most of the episode attempting to gain control of Fiskerton's Lemurian subconscious. He takes Argost to Antarctica when prompted to without hesitation.

During the events of Kur Rising, Munya is either holding back the Saturdays while Argost savors his destiny, or assisting Argost in getting a handle on what they think is Kur. When facing off with Zak and Fiskerton inside of the beast, Munya makes quick work of dealing with Fiskerton. He grabs Argost when the parasites turn against him and exits the beast relatively unharmed, unlike his master. Despite Argost ordering him to "make them hurt," referring to the Saturdays, Munya spins Argost into a web cocoon and escapes with him over his shoulder.

Six months pass between the events of Kur Rising and Kur: Part One and Part Two. While Argost is healing and, presumably, tracking down the Saturday family and plotting what to do about the revelation that Zak is Kur, Munya has been recording promos for Weird World and set up a convincing decoy to make it look as though Argost was dead. He fought Doyle and Van Rook, though ultimately lost. Not that it mattered, as the entire thing was a diversion while Argost got some alone time to scheme with Zak.

Although Munya was in The Thousand Eyes of Ahuizotl, his only role was assisting Argost in recording his return debut episode of Weird World.

While Argost was busy in Australia during the events of Into the

Mouth of Darkness, Munay went to Dubai. His goal was to capture Argost's old business associate, Baron Finster, in order to prevent Doyle and Van Rook from digging any deeper into Argost's past. Munya succeeded, leaving Finster to be presumed dead.

During The Return of Tsul 'Kalu, Munya is helping Argost to acquire the Xing-Xing, another clue into Argost's past. Munya does help with this, although his real desire is to kill Doyle.

As Argost's plans with Zak come to fruition in And Your Enemies Closer, Munya pilots Argost's warship again as they convince Zak to abandon his family and run with them. Although he regrets it immediately after, Zak is knocked out and wakes up much later, bound by Munya's webbing. When Argost summons Zak Monday, via the Smoke Mirror, Munya ties him with webs too. He sticks webbing to Zak Saturday's head to prevent him from hearing the Flute of Gilgamesh while Argost sucks out Zak Monday's soul in order to gain his anti-Kur powers. Zak manages to get control of Munya long enough to free himself and goes back and forth with Argost, trying to control Munya, before Argost gets the upper hand. When Tsul 'Kalu, Doc, Komodo, and Fiskerton arrive, though, Munya and Argost leave via his warship to wage war another day.

Instead of being with Argost during War of the Cryptids, Munya is sent to invade Paris with the help of Vltava River Sprites and the Allegewi. He's later chased out by Bunyips and Tsul 'Kalu when Argost dies.

---

We gasped in shock!

Me: This guy is loyal to Argost even though he's dead!

Nico: A monster and he's half cryptid spider too!? Disgusting!

Me: Looks like we have a mutant spider to squish.

Sirena: I'll gladly help you. It's payback time for him capturing me.

Me: Gladly. I sense he's on the surface. Lets go.

We went up to the surface and we we stood on the water as we saw MUNYA!

Me: Whoa! He's huge!

Nico: (sees Munya) That's Munya?! He doesn't look that tough.

Zak: (Munya gets out syringe) Nico, I think you're gonna be eating those words.

He injected himself with something and then he transformed! His eyes turned red and slit and his skin turned red and then he sprouted 4 spider legs and his mouth grew wider and his feet turned into claws. Same with his hands!

Me: WHAT IN THE 9 FUCKING LEVELS OF HELL!?

Nico: HE'S HIDEOUSLY UGLY!

Laney: No kidding!

Vince: HOW DISGUSTING!

Carol: I HATE THIS FREAK OF NATURE!

Lori: He is literally the grossest ever.

Twilight Sparkle: Wait. Don't spiders hate water?

Stewie: Of course. Why?

Twilight Sparkle: Maybe we can drown Munya in the ocean!

Me: Good idea and then we can pull him up and Hakai him.

Then Chief Wiggum, Vexen and Robo-Roxy appeared.

Me: Chief Wiggum, Robo-Roxy and Vexen.

Robo-Roxy: Yep it's us.

Doc: Argost is on the verge of coming back, isn't he?

Vexen: Sadly, yes.

Robo-Roxy: But we're not gonna help him. Especially since without his monster form, he's just a weak man.

Me: He's actually a yeti that was turned into a vengeful genocidal freak.

Robo-Roxy: I see.

Vexen: But Munya here is disgusting. I hate spiders.

Lana: You aren't the only one.

Me: Yeah.

?: I agree with you all.

A figure came out and it was BUS ORG!

Me: Bus Org!

Bus Org: Good to see all of you again.

Me: Same here.

William: Bus Org, we just want to thank you for helping to clear Lynn's name.

Bus Org: No problem. I just hope I get remembered as one of the people who took the Evil Lynn and her goons down.

Me: You will and we won't destroy you. We're going to contain you like we did Bell Org.

Bus Org: Cool.

Noah: Since we're dealing with myths, I know the perfect Ranger Team for us to use.

Megaforce Rangers: Legendary Ranger Mode: Mystic Force!

The Megaforce Rangers turned into the Mystic Force Rangers!

But then we saw a massive barrage of fireballs coming at us!

I absorbed the fire and we saw a bunch of FIRE SPELL PUNKS!

---

Fire Spell Punks are Fire elemental Spell Punks that have the ability to light nearby dynamite.

In Skylanders: SuperChargers, and Skylanders: Imaginators Fire Spell Punks attack by firing two fireballs at the Skylander.

---

THE END

Another awesome fanfiction done.

The Malaysian Mermaid was a really cool legend. Too bad it wasn't in the show or it would be an awesome legend from around the world. NicoChan11, JediAvatarOfShinobi and Omegahatchiyak12 gave me the ideas for this. Thanks guys. Next up is the battle with the Kids Next Door enemies: The Senior Citizen Squad and we're going to make those old prunes wish the Grim Reaper came for them sooner and more.

See you all tomorrow

# Old Teen Codger Freaks

In the Ponyville Bakery, I was helping Pinkie Pie get a cake ready for delivery to a birthday party in the heart of the city. It was for a client that Luan was entertaining.

Pinkie Pie: Thanks for helping me deliver this cake J.D.

Me: Anytime Pinkie. Luan will love this cake.

Pinkie Pie: She sure will.

Me: Well I'm off.

I had the cake with me and went to the party Luan was at. Got it there perfectly.

Luan: Thanks J.D.

Me: Anytime Luan. See you back at home.

Luan: Yep.

I went back to the estate.

---

Later as we were watching TV and reading books, the Doorbell rang.

Gwen T.: I'll get that.

Gwen went to the door and she answered it and saw that there was a package on the doorstep. She opened it and saw that it was full of jars of anti-aging cream.

Gwen T.: Anti-Aging Cream? Wonder what this is for.

She went to the couch and sat down. Gwen just rubbed some of the strange cream on her face when she suddenly doubled over in pain.

Stalker: Gwen! Are you alright?!

Me: What's wrong!?

But then we saw her undergo a transformation. She shrank down and her hair got shorter and her clothes got loose. She was now back to what she was when she was 10 years old!

Me: Whoa!

Gwen T.: (Younger Voice) What happened?

Me: Well see for yourself.

I formed a mirror and Gwen saw herself as a 10 year old girl again and she gasped!

Gwen T.: Whoa!

Tarzan: Gwen! You're 10 years old again!

Gwen T.: Wow! I sure am.

I looked at the jar.

Me: Anti-Aging Cream? Wonder where this came from?

Nico: No idea. But usually that stuff is used for getting rid of wrinkles.

Max: I missed seeing you at 10 years old Gwen.

Ben: Same here.

Riley: I always wondered what you looked like as a 10-year-old kid Gwen.

Me: Is this when you started out in helping out Ben when he got the Omnitrix?

Gwen T.: It sure is.

Sarah Gunnerson: Wow. That's cool. Let me try some of that stuff.

Kari: Same here.

Alexis: Yeah.

They tried some of the cream and they too doubled over in pain. They got shorter and their clothes got loose. Kari looked like as she was when she started out as a Digidestined, Sarah looked like she was 5-years old and Alexis looked like she was 10-years-old.

Me: Whoa! This stuff is incredible.

Kari: (Younger voice) How do we look?

Me: See for yourselves.

I showed them a mirror and they were shocked and amazed.

Sarah Gunnerson: (Younger voice) Wow! We look amazing!

Alexis: (Younger Voice) Yeah!

Shrapnel: You girls look nice as kids.

Me: You sure do.

Gatomon: Kari it feels like I went back in time to when I first met you.

Kari: It sure does Gatomon.

Me: I always wondered what you 3 looked like when you were younger.

Gwen: I want to stay like this forever.

Alexis: What do you mean you want to stay 10 forever?!

Gwen: Well, I think there's so much that I didn't get to do as a 10 year old.

Kari: Gwen, this isn't the correct age for you!

Gwen: Well, it might as well be!

Sarah Gunnerson: Now you're just being selfish!

Gwen: And you're all being unreasonable!

G1 Bumblebee: Should we try and break this argument up?

Me: Yes we should.

I went over and broke them up.

Me: All right you 4 that's enough! I know the Anti-Aging Cream made you all like this and I think it's cool.

Numbuh 2: But it's only temporary.

Me: Temporary?

Numbuh 2: Yeah my grandma and two of her friends used this stuff and they are also known as the Senior Citizen Squad.

Me: So that's what Robin Food was talking about.

I pulled up The Senior Citizen Squad's info.

---

The Senior Citizen Squad are a group of senior citizens led by Numbuh 2's grandmother, Lydia Gilligan who use an anti-aging cream that temporarily turns them into very physically agile teenagers.

Apart from Lydia, the group consists of Sheldon and Maurice. When not in their teenage forms, their greatest weapon is their Senior Citizen Robot.

The Senior Citizen Squad first appears in Operation: T.A.P.I.O.C.A., where they are first seen hijacking a truck of Tapioca Pudding and being attacked and defeated by the Kids Next Door. Later, when they attack the Sector V Treehouse, the effects of the anti-aging cream wear off and their true identities are revealed.

Maurice, Sheldon and Lydia use their wheelchair (referred to as

"Gentitron"), walker (referred to as "Sahpilator") and walking stick (referred to as "Grandmachine"), respectively, as equipment in battle. In their older forms, they can combine these three devices to create a small mech called "Senior Citizen".

While the Senior Citizen Squad don't particularly like the KND, they are mostly concerned with their personal affairs like eating tapioca and use their abilities in villainous ways towards that end rather than to destroy the Kids Next Door. However, their teenage forms were seen at Mr. Boss' Annual "We Hate the Kids Next Door" barbecue in Operation: A.F.L.O.A.T..

In Operation: L.U.N.C.H., Lydia, Sheldon and Maurice spring into action as the Senior Citizen Squad to beat up Robin Food after he gives them unwanted junk food stolen from kids' lunches.

They last appeared in Operation: I.N.T.E.R.V.I.E.W.S., where they came to the amusement park to get the Delightful Children's cake, but decided to leave when they heard they had to do a scavenger hunt, while all the villains decided to play.

---

Me: Whoa! This is nuts!

Nico: Yeah! Numbuh 2 your grandmother is a 50,000% grouch and an old crab apple.

Mary K.: And I can't believe she likes the worst flavor of pudding ever.

Me: Well she's probably 90 to 95 years old so she probably has to have the stuff.

Mary K.: That's true.

Laney: I'm glad Pop-Pop isn't like that.

Naruto: Same with aunt Tsunade.

Me: Looks like we have a trio of renegade senior citizens running amok.

Nico: Yep.

Lola: But we can't hurt them.

Me: Not as old people but as teens. If Numbuh 2's grandmother and her friends can use this stuff then we can beat the living shit out of them as teens.

Numbuh 2: I like it.

Me: Normally I would respect my elders but in this case I'll make an exception. I have a plan and I have a feeling I know where they are gonna go.

I pulled up a hologram of a factory.

Me: The Old Gotham Royal York Tapioca Pudding Factory.

Lincoln: That place has been abandoned for years.

Laney: They would go after the pudding there? The pudding in there must've gone bad by now.

Lana: I would eat it.

Lily: Figured you would Lana.

Me: The factory is scheduled to be demolished later this week. So we can use this as a trap and blow up the whole factory.

Nico: Nice.

Me: Yep. Numbuh 2 how long will the Anti-Aging Cream last?

Numbuh 2: It will last about 1 hour.

Me: And its been 10 minutes. Lets head out and put our trap into action.

Rainbow Dash: This is gonna be awesome!

Twilight Sparkle: Yeah!

Bomb Man: Think we should call Robin Food to help us out?

Me: That's a good idea Bomb Man. Lets go!

We were off.

---

At the old Gotham Royal York Tapioca Pudding Factory, the Senior Citizen Squad arrived.

Lydia: Now we can have enough Tapioca Pudding to retire for the rest of our lives!

Sheldon: Yeah!

Maurice: This is gonna be good.

But just as they were walking to the factory…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blew the entire factory into splinters in a massive fireball of heat and fire and a phoenix cry was heard from the flames. We jumped out of the fire and stood ready as we faced THE SENIOR CITIZEN SQUAD!

Me: Well if it isn't the crazy old codger squad!

Numbuh 2: You and I have a score to settle grandma.

Lydia: So you do. I didn't expect you to be with Team Loud Phoenix Storm, Hoagie.

Nico: You guys give senior citizens a bad name.

Laney: That's right!

Me: So how about we smash your faces in and mail them back to you?

Sheldon: Bring it on!

Maurice: Yeah!

Lydia saw the younger girls.

Lydia: Looks like the anti-aging cream we sent worked well.

Magnet Man: So you were the ones who sent the anti aging cream to the estate!

Lydia: It was all part of our plan to see if Gwen was worthy of joining us. (to Sarah, Kari, and Alexis) Although, you 3 trying the cream as well was an added bonus.

Me: Sorry to disappoint you Lydia but they won't be joining you ever.

Laney: Yeah!

Lydia: What do you say, Gwen? Wanna ditch these wippersnappers and join the winning team?

Kevin Levin: No way is Gwen joining you three!

Me: Also this factory you were gonna get pudding at was shut down 35 years ago. The pudding would be rancid and horrible and would kill you 3.

Sheldon: What!?

Me: You heard me.

A medieval horn was heard and Robin Food and his Hungry Men came and they were ready for action.

Robin Hood: YO-HO!

Lydia: Not you again!

Me: Perfect timing Robin Food.

Then Krusty, Loki and Dr. Light then appeared.

Krusty: Hey hey kiddies! (Goofy laughter)

Sophie Krustoski: Hey daddy.

Krusty: Hey sweetie.

Me: Krusty, Loki and Dr. Light.

Dr. Light: Indeed.

Krusty: Whoa! You 4 really did get younger.

Maria: They did. But it's only temporary.

Loki: (to Jackie, May, and Kairi) I'm just glad you three didn't try that cream since it's our turn today!

Jackie: I know.

May: But it's really cool seeing them like this.

Kairi: It sure is. It's like we're big sisters to them.

Loki: I know.

Me: Before we fight I have a treat for you guys. Watch this one.

Announcer: DUMMYSTEIN MAGISWORD!

Vambre: (British Accent) What are you gonna do with the Dummystein Magisword?

Me: Watch this. Showtime!

The magisword fired a beam of pink energy from its mouth and it hit Sheldon and sucked out his voice and ate it.

Dummystein: (In Sheldon's voice) What did the farmer use to harvest in the winter? An Ice Sickle? (Rimshot)

We laughed at that joke!

Luan: (Laughs) That was a good one!

Me: (Laughs) That was a good one!

Nico: That's funny!

Me: Hey Dummystein, I went to the doctor because my ears were ringing.

Dummystein: He must've said to you "Don't answer it!" (Rimshot)

We laughed some more.

Luan: (Laughs) That was funny!

Eddy: (Laughs) That's funny!

Prohyas: (Laughs) Good one.

Dummystein: I was going to make instant coffee but I lost the recipe! (Rimshot)

Me: (Laughs) That was funny!

Eddy: (Laughs) That is so funny!

Nico: (Laughs) Good one!

Luan: (Laughs) That was a good one!

Loki: (Laughs) Those are good jokes!

Me: Hey Dummystein did you hear about the Troblin who ate his weaponry?

Dummystein: Yes I did, he wanted a Club Sandwich! (Rimshot)

We laughed some more!

Dr. Light: (Laughs) That is so funny!

Eddy: (Laughs) That was a good one!

Laney: (Laughs) That's funny!

Dark Spicer, Carly, Ebon and Misty Tredwell then appeared.

Dark Spicer: Whoa! What's so funny guys?

Me: We're laughing at funny jokes before we fight. The Dummystein Magisword here is a funny comedian.

Luan: (Laughs) It sure is.

Vambre: Yeah!

Dark Spicer: This I got to see.

Carly: Same here.

Dummystein: I just crossed my tv with my microwave. Now I can watch a full movie in 6 minutes. (Laughs)

We laughed some more.

Me: (Laughs) That's funny!

Carly: (Laughs hysterically)

Dark Spicer: (Laughs) So funny!

Luan: (Laughs) Good one!

Me: Hey Dummystein, what did the King say when he threw his lazy servant into the ocean?

Dummystein: He said "Serves Up!" (Rimshot)

We laughed some more.

Misty Tredwell: (Laughs) That is really funny!

Lori: (Laughs) That magisword is literally funny!

Ebon: (Laughs) So funny!

Me: (Laughs) That is so funny! (Stops) I think we better get to the fight before we bust an artery.

I returned Sheldon's voice.

Me: Glad we got that out of our system.

Sheldon: (enraged) NO ONE HUMILIATES ME LIKE THAT!

Me: Those were funny jokes though. Just as funny as Luan.

Luan: (Laughs) They sure were.

Dark Spicer then turned into Menace Arms and gave Maurice a nasty atomic wedgie and Ebon gave Sheldon an atomic wedgie too.

Misty Tredwell: Hey, Dark. These guys can't help getting older. But they don't have to get old! (Rimshot)

Menace Arms: (laughs) Oh, I get it!

We laughed hysterically!

Me: (Laughs) So funny!

Nico: That was hilarious!

Kairi: Good one Misty!

Lana: (Laughs) That was funny!

Lincoln: (Laughs) So hilarious!

Clayface then poured clay into Sheldon and Maurice's underwear and ruined their underwear!

Laney: Funny!

Me: And they do say that laughter is the best medicine.

Misty Tredwell: True.

Misty then pulled out a pie and splat it into Lydia's face.

SPLAT!

Nico: Nice shot!

Me: Yeah!

Misty Tredwell: Thanks.

?: That was really amusing.

A figure came out and it was SHRIEKER from episodes 18, 19 and 20 of Mystic Force!

---

Shrieker was an armored, winged Siren/Banshee-like monster and was one of the four Barbarian Beasts that were freed by Imperious, and was the only one of the four to be a female. She was the second of Barbarian Beasts, who battled the Mystic Force Rangers. She was one of the main antagonists of the first part of the episode "Dark Wish".

Shrieker is one of the four Barbarian Beasts that did not fight with honor, and were sealed away in the Oblivion. However, Imperious set them all free, and commanded them to do his bidding. Shrieker emerged from the Oblivion along with her comrades. Shrieker greeted Koragg, telling him that she was glad to see him, but the Wolf Knight didn't say the same, as he knew that Barbarian Beasts weren't honorable warriors and didn't fight with honor. Shrieker was the second of the Beasts to fight the Power Rangers. After the defeat of Warmax, Shrieker battled the heroes. The Rangers, except wounded Chip found Shrieker the bamboo forest. Before the battle could begin, Imperious used his magic to make Shrieker grow. The Rangers tried to fight the giant monster with the Mystic Titans and the Solar Streak Megazord. Though even together the Ball Attack proved useless against the monster. Shrieker returned to her normal size and continued successfully fighting the Rangers. The Mystic Force was outmatched by the beast's Shriek Attack, until Chip joined the battle. Shrieker successfully combated Chip and even trapped him with her magical bandages and nearly defeated him. Necrolai also joined the battle and attacked the rangers with her dark magic and Dark Morpher. But Chip was able to use his Lightning Powers to fire the Shriek back at the beast, weakened her. The other Rangers took advantage of this, as Daggeron, Nick, Vida, Xander and Madison, the Rangers fired their magic together, and finally destroyed the monster.

* * *

Vida Rocca: Shrieker!

Shrieker: Been a while rangers.

Me: I remember you! You were the second member of the 4 Barbarian Beasts.

Shrieker: That's right.

Me: You really hurt Chip and you overwhelmed the rest of the rangers.

Shrieker: Good memory on you. Mistress Vypra was right about you.

Me: Like I keep telling all your comrades, never missed an episode.

William: You're probably one of the few Mystic Force monsters that's a girl.

Shrieker: Personally, I think there should've been an equal number of male and female monsters.

Me: I can't argue with that. In my opinion EVERY part of the Power Rangers series should have its equal share of male and female monsters.

Shrieker: Nice to know that we agree.

Nico: Indeed.

Troy Burrows: Lets fight magic with magic.

Megaforce Rangers: LEGENDARY RANGER MODE: MYSTIC FORCE!

The Megaforce Rangers turned into the Mystic Force Rangers!

Shrieker: Two Mystic Force Ranger teams?!

Me: Surprise! Lets dance!

Crag: Come on fellas!

Ripping Friends: IT'S RIPPING TIME!

We powered up and went at them.

Jackie: Oops. But he is funny.

Bomb Man: He sure is.

Blast Man: Yeah.

Vambre: Take down that trio of freaks!

Me: With pleasure!

Lydia: Bring it on!

Me: I plan to.

Announcer: SLINGSHOT AND LITTLE BLUE BOMB MAGISWORDS!

I put both Magiswords into slots and the Mechsuit had both its arms turn into an awesome blue bomb machine gun! I fired a barrage of bombs at the Senior Citizen Squad and pulverized them all over with bombs and they slammed into them and exploded all over.

They all formed a huge Whoopee Cushion and the Senior Citizen Squad stepped on it and then…

KRAFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAR

The smell coming from the cushion was so mind-blowingly horrible that it made the Senior Citizen Squad hurl their guts out and more! It smelled like 100 El-Mongo Stinkbomb and Ed's stinky feet 100-fold!

Edd: I CAN'T BREATHE!

Ed: Mmm. Something smells good.

Ed Cowart: This is gonna really hurt.

Robin Food, Ed Cowart, Carly, Numbuh 2, The Tommy, Mrs. Gilligan and Mary Knudson: SMASHING TECHNO WATERMELON BARRAGE!

They fired waves of watermelons and gears and energy and they slammed into the Senior Citizen Squad and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They were knocked out and defeated.

And right on time, Gwen, Kari, Sarah and Alexis doubled over in pain and then they reverted back. They were back to normal.

Alexis: Whew! Good to be back to me again.

Sarah Gunnerson: You said it.

Kari: That was cool though.

Gwen T.: Yeah.

The Masters of Evil came.

Krusty: How do you girls feel now that you're not kids anymore?

Gwen: I think we're happy to just act our age.

Dr. Light: But what will you do the anti-aging cream?

Numbuh Two: We'll keep it in case anyone wants to experience being a kid again.

Loki: Good thinking.

The Masters of Evil teleport out.

Me: This was awesome.

Nico: But what are we gonna do with these old crones?

Me: Send them back to the retirement home. Jail is too extreme for them.

We took them back to the retirement home and went back home to the estate.

Numbuh 2: (To the viewers) My grandmother may be a jerk but she shouldn't try cheating death with anti-aging cream. Enjoy life while you can.

Me: Yep.

Robin Food: A grand victory chaps. Good victory to our cause for us for I am…

Robin Food and the Hungry Men:

*Robin Food, Robin Food, not your average thieving dude.*

*With his band of hungry men, he comes to home at noon and then…*

*He robs from the old (and the rude)*

*And gives to the young (Oh, nice dude!)*

*Robin Food… Yo-Ho!*

Me: YO-HO!

We laughed.

Me: (To the viewers) What can I say? It's just really catchy.

We enjoyed a good rest.

THE END

Another awesome fanfic complete.

The Senior Citizen Squad from the episode of Codename Kids Next Door, Operation: T.A.P.I.O.C.A. was a really silly and funny episode. I got the idea for the jokes used by the Dummystein Magisword from the short for Mighty Magiswords: Curse of the Dummystein. I also included a scene from the Ed Edd N Eddy episode Fool On The Ed for the combo. NicoChan11, JediAvatarOfShinobi and Omegahatchiyak12 gave me the ideas for this. Thanks guys. Next up is the 19th anniversary of 9/11 and we're going to pay our respects to those lost during the darkest day in America's history. Then we're going to take down the evil and maniacal angel freak scientist Redda and we're going to make that evil red-wing abomination of nature pay for his crimes against all of Mon World.

See you all tomorrow.

# 9-11 and Revenge of the Mad Fallen Angel

NEVER FORGET 9/11

---

In New York City, New York we of Team Loud Phoenix Storm and all of the Masters of Evil were at the site of Ground Zero where the World Trade Center once stood. Today was September 11th, 2020 and it marks the 19th Anniversary of one of the darkest events in America's history: The September 11th, 2001 Terrorist Attacks. On this day 6,935 days ago or 19 years ago, it started like any other day until tragedy, fear, death and terror struck as 2 planes that were highjacked by terrorists both destroyed the World Trade Center buildings, reducing them to rubble and killing 2,996 people. 2,977 people died including those of the 16 Al-Qaeda terrorists that started it. The motive behind the 9/11 was transgressions against Muslims by America in Bosnia Herzegovina, Lebanon, Saudi Arabia, Somalia, Iraq and India and it was the worst act of Terrorism in history. Almost 10 years later on May 2nd, 2011 we finally killed Osama Bin Laden and made him pay for his crimes and avenged the 2,977 he senselessly slaughtered and killed in cold blood. The Navy Seals conducted Operation: Neptune Spear as they raided his compound in Abbottabad, Pakistan and killed his men and Osama Bin Laden himself and finally getting rid of the world's most dangerous and most evil man that ever terrorized our planet. Justice was brought to that monster. We were in New York to pay our respects to those who were lost on 9/11.

Me: It was just absolutely terrible what happened on this day 19 years ago.

Vypra: I know. I didn't know this all happened.

Eric Loud: I was only 8 when it happened. I'll never forget seeing the World Trade Center get destroyed like that. Especially with that second plane crashing into the south tower.

Vypra: So horrible.

Dark Spicer: I can't believe this happened back then.

Nico: I know. My dad was nearly caught in the rubble of the World Trade Center as it collapsed.

Me: I remember that.

Qin: That was horrible.

Laney: Yeah.

Lori: Cousin Eric what was Operation: Neptune Spear like for you?

Eric Loud: One of the most daring and most important missions ever. But we made sure that Osama Bin Laden paid for his crimes.

Landon: Good riddance.

Han Loud: That's our brother.

Vince: Your brother is a true hero.

Numbuh 1: He sure is.

Lana: That's our cousin.

Me: Lets pay our respects for those lost.

We had a moment of silence for those lost in 9/11 and we were never going to forget what happened back then 19 years ago today. We stayed quiet for 1 minute.

---

Later we were on our way to Mistralton City. Surprisingly Mistralton City was located right next door to Aspen, Colorado. One of the most beautiful celebrity vacation spots in the world. I was riding my Rapidash and some of us were flying.

Laney: So Mistralton City is located in Aspen. I have heard so much about Aspen and a lot of Celebrities come here for Vacation.

Me: Aspen is a beautiful place and you should see it during the fall turn. The colors are beautiful.

Lana: Yeah.

Me: Here we are guys.

We arrived at Mistralton City and it was beautiful.

Ash: Wow! It's just as beautiful as I remember.

Iris: It sure is.

Cilan: It sure has been a while.

Juandisimo: (Spanish Accent) So this is Mistralton City?

Me: Yep.

Ash: It'll be cool to see our friend Skyla again.

We arrived at the Mistralton City Gym and it was an airport strip which was really cool.

Me: Wow. The Gym is part of the airport.

Ash: Skyla is the master of Flying Pokemon.

?: Hey guys!

We saw the gym Leader of Mistralton City, Skyla.

---

Skyla debuted in Cilan Takes Flight!. Those who wished to challenge her were required to make reservations first. She would pick up to fifteen challengers at a time and have them participate in what she called an "Air Battle"-a battle that she played out in her head-instead of traditional battles. Skyla matched up her Pokémon against her opponent's and made decisions through their strengths and weaknesses. If she felt her team would have a disadvantage, she would give the challenger the Jet Badge. However, if she felt her team had the advantage, she would deny the challenger a Badge.

This method infuriated both Ash and Cilan. Not only did they disapprove of Skyla's methods, but her own grandfather and former Mistralton Gym Leader, Miles, disapproved as well. He then explained that she used to do traditional battles and was quite good. As a result, she received floods of challengers each day and that ultimately prevented her from having any time to pilot her plane. As a Gym Leader himself, it was simply unacceptable to Cilan and he wished to challenge her.

Skyla agreed to battle Cilan first since it would be the first time she battled another Gym Leader. She performed her "Air Battle" first and concluded that she was the winner. However, Cilan persuaded her to battle the traditional way. Like she had predicted in her head, she came out victorious in the real battle and thus did not feel she needed to change her methods at all.

In order to help make her realize the true meaning of being a Gym Leader, Ash battled Skyla himself in An Amazing Aerial Battle!. He eventually won with his Tranquill evolving into Unfezant, earning himself the Jet Badge. She then learned not to take air battles so lightly and promised to be a proper Gym Leader from then on.

She reappeared in flashbacks in Curtain Up, Unova League! and Survival of the Striaton Gym!. She also made a cameo appearance in the ending credits of Genesect and the Legend Awakened.

Ash: Hey Skyla!

Skyla: Great to see you all again Ash.

Iris: Same to you.

Chloe Carmichael: It's nice to meet you, Skyla.

Skyla: Wow! Team Loud Phoenix Storm! It's an honor to meet you guys.

Me: Same to you Skyla. Love your outfit. It's very stylish.

Skyla: Thank you J.D.

Me: You're welcome. Ash told us you are an awesome pilot in flying planes.

Skyla: I'm sure he did.

She saw Poromon and squealed.

Skyla: (hugs Poromon) He's so cute!

Poromon: (smiles) Thanks!

Manaphy grabbed Poromon from Skyla.

Manaphy: (growls) No! My boyfriend!

Bludgeon: Manaphy, don't be selfish.

Me: Sorry about that. But Manaphy and Poromon are boyfriend and girlfriend and are essentially the children of Nico and May here.

May: It's true.

Nico: Yeah.

Me: But we also love flying too. Check this out.

We spread our wings and Skyla gasped in sheer amazement and admiration.

Skyla: OH WOW! Your wings are so beautiful!

Me: We get that a lot and flying with wings is just as graceful and beautiful as flying in a plane.

Skyla: It sure is.

Me: Some of us can't fly so we have to use our powers to help them out.

Skyla: I see.

Ironhide: Skyla, how would you like go flying with some of us?

Skyla: I would be honored.

Lincoln: You will love it.

Lincoln held out his hand and she took it.

Lincoln: Hold on tight.

Me: Here we go.

We flew into the air and Skyla was laughing as she was lifted into the air and was flying with Lincoln. We did aerial stunts and tricks and Skyla was whooping and cheering as if she was really one with the sky.

Skyla: WOOHOO! This is amazing!

Lincoln: The sky and the stars are never the limit for us!

Laney: Yeah!

Everyone all over the city was seeing us fly and it was awesome for Skyla.

She had the most awesome time ever.

Later at a restaurant we were telling Skyla about our most awesome adventures and what we have done over the years and we even told her about our famous battles all over the universe and in parts of the world and more.

Skyla: Wow! You guys have done it all over the years.

Me: We don't like to brag but as long as evil exists in the universe we have to be ready for anything that comes our way.

Brock: That's right.

Lucy (Pokemon): It's a never-ending job but we have to do it.

Skyla: Wow. And you went into war against an evil version of yourselves in another universe? They must've been one terrifying challenge.

Me: Well we had a lot of help that made us overwhelm them easily.

Ed Cowart: It was thanks to my reconnaissance work, technological ingenuity and tactical expertise that provided Team Loud Phoenix Storm with the power and strength to overcome the Royal Defenders.

Me: And we owe Ed big time for helping us take them down.

Skyla: Amazing! But those evil versions of you guys got what was coming to them.

Me: Indeed. But now we have to liberate the scars from the wounds they've inflicted to many people in their universe to those that were forced to join them in our universe.

Rainbow Dash: The Royal Defenders forced our counterparts into their service against their wills by putting Servitude Chips on our necks.

Twilight Sparkle: It's true.

Skyla: That's terrible.

Lola: It was.

Lisa Loud: A most horrible way to rob people of their free will.

Nico: Yep.

Skyla: How despicable can those people get?

Me: Incredibly despicable. They were us gone bad and they lost their humanity. Because they didn't follow our important rule: With Great Power comes Great Responsibility.

Lincoln: That's right.

Fluttershy: And the Royal Defenders were stopped because of them.

Lily: Yep.

Skyla: Good riddance. I hope they burn in the fires of Hell.

Her Swoobat, Swanna and male Unfezant agreed.

Nico: Yeah I agree.

Skyla agreed too and we told her about so much about our planes and starships and she was in awe and more. Skyla came with us and we showed her around the estate and we even showed her our planes and starships and she was over the stars. Skyla was gonna be awesome for the team.

Announcer: AT WARRIORS FOR HIRE HEADQUARTERS! PIZZA PARTY!

Later, we were over at the headquarters of the Warriors For Hire and it was a mess. It was covered in slices of pizza.

Me: Whoa look at all this pizza.

Vambre: (British Accent) Och I think I'm full for the rest of my life.

Me: You guys were using the Pizza Magisword a lot huh?

Prohyas: With Infinite pizza comes infinite responsibility.

Lana: (Eating Pizza) It's really good pizza though.

Skyla: (Eating Pizza) It sure is. Mmm.

Nico: But you guys have gone overboard with the Pizza Magisword.

Laney: (Eating Pizza) I'll say.

Lana: But didn't Old Man Oldman come as a pizza before?

Vambre: Och he drives us crazy by having us do his menial chores for him. He wants us to trim his hedges, mow his lawn, clean his house, everything.

Me: Uch! Some people are just downright lazy. But we're gonna have to have a very serious talk with him later on in the future.

Nico: I agree. He needs to learn how to do those things himself.

Vince: Yeah.

Me: Looks like we have to eat the pizza.

Jared was eating many barrels of Broccoli Soup.

Jared: (Eating) Mmm! Man Vambre, your mom makes really good broccoli soup.

Vambre: That's our mum for you.

We saw that Jared ate 400 barrels full of it.

Me: Wow! That's a lot of soup.

Jared: It's made mostly of broccoli. It's really good.

Allenby: That is a lot of soup.

We got to eating all of the pizza and then when we were done…

BBBBBBUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUU

Me: Pardon me. But that is really filling.

Nico: Delicious.

Laney: I'm stuffed.

Then we heard air raid sirens go off.

Me: Uh oh.

Rockna: It's dad!

Mondo: Professor Hiiragi needs us.

Me: Lets go!

We went to Professor Hiiragi's lab and we found out that the Mon Colle Knights mortal or in this case Immortal Enemy, Redda was back!

---

Redda (in Japanese: レダ Reda) is a fallen angel and the ultimate villain of Mon Colle Knights.

He is voiced by Takehito Koyasu in the original Japanese version, and Tom Wyner in the English dubbed version.

Not much is known about Redda's past other than that he was present during the war between angels and demons. In its aftermath he found Gabriolis and transformed him into a bodyguard of his own.

Redda had been working on a plan to gather the six Monster Items and revive Oroboros in order to achieve his goal. In the Japanese version, he wants to create a world where all souls are the same and neither good nor evil exist. In the English dub, he wants to create a world of nothingness.

In the six-part series finale of the anime, Redda attacked Spectra Angel, wanting to locate the Monster Items. He was interrupted by the Mon Colle Knights, who came just in time to save her. Later, he attacked them at the Fire Angel's residence and summoned Daemond to attack them. After Daemond was destroyed by Extreme Fire Dragon, Redda kidnapped Rockna and agreed to release her as soon as Mondo gave him the Monster Items. As Mondo and friends made their way towards the Realm of Evil, Redda made plans and preparations for their arrival.

As Mondo and his monster friends arrived, Redda appeared with Rockna in his clutches, forcing Mondo to give him the Monster Items in exchange for Rockna only to find out that the Rockna he gave back to him was a fake, which was a rat placed inside a wooden doll in disguise. He revealed that the real Rockna was held captive by the Dread Dragon, and trapped her inside its neck, giving Mondo a choice on whether to destroy it and her with it or be destroyed by it trying to save her. He called forth a black hole that sucked up all of Mondo's monster friends, and decided to leave Mondo to fight the Dread Dragon on his own. Even when Gabriolis showed up just in time to help him, free Rockna, and have them give him power to destroy the dragon, this provided plenty of time for Redda to locate the final Monster Item, which was also located by Prince Eccentro and company. After claiming the final item, Redda was able to open the gates of the seventh realm.

Redda knew that in order to revive Oroboros, it needed a new body, so he resurrected the Dread Dragon and fused Oroboros with it to create the Doomsday Dragon. The dragon overpowered and captured the Extreme Fire Dragon until the other dragons showed up and evolved to their next stage and the Fire Angel freed the fire dragon from captivity. The dragons, along with the angels, Professor Hiragi and Prince Eccentro's team, fought the Doomsday Dragon until Redda cast a thunderbolt spell that caused him to gain the upper hand against the dragons. Just when he thought he had won, all the other monsters came to the aid of everybody to Redda's surprise, and summoned the Golden Dragon with their combined powers. After the Mon Colle Knights fused with the Golden Dragon, all of the monsters of all six elements began lending their power to it to destroy the Doomsday Dragon. Redda attempted to interrupt this moment only to be killed by Gabriolis.

---

We gasped in shock!

Me: Whoa! This Redda guy is really bad news!

Nico: No kidding. He's as bad as the Devil himself.

Mondo: Worse. He makes all angels everywhere look bad.

Rockna: Yeah he wants to destroy both our worlds and kill all of us. But how did he come back? I thought we killed him!

Me: Looks like he has come back for revenge. But he gives all angels everywhere a really bad name.

Varie: That's right. Lets get him!

Me: Right!

We were off to Mon World and we arrived in the Fire Realm! It was a realm full of fire and volcanoes and lava and it was a wicked scary place.

Bowser Jr: The Realm of Fire reminds of Dad's old castles.

Me: It sure does.

Scream: We can sense Redda nearby.

Me: I sense him too lets go!

We flew and we saw the evil and really fucked up Red-Winged Angel, REDDA!

Sandman: Hey, Redda. Can we come to play?!

I swooped in and kicked him square in the face and sent him crashing into rock and it hurt him.

Me: Redda the Maniacal. So we meet at last.

Mondo: You haven't changed much Redda.

Redda: So the Mon Colle Knights have all teamed up with Team Loud Phoenix Storm.

Me: To kill you.

Rockna: What are you planning here!?

Redda: I plan to resurrect the Doomsday Dragon and use its power along with the power of Oroboros to destroy all life in Mon World and on Earth!

We gasped.

Me: You are seriously fucked up! I don't know how you came back but your reign of terror will end before it even begins!

?: And we'll all make sure of it!

We turned and we saw all the monsters of Mon World and they all had come together to take down Redda for good!

Nico: Whoa! Every monster from Mon World came.

Pegasus: That's right.

Kahimi: We're not going to let Redda take our planet!

Luke: If he wants our world he can take it over our dead bodies!

Beginner: Yeah what he said!

Gluko: This is gonna be awesome!

Then Zaha and the Elemental Angels came!

Nico: Whoa!

Zaha: Rockna and Mondo it's good to see you all again.

Mondo: Same to you Zaha.

Me: Lets make this the ultimate army!

Dark Spicer and the Masters of Evil then all appeared and with them was Professor Hiiragi's love interest Naomi Loon, Rockna and Mondo's teacher from school.

Me: Wow! Everyone came this time.

Vypra: We sure did.

Skyla: Wow! So you all are the Masters of Evil.

Vypra: That's right.

Shiv: Pleasure to meet you Skyla.

Skyla: Same here.

Mondo: Ms. Loon? What are you doing here?

Naomi Loon: I came to help you all out.

Rockna: Awesome!

Shiv: I just want you guys to know that we have nothing to do with Redda's plans.

Mondo: We know you didn't.

Calamitous: Speaking as someone who's also a scientist, I think it's best if we eliminate Redda before the usual battles.

Me: I was just about to suggest that. Redda poses as a tremendous threat to every living thing on Mon World and on Earth. Now it's time for us to kill this fucker for good!

?: Let me help out too.

A figure came out and it was FLAME HEAD from episode 94 of Mighty Morphin!

---

Flame Head is a masked horse-riding flame monster created by Lord Zedd. He serve as the primary antagonist of the episode "Where There's Smoke, There's Fire".

Flame Head was created by Lord Zedd. Zedd sent this very powerful monster to Rangers with an ultimatum: unless they submit to Lord Zedd's rule, Flame Head will burn down all of Angel Grove. The Rangers, of course, refuse and decide to battle the monster. Flame Head could fire the fire from his mouth. He also could strike the ground with his sword and make very powerful flame attacks. After the brief fight with superheroes, he took off his mask and became more powerful. The Rangers combine their powers and create a shield which absorbed the fire of the Flame Head. Then Zedd enlarges the monster but he is destroyed by the Thunder Megazord with its Thunder Saber.

---

# REMNANT'S DEVIL WITCH

I was walking down the street coming home from getting groceries.

Me: (Humming)

But then I heard a whoosh sound.

Me: Huh?

I looked up at the sky and saw a dimensional wormhole form in the sky.

Me: A dimensional wormhole! We haven't had one of those form in a while and it's right over the park!

I put the groceries in a scroll and went to the park and found 9 people land onto the ground and they were hurt but alive. I saw the vortex vanish.

Me: Oh man! Hold on!

I formed my octopus tentacles and carried them to the estate. But then ugly and massively hideous black creatures came with them and I blasted them and killed them. Then I got a massive and incredible power increase from their negative energy!

Me: WHOA! That was intense! But I got to see what happened to these people.

---

At the estate everyone was getting to know the newest recruits of the Masters of Evil: Edward Nygma A.K.A. The Riddler, Quentin Beck A.K.A. Mysterio, Carl "Crusher" Creel A.K.A. Absorbing Man, Deker from Power Rangers Samurai, Max Raxton A.K.A. Molten Man and member of Organization XIII - Zexion.

Laney: So how are you feeling now that you are now part of the Masters of Evil Eddie?

Riddler: Much better Laney thank you.

Batman: I'm glad you're back as a super villain Edward.

Riddler: I didn't always spend time after Thanos' defeat dealing with my trauma. I also did crossword puzzles. I'm actually quite good at them.

Lisa Simpson: You like crossword puzzles too? Wow.

Laney: So do I.

Riddler: Looks like we all have something in common.

Mysterio: It's good to have the Sinister Six back together. And this time, no Paul to get us killed.

Sandman: Good to have you back Quentin.

Vulture: Same here.

Nico: And Paul is in the Neptune Prison for all eternity.

Reggie: Yeah that jerk is not my brother anymore.

Absorbing Man: (to Bruce Banner) Can't believe your old man ripped off my powers. If he ever comes back, I'm gonna beat him to a fucking pulp before snapping his neck!

Bruce Banner: Save seconds for me and Hulk, Carl.

Lana: Same here!

Deker: Xandred's dead, isn't he?

Jayden: Yes. Nico killed him.

Deker: While I'm glad to hear it, Serrator is the one who's earned my wrath.

Nico: He has earned both of our Wrath Deker.

Molten Man: (to Spiderman) I actually expected you and Team Loud

Phoenix Storm to come after me before today, Web Head. But you didn't. What's up with that?

Spiderman: We have other villains to take care of. But you being a frenemy in the Masters of Evil is much better.

Molten Man: Good.

Lola: Wow Max you look awesome as pure lava.

Molten Man: Thanks Lola.

Zexion: It looks like most of Organization XIII is back together again. Without Xehanort of course.

Larxene: Indeed.

Demyx: Glad you are back Zexion.

Lori: We have Saïx, Larxene, Demyx, Xaldin and Vexen and now you in the Masters of Evil.

Luxord: That's half of Organization XIII.

Zexion: That's true.

Lucy Loud: Your book is really awesome Zexion. I use most of its amazing material to write my poems.

Zexion: Thanks Lucy.

Nico: Lets see, we have Roxas, Lea, Xion, Elrena, Aeleus and Luxord in the Redemption Squad. So we too have almost half of Organization XIII except Elrena is Larxene before she became her.

Larxene: That's true.

Nico: I think Lexaeus, Axel and Xigbar would be perfect candidates for the Masters of Evil. Marluxia I don't think so because he is in every way like Starscream.

Armada Starscream: The G1 version of me probably.

Lana: My thoughts exactly.

Nico: Xemnas, hell no! After all the trouble he caused to Sora and his friends he would NEVER be part of the Masters of Evil.

Vypra: My thoughts exactly.

Aqua: I agree.

Jinx: Also Vypra I have a good archenemy in mind for Skyla.

Vypra: Who is that?

Jinx: My friend Angel Lopez. She likes going by Angel. She was my best friend in the H.I.V.E. and she has incredible power through her angel wings.

Vypra: I'll look into that.

Then I came in and with the people that fell from the vortex.

Me: Guys we got trouble!

Nico saw me and came.

Nico: What happened?

Me: A dimensional vortex brought these nine people to us.

Nico: Wait a second. These are the people from Remnant!

Me: (Gasp) Looks like that vortex brought them to us from their version of Remnant. Lets get them to the infirmary.

We did so.

In the infirmary they woke up and we met Ruby Rose and her friends Weiss Schnee, Blake Belladonna, Qrow Branwen, Yang Xiao Long, Jaune Arc, Oscar Pine, Nora Valkyrie and Lie Ren.

Me: Are you all okay?

Ruby Rose: I think so. Wow! You're all Team Loud Phoenix Storm!

Me: That's right. It's a pleasure to meet you Ruby.

Blake Belladonna: It's an honor to meet all of you.

Weiss: We've heard so much about you all.

Jaune Arc: Yeah.

Chef Pepper Jack: Ruby Rose, right? It's nice to meet- (notices her upset look) Something wrong?

Ruby Rose: Where are we though?

Me: You're on the planet Earth. This is our world.

Yang Xiao Long: I see.

Me: Ruby what has you down? You can tell us and we are more than willing to help you all.

Ruby Rose: (Sighs) Our world went to hell because of Salem.

Lana: Salem?

Lola: Who is that?

Weiss: She's an immortal witch that has caused numerous problems for us.

Ruby went over her history and what we found out was awful.

Salem is the main antagonist of the American animated web series RWBY. She leads a group of people with malicious plans, with her goals being to divide and weaken the people of Remnant, then collect the four Relics and summon the gods so they may wipe the world clean and she can remake the world the way she sees fit.

She is voiced by Jen Taylor, who also voiced Cortana in the Halo series.

Background

In a time before the world was Remnant, Salem was a human woman locked in a tower by her cruel father. One day, she was rescued by a brave knight named Ozma. The two fell in love and spent their life together until Ozma fell deathly ill and passed away. Desperate to bring back her lost love, Salem met with the God of Light to beg him to bring Ozma back, but the God of Light refused in order to maintain the balance of life and death.

Seeing no other hope, Salem turned to the God of Darkness for help. The God of Darkness, thinking he has a worshiper and follower, agreed to her request. However, the God of Light intervened and explained the situation to the God of Darkness, who corrected his mistake. The two of them then cursed Salem with immortality by bathing her in the Fountain of Life, hoping that it would teach her the importance of life and death.

Salem was distraught that she could not die and be with her beloved, even trying to kill herself many times. However, she decided she could use her gift to get revenge on the gods. She went around the world, flaunting her immortality and claiming she stole it from the gods. She would describe the gods as being able to be overthrown, leading to a massive human revolution against the gods. When humans tried to kill the gods, the God of Darkness wiped out everyone in the world except for Salem, and the gods abandoned the world as a "Remnant" of what it once was.

Salem wandered the world for centuries as life returned to it, but only desired to die. She eventually came across the God of Darkness' Grimm Pool, which she thought would counter the Fountain of Life and finally kill her. She dove in, but was not killed, but rather transformed into an entity craving destruction while also given authority over the Grimm.

However, Ozma was given the chance by the God of Light to return to Remnant and reunite humanity. Once he did, he could gather the relics of knowledge, creation, choice, and destruction to summon the gods again and have them once again live among them. However, if humanity was still divided when they returned, the gods would wipe the world clean again. Ozma agreed to the task so he could be with Salem again, and returned in a new body. He found Salem, and the two reunited, though she blamed the destruction of the old world on the gods and Ozma did not tell her of his task. Seeing each other as immortal beings, Salem suggested they use their powers to become the new gods of the world. Ozma reluctantly agreed, and the two grew a following as god-like beings. Eventually, the two married and started a family, parenting four daughters.

However, Salem's ambitions grew stronger, and her desire to rule over humans began to become her one goal and obsession. Ozma, fearful of the person she had become, explained to her why he had been sent back. Feeling betrayed, Salem caught Ozma trying to sneak away with their children. Salem lashed out and the two did battle, resulting in the deaths of Ozma and the children.

However, because his task was not yet completed, Ozma's soul traveled into the body of a like-minded individual. This continued for centuries until Ozma, now known as Ozpin, remembered his task and began trying to reunite humanity. However, Salem opposed him and tried to divide humanity. She planned to find the relics so she could summon the gods; when the gods would see how divided the world still was, it would be destroyed and could be made anew, this time in the way she designed.

Volume 1

In "Ruby Rose", Salem narrates the early of history of humanity, born from dust. She tells of their struggles against the Creatures of Grimm, their discovery of nature's wrath, Dust and the beginnings of civilization in the absence of the shadow of the Grimm. Salem ominously warns that "there will be no victory in strength". However, Ozpin replies that "Perhaps victory is in the simpler things that you've long forgotten. Things that require a smaller, more honest soul."

Volume 3

In "End of the Beginning", after the fall of Beacon Academy and the death and destruction that are wrought upon Vale, Salem's conversation with Ozpin is continued. Salem declares that this is merely the first step in her plan to divide humanity, to snuff out their source of hope which they draw strength from. She claims that she will destroy everything that Ozpin has built, and she invites him to send in his Guardians, his Huntsmen and his Huntresses, and his "simple soul"; she will defeat them all and watch Ozpin burn.

Volume 4

In "The Next Step", after the Fall of Beacon, Salem holds a meeting with her subordinates in her lair. She orders Doctor Watts to meet with an informant in Mistral, Hazel Rainart to meet with the White Fang leader, Sienna Khan and Tyrian Callows to hunt down Ruby Rose whilst Cinder Fall stays at her side for "treatment". She claims Haven Academy will be the next to fall.

In "Of Runaways and Stowaways", Salem remains in her lair with Cinder as she receives her "treatment". Salem tells Cinder "it" can sense her fear and tells Cinder to make it fear her instead. A Seer floats into the meeting room and gives a message to Salem regarding the Grimm's lack of progress in finding the relic at Beacon Academy. Salem turns to Cinder and adamantly asks her for a final answer reporting on whether she killed Ozpin or not.

When Cinder turns to Emerald to speak on her behalf, Salem angrily slams the table and orders Cinder to say it herself. Cinder reaffirms Ozpin's death. Salem orders the Grimm to reinforce their numbers at Beacon Academy, stating "The relic is there." She then mutters to herself, "What are you planning?"

In "Taking Control", Salem is seen training Cinder to control her Fall Maiden powers by pitting her against Grimm. Furious that Cinder continues to have difficulty using them, Salem asks Cinder if she lied about wanting power. Tyrian then enters the room and Salem asks if he succeeded in retrieving Ruby Rose. Upon hearing he failed his mission, Salem expresses disappointment in him before leaving the room.

In "No Safe Haven", Salem is seen watching Cinder train with more Grimm and smiles when Cinder mercilessly incinerates a vision of a defeated Ruby Rose created by Emerald.

Volume 5

In "Dread in the Air", Salem and a recovered Cinder are contacted through a Seer by Watts and Leonardo Lionheart. Lionheart informs Salem that Qrow Branwen had arrived at Haven Academy with Team RNJR and told them he believes the Spring Maiden is hiding in Raven Branwen's bandit tribe. Pleased at this news, Salem instructs Cinder to travel to Anima with her team to meet with Watts and convince Raven to cooperate with them.

Once they have the Spring Maiden and use her to retrieve the relic, Cinder will then contact Hazel and fulfill their promise to let the White Fang destroy Haven Academy. In the meantime, Salem assigns Watts to begin work on a new tail for Tyrian, who lost it in battle with Qrow and Team RNJR, before ending the call.

Salem then listens to Cinder vent her frustrations about working with bandits and keeping Ruby Rose alive. Salem tells Cinder not to underestimate the usefulness of others, using Lionheart as an example and warns Cinder that if Ruby has learned to harness her powers, she must make sure to protect her own. Before Cinder departs, Salem requests that she informs Tyrian she wishes to have a word with him.

In "Haven's Fate", when Professor Lionheart attempts to gather items in his office and flee the losing battle at Haven, Salem contacts him through the Seer and asks Lionheart where he was going, to which Lionheart can only stammer. Salem then asks him if there was something he wanted to tell her, to which he tells her that Cinder was to blame for deviating from the original plan. When Lionheart begs that he could flee to her location and prove he still has used to her she replies with nothing but silence.

Realizing that Salem has no intention of letting him live, Lionheart tries to destroy the Seer only for Salem to have it knock Lionheart's weapon away, after which Lionheart attempts to run away only to be grabbed by the Seer and while begging for his life and contentiously telling Salem he could still be of use to her, Salem has the Seer viciously stab Lionheart to death. After killing Lionheart, Salem looks through the Seer and disgustingly notes that Lionheart was a coward.

Volume 6

In "Uncovered," the God of Light's creation Jinn reveals that Salem was once a human.

In "The Lost Fable", Jinn tells Team RWBY, Oscar, and Qrow Salem's story, from being locked in her tower as a human to her fall, her rebirth as a monster, and her conflict with Ozpin. However, she also reveals that Salem cannot be destroyed.

In "So That's How it Is", Salem calls a meeting. She disciplines Hazel, demanding he tells her the reason they failed at Haven Academy. Hazel explains that it was Cinder's fault, and Salem decides that she will leave Cinder behind. Hazel then tells her that Ozpin is still alive, and has inhabited a new body much sooner than normal. Salem dismisses her faction, then unleashes her rage with a scream so powerful it shatters the windows of the room.

In "Our Way", Emerald and Mercury look on in shock and horror as Salem creates new, hybrid Beringels with wings on their backs. Hazel tells them that Salem is taking matters into her own hands.

## Volume 7

In "Gravity", as tensions rise between Team RWBY, general Ironwood, and the Ace-Ops, a seer Grimm bursts out of Watts' duffle bag. Salem's disembodied voices addresses Ironwood. Shortly after, the seer Grimm dies. Upon death, it releases a smoke projection of Salem. Salem tells RWBY and Ironwood that Watts and Tyrian were not sent to Atlas to "win", but to set the stage for her. Salem offers the choice of surrender or die, to which, Ironwood refuses to back down. Ruby steps in and tells Salem they are going to stop her. Salem retorts and tells her, her mother said those words. Ruby then breaks down and her silver eyes flash for a brief second. The Salem smoke projection dissipates.

In "The Enemy of Trust", Salem is seen riding on top of a whale Grimm with an army of Grimm flying behind her.

## Powers and Abilities

Salem is a very powerful magician and uses various types of destructive magic. She can create energy projectiles, crush and warp other beings, teleport, levitate, create magic beams, and conjure fire and electricity.

Due to her curse, Salem is immortal and cannot be killed by conventional or mortal means.

Because she threw herself into the Grimm's Pool, Salem is the Grimm's master. As such, she can command them to do her bidding and even create them from the pools of black liquid outside of her home. Salem has lived for thousands of years, during which she acquired extensive knowledge of the nature of Aura and Dust, as well as an understanding of human nature, society, and history.

Salem is also very effective at getting others to follow her orders through fear. She controls Tyrian with statements of approval or disapproval and controls Lionheart and others by conveying their well-being is contingent on cooperation.

Qrow Branwen claims he has "seen the things she's made" and that "they are fear". She also possesses knowledge on how to steal the powers of Maidens, a feat of which was never accomplished before according to Ozpin's group.

Salem also appears to know how to graft Grimm body parts to human bodies, as is the case when Salem gives Cinder the arm of a Grimm.

---

We gasped in absolute shock and horror!

Nico: That is horrible!

Brock: I can't believe that all happened.

Weiss: The worst part is that Ironwood was willing to let the people of Mantle die to keep Atlas, the Relics, and the Winter Maiden safe from Salem.

Blake: And we're now fugitives. (chuckles bitterly) Story of our life, huh?

Me: It's horrible you all went through all that.

Nico: And Salem is a monster!

Vince: We have to stop her!

Yang: (sarcastically) Oh yeah. Go after Salem recklessly without any real plan. That'll really make a difference!

Hook: Look, we're trying to help you guys here. This is how we usually-

Jaune: (angrily) NO! You look, tin can! None of us asked to be fugitives, none of us asked to be here, and none of us asked to be the goddamn heroes again!

Ruby: (tears in her eyes) Look, we'll help you guys get to Atlas. But after that, we're through being heroes. It's just not worth it anymore.

Me: It's not your fault guys.

Nate Silva: I see. You guys want to feel sorry for yourselves. Ok. You want to feel guilty and unsure of your abilities. I completely get it. I was in your shoes before when I learned that I released into the world the most dangerous enemy that the Power Rangers ever faced. Well, go right ahead. We'll wait in the Estate until you realize that no matter how you feel, the world needs you guys. I just hope it and Remnant last that long.

With that, we turned to go back inside. But not before Ren had something to say.

Ren: You guys don't get it! Salem's immortal. There's no stopping her!

Ratchet: So, it's impossible then? (Ren nods) Good. If there's one thing we're good at, it's doing the impossible.

Me: That's right and we have the one weapon we can use to kill the mightiest of immortal beings.

Yang Xiao Long: And what's that?

Me: My blood. Watch.

I took a dagger and cut my finger and dripped some of my blood onto the floor and it burned through the floor with incredibly strong acidity.

Ruby: WHOA! That is strong blood!

Jaune: Wow! That stuff is lethal.

Me: We tried this before and it worked on many immortal people. They were powerless against it. But let us talk in private for a sec.

Blake: Okay.

We did so.

Snake: Dude, Ruby and her friends are messed up.

Maria: Not that I can blame them. Salem really caused Hell for them.

Sora: And I can sense darkness in their hearts.

Drill Man: Then that means they're on the verge of turning into Heartless.

Dark Spicer: (to me) Dude, don't make your eyes glow red. That won't help Ruby and her friends at all.

Me: I know. But Salem's crimes are completely unforgivable. She makes even the Devil himself look like a joke.

Robo Blaze: The way I see it, there's only one way we're ever going to help them regain the will to fight.

William: What's that?

Robo Blaze: We have them fight in our usual battles along with the 6 trial battles. It's me and Snake's turn today. We just need to wait for Dark Laser.

Me: Good idea.

Sora: I like it.

Fuse Man: Ok. Here's how it's going down. Every mission, the Masters of Evil have battles with us. This time, there are going to be 6 additional trial battles for the new recruits. And guess what? You guys are going to participate in them.

Nora: And if we don't want to?

Absorbing Man: We're not giving you guys a choice.

Me: Carl lets not force them to fight. They are in a very fragile state. We got to give them their fighting spirit back somehow. So lets have them help us.

Dark Laser then came in.

Dark Laser: Sorry I'm late. I slept in.

Sabrina Mason: No worries.

Me: Lets head out to the training yards so we can fight.

Nico: Can you guys stand?

Ruby Moon: Yeah.

They stood up and we went to the training yards.

We arrived in the training yards.

Ruby Rose: Wow! Awesome training yards.

Ruby then saw her hand turn pitch black!

Ruby Rose: What's happening to my hand!?

Sora: It's a heartless transformation!

Me: I got this!

I fired a beam of light and removed the heartless from her.

Me: You're starting to get better. But yeah these are our training yards.

?: Let me help out with you guys too.

A figure came out and it was ARTILLICON from episode 23 of Time Force!

---

Artillicon, like all other mutants, was created in the result of chemical accident. Before the events of the season, he was captured by Time Force rangers. In the twenty-third episode, he was released by Ransik and sent to destroy the city and rangers. He had big arsenal of weapon. Artillicon had a big cannon, which could shoot with powerful blasts and, also it could reflect blasts of rangers's cannons into them. At first, he attacked a park in Silver Hills. While rangers fought with Artillicon, a young and curious photographer Mitch watched them with Katie. Then Katie left him and transformed into the Yellow ranger. In the first battle in the park, the rangers nearly defeated the mutant, but he transformed in the jet and flew away. Later, he again attacked the city and now he easily defeated the rangers with his powerful cannon. Artillicon reflects their blasts into them and knocked them out. It made the rangers to transform back, revealing their identity to Mitch. In the third and final battle, Artillicon attacked city again and now, he summoned cyclobotes. After rangers defeated cyclobotes, they started to fight Artillicon. Now, rangers finally disabled his cannon and defeated him. Then, Artillicon removed chain of his DNA and enlarged. In the giant battle he tried to use his energy blasts again the Megazord, but was eventually defeated by Time Force Megazord Red Mode.

---

Jen Scotts: Artillicon!

Artillicon: Been a while rangers!

Me: I remember you! You were sent to destroy the entire city and the rangers! But you are one of the coolest of the mutants because you can use many weapons. You're like a living Swiss Army Knife.

Artillicon: Good memory and observation. Thank you.

Katie Walker: He does have a good memory.

Artillicon: (to Jaune) Man, you guys are really depressed, aren't you?

Wes Collins: We're not kidding. It's that bad.

Me: Yeah. Salem really destroyed their spirits.

Artillicon: Maybe this will help!

POW!

Artillicon punches Jaune into a tree.

Artillicon: Did I knock some sense into him?

Me: All that did was just hurt him. But lets see what everyone can do.

Nora: Okay.

Me: Guys I promise you that Salem and her followers will pay for their crimes. That bitch will pay the ultimate price for her crimes.

They got ready and more.

Oscar: (sighs) I don't know.

Riddler: Salem!

Luan: (Laughs) Good one Eddie.

Tecna: (British Accent) That was more of a joke than a riddle.

Riddler: Oh. Sorry. But thanks Luan.

Oscar: (Chuckles) But that was a good one.

Timmy: Maybe you shouldn't bring Flipsie around everywhere you go.

Dark Laser: Hmm. You're right.

Lie Ren: Shall we do this?

Timmy: Lets.

Kitten: Yeah!

Flipsie barked.

Qrow: (to Flipsie) Will you shut up, you stupid dog?!

Dark Laser: HEY! I know you're upset but that doesn't give you the right to take it out on Flipsie!

Kitten: Yeah man!

Qrow: Sorry.

Dark Laser called his Pokemon and they went at him and Qrow had his scythe, the Harbinger ready. They fired energy blasts, Force Lightning blasts and blasts of power and blades of energy at him and his Pokemon and the blasts hit him all over and slammed into them and knocked them out.

Fiona: That's the spirit!

Spark Man: Yeah!

Fuse Man: Welcome back.

Nora: YEAH!

Nico: Lets dance Artillicon.

Artillicon: With pleasure.

Nico fired energy blasts and blasted him all over. He was knocked down and defeated but not out.

Artillicon: You're got gonna freeze me?

Nico: Well, since you helped us with Ruby and her friends, we'll freeze you the next time we fight you.

Artillicon: Thanks! And good luck stopping Salem. I have a feeling you're gonna need it.

Eddy: No kidding!

Me: But we're always ready for a challenge.

Artillicon left.

---

Later we regrouped.

Me: Now it's time for us to head Remnant and help take down Salem.

Ruby: With pleasure!

Carly: Lets do it.

Me: Lisa deploy the U.S.S. Valorous Phoenix.

Lisa Loud: Affirmative.

Me: Nico you are in charge of this mission.

Nico: Why me?

Me: The Grimms are gonna be all over us like a bad rash if we show any negative emotions. And the last thing we want is a repeat of what happened when we went after Hawk Moth.

Nico: I understand. All right then.

Me: One more thing. I think Team JNPR isn't complete without your fallen teammates.

I then snapped my fingers and then out of a red vortex of fire came Pyrrha!

Jaune: Pyrrha! You're back!

Pyrrha: Of course I am, Jaune. And this time, I'm here to stay. Thanks to J.D.

Nico: Lets head out.

We were off to Remnant!

Ruby told us about all of Salem's forces and gave me photos of them.

Cinder Fall

Cinder Fall is the secondary antagonist of the American animated web series RWBY. She is the leader of a group of anarchists seeking to cause chaos in the world of Remnant. Her associates include her subordinates Mercury Black and Emerald Sustrai, the criminal mastermind Roman Torchwick and Adam Taurus, the leader of the Vale sect of the White Fang. She soon became the arch-nemesis of the series' protagonist, Ruby Rose. She became the Fall Maiden at the end of Volume 3.

At the end of Volume 3, it is revealed that she is a member of an enigmatic organization with malicious goals led by Salem.

She is voiced by famous cosplay queen Jessica Nigri.

Most of Cinder Fall's past is still unknown, though at some point she met and became affiliated with Salem and began working with her group to complete her goals. Cinder soon began recruiting people to help assist in her plans. She first recruits Emerald Sustrai, who at the time was a petty thief, after seeing her use her Semblance to steal a ring. Cinder promises Emerald that she'll never have to starve or steal again for the rest of her life.

Cinder later attempted to enlist the skilled assassin Marcus Black, but when she arrived at his home in the mountains, his son Mercury Black is revealed to have killed him in a fight. Seeing he possessed as much skill as his father, Cinder instead recruits him into her faction. At Mercury's suggestion, Cinder approaches and recruits Roman Torchwick, a notorious criminal in Vale.

Cinder, Emerald and Mercury then arrange a meeting with Adam Taurus, leader of the Vale sect of the White Fang, in an attempt to recruit him and his group as well. Despite their mutual goals, Adam turns down their offer, refusing to sacrifice his men for a 'human' cause, and orders them to leave.

Cinder and her team later plan an attack on Amber, the current Fall Maiden, in an attempt to steal her power. After a fierce battle, Amber is defeated, and Cinder uses a mysterious glove to absorb the Fall Maiden's powers. However, Cinder is interrupted by Qrow Branwen, who severs the connection before the process is complete; causing Cinder to only steal half of the power instead. Cinder and her associates then flee the area and report back to Salem. Cinder tells Salem the power has given her a feeling of emptiness and hunger, however she also admits that she finds it enjoyable nonetheless, and promises to retrieve the rest of the Fall Maiden's power.

Cinder, Emerald and Mercury soon return to the White Fang campground and slaughter everyone there except for Adam and his Lieutenant. Cinder then gets Adam and the White Fang's support with the threat of violence, as well as an offering of Dust along with large amounts of money to further fund the group.

In "Ruby Rose", Cinder is seen piloting the Bullhead that serves as a getaway vehicle for Roman Torchwick following the attempted robbery of the Dust shop, From Dust Till Dawn. Shortly after Roman gets onto the ship to escape Ruby Rose, Glynda Goodwitch appears and attacks the ship. Roman tells Cinder that a Huntress has appeared and Cinder quickly jumps out of the pilot's chair to confront Glynda in battle. Despite Glynda's best efforts, Cinder and Roman make a successful escape.

In "Black and White", Cinder appears at Roman's hideout with Emerald and Mercury to reprimand Roman for his recent failure at the docks. Roman complains about having to work with the "mutts" from the White Fang, but Cinder tells him to continue working with them nonetheless; stating she and her associate have "big plans" for him.

In "Best Day Ever", when Mercury and Emerald return to Roman's hideout, Roman comments that Cinder "sent the kids again" and quickly figures out they killed Tukson, a Faunus Cinder had told him to eliminate. This upsets Roman, but just as he is about to threaten the two, Cinder appears, causing Roman to back down.

Cinder then precedes to berate both Roman and her associates; Roman for not completing his mission like she had asked and her associates for going against her orders to keep their hands clean while in Vale. Emerald tried to apologize by saying that she didn't think it was a bad idea, but Cinder coldly informs her it isn't part her job to think just to only to do as she is told, as Emerald responds with an understanding "Yes Ma'am." Cinder then turns her attention to Roman and asks why his mission wasn't completed, but he just motions to all the Dust he has been busy collecting.

Roman then asks for more information on the "grand master plan" so as to make his next string of robberies easier, but Cinder intimidates him into dropping the subject. She does, however, inform Roman that the first phase of the plan is over and he will no longer need to collect any more Dust, as they are now entering the second phase of the plan. Before she leaves, she tells Roman to have the White Fang move all the Dust to a new location that she will inform him of later that night.

In "Welcome to Beacon", Cinder is seen alongside Mercury and Emerald within Beacon Academy, having infiltrated the school posing as students. The latter bumps into Ruby and Cinder informs her that the three are visiting from Haven Academy. Ruby then redirects them to where they are supposed to go, with Cinder thanking her and the trio walk away to set their plans into motion.

In "Extracurricular", Cinder is seen talking to Mercury and Emerald about Pyrrha Nikos to which the two point out Pyrrha generally only uses her Semblance to a small degree to keep it overall hidden from others in combat. Mercury then says that Cinder could easily take her on, but Cinder responds that she doesn't want to simply overpower the enemy, but to take their power away from them. Cinder then orders Emerald to add Pyrrha to an unknown list. When Mercury says that he's tired of waiting, Cinder simply responds that they have a fun weekend ahead of them.

In "Dance Dance Infiltration", Cinder uses the distraction of everyone being in the ballroom to sneak into the Cross Continental Transmit Tower. After quickly overcoming all the Atlas Soldiers guarding the facility and then proceeding to upload a mysterious black queen chess-piece into the Tower's systems, Cinder is interrupted by Ruby causing the two to have a brief fight until General Ironwood arrives. Cinder uses this distraction to escape thus leaving Ruby alone. Cinder then quickly returns to the academy, transforming her fighting gear into a ballgown as she does so and thus evading Ironwood's troops by vanishing into the crowd. Cinder then has a dance with Mercury and tells him that once they have completed their mission at Beacon, the authorities will still be trying to figure out the situation.

In "Breach", Cinder is seen with Mercury and Emerald at the school, shortly before appearing at the battleground where Cinder signals the two to confront the incoming Grimm. Shortly after this fight, they all are seen overlooking the city as Cinder remarks the day had worked out perfectly. Once Mercury brings up the fact they lost many Faunus' within the caves, he wonders if the White Fang will be willing to still listen to them, however Adam Taurus suddenly appears and reassures the group that the White Fang will listen to him.

In "Round One", Cinder is fighting with Mercury, Emerald and Neopolitan in the tournament as a team. They performed well in their first match and sent Emerald and Mercury to the second round. Cinder then joins Emerald and Mercury in the stands before watching Team JNPR and Team BRNZ fight. Cinder goes as far as saying that even if you know how a fight ends that it'll still be fun to watch.

In "It's Brawl in the Family", she learns that Qrow Branwen is at Beacon but ultimately decides that he is not a large enough threat to warrant changing in her plans in anyway. Cinder then uploads a virus into Ironwood's networks allowing to hack the tournament randomizer to match Mercury and Emerald against Coco Adel and Yatsuhashi Daichi of Team CFVY. As her partner fights Cinder decides to enjoy the show.

In "Never Miss a Beat", after gaining access to Ironwood's information privileges, Cinder looks through his files and finds blueprints revealing Penny's robotic nature. With this Cinder starts to formulate a plan to further cause distrust in the local government so she can destroy the kingdom.

In "Beginning of the End", Cinder leaves before Yang and Mercury even start their match to disguise herself as a paramedic after their plan to frame Yang is initiated. Cinder along with Neopolitan, whisk Mercury and Emerald away in an Air Bus to an unknown location, instructing Mercury to keep himself hidden so as to not jeopardize their plan, as she continues to rig the next series of rounds to further her plans.

In "PvP", after Pyrrha accidentally destroys Penny, Cinder commences her attack on Beacon by hijacking the tournament broadcast and giving a speech that reaches across Remnant about how the governments are keeping the citizens in the dark about what's going on while making it look like they are attacking the kingdom.

In "Battle of Beacon", Cinder is seen standing on the rooftop along with Emerald and Mercury, where she instructs the latter to film the Atlesian Knight-200s. When Emerald expresses remorse at the chaos, Cinder admires the downfall of Beacon. Once Pyrrha follows Ozpin inside the CCT, Cinder's eyes glow as she notices them, intent on following them and obtaining all of the Fall Maidens power.

In "Heroes and Monsters", she takes advantage of Jaune's distraction to send an arrow at Amber, killing the previous Fall Maiden and finally gaining the Maidens full power. Cinder then repels Jaune's charge and Pyrrha's magnetic door, letting them escape as she faces Ozpin. As the two of them prepare for battle, Cinder muses that "she" (Salem) was right about Ozpin's arrogance.

In "End of the Beginning", as Cinder commences her duel with Ozpin, she proceeds to defeat him, despite his impressive efforts in countering her attacks. Cinder then levitates all the way to the top floor in the office, where she goads the Dragon into circling the tower. As she is interrupted by Pyrrha, Cinder proceeds to duel the former Maiden candidate, now stronger than ever, Cinder uses the Dragon's intervention to deplete Pyrrha's Aura, and wound her with an arrow to the heel. Cinder then starts to lecture her opponent about how the Maiden's power never belonged to Pyrrha and proceeds to perform an execution by firing an arrow to her chest, before disintegrating her foe with a tap to the forehead, thus killing Pyrrha. However, once Ruby witnesses the event, Cinder is shocked to discover Ruby's newfound power, as everything turns to white. Cinder survives the unexpected attack, but somehow loses her left eye and arm as well as the ability to speak.

In "The Next Step", Cinder attends a meeting in Salem's Domain, bringing Mercury and Emerald along with her. There Cinder enters a meeting with Watts, Tyrian and Hazel. Watts mocks on Cinder's condition, saying her attack on Beacon was nothing but a failure. Tyrian suggests she get retribution on Ruby by removing one of her eyes. After Salem enters, she criticizes Watts' "malignance", saying Cinder's efforts in destroying Beacon and the CCT, becoming the Fall Maiden and also killing Ozpin were ultimately successful. Salem proceeds to defend Cinder by revealing that her weakness to Ruby is due to her status as the Fall Maiden. Salem removes Cinder from her previous responsibilities to the group and forces her stay behind with Salem for "treatment".

In "Of Runaways and Stowaways", while being "treated" by Salem, apparently during an effort to regain control of her left arm after it was left paralyzed by Ruby's attack, a Seer comes in to report on their lack of success in finding Ozpin's relic at the ruins of Beacon. This prompts Salem to ask Cinder if she really killed Ozpin. After some hesitation, Cinder signals for Emerald to help her respond only for Salem to demand that Cinder say it with her own words. With some difficulty, Cinder manages to reply with a hoarse "Yes." Though not fully satisfied with this answer, Salem takes this as a sign for her Grimm messenger to keep looking for the relic.

In "Taking Control", Cinder is seen being pitted against Grimm to learn to control her Maiden powers. When she shows difficulty in defeating them, Salem angrily asks her if she lied about wanting to gain more power, to which she fearfully shakes her head in response. When Salem calmly tells Tyrian he's disappointed her for failing his mission to retrieve Ruby, Cinder watches in horror as Tyrian savagely mutilates a Beowolf in his fanatic rage.

In "No Safe Haven", after killing more Grimm while training, Cinder orders Emerald to create a vision of a kneeling and defenseless Ruby Rose seemingly pleading for mercy, Cinder proceeds to mercilessly engulf the vision in flames, while Salem smiles in delight at the sight.

In "Dread in the Air", Cinder is seen at Salem's side during her conversation with Watts and Lionheart and has recovered her voice, telling Watts to shut up when he mocks her inability to see with both eyes. Cinder also questions if Ruby was among the Hunstmen and Huntresses that arrived at Haven, to which Watts confirms this. Upon hearing the Spring Maiden is located in Raven Branwen's bandit tribe, Salem instructs Cinder to take her team to Anima so she can meet with Watts and convince Raven to cooperate with them in retrieving the relic. Following the call, Cinder expresses dissatisfaction over working with bandits and keeping Ruby alive instead of using strength to get what they want. Salem advises Cinder not to underestimate the usefulness of others, using Lionheart as an example, and warns her to protect her powers in case Ruby Rose learns to harness her own. Despite not being persuaded, Cinder nonetheless heeds Salem's advice. Before departing, Salem orders Cinder to summon Tyrian so she can speak with him.

In "Rest and Resolutions", Cinder, Mercury, Emerald and Watts arrive at the Branwen Tribe camp.

In "A Perfect Storm", Cinder meets with Raven and demands that she let them use Vernal to retrieve the Relic of Knowledge at Haven Academy, revealing that Lionheart works for Salem now and the White Fang will attack the school in a few days. Raven agrees to allow this in exchange for the death of her brother, Qrow. Despite Watts' protests over the idea, Cinder ignores his warnings and eagerly accepts this deal, hoping for a chance at revenge on Ruby Rose; and the group returns to their ship.

In "The More the Merrier", Cinder arrives at Haven with Emerald and Mercury using Raven's portal and assists her and Lionheart in their ambush on the Huntsmen and Huntresses. Cinder then reveals Raven and Lionheart's allegiance to Salem and gloats until she is confronted by Jaune, who demands to know how she and the others could be so broken inside and rub their crimes in everyone's faces. Cinder mockingly asks Jaune who he is, resulting in him attacking her in a fit of rage and causing a massive battle to ensue between both sides. Cinder easily overpowers and taunts Jaune, but then gets serious upon his demands.

However, as the two charge at each other, Ruby unleashes the power of her silver eyes again, causing Cinder to fall to her knees and clutch her left arm in pain. She barely manages to dodge a lethal blow from Jaune and a small piece of her mask is chipped by his sword. Enraged at her close loss, Cinder stomps on Jaune and angrily asks if he thought he actually had a chance of beating her; calling him a failure with a death wish. Upon hearing Jaune tell her he's willing to sacrifice himself to save his friends, Cinder smiles and conjures a spear before proceeding to impale a weakened Weiss with it, much to her friends horror.

In "Vault of the Spring Maiden", Cinder is shocked to learn that Oscar is Ozpin, but decides not to waste her groups advantage and orders Lionheart to open the path to the vault, traveling down with Raven and Vernal. During the way there, Cinder mockingly asks Vernal if she's honored to be the first Maiden to open a vault, but the latter replies that it's nothing but a burden and she's only doing it for her tribe; and Cinder states that Raven has conditioned her well. Reaching the vault, Cinder instructs Vernal to use her powers to open the door so she can enter alone to retrieve the relic. However, as Vernal is about to place her hand on the door, Cinder reveals that she anticipated Raven would double-cross her and freezes her before impaling Vernal with her left arm; which has been replaced with the limb of a Grimm.

Cinder explains it is not personal and that she plans to steal the Spring Maiden's power, stating it belongs to her and that the latter isn't worthy enough to have it. However, as Vernal appears to succumb to her wounds, Cinder is shocked when she receives no power from her and demands to know where it is. Raven then breaks free of the ice at that moment and reveals that she, not Vernal, is the Spring Maiden, much to Cinder's surprise.

In "Downfall", Cinder remarks that the previous Spring Maiden made a mistake in trusting Raven with her power before engaging the new Maiden in battle. During their fight, Cinder's Grimm arm is damaged and Raven explains that it's because Aura is unable to protect it; accusing Cinder of turning herself into a monster just for power. Cinder retorts that Raven has done the same before she continues battling her to the point where they unleash their full powers beneath the surface of Haven Academy.

Despite both seeming to be evenly matched, Raven manages to gain the upper hand because of her longer experience with the Maiden powers; eventually exhausting Cinder's strength and depleting her Aura. When Cinder is distracted from a dying Vernal firing one last shot at her, Raven takes the opportunity to launch a final attack that disintegrates Cinder's mask and launches her over the vault floor's edge. Cinder then watches in horror as Raven freezes her and lets her body plummet into the dark abyss below.

In "Uncovered", it is revealed that Cinder survived her fall, and has thawed out in the waters in the bottom of the vault. She barely escapes the vault before drowning, washing out on a hillside outside the academy. A passing villager sees her and offers help, but then sees her Grimm arm. Cinder proceeds to murder the woman steal her clothes and money, then heads into the city of Mistral.

There, she finds seeks out a crime syndicate and their leader, Little Miss Malachite. She offers Malachite the stolen money in exchange for helping her track down the Beacon students. Little Miss Malachite agrees, and notices how paranoid Cinder is about the people around her. Malachite than shares some advice with Cinder: if you fear something, do not destroy it; make it work for you, as you might need it later. Cinder ponders this advice before rudely leaving, though Little Miss Malachite already knows where the Beacon students are and is waiting for more information on who Cinder is and who may be looking for her.

In "The Coming Storm", Cinder returns for her information and gets it, but is also sold out to Neopolitan, who blames her for the death of Roman Torchwick. The two do battle in the bar until Little Miss kicks them out, and their battle continues in the street. Cinder sees Neo wearing Roman's hat and knows why she returned, but tells her to stop wasting time fighting her and instead target the real one responsible: Ruby. Neo continues to fight, but Cinder displays her Maiden powers, making Neo stand down. Cinder then offers that they work together in tracking down Ruby and killing both her and all her friends, to which Neo agrees.

In "The Grimm Reaper", Cinder brings Neo to the Vault of the Spring Maiden and explains the Maidens and Salem to her. She tells Neo that she is under orders not to kill Ruby, but Neo is not, and offers a deal: if Neo can help her get to Atlas and recapture the Relic of Knowledge, she will let Neo kill Ruby. Neo happily agrees.

In "Our Way", Neo steals an airship and uses her powers to make it look like an Atlas military ship. Cinder is impressed by her abilities and believes they are a good team, even musing about killing Pyrrha and telling Neo that she still believes in destiny.

In "As Above, So Below", Cinder waits for Neo in an apartment complex in Atlas. Upon Neo's return, Cinder asks if she's got the information on the whereabouts of Ruby. To which Neo silently replies with a smirk.

In "Out in the Open", Cinder and Neo watch Ironwood and Robyn Hill expose the truth to people of Mantle via scroll. Venting her frustration that Watts and Tyrian beat her to Atlas. She asked Neo if she has the whereabouts of Oscar. She tells her associate to find him and to retrieve the Relic of Knowledge. Neo shapeshifts into Ruby as a reminder of their agreement, but Cinder snaps at her. Cinder leaves to find the Winter Maiden.

In "Gravity", watching Winter sprint back into Atlas Academy from one of the windows. Cinder demands where the Winter Maiden is being kept.

In "With Friends Like These", walking down a dimly lit hallway, Cinder noticed Winter at the end and launches a fireball at her. Winter quickly evades the projectile and tries to lock the door. The door explodes, sending Winter and Penny flying a few feet. Winter and Penny ready themselves for a fight.

In "Enemy of Trust", using her Grimm arm, Cinder throws Penny through a wall, then uses her Maiden powers to create two swords. She and Winter lock swords and lock eyes. Cinder angrily proclaims all the Atlas elites are the same and she refuses to starve. Penny returns to the fight, the android and the Fall Maiden intensely exchange blows. Enraged, Cinder grabs both Winter and Penny, and throws them through a wall leading to the outside. The three fight in mid-air. Winter and Penny overwhelm Cinder. In retaliation, Cinder shoots a fireball from her hand, and flies back to Fria's chamber.

Breaking through the chamber, Cinder smiles and prepares to kill Fria. However, Fria unleashes her powers causing a whirlwind of ice and snow, forcing Cinder to retreat. After Penny is able to calm Fria down, Cinder breaks through the wall of ice, she reaches out to Penny and Fria using her Grimm arm, but just in the nick of time, Winter cuts through it, disintegrating it. Cinder's Grimm arm grows back immediately, the Fall Maiden and the specialist resume their brawl. Winter becomes bruised and is nearly killed by Cinder. Ruby and Winter arrive on the scene, Ruby uses her silver eyes to force Cinder into retreating.

Making a successful retreat, Cinder screams out in rage over the fact she wasn't the one who claimed the Winter Maiden's powers. Cinder notices Neopolitan, the mute enforcer presents Cinder with the Relic of Knowledge. Saying nothing, Cinder snatches it from Neo's possession and walks off. Neo is seen getting irritated with her "partner."

## Dr. Arthur Watts

Doctor Arthur Watts is a major antagonist in the American animated webseries RWBY. He is a disgraced Atlesian scientist who became an associate of Salem and part of her inner circle.

He is voiced by Christopher Sabat, who also voices Vegeta and King Piccolo in Dragon Ball Z.

Not much is known about Watts' past or how he joined Salem's faction, except that he was a scientist in Atlas working on the same research team as Pietro Polendina. At some point he was acquainted with Jacques Schnee as well. At a later point he was disgraced and faked his death, eventually ending up in Salem's servitude.

In "The Next Step", Watts attends a meeting at Salem's Domain with fellow associates Tyrian, Cinder and Hazel. Watts belittles Cinder for her "failure" at Beacon and loss to Ruby Rose. However, Salem arrives and chastises him for his needless "malignance". Watts is assigned to take over Cinder's duties while she recovers and meet with the group's informant in Mistral; to which he complies.

In "No Safe Haven", Watts is seen drinking tea and meeting with Salem's informant, who's revealed to be the headmaster of Haven Academy, Leonardo Lionheart.

In "Welcome to Haven", Watts eavesdrops on Lionheart's conversation with Qrow Branwen and Team RNJR. He then contacts Lionheart after they leave and tells him he needs to work on his improvisational skills.

In "Dread in the Air", Watts escorts Lionheart to a secret room to speak with Salem via Seer, and the latter informs her that Qrow arrived at Haven with Team RNJR and told them the Spring Maiden is with Raven Branwen's tribe. Salem praises her servant for retrieving this information and instructs Cinder and her team to meet with Watts and convince Raven to cooperate with them. She also instructs Watts to make a new scorpion tail for Tyrian, who lost it during his confrontation with Qrow and Team RNJR. Impressed, Watts tells Lionheart that it seems Qrow was right when he said that the children weren't pushovers.

In "Rest and Resolutions", Watts arrives at the Branwen Tribe campground with Cinder, Emerald and Mercury.

In "A Perfect Storm", Watts meets with Raven and offers her a chance of "forgiveness" from Salem if she has Vernal open the chamber to the Relic of Knowledge. He also states that her time to decide is short as the White Fang plans to attack Haven soon. However, to his annoyance, Raven demands the death of Qrow in exchange for having Vernal open the chamber for them, and Cinder eagerly agrees. Watts angrily tells Cinder he knows she's doing this to get revenge on Ruby, and warns her that if their plan falls to pieces over her grudge with a child, he won't be the one taking the blame.

In "So That's How it is", Watts attends a meeting called by Salem, who chooses to leave Cinder behind after her failure at Haven Academy. Hazel then informs her the Ozpin has reincarnated, causing her to send Watts and the others away before unleashing her rage.

In "A New Approach", Watts is seen walking through the streets of Mantle, he and Tyrian have a brief argument about how one hideout makes them susceptible to discovery and that they need to stay mobile. He reassures Tyrian by telling him the security in Mantle is outdated and that he wrote the code, allowing him to hack the security cameras, and allowing he and Tyrian to walk freely.

In "Pomp and Circumstance", Watts arrives at the Schnee Manor.

There, he proposes to Jacques that he has a plan to help him win the election as well as help his company.

In "A Night Off", Watts and Tyrian sabotaged Robyn Hill's victory party. Working from the shadows, Watts hacked into the building, cutting the power, and altering the security camera footage to make it as if Penny was massacring Robyn's supporters and not Tyrian. He even placed more votes to Jacques' name. Shortly after Tyrian made his escape, Watts resumed power to the building, and uploaded the fixed footage of Penny.

In "Cordially Invited", Watts is seen standing on top of a building overlooking Mantle as he shuts down the city's power. As the rain turns into snow, Watts discards his umbrella into the city streets as he disappears.

In "As Above, So Below", Watts and Tyrian watch the people of Mantle run amok and loot the dust stores.

In "Out in the Open", Watts and Tyrian watch Ironwood and Robyn Hill expose them for the recent murders and for the rigged election. On his scroll, Watts looks at the schematics for the Amity Colosseum, and is dumbfounded how Ironwood had gotten that knowledge past him. Infuriated, Tyrian yells out that the Grimm should have destroyed their enemies, not made them friends. Watts decides to go to Amity Colosseum to sabotage it. While sending Tyrian to create more chaos in the Grimm attack. In Amity Colosseum, Watts talks to himself about how unfinished Ironwood's project is, only to find out that it was a trap set by the general himself. Using his hacking rings, Watts transforms the arena. Evading Ironwoods gunshots, Watts makes his way to one of the levitating platforms, and draws his revolver.

In "Gravity", during their battle, Watts uses his rings to manipulate the colosseum's terrain to attack and evade Ironwood. Ironwood gives chase to the disgraced Atlesian scientist and eventually catches up to him. The two engage in hand to hand combat, Watts uses the wall to jump over Ironwood and to resume the chase. Watts uses the hard light shields to make a bridge allowing him to cross to the next platform. He uses his rings to create a lava wall, thinking he either killed or simply evaded Ironwood, Watts smirks with satisfaction. Only to be shot in the shoulder by the general himself.

Watts retaliates by shooting general Ironwood in the leg with ice dust, and jumps up to the platform above them. Ironwood frees himself and launches himself up to where Watts is. Ironwood charges at Watts, the two proceed to fall back to the main platform. Watts angrily claims Ironwood never appreciated his work, and that he chose Pietro over him. Ironwood gains the upper hand in their fight and pins Watts to one of the metal beams. However, the tables quickly turn as Watts man handles Ironwood and traps his left arm into a hard light shield.

Ironwood begins to pull his arm out, in a mocking tone, Watts tells him that he shouldn't do that, not unless he wants to add more metal to his body. Proving Watts wrong, Ironwood frees himself and charges at Watts. He is grabbed by the collar of his shirt and is dragged towards the edge of the floating platform. Ironwood angrily claims he is willing to sacrifice everything to stop Salem, to which Watts retorts he hopes he does. After their battle, it is unknown if Watts survived.

In "The Enemy of Trust", Watts is revealed to have survived his encounter with Ironwood and is seen sitting in what is presumed to be a prison cell. Looking defeated he gazes up at the sky turning violet and his hopes seem to rekindle.

## Tyrian Callows

Tyrian Callows is a major antagonist of the American animated webseries RWBY. He is a serial killer and a member of Salem's Faction.

He is voiced by Josh Grelle, who also voices Demigra and Yukiteru Amano.

In the past, Tyrian was a known serial killer who killed people across Remnant. He was eventually arrested, but his transport to prison was attacked by Grimm and he escaped. Likely as thanks to the Grimm's leader Salem, Tyrian swore allegiance to her and regarded her as his queen.

In "The Next Step", Tyrian attends a meeting at Salem's Domain along with Watts, Cinder and Hazel. Tyrian encourages Cinder to seek revenge on Ruby Rose for the loss of her left eye. Salem later orders Tyrian to continue his search for the Spring Maiden. However, upon hearing Cinder's concern about Ruby, she reassigns him to track Ruby down and bring her back alive. Tyrian promises to take one of Ruby's eyes for Cinder before bursting into maniacal laughter.

In "Menagerie", Tyrian arrives at Higanbana and asks a waitress for information on Ruby's whereabouts.

In "Tipping Point", Tyrian intercepts Team RNJR at Oniyuri and attacks them. When questioned about who he is, Tyrian tells them that his name doesn't matter and he's only interested in Ruby, whom he declares will be coming with him. During their fight, Tyrian reveals he is a scorpion Faunus, which makes Ruby question if this is about the White Fang or Roman Torchwick. Tyrian calls them nothing but pawns and states that he only serves his "goddess". Despite Team RNJR's efforts, Tyrian easily defeats them and incapacitates Ruby. However, before he can strike her with his stinger, Qrow Branwen intervenes and blocks the attack.

In "Punished", Tyrian has a quick talk with Qrow before engaging him in battle. Ruby attempts to rejoin the fight despite Qrow's warnings and Tyrian knocks her into an unstable building; causing Qrow to come save her from falling debris. Tyrian takes the opportunity to strike Qrow across the abdomen with his stinger; poisoning him. However, Ruby severs Tyrian's stinger from his extended tail with Crescent Rose, causing him to scream in pain. Surrounded and too injured to continue fighting, Tyrian flees the area, hoping Salem will forgive him for his failure.

In "Taking Control", Tyrian returns to Salem's Domain and grovels before Salem. He tells Salem that though he failed to retrieve Ruby like she asked, he managed to poison Qrow and remove him as a threat; asking if he's still pleased her with this action. Salem nonetheless expresses disappointment in Tyrian, causing him to break down into tears and bawl. When a nearby Beowolf attempts to attack him, Tyrian viciously kills it before taking his grief out on its corpse; stabbing it repeatedly as his cries turn into maniacal laughter.

In "Dread in the Air", when Salem hears that Qrow is alive and well, she orders Cinder to summon Tyrian to her conference room so that she can "have a word with him".

In "So That's How it Is", Tyrian returns with a new mechanical tail made by Dr. Watts. He mocks Hazel, Mercury Black, and Emerald Sustrai on their defeat at Haven Academy, enraging Emerald when he mocks the supposed death of Cinder. She threatens him and cuts his face, but he only laughs manically. He later attends a meeting called by Salem, where he offers to stop the Beacon students from delivering the Relic of Knowledge to Atlas. However, Hazel reveals that Ozpin is still alive, prompting Salem to dismiss Tyrian and the others before unleashing her rage.

In "Lost", Tyrian gives Emerald and Mercury some advice about how far they want to go, before telling them that he and Watts have been assigned to a special mission to go to Atlas.

In "A New Approach", Tyrian and Watts have a brief argument via earpieces. Tyrian expresses worriment that he and Watts will be recognized by the Atlas security. Watts reassures him by telling him the security code in Mantle is outdated, allowing the scientist to hack the security cameras, and allowing both men to walk freely.

In "Ace Operatives", Tyrian corners Forest in an alleyway. Forest asks who the scorpion Faunus is. Tyrian responds to the question that he's someone like him, someone who wants to mix things up around Mantle. Afterwards he proceeds to kill Forest.

In "A Night Off", Tyrian and Watts sabotaged Robyn Hill's victory party. With Watts cutting the power and altering the security camera footage, Tyrian was free to kill as many of Robyn's supporters. He attacked Fiona, Robyn's right-hand woman, and then made his escape. With Tyrian gone, Watts switched the lights back on. The survivors of the ordeal seeing Penny on the stage with Robyn, they quickly placed the blame on her.

In "As Above, So Below", Tyrian drops down from the rooftops. He and Watts watch as the citizen of Mantle riot and loot the stores as well as destroy the paladins.

In "Out in the Open", Tyrian and Watts watch Ironwood and Robyn Hill expose the truth about the recent murders and their plans to divide the people of Mantle. Watts looks at the schematics in making Amity Colosseum a communications tower, and is dumbfounded how those plans had gotten past him. Tyrian becomes enraged that their plans failed. Watts goes to sabotage the colosseum, Tyrian is sent to create more tension and chaos in Mantle. Later, Tyrian corners Robyn in an alleyway, dodging, and catching her crossbow bolts. Tyrian charges at Robyn, but is interrupted by Qrow and Clover.

In "Gravity", after Clover tell Tyrian he is under arrest, he begins to cackle insanely. In response, Qrow charges at him. Tyrian blocks and counters their attacks. With Qrow fighting on the offensive, while Clover, and Robyn providing support. They quickly overwhelm Tyrian, which causes him to burst out into maniacal laughter. Robyn shoots a crossbow bolt at him, he catches it in his teeth. Suddenly, the bolt explodes, dazing him, and depleting his aura. While on the ground he chuckles at Robyn as she approaches, she then kicks him in the head, knocking him out. Much later during the time Ruby is exposing Ironwood's plan to her companions, Tyrian is seen on the bullhead airship, tied up, and sitting next to Clover, Robyn, and Qrow.

In "With Friends Like These", after hearing Ruby exposing Ironwood's plan to abandon Mantle. On everyone's scrolls a warrant is out for team RWBY's arrest, including Qrow. Robyn becomes enraged at Clover for following Ironwood's orders. As tensions between Clover, Qrow, and Robyn rise. Tyrian bides his time and waits for them to attack each other. Qrow tries to de-escalate the hostility, but his pleas fall on dead ears. Robyn fires a bolt at Clover, but the latter blocks it. Tyrian is accidentally freed by Clover's fishing hook, he sneaks off, kills the pilots, and sabotages the controls of the manta.

As Qrow and Clover begin to fight one another, Tyrian "regains" consciousness. He removes the bolas from his wrists by dislocating his thumb, then popping it back into place. The two stop for a brief moment, but Tyrian interjects and tells them not to stop on his account. Qrow angrily responds to his second opponent and charges at him. Tyrian, Qrow, and Clover fight one another. Qrow angrily claims he and Tyrian have a score to settle, Tyrian calmly agrees. Tyrian then suggests they "put the kid to bed before they finish it." Qrow agrees to the serial killer's suggestion and the two go after Clover.

During the fight between the three, Tyrian and Qrow gain the upperhand, Qrow loses his sword, but goes in and punches Clover in the stomach. His punch causes Clover's aura shatters. Qrow demands why he's following Ironwood, Clover responds he owes the general his life. His life his cut short when Tyrian runs Qrow's sword through the leader of the Ace-Ops' back. In mock sympathy, Tyrian tells Qrow it doesn't look like Clover is going to make it. Enraged, Qrow screams he is going to kill Tyrian. The scorpion Faunus sadistically responds just like the way he killed Clover. Tyrian tells Qrow their score will have to wait and leaves Qrow and Robyn to the authorities.

## Hazel Rainart

Hazel Rainart is a member of Salem's Faction and a major antagonist in the American web cartoon series RWBY. As of Volume 5, he also serves as Oscar Pine's archenemy due to being the host body for Ozpin.

He is voiced by William Orendorff, who also provides the vocal sound effects of the Grimm.

Not much is known about Hazel's past except that he had a sister named Gretchen who desired to become a Huntress under Ozpin's guidance. However, Gretchen died during training, and Hazel holds Ozpin responsible for her death. At some point after this (and most likely because of it), Hazel became part of Salem's faction.

In "The Next Step", Hazel attends a meeting at Salem's Domain with fellow associates Watts, Cinder and Tyrian. He questions how Cinder was able to lose against a "novice" like Ruby Rose, stating that they've dealt with silver-eyed warriors in the past. Salem later instructs Hazel to meet with the White Fang leader, Sienna Khan, and ensure that they fall in line, to which he complies.

In "Kuroyuri", Hazel is seen in Mistral walking past a train station until he notices Oscar failing to get a train ticket from the machine. He helps Oscar by slamming on the machine with his hand, causing it to malfunction and shoot out a ticket for him. Hazel then tells the child not to let something as small as that hold him back before leaving.

In "Dread in the Air", Hazel appears before Sienna Khan during her meeting with Adam Taurus, standing his ground against her threats and prepared to convince her to cooperate with Salem. However, to his surprise, Adam commits a coup and murders Khan to usurp her position as High Leader of the White Fang. Hazel confronts Adam about his actions, angered that he withheld his plans from him and acted without his approval. Adam justifies his actions as it removes Salem's concern about Khan's willingness to cooperate. Hazel then states that no one needed to die, before leaving the meeting, to which Adam disagrees.

In "The More the Merrier", Hazel enters the meeting room to join Cinder, Emerald, Mercury, Raven and Vernal in their confrontation with Qrow, Team RNJR, Oscar, Weiss and Yang; closing the door behind him and revealing that the White Fang is beginning their assault on Haven and planting explosive charges across the school grounds. While everyone begins fighting, Hazel is confronted by Ren and Nora. Hazel tells the two he does not wish to fight them, but upon hearing their refusal to back down, accepts their challenge and engages them in battle.

In "Vault of the Spring Maiden", Hazel next seen berating Lionheart over being humiliated by Oscar. Though once he learns the boy is actually Ozpin, he drops Lionheart and completely loses his composure, recognizing the cane in Oscar's hand. Vowing to kill him repeatedly, Hazel jabs two shards of Lightning Dust into his arms and attacks, intent on avenging his sister who he proclaims was killed by Ozpin. Though Oscar tries reasoning with him, Hazel refuses to yield, but soon finds himself on the defensive when Ozpin takes over. Qrow Branwen tries to intervene, but Hazel sends him flying with an lightning-enhanced punch.

In "Downfall", Hazel easily defeats Ren, Qrow, and Oscar before Nora charges at him. Hazel angrily asks Ozpin how many more children have to die for him, electrocuting Nora without realizing it was actually enhancing her strength. Nora throws Hazel off of her, and Ozpin (through Oscar) reveals his Semblance is the ability to take great physical pain, hence why he is able to inject himself with so much Dust. When Hazel charges at her again, she uses Magnhild to send him flying outside the building where Adam and the White Fang are. He injects himself with even more Dust before witnessing Blake, Ilia, and Sun Wukong arrive with Faunus from Menagerie to stop the White Fang. When Adam asks Hazel what to do, he tells him it's Adam's own business and to figure it out for himself, contrasting what Adam said to him when he assassinated Sienna Khan. Hazel is impaled by a Lancer summoned by Weiss and dragged back into the building.

In "Haven's Fate", Hazel destroys Weiss' Lancer with a fire and lightning projectile. But then he is drop-kicked by Blake, and he later roars in rage after Lionheart flees the battle. Hazel then fights with Mercury Black and Emerald Sustrai against Ruby, Weiss and Blake, but they are eventually worn out and on the losing side. When Yang Xiao Long emerges from the vault with the Relic of Knowledge in hand, Hazel growls in anger, realizing Cinder has failed and they have truly lost. After Emerald breaks down and unleashes a powerful hallucination on the heroes, Hazel and Mercury make their escape down a mountain path, the former carrying the unconscious Emerald.

In "So That's How It Is", Hazel, Emerald, and Mercury return to Salem's palace empty-handed, they briefly encounter Tyrian by the front entrance. Hazel leads the two inside of the palace. Inside the council chamber, the three are seen kneeling down. Salem inquires about why they failed their mission and Hazel tries to take the blame. This only invokes Salem's wrath, causing her to bind Hazel to the floor with disembodied Grimm hands. After Salem releases Hazel, he speaks up about how Ozpin is leading Qrow and the children to Atlas. Hearing this infuriates Salem, Hazel along with the rest are dismissed, right before she unleashes her rage.

In "Our Way", Hazel looks on as Salem creates hybrid Beringels with wings on their backs, telling Mercury and Emerald that she is taking matters into her own hands.

# Emerald Sustrai

Emerald Sustrai is a major antagonist in the American web cartoon series RWBY. She is one of Cinder Fall's two right-hands alongside her partner, Mercury Black.

She is voiced by Katie Newville.

Emerald lived in Mistral city as a thief and presumably an orphan. She would use her Semblance to create illusions to aid her in heists, such as replicas. One day during a jewel heist, Emerald was confronted out the back of the store by Cinder Fall, who offered her a place of belonging in her faction. Though hesitant at first, Emerald agreed, and soon found a mentor figure in Cinder, unaware of Cinder's indifference to her. The two traveled to recruit Marcus Black to their cause, but found him murdered by his son Mercury Black. Seeing Mercury as the clear superior, Cinder offered him the position instead, to which he agreed.

Emerald later joins Cinder in seeking the aid of Adam Taurus and the White Fang, though he, a Faunus, refused to help humans.

The trio then set out to steal the powers of the current Fall Maiden Amber. Emerald created an illusion of a lost little girl as bait, which Amber took. When amber stopped to help the girl, Emerald and Mercury ambushed her and attacked, though they were little match against a Maiden. Cinder enters the battle, and together they are able to overpower and defeat Amber. Cinder then uses her glove to summon a Parasite Grimm and begin stealing Amber's powers. Cinder gets half of them before the process is interrupted by Qrow Branwen, who escapes with a comatose Amber.

Cinder returns to the White Fang and threatens Adam Taurus with her new powers. She has Emerald and Mercury offer him Lien in exchange for aid, to which he reluctantly agrees.

In "Best Day Ever", Emerald appears lost and runs into the shop owner of the newly reopened From Dust Till Dawn, asking for directions to a certain address. As she rounds a corner, Mercury states that he knew she was lost and she offers to pay him to be quiet using money she stole from the shop owner. They arrive at a book store owned by a Faunus named Tukson.

Emerald begins to ask if he has certain books because of his shop's catchphrase, but she eventually asks him for a book that he does not have. Things turn serious as Emerald reveals that she knows he is planning on running from the White Fang and that he knows why they are there. She asks him if he is planning to fight back and he shouts "Yes" before lunging at her. She ducks under him and Mercury kicks him as he is in the air, thus killing him.

Emerald and Mercury then return to Roman's base and he questions where they were all day; taking the address from Emerald's pocket without her noticing. Emerald and Mercury confirm that they were cleaning up Roman's mess. When Roman threatens them, Cinder appears and Emerald informs her that they killed Tukson; but Cinder seems more annoyed at their actions as it risks ruining her plan. Emerald then leaves with Cinder, but shows Roman that she managed to steal his lighter.

In "Welcome to Beacon", Emerald is seen with Mercury and Cinder inside Beacon Academy, posing as students from Haven Academy. She bumps into a running Ruby while walking down a hallway. Emerald helps her up, but tells her to mind where she is going. She is then redirected with Mercury and Cinder by Ruby who points them in the direction of their building as transfer students.

In "Extracurricular", Emerald is seen observing a battle between Pyrrha Nikos and Team CRDL, and later Pyrrha against Mercury. Later that day, in a dorm room with Cinder and Mercury, they all begin to talk about Pyrrha's semblance, and how skilled she is, as also listening to Cinder's plan.

In "Dance Dance Infiltration", Emerald and Mercury are seen entering the ballroom together. From here, the duo spends the evening keeping track of the attendees, watching to see if anyone could interfere with Cinder's infiltration of the Cross Continental Transmit Tower. At one point, Emerald warns Cinder that James Ironwood is leaving to check on the tower. However, Cinder is able to finish her task and return to the dance before he can see her. Emerald then lets Cinder take her place as Mercury's dance partner for the remainder of the evening.

In "Breach", Emerald assists Teams RWBY and JNPR in killing Grimm; easily slaying an Ursa using her weapons. She is later present as Adam Taurus appears by Cinder's side, explaining that the White Fang will listen to him, despite numerous losses in the caves.

In "Round One", at the Vytal Festival fairgrounds, Emerald steals Ruby's wallet before returning it to her. She strikes up a friendly conversation with Team RWBY, and it is revealed that she is participating in the tournament alongside Mercury, Cinder and an undercover Neopolitan.

After exchanging pleasantries with Team RWBY, she turns to Mercury and expresses her distaste for all of them, telling him she cannot stand how they always seem so cheery. However, she also shares the intel they had been sent to get: Weiss and Yang will be fighting in round two. Emerald, Mercury and Cinder are then seen spectating the match between Team JNPR and Team BRNZ.

In "It's Brawl in the Family", Emerald is later seen at Cinder's dorm room when Mercury reports Qrow Branwen's presence at Beacon. She asks Cinder if they need to change their plans, but Cinder tells them that they will stay the course. After Cinder gains access to Ironwood's Scroll, she tells Emerald and Mercury to return to their dorms.

In "Lessons Learned", Cinder engineers the next match of the Vytal Festival tournament doubles round: Emerald and Mercury against Coco Adel and Yatsuhashi Daichi of Team CFVY. Emerald and Mercury easily win the match.

In "Fall", after Mercury "loses" his match against Yang and has his leg broken by her apparently unprovoked, Emerald calls out his name and immediately rushes to his side, apparently showing concern for him. This was ultimately revealed to be an illusion created by Emerald, designed to trick Yang into attacking and one of the paramedics into thinking that Mercury's legs are real.

In "Beginning of the End", Cinder, Emerald and Neo evacuate Mercury in an Air Bus to their secret warehouse and head back to the Vytal Festival.

In "Destiny", Ruby sees Emerald in the front row of the Colosseum for the match between Pyrrha and Penny Polendina, even though Ruby was told Mercury's team all went back to Mistral the previous night.

In "PvP", Emerald uses her Semblance to make Pyrrha use her Semblance forcefully on Penny's swords. This causes the wires attached to them to wrap around Penny and split her in half, destroying her. Soon after, Emerald leaves the grandstands of Amity Colosseum.

In "Battle of Beacon", Emerald is seen on a rooftop with Cinder and Mercury, expressing a hint of remorse at the destruction caused by the chaos. Suddenly, she is interrupted by the arrival of the Grimm Dragon, as she remains on the rooftop.

In "The Next Step", Emerald is seen at Salem's Domain surveying its surroundings and accompanying Cinder alongside Mercury. She also acts as Cinder's voice due to the loss of her own speaking capabilities.

In "Of Runaways and Stowaways", Emerald is seen watching Cinder receive "treatment" from Salem. When a Seer enters Salem's meeting room, Emerald is disgusted and fearful of it. After Salem asks Cinder if she really killed Ozpin, Cinder signals for Emerald to help her respond, but Salem slams the table and demands Cinder say it with her own words, which makes Emerald step back.

In "No Safe Haven", Emerald watches Cinder train with Grimm. Upon completing her training, Cinder orders Emerald to create a vision of a kneeled and defeated Ruby Rose, which she mercilessly incinerates.

In "Rest and Resolutions", Cinder arrives at the Branwen Tribe campground with Watts, Emerald and Mercury.

In "A Perfect Storm", They tell Raven to bring Vernal as the Spring Maiden to Haven Academy to unlock its Relic's chamber. After negotiations, Emerald and the group return to a ship where they take rest.

In "The More the Merrier", Emerald accompanies Cinder as she leads the assault at Haven and later stops Ruby from helping Jaune. As they fight, Emerald reveals to Ruby that she does not care for working for Salem, but owes Cinder everything. When Ruby unleashes her powers to stop Cinder from harming Jaune, Emerald quickly knocks her out, though Cinder has been already been affected by the power.

In "Vault of the Spring Maiden", Emerald and Mercury team up against Yang, using her illusions to create multiple copies of Mercury. They quickly get the upper hand on her until Ruby wakes up and intervenes.

In "Downfall", Ruby and Yang are battling Emerald and Mercury as the Mistral authorities arrive to arrest the White Fang. Seeing an opportunity, Yang runs off to confront her mother and Cinder in the vault. Emerald tries but fails to stop Yang from going in. Emerald and Mercury chase after her, but are blocked from the vault by Weiss, who freezes the entrance.

In "Haven's Fate", Emerald, Mercury, and Hazel are cornered by Ruby Rose and her allies. Emerald declares they haven't won yet, saying that Cinder would be back any minute with the Relic of Knowledge and that she would stop them. However, everyone soon sees that only Yang leaves the vault, carrying the Relic. Now knowing of Cinder's apparent demise, she breaks down in tears, not listening to Mercury when he says they need to leave. In despair, Emerald cries out, creating an illusion visible to everyone in the room of a nightmarish apparition of Salem. Though it quickly disappears, it was enough to let them escape; an unconscious Emerald is carried by Hazel as he runs off with Mercury.

In "So That's How It Is", Emerald attends a meeting called by Salem, where Hazel admits that it was Cinder's fault that they lost the Battle of Haven. Salem tells them all that they must leave Cinder behind, though Emerald is just enthused to hear that she is still alive.

In "Lost", Emerald regrets leaving Cinder behind and considers that fact that she may not want to continue what she is doing without her. Mercury has to tell her that Cinder does not are about her, causing her to get angry and attack him. The two fight until Tyrian intervenes, telling them that if they do not love what they do regardless of the circumstances, they are in over their heads already. He then leaves, telling them that he and Watts have been assigned a special mission in Atlas.

In "Our Way", Emerald goes to apologize to Mercury, but finds him staring out a window, shocked. She looks to see Salem creating hybrid Beringels with wings on their backs. Hazel tells them that she is taking matters into her own hands.

Mercury Black

Mercury Black is a major antagonist in the American web cartoon series RWBY. He is one of Cinder Fall's two right-hands alongside his partner, Emerald Sustrai.

In Volume 2, he was voiced by J.J. Castillo. He is currently voiced by Yuri Lowenthal, who also voiced Sasuke Uchiha, That Man, Shogo Akuji and Suzaku Kururugi.

Mercury lived in the mountains with his father, Marcus Black, who was an assassin and heavy drinker that would abuse and beat him. He spent his childhood being "trained" to be a killer, being constantly forced to defend himself from Marcus' attacks. When Mercury finally unlocked his Semblance, Marcus stole it away and told him it would only make him weak. He told Mercury he would give it back if he got stronger, but never did. One night, Mercury snapped, fought against his father, and killed him.

Cinder Fall and Emerald Sustrai saw their fight from afar and were hoping to recruit his father for their cause. However, due to Marcus' death, Cinder asked Mercury if he took after his father. He joined Cinder's faction and has been traveling with them since.

In "Best Day Ever", Mercury and Emerald arrive at a book store owned by Tukson and Emerald asks him if he has certain books. Meanwhile, Mercury continues to pick up books and slams them loudly during Emerald's questioning before asking if he has any comics. When Emerald begins to reveal why they are really there, Mercury dims the windows of the shop and kills Tukson when he tries to attack them.

Mercury returns to Roman Torchwick's hideout with Emerald and informs Roman that they were out "cleaning up his problems". Cinder soon arrives and Mercury confirms that they had indeed killed Tukson before he had the chance to flee. When Roman tries to explain to Cinder why he hadn't done the job himself yet because of how busy he is stealing Dust, Mercury compares him to any punk with a gun and ski mask. He then leaves the warehouse with Cinder and Emerald.

In "Welcome to Beacon", Mercury arrives at Beacon with Emerald and Cinder, posing as students from Haven Academy. The three bump into Ruby Rose, where Mercury informs her that they got turned around looking for their building. Ruby then tells them the direction of their building and the trio continue on their way as Ruby welcomes them to Beacon Academy.

In "Extracurricular", Mercury is seen watching Pyrrha Nikos fight with Team CRDL in a class based training fight. Once Pyrrha finishes with the former, Mercury challenges her to a sparring match. Glynda Goodwitch briefly protests this, but Pyrrha gives her approval and the match begins.

The fight is tense, with both parties probing for weaknesses and studying their opponent's skills. Pyrrha briefly uses her Semblance of polarity to manipulate Mercury's boots, throwing him off-balance. Midway through the brief but intense match, Mercury abruptly forfeits, stating that Pyrrha, a world-renowned fighter, is completely out of his league. After the match, he briefly converses with Emerald and enthuses about how much fun he finds learning. He is later seen discussing Pyrrha's Semblance and skills with Emerald and Cinder in their dorm rooms, conveying his findings from their match.

In "Burning the Candle", Mercury enters the ballroom with Emerald and is welcomed by Yang Xiao Long, followed by his answer that both of them wouldn't miss the dance for the world.

In "Dance Dance Infiltration", Mercury is seen dancing with Emerald, while talking to Cinder through a headpiece at certain points throughout the dance. After Cinder arrives at the dance, having successfully completed her mission, Mercury dances with her and asks how her night was, to which she responds that it was much more exciting than expected.

In "Breach", Mercury appears alongside Emerald and Cinder during the Grimm attack on Vale, who silently nods to the two to attack and help in taking out the Grimm attacking humans. Shortly after the fight, Mercury, Emerald and Cinder are overlooking the city of Vale from a rooftop. When Cinder remarks on the day being successful, Mercury adds that with them having lost so much Faunus in the caves, the White Fang won't listen to them anymore. At that moment, Adam Taurus appears and reassures them that they will listen to him.

In "Round One", Mercury is first seen observing different boots at a stand in the fairgrounds. After Emerald is done conversing with Team RWBY, she returns to Mercury, and he asks if she got the information. She tells him Weiss and Yang will be fighting in the second round. He is later seen eating a big bowl of popcorn while spectating the match between Team JNPR and Team BRNZ along with Emerald and Cinder.

In "Never Miss a Beat", Mercury is later seen doing push-ups in the Beacon dorms with Emerald and Cinder nearby as the latter looks through James Ironwood's files and finds information on Penny Polendina.

In "Fall", Mercury is elected to represent his faction in the finals round of the tournament, facing off against Yang in the first match. While the two are appear to be evenly matched in the beginning, Mercury unleashed a storm of rounds at her. Just as he walks away, brushing his clothes off in confidence of his "victory", Yang rebounds from his attack and proceeds to unleash a beatdown that costs him the match.

However, he is involved in an elaborate ruse where Yang is tricked by Emerald into seeing Mercury attack her despite his lack of Aura. This causes Yang to attack him in self-defense and "fracture" his leg; allowing him to frame Yang for seemingly assaulting a non-combative opponent. Emerald rushes to his side as he clutches his leg and cries out in pain. However, his legs are prosthetic, unbeknownst to the others present, and he can repair them himself.

In "Beginning of the End", Mercury is evacuated by Cinder and Neopolitan in an Air Bus to their secret warehouse where he hides away so that nobody knows his leg is fine. Cinder's plan carries on with him in hiding.

In "Destiny", Ruby finds Mercury in the stadium with fully healed legs. He notes that the next matchup, Pyrrha versus Penny, will be chaotic due to Pyrrha's polarity and Penny's metal body. Mercury then assumes a fighting stance, preparing to attack an unarmed Ruby.

In "PvP", Ruby attempts to both speed past Mercury and call for help via her Scroll, to no avail, as Mercury impedes her movement, and shoots her device from her hand. Ruby eventually manages to evade and escape, but only arrives to see Penny's destruction at the hands of her opponent. Seeing the plan was successful, Mercury leaves Ruby to grieve without further harming her, going back the way he came.

In "Battle of Beacon", Mercury is seen with Cinder and Emerald, standing on a rooftop as he is filming the Grimm's attack on Beacon with a Scroll. Cinder instructs him to focus on the infected Atlesian Knight-200s, before he is interrupted by the Grimm Dragon's arrival, which Mercury also focuses on.

In "The Next Step", Mercury is seen present at Salem's Domain surveying its surroundings and accompanying Cinder alongside Emerald. He gets upset when Watts mocks him, but is restrained by Emerald.

In "Of Runaways and Stowaways", Mercury and Emerald watch Cinder receive "treatment" from Salem. Both he and Emerald back away in fear as a Seer comes in to report the Grimm's lack of success in finding the relic at Beacon Academy.

In "Rest and Resolutions", Cinder arrives at the Branwen Tribe campground with Watts, Mercury and Emerald.

In "A Perfect Storm", Mercury introduces the group as people Raven should be afraid of, and upon Raven's dismissal, Cinder quiets Mercury's ensuing outburst. They tell Raven to bring Vernal as the Spring Maiden to Haven Academy to unlock its Relic's chamber. After negotiations, Mercury and the group return to a ship where they take rest.

In "The More the Merrier", Mercury then accompanies Cinder as she leads the assault of Haven and confronts Yang, demanding for an apology for his leg back at the tournament. They fight, but their battle is interrupted when Cinder impales Weiss Schnee.

In "Vault of the Spring Maiden", Mercury teams up with Emerald in stopping Yang from following Cinder into the vault, using her hallucination Semblance to create multiple clones of him. However, their advantage is cut short when Ruby rushes in to save Yang and assist her in the fight.

In "Downfall", Mercury knocks Crescent Rose out of Ruby's hands and taunts her lack of skills without it. However, he is shocked when Ruby headbutts him and proceeds to retrieve it. Mercury later attempts to stop Yang from reaching the vault and grabs her prosthetic arm, but she detaches it and makes it inside.

In "Haven's Fate", Mercury shows annoyance when Lionheart flees in terror after Blake and the authorities arrive. Eventually, Mercury is brought to his knees and realizes their side is losing the battle. When Yang returns from the vault with the Relic of Knowledge, Mercury assumes the worst for Cinder and tells Emerald they need to retreat. When Emerald overexerts her Semblance to create a massive hallucination, Mercury and Hazel grab her and take the opportunity to escape, their mission at Haven a failure.

In "So That's How It Is", Mercury attends a meeting called by Salem, where Hazel admits that it was Cinder's fault that they lost the Battle of Haven. Salem tells them all that they must leave Cinder behind, though Mercury is just surprised to hear that she is still alive.

In "Lost", Emerald regrets leaving Cinder behind and considers that fact that she may not want to continue what she is doing without her. She asks Mercury what he wants out of what they are doing, and he states that he simply wants to be on top when Salem remakes the world. When Emerald thinks back to Cinder, Mercury has to tell her that Cinder does not care about her, causing her to get angry and attack him. The two fight, with Mercury explaining that his father trained him to be a killer by beating and abusing him throughout his whole life, even stealing his Semblance away with his and never returning it. The two fight until Tyrian intervenes, telling them that if they do not love what they do regardless of the circumstances, they are in over their heads already. He then leaves, telling them that he and Watts have been assigned a special mission in Atlas.

In "Our Way", Emerald goes to apologize to Mercury, but finds him staring out a window, shocked. She looks to see Salem creating hybrid Beringels with wings on their backs. Hazel tells them that she is taking matters into her own hands.

## Adam Taurus

Adam Taurus is a major antagonist in the American animated webseries RWBY. He is a Faunus and a high-ranking member, later High Leader, of the White Fang. He seeks his own twisted view of justice for the Faunus, working as a terrorist to ensure the subjugation or eradication of humanity. He is also the mentor and ex-lover of Blake Belladonna.

He was voiced by Garrett Hunter.

Little is known of Adam's history, but at some point in his life, Adam was part of the Faunus labour force that served the Schnee Dust Company. At some point during his service, he was branded with the SDC logo on his face, scarring him and possibly blinding him in his left eye. Possibly fueled by this inhumane treatment, Adam ended up joining the White Fang. Sometime after he joined, he became the mentor of Blake Belladonna, teaching her much of what she knows in the art of battle, eventually, they became lovers.

As shown by the "RWBY Volume 6: Adam Character Short", he served under Blake's father Ghira Belladonna back when he was High Leader of the White Fang. The organization was, at that point, operating in a moral grey zone and falling quickly. When a White Fang group was passing through a wooded area, local xenophobic humans attacked them. Forced to defend themselves, Adam attacked the locals, but when one was about to attack Ghira, Adam accidentally killed him with his semblance. However, Adam was shocked when fellow comrade Sienna Khan and the rest of the group (with the exception of Ghira), started praising him as a hero.

Sometime later, Adam confronted Blake on a rooftop and tried explaining that the death was an accident. Blake however, reminded him that this wasn't the first time Humans had perished on missions he'd led and wondered how many more would die. Adam told her he didn't know and asked if she was about to abandon the White Fang like her parents (at this point, Ghira had stepped down and given leadership to Sienna) did, causing her to deflate. Adam, realizing he'd spoken out of line, apologized and revealed that he was worried she'd lost faith in him. After Blake reassured him that he still did, Adam thanked her and expressed his relief that he still had her by his side.

Sometime later, Adam, Sienna and Ilia Amitola attacked a SDC location. After slicing up the the Atlesian-Knight 130's, they were confronted by Human security. After one of the guards threw a smoke grenade, Adam and Sienna started killing the guards. Just as Adam was about to finish the last (with a smile) Sienna told him they needed to press forward, staying his hand.

Not long after, Adam, Sienna and Ilia Amitola attacked a Schnee Dust Company building in an act of terrorism and battled the guards and Atlas soldiers. Adam and Sienna overpowered them, with Adam taking sadistic glee in his attacks and even preparing to kill a guard he had already incapacitated.

Later, pleased with Adam's work, Sienna sent Adam to Vale to make him the leader of the faction operating there.

Some time later, Adam is approached at his campground by Cinder Fall and her subordinates Emerald and Mercury; who proposes an alliance that she believes would benefit both their groups. Adam immediately rejects her proposal, refusing to sacrifice his men for a "human" cause, and orders them to leave. Following their departure, Blake approaches Adam and asks him what they were discussing. Adam assures her it's unimportant and tells her they must focus on preparing for the upcoming train heist.

In the "Black" Trailer, Adam and Blake leap onto the roof of the train and infiltrate their way inside; only to find themselves surrounded by a squad of Atlesian Knight-130s. Adam's katana, Wilt, shoots out of his sheath/gun Blush and hits one of the androids in the head, stunning it as he rushes forward and grabs his sword, before cutting it to pieces. The rest of the androids charge in to attack Blake and Adam, but the two easily defeat them as they make their way through the train and enter a cargo hold. Adam looks inside one of the crates and tells Blake to move up to the next car while he sets the charges, having found the target. Blake asks about the people on the train, but Adam shows no concern for them; shocking Blake.

Just then a Spider Droid lowers itself from the ceiling and attacks the pair. The two unsuccessfully fight the droid and Adam is forced to save Blake when she is about to be stepped on. The droid then fires a large blast that knocks both Adam and Blake onto a flatbed car. Adam tells Blake to keep it distracted while he prepares for an attack. Blake fights it off, but retreats behind Adam when the droid charges for an attack. Adam uses his sword to stop the blast, seemingly absorbing the energy from it, which he then uses to destroy the droid.

When Adam turns around, however, he sees Blake on the next car, and the latter says goodbye to her former partner before separating the cars; abandoning the White Fang.

Following Blake's desertion, Adam decides to cease pursuit of her and put his focus on returning to Mistral. However, he is interrupted by Cinder Fall and her subordinates slaughtering all the White Fang members in the encampment. Cinder reiterates her request for an alliance, offering Dust and funding to continue his operations, and threatens him with death should he reject it again. Seeing no other choice, Adam is forced to accept the arrangement.

In "Breach", Adam is seen conversing with Cinder Fall, Emerald Sustrai and Mercury Black following the Grimm invasion in Vale. Mercury expresses doubt that the White Fang will listen to them again after the losses they suffered, but Adam reassures the trio that the organization will listen to him.

In "PvP", Adam is seen in a Bullhead leading the White Fang in their assault on Beacon Academy. Adam orders his troops to bring the humans to their knees before unleashing captive Grimm into the school.

In "Battle of Beacon", Adam ruthlessly tosses aside an Atlas Soldier in Beacon's dining hall when he notices Blake, whom he mockingly calls "his darling".

In "Heroes and Monsters", Adam is seen standing atop an Atlas student, asking Blake if she plans to run away again and accusing her of becoming a coward. He lectures Blake about how he wanted to "light the fires of revolution" with her, before unsheathing his katana and preparing to kill the student, though Blake intervenes and stops Adam's attack; declaring that she's not running this time. However, Adam proceeds to kick her away and disarm her, stating that although her dreams of equality and peace between Faunus and Humans are impossible, he understands Blake because all he wants is to be with her; something that is also impossible. He threatens to have his revenge on Blake by destroying everything that she loves - starting with a nearby Yang Xiao Long.

Adam baits Yang by stabbing Blake in the abdomen and provoking her into an angry charge. He then immediately intercepts Yang's attack and severs her arm with his katana. Approaching Yang to finish her off, Blake crawls in between them to protect her. Adam bemoans how Blake continues to hurt him before decapitating her - only to discover she had used her Semblance to distract him while she escaped with Yang. He calmly disposes of an attacking Creep before leaving the area.

Months after the Fall of Beacon, Adam is identified as one of the perpetrators and is reported to have resisted apprehension with lethal force.

In "The Next Step", during a meeting between Salem and her followers, she sends Hazel Rainart to meet with the current High Leader of the White Fang, Sienna Khan, and ensure that they fall in line. Adam arranged the meeting and Salem praises his actions as showing his loyalty to her cause.

In "Family", Adam appears in one of Yang's post traumatic stress-induced nightmares, stalking her and eventually attacking.

In "Taking Control", after searching through Ilia Amitola's scroll, Blake finds files showing that Adam actually plans to overthrow Khan and take over the White Fang, as well as destroy Haven Academy.

In "Dread in the Air", during the meeting between Hazel and Sienna Khan, Adam makes good on his plans and launches a coup. Moments before killing Sienna, Adam reveals his true ambitions of starting a war against humanity and seeking to have them enslaved in service of the Faunus. He then betrays Sienna and kills her, usurping her position as the new High Leader of the White Fang.

After taking over as High Leader, Adam sits on the throne and orders his men to give their former leader a proper burial; as well as to claim Sienna had been murdered by a human Huntsman. He plans to use her as a martyr to justify increased terrorism and violence by the White Fang against humanity. Hazel walks out saying that nobody needed to die, but Adam sadistically smiles as he leaves and says that he simply disagrees.

In "Necessary Sacrifice", Adam sends a message to Corsac and Fennec Albain instructing them to order Ilia Amitola to slaughter the Belladonnas with the exception of Blake, whom he requests be brought to him alive; stating the family has brought him nothing but grief and he means to fulfill his promise to Blake.

However, Adam is unaware that Blake has anticipated the trap and escaped from her captors and knocked them unconscious. His plan to kill Blake's parents, Ghira and Kali and kidnapping their daughter alive is thwarted and Ilia betrayed him after two of his agents Corsac is arrested and his brother Fennec is dead in the process during the attempted assassination of Ghira and Kali Belladonna.

As shown by the "RWBY Volume 6: Adam Character Short", Adam later receives a message from Hazel Rainart that the attack on Haven would be more complicated. However, Adam ignored the warning.

In "The More the Merrier", Adam has the White Fang set up explosives throughout the entire parameter of Haven Academy, delighted that the school is about to fall.

In "Downfall", Adam and a group of White Fang soldiers are preparing to evacuate the area before detonating the explosives, until Blake shows up and demands that Adam and the White Fang stand down. He mocks how Blake had finally turned herself in after years of searching by Adam, but she persists in demanding that he stop his plan and realize that what he's doing will bring no benefit to the Faunus race. Adam ignores her plea and mocks how she can't do much to stop him, but Blake surprises him by revealing how she assembled the people of Menagerie and they arrive to surround Adam and his forces. As the villagers see their loved ones alongside Adam and beg for them to stop the violence, Adam says that they are the enemy and is taken by surprise again when the Mistral Police Department arrive and surround him and his goons. In a desperate attempt, Adam presses the detonator, but the explosives were disarmed by Ilia and he charges at Blake in response and orders his men to open fire.

In "Haven's Fate", Adam continues to fight Blake and has his men continue fighting as well, but Blake's reinforcements overwhelm them and all of Adam's subordinates are pressured into standing down and surrendering as they are unable to kill one of their own kind. Adam holds Blake at gunpoint during the fight and mocked Blake for needing others to help her fight him, but she rebukes his statement by saying how she's at Haven for her friends and not Adam. Sun shows up and talks about how he volunteered to fight Adam and engages in a short skirmish with him, before Adam sees that his plan has failed and decides to pull out and runs away from the battlefield. Blake stops others from pursueing after him citing that it was a trap to have him pick them off one by one and how

Blake would let Adam know how it feels to run away. Ilia shows up after the fight informing that Adam was the only one of the White Fang members to escape capture, but said that it would begin his downfall as the White Fang wouldn't want a leader that abandons his people and Ghira even suggested forming a new Faunus rights organization to replace the White Fang entirely. At the end of the episode, Adam hides in a tree and sees Hazel carrying Emerald Sustrai and Mercury Black, before running away as well.

As shown by the "RWBY Volume 6: Adam Character Short", Adam wanders alone in the woods outside Haven Academy and drops his mask to the ground.

In "Argus Limited", Adam returned to the White Fang headquarters. However, the White Fang members and guards at the throne room heard about his betrayal and failure and refused to serve him anymore. In rage, Adam violently kills them all and seats himself back on his throne. As he reflects, he remembers a remark one of the deceased guards made about Blake. This triggers another tantrum, where he slashes through the throne and yells out in wrath.

Adam tracks down Team RWBY and follows them as they depart Mistral for Argus, hoping to catch and confront Blake when she is alone. He is spotted once, by Blake on the Argus Limited. In this instance, he disappears so quickly that he is dismissed as a hallucination.

In "Uncovered", a month after the "Battle of Haven," Adam's photo along with the photos of Cinder, Hazel, Emerald, and Mercury are all identitified as the perpetrators behind the attack.

In "Stealing from the Elderly", Adam confronts Blake when she is attempting to disable the radar tower in Argus. The two engage in a duel, and Adam demands to know why she had to come into his life and ruin everything, only for Blake to counter that he had stalked her across Anima and that she wants nothing to do with him.

Eventually, Adam manages to grab Blake by the neck, and she pulls them both over the railing, sending both plummeting to the forest. Blake tries to appeal to Adam to let go of his hatred and move on, only for him to angrily question if that is what she did to him. Adam declares that he let her go once, but would not make that same mistake twice. The two then engage in a standoff

In "The Lady in the Shoe", they resume their battle, Blake and Adam exchange blows in which Blake manages to hold her own for a while. even managing to land solid blows to him. Eventually, she starts jumping through trees to get away from him, prompting Adam to mockingly ask if she could do anything besides run. Adam sends Wilt spiralling into Gambol Shroud, knocking Blake off course and sending her flying straight into him. Adam slices at Blake only for her to use her tailcoat as a decoy before kicking him away and then shooting him.

The two take their fight to a nearby waterfall where Adam slowly gains the advantage. Adam then grabs Blake by her hands and exclaims that he wouldn't be doing this if she just behaved. Tricking her into thinking he threw Wilt away, he knocks a confused Blake away by slamming Wilt into her head. While declaring her selfish and a coward, Adam proceeds to kick Blake and slash at Blake across the floor. Only for her to defiantly call him delusional. Levelling his sword at the scar he inflicted during their battle at Beacon, Adam then swings Wilt at Gambol Shroud, using such force that it destroys the weapon.

Taking his blindfold off, Adam reveals the reason for his obsession for taking revenge on Blake. While humanity had hurt him in all sorts of ways, she inflicted the most hurt on him. She didn't leave scars, but rather she had left alone. Gripping his sword, Adam coldly asked her how it felt to share that emotion, and with a vengeful yell, stabbed her in the gut. Only for it to be revealed as a clone.

Turning around, he could only hear Blake declare that she wasn't alone before a yellow bike slammed into him from above. Getting up, he came face to face with Yang Xiao Long, Blake's new partner whose arm he sliced off during the Battle of Beacon. After Yang tells a weakened Blake to rest and that she'll hold him off. Adam mockingly tells Blake to indeed stay out of the fight as he and Yang have unfinished business. Staring at each other for a few moments, Adam quickly attacks Yang with all his power, but Yang, having greatly improved since their last encounter, is able to keep up with and land a few devastating blows.

However, Adam's superior training and speed wins and he knocks her back. Noticing Blake and Yang stare at each other in worry, an enraged Adam activates his Semblance, intent on taking her arm yet again. Sending Moonslice at her. Only for Yang to reveal the only damage to be a few cuts on her robotic arm. After Yang tells Adam that this was his last chance to leave peacefully, he briefly considers it before shrugging it off. Asking with a smirk if she believed that or she was just trying to scare him away so she wouldn't die protecting Blake. He then watches in rage as Blake takes Yang's hand and declares that they would protect each other.

In "Seeing Red", Adam mockingly asks Blake that if she knew she couldn't win two-on-one at Haven, then why she would think such a thing had changed now. After Blake coldly told him that she had people who actually cared about her and she couldn't die on them. Adam lamented to Yang that Blake had made a promise to always stick by him, telling Yang to take note on how well Blake had kept that promise. Only for Yang to ask if Blake had made that promise to him, or the person he pretended to be.

Adam then asks Blake if the reason she had abandoned him was because he wasn't good enough for her, with Blake calling him out on knowing that it went further then that. Getting into a fighting stance, Adam then declares that she had made her choice, and he'd made his.

Resuming their fight, Yang and Blake attack Adam, using their teamwork to shatter his defences and land blow after blow on him. Eventually, Adam manages to send Blake flying into a wall, shattering her Aura and forcing her to hang onto the cliff in fear of falling. Now with Yang on her own, Adam arrogantly asks Yang if she believes she's faster than she was at Beacon, causing her PTSD to flare and lower her guard, leading him to note that he didn't think so either.

Adam then proceeded to beat knock Yang around and note that her Aura was running low, unaware Blake was climbing back up. Adam continued his assault on Yang, asking with rage on what Blake saw in her, and how she was just as much as a coward as Blake. Unfortunately, this caused Yang's Semblance to activate, but Adam not noticing, used his Semblance to knock Yang back before slicing at her from the smoke, Only for him to realize with horror that she'd caught his sword with her robotic hand.

After saying "Gotcha", Yang takes his sword and then deals a devastating punch to his gut, sending him flying back into a small crater and shattering his Aura. Adam could only watch as Yang held his sword and mocked that while he was faster, she was smarter. With a smirk, she threw Wilt into the water below, causing a devastated Adam to try and save it in vain, only for Blake to appear from below and kick him in the face.

Both noticing Gambol Shroud's remains between them, they both tried reaching for the blade part. Blake grabbed it first and both with a mighty yell, Blake stabbed him with the sword part in his chest while Yang stabbed him with the katana part in the back.

After Blake and Yang pulled the parts from him. Adam could only walk slowly to the edge of the cliff before dropping to his knees. Looking up at the sky for a few seconds, Adam's eyes rolled over, dead, his corpse falling down the cliff and hitting rocks (sounds of his bones being broken are heard) before slamming into the water below, ending the threat he posed once and for all.

Neopolitan

Neopolitan, also spelled "Neo Politan", is a major antagonist in the American animated webseries RWBY. She is Roman Torchwick's loyal henchwoman and a mute associate of Cinder Fall.

While she does not speak, her noises are provided by Casey Lee Williams, who also provides the singing voice for Weiss Schnee in the same series.

Though much of Neo's past remains a mystery, parts of the song "One Thing" reveal some hints to Neo's past: that she was once an outcast with no home, friends, or family, and that Roman befriended her and gave her her name. Afterward, she stuck with him out of loyalty and felt indebted to him for giving her a life.

In "Painting the Town…", Neo is seen at a gathering of the White Fang, accompanying Roman Torchwick as he addresses the group;

providing them with new weapons his "associates" had acquired for him. She later saves and aids Roman in his escape following his defeat at the hands of Team RWBY.

In "No Brakes", Neo is seen on a train carrying large amounts of explosive cargo, once again aiding Roman. After Team RWBY boards the train, Neo ends up confronting Yang Xiao Long, allowing Weiss Schnee and Blake Belladonna to pass by Neo without consequence. However, after a brief and rather one-sided fight, Neo bests Yang and attempts to kill her via a dagger in her umbrella. However, before she can, Raven Branwen appears, prompting her to flee.

In "Round One", Neo is later seen participating in the Vytal Festival combat tournament. She conceals her identity by changing her appearance drastically: she wears a predominantly black outfit and also changes her hair and eye colors. In the tournament, she competes as part of a team with Emerald Sustrai, Mercury Black and Cinder Fall. The team has no trouble during their first match, in which Neo is seen mercilessly stomping on a hapless opponent.

In "Beginning of the End", after Mercury fakes a broken leg, Neo and Cinder, disguised as paramedics, evacuate Mercury via Air Bus to an unknown location.

In "PvP", Neo invades an Atlas ship and dispatches the guards before freeing Roman from his cell, returning to him his trademark hat and Melodic Cudgel.

In "Battle of Beacon", while aboard an Atlesian Airship, Neo hands Roman a scroll with Cinder's virus on it. Roman plugs it in, infecting all of the AK-200 soldiers with a hostile AI. When Roman hears something crash into the top of the airship, he instructs Neo to find out what it is. Neo nods and leaves the room, heading to the airship's roof.

In "Heroes and Monsters", once she arrives there, she uses her power to change back into her original outfit and report to Roman with a text from her Scroll, before engaging in battle against Ruby. She easily dodges the swings of Crescent Rose and shatters in an illusion, before Roman intervenes in the fight. Together, the two gain the upper hand on Ruby, with Neo landing a roundhouse kick, sending her to the edge of the airship. As Neo slowly walks towards Ruby, dragging her blade and holding her at swordpoint, she is immediately thwarted when Ruby opens her parasol, causing the winds to blow her away from the airship, leaving her at the mercy of the raging winds - and the flying Grimm.

In "The Coming Storm", having tracked Cinder Fall down with help from Little Miss Malachite, Neo has one of her clones ambush Cinder. After their fight leads outside, Neo reveals herself to Cinder, now donning Roman's bowler hat. Neo attacks Cinder and the two fight until Cinder unveils the full extent of her powers as the Fall maiden and convinces Neo to team up with her to get revenge on Ruby.

In "The Grimm Reaper", Cinder and Neo travel back to the Vault of the Spring Maiden where Cinder explains to Neo that Salem doesn't want Ruby dead, but tells her that since she is not an affiliate of Salem, Cinder convinces that Neo can kill Ruby if she takes Cinder to Atlas. Neo ponders on the idea, she shakes Cinder's hand, sealing the deal.

In "Our Way", Neo steals an airship and uses her powers to make it look like an Atlas military ship. Cinder is impressed by her abilities and believes they are a good team, even musing about killing Pyrrha and telling Neo that she still believes in destiny.

In "As Above, So Below", Neo disguises herself as one of Jacques' servers. In the middle of the hallway she sees Ruby and company leaving the premises. Later, during Jacques' arrest, Neo skips away from the estate and back to an apartment complex where Cinder waits. Cinder then asks if she has what she needs, to which Neo silently replies with a smirk.

In "Out in the Open", Neo and Cinder watch Ironwood and Robyn Hill expose the truth via scroll. Cinder vents out at the fact that Watts and Tyrian beat them to Atlas. Cinder then asks if Neo has the whereabouts to Oscar, to which Neo nods. Cinder tasks her to find the boy and to bring back the relic. Neo then shapeshifts into Ruby as a reminder of their agreement, but is chewed out by Cinder. Telling her to get her what she needs, then they can get what they want. Shortly after, Cinder leaves to locate the Winter Maiden.

In "With Friends Like These", Neo, disguised as Oscar spots Jaune, Ren, and Nora and smiles at them, disarmingly. Nora happily runs up to Oscar, about to give him a hug. Just before she can, the real Oscar's voice is heard shouting in protest. Oscar charges at his doppelgänger and sucker punches Neo in the face. She reverts back into Neopolitan. The Relic falls from her hip and is placed back into the possession of Oscar. Jaune, Ren, and Nora tell Oscar who she is, and the five engage in a standoff.

In "The Enemy of Trust", Neo begins to battle against Oscar and Team JNR. Dodging and parrying the various attacks, Oscar and Team JNR eventually gain the upper hand and attack Neo, only for her to shatter into pieces. The Atlas military give chase to the four. While the four are running from the Atlesian military, Nora appears from behind Oscar, and hides him from the oncoming soldiers. Oscar checks his belt for the relic and is attacked by Nora. Nora's eye color changes, revealing her to be Neo in disguise. Neo runs after and attacks Team JNR. Neo retreats from Team JNR, the Atlesian soldiers open fire on them. Now disguised as an Atlas soldier, Neo looks around to see if the coast is clear and walks away, smiling deviously.

On one of the rooftops, Neo presents the Relic of Knowledge to Cinder. Cinder says nothing and snags the Lamp from Neo's grasp. As Cinder is walking away, Neo gives a look of frustration.

## Roman Torchwick

Roman Torchwick is a major antagonist in the American web cartoon series RWBY, as well as its manga prequel/adaptation. He is a notorious criminal in Vale and a member of Cinder's Faction as well as an affiliate of the White Fang.

He was voiced by Gray G. Haddock, who also voices Locus in Red vs. Blue.

Roman Torchwick was said to have been detained by the Vale Police Department for reasons unknown. Despite being unspecified whether or not he's been imprisoned or convicted in the past, he has nonetheless gained a huge notoriety among the citizens and authorities at Vale as a master criminal and has continued to evade capture for quite some time. Some point later, Roman is approached and recruited by Cinder Fall at the recommendation of Mercury Black to assist her faction in their plans.

In the "Yellow" Trailer, Roman is seen at The Club talking to Junior and paying him for the use of some of his henchmen for Dust robberies, but then leaves before the ensuing fight.

In "Ruby Rose", Roman walks across the streets of Vale with some of Junior's henchmen, intimidating onlookers and bystanders. He then enters the Dust store, From Dust Till Dawn, and he and his goons proceed to start robbing the store of all its Dust. However, when Ruby Rose begins foiling his heist and defeating his henchmen, Roman retreats to a nearby rooftop to be picked up in a Bullhead by Cinder Fall.

He then attempts to kill Ruby by throwing an explosive Dust crystal at her feet and shooting it with Melodic Cudgel; but Glynda Goodwitch appears and blocks the explosion before assaulting the Bullhead. Roman runs to the cockpit to inform Cinder about the Huntress, taking control of the ship as Cinder leaves to engage Glynda in battle. Despite Glynda's efforts, both Roman and Cinder make a successful getaway.

In "Players and Pieces", Roman is seen inside his secret warehouse on a phone call with Cinder before hanging it up in frustration as a White Fang member comes into the room carrying a supply crate. Roman pays the man before asking him to open it, revealing the contents to be Dust crystals. He picks one up and inspects it before looking up and stating "We're going to need more men."

In "Black and White", Roman arrives at the Vale Port along with members of the White Fang to steal crates of Dust from the Schnee Dust Company. His theft, however, is interrupted when Blake Belladonna holds Gambol Shroud to his neck and demands to know why the White Fang are aiding him. Roman reveals that he and the White Fang are going on a "joint business venture", before multiple Bullheads arrive with more troops to assist him. Using this distraction, Roman fired a shot from Melodic Cudgel to blast Blake away before engaging both her and Sun Wukong in combat.

Roman almost manages to defeat the pair when Ruby appears and catches Roman's attention. When Penny appears as well, Roman shoots a distracted Ruby down and proceeds to start laughing. However, an angered Penny begins assaulting his men and destroying his Bullheads, leaving the operation a failure and forcing Roman to flee once again.

In the post-credits scene, Roman returns to his warehouse and reviews the ruined heist until he is surprised by the arrival of Cinder and her associates Emerald and Mercury. Cinder expresses disappointment at Roman's failure, to which he complains to her about being paired with the "mutts" from the White Fang. Cinder tells him he will continue to cooperate with them nonetheless, stating that she and her associates have "big plans" for him.

In the manga set between Volumes 1 and 2, Roman Torchwick and the White Fang go searching for a base of operations and eventually happen upon the abandoned Mountain Glenn. They manage to sneak in and decide to use it, but not before they are attacked by a mysterious Tentacle Grimm that Roman chases away with his cane. As he and the White Fang are leaving Mountain Glenn to recoup, their Bullhead is suddenly shot down by a patrolling Penny Pollendina, who is surveying the area for the Atlas Military. Roman and the crew survive unharmed and escape, with Roman making his plans to move operations there and vowing to hurt Ruby Rose.

In "Best Day Ever", Emerald and Mercury reunite with Roman at his secret warehouse and he comments that Cinder sent the kids again and how it was like the divorce as he rubs their heads. Emerald dislikes the idea of him even having children, but Roman clarifies it was a joke and only approached them to take a piece of paper out of her pocket. After seeing the address, he asks why they had it and Mercury says they were cleaning up his problems. He claims that he had everything under control and begins to threaten them, but retracts his threat when Cinder appears.

Roman tries to explain to Cinder that he was planning on killing Tukson, but has been busy stealing all the Dust in the entire kingdom. Mercury berates him as a common crook, but Roman rebuffs this by saying that he had the city running scared; with police on every corner, Dust prices increasing and the warehouse being full of their spoils. However, Roman questions what their "grand master plan" is so future jobs will be much easier, but Cinder intimidates him into dropping the subject and then informs him Dust no longer mattered as the first phase of the plan was over and they were moving on to the second.

Before she leaves with her associates, Cinder orders Roman to have the White Fang move the stolen Dust to a new location that she will inform him of later. Frustrated, Roman grabs a cigar and puts it into his mouth, but has trouble finding his lighter until he hears it click and sees Emerald holding it, sticking her tongue out at him as she leaves.

In "Painting the Town…", Roman is seen addressing several members of the White Fang, including it's new recruits, telling them about their common enemies and in what ways he can help them take what is rightfully theirs, showing off an Atlesian Paladin-290 as an example. He then spots Blake and Sun in the midst of the crowd and chases after them in the robot throughout the town and highway, where he confronts Team RWBY. After a lengthy battle, Roman is defeated by the four girls, as Yang herself destroys the Paladin. When Yang fires a shot at him, Neopolitan jumps to his defense, and he then bids farewell to the team and escapes with his associate on a Bullhead.

In "Mountain Glenn", Roman is seen along with the White Fang beneath the caves of Mountain Glenn, using the stolen Dust to power explosives and loading them onto a train. When Ruby falls into a cave at Mountain Glenn and is knocked out by two White Fang members, she is brought before Roman, who interrogates Ruby on how she found them.

In "No Brakes", when Team RWBY arrives with Doctor Oobleck, Ruby takes the opportunity to escape. Angered, Roman orders the White Fang to kill Ruby, and he fires as well, but misses every shot. Roman commands the White Fang to start the train earlier than planned, escaping on it as it departs. Roman then has the White Fang detach the carts full of explosives, letting them detonate throughout the cave's tunnels and create breaches that will allow the

Grimm to enter Vale and wreak havoc.

When Team RWBY gives chase and boards the train, Roman sends more White Fang troops to kill them, along with Neopolitan and the White Fang Lieutenant. Roman is later confronted by Blake and engages her in combat, but loses due to Blake's elemental clones, granted to her by Weiss' dust cartridge. Defeated, Roman taunts and attempts to persuade Blake to join him, telling her she can't make people forget who she is and what she's done. Blake ignores this and refuses to join him, and Roman is knocked out by the Faunus.

In "Breach", Roman is later found and arrested by Atlas troops following the Grimm attack on Vale. While in his cell on an Atlesian Airship, he is visited by James Ironwood, who talks on how Roman refuses to reveal who he's working for. Ironwood then informs Roman that the council has granted him custody over the criminal for as long as he sees fit, but Roman simply laughs and remarks on how it will be fun.

In "PvP", Roman is seen being broken out of his cell by Neo, who returns his hat and Melodic Cudgel. He then takes the opportunity to hijack the Atlesian Airship and destroy the other ones nearby, declaring that "It is good to be back!"

In "Battle of Beacon", Roman is seen pressing buttons on a control panel to see what they do. The first one sets off an explosion of some sort, and the second deploys a squadron of AK-200 soldiers. Neo gives him a scroll with Cinder's virus on it, and he plugs it into a port on the panel. It infects every AK-200 with hostile AI, turning them against the Huntsmen fighting against Grimm at Beacon and in Vale. He hears something impact the roof of the airship, and he instructs Neo to find out the cause.

In "Heroes and Monsters", once Neo reports that Ruby is on the top, Roman immediately heads to the roof, where he assists Neo in gaining the upper hand against Ruby. As Roman and Neo fight Ruby on top of the airship swarming with Grimm, Ruby asks Roman what he has to gain from letting the Grimm destroy Beacon and Vale, to which he replies that it's not about personal gain but rather that he can't afford to lose. He explains that his employers are going to change the world and that neither she nor him can stop them, which means the next best thing is to join them.

During their struggle, Ruby manages to open Neo's umbrella, sending her flying off the airship, and tells Roman that she will stop both them and him. Angered, Roman knocks Ruby to the ground and starts beating her with Melodic Cudgel as he tells her how cold and cruel the real world is and that she can die like all Huntsmen before her while he will continue to survive. However, a passing Griffon attacks and devours him alive, before it's promptly kicked by Ruby into the hull of the now-disabled airship; causing it to crash into the ground in a massive explosion.

In Volume 4, Ruby and Team RNJR are confronted by Tyrian Callows and Ruby asks why he's there. She asks if Tyrian was there due to Roman, but Tyrian laughs him off as a pawn. Sometime after the Fall of Beacon, Neo found Roman's hat and continues to wear it as a sign of remembrance. When Neo ran into Cinder again in Volume 6, she attacked her and blamed Cinder for causing Roman's death, but was convinced that Ruby was responsible and the two joined forces again to kill her.

---

We gasped in shock and horror!

Me: These guys are crazy!

Yang: But our friend Emerald was forced to join Salem's faction against her will.

Me: Then we have to free her. But this Tyrian guy looks like he's really dangerous.

Jaune: He is. He is what I call Psychotic Incarnate and wants nothing more than to see all of the world of Remnant burn.

We gasped.

Me: This guy is incredibly fucked up!

Girl Jordan: And I thought Cletus Kasady was dangerous!

Me: So we're going to kill Salem, Adam, Tyrian, Cinder and Mercury and throw the rest into prison.

Nico: This is gonna be a big battle.

Laney: No kidding.

Me: These guys deserve to be sent off to Hell for all eternity.

Lisa Loud: We have arrived at our destination.

Nico: Oh screen.

We saw the planet Remnant and it had a moon that was shattered.

Me: So that's the planet Remnant.

Laney: It's beautiful.

Lola: It sure is.

Nico: But it's full of evil. Lets land in Atlas.

We landed and we saw that the entire city of Atlas was under siege from the Grimms!

Me: The city is under siege!

Nico: It sure is. Lets get those monsters!

We flew at the Grimms and slashed and blasted them all over and we got massive negative energy power increases.

Skyla: Whoa! So that is what a negative energy power increase feels like.

Ruby: Yeah! I feel stronger and more powerful than ever before.

Weiss: Same here! Awesome!

Yang: We need to speak to Ironwood.

Nico: Okay.

?: Hold it!

We saw Harriett and she had many of men with her.

Ruby Rose: Harriet!

Electro: Let's not make this into a fight, Harriet. We need to speak to Ironwood.

Harriet: Sorry, Ironwood's not taking appointments. And you all have sided with those criminals.

Shiv, Electro, Robo Blaze, Firefly, and Snake stood ready.

Nico: Stand down guys. They are our frenemies and Ruby and her friends came here to help you guys.

Me: That's right. They are telling the truth.

Harriet: Wow! J.D. Knudson and all of Team Loud Phoenix Storm! It's an honor.

Me: Same here.

Ironwood then came.

Ironwood: It's an honor to meet you J.D.

Me: Same here. Nico is leading this mission we're on.

Ironwood: Qrow? How did you and the kids- (sighs) It doesn't matter. We need your help. Salem's forces have overrun Atlas.

Jaune: Oh, so now you want our help? That's actually pretty funny!

Elm: Hey, we don't appreciate the sarcasm! You guys left when Salem showed up. I know we were ordered to arrest you but-

Winter: This isn't the time for that now. What matters is stopping Salem.

Me: That's right and they didn't leave by choice. They got sucked into a dimensional wormhole that took them to Earth. We found them and helped them regain their fighting potential. And we came to help you all kill Salem.

Nico: It's true.

Ironhide: I see.

Lana: Something is happening to the ship!

We saw the superlaser power up.

Lola: Wait. We didn't order the superlaser to fire.

Nico: Oh shit! Someone must be taking control of the superlaser!

Nico teleported back into the ship and disabled it.

Me: Whew! Nice save.

Then Nico came back.

Nico: So, you ready to work together with us again?

Ironwood: Yes. (to Ruby) And I owe you an apology. You, your friends, and Qrow were focused on stopping Salem while I let my fear of her cloud my judgement. I only hope it's not too late to work together.

Ruby: It's never too late. Now lets go take that bitch down.

Nico: With pleasure. J.D. can you sense where Salem is?

Me: I'll try.

I concentrated and found her dark castle 500 miles away to the south.

Me: It's 500 miles that way.

Nico: Lets do it.

Mysterio: I can have us appear in the entrance I usually make.

Nico: Okay. And just so you all know, we're all on the same side and we are after Salem just as much as you are.

Mysterio hid us under his illusion.

---

Inside Salem's dark fortress of darkness, Salem was wondering what Ruby and her friends were doing.

Salem: Soon those brats will be dead and I will forever reign surpreme.

But then Mysterio appeared.

Salem: Quentin Beck. A pleasure to meet you here.

Mysterio: The feeling isn't mutual. Besides, I have a few friends that are coming through this smoke of mine.

A cloud of smoke then appeared and suddenly…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out of the cloud of smoke and energy blasts fired at some of Salem's henchmen and skewered them and blew them to pieces and killed them.

We all came out of the explosion and we were ready to fight.

Salem: The famous Team Loud Phoenix Storm. I didn't expect you all to be here.

Me: The feeling is mutual.

Cinder: Well, if it isn't the leader of Team Loud Phoenix Storm.

Mercury: Only, you're not in charge anymore, are you?

Adam Taurus: You only have yourself to blame. If it wasn't for your vigilante complex, then maybe, you would still be in charge.

Hazel: I know that you're under a lot of pressure, J.D. But surrender now and I promise your death will be painless.

Tyrian: Screw that! I want him to suffer!

Me: (Smirks) Fuck you clods!

They gasped in shock and that shock turned into rage.

Salem: Emerald, if you would?

Emerald gave us an apologetic look before using her Semblance to show you an illusion of Nico.

Illusion Nico: That stupid J.D. He doesn't deserve to be leader. When he least expects it, I'm getting rid of him for good!

Me: Ha! Nice try Salem.

I opened my eyes and revealed that I had my Sharingan activated.

Me: Your illusion was pathetic and my will is too strong to fall for garbage like that.

Nico: I would never turn against J.D. like that. It's time for you all to die! Lets Power Up!

Dark Spicer: Here's your warning…

Maxxor: By the authority fo the Tribal Alliance…

Tommy Oliver: It's Morphing Time!

Dark Spicer: YOUR FUCKING ASSES ARE ABOUT TO BE FUCKING KICKED!

***KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so massive, so powerful and so devastating that it shook the entirety of the planet Remnant to the core. When the smoke cleared, Salem was badly hurt and weakened.

Nico: I've had it with you Salem!

(Goku's Spirit Bomb Theme Plays.)

Nico lifted his arms into the air.

Salem: What the?

Nico: EVERYONE SHARE YOUR ENERGY WITH ME!

Nico was gonna use the Spirit Bomb!

Me: The Spirit Bomb!

We all held up our hands and channeled our energy and Nico had a massive and super powerful Spirit Bomb as big as the planet Jupiter ready and it was a massive and super powerful ball of energy.

Nico: Almost ready! Use your combos and Final Smashes and I'll finish her.

Hook: You got it boss!

Chef Pepper Jack: Lets do it!

Hook and Chef Pepper Jack used the Earth Cyber Planet Key and they enhanced Hook's rocket launcher and Chef Pepper Jack's fire powers 100-fold.

Brock and Ratchet used the Earth and Autobot Cyber Planet Keys. They enhanced Brock's earth powers and Pokemon's abilities 100-fold and Ratchet's Photon Blaster 100-fold.

R.J.: WOLF BEAM!

Dominic: RHINO BLAST!

They fired massive blasts of energy and they slammed into Salem and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Salem! For all the crimes you have done on this planet and more, you will now pay the ultimate price. UNIVERSAL POWER SPIRIT BOMB!

Nico then threw the massive Spirit Bomb at Salem and for the first time in years, Salem felt an emotion she never faced before: FEAR! She tried to hold it back with all her power!

Nico: This is the end of the road for you Salem! It's an absolute shame. When Oscar Pine first met you when he was once Ozma he knew that there was good in you. You were a beautiful woman who was trapped in a tower and Ozma saved you and you two fell in love and you were perfect for each other. But then Ozma became ill and he died and you did everything you could to bring him back and you even went to the Land of Darkness and brought him back. But in doing so you paid the price and became cursed with immortality and throughout the millennia you saw everyone around you die as the eons passed and became forever alone. An eternity where there is nothing but you. Then you became different and sought out a way to punish all of Remnant for its crimes and you dove into the pool of darkness and became a completely different person! And the Darkness forever destroyed the light. You then became a ruthless and manipulative monster and you became a living nightmare to this world. You brought nothing but darkness, chaos, evil, death, destruction, pain and suffering and you delighted in every second and moment of it. You didn't even show a single shred of remorse, mercy or decency. That's why it has to end like this for you Salem! You are now gonna learn the hard way and know what it feels like to have YOUR life taken away against YOUR will! It's wrong! But maybe you will come back to this world someday as a better person I hope. I think Ruby and her friends would love you as a friend and they would love having you as a sister. I'm sure they would like that. But until then…

Salem could only watch as Nico was going to destroy her forever.

Nico: (Salutes) Adios. R.W.B.Y. will be waiting for you Salem!

The Spirit Bomb powered up even more!

Me: NICO!

Vegeta: BOKRUA!

May: NICO!

Goku: NICO!

Everyone appeared in a glass shatter screen with all our faces in it.

Everyone: DO IT!

Nico:
HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

The Spirit Bomb grew in Power and Salem screamed in pain as she was completely obliterated and destroyed forever!

The Spirit Bomb then flew out into space and exploded.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Spirit Bomb was gone and Salem was gone too!

Laney: Whoa!

Ruby Rose: Is it over?

Me: Yes! Salem's energy Signal has completely disappeared. It's over!

We cheered wildly!

R.W.B.Y. and J.N.P.R. and everyone hugged each other.

Nico then fell to the ground slowly and he was exhausted.

Nico: (Exhausted) It's finally over.

Blake: It sure is.

Weiss: Good riddance.

The spirits of Salem's followers then appeared.

Me: You 4 are never gonna be welcome here. Enjoy your one way trip to the Warp. HAKAI!

Adam, Mercury, Tyrian and Cinder Fall then were completely obliterated in an instant and were forever banished to the Warp for all eternity.

Robo Blaze: (to Ruby) I'm glad you and your friends regained your will to fight.

Ruby: And it's all thanks to you guys.

Snake: Dudes, there's still a lot of cleaning up to do in Remnant.

Me: Yep. But there are more villains here and we'll either destroy them all or send them to prison.

Weiss: We're not worried. We'll take it one step at a time.

Dark Laser: I guess that's fair. Now, you girls wants to see how a party's done on Earth?

Yang: You bet!

Me: Lets go home!

---

Back on Earth we had an awesome party.

Eddy was swooning Luan as he was singing My Heart Will Go On by Celine Dion and Duncan, Hook and Ratchet were helping him..

Eddy: (Singing Divinely)

Every night in my dreams

I see you, I feel you

That is how I know you go on

Far across the distance

And spaces between us

You have come to show you go on

Near, far, wherever you are

I believe that the heart does go on

Once more you open the door

And you're here in my heart

And my heart will go on and on

Love can touch us one time

And last for a lifetime

And never let go 'til we're gone

Love was when I loved you

One true time I'd hold to

In my life we'll always go on

Near, far, wherever you are

I believe that the heart does go on

Once more you open the door

And you're here in my heart

And my heart will go on and on

You're here, there's nothing I fear

And I know that my heart will go on

We'll stay forever this way

You are safe in my heart and

My heart will go on and on

We cheered for Eddy and Luan was in tears.

Luan: Eddy that was so beautiful!

They hugged and kissed.

Everyone: Aww.

It was an awesome party.

Ruby Rose: (To the viewers) We have now seen the last of Salem and we have so much cleaning up to do on Remnant. But our adventures are not over yet.

Me: But we'll gladly help you all.

Yang: Thanks J.D.

Me: You're welcome.

Doctor Watts, Hazel Rainart, Roman Torchwick and Neopolitan were all found guilty of their crimes and were sentenced to spend eternity in the Neptune Prison. Emerald is now in the Redemption Squad.

THE END

---

Another awesome Fanfic done.

R.W.B.Y. was an awesome show! It was absolutely intense how the whole story went down and more. But it was absolutely unforgivable that Salem would turn into a monster of pure evil personified times 100. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12 and XP4Universe gave me the ideas for this. Thanks guys. This was one of the most explosive adventures we've ever had. Next up is an awesome action packed adventure in which Nico goes on a solo adventure to take on Frieza and make that ruthless tyrant pay for killing the entire Saiyan Race and it's going to be an incredible battle as he avenges the Saiyans.

See you all tomorrow.

# Nico Chan - Saiyan Avenger

Over by the lake in the estate we were there to have the R.W.B.Y. Girls know what it's like to be half-shark. The girls were wearing old throwaway dresses.

Ruby Rose: So how did some of you guys turn into half-shark or any other creature?

John Bolton: We got that way because of mad scientists.

Me: Yeah these guys were really playing with fire and really messing around with the laws of Mother Nature. They ruined so many lives destroyed their humanity and in the end they paid the price either by us having to kill them or throw them in prison for all eternity.

Nico: Yeah and they deserve to spend every second of the rest of their miserable lives rotting in prison or burning in the fire of Hell for all eternity.

Weiss: Good riddance.

Lana: Exactly.

Trudy Bolton: Yeah.

John Bolton: We call the people that were spliced by those scientists Gene-Slammers.

Blake: Wow. I see.

Me: Now you girls are gonna be awesome half-sharks only for 15 minutes. But it's gonna really hurt and you'll rip out of your clothes just so you know. That's why we let use these throwaway dresses you have on.

Yang: I see.

Ruby Rose: This is gonna be really fun!

Clint Bolton: Well don't get used to it though.

Coup Bolton: Yeah it wasn't fun for us even though we got great power.

Me: But anyway you ready girls?

They nodded.

Me: Okay. Here we go.

I snapped my fingers and the girls of R.W.B.Y. doubled over in excruciating pain.

Weiss: (groans) I'm feeling an intense pressure in my head!

Ruby's skin turned dark blue and her muscles grew and she had her hair and teeth fall out as her head grew. Her teeth were replaced with razor sharp teeth and a fin grew out of her back and she ripped out of her red dress and she was only in her red bra and underwear. The same things happened to Weiss, Blake and Yang. Weiss had a white bra and underwear, Blake's were black and Yang's were yellow. Ruby was now half Great White Shark, Weiss was now half Hammerhead, Blake was now half Tiger Shark and Yang was now half Whale Shark.

Blake: Wh-What are we?!

Me: You girls are now half shark.

I showed them a mirror and they saw what they looked like and they were shocked!

John Bolton: It's all right girls. Me and my siblings didn't like what we turned into either.

Me: But this is only temporary. You'll be back to normal in 14 minutes.

Yang: Good but we look awesome!

They agreed.

?: I figured I would find you here.

We turned and I saw an old enemy of my past that I thought I would never see again. It was Lynn's Middle School Teacher and my old abusive Kindergarten Teacher, Mr. Bolhofner!

Lynn: Mr. Bolhofner?

Me: Bolhofner! Mr. Russ Bolhofner.

I went up to him.

Bolhofner: Well well. If it isn't James Dean Knudson. My old student.

Me: I was never your student to begin with Bolhofner, but you have a lot of nerve showing up here especially after everything you have done to me when I was in Colorado!

Nico: I take it you have a bad history with him?

Me: Oh that's right you guys don't know about this. It was years ago when I was in kindergarten.

---

Me: (Narrating) **My kindergarten teacher was out sick with the flu for the week back then when I was six and our substitute teacher was Mr. Russ Bolhofner. He was the meanest and most evil teacher ever known. He was a soldier in the military and they gave him a major league bad nickname: Rotten Egg Bolhofner. His favorite target back then was me and he made that one week at my school a living nightmare. For 5 agonizing days he would give me incredibly terrible injuries and do mean things like shove my head in the toilet, wedgie me, slash me, punch me, kick me, and so much more. I tried going to the Principal to tell him but they didn't believe me. Even my parents didn't believe me. So I decided to get him arrested by wearing a hidden camera. The police came as he was beating me up and arrested him for assault, battery, child abuse and attempted murder. He got 15 to 30 years in prison with no possibility of parole for 12 years for his crimes. And he was ordered to pay $75,000,000 in restitution to me.**

Everything I said happened in the flashback.

FLASHBACK ENDS

Me: Bolhofner was the first ever criminal I busted.

Everyone gasped and the looks on their faces turned into ones of pure hatred and rage.

Nico: YOU HEARTLESS FUCKUP!

Bolhofner: J.D. is a worthless punk! He makes me sick looking at him! I vowed to get my revenge on him when I got out of prison! I will kill him if it's the last thing I ever do!

POW!

I punched him in the face and knocked him down. He got up.

Me: I will never forgive you for hurting me!

Lord Drakkon then appeared.

Lord Drakkon: (punches Bolhofner) You made a grave error bullying J.D. Which is weird because he usually doesn't let people bully him.

Me: I didn't know he was a bully back then Drakkon and also no one ever asked me about this.

Lord Drakkon: I see.

Matilda Honey and Lisa Simpson then put their hands on my back.

Lisa Simpson: I know how you feel J.D. Ms. Cantwell hates my guts as you know.

Me: I know that Lisa.

Matilda Honey: Same with me and the Trunchbull.

Me: I remember.

Eddy: Maybe you girls can kill Bolholfner while you're still sharks.

Ruby Rose: Gladly.

Me: Show no mercy.

They went at him and ripped him to pieces and killed him.

Me: Good riddance. (Locks at watch) Oh and just in time too. 30 seconds left.

Yang: This was really fun.

Ruby Rose: It sure was.

Me: Boys cover your eyes. 3… 2… 1… 0.

Me and the boys covered our eyes and the girls then doubled over in pain again and they were reverting back. They got their skin, hair and teeth back and were human again.

Maria, Teresa and Leni gave them their clothes.

Weiss: Thanks Leni.

The girls put their clothes on.

Ruby Rose: That was awesome!

Lana: Here's your arm back Yang.

Yang: Thanks Lana.

Yang put it back on.

Then the 4 girls belched.

BBBBUUUUUUUUUUUUUUUUUUUUUUUUURRRRRPPPPPPPPP!

Weiss: Whoa! Excuse me!

Yang: Pardon me.

Blake: Sorry.

Ruby Rose: Yeah.

Lincoln: Can you girls tell me what you each like about me?

Ruby: Well Lincoln you are a very smart boy.

Weiss: You have an amazingly good heart.

Blake: You love your family and they all love you.

Yang: And you are very brave and courageous when facing your enemies.

Everyone: Aww.

Nico: So cute.

We laughed.

But then all 4 girls hugged Lincoln and cried hard. They were grief-stricken and hugging Lincoln and were crying with happiness, sadness, and grief because of everything they went theough because of Salem.

Lincoln was comforting them.

We then had a great time by the lake.

* * *

Later we were in the Simulator and it was gonna be an interesting battle.

Nico: Guys, for this simulator adventure, I'd like to take May and Maria with me.

Maria: Cool!

May: Awesome!

Nikiya: Can me and Skyla come too?

Nico: Sure.

Skyla: Awesome! Lets do it!

Nikiya: So what are we gonna do Nico?

Nico: We're going to do a battle where we destroy Frieza and all his Forces.

Goku: Oh wow! Go get him!

Nico: Gladly Kakarot.

Vegeta: Show no mercy on that monster that destroyed our people.

Nico: With pleasure my prince.

Nico, May, Maria, Nikiya and Skyla went into the Simulator and it activated and they found themselves on the planet Namek.

Nico: So this is the planet Namek. Nice place and loaded with islands.

Nikiya: It sure is pretty.

Skyla: Yeah.

Nico: But I sense a lot of strong energy signals. The weakest one is (Points southwest) that way.

Skyla: (to Maria) Since you three are similar to Sora, Kairi, and Riku, you three should face Frieza.

Maria: Thanks Skyla.

They flew to the southwest and they found DODORIA!

---

Dodoria is one of Frieza's henchmen, and his second strongest commander. He is pink, spiked, fat, and ugly with his apperance matching his personality.

He was voiced by John Swasey.

Dodoria and Zarbon accompanied Frieza to Planet Namek during Freeza's quest to find the seven Dragon Balls and wish for immortality. Unlike Zarbon's, his newer scouter did not break at Vegeta's power level. On the fifth Namek village Frieza invaded, three Namekian warriors disposed of most of Frieza's henchmen, so Dodoria stepped up to fight them. Before he could, the village elder Moori, destroyed Dodoria's scouter along with any other scouters, so that Frieza could not find the Dragon Balls. Dodoria angrily went after Moori to rip him to pieces in revenge, but Frieza ordered him to kill the young three Nameks first. After easily defeating them, Dodoria killed one of the Namek boys Cargo with a breath blast over Moori's shoulder (anime only).

After beating Moori to near death before snapping his neck, Dodoria tried to kill Dende, the other Namek boy, but Son Gohan and Kuririn attacked him and escaped with Dende. Dodoria chased after them, but was eventually stalled when Kuririn used Taiyoken to temporarily blind him. Dodoria blasted the area once regaining his eyesight, and, thinking he had killed them (when in reality they avoided the blast), Dodoria attempted to get back to Frieza.

However, he was attacked by Vegeta. They fought, and soon it was clear Vegeta had the advantage, so Dodoria bargained for his release by telling Vegeta a secret about his home planet, Planet Vegeta: that it was destroyed by Frieza and not a meteor. Vegeta did not keep his end of the bargain, and as Dodoria tried to escape, Vegeta destroyed him with an energy wave.

The reason Dodoria stands out despite his few appearences is his sadism. Unlike Zarbon, Dodoria, despite showing some limits to his cruelty, is almost as evil as Frieza himself. He clearly shows little regard for those he killed, and gets easily flustered when someone overpowers him. Therefore, this proves that Dodoria is nothing more than a bully who preys on the weak while being fearful of the few in the universe that are stronger than him. As Vegeta said, he is also a coward who revels in making those weaker than him suffer, but will plead whenever someone does the same to him.

---

Nico: Dodoria. So we meet at last.

Dodoria: And who might you be?

Nico: You don't know about me but my name is Nico and I'm a Saiyan.

Dodoria: What!? But that's impossible! I thought all the Saiyan's besides Vegeta were destroyed by Lord Frieza.

Nico: Looks like he missed a couple. I'm one of them. My Saiyan name is Bokrua.

Dodoria: Well lets see how strong you are.

Nico: You won't be happy with the result.

May: I'll face him.

Nico: Be my guest honey.

May: Thank you.

May then went at Dodoria and punched him in the face and kicked him in the stomach and kneed him in the face and teleported and kicked him in the back of the head and knocked him down and he crashed into the ground. May then fired a wave of energy and it slammed into Dodoria and completely obliterated him in an instant!

Nico: Good riddance to Dodoria.

May: Yeah.

Nikiya: So much for Frieza's Thuggish brute.

Skyla: Good riddance.

Nico: We are not done yet. Lets go.

They went to the west and found Frieza's 2nd in Command, ZARBON!

---

Zarbon is a high ranking PTO commander and Frieza's right-hand man. He is an antagonist in Dragon Ball Z and Dragon Ball Z Kai series. In contrast to Dodoria, he is quite handsome, with blue skin, long green hair, and customized armor. He can transform into a stronger, yet extremely hideous form.

Zarbon was a member of Frieza's elite warriors. He and Dodoria witnessed Frieza destroying Planet Vegeta with delight.

Zarbon and Dodoria accompanied Frieza to Planet Namek to find the seven Dragon Balls. Zarbon's scouter was broken from Vegeta's power level as he battled Cui. At the fifth Namekian village they attacked, Zarbon killed two of the three oldest Nameks there, as well as one of Frieza's henchmen; when one of the stronger Nameks knocked the soldier toward Zarbon, he kicked him into the lake.

After Dodoria was separated from them by Krillin and Son Gohan, and killed by Vegeta, Frieza returned to his spaceship. Zarbon set out in search of Namek villages and Dragon Balls, with a few henchmen like Appule also searching for villages.

Zarbon soon encountered Vegeta, and fought him. Zarbon was initially at a disadvantage, but transformed into his monstrous form and defeated Vegeta, knocking him into the water. Resuming his original form, Zarbon returned to Frieza, who was furious that Zarbon did not make sure Vegeta was dead. Upon finding out from another of his henchmen that Vegeta attacked a Namek village and hid a Dragon Ball, Frieza sent Zarbon to bring Vegeta to him and make him say where the Dragon Ball was.

Zarbon brought Vegeta back and put him in the rejuvenation tank. However, while Zarbon was out of the room, Vegeta finished his recovery, broke free and killed Appule before stealing Frieza's five Dragon Balls. Enraged, Frieza gave Zarbon one hour to find Vegeta and the Dragon Balls or he will kill him.

Zarbon soon found Vegeta, and Krillin with Guru's Dragon Ball, and followed them to Bulma's cave where he fought Vegeta again. Though he transformed again, Zarbon was at a disadvantage to Vegeta this time despite landing a few good hits. When Zarbon demanded to know why this was, the Saiyan prince revealed a Saiyan's ability to dramatically increase their power after they are badly hurt. After several minute long fight, Vegeta brutally slammed his fist clean through Zarbon's stomach. Zarbon begged Vegeta to spare his life saying he was only following orders, but Vegeta ruthlessly killed him with an energy wave through the chest, sending him flying into the Namekian sea to a watery grave.

---

Zarbon: Well who do we have here?

Nico: You must be Zarbon. Vegeta told me so much about you.

Zarbon: That's right. And you are?

Nico: My name is Nico Chan. I'm a Saiyan from Earth.

Zarbon: What!? You can't be a Saiyan. They were all destroyed.

Nico: Frieza missed a couple of them.

Nikiya: I too am a Saiyan. My name is Nikiya.

Maria: I'll face this guy.

Nico: Go get him Maria.

Maria: With pleasure.

Maria then flared up her aura and went at Zarbon and kicked him in the face and kneed him in the stomach and Maria flipped over him and kicked him in the back of the head.

Zarbon backed away.

Maria: Got to admit you are a handsome guy. It's a shame we have to fight.

Zarbon: Why thank you. But I'm afraid this is the beginning. Ever hear the old saying beauty is only skin deep? Well, right now, all you can see is the beauty.

But then Zarbon transformed into a bulky beast-like behemoth!

Zarbon: As I said, you only saw the beauty side of me before. Now with great pleasure, I introduce you to the BEAST!

Maria: Impressive. Lets dance.

Maria then powered up and kicked him in the face and then she punched him all the way through his stomach and out his back!

She pulled her fist out and blasted him with a powerful energy blast and completely obliterated him.

Maria: Good riddance.

Nico: And we also got Zarbon and Dodoria's powers as well.

May then sensed something.

May: Uh oh. 5 strong energy signals coming fast.

Nikiya: Frieza called in the Ginyu Force.

Nico: Then we'll be ready for them.

Nikiya: (to Nico. May, and Maria) Go! We'll handle these guys!

Nico: No we're all in this together Nikiya.

We'll take them down individually.

Skyla: Good idea.

The Ginyu Force then landed and they went over and they were facing THE GINYU FORCE!

* * *

Burter

Burter (or Butta in several dubs) is one of the Ginyu Special Force who work for Frieza and a supporting antagonist in the Namek Saga. He has blue skin and red eyes. He is the biggest of the Ginyu Force, and also the fastest, possessing incredible super speed that can make others look like they are moving in slow motion. He and

Jeice often fight together.

Burter retrieved a Dragon Ball that Vegeta tried to throw away to prevent Freeza getting it. While watching the fight between Guldo and Kuririn and Son Gohan, Burter bet with Recoome on the outcome, betting a chocolate nut bar that Guldo would take more than a few minutes. Time elapsed and Butta won the candy.

After Son Goku arrived on Namek and knocked out Recoome, Burter and Jeice fought Goku, but were unable to do anything to him. Goku proved faster than Burter in the battle, and eventually kicked him away and slammed him down toward the ground, then caught him from below as he was about to hit the ground, knocking him out. After Jeice ran off, Vegeta killed Butta by stomping on his neck with his knee.

After his death, Burter appeared alongside Recoome, Jeice, and Guldo, where Kaio invited them over to his planet to see if Yamcha, Tenshinhan, and Chaozu could defeat them, and they attempted to take it over. Burter and Jeice fought Tien, who gained the advantage against them and defeated them; as they attempted to use the Purple Comet Attack, he sent them into Hell.

In the Great Saiyaman Saga, Burter and several other dead villains - Frieza, King Cold, Cell, Recoome, Jeice, and Guldo - attempted to cause trouble in Hell, but Goku defeated him by kneeing him in the stomach, sending him falling into the Bloody Pond with the other dead Ginyu members. Later he, along with Recoome, Jeice, Guldo, and Cell, were thrown onto a mountain of spikes by Pikkon, and was locked up with them.

He was last seen in the Kid Buu Saga, alongside several ogres and dead villains watching the battle between Goku and Kid Buu.

Recoome

Reacoom (also known as Recoome in the Funimation dub) is one of the Ginyu Special Force who work for Frieza and an antagonist in the Namek Saga. He is the biggest (and second tallest), with a humanoid appearance and red hair. He is often speculated to be the second strongest after Captain Ginyu. Despite his seemingly goofy attitude, Recoome is actually quite intelligent, not to mention extremely sadistic. He might also be the evilest out of all the members even though it isn't clear.

He was voiced by Christopher R. Sabat, who also voiced Piccolo and Vegeta.

When the Ginyu Special Force was called to Namek to take the Dragon Balls back from Vegeta, Recoome, Burter, Jeice, and Guldo did rock-paper-scissors to determine who gets to fight Vegeta. Reacoom won, but decided to let Gurd fight Krillin and Son Gohan first. During the fight, Recoome bet with Burter that Guldo was going to win in a few minutes, staking a chocolate nut bar. Time elapsed and Recoome gave Burter the chocolate bar.

After Vegeta killed Guldo, Recoome fought him. He initially appeared at a disadvantage, with Vegeta, when he lost his armor, and later a part of his hair, but Recoome beat Vegeta up so bad that Krillin and Gohan were forced to step in, saving Vegeta from Recoome's Eraser Gun.

Recoome nearly killed Krillin with one kick and fought Gohan, beating him up. That said, because Recoome was injured from the pervious fights, Gohan does land a few good hits.

Not even Gohan's hidden powers were enough to defeat him. He bullied and beat Gohan in much the same way Nappa did, dominating the boy and sitting on him, and like Nappa, farted very loud several times on the child (which is made even worse as one of Vegeta's attacks left Recoome's clothes damaged, revealing his bare buttocks).

He used an attack known in the games as "Recoome Renegade Bomber" on Gohan. As Gohan moved in for a final attack, Recoome jumped over him and kicked him, breaking his neck.

Just when he had Vegeta, Gohan, and Kuririn at his mercy, Son Goku arrived on Namek, spinning Recoome around when he arrived at the battlefield. As Goku gave Kuririn and Gohan Senzu Beans, he threw one to Vegeta (as a reward for saving Kuririn and Gohan from Guldo). Recoome tried to catch it in his mouth, but missed.

As Goku turned to face Recoome, the Ginyu member taunts him, flipping him the bird and mocking his son's pathetic performance. Recoome was unable to land a blow on Goku and then powered up for his ultimate attack (revealed to be a sort of energy explosion in the Tenkaichi games) but, seeing this as an opening, Goku elbowed him in the stomach while the giant was distracted, knocking him out cold with one hit.

After Goku easily defeated Burter, causing Jeice to run away, Vegeta killed Burter and then killed Recoome with an energy wave.

It appeared to completely destroy his body, however his corpse was later seen by Gohan, fully intact, as he took Piccolo back toward the ship during Goku's fight with Frieza.

After his death, Recoome appeared alongside Burter, Jeice, and Guldo as Kaio invited them over to his planet in the next dimension to see if Yamcha, Tien, and Chiaotzu could defeat them. Recoome fought Yamcha, and was defeated with an energy wave, sending him flying through the clouds and into hell. This is to show how much stronger Yamcha and the others have gotten, as they were originally devastated with fear when they saw that they had to fight the Ginyu Force.

In the Great Saiyaman Saga, Recoome, along with Cell, Frieza, King Cold, Burter, Jeice, and Guldo, caused trouble in Hell and terrorized the ogres, but Goku and Paikuhan came to stop them. When Frieza sent the Ginyu Force after Goku, Goku defeated Reacoom last, elbowing him in the back of the neck, causing him to fall into the Bloody Pond. Later, Pikkon threw him, Burter, Jeice, Guldo, and Cell onto the spike, impaling them, and all seven villains were locked up in a cell.

Recoome was last seen in the Kid Buu Saga, in Hell/HFIL alongside several dead villains, watching the battle between Goku and Kid Buu.

Captain Ginyu

Captain Ginyu is the leader of Frieza's's elite mercenary group, the Ginyu Special Forces, the secondary antagonist of the Namek Saga and the Frieza Saga and the main antagonist of the Captain Ginyu Saga. He has the ability to switch bodies with an opponent. He was the strongest of the Ginyu Force (with a power level of 120,000), and, until Goku's power level reached 180,000 from his training in 100 times gravity, he was the fourth strongest fighter in the universe who was after Frieza, Cooler and their father King Cold. But in Dragon Ball Super's Resurrection F Saga, he served as a supporting antagonist before finally dying at the hands of Vegeta.

In the Japanese version, he was voiced by Hideyuki Hori (DBZ) and Katsuyuki Konishi (DBZ Kai). While in the English version, he was voiced by Richard Newman (DBZ, Ocean Group), Dale D. Kelly (DBZ, FUNimation), the late Brice Armstrong (DBZ, remastered), Richard Epcar (Bang Zoom!) and R. Bruce Elliot (DBZ Kai).

The Ginyu Force was called over to Namek by Frieza to take Vegeta's Dragon Balls back from him. After doing a speical dance for Frieza and supplying him with scouters, they go to confront Vegeta and the others. The Ginyu Force arrived at the site where Vegeta, Krillin, and Gohan had all seven Dragon Balls. After securing all the Dragon Balls, Ginyu initially decided to fight Vegeta and leave Recoome, Burter, Jeice, and Guldo to do rock-paper-scissors to decide who gets to fight Gohan and Krillin, but after receiving arguments from them, he decided to take the Dragon Balls to Frieza while the others decided who could fight Vegeta. He then leaves as the others begin to fight.

When Ginyu took the Dragon Balls to Frieza, he attempted to summon the eternal dragon, but he didn' know the password, so he was unable to it, and so Frieza left Ginyu to guard the Dragon Balls while he went off to get the password from Guru. By doing to pass the time, Ginyu had Frieza's henchmen try out for the Ginyu Force. He killed one of them, Captain Strong, for being a captain like him, as he believed that he should be the only captain. Then he killed another one for touching a Dragon Ball, which he had forbidden them to do, and then he knocked out the rest of them because they lacked enough style to be on the Ginyu Force.

After Goku defeated Recoome and Burter, Jeice ran off to get Ginyu, who was very angry at him for running away and he nearly fired him. Then Ginyu and Jeice arrived at the battlefield where

Ginyu fought Goku. Then he appeared to have a bit of an advantage, until Goku powered up to his full power level, which was 60,000 above Ginyu's. There was nothing Ginyu could do to defeat Goku, so he switched bodies with him, and he injured himself before doing the body swap tecnique.

However, to his disappointment, when he was fighting Krillin and Gohan, he discovered that he couldn't use his mind and body together, he couldn't use his full power. After killing Jeice, Vegeta beaten up Ginyu, who was tired of Goku's body and then he attempted to switch bodies with Vegeta. Then Goku jumped in front of him, and then they were switched back to normal. Then Ginyu let Vegeta beat him up for a while, and then he attempted to take his body again, but then Goku threw a frog in front of him, and then it caused Ginyu to switch bodies with it. Then Vegeta considered to finish him off, but Goku pointed out that Ginyu was no longer a threat, and the former relented, deciding that forcing Ginyu to live the rest of his life as a frog was a more satisfying punishment than death.

Unable to talk and give the change command, Ginyu remained a frog, at one point he was being chased and kissed by a female frog. However, he was able to switch bodies one more time during the Freeza Saga when he tricked Bulma into putting a universal translator on him, allowing him to steal her body and leave her trapped in Ginyu's old frog body. Then he took the translator off her and then he arrived at the battlefield in Bulma's body, and then he was able to sense energy auras. Then he pretended to be Bulma as he watched the battle, but soon he ended up blowing his cover. Then he attacked Krillin, but he was unable to inflict any damage, so he tried to switch bodies with Piccolo. However, Gohan stopped him by throwing Bulma (in Ginyu's old frog body) in front of him, and it returned Bulma to her own body, while Ginyu became a frog again. Then both Ginyu and Bulma were blown away by the force of the battle when Freeza attacked Goku.

Then he was sent to Earth along with everyone else on Namek when Dende summoned the eternal dragon Porunga and wished for everyone except Goku and Freeza to go to Earth. From here, he became the leader of the fish pond at Capsule Corp.

Ginyu's appearance was very short in the Cell Games Saga, when Gohan blew out the candles on his cake and then he ended up trashing the cake, then Ginyu was seen in front of Goku's house with tears in his eyes. And his final appearance was in the Great Saiyaman Saga when Sharpner was trying to unmask Gohan (Great Saiyaman) and then he jumped down toward him, but missed because at the last second Gohan bent down and picked up Ginyu.

And then Ginyu was finally killed either by Super Buu's Genocide Attack during the Fusion Saga (which destroyed it most of Earth's remaining inhabitants) or when Kid Buu blew up the earth at the beginning of the Kid Buu Saga. This was Ginyu's final appearance in Dragon Ball Z. But he was later seen in Hell in Dragon Ball GT, and was happy to be reunited with his original body.

Then Ginyu returns in Dragon Ball Super as a frog. As he witnessed the revival of Frieza with Tagoma and Sorbet putting the remains of Frieza in a container. And a few months later, he snuck onto Jaco's spaceship to get onto the battlefield. Then he approached Tagoma while he laid down after a blow from Gotenks. Then he was able to trick him into switching bodies by writing 'Change' in the dirt. It is also unknown why he got brought back to live after they wished to bring the non-evil people back. One could assume that Shrenon thought that since Ginyu was a frog, he had no moral agency. That and as shown before, he didn't cause any trouble while stuck.

Then he ends up attacking the Z-Fighters, with Gohan easily beating him in two blows. then Gohan spared him, which it caused Frieza to try to kill Gohan with his Death Beam Barrage. As Ginyu tried to defend Frieza, Goku and Vegeta showed up and then Ginyu showed some hatred towards Goku and Vegeta for him being trapped in a body of a frog for so many years and then he attempted to attack them out of vengeance. But is then Vegeta killed him immediately with a Ki Blast, and it put an end to Captain Ginyu and his body-switching ways for good.

## Jeice

Jheese (or Jeice in the FUNimation dub) is one of the Ginyu Special Force who work for Frieza and an antagonist of the Namek Saga. He is the only one of average height, and had red skin, long white hair, and speaks with a Scottish accent, which he changes for an Australian accent once FUNimation takes over for voice acting in Episode 54. He often fights alongside Burter. He is a Branch from the Planet of the same name.

He was voiced by Jason Liebrecht.

When Frieza called the Ginyu Force over to take the Dragon Balls back from Vegeta, Jeice brought Frieza a scouter case. After Son Goku defeated Reacoom, Jeice and Butta fought Goku but were unable to even damage him at all, with Goku deflecting Jeice's ultimate attack, the Crusher Ball, as if it were a beach ball. After Goku easily defeated Butta, Jeice ran away to get Captain Ginyu. Ginyu was furious with Jeice for running away and nearly fired him before they both returned to the battlefield.

During the fight, Ginyu was chasing after Goku at one point, and Jeice tried to help by attacking the Saiyan, giving Ginyu the chance he needed to catch Goku. However, Ginyu released him, telling Jeice that he did not need his help, threatening to kill him if he interfered again. After Ginyu switched bodies with Goku, he and Jeice headed over to Frieza's spaceship where Ginyu fought Krillin and Son Gohan. However, as Ginyu's power level went down from not knowing how to use Goku's body, Ginyu found himself at a disadvantage and asked Jeice for help, but Vegeta stepped in before he could. Jeice crushed his scouter after reading Vegeta's power level at a high level, undoubtedly higher than his own.

Jeice fought Vegeta, and the battle briefly moved inside Frieza's spaceship. Vegeta had the upper hand, and soon tired of toying around with him. He kicked Jeice away and shattered his ribs with a kidney shot. Before Jeice could recover from the attack, Vegeta held out his hand in front of Jeice's face. Jheese begged for mercy but Vegeta completely destroyed him with an energy blast to the face. After his death, Jeice appeared alongside Recoome, Burter, and Guldo, as Kaio invited them to his planet in the next dimension to see if Yamcha, Tenshinhan, and Chiaotzu could defeat them. Jeice and Burter fought Tenshinhan, who defeated them as they were using the Purple Comet Attack, sending them both to Hell.

In the Great Saiyaman Saga, Jeice appeared alongside dead villains

Cell, Frieza, King Cold, Recoome, Burter, and Guldo, terrorizing the ogres and causing trouble in Hell. Goku and Pikkon came to stop them, and Goku defeated Jeice first by punching him in the stomach, sending him falling into the Bloody Pond. Later, Jeice, along with Recoome, Burter, Guldo, and Cell, was thrown onto the spike by Pikkon and locked up along with Frieza and King Cold in a cell. In the Kid Buu& Saga, Jeice was last seen alongside several ogres and dead villains watching the battle between Goku and Kid Buu.

## Guldo

Guldo is one of the Ginyu Force who work for Frieza and a minor but dangerous antagonist in the Namek Saga. He is small, froggish and has four eyes. Unlike Recoome, Burter, Jeice and Ginyu, Guldo has no scouter. He is the weakest of the Ginyu Force, but makes up for it with his ability to freeze time (for as long as he holds his breath) and his ability to use Mind Freeze to freeze anyone with his mind.

The Ginyu Force was called over to Namek by Frieza to get the Dragon Balls back from Vegeta. In the anime only, Guldo and Vegeta previously confronted each other, with Guldo belittling Vegeta saying that he and the others make the rules and that he must follow them. He continued his verbal assault, saying that he is a mere Saiyan and saying that the only reason Vegeta is even alive is because Frieza took a liking to him. While Vegeta admitted Frieza is in charge, he couldn't understand why Guldo, who is a weakling, was put on the Ginyu Force. Guldo, enraged prepared to attack Vegeta when he was stopped by Frieza. Frieza orders Vegeta to conquer a planet for him and he obeys. Vegeta laughed at Guldo's expense and went with Frieza. Being humiliated in front of Frieza, Guldo held a grudge against Vegeta ever since.

The Ginyu Force very quickly tracked down Gohan, Vegeta and Krillin. When Vegeta instructed Krillin to destroy one of the Dragon Balls, Guldo used Time Freeze to grab it from him at the last second. Ginyu declared that he'd be the one to take down Vegeta, but the Ginyu Force complained, saying that Ginyu always gets to have fun. Wanting to satisfy his comrades, he lets the four members play a game of Rock Paper Scissors. The winner would take down Vegeta while the runner-up would defeat Gohan and Krillin.

Recoome ends up winning, which ticks off Guldo, as he wanted to be the one to fight Vegeta. Recoome tells Guldo to get rid of Gohan and Krillin first. Guldo, being overconfident, states that the battle will be over soon.

Guldo fought Krillin and Gohan, and despite using Time Freeze several times, was at a disadvantage and getting worn down, until he used Mind Freeze to trap them. He beat them up and pelted them with rocks, before making a giant spear out of a tree in an attempt to skewer them. However, at the last second, Vegeta intervened, cutting off Guldo's head with a single strike. Vegeta then destroyed Guldo's still-breathing head with a ki blast, settling his score with him as they had previously gotten into a fight on Planet Frieza.

After his death, Guldo appeared alongside Recoome, Burter and Jeice, when King Kai invited them over to his planet in the Other World to see if Yamcha, Tien Shinhan and Chiaotzu could defeat them. Guldo fought Chiaotzu, who soon gained the advantage and defeated Guldo by sending him flying through the clouds and into the depths of Hell.

In the Other World Tournament Saga, Guldo appeared alongside Cell, Frieza, King Cold, Recoome, Burter and Jeice, and caused trouble in Hell with them, but when Frieza sent the Ginyu Force after Goku, who came with Pikkon to stop them, Goku defeated Guldo with an elbow to the face, causing him to fall into the Bloody Pond with the others. Later, Pikkon threw Guldo, along with Recoome, Burter, Jeice and Cell into a set of spikes, and all seven villains were locked up in a cell. Guldo, like the others, expresses annoyance towards Recoome for suggesting that they arm-wrestle.

Guldo's final appearances were in Hell alongside several dead villains, watching Goku's fight with Kid Buu during the Kid Buu Saga. As with the other villains, he rooted for Buu.

---

Nico: The Ginyu Force.

Maria: This is gonna be fun facing them.

Nikiya: Yeah.

Skyla: This is gonna be fun.

May: Oh yeah.

Ginyu: So you all are the ones who oppose the will of Lord Frieza.

Nico: I plan to do more than that.

Then they fired energy blasts at each of the members of the Ginyu Force and obliterated them without even breaking a sweat.

Nico: How pathetic.

Skyla: That was disgraceful.

Nico: Now we have Frieza left to deal with. You girls head back, I'm gonna face Frieza by myself. I know it's wrong but trust me on this.

May: Okay. Be careful.

Nico: (Smiles) Okay.

The girls went back and the fireworks were really going to begin.

But then a powerful energy signal was felt and appearing out of the blue was none other than FRIEZA!

---

Freeza, more commonly spelled as Frieza in the Funimation dub, is the main antagonist of the Dragon Ball franchise, serving as one of the main antagonists of Dragon Ball Z and Dragon Ball Z Kai (along with Vegeta, Cell, and Majin Buu). He served as the unseen overarching antagonist of the Raditz and Saiyan sagas, the main antagonist of the Namek, Frieza, and Trunks sagas as well as of the 2015 film Dragon Ball Z: Resurrection F, its Dragon Ball Super adaptation, and the 1990 TV special Dragon Ball Z: Bardock - The Father of Goku. He later reappears in the Dragon Ball Super arc Universe Survival Saga as an ally to the protagonist Goku. He was also one of the main antagonists of the Dragon Ball Super: Broly movie (alongside Broly).

While most other major villains are killing machines who were created to be evil, Frieza is a knowledgeable being, fully capable of reasoning, and commits all of his atrocities expressly out of his own free will. He is also the archenemy of both Goku and Vegeta due to him destroying their home planet as well as their fellow Saiyans.

He is arguably the main antagonist of the entire series due to his role in Goku's origins, being the most recurring antagonist in the franchise, as well as being the overarching villain of two-story arcs and two movies, and one of the evilest and cruel villains of the entire Dragon Ball universe.

In the FUNimation English dub of Dragon Ball Z and Dragon Ball GT, he is voiced by Linda Young while Christopher Ayres voices Frieza in the FUNimation English dub of Dragon Ball Z Kai, Dragon Ball Z: Resurrection of F and Dragon Ball Super. In the Japanese dub, he is voiced by Ryūsei Nakao who also voices Caesar Clown.

Although virtually nothing is known about Frieza's childhood and early life, it is known that he is the second son of King Cold and a possible mother (who is only implied to exist) and the younger brother of Cooler, as well as the ancestor of Chilled. It is implied that King Cold "spoiled him rotten", as mentioned by Cooler in his film debut. This is most likely why Frieza is so narcissistic and confident in himself. Despite this, there are hints that Cold (and possibly his mother as well) might have physically abused him, as he mentions to Goku that he is the second being to have ever caused him physical pain in his true form (aside from his "loving parents"). Thus, explaining why Frieza would refuse to bring his father back to life several decades later,

Cold also warned Frieza of one opponent that is the most dangerous in the universe he must never face and that is: Majin Buu.

Frieza later at some point started to run the Planet Trade Organization and presumably killed billions of people and orchestrated countless genocides in the process (although he truthfully didn't actually run it as his father was the one who ordered most of the attacks). Frieza had a large number of henchmen at his disposal, the strongest of which are Zarbon, Dodoria, and the Ginyu Special Forces. He also had other minions, such as Cui, Appule, Orlen, Kado, Ado, and many more. All of whom served him out of fear/more power.

At some point prior to the series, Frieza had a child named Kuriza. However, his appearance is non-canon.

Frieza got the Saiyans to work for him and sell planets to him, killing all their inhabitants to conquer them. In return, Frieza provided them with the needs to satisfy their blood lust. When the Saiyans began getting stronger, Frieza feared that a Super Saiyan would rise up and destroy him, so he killed their king, King Vegeta, and destroyed their home planet, Planet Vegeta.

Only a few Saiyans were not caught in the explosion, including Vegeta, Nappa, Raditz, and Goku (whose Saiyan name is Kakarot), the protagonist of the series. As well as numerous other Saiyans scattered throughout the universe.

When Raditz came to Earth and was defeated by Piccolo and Goku, he sent a message to Nappa and Vegeta about the Dragon Balls via his scouter.

Frieza heard the message, so he and his henchmen, including Zarbon and Dodoria, travelled to Namek to get the Dragon Balls so he could wish for immortality.

Frieza and his men killed the Namekians of five villages to get the Dragon Balls. However, at the fifth, the elder, Moori, destroyed all his men's scouters, preventing them from tracking down the Dragon Balls after Frieza violated his promise to spare his village in return for his information. Dodoria became separated from them while chasing down Krillin and Gohan, who intervened to save a Namek boy named Dende from Dodoria. Dodoria never returned, as he was later attacked and killed by Vegeta.

Once he deduced that Dodoria was dead (and deeming him expendable anyways), Frieza headed back to his ship with the five Dragon Balls they had found and left Zarbon and Appule to find the two remaining Dragon Balls. Zarbon ran into Vegeta and transformed into his monster form to defeat him. But Vegeta had previously attacked a Namek village and hidden it's Dragon Ball. The village was discovered by Frieza's henchman Orlen, who was killed by Frieza for not finding out the location of the Dragon Ball (he killed the only survivor). Frieza instructed Zarbon to bring Vegeta to him and heal him to make him tell them where the Dragon Balls were.

However, Vegeta killed Appule, broke out of Frieza's ship, and stole his five Dragon Balls. An enraged Frieza gave Zarbon one hour to find Vegeta or face execution. Though he transformed again, Zarbon was no match for Vegeta, who had powered up via Zenkai. After Vegeta killed Zarbon and took the Dragon Ball that Krillin got from Guru, the Great Elder, Frieza summoned the Ginyu Special Force composed of Recoome, Burter, Jeice, Guldo, and their leader Captain Ginyu who after suppying Frieza with new Scouters, agree to hunt them down.

Vegeta joined forces with Krillin and Gohan, however Ginyu took all seven Dragon Balls from them and brought them to Frieza. Frieza tried to summon the eternal dragon, but as he did not know the Namekian password to summon him, he was unsuccessful. So he headed toward Guru's house to get the password from him, leaving Ginyu and his henchmen behind to guard the Dragon Balls. He flew right by Dende, whom Guru asked to tell Krillin and Gohan the password, but chose to ignore him for sake of time. He arrived at Guru's house where Nail, Namek's greatest warrior, told Frieza that if Guru dies, the Dragon Balls disappear.

To prevent Frieza from causing Guru or anyone else harm, Nail challenged Frieza to a battle. However, Freeza easily defeated and tortured Nail. That is until the Namekian revealed that his plan was to distract Frieza so Dende could give the Z Warriors the password. Enraged, Frieza immediately headed back to his spaceship, and was shocked to discover on his scouter that all the Ginyu Force had been killed (except for Ginyu, who had accidentally switched bodies with a frog).

An extremely angry Frieza arrived at the scene shortly after Gohan, Krillin, and Dende summoned the eternal dragon Porunga and wished Piccolo back to life before teleporting him to Namek, and after Porunga disappeared because Guru died at that moment. Frieza fought Vegeta and appeared evenly matched with him (if not at a slight advantage, seeing as how Vegeta was out of breath and Frieza was not), so Vegeta suggested that he transform, since Zarbon told him about it.

Frieza transformed into his second form (which had a fighting power that exceeded 1,000,000, his previous form had one of 530,000) and impaled Krillin with his horn. This made Gohan angry and he violently assaulted and blasted Frieza. However, Frieza survived and attacked Gohan, until Krillin was healed by Dende and cut off Frieza's tail with a Destructo Disk, then distracted him so Dende could heal Gohan. As Gohan, Krillin, and Vegeta went for a head-on attack, Piccolo came. Before appearing to fight Frieza, Piccolo fused with a badly injured Nail to increase his power and was able to fight on par with Frieza's second form while also having a slight advantage because of his superior skill and experience dealing with foes stronger than him.

This forced Frieza to reveal that he has two more forms and transformed into his third. This drastically powered up Frieza and he easily outmatched Piccolo. He then barraged and tortured the Namekian, but Gohan attacked him with a Masenko, using up all his power in the process. Frieza was incredibly angry at this point and decided that he would show them what he deemed to be the most terrifying thing in the universe: his true form.

Frieza then transformed into his fourth form, which is more powerful than his previous suppression forms combined. However he witnessed Dende healing Piccolo, so after finishing his transformation, he killed Dende with a Death Beam to prevent him from healing anyone again enranging the group. Vegeta, who had previously been injured by Krillin and healed by Dende (as his plan to become stronger, and maybe turn into a Super Saiyan) fought Frieza, but was simply unable to hit him. Even the one attack he landed, a energy blast powerful enough to blow up an entire planet, didn't even harm him.

Frieza patiently waited until the Saiyan had fully realized the hopelessness of the situation and lost his will to fight. He then attacked Vegeta, slowly beating him to death, until Goku arrived, having fully recovered from his injuries from the fight with Ginyu. Frieza, attacks the newcomer only for Goku to surprise him by deflecting all of his Death Beams.

Frieza then killed Vegeta with a Death Beam through the chest, for no reason other than to shut him up about Goku being a Super Saiyan and how he would destroy Frieza. This disgusts Goku who calls out Frieza for killing Vegeta when he couldn't even move.

At one point, Frieza said he would fight Goku without using his hands, but was forced to break the deal, as Goku gained the advantage after biting Frieza's tail (to prevent him from choking him). Frieza attacked by throwing rocks and chunks of land at Goku, and trapping him in an energy ball that would explode if it touched anything except Frieza. However, his one weakness was that he could not sense the Ki of other beings. Said weakness nearly loses him the fight seveal times.

Goku and Frieza were evenly matched, until Frieza powered up to 50% of his maximum and proceeded to viciously and mercilessly beat and torture the Saiyan. Goku tried Kaio-ken x20 and briefly regained the advantage, but Frieza survived virtually untouched and continued his onslaught against Goku. With no other options, Goku gathered energy from Namek and the planets around it to form a Spirit Bomb (the most powerful technique he had at that time).

Once Frieza realized the danger he was in, he tried to kill Goku to stop him, but Piccolo attacked Frieza as a distraction. Frieza was about to destroy the Namekian, but when Goku's Spirit Bomb was complete (with enough energy to make it a Large Spirit Bomb) he hurled the massive Ki ball at Frieza. Frieza fought heavily against it, but it was futile and exploded with Frieza underneath it, seemingly killing him.

However, the Large Spirit Bomb did not successfully destroy Frieza and he resumed his fight with Goku. He revealed himself to be alive and fired a Death Beam with Goku as the intended target. Piccolo instead leaped in front of the lethal Ki beam and was mortally wounded (in the manga, Frieza intentionally shoots at Piccolo, intending to make Goku suffer) .

Frieza then proceeded to violently murder Krillin right in front of Goku and Gohan (even cracking a sick joke afterwards, showing his cruel and deranged sense of humor). He then threatens to do the same to Gohan. The savage murder of his life-long best friend infuriated Goku beyond belief, sparking his extreme hatred towards Frieza, and finally becoming the one thing Frieza tried so hard to exterminate: a Super Saiyan.

Goku harshly ordered Gohan to take Piccolo to Bulma's ship and faced Frieza. Goku proceeds to brutally torture and beat Frieza, having a complete advantage of him even at 50% of his power. Angry, frightened, and desperate, Fireza launched a Death Bomb at Namek's core, badly wounding the planet and causing the planet to slowly wither away and die over the coarse of the next ten episodes.

Frieza had intended to simply destroy the planet with Goku on it. Frieza then convinces Goku to let him reach his 100% Full Power state and powers up (making his muscles swell up in the process). Frieza, now at full strength (placing his power level at 120,000,000, almost on par with Super Saiyan Goku's 150,000,000) proceeds to pummel and fight with Goku on an even basis for a while.

Meanwhile, Mr. Popo collected the Earth's Dragon Balls and Kaio told Kami to tell him to wish back everyone killed by Frieza and his henchmen back to life. Krillin was unable to be resurrected, as he had already been wished back once, but Vegeta, Dende, Guru, and all the Namekians did.

Goku telepathically overheard King Kai's plan to use Porunga's last wish to teleport everyone on Namek to Earth except Frieza and elected to stay behind to finish Frieza off. Guru told Dende to make the wish, however Frieza saw Porunga and got there first and desperately made his wish of immortality to the dragon.

However, he did not know that one must speak the Namekian language to make a wish to Porunga, so when Dende made his wish, Porunga granted it and not Frieza's wish. Everyone on Namek was teleported to Earth except Goku and Frieza, who continued their battle. The fight sprawls into a full-out brawl between the two; their physical strength is ripping the already dying Namek apart. The planet is now a hellish warzone with red skies, lava, and volcanic explosions everywhere.

Frieza's body eventually began to succumb to the exhaustion that his full power put on it (along with the previous battles). Goku began to take the advantage and badly pummeled Frieza. Goku eventually decided to quit the fight because Frieza wasn't even a challenge to him anymore. After lecturing and taunting the psychopathic space tyrant, he depowers and flies off, leaving Frieza in rage, embarrassment, and confusion.

Fireza tried one last desperate attempt at Goku's life by launching a Death Slicer at him. Goku evades the attack and resumes the fight against Frieza in Super Saiyan form. Frieza throws another Death Slicer in and begins chasing Goku with them. Goku attempts to hit Frieza with the attacks several times, but fails. After knocking Frieza deep into the ground, he rises up, unaware of a Death Slicer flying behind him. Frieza is messily dismembered by his own attack and is left barely alive and at the mercy of Goku. Goku originally wanted to leave Frieza to die in Namek's oncoming destruction. But Frieza convinced Goku to help him. He gives Frieza some of his Ki, revitalizing him enough so that he could move. He then flies off similar to before, leaving a half Frieza in confusion and rage. Frieza, being stubborn and refusing to accept his crippling defeat, fires a massive Anger Blast at Goku. Goku counters the attack with an Angry Kamehameha and Frieza is hit by both attacks and seemingly vaporized before Goku escapes Namek in one of the Ginyu Force's space pods right before it's destruction and crash landing on a planet called Yardrat.

However, Frieza survived the attacks (though King Kai and everyone else believed him to be dead), and was caught in Namek's explosion (which Goku escaped), but survived it as well (though badly maimed and barely alive). His father, the wicked giant King Cold, found him drifting through space, barely alive, and had him made into a cyborg, even stronger than before. The minute he reawakened, he told his father to take him to Earth so he could blow it up as revenge on Goku.

Frieza and King Cold arrived on Earth. Gohan, Krillin (who was wished back with the Namek Dragon Balls), Piccolo, Vegeta, Yamcha, Tenshinhan, and Chiaotzu went out to attempt to face him, even though they knew that he would defeat them easily. However, before Frieza could start his vengeance, Trunks appeared from the future. He killed all of Frieza's henchmen, but Frieza was not in the least bit intimidated - until Trunks transformed into a Super Saiyan after Trunks tells Frieza that Goku isn't the only Super Saiyan and that he's looking at another one right now. After two failed attempts at destroying him, Frieza shot a giant Supernova Death Ball at Planet Earth to blow it up. But Trunks caught it with one hand, so Frieza blew up the Supernova. Trunks was thought to be dead, but he escaped the explosion without so much as a scratch, and shot a Burning Attack at Frieza and King Cold.

They dodged it, and then Trunks chopped Frieza vertically in half with his sword. He then sliced him to pieces and finished him off with an energy wave, reducing him to nothing more than dust and finally killing him at last. Trunks then killed King Cold just as easily after the latter tried to avenge his son's death.

Frieza: So what do we have here?

Nico: Frieza I presume?

Frieza: A common stranger knows my name? I see my illustrious reputation precedes me.

Nico: You may not know who I am Frieza. But I know you. Let me refresh your memory. You destroyed my home planet Vegeta. I was born with an incredible power level of 100,000 and you destroyed my home and my entire race.

Frieza: What!? You're that little brat that has that incredible power!?

Nico: That's right Frieza. My name is Bokrua "Nico" Chan. You killed my people. Prepare to die.

Nikiya: Show no mercy Nico.

Nico: With pleasure.

Nico then walked up to him.

Nico: You seem to delight in seeing other people suffer and you treat life like a disposable commodity. You destroy homes, you take the lives of innocent peace loving people and you even take the lives of children. And all of this for your own amusement or personal gain. Well, NOW IT'S YOUR TURN!

Frieza: We'll see about that.

Frieza then went at Nico and they clasped hands and Nico kicked him in the face and flared up his aura and went at him and kicked him in the face and sent him crashing into a mountain.

Frieza got up Nico punched him in the stomach and kneed him in the face and knocked him through a bunch of rocks.

Frieza got up and he was pissed.

Frieza: YOU INSOLENT FREAK!

Nico: I'm just getting started.

Frieza: Now lets see how you like it when I transform.

Nico: So you have been holding back.

Frieza: We'll see.

Then the ground shook violently and then Frieza glowed and his armor shattered and it broke into a million pieces. One piece scratched Nico and cut his right cheek on his face.

Nico: Not much of a transformation if you ask me.

Frieza: We'll see how much you'll be laughing when you see it.

Then Frieza started glowing and his power was skyrocketing. He was enveloped in a red aura and his muscles grew huge and his height and size grew and his horns curved up and his voice got deeper. He was huge.

Frieza: Well here it is. I hope you're not too disappointed.

Nico: Impressive. So this is one of your transformations.

Frieza: Yes. Now you will see what this power is like.

Nico: Lets see what you can do then.

Frieza then had his tail come at him and Nico grabbed it and pulled him at him and punched him in the face and kicked him in the stomach and punched him multiple times in the stomach and kneed him in the face and kicked him in the back and he grabbed him by the horns and threw him into an island and he crashed into it.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Frieza then exploded out of the rubble and flew into the air and fired his Punishing Blaster at Nico. Nico then punched the blast and sent it back to Frieza and it hit him and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Frieza was burned all over the place.

Nico: Take this one. DESTRUCTO-DISK!

Nico formed an energy disk and threw it at Frieza and then it slashed off Frieza's tail.

Nico: Try this one!

Nico then fired a massive blast of lightning with Electro's powers and he fired Vulture's feather missiles and they hit Frieza all over and exploded!

KRABBBBBBBOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOMMMMMMMM!

Frieza was knocked down and Nico punched him into the ground.

Nico: Electro and the others might still be active. But I still have access to their powers from their first defeats!

Frieza got up.

Nico: You are a true adversary.

Frieza: I've only just gotten started. Now I'm going to transform again. Your problem is that you don't know how strong I REALLY am. See there is one thing I should tell you about and that's my power to Transform. You didn't see my 1st transformation, but I have others. And each time my strength becomes much stronger.

Nico: I was told about that and I want to see it firsthand.

Frieza: Good. Now you'll see that I wasn't bluffing because I'll be transforming right before your very eyes. Watch carefully now. And keep in mind it's not my ultimate form. I still have 1 more transformation.

Nico: All right then. Lets see what you got.

Frieza: I suggest you stand back while I demonstrate. Ladies and gentlemen with great honor, I present to you the greatest transformation ever witnessed.

He then flared up a blood red aura and his power was rising fast.

Frieza: (Laughs) Take a good look Saiyan, because after all you'll never live to see another.

Frieza then grew spikes out of his back and his shoulder jewels turned into shoulder armor pads and then his head stretched and changed and his mouth grew wider and his head stretched and it grew more spines and he was uglier than ever.

Frieza: (Laughs) So tell me how do I look? I may not win any beauty contests but I'll beat your tail!

Nico: Impressive. But I wouldn't enter you in a beauty contest even if my life depended on it.

Frieza: Lets see how you are against me now.

Nico: Bring it.

Nico then went at Frieza and kicked him in the face and he grabbed his head and threw him through a bunch of rocks and Nico fired a bunch of energy blasts and they hit Frieza all over and exploded. Frieza then exploded out of the cloud and fired his Crazy Finger Beam at Nico deflected all the blasts away with incredible speed and power and Nico then teleported and kicked him in the face and sent him crashing into the ground.

Frieza then got up again.

Nico: Got to admire his tenacity.

Frieza: You are a truly formidable opponent. But now it's time for me to show you my ultimate transformation.

Nico: Bring it.

Frieza: All right then. But just so you know you've been asking for this.

Nico was smiling in confidence.

Frieza then powered up and then he glowed bright red and cracked all over and he then shattered and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Frieza was now half of Nico's height and his power was incredibly powerful.

Nico: Impressive. So this is your ultimate power.

Frieza: That's right. Now you will see how strong it can be.

Nico: Bring it on. But just so you know I have the ability to transform myself.

Frieza: What!? What do you mean?

Nico: Watch.

Nico then went Super Saiyan!

Nico: I am now a Super Saiyan. Now it's time for you to feel my wrath.

Nico then flew at Frieza with incredible speed and he kicked him in the face with devastating force and then he grabbed him and broke his back with his leg and punched him in the stomach with incredible force and sent him crashing into the ground. Frieza exploded out of the ground and flew up to him.

Nico: You just don't know when to stop. Enough is enough! First all of my people and then many races all over the galaxy and now planet Namek! You don't care. I can already see that. Their lives mean absolutely nothing to you. You're not in the least bit sorry.

Frieza: Why do you loathe what I have done so much? Saiyan's are just as ruthless as I am. They were killers, all of them. And you have the gall to condemn what I have done? You and your bloodthirsty race!

Nico: My people didn't deserve to die!

Frieza: Is that why they died? I thought it was because I killed them!

Nico: You're just a beast with no conscience!

Frieza: (Laughs) So I'm a beast huh? Oh and what about you Mr. Super Saiyan? Aren't you just like me?

Nico: Hmph.

Nico then teleported and kneed him in the face and kicked him in the stomach kicked him in the back and Frieza belched up a lot of blood.

Frieza growled in fury.

Frieza then blasted at Nico but he dodged the blasts all over.

Frieza: It can't be! Hey! Why can't I hit you? Just tell me!

Nico: You didn't say please.

Frieza: Please… what? Please!? You! Alright then! Please! (Frieza blasts Nico right in the face but it has no effect) Huh!?

Nico: You can destroy planets, but you can never destroy what I am, friend!

Frieza: (fear stricken) You… what… what are you?

Nico: I am the hope of the universe. I am the answer to all living things that cry out for peace. I am protector of the innocent. I am the light in the darkness. I am truth. Ally to good! Nightmare to you!

Frieza: (to Nico) Bah! Super Saiyan! So, out of the whole barrel of monkeys, one finally made good! Heh heh heh. Vegeta… he was sure that he was the one. Ha ha ha, when he was a boy, that legend was his only comfort. He tried so hard and failed. What a dope! He thought he was a jewel but he was just a dirt clot.

Nico: Like you. It's over for you Frieza! You're FINISHED!

Nico flared up his aura.

Frieza: How dare you!? ME!? FINISHED!? NO ONE SAYS THAT TO ME! I REIGN SUPREME OVER ALL!

Frieza was enveloped in a ball of red aura energy and Nico flared up his power incredibly.

Frieza: I'd destroy us both before I'd let you live. Either way, you'll never make it out of here alive!

Nico: We'll see about that.

Frieza: (Frieza makes his death ball) Guess what? I just had a brilliant idea. I figured out how to beat you!

Nico: Huh?

Frieza: Your power is amazing, but there's more to winning than that! Sometimes, it's the smartest one who wins, not the strongest. Heh heh heh heh ha ha ha ha! Aha ha ha ha!

Nico: Huh!?

Frieza: Now say goodbye to Namek! (Frieza throws his death ball at Namek) Die, planet, die!

The ball went into the water and blasted down to Namek's core. He was gonna blow up the entire planet from the inside! A massive explosion followed!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

But luckily Frieza's plan didn't work. But Namek's planetary structure was rendered unstable.

Frieza: Darn. I held back too much power.

Nico: So, you couldn't do it. You couldn't go through with it after all, huh?

Frieza: Huh?

Nico: I don't blame you. Destroying both of us to make sure that I don't win isn't any way to fight. It's just another way of giving up.

Frieza: You still don't get it, do you? Heh heh heh heh heh. I didn't plan on destroying myself, just you and the planet.

Nico: Hm?

Frieza: I can breathe in space and you can't. That means if the planet goes, then you won't have any more air to live on. And I shall be victorious. Five minutes. That's how long you have. This planet is still going to blow, the core has been completely disintegrated.

Nico: Hmph. Five minutes is all that I need. It won't even take me that long to beat you and leave.

Frieza: You underestimate me. The true depth of my power escapes you. Well then, it's time that you experience the ultimate Frieza! Yes, a very rare occurrence indeed. One hundred percent of my true power! You never really had a chance to beat me! It's over!

Nico: Can your body handle the stress from all that power?

Frieza: Hmph.

Nico: All right then. Lets get this battle started.

Frieza then powered up and his muscles were really increasing in size! Then he unleashed his full power! He was now at 100% of his power!

Frieza: Bingo! Ah that feels so good. I had completely forgotten what it feels like.

Nico: Now for me!

Nico then powered up to his full power!

His full power was unleashed.

Nico: Now I am stoked.

Frieza: Why am I not surprised? You Saiyans are like a stubborn virus. And now the virus has mutated to preserve itself. But I know how to treat it! I know how to blot it out for good! You could've just left this place and escaped. I would have never known it.

Nico: No way! Why run from somebody that you're not scared of?

Frieza: Uh! Grr… hmm… just for that one, I'm going to blow you to pieces, just like planet Vegeta. Heh heh heh heh heh heh heh.

Nico: Planet Vegeta was my home and you took it and my people away from me. Yeah. How could I forget that? Grr… now die! (Nico gets enraged)

Nico flared up his power exponentially and torrents of lava exploded out of the ground and lightning struck all over the place as the skies darkened and the ground was shaking violently.

Frieza: Fool. I'm not the one who's going to die here, catch my drift?

Frieza fired his eye lasers and Nico deflected them into the air and they went at each other and fought with extreme viciousness and it was brutal. They fired energy blasts at each other with incredible brutality and more and were really going at each other and more. They were punching, kicking and blasting each other at an extremely ferocious and powerful level as the planet Namek was crumbling around them and more. It was getting more and more ferocious as the battle raged on and the fight was really escalating. But Frieza's power was getting weaker and weaker with each blow. They were in the air and ready to face each other again.

Frieza: What makes you think you can do this to me!? (Lightning flashes in the skies) YOU'RE NOTHING BUT AN OVERGROWN MONKEY!

Frieza went at him again and they fought some more and it was more vicious than ever. The fight was really getting more intense until they stopped and stood ready to face each other again.

Frieza: All that you've done to me, I'll pay you back ten times… no… a thousand times! (Frieza cracks the ground with his legs) (Lightning flashes) Oh, you Stupid Saiyan! You will pay for this!

Nico stood ready.

Nico then stood up.

Nico: It's done.

Frieza: What do you mean!?

Nico stood there as lightning flashed all over in the skies.

Frieza: You said "It's Done!" What do you mean?

Nico: Your energy level is decreasing with every blow. In fact, you're not even a challenge to me anymore. It wouldn't be fair for me to keep fighting you. I'm satisfied now. Your pride has been torn to shreds. You've challenged and lost to a fighter who is superior to you and to make it worse, he's just a monkey, right? It would be meaningless to fight you now, you're too scared and ashamed. Live with the shock. Keep it bottled up inside you. Silently.

Frieza: You MAKE ME SICK! I WILL NEVER! NEVER BE! DEFEATED!

He threw an energy disk at Nico!

But Nico knew it was coming and he teleported behind Frieza and it cut Frieza into pieces!

Nico: (after Frieza is halved by his own disc attack) Though you brought all this on yourself, it's a shame that your life had to end in such a miserable way.

Frieza: (coughing) Uh… eh… uh… eh…

Nico: This was for everything you've done and now you will have to share the fate of the planet Namek, which you yourself destroyed.

Frieza: (coughing) Uh… eh… eh… eh… eh

Nico: I'm tired of fighting you. I'm going home. Goodbye, Frieza.

Nico was walking away.

Frieza: Please… help me… you can't leave me here. You can't let me die like this.

Nico: Sorry Frieza but I'm not like Kakarot. I don't show mercy to my enemies. Burn in Hell for all eternity.

Nico then fired a powerful energy blast and completely obliterated Frieza in a powerful and massive explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico then teleported away and he beamed Frieza's whole spaceship to the garage. As well as the Ginyu Force Spacepods and the Namekian Dragonballs.

When Nico got back we cheered wildly for him.

Me: Way to go Nico!

Goku: Awesome job!

Vegeta: Well done Bokrua.

Nico: Thanks guys.

Me: Guys look. Lets see what it was like for Namek to explode.

We watched as Namek was going to explode. Then we watched on as Namek exploded with incredible power!

***KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion completely obliterated Planet Namek and it was completely destroyed.

Nico: Whoa! There's nothing left of it.

The simulation ended.

Nico: Wow. But I avenged all of my people.

Goku: Yes you did Nico.

Laney: Good riddance.

May: Yeah. He deserved to be destroyed after all the trouble he caused to the entire galaxy.

Maria: And more.

Skyla: But he brought all that on himself.

Me: Now he has all of eternity in hell to think about his crimes.

Lana: If he comes back we'll banish him to the Warp.

Lincoln: Yep.

Our stomachs then growled.

Me: Lets go get a snack.

Nico: Good idea.

We went to the kitchen. Nico Chan is now known as the Saiyan Avenger!

# The Awesome IGPX Mechsuit Race

At the elementary school we were getting ready for our classes.

Mrs. Johnson: Okay class. I have an announcement to make. Today we have a new student starting today.

Me: Cool!

Lincoln: What are they like?

Mrs. Johnson: You'll see. She is just starting today after moving here from Montana so please give a warm Gotham Royal York welcome for Leanna Taylor.

Leanna came in and she was a girl with beautiful blonde hair in pigtails, blue eye, and she had a beautiful traditional Swiss outfit on.

Me: Pleasure to meet you Leanna.

Leanna: Same to you J.D. It's an honor to meet you and an honor to be here.

Laney: Welcome to Gotham Royal York.

Later at lunch outside, Leanna met everyone. With us was Andropov's cousin Golova Grusha Vsevolodovna, she is a cousin of Andropov Zigfrids Yevgenievich, also same age as Andropov. She has brunette hair with a Russian fur hat, wears a Russian overcoat, purple shirt, brown jeans, black boots, azure blue eyes, roman nose, curve eyebrows, square ears, and has powers of Ice, Fire, Coldfire, Ocean, and Earth Release.

Andropov: (Russian Accent) It's awesome having you with us cousin.

Golova: (Russian Accent) An honor to be with you all.

Me: It's an honor to have you with us Golova.

Golova: Pleasure to be with you all comrade Knudson. Hunter told me so much about you.

Lola: I love your fur hat and coat. It's beautiful.

Golova: Thank you Lola.

May: (To Leanna) What's your name?

Leanna: I'm Leanna Taylor. I just moved here from Montana.

Nico: Pleasure to have you here.

Leanna: Thank you.

Then a butterfly landed on Laney's hand.

Laney: What a beautiful butterfly.

Leanna then freaked out in panic and fear!

Leanna: (SCREAMS) GET IT AWAY FROM ME!

Me: Leanna what's wrong? What are you scared of?

Leanna: (Calms down) Oh I'm sorry guys. I didn't tell you guys this. I have a tremenous fear of butterflies. I'm very scared of them.

Me: Fear of butterflies?

Nico: That's really unusual.

Lola: We have never known anyone that's terrified of butterflies.

Laney: The term is called Lepidopterrophobia or Fear of Butterflies and Moths. It's a really uncommon phobia.

Lana: Wow. I didn't know a phobia like that even exists.

Lola: Yeah.

Me: But Leanna, butterflies wouldn't hurt you even if they wanted to.

Lana: Yeah they are beautiful and amazing creatures. You have nothing to be afraid of.

Leanna: I'm sorry guys.

Me: It's all right. Are you scared of butterflies in books?

Leanna: No. Those are all right.

Me: What about fairies? They have wings like butterflies?

Leanna: No I'm good with those too.

Me: Good.

Wanda: That's a relief.

Timmy Turner: Yeah it's a strange fear but we can help you get over it.

Leanna: You can?

Me: Sure. Butterflies won't hurt you no matter what. They don't eat people, they drink nectar from flowers. See?

We showed her a beautiful Tiger Swallowtail butterfly drinking nectar from a daffodil flower.

Me: They are total vegetarians and they would never hurt anyone.

Laney: Butterflies are really beautiful and they have amazing feats that make them very beautiful, clever and amazing creatures.

Leanna: Like what?

Me: The bright colors on their wings are a warning for predators to leave them alone.

Nico: They are primarily vegetarians and only eat plants. That's when they eat leaves when they are caterpillars.

Lana: And they wouldn't hurt us even if they wanted to.

Leanna: Wow.

Me: (Butterfly lands on my hand) And they are gentle creatures and love all things.

I showed her a Monarch butterfly.

Leanna then touched the butterfly and we helped her get over her fear.

Leanna: Wow! That's amazing.

Me: See? You conquered your fear.

Leanna: Wow! Thank you so much guys!

A figure came out and it was PUDGY PIG from episode 6 of Mighty Morphin Power Rangers!

---

The Pudgy Pig was created by Finster after Rita asked him for a pig capable of consuming all of the food on Earth. Finster stated that pig was not his best work before Rita then sent him to Earth where he attacked the Angel Grove Youth Center which was holding a food festival for charity. Zordon counted that he could eat all food on Earth in forty eight hours. The Pudgy Pig eventually found his way onto a rooftop where he encountered the Rangers. However, they couldn't defeat him and he swallowed their Power Weapons before sending them into a vortex which spat them out unmorphed in the park. Disgraced, the Rangers were worried that they would be unable to kill him but they saw he didn't like spicy food, as he didn't touch it on the Festival when they returned there. They then found out that he had been seen in the industrial district so they morphed and deployed there with an arsenal of food, Trini holding a spicy radish. They tricked him with some regular food before putting the radish into a sandwich which he ate. The resulting reaction made him puke up all of the food and the Power Weapons and also causing his sides to cave in. Now re-armed, the Rangers took down Pudgy with a series of slashes from their Power Weapons, Jason landing the final blow with his Power Sword, and used the Power Blaster to destroy the Pudgy Pig.

---

Jason Lee Scott: Pudgy Pig!

Pudgy Pig: Long time no see Rangers and the food here is really good.

Bulk: Norman? Is that you?

Pudgy Pig: Relax. I'm not your pig. Mistress Vypra made me separate from him.

Me: I remember you! You were made from Bulk's pig Norman and you were sent to face the rangers and you ate their weapons. But they used your one weakness to defeat you: Spicy Food.

Pudgy Pig: That's right.

Vypra: Told you he has a good memory on him.

Pudgy Pig: And you weren't kidding. But yeah I don't like Spicy

Food.

Me: Too bad and I love spicy food. Most of us all do.

Laney: LEAFSTORM MEGABLAST!

They fired megablasts of fire, water, earth, lightning and leaves and they slammed into the Mech and blasted it into a million pieces. Knocking the last of Team Skylark out of the race.

Me: Yeah!

Nico: Team Skylark, you have failed this race!

Benjamin Bright: And Teams Satomi and Elemental Phoenix wins!

Everyone cheered wildly and we got out of our cars!

Me: WHOO! This was awesome! YEAH!

Nico: YEAH BABY!

May: YEAH!

Vypra and the Masters of Evil and the Dark Signers came.

Vypra: Awesome race!

Xaldin: I'm just glad we raced one of the fair teams in IGPX.

Lincoln: Me too. I'm glad we didn't race Team Sledge Mamma.

Larxene: Same here. Those guys are assholes!

Takeshi: Why don't you guys stay with us for the celebration?

Saix: Not a bad idea.

We went to a restaurant after being presented the trophy and it was awesome!

Lincoln: (To the viewers) This was awesome! Racing is fun as long as you be careful and have fun.

Me: You said it buddy.

We had an awesome race. Next time we'll have our own Mechs for the next race.

THE END

---

Another Awesome race/fanfic complete.

IGPX was an awesome show and I got the idea for this after watching the promo for it from Toonami and it looked awesome. Omegahatchiyak12 gave me the idea for the chapter and he, NicoChan11 and JediAvatarOfShinobi gave me the ideas for this. Thanks guys. Next we're going to Paradigm City - The City of Amnesia, to meet Roger Smith the Negotiator and help him take down the evil Alex Rosewater, Chairman of the Paradigm Corporation. It's gonna be a vicious battle that will shake the foundation of the city to the brink.

See you all tomorrow.

# Memories are Supposed to be Kept

Me and Nico were sitting at a picnic table in the park with arrogant looks on our faces and in front of us was a cauldron pot that had fire in it and it was full of the deadliest and hottest chicken wings ever known in the history of the universe. The very wings that Skips took on and that nearly killed him: The Inferno Wings Challenge. They are extremely spicy chicken wings made from mutated ghost peppers, hot magma extracts and black widow spider venom served in the Wings for Real Men restaurant and they are so hot and spicy that they killed all the people who faced them. To make them even more deadlier they were enhanced with spice and extract from the Tears of Zephos peppers. These are now literally the hottest of all wings in the entire universe.

Me: You're gonna cry home to your mama after eating these wings monkey boy.

Nico: I wouldn't count on that phoenix breath. It's you that will be crying home.

Me: Lets do this.

Everyone was watching us and they were shaking in fear.

Lori: Those wings are literally going to kill them.

Skips: I know how they feel. I tried these wings myself and they packed an intense punch.

Mordecai: Yeah and it was not pretty.

Lynn: Whoa man!

Me: Lets do it.

Nico: Gladly.

We ate the wings and almost immediately I bursted into flames as my fire aura exploded out with incredible force and the flames were as tall as a 500 story skyscraper and were as hot as the sun and Nico was crying out blood from his eyes and we ate them all and it was good and they were reduced to bones.

Me: (Wheezing) Now that is good spice.

Nico: (Wheezing) You said it.

May: Are you two okay?

Nico: Never better.

Joe Swanson: Look at J.D.'s arms. There's blood pouring out of them like mad.

Lana: Should we take him to a hospital?

Me: I'll be all right.

Nico: Me too.

2 hours later, our fires faded and it made us both stronger than ever before.

Me: (Normal Voice) Man! Those wings were incredibly intense.

Nico: (Normal Voice) No kidding. But they were really delicious.

Skips: You guys are really tough. I'm proud of both of you.

Lincoln: You guys probably have the toughest stomachs and mouths I've ever seen.

Laney: Even tougher than mine and Lynn's.

Lincoln: And mine.

Earth: No kidding and I love spicy food.

Aylene: Yeah.

Benson: But I never knew you guys could handle so much painful spice.

Me: I know but it's what we like. Awesome.

We laughed. The camera then zoomed in and it showed the entire park burned by my intense flames. But it will be repaired.

Later we were over in the Grass Kingdom of the Land of Ooo and it was amazing. We were by Finn's house.

---

The Land of Ooo is the main setting of Adventure Time. It is the home of Finn, Jake, and all their friends and foes. It is divided into many different kingdoms, of which the most prominent are the Ice Kingdom, Candy Kingdom, Castle Lemongrab, Wildberry Kingdom, Lumpy Space, Fire Kingdom, and the Cloud Kingdom. There are also many geographical areas not known to be part of any kingdom, such as the Evil Forest and the Bad Lands.

Frederator Studios released two different official maps of the Land of Ooo along with the original Adventure Time pitch documents: the black-and-white map and color map, both seen in the gallery below. Of these, the black-and-white one drawn by Ghostshrimp is probably more accurate for several reasons:

Its general shape matches the aerial view of Ooo seen in "Business Time" (see the picture in the gallery below).

A slightly modified version of this map appears on Princess Bubblegum's hologram map in "The Other Tarts."

On the black-and-white map, the names of certain places match up with the names used in the show and by its creators, while some of the names on the colour map do not.

Map-only locations

The two official maps show many locations that have never been mentioned or seen in the show. Nothing is known about them other than what appears on the maps.

On the colour map, a Mystery Temple appears on an island off the east coast of Ooo. It resembles a Mesoamerican pyramid. Also on the colour map, the Fire Kingdom is labelled "Burning Lands" and the Grass Lands are called the "Verdant Plains." An area called "Red Rock Cliffs" might correspond to Red Rock Pass, and a note indicates that Marceline's cave is located there.

On the black-and-white map, there are many places that have never been seen in the show. To the north of Ooo is the Sea of Something, which contains a small island chain called the Shiney Isles, which appear to have crystals on them. The warrior known as The Farm hails from this island chain. On a northern peninsula near the Ice Kingdom are the Unknown Lands. In the comic, this place seems to have a purple hue. A cloud or island in the northwest corner of the map is called the Cloud Forest, which appears to be covered in clouds with trees on top of them.

The Sea of Sure Death is off of the southwest coast of Ooo, near the Lost Cliffs. The map shows a dragon in the sea near there. The Isle of Steam appears off the coast of Ooo next to the Fire Kingdom. Just to the south of it is the mysterious Chicken Blood Cove. The Squid Ink Sea is to the southeast of Ooo and features several unidentified islands. In the ocean near there is a Whirlpool of Sharks. The Floating Gems appear to be diamond-cut isles floating in the sea on the easternmost edge of the Land of Ooo.

The Haunted Swamp is just east of the Grass Lands and north of the Spooky Forest. Strangely, in the hologram map that appears in "The Other Tarts," it is labelled "The Haunted Swan," though this is likely an error. The Hole Near the Center of the World is, as its name suggests, a hole near the middle of Ooo.

## Government

Ooo exhibits a mix of democracy, dictatorship, feudalism, as well as what appears to be a despotic monarchy in all of the Kingdoms of Ooo except Fire Kingdom (an absolute hereditary monarchy), Ice Kingdom (a borderline of despotic or absolute monarchies as depends), and the Candy Kingdom. The Candy Kingdom in particular slowly developed into a mix of absolute monarchy authoritarianism beginning in Season 2, culminating in the Season 6 finale, when the land held its first (and most likely only) election to replace Princess Bubblegum. King of Ooo subsequently ruled the land for a few months, but the citizens eventually rebelled against him and reinstated Bubblegum. In "Gumbaldia" after Gumbald officially revealed to everyone (including Finn and his rival and creator Princess Bubblegum) at Finn's Birthday of his returned, Its quickly shown his new City-State Gumbaldia they quickly formed to resemble a despotic hereditary monarchy in contrast to the original Candy Kingdom until just in short time after events of "Come Along With Me" that Gumbald returned into as Punchy, As resulted Lolly has given all political power from Gumbald to her thus reduce as another despotic monarchy like any other Kingdoms in Ooo and with recognition by Bubblegum as the separate Candy Kingdom as part of Gum War treaty.

Most kingdoms are ruled by one or more members of royalty, such as the Ice Kingdom and the Fire Kingdom. The Grand Meeting of Ooo Royalty shows that the various rulers of Ooo meet together (except Earl of Lemongrab) for discussions on a regular basis, though the topics are not revealed. A similar event called Princess Day is also held every year. No republics are known to exist in the Land of Ooo.

Dictatorship is only exhibited in "The Silent King" where Xergiok takes control of the Goblin Kingdom by force, and by the Earl of Lemongrab after the escape of Lemonhope, who turns the entirety of the Lemon Earldom into a totalitarian city-state until "Lemonhope Part 2," in which the earldom was made into a constitutional monarchy city-state after both Lemongrab 1 and Lemongrab 2 exploded and Princess Bubblegum stitched them together to create Lemongrab 3, who took over as ruler of the earldom of Lemongrab.

Party Pat is the chief of the Bears, but they do not display any form of government, except for possibly nomadic tribal chiefdom as Pete described his group at end of his speech. In the episode "Paper Pete," Mildwin is the democratically elected leader of the Moldos.

In the episode "The Mountain," the Mountain of Matthew seems to be a theocracy with the leader being Matthew, who is actually formed by several humanoids. The mountain's only guardian is also formed by several humanoids. This guardian acts more of a Holy guard to the Mountain of Matthew rather than a normal guard, as other guards are in the rest of the series.

## Military

Ooo has also not been shown to have an army or any type of military force that protects the land as a whole. Therefore, each kingdom provides its own military or police force. The most prominent example of this would probably be the Candy Kingdom, which has fortified walls (albeit candy ones) and the Banana Guards, along with other security forces. On the other end of the spectrum is the City of Thieves, which appears to have no police force whatsoever, and all of the citizens constantly steal from one another.

One could argue that Finn and Jake are the official militaries, but it has not yet been confirmed.

## Religion

One of the primary deities worshipped in Ooo is Grob Gob Glob Grod. The Cosmic Owl apparently is also known as some kind of spiritual entity that appears in premonition dreams. Ooo seems to have a number of other potentially godlike beings such as Party God and Death.

In "Video Makers," Shelby wears a clerical collar often worn by Christian priests. In "The Pit," Shelby and his collar reappear, and it is revealed that Shelby can actually bless objects, imbuing them with a certain degree of holiness. Although it may just be a throw-away joke, this turn of events seems to suggest Shelby may actually be some sort of priest.

In "Holly Jolly Secrets Part I," many Christmas-themed items appear, but none of the characters shows knowledge of the holiday itself (instead of Christmas, the holiday is called a day for wearing sweaters and watching secret tapes). Natasha Allegri has stated that the picture of a mother and child in Marceline's house is Mary and baby Jesus.[citation needed] However, there's no direct evidence that Marceline actually holds religious beliefs, and the significance of the picture has never been addressed by the characters. Since Marceline is over 1000 (and is shown in "I Remember You" as having lived through the "Mushroom War"), if anyone remembers, it would presumably be her.

In the episode "Marceline's Closet," just before Finn and Jake play Cloud Hunt, Jake mentions a central Buddhist philosophy. When asked what he is doing, Jake responds with, "Eliminating desire from my heart. It helps pass the time." This is the ultimate goal of the Eight-Fold Path and a central idea behind the four noble truths. Jake has also stated his belief that when he "croaks" his consciousness will become one with everything while Glob tallies his deeds. This statement is a rough combination of several religious beliefs; that upon dying one's soul becomes part of everything and that one's deeds in life determine the soul's fate after death.

In the episode "The Vault," the Regression Simulator game on BMO announces that it is the hypno-priest.

In the episode "The Mountain," Lemongrab 3 goes on a seemingly spiritual quest to merge with Matthew, who religiously believes that he could fix everything though world domination.

Rebecca Sugar has stated that Abraham Lincoln is the equivalent of Jesus in Ooo.

Currency

The only currency shown in the series is dollar bills and coins, although some store owners (Choose Goose) prefer barter. The dollar is made in at least two sizes (regular and giant). The dollar is first shown in "The Enchiridion!" when Finn steals a giant dollar from an Ogre. The dollar is also seen in "To Cut a Woman's Hair," when Finn pays Simon to play his violin. The dollar probably does not come in a tiny size, because then Finn would have used a tiny dollar to pay Simon. Dollars appear again in the episode "Donny" when Mr Bank puts himself together. Also, in the episode "Hitman," the Ice King tries to pay Scorcher not to kill Finn and Jake. Gold and jewels are also used, and even accepted as a form of tax payment in "Burning Low." In "Be More," an LMO waves a dollar bill while another one rolls a pair of dice. In the episode Blank-Eyed Girl, Finn eats from a restaurant and pays using a Dollar-like note.

There is also a penny shown in "Sons of Mars," when Abraham Lincoln tries to use it as payment (and apparently has succeeded before). In "Guardians of Sunshine" Jake attempts to take one of the game's coins to the real world, but, much to Jake's disappointment, it turned into a penny when it was removed from the game.

There are also other coins shown in "Davey" when Finn takes some from a fountain. In the episode "James," James used a coin to fix the radio signal.

Languages

English seems to be the primary language in Ooo, though many others seem to be spoken:

Korean: Rainicorns speak and write in Korean; Jake and Princess Bubblegum can understand it, but they speak it infrequently, if at all.

German: In "What Have You Done?," "Frost & Fire," "May I Come In?," and "Go With Me," Princess Bubblegum spoke a bit of German. Also, in The Adventure Time Encyclopædia, German is said to be the preferred language of demons. In "Bonnibel Bubblegum," it is used several times by Bonnibel's family.

French: As shown in "Incendium," the Flame King speaks some when talking to Jake. Jake sings Alouette, a song sung in French, in "Holly Jolly Secrets Part II." Also, in "The Real You," when Finn's finger and Jake are in the Apple Classroom, a poster at the back of the room can be seen, with the month "Avril" (French for April) written on it.

Japanese: In "Marceline's Closet," Jake says a Japanese phrase. Jake also spoke some Japanese in "Return to the Nightosphere." And in "Gut Grinder," one of the soft people called Jake "kawaii" (meaning "cute"). In the episode "Candy Streets," when Finn and Jake enter the Pharmacy, on the wall behind Ann are the katakana characters "ファーマシー" (fāmashī) which mean "Pharmacy." In "One Last Job," Jake stretches his arm into a hole in a log in the wall; it is hollow inside and Jake is shown reaching up to it. When Jake's hand reaches the top of the inside of the hollow log, he is seen pressing a button with a label above it in which appears to be Japanese text.

Latin: In "Hug Wolf," the book Jake consults to discover what sort of beast Finn turns into after he is hugged by the alpha hug wolf, has its title in Latin. Also the wizard Bufo, who first appears in "Wizard," takes his name from the Latin word for toad: "bufo." The incantation used to open a portal to the Nightosphere ("Maloso vobiscum et cum spiritum") is also pseudo-Latin and is an inversion of the actual Latin phrase, "Dominus vobiscum, et cum spiritu tuo" (meaning, "May God be with you, and with your spirit") often used in the Latin Catholic mass. Finn also speaks Latin while facing off against the Gladiator Ghost in "Morituri Te Salutamus." Similarly, the spell to summon Kee-Oth the Blood Demon appears to be engraved in pseudo-Latin and reads: "BUTYRUM LAC SUREPO KEE OTH PRADIUM." This translates, albeit very roughly as, "Buttermilk, syrup, breakfast, Kee Oth."

Spanish: In the episode "The Party's Over, Isla de Señorita," several Spanish words and phrases are spoken, particularly when Island Lady sings about Ice King hanging around with her. In fact, the phrase "Isla de Señorita" is a Spanish phrase which translates to "Island of Lady." In "Paper Pete," one of the books Finn runs past as he brings the Moldos to Jake reads "Carne," Spanish for "flesh." On the same shelf, another book reads "Diccionario de los Muertos," which translates to "Dictionary of the Dead." Jake spoke a bit of Spanish in "Wheels," referring to Kim Kil Whan using "mi'ijo" which translates to "my son."

## Post-apocalyptic setting

Pendleton Ward, the creator of Adventure Time, has stated both in an interview and in his FAQ page that the Land of Ooo is actually a post-apocalyptic Earth, the result of a global disaster called the Mushroom War, hence the ruined pieces of modern technology scattered across the land. From "Sons of Mars" and "Orgalorg," it is revealed that Ooo is very close to the massive crater if not inside it; the crater seemed to be covering what used to be Europe.

It is possible that Finn may be the sole human being left in Ooo. It is also possible that the Mushroom War is responsible for killing off all the other humans, or that they mutated into the current and varied inhabitants of the planet. In "Her Parents," Lady Rainicorn's parents mention that they wanted to eat Finn because they never thought they would get the chance to eat an actual human, implying they are either extremely rare or extinct.

For more information on Finn as the last human, see the "Status as the last human" section on Finn's article.

In "Simon & Marcy," the Land of Ooo (or at least part of it) used to be a pre-Mushroom War territory or country called the "Wut-Wut State" as shown on a food truck's registration plate.

---

Me: This is the Land of Ooo guys.

Qin: Wow! It's beautiful.

Finn: It sure is. But I found out that the Land of Ooo has a really dark history from before it was even made.

Me: Yeah and it's not pretty. It was made because of a terrible apocalyptic event that wiped out much of the human race.

Qin: What was this event?

Nico: It was called the Great Mushroom War. Nuclear Holocaust.

Qin gasped in shock and horror.

Qin: That's horrible!

Skyla: Hardcore terrible.

Me: Yeah. This is what happened.

I showed a holographic picture of the Earth in the world of the Land of Ooo and they saw that 15% of the planetary structure had been blasted to space dust.

Skyla: Whoa! That's horrible!

Qin: I can't believe that all that happened!

Finn: It was rough learning about it.

Jake the Dog: Yeah. It was really shocking to learn about that.

Me: Yeah.

Flame Princess: It was awful when that happened.

Finn: Let me show you guys around the house.

We went into Finn's House and it was beautiful and amazing. It was just as amazing as a Kids Next Door Treehouse.

Numbuh 1: Wow. I got to admit though Finn. Your tree fort is most amazing.

Finn: Thanks Numbuh 1.

Jake the Dog: It's really awesome huh?

We saw the many rooms and it was amazing. We then saw many locations all over the Land of Ooo and Lola's favorite was the Fire Kingdom and Lana's was the Candy Kingdom. Qin met our friends in Ooo and they were awesome.

Later we were over in the strange and interesting city called Paradigm City, the City of Amnesia. It was a strange and foreboding place and it was loaded with crime and unrest.

---

The main setting of The Big O is Paradigm City, located next to a sea and a vast desert. Androids coexist with the human inhabitants of Paradigm City; their numbers are actually fairly low and they're something of a rarity, but there are enough of them that they are considered citizens of the city.

## History

It is never revealed what Paradigm City was before the Event, but there have been numerous hints to it previously being the United States city known as New York City. It is highly possible that the entire state of Paradigm may even be the island of Manhattan.

Paradigm is known as The City of Amnesia, as 40 years prior to the story, an unknown occurrence known only as "The Event" decimated the outside world and left the survivors without any memories.

The Event makes for the main question of the series, "What happened?" The Event's causes remain unknown. Aside from that, people's memories and all records of prior events were erased. Memories recovered by Roger Smith and the "tomatoes" (clones of Paradigm City's senators), suggest that an army of Big Megadeus's attacked and destroyed the city, before turning on each other.

It is heavily suggested at the end of the series that Paradigm City, and possible surviving outposts of humanity throughout the world, are battlefields wielded between cosmic powers of good and evil. To this end, the megadeuses act as representations of God. At the end of season 2, it is demonstrated that Big Venus, another big megadeus, possesses the ability to alter reality and time, possibly accounting for the unusual stage-like design of the city its surrounding locale. Paradigm City could, then, be the ultimate battleground for the final battle between good and evil.

## Culture

The inhabitants of Paradigm City appear to only remember bits and pieces of what religion was like before the Event, though numerous episodes show its inhabitants practicing Christianity, or at least Christianity in some shape or form, as people congregate in meeting places with crucifixes prominently displayed. It is revealed in "Daemonseed" that almost no one remembers what Christmas is at all, and several old cathedrals now stand in ruins, their original purpose unknown (some of the elderly occasionally feel compelled to stand in front of them and sing hymns, but they do not clearly remember why they do this). Half based on vague memories of a holiday on December 25th, and half as a celebration to commemorate the founding of Paradigm City; which happened around the same time of the year; Christmas Day is now celebrated as Heaven's Day. Heaven's Day is apparently an almost entirely secular holiday, which started out as an annual celebration of the founding of the city by giving bread and wine to the poor. As the city grew more prosperous over the course of 40 years, people started giving presents to the ones they loved, and it grew into a commercial shopping extravaganza not unlike modern day Christmas celebrations. The inhabitants of the city still put up generic Christmas decorations like decorated Christmas trees and streamers, but they don't really know the underlying reason behind all of this. Alex Rosewater seems to be the series' only character with knowledge of pre-Event Christianity. In "Daemonseed" Dastun mentions that Rosewater had in his possession fragments of a "Book of Revelation", although neither Dastun nor Roger had previously heard of it. It is possible that Rosewater also has other fragments of The Bible, as Rosewater describes the real meaning of Heaven's Day as being "the day God's son was born." Whether he was referring to a memory of the original holiday, or to himself in comparison to his father is unknown.

## Surface

Paradigm City itself is essentially a city-state, characterized by severe class inequity; the upper classes residing inside geodesic domes and middle and lower classes, living outside the domes. At many times during the series Alex Rosewater, director of the Paradigm Corporation, does not care about those living outside the domes, and that the city would be better off without them.

In "Bring Back My Ghost" we see that the Land Buyout Riots occurred over increasing the number of domes.

In "Twisted Memories" the areas outside the domes are called the Illegal Residential Sector.

Each dome in Paradigm City has its own artificial "sun", a source of light that orbits, rising and setting, along a track along the inside span of the dome. Bright and direct sunlight is considered something of a luxury, the city having been under a near-constant state of cloudy overcast ever since the Event. The structure of the domes is conventional; they appear to be built of heavy steel girders. The largest is Paradigm Dome at the city center; it contains the Paradigm Corporation headquarters. The structure of the domes themselves also become important during some of Roger Smith's battles in the Big O, such as his fight against Schwarzwald in "Enemy Is Another Big!". Schwarzwald says that the domes are "false skies".

Roger travels to various areas of the city to meet with his clients as well as get information from an informant called Big Ear at the "Speakeasy", a bar/pub outside the domes. He also travels to the Paradigm Dome for a few jobs, although he despises the company.

## Underground

The old underground subway and maintenance systems were abandoned after The Event, as everyone was afraid to go below the surface of the city. Many believe that hidden secrets from before The Event lurk in these unexplored tunnels. Secret laboratories and other installations from before The Event are located in the underground. Roger Smith is unafraid to use the old subway system as a means of quickly transporting Big O around Paradigm City as needed: an immense tank-like vehicle that contains the Big O uses the subway tracks to maneuver around the city and then raise the Big O on a platform so that it may drill forth from underground. As a result, no one can track Big O's movements to Roger's house. However, even Roger has only mapped out the basic subway grid to use to move Big O around, and even to Roger almost all of the underground is an entirely separate world that he is afraid to go into. In "Underground Terror", Roger ventured further down than he had ever been before, and found that the deeper you go the more modern the surroundings become; newer installations were built below the older ones. Thus while the tunnels near the surface are simply old subway lines, the regions very deep down are from right before the Event and house exotic technologies that are unknown on the surface, such as the ruined Archetype found by Schwarzwald. It is revealed in the final episode that the deepest level is where Big Venus lays dormant until it is reactivated by Angel.

## Coast

A large portion of the city is also submerged in shallow water just off the coast. It appears that during the Event there was either a massive rise in sea levels or an earthquake caused a large portion of the city to sink into the sea, or both. Taller buildings can still be seen protruding from the water. The submerged city acts as a large artificial reef, attracting a large amount and variety of fish and other ocean life, which is harvested to help feed the city's population. In "The Call from the Past", it is shown that even after 40 years, many submerged buildings still have electricity and are intact.

## Electric City

In "Electric City", Roger Smith is dispatched to Electric City to negotiate with the locals for the reactivation of the hydroelectric power plant. The city is located in a stretch of hilly forest with a large lake and river that appears to lead to Paradigm City. The fact that Electric City was spared the destruction of the Event was probably due its close proximity with Paradigm City, whose domes and skyscrapers can clearly be seen a short distance off. It's entirely possible that Electric City was a suburb or fringe city of Paradigm which was built along the shores of the lake, given that the Paradigm Corporation appears to own and operate the power plant. Also, Big O somehow is transported to this remote area, suggesting that Electric City may have access to part of the Paradigm City subway system which Roger Smith uses to move the megadeus.

The city is smaller than Paradigm City, but resembles it. However, unlike Paradigm, the city was without any form of modern utilities. Citizens are frightened of a monster that is said to live in the lake, so they live by torches and other primitive means and refuse allow the power plant to be reactivated.

Angel, under the guise of Casseey Jenkins, investigator for Paradigm Power Management, re-activates the hydropower plant. A Megadeus Eel emerges and Big O arrives to destroy the giant electricity stealing eel. Once destroyed, Electric City briefly lights up with electric power discharged from death of the giant Eel.

Electric City is the only known city to exist outside Paradigm City. Its existence later in the story seems to be forgotten as to much story eludes to that city is surrounded by sandy wastes vs some urban forest and sand wastelands (however, several flashbacks in later episodes show the Paradigm Corporation retrieving the body of the Eel from the lake and then producing a clone of it).

## City Limits

Beyond Paradigm City, there is nothing: whatever happened in The Event 40 years ago turned the rest of the world into an endless desert, and Paradigm City is believed to be all that remains, to the point that its inhabitants mock the idea of surviving "foreigners" as myth. However, during the course of the series a group called "The Union" surfaces which appears to be made up of foreigners who are infiltrating the city.

The Union are the French. They sing a version of La Marseillaise. ("Stripes", "The Third Big").

The only culture referenced is that of the Germans (Dastun's quote "He's a German Guy.")

It is also perplexing that while English appears to be the only spoken language, Roger easily translates "Schwartzwald" to "Black Forest". In the original Japanese Dub, this translation isn't used, however, Schwartzwald speaks German numerous times. Later, in "Winter Night Phantom", neither Dastun or Smith understand French.

## Economy

Despite the limited territory, the city has an extensive industry. There are fields contained within domes where crops are grown to feed those within, such as the fields of wheat and tomatoes owned by the retired Gordon Rosewater. Genetic engineering is widespread. There are several corporations for constructing Megadeus's and the armored vehicles of the Military Police.

## Technology

The technology seen is similar to the level seen in the 1940's and 1950's. Some technology is from the 1990's.

Submarines are largely unknown, though the Paradigm Corporation operates a corps of frogmen with SCUBA gear in "The Call from the Past". Boats are used by the Military Police and the fishing fleet. Aircraft are used in "Missing Cat" and by the Union. Only Big Duo and Big Duo Inferno are flight capable.

Dan uses an electric megaphone in "Bring Back My Ghost".

The news media uses cameras. ("Eyewitness")

Dan Dastun and Schwarzwald are always seen using a typewriter and filing cabinets.

The Military Police use slide projectors and metal detectors. ("Daemonseed", "Winter Night Phantom")

Telephones and radios are limited to the Paradigm Corporation and the Military Police. ("Bring Back My Ghost", "The Call from the Past", "Winter Night Phantom")

Televisions, always with black and white color, are used only by the upper class. ("Hydra", "R.D.", "Stripes", "The Call from the Past", "The Greatest Villain", "The War of Paradigm City", "Winter Night Phantom")

Compact discs are seen in "Negotiations with the Dead" and "Day of the Advent".

Alex is seen with an orbital calculation display system in "Day of the Advent".

We hear of the film industry in "Winter Night Phantom", "The Big Fight", and "The War of Paradigm City".

Roger has access to some of these technologies due to his command of Big O.

## Government

It is ruled by the Paradigm Corporation, a corporation that owns all the businesses. There are several mentions to a senate that founded the city and once held power in "Winter Night Phantom". By the time of the story, all the senators have retired and the Paradigm Corporation controls the city. The Military Police also are controlled by Paradigm.

Bureaucracy

Fire Department ("Twisted Memories", "Winter Night Phantom")

Justice Department ("The War of Paradigm City")

Military Police

Medical ("Twisted Memories", "The War of Paradigm City")

(Red Cross and Red Crescent)

Paradigm Press ("Enemy Is Another Big!", "Underground Terror")

Power Management ("Electric City")

Prison system ("Beck Comes Back", "The Greatest Villain", "Twisted Memories", "Winter Night Phantom")

Science Division ("Day of the Advent", "Eyewitness", "Hydra")

Paradigm Corporation

The Paradigm Corporation is run by Alex Rosewater, son of original founder of Paradigm City and the Paradigm Corporation, Gordon Rosewater. The Paradigm Corporation is made up of divisions such as Paradigm Press, Paradigm Laboratories and Research. To his displeasure, Roger Smith is often hired by the Paradigm Corporation or Alex Rosewater.

The company's logo is a stylized P, in a combination of Art Deco Streamline Moderne styles. Its headquarters are in a vaguelly Babel-like axial tower, at the center and protruding through the top of the city's largest dome.

Stage

In "The Show Must Go On", as Roger's Megadeus sinks into the sea, he sees below the submerged portion of the city, what appears to be a large series of gigantic gears and mechanical equipment below the ruins, lending support to the theory that the entire city itself, even the old submerged ruins, may just be a fabrication. Enormous, megadeus-sized stage lamps are hung from a structure high above the city, reinforcing the suggestion that the city is a stage, although the population is unaware of them as they are concealed by clouds.

Real Life

Paradigm City may be modeled after New York City. Although Paradigm City might be New York City, or an imitation of it, it is much more expansive than the New York City of today. While there are recognizable landmarks from New York City's past, i.e. the Grand Central Terminal building apparently expanded in all directions and within the old boundaries itself. Paradigm City was actually "founded" on the ruins of an earlier city; details are scarce but it appears that Paradigm City is considered to have been founded when the domes were constructed and order re-established after chaos ensuing The Event, but that much of the city predates that. The ruins that the "new" Paradigm City was built on were meant to sustain a much larger population than the current city supports: the city is only filled to about half the capacity that it could potentially sustain. As a result, the Megadeus battles that cause massive property damage aren't much of a problem, as they either destroy abandoned buildings, or people displaced from destroyed buildings can easily find more that are available.

"Day of the Advent": we see a map of the city's sea borders.

"Roger the Negotiator": the World Trade Center can be seen in the distance. (The anime was made before the September 11 attacks.)

"Bring Back My Ghost": it is mentioned that Officer Fraizer fell into the Hudson River.

"Missing Cat": the antagonist's base is in what appears to be the American Museum of Natural History.

"Enemy Is Another Big!": JFK Mark (John F. Kennedy International

Airport) (the ruins are at the edge of the wastelands, which suggests that almost everything beyond the airport ruins has been destroyed)

"Leviathan": the remnants of the Coney Island amusement park and the Cyclone roller coaster are shown.

"Eyewitness": the android killer is shown wearing a New York Yankees baseball cap.

"Stripes": Angel finds herself drawn to the ruins of Grand Central Terminal.

"The Third Big": Big Fau rises out of the ground through the Washington Arch.

"The War of Paradigm City" or "The Show Must Go On": Roger sees Vera in what appears to be Lincoln Tunnel.

Whenever he visits Big Ear, Roger drives over what appears to be the Brooklyn Bridge.

Roger Smith pays Big Ear with United States Federal Reserve Notes.

Ohra: Welcome to Paradigm City, guys.

Tso Lan: It's worse then we thought. Much worse.

Me: It sure is.

Qin: These domes they live in are huge!

Nico: They sure are.

Bertrand: (to Ohra) So this is where you lived before?

Ohra: Yep. Until it became a nightmare from Hell.

Me: You guys are gonna love my friend Roger Smith. He takes his job as the Negotiator very seriously.

Nico: This is gonna be cool.

Me: Just wait until you see the big robot he pilots.

We went into a huge dome and at a local bar we saw my friend Roger Smith.

Big O Roger Smith: Well its been a long time J.D.

Me: It sure has Roger. How have things been?

We shook hands.

Big O Roger Smith: Same old same old. Trying to bring criminals to justice.

Me: Always busy on our part too. As long as evil exists, crime will never rest.

Nico: It sure won't.

Big O Roger Smith: It's nice to meet you guys.

Brawl: Same here, Roger.

Laney: J.D. told us so much about you.

Big O Roger Smith: I'm sure he did.

Dorothy: J.D. it is good to see you again.

Me: Same to you Dorothy.

Prowl: You know what's funny? There's another Roger Smith with us. The one who's an alien.

American Dad Roger Smith: That's me!

Big O Roger Smith: (Laughs) We do have the same name huh?

We laughed.

Big O Roger Smith: So what brings you all to Paradigm City?

Me: We're here to find out why it's called the City of Amnesia. We're gonna dive into the city's background and find out.

Big O Roger Smith: I see. Follow me.

We went to the cities records and archive computers and accessed them.

Me: Okay lets see. City history.

I typed in the codes for it and found out that there was a firewall and a password was needed.

Me: It's encrypted. Luckily I know what to do.

I used my hacking skills and deactivated the Firewall.

Me: We're in.

I pulled up the info and found out a shocking discovery! 40 years ago, Paradigm City before it became that was actually New York City in another Earth in another universe and it was ruined when the president and founder of Paradigm City, Gordon Rosewater, declared war on the world and after bombing much of New York City with powerful bombs that obliterated much of the city, he sealed up many of the civilians memories and made sure they wouldn't remember what happened during that time. He then turned New York City into a capitalistic city and empire called Paradigm City and called it the City of Amnesia. His son Alex Rosewater is now the head of Paradigm Corporation and he now runs the city along with his white collar business and organized crime rates. Robbing the poor of their money and making sure they have nothing.

I gasped in shock!

Me: Oh my god!

Big O Roger Smith: What is it?

Me: This is horrible.

I revealed everything.

Everyone gasped in utter shock!

Qin: That's horrible!

Nico: Whoever is responsible for all that is in really big trouble!

Me: Yeah. With a one way ticket to the pain of the Warp. Someone fucked around with this city big time.

Francis: Who's the guy responsible for this fucked up city anyway?

Me: It says his names is Gordon Rosewater, president and CEO of the Paradigm Corporation and founder of Paradigm City.

Big O Roger Smith: I can't believe he would do this!

Me: That's why you can't remember anything Roger. Let me show you.

I fired red scanning lasers into his eyes and unlocked all of his memories that were sealed up. He was shocked and now he realizes the whole truth!

Me: Now his son Alex Rosewater is running the city.

Shocker: Wait until I get my hands on that Rosewater jerk!

Me: He will pay for his crimes.

Ohra: So he is the monster that robbed me of my memories! I will make him pay for this!

Nico: We all will. And get this city back on it's peak of prosperity.

Naruto: That's right.

Big O Roger Smith: But first can you help my friend Angel? She is going through some rough times.

Me: We'll see what we can do.

We followed Roger and we arrived at the mansion of Angel. She was outside sitting on her porch crying.

Big O Roger Smith: Angel?

Angel: (Crying)

Me: Angel. I'm J.D. Knudson of Team Loud Phoenix Storm.

Angel: (Crying)

Big O Roger Smith: Angel I know you're going through some rough times but let us help you.

Me: We know the truth about what really happened to Paradigm City.

Angel: (Sniffles) You do?

Me: Yeah and it's not pretty.

Angel: Come on inside.

She went back in and we saw that she had two nasty scars on her back that looked like they were the marks of where angel wings were severed from.

Me: Jeez how did you get those scars?

Angel: I don't really know myself.

Me: Hmm.

We sat down and talked.

Me: Angel let us help you.

I unlocked her memories.

Angel then remembered everything! She was really a true angel named Angel and she had her wings severed by Alex Rosewater and destroyed and made her life a living nightmare and all that. She then hugged me and cried hard into my chest.

Me: Angel.

She told us everything and we all gasped in shock!

Lori: That's literally horrible!

Lori Jimenez: I can't believe he would do that to you.

I comforted Angel.

Me: Angel it's not the end of the world. I can give you your wings back.

Angel: (Sniffles) You… You can?

Me: I sure can. My powers are omnipotent and I have the power to do anything.

Angel: (Sniffle) Thank you J.D.

Me: You're welcome. Here come your wings.

Angel turned around and I placed my hands on her scars and then my hands glowed blue and Angel screamed in pain as bones sprouted out of her back and they were covered with flesh and then blue feathers grew. She had her wings return to her!

Nico: WHOA!

Laney: Wow! Her wings are beautiful.

Big O Roger Smith: Wow!

Me: There you go Angel.

Angel saw that her wings were back!

Angel: My wings are back!

Skyla: Wow! That was incredible!

Angel then hugged me and cried in happiness.

Lincoln: Yang let me give you your arm that you lost back.

Yang: You would give me my arm back Lincoln?

Lincoln: I sure would.

Yang then took off her gauntlet.

Me: How did you lose your arm by the way Yang?

Yang: Adam chopped it off in the battle of Beacon and I had this gauntlet made for me by James Ironwood.

Laney: Wow.

Lola: I'm sorry that happened to you.

Yang: Thank you.

Me: I'm glad I hakaied him.

Lincoln then placed his hands on the stub of her arm and they then glowed orange and Yang screamed in pain as bones grew and then muscles and tissue and then skin. She had her full hand back!

Yang: (Gasp!) I have my hand back!

Ruby Rose: WHOA! That was incredible!

Nico: Amazing!

Yang then hugged Lincoln and thanked him a lot by squeezing him in between her breasts.

Yang: THANK YOU THANK YOU THANK YOU THANK YOU!

Lincoln: (Muffled) I can't breathe.

Yang saw that she was squeezing too tight.

Yang: Oops sorry.

She let him go.

Me: Now we can make Alex Rosewater pay for his crimes.

Vambre: (British Accent) Lets do it!

Agony: We can sense where Rosewater is.

Venom: So can we.

Me: No need. I know where he is. Lets do it.

We went to Paradigm Corporation!

---

At Paradigm Corporation, Alex Rosewater was calling people.

Alex Rosewater: I don't care about the Poor! They must be put in their place!

But then Numerous stars appeared out of nowhere in the room and the singing of angels from the heavens was heard and filling the room.

Alex Rosewater: What an amazing lightshow.

Then we popped out of the stars and we were in the office of ALEX ROSEWATER!

---

Alex Rosewater is the main villain in the animated TV series Big O. He is the chairman of the ruling corporate organization known as Paradigm Corporation.

Biography

He is the founder of Paradigm Corporation and he was the son of Paradigm City's founder. He shows great contempt for the poor of Paradigm and the foreigners living in the city; going so far as to appreciate some of the catastrophes that befall the city as they "clean up some of that abominable mess" (referring to the people outside the domes). For Alex, Paradigm's true citizens are those within the domes. Alex always wears a white suit in direct contrast to Roger Smith's black one.

Alex possesses an unquenchable thirst for power, and an "ends justify the means" philosophy. Despite being more or less the absolute ruler of Paradigm City, Alex harbors dreams of even greater power and will stop at nothing to achieve them. The power that he desires is the power of the megadei, specifically the "Big" type megadei, as he believes that their pilots are "agents of the power of God". Alex sees himself as privileged as being the son of Gordon Rosewater, and at times acts as a "spoiled child", as observed by Vera Ronstadt. Although he appreciates the power of Big Fau, he treats it as his toy, even going so far as to crafting a miniature version of Big Fau to play with as seen in Act 22.

As Season 2 goes on, Alex develops a messianic complex, after reconstructing Big Fau and starting to pilot it. Initially, he is rejected by the megadeus as its pilot after using it to easily destroy a Union megadeus. After the Union megadeus was dealt with, Big Fau displayed the message "Ye Not" as it fired its dorsal beams into the already damaged cityscape. He manages to get it to work properly only after rigging it with Dorothy's memory core, so it is unknown if he is indeed its true pilot. After he enters the megadeus for the second time, his mental state seems to continually degrade much like Schwarzwald's did after coming into contact with Big Duo. During the Union bombardment of Paradigm, he declares that he will create a new world and destroy those who don't deserve to live in his world, specifically the people who live outside the domes and the Union. It is revealed in Act 25 by Big Fau that he is not really Gordon's son but merely one of his many artificial children. As his battle with Roger drags on, Big Fau inserts cables into Alex's back, apparently fusing itself with him. Though half of Big Fau is vaporized by Big O's Final Stage weapon, Alex survives and aims to finish Roger off, however, before he can do so, he is erased by Big Venus.

Torch Man: Hey there, Rosewater. Expecting someone a little less out for your blood?!

Me: So we meet at last Rosewater. It's over for you.

Alex Rosewater: So we do Team Loud Phoenix Storm. Now I can kill all of you and make sure my rule is supreme!

Nico: Over my dead body you are!

Angel: That's right!

Angel then spread her wings and Alex was shocked!

Alex Rosewater: IMPOSSIBLE! How did you get your wings back!?

Me: From a place called none of your fucking business!

Dark Spicer, Electro, Bane, Vulture, Firefly and Captain Cold then appeared.

Me: Dark Spicer, Electro, Bane, Vulture, Firefly and Captain Cold.

Electro: I got to admit though, these domed cities are amazing.

Lincoln: They sure are.

Dark Spicer: (to Big O Roger Smith) Here's your warning: Your ass is about to be kicked!

Me: Not if he kicks your ass first.

Dark Spicer: I have two new aliens to show you.

Me: Lets see them.

Dark Spicer then transformed into a mutant version of Pesky Dust. Except he had bigger scary butterfly wings and red skin and sky blue eyes and sky blue hair and he had red skin and had blue clothes.

Nuisance Powder: Meet Nuisance Powder!

Star Man: Isn't that the one that puts people to sleep?

Nuisance Powder: It sure is!

Nuisance Powder released a powerful stream of dust that made Star Man fall asleep.

Nuisance Powder: I should take this time to go into Star Man's dreams.

Firefly: I always wondered what Star Man dreams about.

Maria: (SQUEALS) THIS IS THE CUTEST VERSION OF PESKY DUST EVER!

Ben: (Offended) HEY!

He went into Star Man's mind and saw him dreaming about the beautiful beauty of the endless void of outer space and it was amazing.

Nuisance Powder: Wow! He's dreaming about the stars of space. Then again he does use the stars as part of his powers.

He came out and he turned back.

Dark Spicer: Here's my second one.

He then turned into a new version of Mole-Stache except he had green skin, a longer weasel-like body and he had a full fledge beard and mustache and buck teeth.

Weasel-Beard: I call this form… Weasel-Beard!

Impact Man: Does this mean you have a mustache right now or a beard?

Weasel-Beard: Either one is fine.

Weasel-Beard sent powerful fists of his mustache at Impact Man.

It punched him and knocked him down.

Me: That's a powerful beard.

Nico: No kidding.

Weasel-Beard: Watch this one.

He then started tickling May and she was laughing uncontrollably.

May: (LAUGHS) STOP IT! STOP IT!

Weasel-Beard: Say Uncle!

May: (LAUGHS) STOP! (LAUGHS)

But then…

FFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRRTT

May farted and blushed.

Me: Oops.

Dark Spicer was coughing and gagging all over and he even threw up.

May: Sorry. I'll get you for that DARK!

Nico: That was funny.

I slapped Nico on the back of his head.

Nico: Sorry.

?: That was really funny though.

A figure came out and it was TARANTABOT from episode 28 of Zeo!

---

After the shrunken Red and Pink Zeo Rangers managed to escape a giant tarantula in a cage thanks to the Gold Ranger, an angry Prince Sprocket told his father the problem, but King Mondo happily managed to calm him down by having Klank & Orbus present a giant robotic tarantula to destroy the Rangers. Tarantabot was a lot stronger compared to most of the Machine Empire's minions and easily dominated the Zeo Rangers in combat thanks to his extra arms and reflexes, but he was successfully defeated by the hasty deployment of the Zeo Cannon. After growing, thanks to Klank and Orbus, he caught the Zeo Megazord and the Red Battlezord using his chain-webs, preparing to have them for lunch. Thankfully, the timely intervention of the Gold Zeo Ranger in Pyramidas saved them. Given schematics for a brand-new Zord combination, the Zeo Rangers combined the Zeozords and the Red Battlezord with Pyramidas, forming the Zeo Ultrazord for the first time. Tarantabot was only able to quiver in absolute fear before the Zeo Ultrazord powered up and bombarded him with a gigantic amount of energy. Tarantabot was blown off his feet, screaming helplessly as he was knocked backwards before hitting the ground and exploding massively.

---

Tommy Oliver: Tarantabot!

Tarantabot: It's been a while rangers.

Me: I remember you! You were created from a giant tarantula that was trapped in a cage and King Mondo made you to destroy the rangers. You were also the first monster destroyed by the Zeo Ultrazord.

Tarantabot: That's right. Mistress Vypra wasn't kidding about you J.D. That memory of yours is something.

Me: Like I told your friends, never missed an episode. Out of all the episodes in Zeo, that one with you was my favorite.

Tarantabot: Aww shucks.

Nico: That was an awesome episode.

Kat Hillard: (Australian Accent) It sure was.

Tarantabot: Is it true that before I was created, you Rangers were small?

Tommy Oliver: Actaully, yes.

Tarantabot: Dammit! Why didn't Orbus and Klank create me while you guys were tiny? I would've been able to destroy you easily!

Me: I guess they never told you about that. Some villains like to be absent minded.

Tarantabot: That's true.

Troy: Your reign of terror ends here, Rosewater!

Megaforce Rangers: Legendary Ranger Mode: Ninja Storm!

The Megaforce Rangers turned into the Ninja Storm Rangers.

Me: Lets dance! But not in this office. It's too small. Lets head outside.

Nico: Good idea.

We went out to the middle of the dome city.

Big O Roger Smith: You guys are gonna love this! NOW BIG O! IT'S SHOWTIME!

Roger Smith's watch activated and then a massive and huge robot came out of the ground. It was a huge and awesome and magnificent robot!

Me: WHOA! That is an awesome robot!

Nico: WHOA!

Roger was piloting it. It was an awesome robot.

Nico: Wow! Roger is that your robot?

Big O Roger Smith: It sure is. It's a Megadeuce I call Big O.

Nico: Wow!

Me: I'll never forget seeing it in action. Big O is awesome.

Laney: Wow! It's so awesome.

Me: Time to make this an even playing field.

Alex then called out his robot. It was a version of Big O called The Big Fau!

Me: Whoa! He has his own robot too!

Lana: That one is wicked!

Lola: It sure is.

Me: Looks like it's time for this giant battle to heat up!

I snapped my fingers and grew to the size of Big O.

Me: Lets even the playing field.

Everyone powered up and went at their foes.

Hay Lin flew into the air and Vulture followed.

Vulture: (to Hay Lin) Looks like we're both able to fly, Hay Lin!

Hay Lin: Indeed we are.

Hay Lin made a 180 and flew back and punched him in the face and fired a wave of wind and blew him around in a tornado.

Vulture got out of the tornado and then he called out his Pokemon. He had a Talonflame, Fearow, Yanmega and Swanna.

Hay Lin: Awesome Pokemon selection.

Vulture: Thank you. Lets see how you handle them.

Tarantabot: Now that is cool!

Tarantulas: Why thank you. Lets see how you like this.

He fired his eight-leg machine guns and blasted Tarantabot all over and he exploded all over and fell to the ground and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tarantulas: Spider one, spider robot zero. Beast mode.

He turned back into a spider.

Big O Roger Smith: BIG O! FINAL STAGE!

Waist anchors then launched out of its waist and its arms opened up and its chest opened and it had a massive cannon appear.

Me: WHOA! This is gonna be big guys! You all might want to hold on to something.

Everyone braced and Big O charged up the cannon and I braced my feet as it fired an incredibly massive blast of energy and it completely obliterated the entire dome and blew it to smithereens and took most of Big Fau with the blast.

When the blast faded the whole cannon fell off of Big O and we saw a massive trench made by the blast.

Me: WHOA! HOLY SHIT! WHAT POWER!

Nico: Unbelievable!

Vince: That was incredible!

Carol: Yeah!

Me: Wait look.

We saw that Big Fau was still standing but he was half of what he was.

Dark Spicer: Nice use of the I Come In Peace line.

Me: Thanks.

Electro: (to Ohra) Are you happy that you got payback for your ereased memories?

Ohra: Actually, I really am.

Bane: Good. It was not right that your memroies were tampered with.

Jenna McKay: I know, right?

Captain Cold: Before you go back to the Estate, make sure the other victims of this get their memories back.

Maria: Don't worry. We will.

The Masters of Evil teleport out.

Me: This was intense. Lets head all over the city and help everyone get their memories back.

We went all over the city and did so and everyone was shocked and horrified. But there are other villains that will plague Paradigm City.

Big O Roger Smith: (To the viewers) Never mess with the rights of a city or there will be trouble from em and Team Loud Phoenix Storm.

Me: You said it Roger.

We later went back home.

THE END

---

Another awesome action packed fanfiction complete.

Big O is one of the most awesome shows that Toonami ever showed. It was so awesome how Roger Smith piloted that awesome robot. But it was sad that it all had a bittersweet background behind it. NicoChan11, JediAvatarOfShinobi and Omegahatchiyak12 gave me the ideas for this. Thanks guys. I hope you guys have extremely strong air conditioning because this next chapter is gonna be thermonuclear hot. We're going to go into Numbuh 3's house after it was turned into a volcano when she turned up the heat on the thermostat in the Kids Next Door episode Operation: H.O.T.S.T.U.F.F. and we're going to get rid of the demon inside Numbuh 3 and prevent her entire house from exploding like a volcano.

See you all tomorrow.

# A Volcanic Numbuh

It was a snowy and perfectly cold day and we were all outside having fun in the snow on a beautifully cold and snowy day. It was also a snow day. Which meant no school. Really weird seeing snow in the middle of September. We were having snowball fights, building snowmen, snow sculptures, snow forts and castles, iceskating and doing snow angels, bobsledding, skiing and more. Kick Buttowski and Kendall were doing all kinds of awesome stunts on ramps and loops made of ice on snowboards and they were wicked awesome.

Me: Yeah! Nico think fast!

I threw a snowball and he ducked and it hit Yang!

WHAP!

Yang: OW! Oh yeah!?

She then grabbed a bunch of snow balls.

Me: Uh oh!

I ran and flew into the air.

Clyde, our friend Chloe from school and Syd were building snow sculptures. Clyde's was a beautiful sculpture of himself, Syd and Chloe. We got him into a Harem. Syd's was an awesome sculpture of all the animals in the animal kingdom and Chloe's was a 1/16th scale model of Paris and Lana was providing more snow for them.

Lana: Wow! You guys are great sculptors of snow.

Nico: I'll say. Those are awesome!

Chloe: Thanks Nico.

Laney: It's truly magnificent.

Lana: Yeah!

We were having fun in the snow.

Brittney: The Red Lantern Corps are missing something and I think I know what they are.

Me: Go for it Brittney.

Brittney then snapped her fingers and she brought back Zilius Zox and Ratchet.

Zilius Zox: Where are we? This isn't Ysmault!

Valon: (Australian Accent) Look who's back in the land of the living.

Red Lantern Ratchet: What the? It's you guys! You all killed Atrocitus!

Brittney: He deserved it. I am now the new leader of the Red Lantern Corps. I reformed the Red Lanterns into a force for good.

Red Lantern Ratchet: I think I'm stating the obvious when I say we helped Atrocitus hurt and kill millions and for that alone, you should have just let us stay dead.

Cheryl (Pokemon): Maybe the fact that we now have frenemies in the Masters of Evil is the reason we didn't.

Brittney: That's right. Atrocitus was leading the Red Lantern Corps down a one way path to destruction. I reformed and reeducated the Red Lantern Corps and turned them into a force for good.

Bleez: Brittney is right. The Red Lantern Corps killed millions of people just for the sheer thrill of it and what we were doing was wrong on so many levels. Brittney reformed the entire corps and turned it into a force for good.

Zilius Zox: That's amazing.

Armada Starscream: You two can still use your Red Lantern Rings. They're a part of you.

Red Lantern Ratchet: Yes we can.

Jetfire: (Australian Accent) By the way, what's it like being dead?

Zilius Zox: It was like you were locked in a void of darkness not moving at all. It was like you were sleeping forever.

Me: Good way to put it.

Zilius Zox: Yeah. But since Atrocitus is dead our allegiance is now with you Brittney Knudson.

Red Lantern Ratchet: That's right milady.

Brittney: You don't have to use formalities on me. Just Brittney is fine.

Red Lantern Ratchet: Sorry.

We got back to having fun in the snow.

Later at the Sanban residence it was really cold and Numbuh 3 was shivering her fingers and toes off.

Numbuh 3: [shivers] S-s-so c-c-cold. [pushes up a chair and goes to reach the thermostat] Why does Dad keep the house so c-c-cold?

Kani Sanban: What do you think you're doing?! The thermostat is not a toy!

Numbuh 3: But Dad, it's f-freezing in here!

Kani Sanban: Heat does not grow in trees, young lady! When you have your own house, you can set the temperature whatever you like! But in my house, you are forbidden to touch the thermostat!

Numbuh 3: Yes, Daddy.

Kani Sanban: Excellent! Now, go back to bed and be careful not to slip on the ice in the family room. [leaves as he hums]

[The temperature on the thermostat goes down further to -2˚. Brutally cold. Numbuh 3 couldn't take it anyone. She goes against her father's orders and proceeds to touch the thermostat. Then we see Team Loud Phoenix Storm Estate the next morning.]

Later Numbuh 1 was giving a briefing in the Sector V treehouse.

Numbuh 1: Good morning, Kids Next Door. As always I'll begin this morning's debriefing with theo latest report from Global Command. Which as always Numbuh 3 is late for.

Numbuh 5: [while Numbuh 1 is talking] Can ya blame her? How many times do we have to hear that Global Command thinks cauliflower might be rainbow monkey brains?

Numbuh 1: That cauliflower is definitely rainbow monkey brains!

EW! AND I HATE CAULIFLOWER!

Numbuh 5: Did I tell ya?

Cree: It's okay Abby.

[As Numbuh 1 explains the mission, Kani Sanban walks in the treehouse, surprising Numbuhs 2, Katie, Lizzie, Mushi, Tommy, Cree, 4, and 5.]

Numbuh 1: Global Command has advised us to not eat any cauliflower, which we already know. But if we see any children eating cauliflower, report it immediately to Global Command and fill out form C246 in…

Kani Sanban: Is this the shower? I can't find the shower in this confounded treehouse! [Sector V and everyone all point their weapons at Kani] Oh, hello, children.

[Sector V says their hellos to Kani.]

Numbuh 1: Now, what are you doing in our treehouse?

Cree: Yeah! What are you doing here!?

Kani Sanban: Well, I'm not staying in my house after what Kuki did! I told her not to touch the thermostat, but she just had to go and play with it! She's just lucky her mother is away on business because now the house is completely uninhabitable! [sobs]

Numbuh 1: So, just go home and lower the temperature!

Kani Sanban: Ha! I can't even get near the thermostat! It's so hot! So, I'm staying right here where it's nice and comfortable.

Numbuh 2: Aw, come on. How hot can it be?

Me: What's going… (See's Kani) Oh Hello Mr. Sanban. What brings you here?

Mr. Sanban: Listen, is it ok if I crash here for a while?

James (Pokemon): Why? What's going on at your place?

Mr. Sanban: (sighs) You wouldn't believe me if I told you.

Shade Man: Try us.

Me: We've seen some very strange things happen before. So you can tell us.

Kani Sanban: Kuki turned up the heat on the thermostat and now the house is completely uninhabitable!

Me: Well have you thought that maybe she was too cold?

Kani Sanban: Maybe I was getting carried away with that. But you should see for yourself.

He pointed out the window and we saw a huge pillar of smoke coming out of one of the chimneys.

Scream: We sense something going on inside Kuki's house!

We looked out the window and we saw a pillar of smoke and an eerie orange glow on top of a little tall hill. I pulled out my binoculars and looked and what I saw was nothing short of horrifying! Numbuh

3's house had been transformed into a volcano that could explode at any minute!

Me: OH SHIT! That's your house and it's now a Volcano!

Numbuh 1: Kids Next Door, RED ALERT!

Me: TEAM LOUD PHOENIX STORM! CODE PYRO ∑Ω Emergency!

The sirens and alarms sounded and we were off to the Sanban Residence.

[Then we see the Sanban residence, which is completely transformed into an active volcano. All of the KND aircrafts are flying around the house. Sector V arrive on their S.C.A.M.P.E.R. and meet up with Numbuh 362.]

Numbuh 362: It's about time you got here! That thing looks like it'll blow any minute! And where's Number 4?

Numbuh 1: We left him back at the treehouse to keep an eye on our, uh, guest.

Me: Numbuh 3's dad is staying with us until we get his house back to normal. Varie, Numbuh 4 and Aylene are watching him.

[Varie, Aylene, Numbuh 4 and Kani Sanban are on the sofa at the treehouse.]

Kani Sanban: Uh, you got any coffee around this place?

Numbuh 4: Oh, for the forty-twelfth time, NO!

Varie: I'll get it for you.

Announcer: CUPPA JOE MAGISWORD!

Varie made a good cup of coffee for him.

Kani Sanban: Thank you Varie.

Varie: You're welcome.

Aylene C: I'm sorry your house became like this Kani.

Kani Sanban: It's all right.

Varie: But don't worry. J.D. and everyone will get it back to normal.

[Back at the Sanban residence.]

Numbuh 362: Are you sure you guys wanna go in there? We can always call in Sector P from Pompeii. They've got a lot more experience with volcanoes.

Me: We've dealt with this problem ourselves before Rachel. We had to stop a newly formed volcano from destroying all of Los Angeles.

Numbuh 362: I remember reading about that. That was intense.

Nico: It was.

Numbuh 1: Numbuh 3 is our teammate and it's our job to get her out. Besides, if that thing blows, her dad and the rest of her family will be moving into our treehouse for good.

?: Wait guys!

We saw Lord Drakkon, Evil Green Ranger, Brain Freezer, Toiletnator, Cheese Shogun Roquefort and Common Cold then appeared.

Me: Lord Drakkon, Evil Green Ranger, Brain Freezer, Toiletnator, Cheese Shogun Roquefort and Common Cold.

Lord Drakkon: What's happening here?

Me: Very ugly story. Numbuh 3 turned up the heat on her family's thermostat and turned her whole house into a volcano that's going to erupt at any second. We got to cool down that place or the whole neighborhood will be destroyed.

Brain Freezer: Whoa man!

Stalker: Are you sure it's wise to have the usual battles right now?

Drakkon: Relax. To buy us time, Snart and Vexen are here to help in keeping Kuki occupied.

Maria: But doesn't fire melt ice?

Brain Freezer: Normally it does. But you guys proved that sometimes, elements don't matter.

Me: That's true.

?: That is intensely hot.

A figure came out and it was AMPHIBIDOR from episodes 5, 6 & 7 of Ninja Storm!

---

Amphibidor is recruited by Zurgane to deal with the Power Rangers, he used his Polytrons on a lake to absorb the water, he converts Tori, she tryed to morphed, but she does not have the Ninja Morphed so she has to fight him powerless, Amphibidor had made a beat down on Tori, right before he was about to make the final strike, Blake in to help out riding a Motorcycle, he took the Polytron attack for Tori and was badly hurt, with Tori powerless and Blake wounded, Amphibator made an escape, he then later return and battle both the Red, Yellow and Blue Ninja Rangers, and had the upper hand until the Thunder Rangers came and (much to Amphibidor confusion) attack him, Amphibidor was no match for the Thunder Rangers and was destroyed by the Thunder Blaster, the Thunder Rangers destroyed Amphibator to return the favor. When Amphibidor grows, the Rangers summon the Storm Megazord to battle this frog monster, he had the upper hand until they equipped the Ram Hammer to knock the Polytrons at back him, but he wasn't finish yet, the Storm Megazord then use the Ram Hammers ultimate move to destroy Amphibidor.

---

Hunter Bradley: Amphibidor!

Amphibidor: Been a while rangers and is it hot around here or is it just me?

Me: It's not just you and I remember you! You were recruited by Zurgane to deal with the rangers while he went to the lake to absorb the water and convert Tori.

Amphibidor: Good memory on you. (to the Thunder Rangers) I never trusted you two from the start. And you two joining the Rangers just proves it!

Hunter Bradley: To be fair, Lothor lied to us from the start.

Me: Lothor will be Hakaied for his crimes and banished to the Warp forever when we see him.

?: Then you will join him when I banish you all there myself. (Laughs malevolently)

A figure came out and it was NEPHLITE!

---

After Jedite was defeated by the Sailor Scouts and put into Eternal Sleep by Queen Beryl, Neflite became the new commander. He did not get along with Zoycite at all, with Zoycite hoping that he would fail and be punished.

His strategies revolved around draining more energy from one person than Jedite could have taken from several people at once. He would find out whose energy was about to reach its highest peak, then implant a Negamonster's essence inside an object close to that person. This would turn the person evil. Once the energy reached its highest point, then the monster would come out of the item and start draining energy, but Sailor Moon foiled all of his plans, destroying the monsters, which consisted of Tensie, Petasos, Black Widow, Kyameran, and Jumo.

At one point, he attempted to use Tuxedo Mask as Sailor Moon's weakness to destroy her, sending Leo the Lion to attack them. He was unable to destroy her, but was not punished by Queen Beryl, as he was able to steal energy from Molly for the Negaforce. Molly fell in love with him before this, and he erased her memory of the attack afterwards.

Neflite's final attempt to gather energy was in Episode 17. The monsters he summoned were the Gemini Warriors, but Sailor Moon, Sailor Mercury, and Sailor Mars destroyed them.

Afterward, Beryl began looking for the Moon Princess. Neflite assumed that Princess Diamond was the Moon Princess, and implanted Soul Shadow in her, but Soul Shadow was driven out of her, and Sailor Moon destroyed him.

Molly was still in love with Neflite even after learning that he was evil, and protected him from Sailor Moon's tiara after he was defeated by the Sailor Scouts. When Zoycite's monster Yasha attacked, Neflite protected Molly from her attack, much to his shock. Yasha was destroyed by Sailor Moon.

Neflite told Molly he wanted to fight alongside the Sailor Scouts against the Negaverse, and asked her who Sailor Moon was. Molly didn't know, and called Serena. From this, Neflite assumed that Serena was Sailor Moon, and was proven right when he saw her transform. He attacked her, but Tuxedo Mask arrived. Then Neflite sensed that Molly was in danger, as three of Zoycite's monsters - Housenka, Grape, and Suzuran - kidnapped her. Neflite went to save her, beating up the monsters. However, the monsters found them again, and Housenka stabbed Neflite with thorns from her arm. The Sailor Scouts arrived and killed the monsters.

Neflite died of his injuries, and dissolved into dust, leaving only the bandage Molly put on his arm from a cut he received earler.

---

Nephlite: Miss me, Sailor Brats?!

Sailor Moon: Nephlite!

Nico: Oh no!

Me: So one of Queen Beryl's generals comes by himself to take us on.

Nephlite: That's right and now I will have the honor of killing you all to make sure Queen Beryl's plans continue!

Nicole: Not if I have anything to say about it!

Lord Drakkon: I know just the planet for us to fight on.

He snapped his fingers and we were on an awesome planet that looked a lot like Earth. It was the home planet of the Splixson's: Hathor. Hathor is much like Earth, but has twelve continents and no moon.

Me: Wow! Look at this planet.

Nico: It's amazing.

Lord Drakkon: This is the home world of the Splixson's, Hathor.

Me: Wow! So this is the planet Hathor.

Riley: Amazing! I always wondered what Hathor was like.

Ben: It sure is amazing.

Julie Yamamoto: It sure is a cool planet.

Me: Lets power up and take them down.

We powered up and went at them.

## Battle 1: Lord Drakkon

Me, Ace and Breach were facing Lord Drakkon.

Me: We got to make this quick Drakkon. Numbuh 3's house is a ticking time bomb it's going to destroy the entire neighborhood if we don't cool it down.

Lord Drakkon: I understand so I'll try to make this fast.

Ace: Lets do it.

Breach: Yeah!

Lord Drakkon called out his Pokemon and we went at him and punched and kicked and blasted him and his Pokemon all over and knocked him down.

Me: That was fast enough.

---

Battle 2: Evil Green Ranger

---

Mary Jane as the Ultimate Spider Woman, Phage and Lasher were facing Evil Green Ranger.

Evil Green Ranger: I guess we're gonna have to make this quick.

Phage: Yeah we have to.

Lasher: A lot of houses are on the line.

M.J.: Lets do it so they won't burn.

Evil Green Ranger had his Pokemon out and they went at him and blasted him all over the place and knocked him and his Pokemon out.

M.J.: Good fight.

---

Battle 3: Brain Freezer

---

Bloom, Chef Pepper Jack and Dreamcatcher were facing Brain Freezer in their first ever fight.

Brain Freezer: (to Bloom) I'm a way better ice user then that Icy chick you fought before.

Bloom: I believe you and Icy is one cold-hearted and fucked up bitch that deserves nothing short of death.

Chef Pepper Jack: Oowee! Yeah I agree with you on that one.

Dreamcatcher: Me too dude.

Brain Freezer: Lets see how you like my Pokemon.

Brain Freezer called out his Pokemon. He had a Mega Cryogonal, Mega Articuno, Mega Glaceon and a Mega Dewgong!

Bloom: Awesome selection of Pokemon on you.

Brain Freezer: Why thank you.

Bloom: Lets dance with fire.

Bloom, Chef Pepper Jack and Dreamcatcher fired waves of fire and air and the blasts hit him and knocked him and his Pokemon down.

Bloom: Sorry we had to make this quick. But we have to cool down Numbuh 3's house.

---

## Battle 4: Cheese Shogun Roquefort

---

Raven, Bright Man, Nico and Shade Man were facing Cheese Shogun Roquefort.

Raven: You wouldn't want to go into Numbuh 3's house when it's a volcano. You and your cheese ninjas would melt.

Cheese Shogun Roquefort: Good thinking. And Cheese melts when it's exposed to extreme heat.

Nico: (Drools) I love melted cheese.

Shade Man: (Transylvanian Accent) He sure loves cheese.

Bright Man: Yes he does.

They laughed.

Raven: Lets dance!

Roquefort summoned an army of cheese ninjas and Nico licked his lips and Roquefort called out his Pokemon and they went at them. Nico ate all his cheese ninjas and ate them and Raven, Bright Man and Shade Man fired blasts of darkness and knocked him and his Pokemon out.

Nico: (BELCHES) Excuse me.

Raven: Good fight though.

---

## Battle 5: Common Cold

---

Robin, Stalker and Kraven were facing the Common Cold.

Robin: Maybe the heat from Numbuh 3's house as a volcano will help you with that cold.

Common Cold: (Sniffles) I appreciate that. But there is no cure for the Common Cold.

Stalker: I kind of wish there was though.

Kraven: (Russian Accent) Me too.

Robin: Yeah. Lets do it.

Common Cold called out his Pokemon and they went at him and bashed him and knocked him and his Pokemon out.

Robin: Good fight.

---

## Battle 6: Toiletnator

---

Layla was facing Toiletnator.

Toiletnator: Where are the other two?

Lights then shined onto him.

Jessie: Your art evokes a lot of feeling.

James: And that's what makes it good for stealing.

Jessie: To protect the world from devastation!

James: To unite all peoples within our nation!

Jessie: To denounce the evils of truth and love!

James: To extend our reach to the stars above!

Jessie: Jessie!

James: James!

Jessie: Team Rocket, blast off at the speed of light!

James: Surrender now, or prepare to fight, fight, fight, fight!

Wobbuffet: Wobbuffet!

Meowth: That's right!

Layla: Nice entrance guys.

Jessie (Pokemon): Thank you.

Toiletnator: That was a great entrance.

James (Pokemon): We've been doing entrances like that for a long time.

Layla: Yeah they sure have.

Toiletnator: Watch this one.

He then put on an awesome new suit of armor!

Toiletnator: (to Layla) What do you think of my new armor? I call it: The Terma-Toiletnator!

Layla: Awesome armor.

Toiletnator: How's my nephew doing?

Layla: He's good. He's watching Numbuh 3's dad for us.

Numbuh 4: I'm right here.

Layla: Numbuh 4!? What are you doing here!?

Numbuh 4: I made a Shadow Clone to take over my post.

Layla: Smart thinking.

Toiletnator: And here's my Pokemon.

He called out his Pokemon and they were 4 Mega Garbodor!

Layla: 4 Mega Garbodor. Very impressive and stinking.

Toiletnator: I know. Lets do it!

They went at him and his Pokemon and put nose plugs on and blasted him and punched him and knocked him down.

Layla: Good battle.

## Battle 7: Amphibidor

Nico was facing Amphibidor.

Nico: Lets see you stick to the pond frog boy.

Nico fired a wave of energy and it hit Amphibidor and exploded all over.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM
KRABBBOOOOMMM! KRABBBOOOOMMM!
KRABBBOOOOOOMMM!

Amphibidor then fell down and exploded in a massive fireball.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Nico: Amphibidor you have failed this universe.

---

## Battle 8: Nephlite

---

Nicole was facing Nephlite.

Nicole: You will pay for your crimes Nephlite.

Nephlite: Try me brat!

Nicole then went Super Angel 10,000 Star Dragon.

Nicole: The stars are going to destroy you!

Nicole then teleported and punched him in the face and sent him flying and he formed a sword and Nicole unsheathed her sword and they went at each other and viciously clashed and sparks were flying with each clash and they were setting much of the lands on fire. Nicole kicked him in the face and sent him flying and she fired an energy blast and it slammed into Nephlite and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Nephlite got up and he fired a massive blast of Star Energy and Nicole fired a massive blast of star energy as well and the blasts collided and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it shook much of the planet. Nicole then exploded out of the explosion and kicked him in the face and sent him crashing into a hill. Nephlite then got up and Nicole channelled Hakai energy into her sword and she then stabbed Nephlite through his black heart and he screamed as he was obliterated and banished to the warp for all eternity.

Nicole found a black crystal on the ground and picked it up.

Nicole then flared up her aura as a star dragon appeared around her and sent a message to Queen Beryl.

Nicole: Queen Beryl, I know that you are watching us from the confines of the Masters of Evil headquarters. Consider this my Declaration of War against you. Nothing you send against me and my family will stop us and when we finally fight, believe me you will pay for your crimes! I will destroy you and send you directly to the Warp where you will suffer 100 quadrillion deaths for your crimes! We have always been victorious and we will beat you and make sure that you pay for your crimes! I will make sure you are defeated and you will pay for all the countless lives you've destroyed and slaughtered across the cosmos in the name of your sick quest to destroy the Moon Kingdom and destroy the entire universe and its people! WE'RE COMING FOR YOU QUEEN BERYL, AND WE WILL KILL YOU!

In the Masters of Evil headquarters, Queen Beryl was listening and watching through her crystal ball and then it shattered into a million pieces! Nicole has vowed to unleash the Divine Wrath of God on Queen Beryl 100-fold. She vowed to make sure that Queen Beryl pays!

* * *

We were back on Earth.

Evil Green Ranger: Now that the usual battles are done, let's find a way into the house.

Breach: Maybe I can use one of my portals to get us in.

Me: No we can't risk it. We would probably wind up in a pool of lava and we can't risk it. Lets head in. I hope there's enough room for all of us in this thing.

[We all then climb up the ladder. Then we jump into the giant ice cube. Numbuh 2, however, got stuck while entering the ice cube, but is pushed down by another operative. We all went into the ship. The operative closes the ice and seals it shut. He then gives the signal to Numbuh 362.]

Numbuh 362: Good luck in there guys and Nigel, be careful.

Numbuh 1: I'll be back Rachel.

Numbuh 362: You may fire when ready, Number 20/20.

Numbuh 20/20: Eh, what? Who said that? Oh. Yes sir, Number 362, ma'am! [puts on his goggles] Firing in three, [all of the operatives run away] two, two in a half, two and three quart…

Numbuh 362: Just fire already!

[Numbuh 20/20 fires the ice cube into the chimney of the volcanic house. The ice cube flies through the lava at high speed, melting the ice off in the process. As the ice melts, the vehicle Numbuhs 2, 1, & 5 are in is the KND H.O.T.S.H.O.T.]

Computer: Kids Next Door H.O.T.S.H.O.T. Hypercold Operative Transport Survives Highly Ovenlike Temperatures.

[The H.O.T.S.H.O.T. continues flying through the lava.]

Numbuh 5: We're all out of ice and the haul temperature is risin'!

Me: Man it's getting really hot really fast!

Nico: No kidding!

Numbuh 1: Find us a place to surface, Numbuh 2!

Numbuh 2: No sweat! Ha. Actually, there's a lot of sweat but…

Numbuh 5: Hull temperature's at 1,200 degrees!

Nico: SEARING!

Skyla: This is nuts!

Numbuh 1: Find us an exit tunnel quick, Numbuh 2!

Numbuh 2: I've got nothing on radar!

Numbuh 5: Hull temperature at 2,000 degrees! We're not gonna…

Numbuh 2: Wait! I think I see something!

[Numbuh 2 drives the H.O.T.S.H.O.T. through a lava tube and makes it to the surface. The entire family room is completely filled up with lava.]

Numbuh 2: Whoa!

Me: Holy fireworks!

Skyla: This is intensely hot!

Chef Pepper Jack: I like hot things but this is ridiculous!

Nico: This is insanely hot!

Numbuh 1: [exits through the hatch] Well, it looks like Numbuh 3 turned up the heat alright. [pulls Numbuh 5 out]

Laney: Man she REALLY turned up the heat.

Lola: This is intense.

Lana: Yeah!

Ice: (Scandinavian Accent) It's as hot as the sun in here.

Lord Drakkon: You all weren't kidding when you said that Kuki turned the heat up.

We were dripping sweat like no tomorrow.

Numbuh 1: Steady as she goes, Numbuh 2. And turn up the air conditioning on this tub. My sunglasses are melting over here.

Me: Lana, Liam, keep that ice coming.

Lana: We'll try!

Liam: (Southern Accent) We'll make no promises.

[Numbuh 2 drives the H.O.T.S.H.O.T. across the lava. Then we cut back to the treehouse where Kani Sanban is searching through the fridge.]

Kani Sanban: There's nothing but ice cream and soda in this place! Don't you have any quiche or at least a couple slices of liverwurst?

Varie: The Kids Next Door don't eat that stuff.

Kani Sanban: I see.

Numbuh 4: For what? In case we need to ingrusomitate vomiting?

Kani Sanban: Oh! Is that Triple Pop Soda? I haven't had that since I was a child!

Aylene C.: I haven't had that in a long time either.

[Kani Sanban grabs some soda bottles and leaves the fridge open.]

Varie: Obviously Genki has to do some if not most of the stuff for him.

She closed the fridge door.

[Back at the Sanban residence, we all were searching upstairs in Numbuh 3's lava filled bedroom.]

Me: Man Numbuh 3 really destroyed her family home.

Nico: We're gonna have to have a very stern talk with Kani about keeping the house cold when we're done.

Numbuh 5: Hey, Numbuh 1, scan show Numbuh 3 definitely isn't here in her room or anywhere upstairs.

Me: Yeah I don't see her anywhere.

[The volcanic house rumbles.]

Numbuhs 1 & 5: Whoa!

Lord Drakkon: That was nuts!

Me: Geez! I felt that!

Nico: No kidding!

Numbuh 1: Sounds like we're running out of time before this place blows. Let's check out downstairs, Numbuh 2.

Numbuh 2: Roger that! [steers the H.O.T.S.H.O.T. around]

[Back at the treehouse, Kani Sanban is hogging on the soda and watching TV with Varie, Numbuh 4 and Aylene.]

Kani Sanban: [belches] You know, I could get used to living here. [throws empty bottle] No responsibilities. No one nagging you to do stuff. I kinda like it.

Varie: It is comfy though.

Numbuh 4: [grabs the soda] Don't get used to it, Bub! Once your house is back to normal, we are kickin' your cacky pants butt outta…

Kani Sanban: [grabs the soda back] Yeah, whatever.

Numbuh 4: Hey, what do ya think you're doin'? [grabs the soda] Gimme that!

Kani Sanban: It's my soda!

Numbuh 4: Mine!

Kani Sanban: I got it!

Numbuh 4: Well, I bought it!

Varie broke them up.

Varie: That's enough you two!

Numbuh 4: Sorry.

[Back at the Sanban residence, all of us and Numbuhs 1, 2, 4 & 5 are dodging falling stalactites from the ceiling.]

Me: INCOMING!

Numbuh 2: Heads up! Things are comin' down! [dodges the stalactite]

Numbuhs 1, 2, 4 & 5: Whoa!

Numbuh 2: Whoa! Whew!

Numbuh 1: More incoming stalagmites!

Numbuh 2: Um, okay, actually, those are stalactites. Whaaa!

Numbuh 1: I thought stalagmites were on the ceiling!

Numbuh 2: No! They're on the ground!

Numbuh 1: What are?!

Numbuh 2: Mites!

Numbuh 1: My what?!

Numbuh 5: Look out! Go to the left! Turn to the right! Help me! [screaming while Numbuh 2 tries to steer]

I formed a force field around the ship.

Numbuh 1: [sniffs] Hey, who's cooking hamburgers?

Numbuh 5: I don't know about hamburgers, but your buns are burnin'!

Lana: YOUR BUTT IS ON FIRE!

Numbuh 1: [runs around in circles and pain, his buns are literally on fire] Whahohohoho!

Numbuh 5: Hold still, fool! (Grabs a fire extinguisher)

Numbuh 1: Put it out!

Numbuh 5: I'm tryin' to put it out!

Numbuh 2: Knock it off, guys! I can't see!

[Numbuh 1 is still running around with Numbuh 5 behind him]

Numbuh 5: Numbuh 1, stop movin'!

[Numbuh 2 sees a lava fall up ahead.]

Numbuh 2: Uh-oh.

Numbuh 5: Stop sprinting!

Numbuh 2: Guys, get ready for some red-water rafting!

Numbuhs 1 & 5: Huh?

Numbuh 1: Turn us around, Numbuh 2! Turn us around!

Numbuh 2: I'm trying! We're caught in the current! [steers the H.O.T.S.H.O.T. around] Just a little more!

[We went down the waterfall of lava. Back at the treehouse, Kani Sanban is still watching TV.]

Numbuh 4: I don't believe it! Are you still just sittin' there watchin' TV? You should be mowin' lawns and washin' cars and stuff!

Kani Sanban: Whatever.

Numbuh 4: Ugh!

Varie: Lazy bum.

[Back at the Sanban residence, the H.O.T.S.H.O.T. is completely wrecked up and Numbuhs 1, 2, & 5 climb out with their weapons.]

Numbuh 5: Aw man. Numbuh 5 is too young to be usin' antiperspirant, but she's thinkin' about startin' any minute now.

Numbuh 2: I hear that. My underwear's so stuck to my butt. I'll need a spatula to get it off.

Me: Jeez! Ouch.

Nico: I know. It's so hot in here that I don't think I've ever sweat this much.

Skyla: Yeah we'll need to use our showers for 5 hours after this.

Numbuh 5: Why do you insist on sayin' things Numbuh 5 can't ever unhear?!

[The ground rumbles.]

Me: The sooner we get to that thermostat the better.

Numbuh 1: Enough chit-chat, you guys! We've got to get to that thermostat and find Numbuh 3!

We went to the living room. We then make it up the stairs, sweating and panting.

Numbuh 1: Finally, the living room.

Me: Made it.

Numbuh 5: [points to the steaming thermostat] Look, there's the thermostat!

Me: Oh man it's at critical mass!

Numbuh 1: Alright, team move! We've only got minutes before this place erupts.

Me: Lets hurry!

Numbuh 5: Super heat-resistant jacket?

Numbuh 1: Check.

Numbuh 2: Fire-proof climbing gloves?

Numbuh 1: Double check. [Numbuh 5 puts fire helmet on Numbuh 1's head] Okay, now all I gotta do is keep my cool. [takes out gardening rakes] And turn down the heat on that thermostat. Wish me luck!

Numbuh 3: [appears as a demon as she is possessed by the thermostat's heat] **THE THERMOSTAT IS NOT A TOY! I SET IT WHERE IT IS FOR A REASON AND IT'S GOING TO STAY THERE!** [flames erupt around her for effect]

Me: Numbuh 3 have you lost your mind!?

Numbuh 5: It's eleventy-billion degrees in here, Numbuh 3! If we don't cool this place down, it's gonna blow!

Numbuh 3: **WHO CARES?! FOR ONCE, I CAN FEEL MY TOES! FOR ONCE, I DON'T HAVE TO WEAR 17 SWEATERS JUST TO TAKE A BATH! FOR ONCE, I DON'T HAVE TO EAT MY CEREAL WITH AN ICE PICK! AND I WON'T LET YOU CHANGE THE TEMPERATURE ONE DEGREE!**

Numbuh 1: Looks like Numbuh 3's lost it! You hold her off while I go for the thermostat!

Brittney: Wait! I sense an evil force inside Numbuh 3. This is the work of a Fire Demon!

Brittney then pulled out her book on creatures of demons and forces from Hell and myth and then she found out a terrible discovery. Numbuh 3 was possessed by the demon of fire in Islamic Mythology: IFRIT!

Brittney: She is possessed by Ifrit!

Me: The Demon of Fire in Islamic Myth!?

Brittney: That's right dad. This is Father's handiwork!

Me: Oh shit! Even in death he always finds ways of causing genocide.

Nico: What did he do?

Numbuh 1: My guess is that when Numbuh 3 was born, Father summoned this fiery demon and have it possess Numbuh 3 when she is in situations involving extreme heat. And her parents might have witnessed this and her parents had to keep the house at temperatures below freezing to keep this monster from getting out.

Me: So THAT'S why Kani had to keep the house at extreme cold, to keep this demon from getting out and revealing itself.

Vince: Father deserves much worse than the Warp.

Carol: I agree.

Me: We're gonna have to cool down Numbuh 3 until the Thermostat is cool.

Me: Lets do it!

Numbuh 5: Let's go!

Numbuh 2: Alright!

Orion: You'll thank us for this later, Kuki.

Megaforce Rangers: Legendary Ranger Mode: Turbo!

The Megaforce Rangers turned into the Turbo Rangers.

[Numbuh 1 goes to climb the wall to reach the thermostat. Numbuhs 2 & 5 pull out ice cream cartons.]

Numbuh 2: A little ice cream outta cool Numbuh 3 off! [They both load up their weapons] Let's go take her down!

Numbuh 5: Come on! Move it! Let's go! Let's do this thing!

[Numbuh 3 jumps off her chair.]

Numbuh 3: **OUT OF MY WAY!**

William: Listen, Kuki. We don't want to hurt you.

Numbuh 2: Not a chance, Numbuh 3! We're cooling you off!

Nico: You are too hot to handle!

Maxxor: (to Numbuh 3) By the authority of the Tribal Alliance, WE're taking you down by force!

Maria: Maybe this will cool you off! (fires water blast at Numbuh 3)

Bai Tza, Girl Jordan, Ice, Lily and Luna fired waves of water and ice and they hit her and cooled her off.

Nico fired Eis Shenron's ice rays and the blasts hit Numbuh 3 and entombed her in ice.

[Numbuh 3 explodes from the ice and ice cream, melting it, then surrounds herself with flames.]

Numbuhs 2 & 5: [gasps]

Nico: Holy shit that's hot!

Numbuh 5: Hit her again!

[Numbuh 3 walks menacingly to Numbuhs 2 & 5 while laughing demonically.]

But then powerful ice beams hit Numbuh 3 and cooled her down and locked her in ice and they were from Vexen and Captain Cold and they kept Numbuh 3 cold.

Vexen: Someone find the thermostat. It should bring the house back to normal!

Me: It's up there! Lets use some teamwork to cool her down! It's time to bring the Absolute Zero beatdown! Lets hit her with all our techniques at once!

Numbuh 3: **DON'T TOUCH MY THERMOSTAT!**

Her eyes were full of incredible fire and she was thermonuclear hot! We were all absorbing a tremendous amount of fire at an incredible level that made it feel like we absorbed the fires of 182 octillion suns.

We fired a massive plethora of water and ice blasts and they slammed into Numbuh 3 and drenched and froze her.

Numbuh 3's temperature was rising fast!

Me: Uh oh!

She exploded out of the ice.

Me: Her fire is intense. Magisword combos!

Vambre: (British Accent) Lets do it!

Lily: Yeah!

Announcer: SNOWBALL AND SNOW CONE MAGISWORDS!

Vambre, Lily, Prohyas and Skyla: SUPER ULTRA TEAMWORK COMBO: ICE AGE FREEZE!

They fired a massive blast of ice and snow and it slammed into Numbuh 3 and froze her again.

But then Numbuh 3 exploded out of the ice and she was weakened.

Mr. Boss: Let us help out.

Common Cold: Lets do it!

Toiletnator: Yeah!

They fired blasts of ice, energy, snot and toilet paper and blasted her all over the place and knocked her around and more.

But Numbuh 3 wasn't finished yet.

Me: She's just too hot to handle!

Ben: Let me help out!

Ben turned into Arctiguana

Ben: ARCTIGUANA!

Riley activated Ultimate Big Chill's powers.

Riley: ULTIMATE BIG CHILL!

Me: Time for some teamwork!

Armada Starscream: Lets do it!

Valon: Righto mate!

Armada Starscream used the Decepticon Cyber Planet Key and Valon used the Earth Cyber Planet Key. They enhanced Starscream's Null Laser Cannon and Valon's armor monsters and powers 100-fold.

Jetfire used the Autobot Cyber Planet Key and Cheryl used the Pokemon Cyber Planet Key and they enhanced Jetfire's Photon Rifle and Cheryl's powers of honey and bees 100-fold.

Armada Starscream and Valon: NULLING ARMOR MEGABLAST!

Starscream fired a powerful purple energy blast from his shoulder cannons and Valon fired a massive energy blast from his arm cannon.

Sailor Neptune and Lily: NEPTUNE MAELSTROM MEGABLAST!

Blizzard Man and Ice Man (Mega Man): BLIZZARD STORM OF FURY!

They fired massive waves of ice and water and the blasts all slammed into Numbuh 3 and really froze her in a huge block of ice and cooled her down.

Me: We have to hit her with our final smashes.

Mushi: YEAH! Give me back my sister you demon!

Numbuh 4: Yeah! Let Numbuh 3 go!

Numbuh 4, Mushi, Lana, Vexen and Killer Frost: SUPER ICESTORM FREEZE RAY!

They fired a massive freeze blast and it slammed into Numbuh 3 and froze her.

Brittney: This is for your own good Numbuh 3! (Chants an Exorcism Incantation)

Numbuh 3 exploded out of the ice and she was in pain as Brittney was reciting the Exorcism Incantation. I then flew up to the Thermostat and pressed the C button for cool just as Brittney finished the incantation and then the house was cooling back down to normal and it went back to what it was before and a ball of fire left Numbuh 3 and she was back to normal as the ball of fire went back to hell!

The house is returned to normal and we all walked out with Numbuh 3, who is now returned to her normal, innocent self. All of the operatives cheer for our successful mission.

Numbuh 362: Nice work, everyone. I knew you could do it.

Me: It was nothing. But this was one infernally hot mission.

Numbuh 3 was cold and sick.

Mushi: Well? Was it just like old times?

Roquefort: Actually, it was.

Common Cold: Minus the whole fiery demon thing, of course.

Toiletnator: And I wasn't treated as a joke this time.

Maria: That's good. You guys want to have fun in the snow with us before you head back to your base?

Captain Cold: Sure. After a day like today, I could use a little cold air.

We did so and went back to the estate. Numbuh 3 was shivering and had a headache the size of Alaska and she was also sneezing. Later we had a nice talk with Kani and told him everything and more. We fixed his house up and more.

Mushi: (To the viewers) We saved my sister and made sure that the fire demon is gone. Now we can have our house back.

Me: Yep.

We enjoyed the rest of the day and had nice showers to get all the sweat off. The Casagrandes were also celebrating the Mexican Independence Day and it was awesome.

THE END

---

Another awesome episode of KND done.

Operation: H.O.T.S.T.U.F.F. of Codename Kids Next Door is one of my favorite episodes of the show and it was one episode that was Volcanically Hot! This was a chapter that was as hot as the interior of the Earth. NicoChan11 and JediAvatarOfShinobi gave me the ideas for this one. Thanks guys. Next up is ninjakingofhearts debut as we go to Isla Sorna to stop Sonic's enemy Dr. Eggman from using an army of hybrid dinosaurs to destroy the world. Eli is gonna be one amazing asset and more. And in my mind I'm going to meet an immortal caveman version of myself that has lived for 75,000 years and has seen it all. You guys are gonna love what Eli went through.

See you all tomorrow.

# Army of the Dinosaur Hybrids

In the estate, we were watching TV and playing card games. When suddenly from out of nowhere was a massive and extremely blinding white light as bright as a million suns and then most of us got a massively splitting headache! It hurt so bad that it felt like our heads were being crushed by a pile-driver. Suddenly I was inside my subconscious and everything in my head was on fire! Again!

Me: Whoa! Why is everything in my head on fire again!?

J.D. 2: It might have something to do with that massive flash of light.

?: That is because of our worlds merging.

We then saw another me! Except he had big muscles and was wearing clothes like Gohan's.

Me: WHOA! You're another me!

J.D. 3: That's right. It's a very strange and complicated story.

J.D. 2: We would like to hear it.

J.D. 3: Okay. Well I am actually a caveman.

Me and J.D. 2: A Caveman!?

Me: Wow!

J.D. 3: An immortal caveman actually. I have lived for over 75,000 years.

Me and J.D. 2: Wow!

Me: 75,000 years!? That's incredible! I've lived for 150,000 years.

J.D. 2: And I've lived for over 20,000,000,000 years.

J.D. 3: That's incredible! But I should tell you how it happened. I was one of the first of modern man. I was living in a peaceful village in northern Alaska. As I was sleeping a strange meteor fell from the skies and I went over to see what it was. As I got closer it emitted a very strange red glow and bathed me in some kind of mysterious energy. I then saw my village under attack by a rival caveman clan and I fought them off. But one of the cavemen me stabbed with a spear in my chest. But I saw that I wasn't dying or anything. I discovered that I was immortal and invincible. The meteor's energy changed me and gave me immortality.

Me: Whoa!

J.D. 2: That's amazing! I've heard about this. Meteors have been known to contain mysterious chemical properties over the eons and this is exactly like what happened with Batman's enemy Kru'll the Eternal.

J.D. 3: That's exactly right. But he has lived for 10,000 years where I have lived for over 75,000 years. But I have witnessed it all over the course of 75,000 years. Every event all over the history of the Earth I have seen firsthand as I travelled the world and witnessed it all. Every war, every battle and every event over the course of history and every event that occurred even before the biblical times.

Me: That's amazing! But how did you cope with the pain of loneliness that immortality carries? Usually when you're immortal all you have is an eternal life of loneliness and helplessness.

J.D. 3: That's true. But I kept everyone and everything I know very close to my heart in spirit.

Me: Wow.

J.D. 2: Amazing.

Me: It sure is. I have so much to learn from you.

J.D. 3: I am more than willing to share. But now that I am part of you, I have a huge task for you.

Me: What is it?

J.D. 3: This may sound hard to believe but I am also the guardian and brother of a boy named Eli Winston Bullock. You would love him. He is the son of Pharaoh Atem of Egypt.

Me: From 3000 B.C.?

J.D. 3: That's right. But Eli was sent into the future and Eli was adopted by a nice family in Japan. But his mom and dad were killed during the epic meltdown battle between Godzilla and Destoroyah.

Me: Oh man! That's horrible!

J.D. 2: No kidding and we killed Godzilla in our world.

J.D. 3: I know. I saw that. That's amazing. But I found Eli and Aerith became his guardian along with me. But there's something you should know. Eli is out to get revenge on the monster that killed Aerith. Sephiroth.

Me and J.D. 2: SEPHIROTH!?

Me: The One Winged Angel of Jenova that killed countless innocent people!?

J.D. 3: That's him. Eli will get his revenge on him no matter what. So you have to help him with that.

Me: You can count on us. But Sephiroth in our universe is dead.

J.D. 3: I saw that. But also Eli has an awesome and amazing girlfriend. Nunnally of Brittania.

J.D. 2: I've heard so much about her.

J.D. 3: I'm glad. Eli is a true hero as well. You'll see why. Also has many amazing skills and abilities because I'm the one who taught him everything I know and more. He's a Gundam Pilot and he has the King of Hearts mark on the back of his right hand. I have this.

J.D. 3 showed me his mark and it was the Queen the Spade.

Me: The Queen the Spade.

J.D. 3: That's right. Domon Kashu has the mark of the King of Hearts too. He's also very skilled in so much.

He told us what he can do.

J.D. 2: Wow! You taught him really well.

Me: I'll say. You're a really good teacher like me. I better get back and tell everyone.

J.D. 3: Okay. And thank you.

I got back to the real world and it was intense.

Me: Whoa!

Lori: What a rush!

Leni: That was totes intense.

?: What happened?

We then saw a boy no older than Lincoln and he had blonde hair, a white shirt, a blue vest, blue shorts, white socks and tennis shoes. It was Eli Winston Bullock.

Eli: J.D.!

Me: Eli!

We hugged.

Aerith then hugged him too.

Nico: You guys know this kid?

Me: Oh that's right. We have a lot of explaining to do.

We did so and everyone had ice packs on their heads.

When it was done everyone was shocked!

Nico: WHOA! That's amazing! That explains what that massive flash of light was.

Lincoln: So now you have a 20 billion year old hero and a 75,000 year old caveman inside you? That's amazing!

Rita: It sure is.

Lily: No kidding.

?: Uwa.

A little baby boy with a brown small hair came and he had a green pajama pants on and he went over to Lily.

Lily: (Gasp) Oh aren't you adorable.

Lily picked him up.

Eli: Oh that's Leopold. But everyone calls him Leo. He's your baby brother Lily.

Lily: I've always wanted a baby brother.

Lincoln: Me too!

Nunnally then appeared. She was beautiful.

Nico: Wow.

Nunnally: Hello everyone. My name is Nunnally Lamperouge VI of Brittannia and it's such an honor to meet you all.

Nico: Pleasure to meet you too. My name is Nico. Nico Chan.

Eli: Pleasure to meet you Nico.

I then saw a scar on Eli's chest.

Me: Whoa how did you get that scar Eli?

J.D. 3 was talking to me through my E crest in the middle of my forehead as it was glowing blue. J.D. 2 talks to me through my E crest when it glows red.

J.D. 3: That's part of what Eli went through J.D. Leni accidentally sent Lori, Lincoln, me and Eli into the past 50 years ago and Eli got shot defending Maria Robotnik from soldiers.

Most of us gasped.

Me: Whoa! Eli is a true hero.

Varie: Amazing! He is a very brave kid.

Me: I know.

Vince: He sure is a brave kid.

Me: I should tell you everything about Eli.

I went over everything about Eli and everyone was shocked and full of surprise!

Lori: WHOA! That is literally amazing!

Sam S.L.: So me, Carol, Dana, Becky, Teri and Darcy are like sisters to him? That's rockin dude.

Carol: It sure is.

Becky: It sure is.

Nico: And Eli is just as gifted as you J.D.

Me: He sure is.

Eli: Yeah. But what is this group you're all part of?

Me: We are called Team Loud Phoenix Storm.

I went over the entirety of our adventures and more and what we have done and so much.

Eli and Nunnally: WHOA!

Eli: That's incredible!

Nunnally: You guys have done it all over the years.

Me: We've seen it all too. Some adventures were awesome and some were very challenging.

Yang: They sure were.

Devon Daniels: Oh yeah.

Eli: It's gonna be so awesome being with you all.

Laney: It sure is.

Rainbow Dash: It's cool though.

Sunset Shimmer: It sure is.

Me: Yep.

My watch beeped.

Me: Oh it's time to visit the Royal Defenders in The Raft.

Eli: Who are the Royal Defenders?

Me: You would hate these guys Eli. They are essentially us gone bad. They are an evil version of us from another universe and we declared war on them a couple of weeks ago and we defeated them. You know the Justice Lords right?

Eli: How can I not know about them? They are the Justice League gone rogue.

Me: That's right. The Royal Defenders are like the Justice Lords times 10.

Eli: Whoa!

I went over everything they did and it was not pretty.

Eli and Nunnally gasped in horror.

Eli: That's insane! Why would they do all that!?

Lynn: Blame their version of me for that. They went through what we call the Bad Luck Karma Fiasco. It was horrible.

Ed Cowart: Yeah and here's the intel on what they were doing.

Ed gave him a file on the intel he gave us and Eli read it and more. He was shocked!

Eli: He took away the Mane 7's free will and demoralized heroes all over the world and their universe!? THAT'S INSANE!

Me: That's one of the reasons why we went into war against them. To show that they have lost their humanity and weren't respecting our number 1 rule: With Great Power Comes Great Responsibility.

Eli: Big rule.

Hunter: (German Accent) Ja. Und it has been a very important rule for us.

Me: Lets introduce you to the people you haven't met.

They did so.

Eli: Wow! It's awesome to meet you all. How come some of the villains are also in the team?

Nico: Some of them have been rehabilitated and are now part of the teams Redemption Squad. We have a lot of awesome teams with us.

Eli: Awesome!

Me: Lets head to the Raft.

We were off to the Raft.

* * *

We arrived at The Raft, S.H.I.E.L.D.'s own Alcatraz.

Eli: So the Royal Defenders are now at The Raft?

Me: Yep. We locked them up in here after we defeated them.

Nico: They deserve to spend every second and minute of their miserable lives in here for what they did.

Eli: Good.

Kitten: Here we are. The cell of Lincoln Loud from the Royal Defenders.

We arrived at his cell and opened it and went in and RD Lincoln saw us.

RD Lincoln: Look who it is.

Eli: So you are the Royal Defenders Lincoln.

RD Lincoln: That's right young one and you are?

Eli: Eli Winston Bullock. Just moved to Gotham Royal York.

Sunset Shimmer and the Equestria Girls were pissed at RD Lincoln.

Sunset: Tell me. Was the friendship you had with my counterpart real?

RD Lincoln: Of course it was! Hell, your counterpart on my world was even part of my family!

Twilight Sparkle: Then why did you put servitude chips in her and the counterparts of me and my friends?!

RD Lincoln: Because your Team Loud Phoenix Storm buddies pushed me into doing so when they declared war on us! I knew your counterparts would never support what we were doing next willingly. What was I supposed to do? Just let me and my family get killed? I'll do whatever it takes to win!

Shadowcat: Is that what you think a hero does?!

Me: Also Sunset and her friends were not part of our group when we declared war on you.

Ruby Rose: YOU MONSTER!

Ruby then jumped him and she was beating up RD Lincoln savagely.

Ruby: (starts to cry) You'll never hurt anyone again. DO YOU HEAR ME?! NEVER! (sobs)

Swindle: Guys, we need to stop her before she kills him! (disgusted) I can't believe I just said that.

Lincoln and Nico grabbed her. Ruby's arm started turning pitch black!

Me: Ruby calm down. Killing him is not worth it!

Sunstreaker: Ruby, I thought we stopped you and your friends from becoming Heartless!

Jaune: Don't look at me. Me, Ren, Nora, Oscar, and Qrow don't feel any darkness inside us anymore.

Ruby: But me, Weiss, Blake, and Yang do. Probably because we spent several months apart after the Battle of Beacon. (sobs) I guess we're cursed to have these fucking monsters inside us!

Ruby's eyes turned yellow for a few seconds.

Aqua: Nobody is gonna be cursed on my watch.

Aqua fired a wave of light and it got rid of the evil heartless inside Ruby forever.

Me: Whew.

Eli: Boy they went through a nightmare.

Nico: Tell me about it.

We left the prison.

---

Later we were getting ready to go to the island next door to where Isla Nublar was: Isla Sorna.

Aerith: Isla Sorna?

Eli: That's right Aerith.

Me: The island right next door to Isla Nublar? Why there again?

Eli: Cause I wanted to show both Aerith and Maria what's in site B.

Me: Oh. I get it.

Eli: And lets get the Loud's, Casagrande's and their friends to join us.

Me: Good idea. All of us will go.

We gathered everyone.

Eli: Lincoln, Lana, Lisa come up here with us.

Lincoln: Sure.

They did so.

Eli: Everyone we're going to an island that J.D., Nunnally, Lincoln, Lana, Lisa, and I have been on before. It's called Isla Sorna Site-B.

Everyone gasped!

Laney: Why there!?

Eli: Because Aerith and Maria haven't been there yet.

Me: Yeah.

J.D. 3: Yeah we went to the island of Jurassic Park before. It was amazing.

Eli: Now let's get a boat and shove off!

Qin: Lets do it!

Everyone: YEAH!

We were off and we were sailing to the Costa Rica there is Isla Sorna.

Eli: Land ho!

We saw the island.

Me: Isla Sorna, dead ahead.

---

Isla Sorna is an island 333 kilometers (207 miles) west of Costa Rica. Isla Sorna is the largest island of The Five Deaths island chain, located north east of Isla Tacaño and south of Isla Muerta.

After InGen bought Isla Sorna, they code-named the island "Site B". Isla Sorna became InGen's "factory floor", where dinosaurs were cloned in the various facilities InGen built on the island. The dinosaurs were nursed in temporary cages until they were fit to be transported to Jurassic Park on Isla Nublar, 87 miles east of Isla Sorna.

After Hurricane Clarissa hit the island, all personnel were evacuated from the island and the facilities were later abandoned. However, before they left, the InGen personnel unlocked the cages so that the dinosaurs could have a better chance of surviving the storm. Within a few years, the dinosaurs took over the island and established a fully functional ecosystem.

In the first stages of the development of The Lost World: Jurassic Park, the geography of the novel version of the island was used. Later, they made a new version of the island. The geography of this island is revealed in the Hammond Scene of the film. John Hammond shows Ian Malcolm a screen on which the thermal signatures of the dinosaurs is seen, but the island as a whole is also seen. Based on this and other maps, the crew of Jurassic Park Legacy made a more detailed map that shows all locations.

The location of Isla Sorna is also revealed. At the start of The Lost World it's shown that Isla Sorna is located 87 miles (140 kilometers) southwest of Isla Nublar. At the start of Jurassic Park III it says that it is located 207 miles (333 kilometers) west of Costa Rica. Before the expedition leaves, when Kelly Malcolm is inspecting the Fleetwood RV Mobile Lab, a map of the island which includes part of Costa Rica, as well as latitude and longitude markings, is shown. From this map, the location of the island is as follows:

Latitude: 8 degrees 25 minutes North (8.4166667)

Longitude: 87 degrees 40 minutes West (-87.66666666666667)

Furthermore, when Nick Van Owen calls from the Worker Village, he gives the following coordinates:

Latitude: 9 degrees 58 minutes North

Longitude: 85 degrees…

The geography, like Isla Nublar, was originally igneous. Part of a hotspot archipelago in the Pacific, Las Cinco Muertes, Isla Sorna has a geographical plain of sharp volcanic cliffs, which over time, has been overlain with both classic and coniferous jungle. This volcanic history was actually tapped into by InGen, who used geothermal energy as a renewable power source to run the Worker Village. Incredibly mountainous, this geological construct has allowed for an interesting division between the predators and herbivores of the island. The larger and more fearsome carnivores such as the Tyrannosaurus and Velociraptor tend to stay mostly towards the island interior, while the herbivores such as Parasaurolophus and Mamenchisaurus stay on the rim of the island along with very small carnivores such as Compsognathus. Interestingly, the structure of this island allows for a very curious arrangement. The island has multiple channels and canyons that cut into the island interior all the way from the coast. This allows for the statements said by John Hammond in 1997, and the often misinterpreted statement about the arrangement said by Eric Kirby in 2001 to both be true. Essentially, a large enough portion of the island interior also has a large number of water inlets cutting into it. Although the island is in a tropical region, at night, Isla Sorna has been shown to be cold enough for one to see their own breath.

## Topographic Map

The topographic map of Isla Sorna was first used in The Lost World, based on an earlier script, although it remained the same and was reused for the production of Jurassic Park 3. A similar topography is seen on Eddie's radar.

Several places on the island are named here, with their altitudes known to the ocean, from some beaches, mountains, and other geographical disasters. One of the highest points shown on the map are "Punto Alto" or, 1000 meters high, in the north of the island and separated from the rest by a ravage caused by one of the rivers, another would be the great accompanying mountain of "Lago Real", a disaster that is closer to the center of the island and that connects to various water sources . Although referred to in the movies, sites such as the Main river of Site B or the Isla Sorna Lagoon are not named on the map, probably due to being casual names rather than true geographical identification.

Around Isla Sorna, several islets are seen, two of them known as "La Roca Grande", to the northwest, and "La Roca Muerta", to the southeast. Because of their large size they can be seen on the map, unlike the rocks closest to the coast seen during Jurassic Park 3.

Mountainous areas:

Lago Real

La Pradera

Sierra San Fernando

Campo de Trabajadores/Worker Village

Palo Blanco

Laguna Escondido

Some of the beaches of Isla Sorna may include:

Playa Grande

Playa del Sol

Punta Tiburón

Playa Firme

Punta Magdalena

Punto Trinidad

Also framed human roads and settlements, only the Worker Village is named, the other structures are unknown, since it has not been confirmed what their true identity is.

History

Before InGen populated this island with dinosaurs, Isla Sorna was just trees, plant life, and living animals.

During InGen's operations on the Island, there were four areas that were constructed. The Embryonics Administration was the main factory that produced the dinosaurs on a massive scale. There was also an airstrip that was built close to the Embryonics Administration. After the production of a mutant variety of Pteranodon, a large Aviary was constructed where the genetic mutated Pterosaurs could be studied and quarantined. Following the river through which the aviary was connected, several cargoes and at least one boat could be seen to transport materials, to an area with an unused structure and a crane accompanied by a cliff.

The Worker Village was a small compound that was used as the barracks for the Employees who worked at Isla Sorna as well as possessing a radio that could reach the mainland. InGen continued their operations on Isla Sorna up until 1993, sometime after the Incident on Isla Nublar, when a hurricane struck Isla Sorna and forced the evacuation of the island.

After the evacuation of Isla Sorna, the dinosaurs were freed and left to take care of themselves. In 1997, a British family on a yacht cruise stumbles on the Island and the family's little girl is attacked by several Compsognathus. Peter Ludlow, John Hammond's nephew, uses the incident to take over InGen and become the new CEO of the company. Knowing that Ludlow is planning an expedition to Isla Sorna to capture the dinosaurs to be displayed at Jurassic Park: San Diego, Hammond sends his own team to Isla Sorna to document the dinosaurs in order to gain public support for the isolation of Isla Sorna as a natural preserve. As Ian Malcolm points out, the dinosaurs should have succumbed to the Lysine Contingency and died after about 6 or 7 days, but Hammond reveals that the animals are actually thriving on the island. He also explains that carnivores tend to group towards the middle of the island while herbivores stay mostly on the outer rim.

However, once on the island, the clashing of Ludlow's and Hammond's teams causes chaos to break loose. The survivors on both teams have to combine forces and hike to the Worker's Village in order to send a distress call. After a few days of hiking, the teams encounter a pair of parent Tyrannosaurus, and then a pack of Velociraptors outside a field of long grass. Their numbers now heavily diminished, the rescue call is made and the teams are airlifted out. However, Ludlow is able to salvage his operation by capturing a male T. rex. Unfortunately the Tyrannosaur Buck breaks loose and rampages through San Diego, the animal is eventually recaptured and returned to Isla Sorna, along with the Infant T. rex. After this incident, Isla Sorna is declared a restricted zone by both the US and Costa Rican governments while deliberation begins by both sides on what should be done with the island.

In 1998, a small team of scientists from InGen illegally landed on Isla Sorna against the 1997 Gene Guard Act and began the process of cloning new species of dinosaurs not created before and therefore were not on "InGen's list". They were grown and experimented on over a period of nine months covertly in order to avoid any carnivorous dinosaurs. The new species included Ankylosaurus, Ceratosaurus, Corythosaurus, and Spinosaurus; all of which were abandoned on the Island when the scientists left.

Four years later, in 2001, a 12-year-old boy and his mother's boyfriend, Eric Kirby and Ben Hildebrand respectively, went parasailing near Isla Sorna in hopes to see dinosaurs. Unfortunately, something attacks their boat, leaving Ben and Eric stranded on the island. After pleading to multiple agencies for help in getting their son back, a divorced couple Paul and Amanda Kirby travel to the island with Alan Grant and a trio of mercenaries in order to retrieve Eric. After a Spinosaurus destroys their plane and takes out two of the mercenaries, the group is left stranded on the island. After finding Ben's rotted corpse, the group treks on but gets separated after a Velociraptor encounter. Eventually finding Eric and regrouping, the Kirbys and Alan Grant are able to send a call to Ellie Degler, whose husband works for the US State Department. She is then able to send the US Marines and Navy to the island and rescue the Kirbys and Alan Grant.

## Jurassic World

Because Isla Sorna is never mentioned during the film, it was unknown what happened to the dinosaurs that were on the island during the incident at Jurassic World. However, it's possible that dinosaurs are still plentiful on the island. Also, since Isla Sorna is still considered a restricted area as of Jurassic World: Fallen Kingdom, this theory could be true.

According to a report by DPG, the remaining dinosaurs on Sorna were moved to Nublar to be housed as attractions at Jurassic World.[3] The operation to move the animals from Sorna to the park site on Isla Nublar was critical to their well-being.

"A considerable and mystifying drop in population on Isla Sorna had recently been discovered; some paleontologists claimed it was the result of territorial disputes, others argued disease was the catalyst, while some scientists even placed the blame on the animals' behavior."

## Ecology

The Lost World: Jurassic Park was filmed in Prairie Creek Redwoods State Park and Patrick's Point State Park, (northern California).[4] Showing a temperate Redwood forest. Jurassic Park III was filmed on the tropical island Molokai (Hawaii).

The Jurassic Park 3 region appeared to be much more tropical than The Lost World region, possibly due to mountains keeping moisture from reaching the other portion.

While dinosaurs are the most commonly seen fauna, mammals and reptiles (along with birds and amphibians) also live around the island. The seas that surround the island serve as the prominent habitat for numerous water based fauna including fish, marine mammals, and even sharks.

In regards to the carnivores, Tyrannosaurus dominates at the top of the food chain as the main apex predator of the island. However, after the illegal species created in 1998 were released on the island, the Spinosaurus began to compete with Tyrannosaurus for territory, while predators such as Velociraptors, Compsognathus, Dilophosaurus, and many others each occupy their own niches.

On the other hand, giant herbivores like sauropods have the advantage of feeding on trees, all the while leaving the grass and low growing vegetation to herbivores who restrict themselves to feeding at that level, thus displaying herbivore niche partitioning.

Flocks of pterosaurs can also be found flying throughout the skies.

Migrations are known to occur on Sorna from time to time, usually in dry seasons and droughts when food and water become less abundant for the herbivores. On other occasions such as breeding season, herds of herbivorous dinosaurs travel long distances to reach their traditional nesting grounds.

Dinosaurs

All of the dinosaurs on InGen's List were cloned on Isla Sorna. It should be noted that these dinosaurs were at some point planned to be shipped to the park on Isla Nublar, but this never occurred due to the 1993 incident. Dinosaurs that exist on the island include:

Baryonyx (5)

Brachiosaurus (10)

Carnotaurus (2)

Compsognathus (43)

Dilophosaurus (12)

Edmontosaurus (4)

Gallimimus (20)

Geosternbergia ?

Herrerasaurus ?

Maiasaura ?

Hadrosaurus ?

Mamenchisaurus (4)

Microceratus (22)

Pachycephalosaurus (9)

Parasaurolophus (13)

Pteranodon (10)

Stegosaurus (11)

Triceratops (10)

Tyrannosaurus (6)

Velociraptor (18)

It is known that Herrerasaurus was created by InGen on Isla Nublar, but is not known if any remained on Isla Sorna or not. Geosternbergia is seen in The Lost World to be on Isla Sorna but the exact numbers or even the species have not been revealed by the DPG. This also happens with Maiasaura and Hadrosaurus, which can be seen as part of the Roland's dinosaur guide.

After Masrani Global Corporation bought InGen, at least four illegal species were cloned and released on the island, which were the Ankylosaurus, Ceratosaurus, Corythosaurus, and Spinosaurus.

We head to shore it was a jungle island.

Me: Here we are.

Eli: Okay everyone we're here.

Me:Wow.

Nico: I've got a bad feeling about this.

Eli:This way!

We all followed Eli And there is a Brachiosaurus.

We gasped!

Me: Wow!

Maria: Is that?

Aerith: A dinosaur?!

Me: Yep. Brachiosaurus. 150 million years ago they lived.

And there was a huge herd of Brachiosaurus.

Me: Whoa!

Maria: Grandfather would've loved to see this!

Lana: It's awesome!

Eli: Aerith, Maria, everyone, Welcome… to Jurassic Park.

Stewie: Here we are in Jurassic Park!

We saw herds of many different kinds of dinosaurs and they were incredible.

Me: Wow!

Lincoln: So amazing!

Leo: Oh!

Me: We know many different kinds of dinosaurs and prehistoric life. In Gotham Royal York we have an awesome preserve called Paleozoic World where all the creatures from over the course of 700 million years live.

Eli: Wow!

We saw a herd of stegosaurus.

Me: Stegosaurus.

Eli explained how the dinosaurs were brought back to life to Aerith, Nunnally and Maria and they gasped in shock.

Eli: So this is the second island of dinosaurs but no fences this time.

Me: Yep. But these scientists were really playing with fire and tampering with the laws of Mother Nature and it lead to devastating consequences.

Laney: Just like in the books of Jurassic Park.

Riku: You think some of us can have dinosaurs for pets?

Me: I am not sure that's a good idea Riku. But it would be cool.

Lily: It sure would. Look there.

Lily pointed to a herd of Apatosaurus.

Me: Yep Apatosaurus.

Rita: Look Leo sweetie.

Leo is amazed.

Eli: Let's go.

We saw that the dinosaurs were scared of something.

Xion: You know what the best part is? The dinosaurs will eventually lay eggs to make baby dinos!

Toad Man: I hope they won't be a handful.

Huntsgirl: Are the dinosaurs scared of something?

Nico: They sure look like it.

We went further into the island and we found a really old and abandoned lab.

Me: That's an abandoned laboratory.

Aerith: Is this how they made the dinosaurs?

Eli: Yep but to Dr. Allen Grant, this is how you play God.

Me: And play with fire.

Laney: Dangerous place.

Nico: It's hard to imagine that they brought the dinosaurs back to life after 66 million years of extinction.

Naruto: No kidding.

Lana: It was so cool seeing them when we were on Isla Nublar the first time.

Lola: It sure was.

We then heard a voice.

?: There we go. Time to create a new creature.

Eli: You hear that?

Aerith: Yeah someone is here.

Sonic: Uh oh. I know that voice. It's familiar.

Eli: It sounded like… Eggman!

Maria: Eggman?

Me: Dr. Eggman? You mean like Dr. Ivo "Eggman" Robotnik?

Nico: But I thought we killed him?

Me: Actually he got himself blown up. But this must be a different Dr. Robotnik.

Nico: Oh.

Eli: Eggman is your cousin Ivo.

Maria Robotnik: Oh my!

Me: I didn't know that.

Eli: But why is he on Isla Sorna?

Me: Lets find out.

We go into a big room and we saw DR. EGGMAN and he was creating a new creature.

---

Dr. Ivo "Eggman" Robotnik is the main antagonist of the Sonic the Hedgehog franchise of platform games by Sega. He is a mad genius who is bent on world domination, and the arch-nemesis of Sonic the Hedgehog and his best friend, Tails. In other appearances he was one of the four tritagonists (alongside Sonic, Amy and Rouge) of Shadow the Hedgehog, and the anti-heroic tritagonist of Sonic Rivals and its sequel. Over the years, his characterization has switched between him being portrayed as a serious threat, a more comedic and goofy character, an anti-hero, or a mix of all. In later years, he has notably become more evil and unhinged as his hatred of Sonic the Hedgehog eventually took him over and began driving him to want to destroy everything in the entire world, unlike his old hegemonic self.

In the Japanese version, he was voiced by Masaharu Satō in SegaSonic the Hedgehog, the late Chikao Ōtsuka between 1998 until his passing in January 15, 2015, and by Kotaro Nakamura since 2016.

In the English version, he was voiced by the late Deem Bristow between 1998 and 2004 until his passing in the latter year and is currently voiced by Mike Pollock since 2005, who also voiced the Garbageman in the 2003 Teenage Mutant Ninja Turtles TV series.

In the 2020 Sonic the Hedgehog live-action film, he was portrayed by Jim Carrey, who also played the Mask, the Cable Guy, the Grinch, the Riddler, and Count Olaf.

Originally known exclusively as Dr. Ivo Robotnik in the localizations outside of Japan, Dr. Eggman did not have much of a story going for him. In the first game, he was trying to conquer South Island and create his industrial paradise known as Eggmanland and was eventually thwarted by Sonic the Hedgehog himself.

In the second game of the main Genesis series, Sonic's friend Miles "Tails" Prowler joins the blue hedgehog to stop Robotnik, who has conquered West Island. Sonic eventually defeats Doctor Robotnik in a skirmish on the doctor's iconic space station dubbed the "Death Egg". In GameGear version of Sonic the Hedgehog 2, the good doctor takes Tails for ransom, asking for 6 Chaos Emeralds in return.

In Sonic CD, Doctor Eggman arrives in a world with seven gems that can control time. Planning, he created a robotic version of Sonic, dubbed Metal Sonic to keep him busy.

In the third game of the main series, after being damaged by Sonic, Eggman's space station, the Death Egg, started falling out of orbit. It lands on a floating island known as Angel Island. Here he meets Knuckles the Echidna, the last member of his tribe, who was responsible for guarding Master Emerald, which kept the island levitating. Eggman tricks Knuckles into believing that Sonic would come to steal his emerald, and so makes him Sonic's enemy.

In Sonic and Knuckles expansion, after once again being damaged, the Death Egg falls onto Angel Island once again, and lands in a crater. As Doctor Robotnik prepares his Death Egg for a new launch, he drops a bomb on Knuckles, which infuriates him and sends on a search for Sonic.

The complete Sonic 3 & Knuckles ends with the heroes destroying Eggman's robotic creations on the Death Egg and taking Master Emerald back from Robotnik during the Doomsday event.

Eggman has appeared as the main villain of nearly every other earlier Sonic title, such as SegaSonic the Hedgehog, Knuckles' Chaotix, Sonic Chaos, Sonic Triple Trouble, Sonic Labyrinth, Sonic the Fighters, Sonic 3D Blast, and Sonic R, with Sonic defeating Eggman at the end of each except SegaSonic the Hedgehog (in which there is no boss battle), Knuckles' Chaotix (in which Knuckles and his team fights him), and Sonic Labyrinth (in which one of Robotnik's creations is the final boss).

In Sonic Labyrinth, Eggman manages to sneak up to Sonic while he was sleeping and replaces his shoes with Slowdown shoes, ignoring the fact that he could have just destroyed Sonic right there.

In Sonic Advance, Eggman captures several of the animal population and has turned them into robots. Sonic and co. team up and head after Eggman to stop him from taking over the world. Sonic and his friends defeat Eggman in six zones and he flees as he releases a capsule of captured animals. In the fifth zone, he uses a robotic version of Knuckles to defeat Sonic and his friends, but they manage to defeat him. Sonic and his friends follow Eggman up into space by a rocket and confront him. Eggman tries to defeat Sonic and his friends with his machines, to no avail. Sonic turns into Super Sonic and chases Eggman, while Eggman throws balls at him until he manages to destroy his robot and return to Earth a few days later.

## Later Games

Sonic Adventure games reveal some parts of Robotnik's backstory and unite the use of his alias "Eggman" (in English versions of Sonic Adventure) and his surname "Robotnik" (Sonic Adventure 2 features the first official appearance of the name "Robotnik" in Japanese versions). Sonic Adventure 2 reveals that Eggman's cousin Maria and grandfather Professor Gerald Robotnik (who was Ivo's hero and idol) were killed by the government's agents. That act was shocking for Ivo Robotnik, turning him into the terrorist, trying to destroy the government and create his own ideal Eggman Empire (and, in later games, the industrial Eggmanland).

## Sonic Heroes

Metal Sonic, now known as Neo Metal Sonic, rebels against Dr. Eggman and locks him aboard his own flagship. In the meantime, Metal Sonic impersonates the doctor, fighting the heroes and gathering data to upgrade his battle capabilities. The real Doctor Eggman with his voice secretly high-pitched as a cover coordinates Team Chaotix and waits for the detectives to free him and later unites all of the teams to fight Neo Metal Sonic, also reminding them about the power of Chaos Emeralds. After Neo Metal Sonic was defeated and reverted to his original form, Eggman attempts to sneak away from paying Vector, only to spotted by him, forcing him to run away from the now angry Team Chaotix.

## Shadow the Hedgehog

Eggman is the secondary antagonist and the Eggman Empire is one of the factions which Shadow the Hedgehog can ally himself with. Dr. Robotnik can either give missions to the hedgehog or fight him as a boss. Robotnik's forces take part in defending the planet from Black Doom's alien army and the doctor himself ends cheering on the protagonist in the canonical "Last Story" ending. During the final boss (if the player continues fighting for 8-10 minutes), Eggman reveals to everyone, including Shadow, that the Shadow they've been working with since Sonic Heroes is indeed the real and original Shadow. After Black Doom is defeated, Eggman tries to go take the Chaos Emeralds, only to be chased by Knuckles.

## Sonic Riders

Eggman is the main antagonist and searches for the treasure in Babylon Garden, getting the Babylon Rogues to win the Chaos Emeralds for him, however, is disappointed at the treasure being a carpet (unaware that it was a magic carpet). In Sonic Riders: Zero Gravity, he attempts to use MeteorTech robots and Arks of the Cosmos to take over the world, but they turn on him and are destroyed by Sonic. In Sonic Free Riders, he disguises himself as "King Doc" (also called himself "King Doc of Toreggmania") and hosts a Grand Prix, having reprogrammed Metal Sonic to race for him and collect data from Sonic, Amy, Shadow, and Jet's teams, however, Metal Sonic betrays him yet again and collects the data for himself, but loses the last race to Sonic.

## Sonic RushEdit

Eggman teams up with, seemingly, his "counterpart" from the Sol Dimension, Dr. Eggman Nega, to create an Eggmanland beyond all dimensions by abusing the Chaos Emeralds and Sol Emeralds, however, they are defeated by Sonic and Blaze. In Sonic Rush Adventure, they team up again, this time in the Sol Dimension, creating Captain Whisker to find the Jeweled Scepter for them so they can use it to awaken the Power of Stars. After Whisker is destroyed, they steal it themselves but are defeated by Sonic and Blaze. Nega tries to use "Planet-Buster Laser" to undo the creation, but is interrupted by Marine the Racoon and ends up destroying their robotic Egg Wizard. Eggman survives and soon returns to the Chaos dimension.

## Sonic Rivals

Eggman is imprisoned in a card by Dr. Eggman Nega, who is revealed to be Ivo Robotnik's descendant from 200 years in the future, who hates the good doctor for disrupting their line of brilliant scientists with his failures and wants him removed from the timeline. However, Eggman is released by Shadow and Silver and helps them get to Nega's base. In Sonic Rivals 2, he reprograms Metal Sonic as a mindless servant and has him, team, up with Shadow to stop Eggman Nega from releasing the Ifrit and destroying the world.

## Sonic Unleashed

Eggman is one of the main antagonists. He awakens Dark Gaia in an attempt to take over the world and defeat Sonic. After he is defeated by Sonic and puts Dark Gaia back together, he is knocked into the distance by Dark Gaia, who will not take orders from him. He survives, however, and is last seen chasing his robot assistant Orbot into the distance for calling him a loser. The most pathetic loser in all the world, whose past efforts were utterly wasted.

## Sonic Colors

Dr. Eggman is again the main antagonist and has opened an intergalactic amusement park pretending to have redeemed himself, however, he was harvesting thousands of aliens called Wisps for use in the creation of a mind-control device which he planned on using to take control over the entire universe. When it fails, Eggman (in anger) finally snaps and decides to focus completely on killing Sonic, and attacks him with the Egg Nega Wisp (also known as Nega Wisp Armor). After his defeat, he is left in the middle of space with his robot assistants Orbot and Cubot to move his Eggmobile. This appearance has marked the first time in a 3D Sonic game to feature Eggman as the final boss.

## Sonic the Hedgehog 4

In Episode I, which chronologically takes place after Sonic the

Hedgehog 3 & Knuckles, Doctor Robotnik starts a new scheme and improves on some of his earlier creations to stand a better chance against Sonic. However, this does not slow the hedgehog down and he eventually defeats Eggman during a showdown aboard the E.G.G. Station. In Episode II, it shows that the good doctor is not finished yet and begins the construction of his Death Egg Mark II around Little Planet. Sonic and his pal Tails chase Eggman across various locations before making their way onto the Death Egg Mark II itself. Although Robotnik had Metal Sonic by his side, he was ultimately defeated again by the heroes at the heart of the Death Egg.

## Sonic Generations

In a surprise reverse twist from past 3D games, Classic and Modern Dr. "Eggman" Robotnik is not only the main antagonists but the final bosses of Sonic Generations. Eggman finds a monstrous, supernatural entity, that he converts into a cybernetic organism, called the Time Eater, which he uses in an attempt to alter time and erase his previous defeats. He kidnaps and teams up with his past self from Sonic the Hedgehog 2, however, both Eggman's are defeated, destroying the Time Eater in the process, resulting in them being trapped in limbo, unable to escape. During this, they realize they will never beat Sonic, and plan to get a teaching degree if they ever get out.

## Sonic Lost World

Eggman somehow escapes limbo (and does not take up a teaching degree) and tries to harness the power of the Deadly Six to take over the world, using a magic conch to torture them into submission, but they rebel against him since Sonic took Eggman's conch and kicked it into the distance, forcing him and Sonic to work together to defeat them. After the Deadly Six are defeated, Eggman (who had faked his death during his alliance with Sonic to power a machine) turns on Sonic revealing he had been using him to defeat (and possibly kill) the Deadly Six, effectively becoming the true main antagonist. He is defeated by Sonic shortly after, and falls off the Lost Hex, seemingly to his death (though neither Sonic nor Tails care, this may be because they knew where he would land). It is revealed in the end that he survived by falling into soft dirt but lost half his mustache due to a rabbit mistaking it for a carrot stalk while he was unconscious.

## Sonic Forces

After somehow obtaining a mysterious and powerful gemstone known as the Phantom Ruby, Doctor Eggman began plans to make his biggest bid for world domination yet. Fueled by his hatred for Sonic the Hedgehog, Eggman incorporated the Phantom Ruby's power into a disgraced squad leader and eventually converted him into his latest weapon; the enigmatic warlord known as Infinite.

When his preparations were complete, Eggman commenced a worldwide assault and was soon confronted by Sonic and Tails. The doctor summons Infinite and duplicates of Sonic's rivals to battle the blue hedgehog and seemingly succeed in destroying him. With Sonic finally gone, Eggman continued his invasion for six months with great success. Conquering 99% percent of the world with the remaining 1% still resisting his forces. While Eggman gave his enemies three more days to prepare for a final confrontation, The Resistance fought to weaken the Phantom Ruby's power, which was presumably being energized by the rebuilt Death Egg orbiting around the planet.

The Resistance eventually achieved in destroying the Death Egg with the help of Sonic the Hedgehog (who was revealed to be alive and well), a version of Sonic from an alternate dimension, and a remarkable recruit usually referred to as the "Rookie". Unfortunately, a backup generator is hidden under Metropolis managed to give the Phantom Ruby enough power for Eggman to have Infinite conjured up sun and throw it at his enemies. Not only destroying the Resistance but also all other opposition on the planet's surface. However, the Rookie used a Phantom Ruby Prototype he/she found to make the sun disappear, saving their allies and making Eggman retreat to his base.

As the heroes tackled the dangers of his base, Doctor Eggman played his trump card by installing the Phantom Ruby into a Death Egg Robot which empowers (or drains) the ruby so much that it overclocks, making the robot even more powerful than Infinite. Despite all its power however, the robot was destroyed by the teamwork of both Sonic counterparts and the Rookie, thus foiling Doctor Eggman's plans and releasing his gripping hold on the world.

## In Cartoons

There have been five animated TV series featuring Dr. Robotnik. The first was Adventures of Sonic the Hedgehog where he was voiced by Long John Baldry. Doctor Robotnik was the series' main antagonist, being portrayed as a villain who sought to rule the planet Mobius for no reason other than the fact that he appeared to be motivated by the act of being evil. While the threat he posed to Sonic the Hedgehog and Mobius varied from episode to episode, he was generally portrayed as incompetent and immature, with a tendency to mistreat his dimwitted Badnik sidekicks Scratch and Grounder, and, many times when Sonic foils his plans, utter the catchphrase "I hate that hedgehog!". The mannerisms and catchphrases of his television counterpart have become highly memetic. In 2 certain episodes of the entire series, he has achieved two alternate forms with superpowers, first was a Superman-esque supervillain called "Super Robotnik", and second was a muscular god-like giant known as "Supreme High Robotnik". In the animated series Sonic the Hedgehog, Jim Cummings voiced Dr. Robotnik (whose real name was "Julian", which was original to the Sonic the Hedgehog series). This version of Dr. Robotnik was initially portrayed as a fearsome dictator, darker and more serious than his much sillier counterpart in Adventures of Sonic the Hedgehog, being the only incarnation to be Pure Evil. Doctor Robotnik rules over his evil industrial city known as Robotropolis, and he is accompanied and joined by his two most favored allies, his robotic pet Cluck who is the only one thing he treats with compassion, and his unscrupulous nephew Snively who desires power and his uncle's downfall. As season 2 was more lighthearted than season 1, Robotnik was later depicted as an evil but incompetent villain rather than the fierce, dangerous, and intimidating foe he was originally shown to be.

Sonic Underground featured Robotnik in a style similar to the previous Sonic the Hedgehog animated series, but much more lightheartedly; he maintains less control and he is far more bumbling. He was voiced by Gary Chalk.

In the 2-episode OVA Sonic the Hedgehog: The Movie, Dr. Eggman tells Sonic that he has been banished from Robotropolis (Eggmanland in the Japanese release) by a metallic doppelgänger of himself called Metal Robotnik (Black Eggman in the Japanese release). It is later revealed that the mecha was piloted by Eggman himself, in a scheme to lure Sonic into his base and copy his DNA for his new Hyper Metal Sonic robot. Eggman was voiced by the late Junpei Takiguchi in the Japanese version, and by Edwin Neal in the English dub.

In Sonic X, Doctor Eggman (which he is usually referred to in this series, though his real last name in-universe is Robotnik as in the games), along with other Sonic characters, including Sonic himself, are accidentally transported from their own world (Mobius) to Earth. In the final season, Eggman returns to his universe and reluctantly joins forces with Sonic and his friends to fight the new menace called the Metarex before continuing to try building his own evil empire in his attempts to achieve world domination. This incarnation is voiced by Chikao Ōtsuka in the Japanese version, and by Mike Pollock in the English version.

Dr. Eggman appears as the primary antagonist of the Sonic Boom animated series, with Mike Pollock reprising his voice role. Eggman's physical appearance was the most drastically changed of the cast, now appearing to have a buff upper body and wearing a militaristic uniform, as well as having a fully brown and smoother mustache. He also appears to be less intelligent and much more childish than his mainstream counterpart.

Doctor Eggman also makes a brief appearance in the anime Hi sCoool! SeHa Girl. In the middle of the Sega Hard Girls' first exam in Border Break, Eggman hacks into the game world and begins to wreak havoc until Sonic appears to aid the girls in stopping him.

## In Comics

When the first Sonic the Hedgehog title was released in 1991, Sega of America developed an origin for Sonic the Hedgehog and Dr. Robotnik which diverged from the back-stories created in Japan by Sonic Team. In this back-story, set on the planet Mobius, Dr. Ivo Robotnik was originally a benevolent scientist named Dr. Ovi

Kintobor ("Ivo Robotnik" with the names spelt backwards; also, "ovi" is the Latin prefix meaning "egg"), a friend to Sonic who helped to develop the hedgehog's super-speed. In the Sonic the Comic, Kintobor was merged with a rotten egg and transformed into Dr. Robotnik after tripping over a cable with a rotten egg in his hand and suffering a severe electric shock. The result created Dr. Ivo Robotnik, who instantly became the opposite of the good Dr. Kintobor and would occasionally use the word "egg" in some words, with an example being "eggsactly".

In the United States, a different storyline was featured in a 14-page promotional comic book written by Francis Mao and designed to promote the game. The origin story was also adopted by Sega Europe, featuring in British publications such as the book Stay Sonic and later the comic book series Sonic the Comic, which was published from 1993 until 2002. In Sonic the Comic, Dr. Robotnik was the dictatorial ruler of planet Mobius for most of the comic's first 100 issues, while Sonic also had access to an AI computer program based on the personality of Dr. Kintobor. Initially, Robotnik's appearance in Sonic the Comic matched that of the video games, but from issue 22 onwards the comic adopted his design from the Adventures of Sonic the Hedgehog cartoon show.

Also in 1993, Archie Comics began publishing its Sonic the Hedgehog comic book. The series is in a sense, a very loose continuation of ABC's Sonic the Hedgehog animated cartoon; as well as a mad scientist, Robotnik is portrayed as an oppressive and magisterial dictator who took control of Sonic's hometown during a coup d'etat. In recent years, the plot of the comic has changed to incorporate elements from the video games, with Robotnik being replaced by his more traditional videogame counterpart. Eventually, legal disputes between Archie and former writers led to the comic series receiving a soft reboot during a crossover arc with Archie's Mega Man comics called When Worlds Collide. In this story, Dr. Ivo "Eggman" Robotnik teams up with Mega Man's archenemy Dr. Albert W. Wily and unleashes a phenomenon called the Super Genesis Wave that can permanently alter the reality of their worlds. Sonic tries to use the wave to revert changes the villains made to his world but Eggman attacks him while doing so and causes their world's history to been rewritten. From issue 252 onward, the comic series takes place in a new continuity that follows the video game lore more closely but retains comic exclusive elements and characters from the animated cartoon.

In Movies

Youtube actor DJ Hazard portrayed Dr. Robotnik in the 2013 short fan-film Sonic by Eddie Lebron. This version is more in line with his darker SatAM counterpart, being an unsympathetic, ruthless, cold, and brutal tyrant and holding a disgust towards Mobians, or "South Islanders", as they are called in the fan film. Parallel to SatAM and Archie Comics, he started off as Dr. Julian Kintobor, before deciding to become a totalitarian dictator by establishing his Eggman Empire and set out to conquer all of Mobius.

Eggman makes a cameo in Disney's Wreck-it Ralph and its sequel as a member of a villain's support group called Bad-Anon. Here he does not have a speaking role.

Eggman/Robotnik appears as the main villain of the 2020 Sonic the Hedgehog film, portrayed by actor Jim Carrey. This version of the character is depicted as an egocentric scientist hired by the government to help them capture and study Sonic the Hedgehog, who secretly plots to harness Sonic's power for himself to take over the world. It is also revealed that he even helped the US Government stop several coups in the Middle East.

Eggman: It's alive!

We crawled onto the grates of the walls and we saw him.

Eli: Uh oh.

Eggman a created a hybrid creature called a Paradeinonychus which was half Parasaurolophus and half Deinonychus.

They gasped in sheer horror!

Maria: What is that thing?

Eli: A hybrid creature.

Me: It looks like it's half Parasaurolophus and half Deinonychus.

Eggman: Excellent soon the world will be mine and I will have my own army of Hybrid dinosaurs.

Me: This is not good.

It scared Lily as she was holding Lincoln while Leo was holding onto Lucy.

Soundwave: Eggman detected!

Eggman: Who's there?!

Maria: It's us cousin.

Xion: Long time no see, Eggman!

Eggman: (sighs) And you heroes are back to calling me by that nickname.

Me: It's mutual.

Maria Robotnik: Nice to see you cousin.

Eggman: So it's true then. I'm amazed you survived and what an unexpected surprise and J.D., Eli we meet again.

Me: I never even met you before. Your Mobius counterpart yes but not you here on Earth. And yes it is true about Eli saving Maria.

Maria: Yeah.

Eggman: I see. But can he save her from what you see here?

The Paradeinonychus is drooling and came out a Velocirapteryx.

Me: Whoa! Half Velociraptor half Archaeopteryx!

Vince: Disgusting creature!

Fu: Horrible!

Eli: RUN!

We ran fast!

Eggman: GET THEM!

They came after us and we found a herd of Stegosaurs and Corythosaurus.

Eli: Quickly into the herd!

We ran fast and the two hybrids backed away from the Stegosaurus tails. They ran off.

Lori: That was literally close.

Leo was crying scared.

Me: Oh Leo.

Rita: Shh it's okay sweetie.

Eli: The real dinosaurs amazed Leo but those hybrids terrified him.

Me: Those hybrids are freaks of nature! Who does Eggman think he is? Doctor Frankenstein?

Eli: Maybe.

Nico: This is just like what we saw in Jurassic World where they made the Indominus Rex and that was a terrible abomination.

A baby Stegosaurus look at the scarred Leo with curiosity and Leo stop crying.

Lori: Aww

Eli: Who knows how many hybrids Dr. Eggman made?

Me: I know. But it could be a lot of them and we dealt with many mad scientists before.

John Bolton: Yeah and it's not pretty.

Trudy Bolton: Yeah.

Me: We must keep moving.

Eli: Okay.

We stumble upon a herd of Mamenchisaurus.

Me: Wow! Mamenchisaurus.

Lola: Wow!

Lisa: Amazing and hugely magnificent specimens.

Eli: Sauropods from China.

Lana: 75 million years ago they lived.

Eli: Actually they live in the Jurassic period.

Lana: Oh.

Kate Lloyd: But they are absolutely amazing.

We suddenly noticed a member of the herd with a nasty bite mark on it as it collapsed.

Me: Whoa!

It turns out there's another hybrid with them called SpinoRex.

James: Whoa! Half Spinosaurus, half Tyrannosaurus! The 2 meanest dinosaurs ever known over the course of 112 million years.

Nico: Wicked Combination!

Carol: And awful too.

Eli pulls out Krystal's staff and he throw it like a spear at it's face. It hit it but not deep enough and the SpinoRex was angry now.

Me: Whoa! Nice throw. But I think you made it angry.

The staff fell off and Eli is ready to fight the Spinorex. But it heard a roar that is really a call to return as the SpinoRex gives out a hateful roar at Eli and leaves.

Lana: Where is it going?

Eli: There must be a Alpha hybrid.

Me: Maybe.

Then came a pack of Velociraptors

Me: Velociraptors. Time to put our raptor taming to the test guys.

The leader wanted Eli to come to him.

Eli: Wait you wanna talk to me?

The leader nodded.

Me: Wow. What's he saying?

Eli: He's saying there's been strange things happening on their island cause of those dinosaurs that they have never seen before.

Lucy Loud: Those hybrids created by Eggman.

Laney: Yeah.

Maria Robotnik: They are trying to kill us.

Rita: And scared our babies!

Eli: The leader says they must put a stop to those monsters.

Nico: I agree. That's gonna be easier said than done.

Eli: Then we must join together to stop them.

The leader nodded yes.

Me: Looks like we've been given our next adventure.

Lola: But Eggman really knew what he was doing.

Me: We're gonna need some reinforcements for this.

Edwayl: (Breton Accent) I agree lads. We have to help the dinosaurs.

Aylene C.: I agree. Dinosaurs are amazing creatures.

Littlefoot: Agreed.

Eli: The leader says we need Buck the Tyrannosaurus Rex to know about this.

Me: Okay. But also we'll need a lot of help from his friends that he knows.

Eli: He's saying there's a raptor out there that's faster than a regular raptor. So he's telling us to be careful.

Me: Right.

Lincoln: We better keep our eyes open.

Eli: Okay. See if you and your pack can find any dinosaurs to help us.

The leader nodded as he and his gang were off until they found the T-Rex family.

Me: Wow.

Eli: There they are.

Me: Yeah.

Maria Robotnik: Eli are they?

Eli: Yep. Tyrannosaurus Rex.

Aerith: This is different from seeing a T-Rex in books.

Me: They were the meanest dinosaurs ever known from 67 million years ago.

We notice the T-Rex Doe is laying eggs.

Me: Wow.

Eli: Junior is going to be a big brother.

James: Yep.

The T-Rex Buck notice us and goes on the defensive roar.

Nunnally: Eep!

Me: Uh oh.

Eli: Protective daddy I see.

Me: No doubt.

Suddenly something caught T-Rex Buck's attention from be hind the gang and it was SpinoRex.

Me: It's that Spinorex from before!

Eli: Scatter!

We did as the SpinoRex charged at the T-Rex family.

Me: Oh no you don't!

I fired an energy blast at the ground in front of it and the blast exploded.

KRABBOOOOOOMMMM!

It got scared from the explosion.

While the Tyrannosaurus Doe protected Junior and the eggs, the T-Rex Buck bites SpinoRex on the neck and throws it to the other side until two more hybrids show up. One called Giganototyrannus and the other is Ankylotyrannus.

Nico: Whoa! Half Gigantosaurus half Tyrannosaurus rex and the other is half Ankylosaurus half Tyrannosaurus Rex!

Buck the Tyrannosaurus Rex smash both of them with his tail as the SpinoRex gets up with an angry roar.

Me: Whoa! He's angry now!

Eli throws Krystal's staff right at SpinoRex's face and he grabbed a big rock and smashed the dinosaur mutant's leg in the back with it.

CRUNCH!

It roared in excruciating pain!

Lincoln: OOOHHH! That's gonna hurt!

Clyde: Big time!

Lori: Literally!

Me: OUCH!

SpinoRex screech in pain as Ankylotyrannus tried to kill Junior and the eggs. But the T-Rex Doe bits it's snout and tears it off.

Lincoln: EEEEWWWWW!

Me: EEEEWWWWW!

Then the T-Rex Buck bone crushed Giganototyrannus's neck with his jaws and tears it's head off.

Laney: Whoa!

Lori: Does it feel like the show Primal?

Aylene: It sure does.

Littlefoot: No kidding.

SpinoRex snapped it's leg and fixed it and it roared at Eli and drools.

James: Yep.

Eli smash it's face with a big rock and then jumps on Spinorex and tear off it's tooth.

Carol: Ouch!

Lincoln: Is it just me or does Eli starting to act like Spear?

Me: It's not just you Lincoln. He has learned so much from my Caveman self. It's awesome.

Eli started stabbing it's scared face with it's own tooth ballistically. As the T-Rex Buck holds the hybrid with his jaws, Eli throws Krystal's staff right at SpinoRex's heart, Skewering it! The Spinorex fell over dead.

Eli: Phew!

Eli was covered in blood.

Me: WHOA! That was intense!

Nico: It sure was but awesome job!

Aerith: Oh my baby! (Hugs him.)

Me: He's covered in blood.

Lori: Worse than my shoes covered in blood when Clyde gets a nose bleed.

Eli: I didn't know I had it in me

Me: None of us did.

Eli: Sorry.

Me: No worries. Lets head to a river a wash up.

We go to a river to wash off the blood. We were clean. Buck the T-Rex came to them.

Bobby: Oh boy.

Eli: You Wanna know what those Dinosaurs we're that you have never seen before?

T-Rex Buck nodded yes.

Me: Well it's weird.

Aylene: Very strange.

Eli: They're hybrids created by a mad scientist named Eggman as his army for world domination.

Lori: Literally.

Buck nodded "I see".

Me: And we have to stop him.

Eli: Buck the T-Rex says he'll help too.

Me: Awesome.

Leo looked at the eggs.

Leni: Aww.

Buck the T-Rex looks close at Leo and he touches his scaly face.

Me: Aww.

Lincoln picks up Leo while Eli got on Buck the T-Rex and Buck roared ferociously.

Me: Whoa!

Aerith: That's my boy.

Nico: Awesome!

Kanaloa: So cool!

Buck the T-Rex joined us and we walked on until we come to the fence where the Spinosaurus broke through in the movie Jurassic Park III.

Me: Whoa! This is the Spinosaurus habitat like in Jurassic Park III.

Eli: Yeah.

Plus there were Chasmosaurus grazing with Parasaurolophus.

Me: Chasmosaurus and Parasaurolophus.

Laney: So awesome.

Aylene C.: One lived 83 Million years ago and the other lived 76 million years ago.

Suddenly a huge roar scared the herd away.

Simon Sharp: Uh oh.

Lynn Sr: What was that?

Nico: It's huge whatever it is.

Sam S.L.: Is it another T-Rex like Buck?

Eli: I don't think so. It sounds bigger!

Me: Yeah and more ferocious. I think it's Spinosaurus.

And then out came Spinosaurus!

Me: Spinosaurus. Lived 112 million years ago in Egypt.

Clyde: I don't remember that on Ingen's list.

Eli: That's because he was never on their list.

Me: Spinosaurus was the largest carnivorous dinosaur that ever walked the Earth.

Eli: The first Pharaoh of Egypt.

Me: Yep. Its fossils were discovered in Egypt back in 1912.

The herd runs.

James (Pokemon): Oh man.

Eli: Let's keep going while he's distracted by the herd.

Me: Right.

Lola: What is that huge sail on its back for?

Me: Thermoregulation. It absorbs the suns light to warm its blood. It's like how the Dimetrodon did back over 275 million years ago.

Later we found a dead apatosaurus with huge claw marks on it but it wasn't eaten.

Me: Whoa!

Lucy: Gasp!

Aylene: Don't look Littlefoot.

Aylene covered his eyes.

Eli: I'm guessing it must be the hybrid alpha.

Me: Maybe. These claw marks are huge.

Nico: What could make claw marks this size?

Buck the T-Rex then took this opportunity to eat the carcass to keep up his strength.

Lori: Ew!

Eli: Better keep his strength up cause who knows what kind of hybrid dinosaurs are out there that Eggman cooked up.

Me: Yeah.

But suddenly out came a huge tongue that was hitting the tree next to Dana.

SPLAT!

Dana was shuddering in grossness as the tongue was licking her back. It grabbed her leg and lifted her.

Dana: WHOA! HELP!

Eli: I got you!

Eli grabbed her arm and I grabbed the other arm until the tongue only pull off her boot.

POP!

We fell to the ground and we saw that the tongue belonged to another hybrid called Compstegnathus.

Me: Whoa! Half Compsognathus half Stegosaurus.

Eli: And half African tree frog!

Me: Ugly! So 1 third of those!

Lana: Wicked cool!

It threw away Dana's boot and another Hybrid called Lycaraptor appeared.

Me: Whoa! Part wolf part velociraptor.

Eli: No it's a mixture with Lycaenops, Smilidon, Liger (Lion+Tiger), Cheetah, and Velociraptor.

Me: Wow! Unusual combination.

Lola: That is a freak of nature!

And came out a Pachytroodon.

Me: WHOA! That one is mondo freaky! Part Pachycephalosaurus, Troodon, Brown hyena, Striped hyena and Raccoon. Mondo weird combination.

Eli: Get ready!

But then we heard another roar and we felt rumbling and it was an OMNICERATOPS! Charging at us! We got out of the way and saw it smash into the Troodon hybrid and send it flying.

Me: Wow! It's a hybrid of all the Ceratopsian dinosaurs: Titanoceratops, Styracosaurus, Elginia, Ankole Watusi, Texas longhorn, Eotriceratops, Dracorex, Stygimoloch, Pachycephlosaurus, Ankylosaurus, Centrosaurus, and Triceratops.

Laney: Let me handle this.

Laney went up to it and she had a fern leaf in her hands and she gave it to the hybrid. It ate it and became Laney's friend.

Eli: Wow. Good work Laney.

Then Troodon hybrid came back and then an Ankylosaurus appeared.

Me: An Ankylosaurus! 83 million years ago.

The Spinosaurus, Triceratops and Ankylosaurus teamed up but with Buck the T-Rex helping out against the monster.

Lincoln: EPIC DINO TEAM WORK!

Me: YEAH!

Ankylosaurus smash the thigh while Triceratops stabs the creature's stomach and Buck the T-Rex finish it off with a bite at the neck.

Me: YEAH!

Lisa: So when something that's a freak of nature is set lose, natural animals join to stop it.

Me: Yep.

Fluttershy then used her stare and scared the Compstegnathus and tamed it.

Fluttershy: Don't ever cause trouble to your fellow dinosaurs ever again! Got It!?

The dinosaur hybrid nodded.

The Velociraptors were having the Troodon Hybrid for lunch. The next stop we were headed to was the bird cage.

Luan: Oh boy.

Eli: Buck says he'll meet us at the bottom.

Me: Okay.

A Pteranodon came.

Me: Pteranodon. 89 million years ago.

Along with Dimorphodon and Tapejara.

Me: Dimorphodon and Tapejara. One lived 201 million years ago and the other lived 112 million years ago.

Eli: I bet you pterosaurs wanna know what's going on am I right?

The Pteranodon nodded "yes" and Eli explained.

Lori: Man it's like Eli is the Dinosaur Whisperer.

Me: Yeah. Amazing.

Eli: So there are hybrids here on your island.

Leni: Totes!

Me: Yeah!

Suddenly from the sky there were two pterosaur hybrids one called Ankyloranodon and the other called Pteranoraptor and both were out for blood.

Me: Whoa! Half Pteranodon and half Ankylosaurus and half Pteranodon and half Velociraptor.

Eli gets on a Pteranodon.

Me: Lets fly!

Most of us flew into the air and Lincoln gets on a Tapejara while I got on a Quetzelcoatlus. The Ankylotanodon tries to hit us with it's club tail. But we dodged it. Pteranoraptor try to slash us with it's claws. I fired a blast of lightning at the hybrid and burned it all over. Eli jumped and grabs a hold of the Ankyloranodon's club tail while the Pteranodon stabs the hybrid with her beak, Killing the creature. Eli then slashed the hybrids head off and Eli land in Aerith's arms.

Aerith: Gotcha.

Eli: Just like when I was 3?

Me: He sure has awesome moves.

J.D. 3: He sure does.

We head to the exit at the bottom. As we arrived, Buck the T-Rex it waiting for us.

Me: We made it!

The pterosaurs exit out too.

Me: Be free!

Eli: Let's follow the river.

We all follow the river and it was gonna be a big walk until they encounter a Ceratosaurus.

Me: Ceratosaurus! 161 million years ago.

But we saw one that was wounded and he was limping with slash marks on his thigh.

Me: Whoa he's hurt!

Eli went went over to him and he bandaged him

Me: Nice job.

The Ceratosaurus was forever grateful to Eli.

Eli: I'm guessing you encountered a hybrid?

The Ceratosaurus nodded.

Eli: He's saying it came out of the water and was killing for sport.

We gasped.

Eli: You get some rest and we'll check it out.

The Ceratosaurus Nodded.

Me: Let's go.

We keep going and searched when suddenly a sail was popping out of the water.

Leni: SHARK!

Me: Wait. That's not a shark!

It was Spinosaurus.

Me: Spinosaurus!

But they see wounds on his sail, body and thigh.

Me: Its wounded.

Popping out from the water was a Spinocheirus and a Suchoraptor.

Me: Whoa! Part Spinosaurus, Deinocheirus, Therizinosaurus, Blue Tongued Skink and Dimetrodon and Part Suchomimus and Velociraptor. Mondo freaky!

Eli: No the green one is a mix of Spinosaurus, Suchosaurus, Baryonyx, Suchomimus and Velociraptor.

Me: Freakier combination.

Eli: That explains why Spinosaurus got hurt.

Laney: Yeah!

While the Spinosaurus goes to shore and retreats.

Me: Lets take these monstrosities down!

Lynn fired waves and globs of lava and burned the Spinoscheirus all over with incredibly intense heat and that was when suddenly a Deinosuchus appeared.

Me: Deinosuchus! 145 Million years ago.

The Deinosuchus dragged the monster under the water and ate it. The Suchoraptor was next.

Me: Lets turn this monster into a snake skin wallet!

Lola and Lana: Yeah!

Me: Charge!

Luna: Rock and roll hybrid!

Luna had her axe and water powers ready! But a Parasuchus jumps out and bites the Suchoraptor on the leg.

CHOMP!

As Buck bites it on the neck, Ripping its throat open and the monster falls dead.

Me: Dead.

Bobby: Um guys look.

A shark fin was in the water.

Me: A shark!

But it was actually a Megalodontosaurus!

Nico: Whoa! Half Megalodon and half Heterodontosaurus!

Eli: No. It's part Megalodon, part Giganotosaurus and part T-Rex.

Me: Whoa. Freaky Combination!

Eli: The leader of the two we killed.

Me: Yep.

Eli: Charge!

We charged at the beast.

Lynn: Batter up!

She smashed her bat on it, Which made it mad.

Ronnie Anne: Oh boy.

Deinosuchus and Parasuchus came to help. It was a brutal battle and Buck bites the snout.

CHOMP!

Buck tears it off

RIP!

Eli: That's one leader down.

Me: Yep.

Becky: So a hybrid mix of more one creature with T-Rex are the leaders?

Me: I guess so.

Eli: Oh I forgot. (to Dana) Here's your boot back.

Dana: Thanks Eli! (She puts it back on and hugs Eli.) Thank you.

Eli: Anytime sis.

Aerith: Aww.

Eli: Let's role!

They continue and later in grass field and saw a heard of Stegosaurus with a heard of Edmontosaurus.

Me: Stegosaurus and Edmontosaurus. 163 million years ago for one and 83.6 million years ago for the other.

Darcy: Big ducks.

Me: No they are called Duck-Billed Dinosaurs or Hadrosaurs.

Lisa: Precisely

Eli: Or ornithopods.

Me: Yep.

But then came Velociraptoryx and paradeinonychus.

Me: It's those hybrids we saw before!

Plus they brought Deinonycanis, Dilophospinus and a Stegospinus

Me: Whoa! Half Deinonychus and half Dire Wolf, Half Dilophosaurus and half Spinosaurus and Half Stegosaurus and Half Spinosaurus.

Nico: These guys are terrible abominations!

The herd panic.

Me: Lets get those monstrosities!

Eli did a dinosaur call and the herd all banded together and the Stegosaurus herd readied their tails and we all came with our powers ready.

Eli: CHARGE!

Me: CHARGE!

We all went at them! Lana bites the Paradeinonychus tail.

CRUNCH!

The hybrid creature swings it's tail and Eli slashes it off with his lightsaber and a real Deinonychus finishes it off.

Me: Yeah!

Leni smack the Velociraptoryx with her sandal.

SMACK!

Buck stomps the hybrid, Killing it.

Leni: Phew!

Me:Yeah.

Lincoln: Leni behind you!

Thd Dilophospinus is behind her.

Leni: Uh oh.

Suddenly something spit venom on the hybrid's eyes and it was a Dilophosaurus.

Lola: Yuck!

The Dilophosaurus attacks the hybrid and rips it apart.

Leni: Thank you!

The Dilophosaurus nodded. The Stegosaurus used his spiked tail on the Deinonycanis, Skewering its head.

Eli: And we got Stegospinus left!

Me: Lets get him!

Eli jump on Buck's back.

Me: Lets get them!

Eli: CHARGE!

Me: CHARGE!

We all went at the hybrids, Buck trampled the monster, Pulverized it and tore it's head off and ate it.

Me: Yuck.

Eli: That's nature.

Me: Yep.

Eli: Now to find Eggman.

Me: And deal with him once and for all.

Eli: To the lab!

Johnny Test: That's usually my line!

They ran fast, The pack of Velociraptors join them.

Nico: Yeah!

Along with an Allosaurus.

Me: Cool! Allosaurus! 163 million years ago.

And finally a Carnotaurus.

Me: Yeah! Carnotaurus. 83.5 Million years ago.

Eli: And Allosaurus and Carnotaurus wanna help too?

Both nodded.

Me: Cool!

We saw the lab up ahead.

Eli: There's that lab!

Bobby: And Eggman!

Me: CHARGE!

Eggman has a Tanaconda, Amargospinus, Tyrannops, Pachysaurolophus, and Pachytriceratops.

Me: Whoa! Half Tanystropheus and Green anaconda (Eunectes murinus), half Amargosuchus and Spinosaurus, Half Tyrannosaurus rex and Lycaenops, 1/3 Pachycephalosaurus, Parasaurolophus, and Ankylosaurus, and 1/3 Pachycephalosaurus, Triceratops and a Bengal Tiger. Weird and freaky combinations.

Nico: He is really fucked up.

Eggman: Behold my army!

There's even Spinocharoraptor Rex, Torowuerhocerias, Campephilustroraptor, and a Pachyvenator.

Me: Whoa!

Lincoln: Weird combinations!

Me: Whoa! really Weird combinations!

Laney: Really dangerous!

Nico: These are some of the weirdest combinations I've ever seen.

And they were being lead by a Therizinstegus.

James: Whoa!

Eli: A mix of T-rex, Spinosaurus, Stegosaurus, Therizinosaurus and Velociraptor.

Lincoln: Mega freaky combination.

Me: All freaky combinations!

Eli: CHARGE!

We charged fast and started blasting and slashing the hybrids with the help of real dinosaurs. I managed to tame the Amargospinus and turned it against Eggman. Eli and Laney got on its back. Buck teamed up with an Albertosaurus and a pack of Utahraptor against Therizinstegus. Lola was with them and fired blasts of fire at the hybrid. Next we went to the big lake where a Mosasaurus popped out and eats it. The Hybrid was dinner. Eggman unleashed an ugly and horrifying monstrosity called the CEREBREX!

Me: What the fuck!? What is that!?

Eggman: I give you Cerberex.

Me: Ugly! I've heard of two heads being better than one but this is ridiculous!

Nico: You have really fucked around with mother nature big time.

Eli: He sure has!

Eggman: Along with this.

He unleashed a hybrid called Therizinospinus. But then I unleashed my own secret weapon and a spiked tail skewered the hybrid and it was that of a new hybrid called Kentralasmosaurus! It was half Kentrasaurus and half Elasmosaurus. Dilophosaurus blinded it and the Therizinospinus fell down dead.

Lincoln: Yeah!

Lana: Your hybrid is awesome J.D.

Me: Thanks.

Buck The T-Rex crushed the CerberRex, Splattering its blood and guts all over.

Eggman: Time to bring out the big guns!

The door opens and there is Ultimasaurus.

Me: Whoa! Part Tyrannosaurus rex, Velociraptor, Triceratops, Ankylosaurus, and Stegosaurus.

Eli: And all monster!

Lincoln: Scary!

Laney: Horrifying.

Leo: WWWWWWAAAAA!

Rita: (Comforting him.) Shhh we're here sweetie.

Lynn Sr: Uh oh.

It was T-Rex, Allosaurus, Carnotaurus and a pack of Velociraptors vs Ultimasaurus.

Carol: Whoa!

Eli: EPIC DINO TEAM WORK!

Me: Lets get him!

The battle rages on.

Me: Lets see how you hybrids like this rabid dinosaur! NIGHTMARE STYLE NINJA ART: MASSACRE OF THE RABID SAUROPOD!

I fired a wave of darkness and it formed into the Rabid Zombie Sauropod that was infected with Super Rabies and it mutilated and massacred all the hybrids in one sitting except for my Kentralasmosaurus and the Amargospinus.

While Buck the T-Rex breaks of the ultimasaurus horn that goes for the neck.

Me: Your hybrids are done for.

Eli: Yeah!

The Amargospinus roared in agreement.

Eggman: You fools think my ultimasaurus is the last one think again!

He released a horrible new creature he calls Doomday Rex!

It had 2 heads and 4 arms and was 3 times the size of Tyrannosaurus Rex!

Me: UGLY! Two Heads ARE better than one!

Lincoln: It's huge!

Aerith: That is no dinosaur.

The baby Loud was terrified.

Laney: IT'S A TRUE MONSTER!

Lily: No kidding!

Me: What kind of fucked up world do you live in Eggman!?

Maria: I can't believe you would make atrocities like this cousin!

The Doomsday Rex charges but A herd Brachiosaurus came to help and slashed it with his tail and then a massive heard of Brachiosaurus and Argentinosaurus came! Eli gets on Buck the T-Rex.

Me: Let's go!

The sauropods use their front legs on the Doomsday Rex and smashed its heads in and then Buck bit the creature's arms off. I fired blasts of fire at the creature and burned it all over and Eli slashed it with his sword and lightsaber. Buck tears the throat of the first head while Eli used Krystal's staff to stab the second head's brain, Killing the ugly creature and Buck did a victory roar.

Me: YEAH! Now it's just you and us Eggman! You're not escaping from us this time! Or blowing yourself up.

I formed a force field that prevented him from escaping.

Me: You're going to jail. Killing one of you was plenty.

Sonic: That's right!

Atomic Skull: It's cool of you to join the team.

Eli: It sure is.

Me: The Masters of Evil are our Frenemies and they give us one amazing challenge.

Eli: Wow!

Me: We call them our usual battles.

Webstor: We just want to say that we have nothing to do with Eggman's plans.

Maria Rockell: Really?

King Hiss: We're not stupid enough to unleash an army of hybrid dinosaurs into the world.

Calamitous: And I'm way more smarter then Eggman will ever be.

Eggman: (Offended) HEY!

Me: He does have a point.

?: He sure does.

A figure came out and it was ELECTROVOLT from episode 14 of Turbo!

* * *

Electrovolt is an electrical monster, he and Elgar went to down to Earth to destroy the Rangers together. He rode his own motorcycle and was destroyed by Turbo Megazord and Robo Racer.

He seemed to be an old friend of Elgar's, gifting the latter his own new motorcycle as part of their plan.

* * *

T.J. Johnson: Electrovolt!

Electrovolt: Been a long time rangers.

Me: I remember you! You and Elgar were sent to destroy the rangers together. But that motorcycle of yours is amazing!

William: I really like how you used a motorcycle.

Electrovolt: Really? Thanks!

Nico: Can you use that in our battle?

Electrovolt: You bet I can.

Me: Lets power up and take them down!

Crag: Come on guys!

Ripping Friends: IT'S RIPPING TIME!

Troy: Time to make you extinct, Eggman!

Megaforce Rangers: Legendary Ranger Mode: Science Platoon Dynaman!

The Megaforce Rangers turned into the Dynaman rangers.

Eli: And watch this.

Eli then transformed and we saw that he had a Super Saiyan Like aura and his hair was now golden yellow and lightning was flickering around him and his eyes were teal color.

Me: WHOA! Eli this is amazing! Your power has increased 10,000-fold!

Me: Lets hit him with our techniques!

Eli: Lets do it! EARTH STYLE NINJA ART: TYRANNOSAURUS REX!

Eli fired a wave of earth by punching the ground and it formed into the meanest dinosaur that ever lived from 68 million years ago: Tyrannosaurus Rex!

Tyrannosaurus is a genus of coelurosaurian theropod dinosaur. The species Tyrannosaurus rex, often called T. rex or colloquially T-Rex, is one of the most well-represented of the large theropods. Tyrannosaurus lived throughout what is now western North America, on what was then an island continent known as Laramidia. Tyrannosaurus had a much wider range than other tyrannosaurids. Fossils are found in a variety of rock formations dating to the Maastrichtian age of the upper Cretaceous period, 68 to 66 million years ago. It was the last known member of the tyrannosaurids, and among the last non-avian dinosaurs to exist before the Cretaceous-Paleogene extinction event.

Like other tyrannosaurids, Tyrannosaurus was a bipedal carnivore with a massive skull balanced by a long, heavy tail. Relative to its large and powerful hind limbs, Tyrannosaurus forelimbs were short but unusually powerful for their size and had two clawed digits. The most complete specimen measures up to 12.3 meters (40 feet) in length though T. rex could grow to lengths of over 12.3 m (40 ft), up to 3.66 m (12 ft) tall at the hips, and according to most modern estimates 8.4 metric tons (9.3 short tons) to 14 metric tons (15.4 short tons) in weight. Although other theropods rivaled or exceeded Tyrannosaurus rex in size, it is still among the largest known land predators and is estimated to have exerted the strongest bite force among all terrestrial animals. By far the largest carnivore in its environment, Tyrannosaurus rex was most likely an apex predator, preying upon hadrosaurs, armored herbivores like ceratopsians and ankylosaurs, and possibly sauropods. Some experts have suggested the dinosaur was primarily a scavenger. The question of whether Tyrannosaurus was an apex predator or a pure scavenger was among the longest debates in paleontology. Most paleontologists today accept that Tyrannosaurus was both an active predator and a scavenger.

Hunter: (German Accent) INFERNO STYLE NINJA ART: SPINOSAURUS!

Hunter fired a wave of black fire and it formed into the largest and meanest carnivorous dinosaur that ever lived from 112 million years ago in Egypt: Spinosaurus!

---

Spinosaurus (meaning "spine lizard") is a genus of spinosaurid dinosaur that lived in what now is North Africa during the upper Albian to upper Turonian stages of the Cretaceous period, about 112 to 93.5 million years ago. This genus was known first from Egyptian remains discovered in 1912 and described by German paleontologist Ernst Stromer in 1915. The original remains were destroyed in World War II, but additional material has come to light in the early 21st century. It is unclear whether one or two species are represented in the fossils reported in the scientific literature. The best known species is S. aegyptiacus from Egypt, although a potential second species, S. maroccanus, has been recovered from Morocco. The contemporary spinosaurid genus Sigilmassasaurus has also been synonymized by some authors with S. aegyptiacus, though other researchers propose it to be a distinct taxon. Another possible junior synonym is Oxalaia from the Alcântara Formation in Brazil.

Spinosaurus was among the largest of all known carnivorous dinosaurs, nearly as large as or even larger than other theropods such as Tyrannosaurus, Giganotosaurus and Carcharodontosaurus. Estimates published in 2005, 2007, and 2008 suggested that it was between 12.6 to 18 meters (41 to 59 ft) in length and 7 to 20.9 metric tons (7.7 to 23.0 short tons) in weight. New estimates published in 2014 and 2018, based on a more complete specimen, supported the earlier research, finding that Spinosaurus could reach lengths of 15 to 16 meters (49 to 52 ft). The latest estimates suggest a weight of 6.4 to 7.5 metric tons (7.1 to 8.3 short tons). The skull of Spinosaurus was long, low and narrow, similar to that of a modern crocodilian, and bore straight conical teeth with no serrations. It would have had large, robust forelimbs bearing three-fingered hands, with an enlarged claw on the first digit. The distinctive neural spines of Spinosaurus, which were long extensions of the vertebrae (or backbones), grew to at least 1.65 meters (5.4 ft) long and were likely to have had skin connecting them, forming a sail-like structure, although some authors[who?] have suggested that the spines were covered in fat and formed a hump. Spinosaurus's hip bones were reduced, and the legs were very short in proportion to the body. Its long and narrow tail was deepened by tall, thin neural spines and elongated chevrons, forming a flexible fin or paddle-like structure.

Axel Adell: (Swedish Accent) ICE STYLE NINJA ART: WOOLLY MAMMOTH!

Axel fired a wave of ice and it formed into the famous and widely known ancestral elephants from 800,000 years ago: The Woolly Mammoth.

---

The woolly mammoth (Mammuthus primigenius) is an extinct species of mammoth that lived during the Pleistocene until its extinction in the Holocene epoch. It was one of the last in a line of mammoth species, beginning with Mammuthus subplanifrons in the early Pliocene. The woolly mammoth began to diverge from the steppe mammoth about 800,000 years ago in East Asia. Its closest extant relative is the Asian elephant. The appearance and behaviour of this species are among the best studied of any prehistoric animal because of the discovery of frozen carcasses in Siberia and Alaska, as well as skeletons, teeth, stomach contents, dung, and depiction from life in prehistoric cave paintings. Mammoth remains had long been known in Asia before they became known to Europeans in the 17th century. The origin of these remains was long a matter of debate, and often explained as being remains of legendary creatures. The mammoth was identified as an extinct species of elephant by Georges Cuvier in 1796.

The woolly mammoth was roughly the same size as modern African elephants. Males reached shoulder heights between 2.7 and 3.4 m (8.9 and 11.2 ft) and weighed up to 6 metric tons (6.6 short tons). Females reached 2.6-2.9 m (8.5-9.5 ft) in shoulder heights and weighed up to 4 metric tons (4.4 short tons). A newborn calf weighed about 90 kg (200 lb). The woolly mammoth was well adapted to the cold environment during the last ice age. It was covered in fur, with an outer covering of long guard hairs and a shorter undercoat. The colour of the coat varied from dark to light. The ears and tail were short to minimise frostbite and heat loss. It had long, curved tusks and four molars, which were replaced six times during the lifetime of an individual. Its behaviour was similar to that of modern elephants, and it used its tusks and trunk for manipulating objects, fighting, and foraging. The diet of the woolly mammoth was mainly grasses and sedges. Individuals could probably reach the age of 60. Its habitat was the mammoth steppe, which stretched across northern Eurasia and North America.

The woolly mammoth coexisted with early humans, who used its bones and tusks for making art, tools, and dwellings, and the species was also hunted for food. It disappeared from its mainland range at the end of the Pleistocene 10,000 years ago. Isolated populations survived on St. Paul Island until 5,600 years ago and on Wrangel Island until 4,000 years ago. After its extinction, humans continued using its ivory as a raw material, a tradition that continues today. With a genome project for the mammoth completed in 2015, it has been proposed the species could be revived through various means, but none of the methods proposed are yet feasible.

Dana: ICE STYLE NINJA ART: SABER-TOOTH CAT!

Dana fired a wave of ice and it formed into the ancestral cats of 42 million years ago: The Saber-Toothed Cats!

---

A saber-toothed cat (alternatively spelled sabre-toothed cat) is any member of various extinct groups of predatory mammals that are characterized by long, curved saber-shaped canine teeth which protruded from the mouth even when closed. The saber-toothed cats have been found almost worldwide from the Eocene epoch to the end of the Pleistocene epoch 42 million years ago (mya) - 11,000 years ago (kya). The first saber-toothed cat fossil in Canada was found in Medicine Hat, Alberta.

One of the best-known genera is Smilodon, species of which, especially S. fatalis, are popularly, but incorrectly, referred to as "saber-toothed tigers". However, usage of the word cat is in some cases a misnomer, as many species referred to as saber-toothed "cats" are not closely related to modern cats (Felidae). Instead, many are members are classified into different families of Feliformia, such as Barbourofelidae and Nimravidae; the oxyaenid "creodont" genera Machaeroides and Apataelurus; and two extinct lineages of metatherian mammals, the thylacosmilids of Sparassodonta, and deltatheroideans, which are more closely related to marsupials. In this regard, saber-toothed cats can be viewed as examples of convergent evolution. This convergence is remarkable due not only to the development of elongated canines, but also a suite of other characteristics, such as a wide gape and bulky forelimbs, which is so consistent that it has been termed the "saber-tooth suite."

Of the feliform lineages, the family Nimravidae is the oldest, entering the landscape around 42 mya and becoming extinct by 7.2 mya. Barbourofelidae entered around 16.9 mya and were extinct by 9 mya. These two would have shared some habitats.

Lana: ICE STYLE NINJA ART: WOOLLY RHINOCEROS!

Lana fired a wave of ice and it formed into the Ice Age ancestors of modern day Rhinoceroses from 3.6 Million years ago: The Woolly Rhinoceros!

---

The woolly rhinoceros (Coelodonta antiquitatis) is an extinct species of rhinoceros that was common throughout Europe and northern Asia during the Pleistocene epoch and survived until the end of the last glacial period. The woolly rhinoceros was a member of the Pleistocene megafauna.

The woolly rhinoceros was covered with thick and long hair, which allowed it to survive in the extremely cold, harsh mammoth steppe. It also had a massive hump reaching from its shoulder. It fed mainly on herbaceous plants that grew in the steppe.

Mummified carcasses preserved in permafrost and many bone remains of woolly rhinoceroses have been found. Images of woolly rhinoceroses are found among cave paintings in Europe and Asia.

Killer Frost: ICE STYLE NINJA ART: IRISH ELK!

Killer Frost fired a wave of ice and it formed into the largest deer ever known that lived 2.5 million years ago: The Irish Elk.

---

The Irish elk (Megaloceros giganteus) also called the giant deer or Irish deer, is an extinct species of deer in the genus Megaloceros and is one of the largest deer that ever lived. Its range extended across Eurasia during the Pleistocene, from Ireland to Lake Baikal in Siberia. The most recent remains of the species have been carbon dated to about 7,700 years ago in Siberia.

Although abundant skeletal remains have been found in bogs in Ireland, the animal was not exclusive to Ireland nor closely related to either of the living species currently called elk: Alces alces (the European elk, known in North America as the moose) or Cervus canadensis (the North American elk or wapiti). For this reason, the name "giant deer" is used in some publications, instead of "Irish elk". Although one study suggested that the Irish elk was closely related to the red deer (Cervus elaphus), most other phylogenetic analyses support that their closest living relatives are fallow deer (Dama dama).

---

Maggie: ICE STYLE NINJA ART: SHORT-FACED BEAR!

Maggie fired a wave of ice and it formed into the Ice Age bear from 1.8 million years ago: The Short-Faced Bear.

---

The short-faced bear (Arctodus sp.) is an extinct bear genus that inhabited North America during the Pleistocene epoch from about 1.8 Mya until 11,000 years ago. It was the most common early North American bear and was most abundant in California. There are two recognized species: the lesser short-faced bear (Arctodus pristinus) and the giant short-faced bear (Arctodus simus), with the latter considered to be one of the largest known terrestrial mammalian carnivores that has ever existed. It has been hypothesized that their extinction coincides with the Younger Dryas period of global cooling commencing around 10,900 BC.

Khalyaka: (India Accent) EARTH STYLE NINJA ART: TARBOSAURUS BABAAR!

Khalyaka fired a wave of earth and it formed into the terrible theropod of 70 million years ago: Tarbosaurus!

Tarbosaurus (meaning "alarming lizard") is a genus of tyrannosaurid theropod dinosaur that flourished in Asia about 70 million years ago, at the end of the Late Cretaceous Period, considered to contain a single known species, Tarbosaurus bataar. Fossils have been recovered in Mongolia, with more fragmentary remains found further afield in parts of China.

Although many species have been named, modern paleontologists recognize only one, T. bataar, as valid. Some experts see this species as an Asian representative of the North American genus Tyrannosaurus; this would make the genus Tarbosaurus redundant. Tarbosaurus and Tyrannosaurus, if not synonymous, are considered to be at least closely related genera. Alioramus, also from Mongolia, has previously been thought by some authorities to be the closest relative of Tarbosaurus, though this has since been disproven with the discovery of Qianzhousaurus and the description of the Alioramini.

Like most known tyrannosaurids, Tarbosaurus was a large bipedal predator, weighing up to 5 metric tons (5.5 short tons) and equipped with about sixty large teeth. It had a unique locking mechanism in its lower jaw and the smallest forelimbs relative to body size of all tyrannosaurids, renowned for their disproportionately tiny, two-fingered forelimbs.

Tarbosaurus lived in a humid floodplain criss-crossed by river channels. In this environment, it was an apex predator, probably preying on other large dinosaurs like the hadrosaur Saurolophus or the sauropod Nemegtosaurus. Tarbosaurus is represented by dozens of fossil specimens, including several complete skulls and skeletons. These remains have allowed scientific studies focusing on its phylogeny, skull mechanics, and brain structure.

Lynn: EARTH STYLE NINJA ART: APATOSAURUS!

Lynn fired a wave of Earth and it formed into the famous sauropod from 158 million years ago: Apatosaurus!

---

Apatosaurus is a genus of herbivorous sauropod dinosaur that lived in North America during the Late Jurassic period. Othniel Charles Marsh described and named the first-known species, A. ajax, in 1877, and a second species, A. louisae, was discovered and named by William H. Holland in 1916. Apatosaurus lived about 152 to 151 million years ago (mya), during the late Kimmeridgian to early Tithonian age, and are now known from fossils in the Morrison Formation of modern-day Colorado, Oklahoma, New Mexico, Wyoming, and Utah in the United States. Apatosaurus had an average length of 21-22.8 m (69-75 ft), and an average mass of 16.4-22.4 t (16.1-22.0 long tons; 18.1-24.7 short tons). A few specimens indicate a maximum length of 11-30% greater than average and a mass of 32.7-72.6 t (32.2-71.5 long tons; 36.0-80.0 short tons).

The cervical vertebrae of Apatosaurus are less elongated and more heavily constructed than those of Diplodocus, a diplodocid like Apatosaurus, and the bones of the leg are much stockier despite being longer, implying that Apatosaurus was a more robust animal. The tail was held above the ground during normal locomotion. Apatosaurus had a single claw on each forelimb and three on each hindlimb. The Apatosaurus skull, long thought to be similar to Camarasaurus, is much more similar to that of Diplodocus. Apatosaurus was a generalized browser that likely held its head elevated. To lighten its vertebrae, Apatosaurus had air sacs that made the bones internally full of holes. Like that of other diplodocids, its tail may have been used as a whip to create loud noises.

The skull of Apatosaurus was confused with that of Camarasaurus and Brachiosaurus until 1909, when the holotype of A. louisae was found, and a complete skull just a few meters away from the front of the neck. Henry Fairfield Osborn disagreed with this association, and went on to mount a skeleton of Apatosaurus with a Camarasaurus skull cast. Apatosaurus skeletons were mounted with speculative skull casts until 1970, when McIntosh showed that more robust skulls assigned to Diplodocus were more likely from Apatosaurus.

Apatosaurus is a genus in the family Diplodocidae. It is one of the more basal genera, with only Amphicoelias and possibly a new, unnamed genus more primitive. While the subfamily Apatosaurinae was named in 1929, the group was not used validly until an extensive 2015 study. Only Brontosaurus is also in the subfamily, with the other genera being considered synonyms or reclassified as diplodocines. Brontosaurus has long been considered a junior synonym of Apatosaurus; its type species was reclassified as A. excelsus in 1903. A 2015 study concluded that Brontosaurus is a valid genus of sauropod distinct from Apatosaurus, but not all paleontologists agree with this division. As it existed in North America during the late Jurassic, Apatosaurus would have lived alongside dinosaurs such as Allosaurus, Camarasaurus, Diplodocus, and Stegosaurus.

---

Laney: FOREST STYLE NINJA ART: DIPLODOCUS!

Laney fired a wave of trees and leaves and it formed into the famous sauropod from 154 million years ago: Diplodocus!

---

Diplodocus is a genus of diplodocid sauropod dinosaurs whose fossils were first discovered in 1877 by S. W. Williston. The generic name, coined by Othniel Charles Marsh in 1878, is a neo-Latin term derived from Greek διπλόος (diplos) "double" and δοκός (dokos) "beam", in reference to the double-beamed chevron bones located in the underside of the tail, which were then considered unique.

This genus of dinosaurs lived in what is now mid-western North America at the end of the Jurassic period. It is one of the more common dinosaur fossils found in the middle to upper Morrison Formation, between about 154 and 152 million years ago, during the late Kimmeridgian age. The Morrison Formation records an environment and time dominated by gigantic sauropod dinosaurs, such as Apatosaurus, Barosaurus, Brachiosaurus, Brontosaurus, and Camarasaurus. Its great size may have been a deterrent to the predators Allosaurus and Ceratosaurus: their remains have been found in the same strata, which suggests that they coexisted with Diplodocus.

Diplodocus is among the most easily identifiable dinosaurs, with its typical sauropod shape, long neck and tail, and four sturdy legs. For many years, it was the longest dinosaur known.

May: ICE STYLE NINJA ART: LEAELLYNASAURA!

May fired a wave of ice and it formed into the Australian dinosaur from 118 million years ago: Leaellynasaura!

---

Leaellynasaura is a genus of small herbivorous ornithischian dinosaurs from the Albian stage of the Early Cretaceous (dated to between 118 and 110 million years ago), first discovered in Dinosaur Cove, Australia. The only known species is Leaellynasaura amicagraphica. It was described in 1989, and named after Leaellyn Rich, the daughter of the Australian palaeontologist couple Tom Rich and Patricia Vickers-Rich who discovered it. The specific name, amicagraphica, translates to "friend writing" and honours both the Friends of the Museum of Victoria and the National Geographic Society for their support of Australian paleontology.

Lori: WIND STYLE NINJA ART: ALLOSAURUS!

Lori fired a wave of wind and it formed into the vicious theropod from 155 million years ago: Allosaurus!

Allosaurus is a genus of carnivorous theropod dinosaur that lived 155 to 145 million years ago during the late Jurassic period (Kimmeridgian to late Tithonian). The name "Allosaurus" means "different lizard" alluding to its unique concave vertebrae (at the time of its discovery). It is derived from the Greek ἄλλος (allos) ("different, other") and σαῦρος (sauros) ("lizard / generic reptile"). The first fossil remains that could definitively be ascribed to this genus were described in 1877 by paleontologist Othniel Charles Marsh. As one of the first well-known theropod dinosaurs, it has long attracted attention outside of paleontological circles.

Allosaurus was a large bipedal predator. Its skull was large and equipped with dozens of sharp, serrated teeth. It averaged 9.5 meters (31 ft) in length, though fragmentary remains suggest it could have reached over 12 m (39 ft). Relative to the large and powerful hindlimbs, its three-fingered forelimbs were small, and the body was balanced by a long and heavily muscled tail. It is classified as an allosaurid, a type of carnosaurian theropod dinosaur. The genus has a complicated taxonomy, and includes three valid species, the best known of which is A. fragilis. The bulk of Allosaurus remains have come from North America's Morrison Formation, with material also known from Portugal. It was known for over half of the 20th century as Antrodemus, but a study of the copious remains from the Cleveland-Lloyd Dinosaur Quarry brought the name "Allosaurus" back to prominence and established it as one of the best-known dinosaurs.

As the most abundant large predator in the Morrison Formation, Allosaurus was at the top of the food chain, probably preying on contemporaneous large herbivorous dinosaurs, and perhaps other predators. Potential prey included ornithopods, stegosaurids, and sauropods. Some paleontologists interpret Allosaurus as having had cooperative social behavior, and hunting in packs, while others believe individuals may have been aggressive toward each other, and that congregations of this genus are the result of lone individuals feeding on the same carcasses.

Leni: WATER STYLE NINJA ART: OMEISAURUS!

Leni fired a wave of water and it formed into one of the largest dinosaurs from 173 million years ago: Omeisaurus!

---

Omeisaurus (meaning "Omei lizard") is a genus of sauropod dinosaur from the Middle Jurassic Period (Bathonian-Callovian stage) of what is now China. Its name comes from Mount Emei, where it was discovered in the lower Shaximiao Formation of Sichuan Province.

Like other sauropods, Omeisaurus was herbivorous and large. It measured 20.2 metres (66 ft) long, and weighed 9.8 tonnes.

---

Luna: WATER STYLE NINJA ART: SUCHOMIMUS!

Luna fired a wave of water and it formed into the ferocious spinosaurid dinosaur from 125 million years ago: Suchomimus!

---

Suchomimus (meaning "crocodile mimic") is a genus of spinosaurid dinosaur that lived between 125 and 112 million years ago in what is now Niger, during the Aptian to early Albian stages of the Early Cretaceous period. The animal was named and described by palaeontologist Paul Sereno and colleagues in 1998, based on a partial skeleton from the Erlhaz Formation. Suchomimus's long and shallow skull, similar to that of a crocodile, earns it its generic name, while the specific name Suchomimus tenerensis alludes to the locality of its first remains, the Ténéré Desert.

Suchomimus was 9.5 to 11 metres (31 to 36 feet) long and weighed between 2.5 to 5.2 tonnes (2.8 to 5.7 short tons), although the holotype specimen may not have been fully grown. Suchomimus's narrow skull was perched on a short neck, and its forelimbs were powerfully built, bearing a giant claw on each thumb. Along the midline of the animal's back ran a low dorsal sail, built from the long neural spines of its vertebrae. Like other spinosaurids, it likely had a diet of fish and small prey animals.

Some palaeontologists consider the animal to be an African species of the European spinosaurid Baryonyx, B. tenerensis. Suchomimus might also be a junior synonym of the contemporaneous spinosaurid Cristatusaurus lapparenti, although the latter taxon is based on much more fragmentary remains. Suchomimus lived in a fluvial environment of vast floodplains alongside many other dinosaurs, in addition to pterosaurs, crocodylomorphs, fish, turtles, and bivalves.

Stella: SCORCH STYLE NINJA ART: OURANOSAURUS!

Stella fired a wave of fire and it formed into the Iguanodont from 100 million years ago: Ouranosaurus.

---

Ouranosaurus is a genus of herbivorous iguanodont dinosaur that lived during the Aptian stage of the Early Cretaceous of modern-day Niger. Ouranosaurus measured about 7 to 8.3 metres (23 to 27 ft) long. Two rather complete fossils were found in the Elrhaz Formation, Gadoufaoua deposits, Agadez, Niger, in 1965 and 1970. The animal was named in 1976 by French paleontologist Philippe Taquet; the type species being Ouranosaurus nigeriensis. The name is a combination of the Arabic word for "courage" and the country of discovery, although ourane is also the Tuareg name for the desert monitor.

Becca Chang: WATER STYLE NINJA ART: TITANOBOA!

Becca fired a wave of water that formed into the Colombian giant snake from 60 million years ago: Titanoboa!

---

Titanoboa (/tiˌtɑːnoʊˈboʊə/) is an extinct genus of very large snakes that lived in what is now La Guajira in northeastern Colombia. They could grow up to 12.8 m (42 ft) long and reach a weight of 1,135 kg

(2,500 lb).

Fossils of Titanoboa have been found in the Cerrejón Formation, and date to around 58 to 60 million years ago. The giant snake lived during the Middle to Late Paleocene epoch, a 10-million-year period immediately following the Cretaceous-Paleogene extinction event.

The only known species is Titanoboa cerrejonensis, the largest snake ever discovered, which supplanted the previous record holder, Gigantophis.

Syd: WATER STYLE NINJA ART: OPHTHALMOSAURUS!

Syd fired a wave of water and it formed into the Ichthyosaur from 165 million years ago: Ophthalmosaurus!

---

Ophthalmosaurus (meaning "eye lizard" in Greek) is an ichthyosaur of the Middle Jurassic period (165-160 million years ago), named for its extremely large eyes. It had a graceful 6 m (19.5 ft) long dolphin-shaped body, and its almost toothless jaw was well adapted for catching squid. Major fossil finds of this genus have been recorded in Europe and North and South America.

Girl Jordan: WATER STYLE NINJA ART: ELASMOSAURUS!

Girl Jordan fired a wave of water and it formed into the huge long-necked plesiosaurus from 80.5 million years ago: Elasmosaurus!

---

Elasmosaurus is a genus of plesiosaur that lived in North America during the Campanian stage of the Late Cretaceous period, about 80.5 million years ago. The first specimen was discovered in 1867 near Fort Wallace, Kansas, US, and was sent to the American paleontologist Edward Drinker Cope, who named it E. platyurus in 1868. The generic name means "thin-plate reptile", and the specific name means "flat-tailed". Cope originally reconstructed the skeleton of Elasmosaurus with the skull at the end of the tail, an error which was made light of by the paleontologist Othniel Charles Marsh, and became part of their "Bone Wars" rivalry. Only one incomplete Elasmosaurus skeleton is definitely known, consisting of a fragmentary skull, the spine, and the pectoral and pelvic girdles, and a single species is recognized today; other species are now considered invalid or have been moved to other genera.

Measuring 10.3 meters (34 ft) long, Elasmosaurus would have had a streamlined body with paddle-like limbs, a short tail, a small head, and an extremely long neck. The neck alone was around 7.1 meters (23 ft) long. Along with its relative Albertonectes, it was one of the longest-necked animals to have lived, with the largest number of neck vertebrae known, 72. The skull would have been slender and triangular, with large, fang-like teeth at the front, and smaller teeth towards the back. It had six teeth in each premaxilla of the upper jaw, and may have had 14 teeth in the maxilla and 19 in the dentary of the lower jaw. Most of the neck vertebrae were compressed sideways, and bore a longitudinal crest or keel along the sides.

The family Elasmosauridae was based on the genus Elasmosaurus, the first recognized member of this group of long-necked plesiosaurs. Elasmosaurids were well adapted for aquatic life, and used their flippers for swimming. Contrary to earlier depictions, their necks were not very flexible, and could not be held high above the water surface. It is unknown what their long necks were used for, but they may have had a function in feeding. Elasmosaurids probably ate small fish and marine invertebrates, seizing them with their long teeth, and may have used gastroliths (stomach stones) to help digest their food. Elasmosaurus is known from the Pierre Shale formation, which represents marine deposits from the Western Interior Seaway.

SpongeBob: WATER STYLE NINJA ART: LIOPLEURODON!

SpongeBob fired a wave of water and it formed into the ferocious marine reptile from 166 million years ago: Liopleurodon!

---

Liopleurodon (/ˌlaɪoʊˈplʊərədɒn/; meaning 'smooth-sided teeth') is a genus of large, carnivorous marine reptile belonging to the Pliosauroidea, a clade of short-necked plesiosaurs. The two species of Liopleurodon lived from the Callovian Stage of the Middle Jurassic to the Kimmeridgian stage of the Late Jurassic Period (c. 166 to 155 mya). It was the apex predator of the Middle to Late Jurassic seas that covered Europe. The largest species, L. ferox, is estimated to have grown up to 6.4 metres (21 ft) in length.

The name "Liopleurodon" (meaning "smooth-sided tooth") derives from Ancient Greek words: λεῖος leios, "smooth"; πλευρά pleurá, "side" or "rib"; and ὀδόν odṓn, "tooth".

Salar: (Arabic Accent) FIRESTORM STYLE NINJA ART: GALLIMIMUS!

Salar fired a massive wave of fire and it formed into a herd of the ostrich-like egg-eaters from 70 million years ago: Gallimimus!

---

Gallimimus (/ˌɡælɪˈmaɪməs/ GAL-i-MY-məs) is a genus of theropod dinosaur that lived in what is now Mongolia during the Late Cretaceous period, about seventy million years ago (mya). Several fossils in various stages of growth were discovered by Polish-Mongolian expeditions in the Gobi Desert of Mongolia during the 1960s; a large skeleton discovered in this region was made the holotype specimen of the new genus and species Gallimimus bullatus in 1972. The generic name means "chicken mimic", referring to the similarities between its neck vertebrae and those of the Galliformes. The specific name is derived from bulla, a gold capsule worn by Roman youth, in reference to a bulbous structure at the base of the skull of Gallimimus. At the time it was named, the fossils of Gallimimus represented the most complete and best preserved ornithomimid ("ostrich dinosaur") material yet discovered, and the genus remains one of the best known members of the group.

Gallimimus is the largest known ornithomimid; adults were about 6 metres (20 ft) long, 1.9 metres (6 ft 3 in) tall at the hip and weighed about 440 kilograms (970 lb). As evidenced by its relative Ornithomimus, it would have had feathers. The head was small and light with large eyes that faced to the sides. The snout was long compared to other ornithomimids, although it was broader and more rounded at the tip than in other species. Gallimimus was toothless with a keratinous (horny) beak, and had a delicate lower jaw. Many of the vertebrae had openings that indicate they were pneumatic (air-filled). The neck was proportionally long in relation to the trunk. The hands were proportionally the shortest of any ornithomimosaur and each had three digits with curved claws. The forelimbs were weak while the hindlimbs were proportionally long. The family Ornithomimidae is part of the group Ornithomimosauria. Anserimimus, also from Mongolia, is thought to have been the closest relative of Gallimimus.

As an ornithomimid, Gallimimus would have been a fleet (or cursorial) animal, using its speed to escape predators; its speed has been estimated at 42-56 km/h (29-34 mph). It may have had good vision and intelligence comparable to ratite birds. Gallimimus may have lived in groups, based on the discovery of several specimens preserved in a bone bed. Various theories have been proposed regarding the diet of Gallimimus and other ornithomimids. The highly mobile neck may have helped locate small prey on the ground, but it may also have been an opportunistic omnivore. It has also been suggested that it used small columnar structures in its beak for filter-feeding in water, though these structures may instead have been ridges used for feeding on tough plant material, indicative of a herbivorous diet. Gallimimus is the most commonly found ornithomimosaur in the Nemegt Formation, where it lived alongside its relatives Anserimimus and Deinocheirus. Gallimimus was featured in the movie Jurassic Park, in a scene that was important to the history of special effects, and in shaping the common conception of dinosaurs as bird-like animals.

Andropov: (Russian Accent) ICE STYLE NINJA ART: ELASMOTHERIUM!

Andropov fired a wave of ice and it formed into the ancestral big-horned rhinoceros of the Ice Age from 2.6 million years ago: Elasmotherium!

---

Elasmotherium is an extinct genus of large rhinoceros endemic to Eurasia during the Late Pliocene through the Pleistocene, existing from 2.6 Ma to at least as late as 39,000 years ago in the Late Pleistocene. A more recent date of 26,000 BP is considered less reliable. It was the last surviving member of Elasmotheriinae, a distinctive group of rhinoceroses that had separated from the ancestry of living rhinoceroses by at least 35 million years ago according to fossils and estimated around 47.4 million years ago based on molecular clock.

Four species are recognised, which were largely confined to the Pontic-Caspian steppe, the Caucasus and Central Asia. The best known, E. sibiricum, known as the Siberian unicorn, was the size of a mammoth and is thought to have borne a large, thick horn on its forehead. Like all rhinoceroses, elasmotheres were herbivorous. Unlike any other rhinos and any other ungulates aside from some notoungulates, its high-crowned molars were ever-growing. Its legs were longer than those of other rhinos and were adapted for galloping, giving it a horse-like gait.

Golova: (Russian Accent) ICE STYLE NINJA ART: CAVE LION!

Golova fired a wave of ice and it formed into the Ice Age lions of 500,000 years ago: Cave Lions!

---

Panthera spelaea, also known as the "Eurasian cave lion", "European cave lion", or "steppe lion", is an extinct Panthera species that evolved in Europe probably after the third Cromerian interglacial stage, less than 600,000 years ago. Phylogenetic analysis of fossil bone samples revealed that it was highly distinct and genetically isolated from the modern lion (Panthera leo) occurring in Africa and Asia. Analysis of morphological differences and mitochondrial data support the taxonomic recognition of Panthera spelaea as a distinct species that diverged from the lion about 1.9 million years ago. Nuclear genomic evidence suggests a more recent split approximately 500,000 years ago, with no subsequent interbreeding with the ancestors of the modern lion. The oldest known bone fragments were excavated in Yakutia and radiocarbon dated at least 62,400 years old. It became extinct about 13,000 years ago.

Matthias: (German Accent) FOREST STYLE NINJA ART: LEPTICTIDIUM!

Matthias fired a wave of wood and leaves and it formed into a swarm of the ancestor of the Elephant Shrew that lived 50 million years ago: Leptictidium!

---

Leptictidium (a Latinized diminutive of the name of its close relative Leptictis, which means "graceful weasel" in Ancient Greek) is an extinct genus of small mammals that were likely bipedal. Comprising eight species, they resembled today's elephant shrews. They are especially interesting for their combination of characteristics typical of primitive eutherians with highly specialized adaptations, such as powerful hind legs and a long tail which aided in locomotion. They were omnivorous, their diet a combination of insects, lizards and small mammals. One of the first branches to split from basal eutherians, they appeared in the Lower Eocene, a time of warm temperatures and high humidity, roughly fifty million years ago. Although they were widespread throughout Europe, they became extinct around thirty-five million years ago with no descendants, probably because they were adapted to live in forest ecosystems and were unable to adapt to the open plains of the Oligocene.

Eustreptospondylus (/juːˌstrɛptoʊspɒnˈdaɪləs/ yoo-STREPT-o-spon-DY-ləs; meaning "true Streptospondylus") is a genus of megalosaurid theropod dinosaur, from the Oxfordian stage of the Late Jurassic period (some time between 163 and 154 million years ago) in southern England, at a time when Europe was a series of scattered islands (due to tectonic movement at the time which raised the sea-bed and flooded the lowland).

Fiona: WIND STYLE NINJA ART: ORNITHOCHEIRUS!

Fiona fired a wave of wind and it formed into the ostrich-like dinosaur from 92.5 million years ago: Ornithocheirus!

---

Ornithocheirus (from Ancient Greek "ὄρνις", meaning bird, and "χεῖρ", meaning hand) is a pterosaur genus known from fragmentary fossil remains uncovered from sediments in the UK and possibly Morocco.

Several species have been referred to the genus, most of which are now considered as dubious species, or members of different genera, and the genus is now often considered to include only the type species, Ornithocheirus simus. Species have been referred to Ornithocheirus from the mid-Cretaceous period of both Europe and South America, but O. simus is known only from the UK, though a specimen referred to O. cf. simus is also known from Morocco.

Because O. simus was originally named based on poorly preserved fossil material, the genus Ornithocheirus has suffered enduring problems of zoological nomenclature.

Fossil remains of Ornithocheirus have been recovered mainly from the Cambridge Greensand of England, dating to the beginning of the Albian stage of the early Cretaceous period, about 110 million years ago. Additional fossils from the Santana Formation of Brazil are sometimes classified as species of Ornithocheirus, but have also been placed in their own genera, most notably Tropeognathus.

Becky: PHOENIX STYLE NINJA ART: COELOPHYSIS!

Becky fired a wave of fire and it formed into one of the first ever dinosaurs from 216 million years ago: Coelophysis!

---

Coelophysis (/sɛˈlɒfɪsɪs/ seh-LOF-ih-sis traditionally; /ˌsɛloʊˈfaɪsɪs/ SEL-o-FY-sis or /ˌsiːloʊˈfaɪsɪs/ SEE-lo-FY-sis are heard more commonly in recent decades) is an extinct genus of coelophysid theropod dinosaur that lived approximately 216 to 196 million years ago during the latter part of the Triassic Period in what is now the southwestern United States and also in South Africa and Zimbabwe.

Coelophysis was a small, slenderly-built, ground-dwelling, bipedal carnivore, that could grow up to 3 m (9.8 ft) long. Coelophysis is one of the earliest known dinosaur genera. Scattered material representing similar animals has been found worldwide in some Late Triassic and Early Jurassic formations.

The type species C. bauri, originally given to the genus Coelurus by Edward Drinker Cope in 1887, was described by the latter in 1889. The names Longosaurus and Rioarribasaurus are synonymous with Coelophysis. Another dinosaur genus, Megapnosaurus, has also been considered to be a synonym. This primitive theropod is notable for being one of the most specimen-rich dinosaur genera.

Inostrancevia is an extinct genus of carnivorous therapsids, containing the largest members of the family Gorgonopsidae, predators characterized by long, saber-tooth-like canines. The various species inhabited northern Russia during the Upper Tatarian (Vyatskian), a Russian regional stage equivalent to the Wuchiapingian stage of the Late Permian period, dating from approximately 265 to 252.3 million years ago. It is known from several skulls and two almost-complete skeletons.

Muttaburrasaurus was a genus of herbivorous ornithopod dinosaur, which lived in what is now northeastern Australia sometime between 105 and 103 million years ago during the early Cretaceous Period. It has been recovered in some analyses as a member of the iguanodontian family Rhabdodontidae. After Kunbarrasaurus, it is Australia's most completely known dinosaur from skeletal remains. It was named after Muttaburra, the site in Queensland, Australia, where it was found.

Paige: PHOENIX STYLE NINJA ART: CRYOLOPHOSAURUS!

Paige fired a wave of fire and it formed into the Antarctic dinosaur from 193 million years ago: Cryolophosaurus!

---

Cryolophosaurus (/ˌkraɪoʊˌloʊfoʊˈsɔːrəs/ or /kraɪˌɒloʊfoʊˈsɔːrəs/; "CRY-oh-loaf-oh-SAWR-us") is a genus of large theropods known from only a single species Cryolophosaurus ellioti, known from the early Jurassic period of Antarctica. It was about 6.5 metres (21.3 ft) long and 465 kilograms (1,025 lb) in weight, making it one of the largest theropods of its time. Individuals of this species may have grown even larger, because the only known specimen probably represents a sub-adult. Cryolophosaurus is known from a skull, a femur and other material, the skull and femur of which have caused its classification to vary greatly. The femur possesses many primitive characteristics that have classified Cryolophosaurus as a dilophosaurid or a neotheropod outside of Dilophosauridae and Averostra, whereas the skull has many advanced features, leading the genus to be considered a tetanuran, an abelisaurid, a ceratosaur and even an allosaurid. Since its original description, the consensus is that Cryolophosaurus is either a primitive member of the Tetanurae or a close relative of that group.

Cryolophosaurus possessed a distinctive "pompadour" crest that spanned the head from side to side. Based on evidence from related species and studies of bone texture, it is thought that this bizarre crest was used for intra-species recognition. The brain of Cryolophosaurus was also more primitive than those of other theropods.

Cryolophosaurus was first excavated from Antarctica's Early Jurassic, Sinemurian to Pliensbachian aged Hanson Formation, formerly the upper Falla Formation, by paleontologist Dr. William Hammer in 1991. It was the first carnivorous dinosaur to be discovered in Antarctica and the first non-avian dinosaur from the continent to be officially named. The sediments in which its fossils were found have been dated at ~194 to 188 million years ago, representing the Early Jurassic Period.

Lateefa: (Arabic Accent) DESERT STYLE NINJA ART: VELOCIRAPTORS!

Lateefa fired a wave of sand and it formed into the deadly carnivorous dinosaurs from 78 million years ago: Velociraptor!

---

Velociraptor (/vɪˈlɒsɪræptər/; meaning "swift seizer" in Latin) is a genus of dromaeosaurid theropod dinosaur that lived approximately 75 to 71 million years ago during the latter part of the Cretaceous Period. Two species are currently recognized, although others have been assigned in the past. The type species is V. mongoliensis; fossils of this species have been discovered in Mongolia. A second species, V. osmolskae, was named in 2008 for skull material from Inner Mongolia, China.

Smaller than other dromaeosaurids like Deinonychus and Achillobator, Velociraptor nevertheless shared many of the same anatomical features. It was a bipedal, feathered carnivore with a long tail and an enlarged sickle-shaped claw on each hindfoot, which is thought to have been used to tackle and disembowel prey. Velociraptor can be distinguished from other dromaeosaurids by its long and low skull, with an upturned snout.

Velociraptor (commonly shortened to "raptor") is one of the dinosaur genera most familiar to the general public due to its prominent role in the Jurassic Park motion picture series. In real life, however, Velociraptor was roughly the size of a turkey, considerably smaller than the approximately 2 m (6 1⁄2 ft) tall and 80 kg (180 lb) reptiles seen in the films (which were based on members of the related genus Deinonychus). Today, Velociraptor is well known to paleontologists, with over a dozen described fossil skeletons, the most of any dromaeosaurid. One particularly famous specimen preserves a Velociraptor locked in combat with a Protoceratops.

Nataša: (Czech Accent) EARTH STYLE NINJA ART: UTAHRAPTOR!

Nataša fired a wave of earth and it formed into the state dinosaurs of Utah from 139 million years ago: Utahraptor!

---

Utahraptor (meaning Utah's predator) is a genus of large dromaeosaurid dinosaur that lived in North America during the Early Cretaceous period. It was a heavy-built, ground-dwelling, bipedal carnivore. It contains a single species, Utahraptor ostrommaysi, which is the largest-known member of the family Dromaeosauridae.

In 2018, it was proposed that Utahraptor be the Utah state dinosaur, an act that was approved by the Senate. Initially Utahraptor would have replaced another dinosaur, Allosaurus, as the state's official fossil, but it was decided that Utahraptor would be another symbol of the state.

Suwailim: (Egyptian Accent) DESERT STYLE NINJA ART: PROTOCERATOPS!

Suwailim fired a wave of sand and it formed into the Ceratopsian from 75 million years ago: Protoceratops.

---

Protoceratops (/ˌproʊtoʊˈsɛrətɒps/; from Greek proto-/πρωτο- "first", cerat-/κερατ- "horn" and -ops/-ωψ "face", meaning "first horned face") is a genus of sheep-sized (1.8 m long) herbivorous ceratopsian dinosaur, from the Upper Cretaceous Period (Campanian stage) of what is now Mongolia. It was a member of the Protoceratopsidae, a group of early horned dinosaurs. Unlike later ceratopsians, however, it was a much smaller creature that lacked well-developed horns and retained some basal traits not seen in later genera.

Protoceratops had a large neck frill which was likely used as a display site to impress other members of the species. Other hypotheses about its function include protection of the neck and anchoring of jaw muscles, but the fragility of the frill and the poor leverage offered by possible attachment sites here makes these ideas implausible. Described by Walter W. Granger and W.K. Gregory in 1923, Protoceratops was initially believed to be an ancestor of the North American ceratopsians. Researchers currently distinguish two species of Protoceratops (P. andrewsi and P. hellenikorhinus), based in part by their respective sizes.

In the 1920s, Roy Chapman Andrews discovered fossilized eggs in Mongolia that were interpreted as belonging to this dinosaur, but which turned out to be those of Oviraptor. However, it wouldn't be until 2011 that a genuine Protoceratops nest was discovered, with the remains of the neonates inside suggesting parental care in this dinosaur.

Woya: WIND STYLE NINJA ART: PTERANODON!

Woya fired a wave of wind and it formed into the famous pterosaur from 86 million years ago: Pteranodon!

---

Pteranodon (/tɪˈrænədɒn/; from Greek πτερόν (pteron, "wing") and ἀνόδων (anodon, "toothless")) is a genus of pterosaur that included some of the largest known flying reptiles, with wingspans over 7 meters (23 feet). They lived during the late Cretaceous geological period of North America in present-day Kansas, Alabama, Nebraska, Wyoming, and South Dakota. More fossil specimens of Pteranodon have been found than any other pterosaur, with about 1,200 specimens known to science, many of them well preserved with nearly complete skulls and articulated skeletons. It was an important part of the animal community in the Western Interior Seaway.

Pteranodon was a pterosaur, meaning that it is not a dinosaur. By definition, all dinosaurs belong to one of the two groups within

Dinosauria, i.e. Saurischia or Ornithischia. As such, this excludes pterosaurs. Nonetheless, Pteranodon is frequently featured in dinosaur media and are strongly associated with dinosaurs by the general public. While not dinosaurs, pterosaurs such as Pteranodon form a clade closely related to dinosaurs as both fall within the clade Avemetatarsalia.

Argentavis magnificens was among the largest flying birds ever to exist, quite possibly surpassed in wingspan only by Pelagornis sandersi, which was described in 2014. A. magnificens, sometimes called the Giant Teratorn, is an extinct species known from three sites in the Epecuén and Andalhualá Formations in central and northwestern Argentina dating to the Late Miocene (Huayquerian), where a good sample of fossils has been obtained.

Edwayl: WATER STYLE NINJA ART: BASILOSAURUS!

Edwayl fired a wave of water and it formed into the one of the first whales of the Eocene epoch from 41.3 million years ago: Basilosaurus!

---

Basilosaurus (meaning "king lizard") is a genus of large, predatory, prehistoric archaeocete whale from the late Eocene, approximately 41.3 to 33.9 million years ago (mya). First described in 1834, it was the first archaeocete and prehistoric whale known to science. The first fossils were discovered along the Gulf Coast of the United States, along with a few fossils in the eastern U.S., attributed to the type species B. cetoides. They were originally thought to be of a giant reptile, hence the suffix "-saurus", Ancient Greek for "lizard". The animal was later found to be an early marine mammal, which prompted attempts at renaming the creature, which failed as zoological nomenclature dictates using the original name given. Fossils were later found of the second species, B. isis, in 1904 in North Africa, more specifically the countries of Egypt, Jordan, Tunisia and Morocco. Basilosaurus has a possible record in Seymour Island in Antarctica.

Basilosaurus is considered to have been common in the Tethys sea. It was one of the largest, if not the largest, animals of the Paleogene. It was the top predator of its environment, preying on sharks, large fish and other marine mammals, namely the dolphin-like Dorudon, which seems to have been their predominant food source.

Basilosaurus was at one point a wastebasket taxon, before the genus slowly started getting reevaluated, with many species of different Eocene cetacean being assigned to the genus in the past, however they are invalid or have been reclassified under a new or different genus, leaving only 2 confirmed species. Basilosaurus may have been one of the first fully aquatic cetaceans (sometimes referred to as the pelagiceti). Basilosaurus, unlike modern cetaceans, had various types of teeth-such as canines and molars-in its mouth (heterodonty), and it probably was able to chew its food in contrast to modern cetaceans which swallow their food whole.

Rusty: DESERT STYLE NINJA ART: PARACERATHERIUM!

Rusty fired a wave of sand and it formed into the one of the ancestral rhinoceroses from 34 million years ago: Paraceratherium!

---

Paraceratherium is an extinct genus of hornless rhinoceros. It is one of the largest terrestrial mammals that has existed and lived from the early to late Oligocene epoch (34-23 million years ago). Its remains have been found across Eurasia between China and the Balkans. It is classified as a member of the hyracodont subfamily

Indricotheriinae. Paraceratherium means "near the hornless beast", in reference to Aceratherium, the genus in which the type species A. bugtiense was originally placed.

The exact size of Paraceratherium is unknown because of the incompleteness of the fossils. The shoulder height was about 4.8 metres (15.7 feet), and the length about 7.4 metres (24.3 feet). Its weight is estimated to have been about 15 to 20 tonnes (33,000 to 44,000 lb). The long neck supported a skull that was about 1.3 metres (4.3 ft) long. It had large, tusk-like incisors and a nasal incision that suggests it had a prehensile upper lip or proboscis (trunk). The legs were long and pillar-like. The lifestyle of Paraceratherium may have been similar to that of modern large mammals such as the elephants and extant rhinoceroses. Because of its size, it would have had few predators and a slow rate of reproduction. It was a browser, eating mainly leaves, soft plants, and shrubs. It lived in habitats ranging from arid deserts with a few scattered trees to subtropical forests. The reasons for the animal's extinction are unknown, but various factors have been proposed.

The taxonomy of the genus and the species within has a long and complicated history. Other genera of Oligocene indricotheres, such as Baluchitherium, Indricotherium, and Pristinotherium, have been named, but no complete specimens exist, making comparison and classification difficult. Most modern scientists consider these genera to be junior synonyms of Paraceratherium, and it is thought to contain at least three discernible species; P. bugtiense, P. transouralicum, and P. huangheense. The most completely-known species is P. transouralicum, so most reconstructions of the genus are based on it. Differences between P. bugtiense and P. transouralicum may be due to sexual dimorphism, which would make them the same species.

Entelodon (meaning "complete teeth", from Ancient Greek ἐντελής entelēs "complete" and ὀδών odōn "tooth", referring to its "complete" eutherian dentition), is an extinct genus of entelodont artiodactyl endemic to Eurasia. Fossils of species are found in Paleogene strata ranging in age from the Houldjinian (37.2-33.9 mya) until the Rupelian epoch of the early Oligocene (33.9-28.4 mya).

Liam: (Southern Accent) PLAIN STYLE NINJA ART: HYAENODON!

Liam fired a wave of sand and leaves and it formed into the ancestors of the hyena from 42 million years ago: Hyaenodon!

---

Hyaenodon ("hyena-tooth") is the type genus of the Hyaenodontidae, a family of extinct carnivorous fossil mammals from Eurasia, North America, and Africa, with species existing temporally from the Eocene until the middle Miocene, existing for about 26.1 million years.

The various species of Hyaenodon competed with each other and with other hyaenodont genera (including Sinopa, Dissopsalis, and Hyainailurus), and played important roles as predators in ecological communities as late as the Miocene in Africa and Asia and preyed on a variety of prey species such as primitive horses like Mesohippus and early camels. Species of Hyaenodon have been shown to have successfully preyed on other large carnivores of their time, including a nimravid ("false sabertooth cat"), according to analysis of tooth puncture marks on a fossil Dinictis skull found in North Dakota.

Mollie: LIGHTNING STYLE NINJA ART: GIGANOTOSAURUS!

Mollie fired a wave of lightning and it formed into the ferocious theropod from 98 million years ago: Giganotosaurus!

---

Giganotosaurus (/ˌdʒaɪɡəˌnoʊtəˈsɔːrəs/ JY-gə-NOH-tə-SOR-əs) is a genus of theropod dinosaur that lived in what is now Argentina, during the early Cenomanian age of the Late Cretaceous period, approximately 98 to 97 million years ago. The holotype specimen was discovered in the Candeleros Formation of Patagonia in 1993, and is almost 70% complete. The animal was named Giganotosaurus carolinii in 1995; the genus name translates as "giant southern lizard" and the specific name honors the discoverer, Rubén D. Carolini. A dentary bone, a tooth and some tracks, discovered before the holotype, were later assigned to this animal. The genus attracted much interest and became part of a scientific debate about the maximum sizes of theropod dinosaurs.

Giganotosaurus was one of the largest known terrestrial carnivores, but the exact size has been hard to determine due to the incompleteness of the remains found so far. Estimates for the most complete specimen range from a length of 12 to 13 m (39 to 43 ft), a skull 1.53 to 1.80 m (5.0 to 5.9 ft) in length, and a weight of 4.2 to 13.8 t (4.6 to 15.2 short tons). The dentary bone that belonged to a supposedly larger individual has been used to extrapolate a length of 13.2 m (43 ft). Some researchers have found the animal to be larger than Tyrannosaurus, which has historically been considered the largest theropod, while others have found them to be roughly equal in size, and the largest size estimates for Giganotosaurus exaggerated. The skull was low, with rugose (rough and wrinkled) nasal bones and a ridge-like crest on the lacrimal bone in front of the eye. The front of the lower jaw was flattened, and had a downwards projecting process (or "chin") at the tip. The teeth were compressed sideways and had serrations. The neck was strong and the pectoral girdle proportionally small.

Part of the family Carcharodontosauridae, Giganotosaurus is one of the most completely known members of the group, which includes other very large theropods, such as the closely related Mapusaurus and Carcharodontosaurus. Giganotosaurus is thought to have been homeothermic (a type of "warm-bloodedness"), with a metabolism between that of a mammal and a reptile, which would have enabled fast growth. It may have been relatively fast moving, with a calculated maximal running speed of 14 m/s (50 km/h; 31 mph). It would have been capable of closing its jaws quickly, capturing and bringing down prey by delivering powerful bites. The "chin" may have helped in resisting stress when a bite was delivered against prey. Giganotosaurus is thought to have been the apex predator of its ecosystem, and it may have fed on juvenile sauropod dinosaurs.

Luan: JUNGLE STYLE NINJA ART: GIGANTOPITHECUS!

Luan fired a wave of leaves and grass and it formed into one of the first apes from 2 million to 300,000 years ago: Gigantopithecus!

---

Gigantopithecus is an extinct genus of ape from the Early to Middle Pleistocene of southern China, represented by one species, G. blacki. Potential identifications have also been made in Thailand, Vietnam, and Indonesia. The first remains of Gigantopithecus, two third molar teeth, were identified in a drugstore by anthropologist Ralph von Koenigswald in 1935, who subsequently described the ape. In 1956, the first mandible and over 1,000 teeth were found in Liucheng, and numerous more remains have since been found in at least 16 sites. Only teeth and 4 mandibles are known currently, and other skeletal elements were likely consumed by porcupines before they could fossilise. Gigantopithecus was once argued to be a hominin, a member of the human line, but it is now thought to be closely allied with orangutans, classified in the subfamily Ponginae.

Gigantopithecus has traditionally been restored as a massive, gorilla-like ape, potentially 200-300 kg (440-660 lb) when alive, but the paucity of remains make total size estimates highly speculative. The species may have been sexually dimorphic, with males much bigger than females. The incisors are reduced and the canines appear to have functioned like cheek teeth (premolars and molars). The premolars are high-crowned, and the fourth premolar is very molar-like. The molars are the largest of any known ape, and have a relatively flat surface. Gigantopithecus had the thickest enamel by absolute measure of any ape, up to 6 mm (a quarter of an inch) in some areas, though was only fairly thick when tooth size is taken into account.

Gigantopithecus appears to have been a generalist herbivore of C3 forest plants, with the jaw adapted to grinding, crushing, and cutting through tough, fibrous plants; and the thick enamel functioning to resist foods with abrasive particles such as stems, roots, and tubers with dirt. Some teeth bear traces of fig family fruits. It primarily lived in subtropical to tropical forest, and went extinct about 300,000 years ago likely due to climate change and the retreat of preferred habitat, and potentially archaic human activity by Homo erectus. Gigantopithecus has become popular in cryptozoology circles as the identity of the Tibetan yeti or the American bigfoot, humanlike monsters in local folklore.

Fletcher: (Scottish Accent) ICE STYLE NINJA ART: DIRE WOLVES!

Fletcher fired a wave of ice and it formed into a pack of the first wolves from 125,000 to 9,500 years ago: the Dire Wolves!

---

The dire wolf (Canis dirus, "fearsome dog") is an extinct species of the genus Canis. It is one of the most famous prehistoric carnivores in North America, along with its extinct competitor, the sabre-toothed cat Smilodon fatalis. The dire wolf lived in the Americas during the Late Pleistocene and Early Holocene epochs (125,000-9,500 years ago). The species was named in 1858, four years after the first specimen had been found. Two subspecies are recognized: Canis dirus guildayi and Canis dirus dirus. The dire wolf probably evolved from Armbruster's wolf (Canis armbrusteri) in North America. The largest collection of its fossils has been obtained from the Rancho La Brea Tar Pits in Los Angeles.

Dire wolf remains have been found across a broad range of habitats including the plains, grasslands, and some forested mountain areas of North America, and in the arid savannah of South America. The sites range in elevation from sea level to 2,255 meters (7,400 ft). Dire wolf fossils have rarely been found north of 42°N latitude; there have been only five unconfirmed reports above this latitude. This range restriction is thought to be due to temperature, prey, or habitat limitations imposed by proximity to the Laurentide and Cordilleran ice sheets that existed at the time.

The dire wolf was about the same size as the largest modern gray wolves (Canis lupus): the Yukon wolf and the northwestern wolf. C. d. guildayi weighed on average 60 kilograms (132 lb) and C. d. dirus was on average 68 kg (150 lb). Its skull and dentition matched those of C. lupus, but its teeth were larger with greater shearing ability, and its bite force at the canine tooth was the strongest of any known Canis species. These characteristics are thought to be adaptations for preying on Late Pleistocene megaherbivores, and in North America its prey are known to have included horses, ground sloths, mastodons, bison, and camels. As with other large Canis hypercarnivores today, the dire wolf is thought to have been a pack hunter. Its extinction occurred during the Quaternary extinction event along with most of the American megafauna of the time, including a number of other carnivores, that occurred soon after the appearance of humans in the New World. Its reliance on megaherbivores has been proposed as the cause of its extinction, along with climate change and competition with other species, but the cause remains controversial. Dire wolves lived as recently as 9,500 years ago, according to dated remains.

Alex T.: (Greek Accent) FIRESTORM STYLE NINJA ART: ARGENTINOSAURUS!

Alex fired a wave of fire and it formed into the largest dinosaur that ever lived from 96.2 million years ago: Argentinosaurus!

---

Argentinosaurus is a genus of giant sauropod dinosaur that lived during the Late Cretaceous period in what is now Argentina. Although it is only known from fragmentary remains, Argentinosaurus is one of the largest-known land animals of all time, if not the largest, with length estimates ranging from 30 to 39.7 metres (98 to 130 ft) and weight estimates from 50 to 100 tonnes (55 to 110 short tons). It was a member of Titanosauria, the dominant group of sauropods during the Cretaceous.

The first Argentinosaurus bone was discovered in 1987 by a farmer on his farm near the city of Plaza Huincul. A scientific excavation of the site led by the Argentine palaeontologist José Bonaparte was conducted in 1989, yielding several back vertebrae and parts of a sacrum-fused vertebrae between the back and tail vertebrae. Additional specimens include a complete femur (thigh bone) and the shaft of another. Argentinosaurus was named by Bonaparte and the Argentine palaeontologist Rodolfo Coria in 1993; it contains a single species, A. huinculensis. The generic name Argentinosaurus means "Argentine lizard", and the specific name huinculensis refers to its place of discovery, Plaza Huincul.

The fragmentary nature of Argentinosaurus remains makes their interpretation difficult. Arguments revolve around the position of the recovered vertebrae within the vertebral column and the presence of accessory articulations between the vertebrae that would have strengthened the spine. A computer model of the skeleton and muscles estimated this dinosaur had a maximum speed of 7 km/h (5 mph) with a pace, a gait where the fore and hind limb of the same side of the body move simultaneously. The fossils of Argentinosaurus were recovered from the Huincul Formation, which was deposited in the middle Cenomanian to early Turonian ages (around 96 to 92 million years ago) and contains a diverse dinosaur fauna including the giant theropod Mapusaurus.

Shamrina: (Assyrian Accent) FIRESTORM STYLE NINJA ART: DAEODON!

Shamrina fired a wave of fire and it formed into one of the ancestral wild boars from 29 million years ago: Daeodon!

Daeodon is an extinct genus of entelodont artiodactyl that inhabited North America between 29 and 19 million years ago during the middle Oligocene and early Miocene epochs. The type species is Daeodon shoshonensis, the last and largest of the entelodonts; known adults of this species possessed skulls about 90 cm (3 ft) in length. It had a broad distribution across the United States, but it was never abundant.

Tshibangu: (Congolese Accent) JUNGLE STYLE NINJA ART: GIANT GROUND SLOTH!

Tshibangu fired a wave of leaves and grass and it formed into the ancestor of the sloth from 5 million years ago: Megatherium or Giant Ground Sloth!

Megatherium (/mɛɡəˈθɪəriəm/ meg-ə-THEER-ee-əm from the Greek mega [μέγας], meaning "great", and therion [θηρίον], "beast") is an extinct genus of ground sloths endemic to South America that lived from the Early Pliocene through the end of the Pleistocene. It is best known for the elephant-sized type species M. americanum, sometimes called the giant ground sloth, or the megathere, native to the Pampas through southern Bolivia during the Pleistocene. Various other smaller species belonging to the subgenus Pseudomegatherium are known from the Andes. Megatherium is part of the sloth family Megatheriidae, which also includes the similarly elephantine Eremotherium, which was native to tropical South America and southern North America. Only a few other land mammals equaled or exceeded M. americanum in size, such as large proboscideans (e.g., elephants) and the giant rhinoceros Paraceratherium. Megatherium was first discovered in 1788 on the bank of the Luján River in Argentina. The holotype specimen was then shipped to Spain the following year wherein it caught the attention of the esteemed paleontologist Georges Cuvier, who was the first to determine, by means of comparative anatomy, that Megatherium was a sloth. Megatherium became extinct around 12,000 years ago during the Quaternary extinction event, which also claimed most other large mammals in the New World. The extinction coincides with the settlement of the Americas, and a kill site where a M. americanum was slaughtered and butchered is known, suggesting that hunting could have caused its extinction.

Lang Yan: (Chinese Accent) BAMBOO STYLE NINJA ART: DWARF PANDA!

Lang punched the ground and a bunch of bamboo grew in seconds and they formed into the ancestor of the Giant Panda from 2 million years ago - the Dwarf Panda!

---

Ailuropoda microta is the earliest known ancestor of the giant panda. It measured 1 m (3 ft) in length; the modern giant panda grows to a size in excess of 1.5 m (5 ft). Wear patterns on its teeth suggest it lived on a diet of bamboo, the primary food of the giant panda. The first discovered skull of the animal in a south China limestone cave is estimated to be 2 million years old. The skull found is about half the size of a modern-day giant panda, but is anatomically very similar. This research suggests that the giant panda has evolved for more than 3 million years as a completely separate lineage from that of other bears.

Guanlong (冠龍) is a genus of extinct proceratosaurid tyrannosauroid from the Late Jurassic of China. The taxon was first described in 2006 by Xu Xing et al., who found it to represent a new taxon related to Tyrannosaurus. The name is derived from Chinese, translating as "crown dragon". Two individuals are currently known, a partially complete adult and a nearly complete juvenile. These specimens come from the Oxfordian stage of the Chinese Shishugou Formation.

Brock: EARTH STYLE NINJA ART: DOEDICURUS!

Brock fired a wave of earth and it formed into the ancestral armadillo from 2 million to 7,000 years ago: DOEDICURUS!

---

Doedicurus, or Dædicurus, is an extinct genus of glyptodont from South America containing one species, D. clavicaudatus. Glyptodonts are a member of the family Chlamyphoridae, which also includes some modern armadillo species, and they are classified in the order Xenarthra alongside sloths and anteaters. Being a glyptodont, it was a rotund animal with heavy armor and a carapace. Averaging at an approximate 1,400 kg (3,100 lb), it was one of the largest glyptodonts to have ever lived. Though glyptodonts were quadrupeds, large ones like Doedicurus may have been able to stand on two legs like other xenarthrans. It notably sported a spiked tail club, which may have weighed 40 or 65 kg (88 or 143 lb) in life, and it may have swung this in defense against predators or in fights with other Doedicurus at speeds of perhaps 11 m/s (40 km/h; 25 mph).

Doedicurus was likely a grazer, but its teeth and mouth, like those of other glyptodonts, seem unable to have chewed grass effectively, which may indicate a slow metabolism. Doedicurus existed during the Pleistocene. Before this, South America had been isolated from the rest of the world, but the formation of the Isthmus of Panama allowed North American fauna to invade South America in the Great American Interchange, including big cats, bears, elephants, camels, and horses. Doedicurus seems to have inhabited the relatively cold and humid Chaco-Pampean plains of northeastern Patagonia. It may have been the latest-surviving glyptodont, with remains suggested to date to 8,000-7,000 years ago during the middle Holocene, though these dates have been questioned. It may have gone extinct due to some combination of human hunting and climate change.

Nora: (Spanish Accent) JUNGLE STYLE NINJA ART: CARNOTAURUS!

Nora fired a wave of grass and leaves and it formed into the ferocious theropod from 72 million years ago: Carnotaurus!

---

Carnotaurus /ˌkɑːrnoʊˈtɔːrəs/ is a genus of large theropod dinosaur that lived in South America during the Late Cretaceous period, between about 72 and 69.9 million years ago. The only species is Carnotaurus sastrei. Known from a single well-preserved skeleton, it is one of the best-understood theropods from the Southern Hemisphere. The skeleton, found in 1984, was uncovered in the Chubut Province of Argentina from rocks of the La Colonia Formation. Carnotaurus is a derived member of the Abelisauridae, a group of large theropods that occupied the large predatorial niche in the southern landmasses of Gondwana during the late Cretaceous. The phylogenetic relations of Carnotaurus are uncertain; it might have been closer to either Majungasaurus or Aucasaurus.

Carnotaurus was a lightly built, bipedal predator, measuring 7.5 to 9 m (24.6 to 29.5 ft) in length and weighing at least 1.35 metric tons (1.33 long tons; 1.49 short tons). As a theropod, Carnotaurus was highly specialized and distinctive. It had thick horns above the eyes, a feature unseen in all other carnivorous dinosaurs, and a very deep skull sitting on a muscular neck. Carnotaurus was further characterized by small, vestigial forelimbs and long, slender hindlimbs. The skeleton is preserved with extensive skin impressions, showing a mosaic of small, non-overlapping scales approximately 5 mm in diameter. The mosaic was interrupted by large bumps that lined the sides of the animal, and there are no hints of feathers.

The distinctive horns and the muscular neck may have been used in fighting conspecifics. According to separate studies, rivaling individuals may have combated each other with quick head blows, by slow pushes with the upper sides of their skulls, or by ramming each other head-on, using their horns as shock absorbers. The feeding habits of Carnotaurus remain unclear: some studies suggest the animal was able to hunt down very large prey such as sauropods, while other studies find it preyed mainly on relatively small animals. Carnotaurus was well adapted for running and was possibly one of the fastest large theropods.

Timmy Turner: EARTH STYLE NINJA ART: DIMETRODON!

Timmy fired a wave of earth and it formed into the Permian reptilian mammal from 295 million years ago: Dimetrodon!

---

Dimetrodon (/daɪˈmiːtrədɒn/ (About this soundlisten) or /daɪ ˈmɛtrədɒn/, meaning "two measures of teeth") is an extinct genus of non-mammalian synapsid that lived during the Cisuralian (Early Permian), around 295-272 million years ago (Ma). It is a member of the family Sphenacodontidae. The most prominent feature of Dimetrodon is the large neural spine sail on its back formed by elongated spines extending from the vertebrae. It walked on four legs and had a tall, curved skull with large teeth of different sizes set along the jaws. Most fossils have been found in the southwestern United States, the majority coming from a geological deposit called the Red Beds of Texas and Oklahoma. More recently, fossils have been found in Germany. Over a dozen species have been named since the genus was first erected in 1878.

Dimetrodon is often mistaken for a dinosaur or as a contemporary of dinosaurs in popular culture, but it became extinct some 40 million years before the first appearance of dinosaurs. Reptile-like in appearance and physiology, Dimetrodon is nevertheless more closely related to mammals than to modern reptiles, though it is not a direct ancestor of mammals. Dimetrodon is assigned to the "non-mammalian synapsids", a group traditionally called "mammal-like reptiles". This groups Dimetrodon together with mammals in a clade (evolutionary group) called Synapsida, while placing dinosaurs, reptiles and birds in a separate clade, Sauropsida. Single openings in the skull behind each eye, known as temporal fenestrae, and other skull features distinguish Dimetrodon and mammals from most of the earliest sauropsids.

Dimetrodon was probably one of the apex predators of the Cisuralian ecosystems, feeding on fish and tetrapods, including reptiles and amphibians. Smaller Dimetrodon species may have had different ecological roles. The sail of Dimetrodon may have been used to stabilize its spine or to heat and cool its body as a form of thermoregulation. Some recent studies[citation needed] argue that the sail would have been ineffective at removing heat from the body due to large species being discovered with small sails and small species being discovered with large sails, essentially ruling out heat regulation as its main purpose. The sail was most likely used in courtship display with methods such as threatening rivals or showing off to potential mates.

Nantan: WIND STYLE NINJA ART: AUSTRALOPITHECUS AFARENSIS!

Nantan fired a wave of wind and it formed into one of our human ancestors on our evolutionary chain from 3 million years ago: Australopithecus Afarensis!

---

Australopithecus afarensis is an extinct species of australopithecine which lived from about 3.9-2.9 million years ago (mya) in the Pliocene of East Africa. The first fossils were discovered in the 1930s, but major fossil finds would not be discovered until the 1970s. In the 1972-1977 expedition in Hadar, Ethiopia, the International Afar Research Expedition led by anthropologists Maurice Taieb, Donald Johanson, and Yves Coppens unearthed several hundreds of hominin specimens, the most significant being the exceedingly well-preserved skeleton AL 288-1 ("Lucy") and the site AL 333 ("the First Family"). Beginning in 1974, Mary Leakey led an expedition into Laetoli, Tanzania, and recovered notably fossil trackways. In 1978, the species was first described, but this was followed by arguments for splitting the wealth of specimens into different species given the wide range of variation which had been attributed to sexual dimorphism (normal differences between males and females). A. afarensis probably descended from A. anamensis and possibly gave rise to Homo, though the latter hypothesis is not without dissent.

A. afarensis had a tall face, a delicate brow ridge, and prognathism (the jaw jutted outwards). The jawbone was quite robust, similar to that of gorillas. The living size of A. afarensis is debated, with arguments for and against marked size differences between males and females. Lucy measured perhaps 105 cm (3 ft 5 in) in height and 25-37 kg (55-82 lb), but she was rather small for her species. In contrast, a presumed male was estimated at 165 cm (5 ft 5 in) and 45 kg (99 lb). A perceived difference in male and female size may simply be sampling bias. The leg bones as well as the Laetoli fossil trackways suggest A. afarensis was a competent biped, though somewhat less efficient at walking than humans. The arm and shoulder bones have some similar aspects to those of orangutans and gorillas, which has variously been interpreted as either evidence of partial tree-dwelling (arboreality), or basal traits inherited from the human-chimp last common ancestor with no adaptive functionality.

A. afarensis was probably a generalist omnivore of both C3 forest plants and C4 CAM savanna plants-and perhaps creatures which ate such plants-and was able to exploit a variety of different food sources. Similarly, A. afarensis appears to have inhabited a wide range of habitats with no real preference, inhabiting open grasslands or woodlands, shrublands, and lake- or riverside forests. Potential evidence of stone tool use would indicate meat was also a dietary component. Marked sexual dimorphism in primates typically corresponds to a polygynous society and low dimorphism monogamy, but the group dynamics of early hominins is difficult to predict with accuracy. Early hominins may have fallen prey to the large carnivores of the time, such as big cats and hyenas.

Ronnie Anne: JUNGLE STYLE NINJA ART: BRACHIOSAURUS!

Ronnie Anne fired a wave of leaves and grass and it formed into the famous sauropod from 154 million years ago: Brachiosaurus!

---

Brachiosaurus (/ˌbrækiəˈsɔːrəs/) is a genus of sauropod dinosaur that lived in North America during the Late Jurassic, about 154-153 million years ago. It was first described by American paleontologist Elmer S. Riggs in 1903 from fossils found in the Colorado River valley in western Colorado, United States. Riggs named the dinosaur Brachiosaurus altithorax; the generic name is Greek for "arm lizard", in reference to its proportionately long arms, and the specific name means "deep chest". Brachiosaurus is estimated to have been between 18 and 21 meters (59 and 69 ft) long; weight estimates range from 28.3 to 58 metric tons (31.2 and 64 short tons). It had a disproportionately long neck, small skull, and large overall size, all of which are typical for sauropods. Atypically, Brachiosaurus had longer forelimbs than hindlimbs, which resulted in a steeply inclined trunk, and a proportionally shorter tail.

Brachiosaurus is the namesake genus of the family Brachiosauridae, which includes a handful of other similar sauropods. Most popular depictions of Brachiosaurus are in fact based on Giraffatitan, a genus of brachiosaurid dinosaur from the Tendaguru Formation of Tanzania. Giraffatitan was originally described by German paleontologist Werner Janensch in 1914 as a species of Brachiosaurus, B. brancai, but moved to its own genus in 2009. Three other species of Brachiosaurus have been named based on fossils found in Africa and Europe; two are no longer considered valid, and a third has become a separate genus, Lusotitan.

The type specimen of B. altithorax is still the most complete specimen, and only a few other specimens are thought to belong to the genus, making it one of the rarer sauropods of the Morrison Formation. It is regarded as a high browser, possibly cropping or nipping vegetation as high as 9 meters (30 ft) off the ground. Unlike other sauropods, it was unsuited for rearing on its hindlimbs. It has been used as an example of a dinosaur that was most likely ectothermic because of its large size and the corresponding need for sufficient forage, but more recent research suggests it was warm-blooded. Among the most iconic and initially thought to be one of the largest dinosaurs, Brachiosaurus has appeared in popular culture, notably in the 1993 film Jurassic Park.

Ryan Holland: (British Accent) ICE STYLE NINJA ART: ANTHROPORNIS!

Ryan fired a wave of ice and it formed into one of the first giant penguins and ancestor of the Emperor Penguin from 45 million years ago: Anthropornis!

---

Anthropornis is a genus of giant penguin that lived 45-33 million years ago, during the Late Eocene and the earliest part of the Oligocene.[1] It reached 1.8 m (5 ft 11 in) in height and 90 kg (200 lb) in weight. Fossils of it have been found in the La Meseta Formation on Seymour Island off the coast of Antarctica and in New Zealand. By comparison, the largest modern penguin species, the emperor penguin, is just 1.2 m (3 ft 11 in) tall.

The type species, Anthropornis nordenskjoldi, had a bent joint in the wing, probably a carryover from flying ancestors.

Eloá: (Brazilian Accent) JUNGLE STYLE NINJA ART: GASTORNIS!

Eloá fired a wave of leaves and grass and it formed into the terror bird of 56 million years ago: Gastornis!

---

Gastornis is an extinct genus of large flightless birds that lived during the late Paleocene and Eocene epochs of the Cenozoic era. The genus is currently thought to contain three or four distinct species, known from incomplete fossil remains, found in western-central Europe (England, Belgium, France and Germany). More complete specimens are known from a fourth, North American species, which had previously been classified in the distinct genus Diatryma. Many scientists now consider Diatryma to be so similar to the other species of Gastornis that it should also be included in that genus. A fifth species, also previously classified in its own genus, is known from China.

Gastornis species were very large birds, and have traditionally been considered to be predators of small mammals. However, several lines of evidence, including the lack of hooked claws in known Gastornis footprints and studies of their beak structure have caused scientists to reinterpret these birds as herbivores that probably fed on tough plant material and seeds.

Haiku: DARK STYLE NINJA ART: TITANIS TERROR BIRD!

Haiku fired a wave of darkness and it formed into the ferocious giant terror bird of 5 million years ago: Titanis!

Titanis is an extinct genus of giant flightless terror birds that inhabited North America during the early Pliocene to early Pleistocene epochs. The generic name, Titanis, refers to the titans, Ancient Greek gods that preceded the Twelve Olympians, in allusion to the bird's size. The specific name, T. walleri, honors the holotype's collector, Benjamin I. Waller, an avocational underwater archaeologist. Titanis was thought to be carnivorous and most likely preyed on the many small mammals of the time period. This giant flightless bird was one of the most efficient predators of its time in North America.

Dante: DARK STYLE NINJA ART: ICARONYCTERIS!

Dante fired a wave of darkness and it formed into the first ever ancestral bats from 52.2 million years ago: Icaronycteris!

caronycteris is an extinct genus of microchiropteran (echolocating) bat that lived in the early Eocene, approximately 52.2 million years ago, making it the earliest known definitive bat. Four exceptionally preserved specimens, among the best preserved bat fossils, are known from the Green River Formation of North America. There is only one thoroughly described species of bat in the genus, I. index, although fragmentary material from France has also been tentatively placed within Icaronycteris as the second species I. menui. I. sigei is based on well-preserved fragments of dentaries and lower teeth found in Western India.

Lola: FIRESTORM STYLE NINJA ART: BAJADASAURUS!

Lola fired a wave of fire and it formed into the newly discovered dinosaurs from 140 million years ago: Bajadasaurus!

---

Bajadasaurus is a genus of sauropod dinosaur from the Early Cretaceous epoch (late Berriasian to Valanginian stages) of northern Patagonia, Argentina. It was first described in 2019 based on a single specimen found in 2010 that includes a largely complete skull and parts of the neck. The only species is Bajadasaurus pronuspinax. The genus is classified as a member of the Dicraeosauridae, a group of comparatively small and short-necked sauropods that lived from the Early or Middle Jurassic to the end of the Early Cretaceous.

Bajadasaurus sported bifurcated, extremely elongated neural spines extending from the neck vertebrae. Similar elongated spines are known from the closely related and more completely known Amargasaurus. Various possible functions have been proposed for these spines in Amargasaurus, with the 2019 description of Bajadasaurus suggesting that they could have served as passive defense against predators in both genera. The skull was gracile and equipped with around 44 teeth that were pencil-shaped and restricted to the front of the jaws. The eye openings of Bajadasaurus were exposed in top view of the skull, possibly allowing the animal to look forwards while feeding. Bajadasaurus was discovered in sedimentary rocks of the Bajada Colorada Formation, and its environment resembled a braided river system. It shared its environment with other dinosaurs including the sauropod Leinkupal and different theropods.

Lily: OCEAN STYLE NINJA ART: MOSASAURUS!

Lily fired a wave of water and it formed into the marine reptile from 87 million years ago: Mosasaurus!

---

Mosasaurus (/ˌmoʊzəˈsɔːrəs/; "lizard of the Meuse River") is the type genus of the mosasaurs, an extinct group of aquatic squamate reptiles. The genus lived from about 82 to 66 million years ago during the Campanian and Maastrichtian stages of the Late Cretaceous. The earliest fossils known to science were found as skulls in a chalk quarry near the Dutch city of Maastricht in the late 1700s, which were initially thought to have been the bones of crocodiles or whales. One particular skull discovered at around 1780, and which was seized during the French Revolutionary Wars for its scientific value and transported to Paris, was famously nicknamed the "great animal of Maastricht". In 1808, naturalist Georges Cuvier concluded that it belonged to a giant marine lizard with similarities to monitor lizards but otherwise unlike any animal known today. This concept was revolutionary at the time and helped support the then-developing ideas of extinction. However, Cuvier did not designate a scientific name for the new animal; this task was completed by William Daniel Conybeare in 1822 when he named it Mosasaurus in reference to its origin in fossil deposits near the Meuse River. The relationships between Mosasaurus and modern reptiles are controversial and scientists continue to debate whether its closest living relatives are monitor lizards or snakes.

Traditional interpretations have estimated the maximum length of Mosasaurus to be up to 17.6 meters (58 ft), making it one of the largest mosasaur genera. Its skull, which was either broad or slender depending on the species, was equipped with robust jaws capable of swinging back and forth and strong muscles capable of powerful bites using dozens of large teeth designed for cutting prey. Its tail was long and ended in a paddle-like fluke that bent downwards. Mosasaurus was a predator that had excellent vision to compensate for its poor sense of smell, and a high metabolic rate that suggests it was warm-blooded, an adaptation found in other mosasaurs but no other squamates. The classification of Mosasaurus was historically problematic due to an unclear

diagnosis of the type specimen. As a result, over fifty different species have been attributed to the genus in the past. A rediagnosis of the type specimen in 2017 helped resolve the taxonomy issue and confirmed at least five species to be within the genus and another five species still nominally classified within Mosasaurus are planned to be reassessed in a future study. Each species was variable with unique anatomical features differentiating them from the robustly-built M. hoffmannii to the slender and serpentine M. lemonnieri.

Fossil evidence suggests that Mosasaurus inhabited much of the Atlantic Ocean and the seaways adjacent to it. Continents that have recovered Mosasaurus fossils include North America, South America, Europe, Africa, Western Asia, and Antarctica. This distribution encompassed a wide range of oceanic climates including tropical, subtropical, temperate, and subpolar climates. Mosasaurus was a common large predator in these oceans and a dominant genus positioned at the top of the food chain. Scientists believe that its diet would have included virtually anything; it likely preyed on bony fish, sharks, cephalopods, birds, and other marine reptiles including sea turtles and other mosasaurs. It likely preferred to hunt in open water near the surface. From an ecological standpoint, Mosasaurus probably had a profound impact in the structuring of marine ecosystems; its arrival in some locations such as the Western Interior Seaway in North America has been marked with a complete turnover of faunal assemblages and diversity. Mosasaurus faced competition with other large predatory mosasaurs such as Prognathodon and Tylosaurus-which are known to feed on similar prey-though they were able to coexist in the same ecosystems through niche partitioning. There were conflicts among them, as an attack on Mosasaurus by Tylosaurus has been documented. Several discovered fossils illustrated deliberate attacks on Mosasaurus individuals by another of the same species. Infighting likely took place in the form of snout grappling, similarly seen in modern crocodiles today.

Mamenchisaurus (/mɑːˈmɛntʃiˈsɔːrəs/ mah-MUN-chi-SAWR-əs, or spelling pronunciation /məˌmɛntʃiˈsɔːrəs/) is a genus of sauropod dinosaur including several species, known for their remarkably long necks[3] which made up half the total body length. It is known from numerous species which ranged in time from 160 to 145 million years ago, from the Oxfordian age of late Jurassic Period in China. The largest species, which according to Gregory S. Paul was M. sinocanadorum, may have reached 35 m (115 ft) in length and possibly weighed 50-80 tonnes (55-88 short tons).

Rainbow Dash: WIND STYLE NINJA ART: HAAST'S EAGLE!

Rainbow Dash fired a wave of wind and it formed into the one of the ancestral eagles from 1.8 million to 700,000 years ago: The Haast's Eagle!

---

The Haast's eagle (Hieraaetus moorei, synonym Harpagornis moorei) is an extinct species of eagle that once lived in the South Island of New Zealand, commonly accepted to be the pouakai of

Maori legend. The species was the largest eagle known to have existed, with an estimated weight of 15 kilograms (33 lb) nearly double that of the Harpy eagle at 9 kilograms (20 lb). Its massive size is explained as an evolutionary response to the size of its prey, the flightless moa, the largest of which could weigh 230 kg (510 lb). Haast's eagle became extinct around 1400, after the moa were hunted to extinction by the first Māori.

Shrek: WATER STYLE NINJA ART: DEINOSUCHUS!

Shrek fired a wave of water and it formed into one of the first crocodiles from 82 million years ago: Deinosuchus!

---

Deinosuchus (/ˌdaɪnəˈsjuːkəs/) is an extinct genus of crocodilian related to the modern alligator that lived 82 to 73 million years ago (Ma), during the late Cretaceous period. The name translates as "terrible crocodile" and is derived from the Greek deinos (δεινός), "terrible", and soukhos (σοῦχος), "crocodile". The first remains were discovered in North Carolina (United States) in the 1850s; the genus was named and described in 1909. Additional fragments were discovered in the 1940s and were later incorporated into an influential, though inaccurate, skull reconstruction at the American Museum of Natural History. Knowledge of Deinosuchus remains incomplete, but better cranial material found in recent years has expanded scientific understanding of this massive predator.

Although Deinosuchus was far larger than any modern crocodile or alligator, with the largest adults measuring 12 meters (39 ft) in total length, its overall appearance was fairly similar to its smaller relatives. It had large, robust teeth built for crushing, and its back was covered with thick hemispherical osteoderms. One study indicated Deinosuchus may have lived for up to 50 years, growing at a rate similar to that of modern crocodilians, but maintaining this growth over a much longer time.

Deinosuchus fossils have been described from 10 U.S. states, including Texas, Montana, and many along the East Coast. Fossils

have also been found in northern Mexico. It lived on both sides of the Western Interior Seaway, and was an opportunistic apex predator in the coastal regions of eastern North America. Deinosuchus reached its largest size in its western habitat, but the eastern populations were far more abundant. Opinion remains divided as to whether these two populations represent separate species. Deinosuchus was probably capable of killing and eating large dinosaurs. It may have also fed upon sea turtles, fish, and other aquatic and terrestrial prey.

Lincoln: ICE STYLE NINJA ART: GORGOSAURUS!

Lincoln fired a wave of ice and it formed into the Theropod from 76.6 million years ago: Gorgosaurus!

---

Gorgosaurus (/ˌɡɔːrɡəˈsɔːrəs/ GOR-gə-SOR-əs; meaning "dreadful lizard") is a genus of tyrannosaurid theropod dinosaur that lived in western North America during the Late Cretaceous Period (Campanian), between about 76.6 and 75.1 million years ago. Fossil remains have been found in the Canadian province of Alberta and possibly the U.S. state of Montana. Paleontologists recognize only the type species, G. libratus, although other species have been erroneously referred to the genus.

Like most known tyrannosaurids, Gorgosaurus was a bipedal predator weighing more than two metric tons as an adult; dozens of large, sharp teeth lined its jaws, while its two-fingered forelimbs were comparatively small. Gorgosaurus was most closely related to Albertosaurus, and more distantly related to the larger Tyrannosaurus. Gorgosaurus and Albertosaurus are extremely similar, distinguished mainly by subtle differences in the teeth and skull bones. Some experts consider G. libratus to be a species of Albertosaurus; this would make Gorgosaurus a junior synonym of that genus.

Gorgosaurus lived in a lush floodplain environment along the edge of an inland sea. It was an apex predator, preying upon abundant

ceratopsids and hadrosaurs. In some areas, Gorgosaurus coexisted with another tyrannosaurid, Daspletosaurus. Although these animals were roughly the same size, there is some evidence of niche differentiation between the two. Gorgosaurus is the best-represented tyrannosaurid in the fossil record, known from dozens of specimens. These plentiful remains have allowed scientists to investigate its ontogeny, life history and other aspects of its biology.

Scutosaurus ("Shield lizard") was a genus of parareptiles. It was an armor-covered pareiasaur that lived around 265-254 million years ago in Russia, in the later Permian period. Its genus name refers to large plates of armor scattered across its body. It was a large anapsid reptile that, unlike most reptiles, held its legs underneath its body to support its great weight. Fossils have been found in the Sokolki Assemblage Zone of the Malokinelskaya Formation in European Russia, close to the Ural Mountains.

Bart: EARTH STYLE NINJA ART: DINOGORGON!

Bart fired a wave of earth and it formed into the Gorgonopsid from 259 million years ago: Dinogorgon!

---

Dinogorgon is a genus of gorgonopsid from the Late Permian of South Africa and Tanzania. The generic name Dinogorgon is derived from Greek, meaning "terrible gorgon", while its species name rubidgei is taken from the surname of renowned Karoo paleontologist, Professor Bruce Rubidge, who has contributed to much of the research conducted on therapsids of the Karoo Basin. The type species of the genus is D. rubidgei.

Dinogorgon is part of the gorgonopsian subfamily Rubidgeinae, a derived group of large-bodied gorgonopsians restricted to the Late Permian (Lopingian). The Rubidgeinae subfamily first appeared in the Tropidostoma Assemblage Zone, and reached their highest diversity in the Cistecephalus and Daptocephalus assemblage zones of the Beaufort Group in South Africa.

Homer: EARTH STYLE NINJA ART: EDAPHOSAURUS!

Homer fired a wave of earth and it formed into Dimetrodon-like

synapsid from 303.4 million years ago: Edaphosaurus!

---

Edaphosaurus (/ˌɛdəfoʊˈsɔːrəs/, meaning "pavement lizard" for dense clusters of teeth) is a genus of extinct edaphosaurid synapsids that lived in what is now North America and Europe around 303.4 to 272.5 million years ago, during the late Carboniferous to early Permian periods. American paleontologist Edward Drinker Cope first described Edaphosaurus in 1882, naming it for the "dental pavement" on both the upper and lower jaws, from the Greek edaphos ἐδαφος ("ground"; also "pavement") and σαῦρος (sauros) ("lizard").

Edaphosaurus is important as one of the earliest-known, large, plant-eating (herbivorous), amniote tetrapods (four-legged land-living vertebrates). In addition to the large tooth plates in its jaws, the most characteristic feature of Edaphosaurus is a sail on its back. A number of other synapsids from the same time period also have tall dorsal sails, most famously the large apex predator Dimetrodon. However, the sail on Edaphosaurus is different in shape and morphology. The first fossils of Edaphosaurus came from the Texas Red Beds in North America, with later finds in New Mexico, Oklahoma, West Virginia, and Ohio. Fragmentary fossils attributed to Edaphosaurus have also been found in eastern Germany in Central Europe.

Tabby: FOREST STYLE NINJA ART: DILOPHOSAURUS!

Tabby fired a wave of leaves and water and it formed into the theropod from 193 million years ago: Dilophosaurus!

---

Dilophosaurus (/daɪˌloʊfəˈsɔːrəs, -foʊ-/ dy-LOHF-o-SOR-əs) is a genus of theropod dinosaurs that lived in what is now North America during the Early Jurassic, about 193 million years ago. Three skeletons were discovered in northern Arizona in 1940, and the two best preserved were collected in 1942. The most complete

specimen became the holotype of a new species in the genus Megalosaurus, named M. wetherilli by Samuel P. Welles in 1954. Welles found a larger skeleton belonging to the same species in 1964. Realizing it bore crests on its skull, he assigned the species to the new genus Dilophosaurus in 1970, as Dilophosaurus wetherilli. The genus name means "two-crested lizard", and the species name honors John Wetherill, a Navajo councilor. Further specimens have since been found, including an infant.

Footprints have also been attributed to the animal, including resting traces. Another species, Dilophosaurus sinensis from China, was named in 1993, but was later found to belong to the genus Sinosaurus. It was designated as the state dinosaur of Connecticut based on tracks found there.

At about 7 m (23 ft) in length, with a weight of about 400 kg (880 lb), Dilophosaurus was one of the earliest large predatory dinosaurs and the largest known land-animal in North America at the time. It was slender and lightly built, and the skull was proportionally large, but delicate. The snout was narrow, and the upper jaw had a gap or kink below the nostril. It had a pair of longitudinal, plate-shaped crests on its skull, similar to a cassowary with two crests. The mandible was slender and delicate at the front, but deep at the back. The teeth were long, curved, thin, and compressed sideways. Those in the lower jaw were much smaller than those of the upper jaw. Most of the teeth had serrations at their front and back edges. The neck was long, and its vertebrae were hollow, and very light. The arms were powerful, with a long and slender upper arm bone. The hands had four fingers; the first was short but strong and bore a large claw, the two following fingers were longer and slenderer with smaller claws; the fourth was vestigial. The thigh bone was massive, the feet were stout, and the toes bore large claws.

Dilophosaurus is a member of the family Dilophosauridae along with Dracovenator, a group placed between the Coelophysidae and later theropods. Dilophosaurus would have been active and bipedal, and may have hunted large animals; it could also have fed on smaller animals and fish. Due to the limited range of movement and shortness of the fore limbs, the mouth may instead have made first contact with prey. The function of the crests is unknown; they were

too weak for battle, but may have been used in visual display, such as species recognition and sexual selection. It may have grown rapidly, attaining a growth rate of 30 to 35 kg (66 to 77 lb) per year early in life. The holotype specimen had multiple paleopathologies, including healed injuries and signs of a developmental anomaly. Dilophosaurus is known from the Kayenta Formation, and lived alongside dinosaurs such as Megapnosaurus and Sarahsaurus.

Dilophosaurus was featured in the novel Jurassic Park and its movie adaptation, wherein it was given the fictional abilities to spit venom and expand a neck frill, as well as being smaller than the real animal.

The American lion (Panthera atrox), also known as the "North American lion", or "American cave lion", is an extinct pantherine cat that lived in North America during the Pleistocene epoch and the early Holocene epoch, about 340,000 to 11,000 years ago. Its fossils have been excavated from Alaska to Mexico. Genetic analysis has shown that the American lion and the Late Pleistocene Eurasian cave lion (Panthera spelaea) are sister lineages. It was about 25% larger than the modern lion, making it one of the largest known felids.

Nelson: EARTH STYLE NINJA ART: CAMARASAURUS!

Nelson fired a wave of earth and it formed into the sauropod from 155 million years ago: Camerasaurus!

---

Camarasaurus (/ˌkæmərəˈsɔːrəs/ KAM-ər-ə-SAWR-əs) was a genus

of quadrupedal, herbivorous dinosaurs. It was the most common of the giant sauropods to be found in North America. Its fossil remains have been found in the Morrison Formation of Colorado and Utah, dating to the Late Jurassic epoch (Kimmeridgian to Tithonian stages), between 155 and 145 million years ago.

Camarasaurus presented a distinctive cranial profile of a blunt snout and an arched skull that was remarkably square. It likely travelled in herds, or at least in family groups.

The name means "chambered lizard", referring to the hollow chambers in its vertebrae (Greek καμαρα (kamara) meaning "vaulted chamber", or anything with an arched cover, and σαυρος (sauros) meaning "lizard").

Hinata: ICE STYLE NINJA ART: PACHYRHINOSAURUS!

Hinata fired a wave of ice and it formed into the ceratopsian from 73.5 million years ago: Pachyrhinosaurus!

---

Pachyrhinosaurus (meaning in Greek "thick-nosed lizard", from

Παχυ (pachy), thick; ρινὀ (rinó), nose; and σαυρος (sauros), lizard) is an extinct genus of centrosaurine ceratopsid dinosaur from the Late Cretaceous period of North America. The first examples were discovered by Charles M. Sternberg in Alberta, Canada, in 1946, and named in 1950. Over a dozen partial skulls and a large assortment of other fossils from various species have been found in Alberta and Alaska. A great number were not available for study until the 1980s, resulting in a relatively recent increase of interest in Pachyrhinosaurus.

Three species have been identified. P. lakustai, from the Wapiti Formation, the bonebed horizon of which is roughly equivalent age to the upper Bearpaw and lower Horseshoe Canyon Formations, is known to have existed from about 73.5-72.5 million years ago. P. canadensis is younger, known from the lower Horseshoe Canyon Formation, about 71.5-71 Ma ago and the St. Mary River Formation. Fossils of the youngest species, P. perotorum, have been recovered from the Prince Creek Formation of Alaska, and date to 70-69 Ma ago. The presence of three known species makes this genus the most speciose among the centrosaurines.

Kiba: EARTH STYLE NINJA ART: POSTOSUCHUS!

Kiba fired a wave of earth and it formed into the rauisuchid from 221 million years ago: Postosuchus!

---

Postosuchus, meaning "Crocodile from Post", is an extinct genus of rauisuchid reptiles comprising two species, P. kirkpatricki and P. alisonae, that lived in what is now North America during the Late Triassic. Postosuchus is a member of the clade Pseudosuchia, the lineage of archosaurs that includes modern crocodilians (the other main group of archosaurs is Avemetatarsalia, the lineage that includes non-avian dinosaurs and their descendants, birds). Its name refers to Post Quarry, a place in Texas where many fossils of the type species, P. kirkpatricki, were found. It was one of the apex predators of its area during the Triassic, larger than the small dinosaur predators of its time (such as Coelophysis). It was a hunter

which probably preyed on large large bulky herbivores like dicynodonts and many other creatures smaller than itself (such as early dinosaurs).

The skeleton of Postosuchus is large and robust with a deep skull and a long tail. The total body length is about 4 to 5 metres (13 to 16 ft). The extreme shortness of the forelimbs relative to the hind limbs, the very small hands, and measurements of the vertebrae suggest that Postosuchus may have been committed to bipedal locomotion.

Rock Lee: EARTH STYLE NINJA ART: MOSCHOPS!

Rock Lee fired a wave of earth and it formed into the therapsid from 265 million years ago: Moschops!

---

Moschops (Greek for "calf face") is an extinct genus of therapsids that lived in the Guadalupian epoch, around 265-260 million years ago. They were heavily built plant eaters, and they may have lived partly in water, as hippopotamuses do. They had short, thick heads and might have competed by head-butting each other. Their elbow joints allowed them to walk with a more mammal-like gait rather than crawling. Their remains were found in the Karoo region of South Africa, belonging to the Tapinocephalus Assemblage Zone. Therapsids, such as Moschops, are synapsids, the dominant land animals in the Permian period, which ended 252 million years ago.

---

Tenten: EARTH STYLE NINJA ART: ANKYLOSAURUS!

Tenten fired a wave of earth and it formed into the armored dinosaur from 68 million years ago: Ankylosaurus!

---

Ankylosaurus is a genus of armored dinosaur. Its fossils have been found in geological formations dating to the very end of the Cretaceous Period, about 68-66 million years ago, in western North

America, making it among the last of the non-avian dinosaurs. It was named by Barnum Brown in 1908; the only species in the genus is A. magniventris. The genus name means "fused lizard", and the specific name means "great belly". A handful of specimens have been excavated to date, but a complete skeleton has not been discovered. Though other members of Ankylosauria are represented by more extensive fossil material, Ankylosaurus is often considered the archetypal member of its group, despite having some unusual features.

Possibly the largest-known ankylosaurid, Ankylosaurus is estimated to have been between 6 and 8 meters (20 and 26 ft) long and to have weighed between 4.8 and 8 metric tons (5.3 and 8.8 short tons). It was quadrupedal, with a broad, robust body. It had a wide, low skull, with two horns pointing backward from the back of the head, and two horns below these that pointed backward and down. Unlike other ankylosaurs, its nostrils faced sideways rather than towards the front. The front part of the jaws was covered in a beak, with rows of small, leaf-shaped teeth farther behind it. It was covered in armor plates, or osteoderms, with bony half-rings covering the neck, and had a large club on the end of its tail. Bones in the skull and other parts of the body were fused, increasing their strength, and this feature is the source of the genus name.

Ankylosaurus is a member of the family Ankylosauridae, and its closest relatives appear to be Anodontosaurus and Euoplocephalus. Ankylosaurus is thought to have been a slow-moving animal, able to make quick movements when necessary. Its broad muzzle indicates it was a non-selective browser. Sinuses and nasal chambers in the snout may have been for heat and water balance or may have played a role in vocalization. The tail club is thought to have been used in defense against predators or in intraspecific combat. Ankylosaurus has been found in the Hell Creek, Lance, Scollard, Frenchman, and Ferris formations, but appears to have been rare in its environment. Although it lived alongside a nodosaurid ankylosaur, their ranges and ecological niches do not appear to have overlapped, and Ankylosaurus may have inhabited upland areas. Ankylosaurus also lived alongside dinosaurs such as Tyrannosaurus, Triceratops, and Edmontosaurus.

Ino: FIRE STYLE NINJA ART: MASSOSPONDYLUS!

Ino fired a wave of fire and it formed into the sauropodomorph dinosaur from 200 million years ago: Massospondylus!

---

Massospondylus (/ˌmæsoʊ'spɒndɪləs/ mas-oh-SPON-di-ləs; from Greek, μάσσων (massōn, "longer") and σπόνδυλος (spondylos, "vertebra")) is a genus of sauropodomorph dinosaur from the Early Jurassic Period (Hettangian to Pliensbachian ages, ca. 200-183 million years ago). It was described by Sir Richard Owen in 1854 from remains discovered in South Africa, and is thus one of the first dinosaurs to have been named. Fossils have since been found at other locations in South Africa, Lesotho, and Zimbabwe. Material from Arizona's Kayenta Formation, India, and Argentina has been assigned to this genus at various times, but the Arizonan and Argentinian material are now assigned to other genera.

The type species is M. carinatus; seven other species have been named during the past 150 years, but only M. kaalae among these is still considered valid. Early sauropodomorphs systematics have undergone numerous revisions during the last several years, and many scientists disagree where exactly Massospondylus lies on the dinosaur evolutionary tree. The family name Massospondylidae was once coined for the genus, but because knowledge of early sauropodomorph relationships is in a state of flux, it is unclear which

other dinosaurs-if any-belong in a natural grouping of massospondylids; several 2007 papers support the family's validity.

Although Massospondylus was long depicted as quadrupedal, a 2007 study found it to be bipedal. It was probably a plant eater (herbivore), although it is speculated that the early sauropodomorphs may have been omnivorous. This animal, which was 4-6 metres (13-20 ft) long, had a long neck and tail, with a small head and slender body. On each of its forefeet, it bore a sharp thumb claw that was used in defense or feeding. Recent studies indicate that Massospondylus grew steadily throughout its lifespan, possessed air sacs similar to those of birds, and may have cared for its young.

Haku: ICE STYLE NINJA ART: AMERICAN MASTODON!

Haku fired a wave of ice and it formed into the ancestral elephant of the Great Ice Age from 5.3 million to 10,000 years ago: The American Mastodon!

---

A mastodon (Greek: μαστός "breast" and ὀδούς, "tooth") is any proboscidean belonging to the extinct genus Mammut (family Mammutidae) that inhabited North and Central America during the late Miocene or late Pliocene up to their extinction at the end of the Pleistocene 10,000 to 11,000 years ago. Mastodons lived in herds and were predominantly forest-dwelling animals that lived on a mixed diet obtained by browsing and grazing, somewhat similar to their distant relatives, modern elephants, but probably with greater emphasis on browsing.

M. americanum, the American mastodon, and M. pacificus, the Pacific mastodon, are the youngest and best-known species of the genus. Mastodons disappeared from North America as part of a mass extinction of most of the Pleistocene megafauna, widely believed to have been caused by overexploitation by Clovis hunters.

Sasuke: LIGHTNING STYLE NINJA ART: COMPSOGNATHUS!

Sasuke fired a wave of lightning and it formed into the fast carnivore from 150.8 million years ago: Compsognathus!

Compsognathus (/kɒmpˈsɒɡnəθəs/; Greek kompsos/κομψός; "elegant", "refined" or "dainty", and gnathos/γνάθος; "jaw") is a genus of small, bipedal, carnivorous theropod dinosaur. Members of its single species Compsognathus longipes could grow to around the size of a turkey. They lived about 150 million years ago, during the Tithonian age of the late Jurassic period, in what is now Europe. Paleontologists have found two well-preserved fossils, one in Germany in the 1850s and the second in France more than a century later. Today, C. longipes is the only recognized species, although the larger specimen discovered in France in the 1970s was once thought to belong to a separate species and named C. corallestris.

Many presentations still describe Compsognathus as "chicken-sized" dinosaurs because of the size of the German specimen, which is now believed to be a juvenile. Compsognathus longipes is one of the few dinosaur species whose diet is known with certainty: the remains of small, agile lizards are preserved in the bellies of both specimens. Teeth discovered in Portugal may be further fossil remains of the genus.

Although not recognized as such at the time of its discovery, Compsognathus is the first theropod dinosaur known from a reasonably complete fossil skeleton. Until the 1990s, it was the smallest-known non-avialan dinosaur, with the preceding centuries incorrectly labelling them as the closest relative of Archaeopteryx.

Brontoscorpio anglicus is a species of fossil scorpion. Its remains were discovered in Upper Silurian-aged sandstone from Trimpley, Worcestershire, and the species was described on the basis of an incomplete single free finger of a pedipalp, almost 10 centimetres (3.9 in) long. The complete animal is estimated to have been at least 90 centimetres (35 in) long.

The remains were found in terrestrial sediments, but it is believed, that due to its size, Brontoscorpio had to enter the water to molt. Possibly it lived a semi or fully aquatic life.

Arthropleura (Greek for jointed ribs) is a genus of extinct millipede arthropods that lived in what is now northeastern North America and Scotland around 345 to 295 million years ago, from the Viséan stage of the lower Carboniferous Period to the Asselian stage of the lower Permian Period. The larger species of the genus are the largest known land invertebrates of all time, and would have had few, if any, predators.

Zabuza: WATER STYLE NINJA ART: SARCOSUCHUS!

Zabuza fired a wave of water and it formed into the largest crocodilian dinosaur ever known from 133 million years ago: Sarcosuchus!

---

Sarcosuchus (/ˌsɑːrkoʊˈsuːkəs/; meaning "flesh crocodile") is an extinct genus of crocodyliform and distant relative of living crocodylians that lived during the Early Cretaceous, from the late Hauterivian to the early Albian, 133 to 112 million years ago of what is now Africa and South America. It was one of the largest crocodile-line reptiles, reaching an average estimate of 9 m (30 ft) and 3.5 metric tons (3.9 short tons), but estimated to grow up to 9.5 m (31 ft) in body length and weigh up to 4.3 metric tons (4.7 short tons). It is known from two species, S. imperator from the early Albian Elrhaz Formation of Niger and S. hartti from the Late Hauterivian of northeastern Brazil, other material is known from Morocco and Tunisia and possibly Libya and Mali.

The first remains were discovered during several expeditions led by the French paleontologist Albert-Félix de Lapparent, spanning from 1946 to 1959, in the Sahara. These remains were fragments of the skull, vertebrae, teeth, and scutes. In 1964, an almost complete skull was found in Niger by the French CEA, but it was not until 1997 and 2000 that most of its anatomy became known to science, when an expedition led by the American paleontologist Paul Sereno discovered six new specimens, including one with about half the skeleton intact and most of the spine.

Parasaurolophus (/ˌpærəsɔːˈrɒləfəs, -ˌsɔːrəˈloʊfəs/; meaning "near

crested lizard" in reference to Saurolophus) is a genus of herbivorous ornithopod dinosaur that lived in what is now North America and possibly Asia during the Late Cretaceous Period, about 76.5-73 million years ago. It was an herbivore that walked both as a biped and as a quadruped. Three species are universally recognized: P. walkeri (the type species), P. tubicen, and the short-crested P. cyrtocristatus. Additionally, a fourth species, P. jiayensis, has been proposed, although it is more commonly placed in the separate genus Charonosaurus. Remains are known from Alberta (Canada), New Mexico and Utah (United States), and possibly Heilongjiang, (China). The genus was first described in 1922 by William Parks from a skull and partial skeleton found in Alberta.

Parasaurolophus was a hadrosaurid, part of a diverse family of Cretaceous dinosaurs known for their range of bizarre head adornments. This genus is known for its large, elaborate cranial crest, which at its largest forms a long curved tube projecting upwards and back from the skull. Charonosaurus from China, which may have been its closest relative, had a similar skull and potentially a similar crest. Visual recognition of both species and sex, acoustic resonance, and thermoregulation have been proposed as functional explanations for the crest. It is one of the rarer hadrosaurids, known from only a handful of good specimens.

Finn: WATER STYLE NINJA ART: LAMBEOSAURUS!

Finn fired a wave of water and it formed into a heard of hadrosaurs from 76 million years ago: Lambeosaurus!

Lambeosaurus (/ˌlæmbioʊˈsɔːrəs/ LAM-bee-o-SAWR-əs; meaning "Lambe's lizard") is a genus of hadrosaurid dinosaur that lived about 75 million years ago, in the Late Cretaceous period (Campanian stage) of North America. This bipedal/quadrupedal, herbivorous dinosaur is known for its distinctive hollow cranial crest, which in the best-known species resembled a hatchet. Several possible species have been named, from Canada, the United States, and Mexico, but only the two Canadian species are currently recognized as valid.

Material relevant to the genus was first named by Lawrence Lambe in 1902. Over twenty years later, the modern name was coined in 1923 by William Parks, in honour of Lambe, based on better preserved specimens. The genus has a complicated taxonomic history, in part because small-bodied crested hadrosaurids now recognized as juveniles were once thought to belong to their own genera and species. Currently, the various skulls assigned to the type species L. lambei are interpreted as showing age differences and sexual dimorphism. Lambeosaurus was closely related to the better known Corythosaurus, which is found in slightly older rocks, as well as the less well-known genera Hypacrosaurus and Olorotitan. All had unusual crests, which are now generally assumed to have served social functions like noisemaking and recognition.

---

Tsintaosaurus (/tʃɪŋdaʊˈsɔːrəs/; meaning "Qingdao lizard", after the old transliteration "Tsingtao") is a genus of hadrosaurid dinosaur from China. It was about 8.3 metres (27 ft) long and weighed 2.5 tonnes. The type species is Tsintaosaurus spinorhinus, first described by Chinese paleontologist C. C. Young in 1958.

A hadrosaur, Tsintaosaurus had a characteristic 'duck bill' snout and a battery of powerful teeth which it used to chew vegetation. It usually walked on all fours, but could rear up on its hind legs to scout for predators and flee when it spotted one. Like other hadrosaurs, Tsintaosaurus probably lived in herds.

Flame Princess fired a wave of fire and it formed into theropod from 100 million years ago: Carcharodontosaurus!

---

Carcharodontosaurus /ˌkɑːrkəroʊˌdɒntoʊ'sɔːrəs/ is a genus of carnivorous carcharodontosaurid dinosaurs that existed during the Cenomanian stage of the mid-Cretaceous Period in Northern Africa. It is currently known to include two species: C. saharicus and C. iguidensis, which are among the larger theropods, nearly as large as or even larger than Tyrannosaurus, Giganotosaurus, and Spinosaurus.

The genus Carcharodontosaurus is named after the shark genus Carcharodon, itself composed of the Greek karchar[os] (κάρχαρος, meaning "jagged" or "sharp") and odōn (ὀδών, "teeth"), and the suffix -saurus ("lizard").

Corythosaurus /ˌkɒrɪθoʊ'sɔːrəs/ is a genus of hadrosaurid "duck-billed" dinosaur from the Upper Cretaceous Period, about 77-75.7 million years ago. It lived in what is now North America. Its name means "helmet lizard", derived from Greek κόρυς. It was named and described in 1914 by Barnum Brown. Corythosaurus is now thought to be a lambeosaurine, related to Nipponosaurus, Velafrons, Hypacrosaurus, and Olorotitan. Corythosaurus has an estimated length of 9 metres (30 ft), and has a skull, including the crest, that is 70.8 centimetres (27.9 in; 2.32 ft) tall.

Corythosaurus is known from many complete specimens, including the nearly complete holotype found by Brown in 1911. The holotype skeleton is only missing the last section of the tail, and part of the forelimbs, but was preserved with impressions of polygonal scales. Corythosaurus is known from many skulls with tall crests. The crests resemble the crests of the cassowary and a Corinthian helmet. The most likely function of the crest is thought to be vocalization. As in a trombone, sound waves would travel through many chambers in the crest, and then get amplified when Corythosaurus exhaled. A Corythosaurus specimen has been preserved with its last meal in its chest cavity. Inside the cavity were remains of conifer needles, seeds, twigs, and fruits: Corythosaurus probably fed on all of these.

The two species of Corythosaurus are both present in slightly different levels of the Dinosaur Park Formation. Both still co-existed with theropods and other ornithischians, like Daspletosaurus, Brachylophosaurus, Parasaurolophus, Scolosaurus, and Chasmosaurus.

Meganeura is a genus of extinct insects from the Carboniferous period (approximately 300 million years ago), which resembled and are related to the present-day dragonflies. With wingspans ranging from 65 cm (25.6 in) to over 70 cm (28 in), M. monyi is one of the largest-known flying insect species. Meganeura were predatory, with their diet mainly consisting of other insects.

Wing venation of Meganeura monyi, redrawn after Brongniart (1893, Pl. XLI)

Fossils were discovered in the French Stephanian Coal Measures of Commentry in 1880. In 1885, French paleontologist Charles Brongniart described and named the fossil "Meganeura" (large-nerved), which refers to the network of veins on the insect's wings. Another fine fossil specimen was found in 1979 at Bolsover in Derbyshire. The holotype is housed in the National Museum of Natural History, in Paris.

Mei Terumi: OCEAN STYLE NINJA ART: MEGALODON!

Mei fired a wave of water and it formed into the largest and most meanest shark ever to swim the ocean and the ancestor of the Great White Shark from 23 million years ago.

---

Megalodon (Carcharocles megalodon), meaning "big tooth", is an extinct species of shark that lived approximately 23 to 3.6 million years ago (mya), during the Early Miocene to the Pliocene. It was formerly thought to be a member of the family Lamnidae and a close relative of the great white shark (Carcharodon carcharias). However, it is now classified into the extinct family Otodontidae, which diverged from the great white shark during the Early Cretaceous. Its genus placement is still debated, authors placing it in either Carcharocles, Megaselachus, Otodus, or Procarcharodon. This is because transitional fossils have been found showing that Megalodon is the final chronospecies of a lineage of giant sharks originally of the genus Otodus which evolved during the Paleocene.

While regarded as one of the largest and most powerful predators to have ever lived, megalodon is known from fragmentary remains, and its appearance and maximum size are uncertain. Scientists differ on whether it would have more closely resembled a stockier version of the great white shark, the basking shark (Cetorhinus maximus) or the sand tiger shark (Carcharias taurus). Most estimates of megalodon's size extrapolate from teeth; with maximum length estimates up to 18 meters (59 ft) and average length estimates of 10.5 meters (34 ft). Estimates suggest their large jaws could exert a bite force of up to 110,000 to 180,000 newtons (25,000 to 40,000 lbf). Their teeth were thick and robust, built for grabbing prey and breaking bone.

Megalodon probably had a major impact on the structure of marine communities. The fossil record indicates that it had a cosmopolitan distribution. It probably targeted large prey, such as whales, seals and sea turtles. Juveniles inhabited warm coastal waters and fed on fish and small whales. Unlike the great white, which attacks prey from the soft underside, megalodon probably used its strong jaws to break through the chest cavity and puncture the heart and lungs of its prey.

The animal faced competition from whale-eating cetaceans, such as Livyatan and other macroraptorial sperm whales and possibly smaller ancestral killer whales. As the shark preferred warmer waters, it is thought that oceanic cooling associated with the onset of the ice ages, coupled with the lowering of sea levels and resulting loss of suitable nursery areas, may have also contributed to its decline. A reduction in the diversity of baleen whales and a shift in their distribution toward polar regions may have reduced megalodon's primary food source. A 2019 study reviewed newer evidence suggesting that competition from the modern great white shark may have also contributed to the extinction of megalodon, coupled with range fragmentation resulting in a gradual, asynchronous extinction as a result of cooling oceans around 3.6-4 million years ago, far earlier than previously assumed. The extinction of the shark appeared to affect other animals; for example, the size of baleen whales increased significantly after the shark had disappeared.

Carol: EARTH STYLE NINJA ART: STEGOSAURUS!

Carol fired a wave of Earth and it formed into the awesome dinosaur from 155 million years ago: Stegosaurus!

---

Stegosaurus (/ˌstɛɡə'sɔːrəs/), from Greek stegos (στέγος), which means roof, and sauros (σαῦρος), which means lizard, is a genus of herbivorous thyreophoran dinosaur. Fossils of this genus date to the Late Jurassic period, where they are found in Kimmeridgian to early Tithonian aged strata, between 155 and 150 million years ago, in the western United States and Portugal. Of the species that have been classified in the upper Morrison Formation of the western US, only three are universally recognized; S. stenops, S. ungulatus and S. sulcatus. The remains of over 80 individual animals of this genus have been found. Stegosaurus would have lived alongside dinosaurs such as Apatosaurus, Diplodocus, Brachiosaurus, Allosaurus, and Ceratosaurus; the latter two may have preyed on it.

These were large, heavily built, herbivorous quadrupeds with rounded backs, short fore limbs, long hind limbs, and tails held high in the air. Due to their distinctive combination of broad, upright plates and tail tipped with spikes, Stegosaurus is one of the most recognizable kinds of dinosaurs. The function of this array of plates and spikes has been the subject of much speculation among scientists. Today, it is generally agreed that their spiked tails were most likely used for defense against predators, while their plates may have been used primarily for display, and secondarily for thermoregulatory functions. Stegosaurus had a relatively low brain-to-body mass ratio. It had a short neck and a small head, meaning it most likely ate low-lying bushes and shrubs. One species, Stegosaurus ungulatus, is the largest known of all the stegosaurians (bigger than related dinosaurs such as Kentrosaurus and Huayangosaurus).

Stegosaurus remains were first identified during the "Bone Wars" by Othniel Charles Marsh at Dinosaur Ridge National Landmark. The first known skeletons were fragmentary and the bones were scattered, and it would be many years before the true appearance of these animals, including their posture and plate arrangement, became well understood. Despite its popularity in books and film, mounted skeletons of Stegosaurus did not become a staple of major natural history museums until the mid-20th century, and many museums have had to assemble composite displays from several different specimens due to a lack of complete skeletons. Stegosaurus is one of the better-known dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Beast Boy: EARTH STYLE NINJA ART: TRICERATOPS!

Beast Boy fired a wave of earth and it formed into the fierce dinosaur from 68 million years ago: Triceratops!

---

Triceratops is a genus of herbivorous ceratopsid dinosaur that first appeared during the late Maastrichtian stage of the late Cretaceous period, about 68 million years ago (mya) in what is now North

America. It is one of the last known non-avian dinosaur genera, and became extinct in the Cretaceous-Paleogene extinction event 66 million years ago. The name Triceratops, which literally means "three-horned face", is derived from the Ancient Greek words τρί- (tri-) meaning "three", κέρας (kéras) meaning "horn", and ὤψ (ōps) meaning "face".

Triceratops has been documented by numerous remains collected since the genus was first described in 1889 by Othniel Charles Marsh. Specimens representing life stages from hatchling to adult have been found. As the archetypal ceratopsid, Triceratops is one of the most popular dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Bearing a large bony frill and three horns on the skull, and its large four-legged body possessing similarities with the modern rhinoceros, Triceratops is one of the most recognizable of all dinosaurs and the best-known ceratopsid. It was also one of the largest, up to 9 meters (29.5 ft) long and 12 metric tons (13 short tons) in weight. It shared the landscape with and was probably preyed upon by Tyrannosaurus, though it is less certain that the two did battle in the fanciful manner often depicted in museum displays and popular images. The functions of the frills and three distinctive facial horns on its head have long inspired debate. Traditionally, these have been viewed as defensive weapons against predators. More recent interpretations find it probable that these features were primarily used in species identification, courtship and dominance display, much like the antlers and horns of modern ungulates.

Triceratops was traditionally placed within the "short-frilled" ceratopsids but modern cladistic studies show it to be a member of the Chasmosaurinae which usually have long frills. Two species, T. horridus and T. prorsus, are considered valid today, from the seventeen species that have ever been named. Research published in 2010 concluded that the contemporaneous Torosaurus, a ceratopsid long regarded as a separate genus, represents Triceratops in its mature form. This view was immediately disputed with examination of more fossil evidence needed to settle the debate.

Linka: EARTH STYLE NINJA ART: TOROSAURUS!

Linka fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Torosaurus!

---

Torosaurus ("perforated lizard", in reference to the large openings in its frill) is a genus of herbivorous ceratopsid dinosaur that lived during the late Maastrichtian stage of the Cretaceous period, between 68 and 66 million years ago, though it is possible that the species range might extend to as far as 69 million years ago. Fossils have been discovered across the Western Interior of North America, from Saskatchewan to southern Texas.

Torosaurus possessed one of the largest skulls of any known land animal. The frilled skull reached up to 2.77 metres (9.1 ft) in length. From head to tail, Torosaurus is thought to have measured about 8 to 9 m (26 to 30 ft) long and weighed four to six tonnes. Torosaurus is distinguished from the contemporary Triceratops by an elongate frill with large openings (fenestrae), long squamosal bones of the frill with a trough on their upper surface, and the presence of five or more pairs of hornlets (epoccipitals) on the back of the frill. Torosaurus also lacked the long nose horn seen in Triceratops prorsus, and instead resembled the earlier and more basal Triceratops horridus in having a short nose horn. Three species have been named, Torosaurus latus, T. gladius and T. utahensis. T. gladius is no longer considered a valid species, however.

In 2010, the validity of Torosaurus was disputed. A study of fossil bone histology combined with an investigation of frill shape concluded that Torosaurus probably represented the mature form of Triceratops, with the bones of typical Triceratops specimens still immature and showing signs of a first development of distinct Torosaurus frill holes. During maturation, the skull frill would have been greatly lengthened and holes would have appeared in it. In 2011, 2012 and 2013 however, studies of external features of known specimens have claimed that morphological differences between the two genera preclude their synonymy. The main problems are a lack of good transitional forms, the apparent existence of authentic Torosaurus subadults, different skull proportions independent of

maturation and the assertion that hole formation at an adult stage is not part of a normal ceratopsian maturation sequence.

Paula: EARTH STYLE NINJA ART: NASUTOCERATOPS!

Paula fired a wave of earth and it formed into the ceratopsian from 75.9 million years ago: Nasutoceratops!

---

Nasutoceratops is an extinct genus of ceratopsian dinosaur. It is a basal centrosaurine which lived during the Late Cretaceous Period (late Campanian, about 76.0-75.5 Ma). Fossils have been found in southern Utah, United States. Nasutoceratops was a large, ground-dwelling, quadrupedal herbivore with a short snout and unique rounded horns above its eyes that have been likened to those of modern cattle. Extending almost to the tip of its snout, these horns are the longest of all the members of the centrosaurine subfamily. The presence of pneumatic elements in the nasal bones of Nasutoceratops are a unique trait and are unknown in any other ceratopsid. Nasutoceratops, Diabloceratops, and Machairoceratops are the only three centrosaurine dinosaurs from the American southwest.

Styracosaurus (/stɪˌrækəˈsɔːrəs/ sti-RAK-ə-SOR-əs; meaning "spiked lizard" from the Ancient Greek styrax/στύραξ "spike at the butt-end of a spear-shaft" and sauros/σαῦρος "lizard") is a genus of herbivorous ceratopsian dinosaur from the Cretaceous Period (Campanian stage), about 75.5 to 75 million years ago. It had four to six long parietal spikes extending from its neck frill, a smaller jugal horn on each of its cheeks, and a single horn protruding from its nose, which may have been up to 60 centimetres (2 feet) long and 15 centimetres (6 inches) wide. The function or functions of the horns and frills have been debated for many years.

Styracosaurus was a relatively large dinosaur, reaching lengths of 5.5 metres (18 feet) and weighing nearly 3 tonnes. It stood about 1.8 meters (5.9 feet) tall. Styracosaurus possessed four short legs and a bulky body. Its tail was rather short. The skull had a beak and shearing cheek teeth arranged in continuous dental batteries, suggesting that the animal sliced up plants. Like other ceratopsians, this dinosaur may have been a herd animal, travelling in large groups, as suggested by bonebeds.

Named by Lawrence Lambe in 1913, Styracosaurus is a member of the Centrosaurinae. One species, S. albertensis, is currently assigned to Styracosaurus. Another species, S. ovatus, named in 1930 by Charles Gilmore was reassigned to a new genus, Rubeosaurus, by Andrew McDonald and Jack Horner in 2010.

Pachycephalosaurus (/ˌpækɪˌsɛfələˈsɔːrəs/; meaning "thick-headed lizard," from Greek pachys-/παχύς- "thick", kephale/κεφαλή "head" and sauros/σαῦρος "lizard") is a genus of pachycephalosaurid dinosaurs. The type species, P. wyomingensis, is the only known species. It lived during the Late Cretaceous Period (Maastrichtian stage) of what is now North America. Remains have been excavated in Montana, South Dakota, Wyoming and Alberta. It was a herbivorous creature which is primarily known from a single skull and a few extremely thick skull roofs, though more complete fossils have been found in recent years. Pachycephalosaurus was one of the last non-avian dinosaurs before the Cretaceous-Paleogene extinction event. Another dinosaur, Tylosteus of western North America, has been synonymized with Pachycephalosaurus, as have the genera Stygimoloch and Dracorex in recent studies.

Like other pachycephalosaurids, Pachycephalosaurus was a bipedal herbivore with an extremely thick skull roof. It possessed long hindlimbs and small forelimbs. Pachycephalosaurus is the largest-known pachycephalosaur. The thick skull domes of Pachycephalosaurus and related genera gave rise to the hypothesis that pachycephalosaurs used their skulls in intra-species combat. This hypothesis has been disputed in recent years.

Rarity: CRYSTAL STYLE NINJA ART: PLATEOSAURUS!

Rarity fired a wave of crystal and it formed into the protosauropod from 214 million years ago: Plateosaurus!

---

Plateosaurus (probably meaning "broad lizard", often mistranslated as "flat lizard") is a genus of plateosaurid dinosaur that lived during the Late Triassic period, around 214 to 204 million years ago, in what is now Central and Northern Europe and Greenland, North America. Plateosaurus is a basal (early) sauropodomorph dinosaur, a so-called "prosauropod". As of 2011, two species are recognised: the type species P. engelhardti from the late Norian and Rhaetian, and the slightly earlier P. gracilis from the lower Norian. However, others have been assigned in the past, and there is no broad consensus on the species taxonomy of plateosaurid dinosaurs. Similarly, there are a plethora of synonyms (invalid duplicate names) at the genus level.

Discovered in 1834 by Johann Friedrich Engelhardt and described three years later by Hermann von Meyer, Plateosaurus was the fifth named dinosaur genus that is still considered valid. Although it had been described before Richard Owen formally named Dinosauria in 1842, it was not one of the three genera used by Owen to define the group, because at the time, it was poorly known and difficult to identify as a dinosaur. It is now among the dinosaurs best known to science: over 100 skeletons have been found, some of them nearly complete. The abundance of its fossils in Swabia, Germany, has led to the nickname Schwäbischer Lindwurm (Swabian lindworm).

Plateosaurus was a bipedal herbivore with a small skull on a long, flexible neck, sharp but plump plant-crushing teeth, powerful hind limbs, short but muscular arms and grasping hands with large claws on three fingers, possibly used for defence and feeding. Unusually for a dinosaur, Plateosaurus showed strong developmental plasticity: instead of having a fairly uniform adult size, fully grown individuals were between 4.8 and 10 metres (16 and 33 ft) long and weighed between 600 and 4,000 kilograms (1,300 and 8,800 lb). Commonly, the animals lived for at least 12 to 20 years, but the maximum life span is not known.

Despite the great quantity and excellent quality of the fossil material, Plateosaurus was for a long time one of the most misunderstood dinosaurs. Some researchers proposed theories that were later shown to conflict with geological and palaeontological evidence, but have become the paradigm of public opinion. Since 1980 the taxonomy (relationships), taphonomy (how the animals became embedded and fossilised), biomechanics (how their skeletons worked), and palaeobiology (life circumstances) of Plateosaurus have been re-studied in detail, altering the interpretation of the animal's biology, posture and behaviour.

Kentrosaurus (/ˌkɛntroʊˈsɔːrəs/ KEN-tro-SAWR-əs) is a genus of stegosaurian dinosaur from the Late Jurassic of Tanzania. The type species is K. aethiopicus, named and described by German palaeontologist Edwin Hennig in 1915. Often thought to be a "primitive" member of the Stegosauria, several recent cladistic analyses find it as more derived than many other stegosaurs, and a close relative of Stegosaurus from the North American Morrison Formation within the Stegosauridae.

Fossils of K. aethiopicus have been found only in the Tendaguru Formation, dated to the late Kimmeridgian and early Tithonian ages, about 152 million years ago. Hundreds of bones were unearthed by German expeditions to German East Africa between 1909 and 1912. Although no complete skeletons are known, the remains provided a nearly complete picture of the build of the animal.

Kentrosaurus generally measured around 4.5 metres (15 ft) in length as an adult, and weighed about one tonne (1.1 tons). It walked on all fours with straight hindlimbs. It had a small, elongated head with a beak used to bite off plant material that would be digested in a large gut. It had a, probably double, row of small plates running down its neck and back. These plates gradually merged into spikes on the hip and tail. The longest spikes were on the tail end and were used to actively defend the animal. There also was a long spike on each shoulder. The thigh bones come in two different types, suggesting that one sex was larger and more stout than the other.

Only one species is usually recognized, A. mongoliensis, known from a single skull of great size discovered in 1923 during the expeditions to central Asia by the American Museum of Natural History (AMNH). Generally classified as a mesonychid since its original description, most recent studies classify it as an artiodactyl, in one study specifically, as a member of the clade Cetancodontamorpha, closely related to entelodonts, hippos and whales.

James (Pokemon): EARTH STYLE NINJA ART: LYSTROSAURUS!

James fired a wave of earth and it formed into the Dicynodont from 255 million years ago: Lystrosaurus!

---

Lystrosaurus (/ˌlɪstroʊˈsɔːrəs/; 'shovel lizard'; proper Greek is λίστρον lístron 'tool for leveling or smoothing, shovel, spade, hoe') was a herbivorous genus of dicynodont therapsids from the late Permian and Early Triassic epochs (around 250 million years ago). It lived in what is now Antarctica, India, China, Mongolia, European Russia and South Africa. Four to six species are currently recognized, although from the 1930s to 1970s the number of species was thought to be much higher. They ranged in size from that of a small dog to 2.5 meters long.

Being a dicynodont, Lystrosaurus had only two teeth (a pair of tusk-like canines), and is thought to have had a horny beak that was used for biting off pieces of vegetation. Lystrosaurus was a heavily built, herbivorous animal, approximately the size of a pig. The structure of its shoulders and hip joints suggests that Lystrosaurus moved with a semi-sprawling gait. The forelimbs were even more robust than the hindlimbs, and the animal is thought to have been a powerful digger that nested in burrows.

Lystrosaurus survived the Permian-Triassic extinction, 252 million years ago. In the Early Triassic, they were by far the most common terrestrial vertebrates, accounting for as many as 95% of the total individuals in some fossil beds. Researchers have offered various hypotheses for why Lystrosaurus survived the extinction event and prospered in the early Triassic.

Star Butterfly: EARTH STYLE NINJA ART: DEINOTHERIUM!

Star fired a wave of earth and it formed into one of the first ever ancestors of the elephant from 24 million years ago: Deinotherium!

Deinotherium ("terrible beast" derived from the Ancient Greek δεινός, deinos meaning "terrible" and θηρίον, therion meaning "beast") was a large prehistoric relative of modern-day elephants that appeared in the Middle Miocene and survived until the Early Pleistocene. During that time, it changed very little. In life, it probably resembled modern elephants, except it had downward-curving tusks attached to the lower jaw.

Kitten: EARTH STYLE NINJA ART: MACRAUCHENIA!

Kitten fired a wave of earth and it formed into the ancestor of the llama from 7 million years ago: Macrauchenia!

---

Macrauchenia ("long llama", based on the now superseded Latin term for llamas, Auchenia, from Greek "big neck") was a large, long-necked and long-limbed, three-toed native South American mammal in the order Litopterna. The genus gives its name to its family, the Macraucheniidae or "robust litopterns". Like other litopterns, it is not closely related to any living mammal, being most closely related to the group containing horses, rhinos and tapirs (the Perissodactyla), from which litopterns diverged approximately 66 million years ago. The oldest fossils in the genus date to the late Miocene, around seven million years ago, and M. patachonica disappears from the fossil record during the late Pleistocene, around 20,000-10,000 years ago. M. patachonica is one of the last and best known member of the family and is known primarily from the Luján Formation in Argentina, but is known from localities across southern South America. Another genus of macraucheniid Xenorhinotherium was present in northeast Brazil and Venezuela during the Late Pleistocene. The type specimen was discovered by Charles Darwin during the voyage of the Beagle. In life, Macrauchenia may have resembled a humpless camel, though the two taxa are not closely related. It fed on plants in a variety of environments across what is now South America. Among the species described, M. patachonica and M. ullomensis are considered valid; M. boliviensis is considered a nomen dubium; and M. antiqua (or M. antiquus) has been moved to the genus Promacrauchenia.

Tuddrussel: EARTH STYLE NINJA ART: ALBERTOSAURUS!

Tuddrussel fired a wave of earth and it formed into the theropod from 71 million years ago: Albertosaurus!

---

Albertosaurus (/ælˌbɜːrtəˈsɔːrəs/; meaning "Alberta lizard") is a genus of tyrannosaurid theropod dinosaurs that lived in western North America during the Late Cretaceous Period, about 70 million years ago. The type species, A. sarcophagus, was apparently restricted in range to the modern-day Canadian province of Alberta, after which the genus is named, although an indeterminate species ("cf. Albertosaurus sp.") has been discovered in the Corral de Enmedio and Packard Formations in Mexico. Scientists disagree on the content of the genus, with some recognizing Gorgosaurus libratus as a second species.

As a tyrannosaurid, Albertosaurus was a bipedal predator with tiny, two-fingered hands and a massive head that had dozens of large, sharp teeth. It may have been at the top of the food chain in its local ecosystem. While Albertosaurus was large for a theropod, it was much smaller than its larger and more famous relative Tyrannosaurus rex, growing 9 to 10 m (30 to 33 ft) and possibly weighing 2.5 tonnes (2.8 short tons) or less.

Since the first discovery in 1884, fossils of more than 30 individuals have been recovered, providing scientists with a more detailed knowledge of Albertosaurus anatomy than is available for most other tyrannosaurids. The discovery of 26 individuals at one site provides evidence of pack behaviour and allows studies of ontogeny and population biology, which are impossible with lesser-known dinosaurs.

Larry 3000: EARTH STYLE NINJA ART: EDMONTOSAURUS!

Larry fired a wave of earth and it formed into the Iguanodont from 73 million years ago: Edmontosaurus!

---

Edmontosaurus (/ɛdˌmɒntəˈsɔːrəs/ ed-MON-tə-SAWR-əs) (meaning "lizard from Edmonton") is a genus of hadrosaurid (duck-billed) dinosaur. It contains two known species: Edmontosaurus regalis and Edmontosaurus annectens. Fossils of E. regalis have been found in rocks of western North America that date from the late Campanian stage of the Cretaceous Period 73 million years ago, while those of E. annectens were found in the same geographic region but in rocks dated to the end of the Maastrichtian stage of the Cretaceous, 66 million years ago. Edmontosaurus was one of the last non-avian dinosaurs, and lived alongside dinosaurs like Triceratops, Tyrannosaurus, Albertosaurus and Pachycephalosaurus shortly before the Cretaceous-Paleogene extinction event.

Edmontosaurus included some of the largest hadrosaurid species, measuring up to 12 metres (39 ft) long and weighing around 4.0 metric tons (4.4 short tons). Evidence does exist in the form of two fossilized specimens housed at the Museum of the Rockies for an even greater maximum size of 15 m (49 ft) and weighing 9.07 metric tons (10.00 short tons) for Edmontosaurus annectens. Several well-preserved specimens are known that include not only bones, but in some cases extensive skin impressions and possible gut contents. It is classified as a genus of saurolophine (or hadrosaurine) hadrosaurid, a member of the group of hadrosaurids which lacked large, hollow crests, instead having smaller solid crests or fleshy combs.

The first fossils named Edmontosaurus were discovered in southern Alberta (named after Edmonton, the capital city), in the Horseshoe Canyon Formation (formerly called the lower Edmonton Formation). The type species, E. regalis, was named by Lawrence Lambe in 1917, although several other species that are now classified in Edmontosaurus were named earlier. The best known of these is E. annectens, named by Othniel Charles Marsh in 1892; originally as a species of Claosaurus, known for many years as a species of Trachodon, and later as Anatosaurus annectens. Anatosaurus and Anatotitan are now generally regarded as synonyms of Edmontosaurus.

Edmontosaurus was widely distributed across western North America. The distribution of Edmontosaurus fossils suggests that it preferred coasts and coastal plains. It was a herbivore that could move on both two legs and four. Because it is known from several bone beds, Edmontosaurus is thought to have lived in groups, and may have been migratory as well. The wealth of fossils has allowed researchers to study its paleobiology in detail, including its brain, how it may have fed, and its injuries and pathologies, such as evidence for tyrannosaur attacks on a few edmontosaur specimens.

Skipper: EARTH STYLE NINJA ART: DICYNODON!

Skipper fired a wave of earth and it formed into the dicynodont therapsid from 253.8 to 251 million years ago: Dicynodon!

---

Dicynodon ("two dog-teeth") is a genus of dicynodont therapsid that flourished during the Upper Permian period. Like all dicynodonts, it was herbivorous. This animal was toothless, except for prominent tusks, hence the name. It probably cropped vegetation with a horny beak, much like a tortoise, while the tusks may have been used for digging up roots and tubers.

Many species of Dicynodon have been named, and the genus is considered a wastebasket taxon. A 2011 study of the genus found most of the species to represent a paraphyletic grouping, with the only valid members of Dicynodon being D. lacerticeps and D. huenei. A 2019 study named a new species D. angielczyki, but simultaneously transferred D. huenei to the genus Daptocephalus.

---

Diictodon was a genus of pylaecephalid dicynodont. These mammal-like synapsids lived during the Late Permian period, approximately 255 million years ago. Fossils have been found in the Cistecephalus Assemblage Zone of the Madumabisa Mudstone of the Luangwa Basin in Zambia and the Tropidostoma Assemblage

Roughly half of all Permian vertebrate specimens found in South Africa are those of Diictodon. This small herbivorous animal was one of the most successful synapsids in the Permian period.

The genus was found in and named after the Ischigualasto Formation (Cancha de Bochas Member) of the Ischigualasto-Villa Unión Basin in northwestern Argentina. ---

Eoraptor (/ˈiːoʊˌræptər/) was one of the earliest-known dinosaurs, living approximately 231 to 228 million years ago, during the Late Triassic in Western Gondwana, in the region that is now northwestern Argentina. It was a small, lightly-built, basal saurischian dinosaur. It is known from several well-preserved skeletons. When first described in 1993, it was considered to be the earliest or one of the earliest known dinosaurs. Eoraptor has heterodont dentition, which suggests that it was omnivorous and that the feeding strategy had evolved early on in dinosaurs.

Liberty: EARTH STYLE NINJA ART: TORVOSAURUS!

Liberty fired a wave of earth and it formed into the theropod dinosaur from 158 million years ago: Torvosaurus!

---

Torvosaurus (/ˌtɔːrvoʊˈsɔːrəs/) is a genus of carnivorous megalosauroid theropod dinosaur that lived approximately 153 to 148 million years ago during the Late Jurassic Period (Kimmeridgian to Tithonian) in what is now Colorado and Portugal. It contains two currently recognized species, Torvosaurus tanneri and Torvosaurus gurneyi.

In 1979 the type species Torvosaurus tanneri was named: it was a large, heavily built, bipedal carnivore, that could grow to a length of about 10 m (33 ft). T. tanneri was among the largest carnivores of its time, together with Epanterias and Saurophaganax (which could be both synonyms of Allosaurus). Specimens referred to Torvosaurus gurneyi were initially claimed to be up to twelve metres long, but later shown to be smaller. Based on bone morphology Torvosaurus is thought to have had short but very powerful arms.

Lyra: EARTH STYLE NINJA ART: THRINAXODON!

Lyra fired a wave of earth and it formed into the cynodont from 251 million years ago: Thrinaxodon!

---

Thrinaxodon is an extinct genus of cynodonts, most commonly regarded by its species T. liorhinus which lived in what are now South Africa and Antarctica during the Early Triassic. Thrinaxodon lived just after the Permian-Triassic mass extinction event, its survival during the extinction may have been due to its burrowing habits.

Similar to other synapsids, Thrinaxodon adopted a semi-sprawling posture, an intermediary form between the sprawling position of pelycosaurs (not unlike current Crocodylia) and the more upright posture present in current mammals. Thrinaxodon is prevalent in the fossil record in part because it was one of the few carnivores of its time, and was of a larger size than similar cynodont carnivores.

Lee: EARTH STYLE NINJA ART: CHASMOSAURUS!

Lee fired a wave of earth and it formed into the ceratopsian from 76.5 million years ago: Chasmosaurus!

---

Chasmosaurus (/ˌkæzmoʊˈsɔːrəs/ KAZ-mo-SAWR-əs) is a genus of ceratopsid dinosaur from the Upper Cretaceous Period of North America. Its name means 'opening lizard', referring to the large openings (fenestrae) in its frill (Greek chasma meaning 'opening' or 'hollow' or 'gulf' and sauros meaning 'lizard'). With a length of 4.3-4.8 metres (14.1-15.7 ft) and a weight of 1.5-2 tonnes (1.7-2.2 short tons), Chasmosaurus was a ceratopsian of average size. Like all ceratopsians, it was purely herbivorous. It was initially to be called Protorosaurus, but this name had been previously published for another animal. All specimens of Chasmosaurus were collected from the Dinosaur Park Formation of the Dinosaur Provincial Park of

Alberta, Canada. C. russelli comes from the lower beds of the formation while C. belli comes from middle and upper beds.

Po: WATER STYLE NINJA ART: PROTEROSUCHUS!

Po fired a wave of water and it formed into the Permian reptile from 252 million years ago: Proterosuchus!

---

Proterosuchus is an extinct genus of archosauriform reptiles that lived during the Early Triassic. It contains three valid species: the type species P. fergusi and the referred species P. alexanderi and P. goweri. All three species lived in what is now South Africa. The genus was named in 1903 by the South African paleontologist Robert Broom. The well-known genus Chasmatosaurus is a junior synonym of Proterosuchus.

Proterosuchus was a mid-sized quadrupedal reptile with a sprawling stance that could reach a length of up to 3.5 meters (11 ft). It had a large head and distinctively hooked snout. It was a predator, which may have hunted prey such as Lystrosaurus. The lifestyle of Proterosuchus remains debated; it may have been terrestrial or it may have been a semiaquatic ambush predator similar to modern crocodiles.

Proterosuchus is one of the earliest members of the clade Archosauriformes, which also includes crocodilians, pterosaurs, and dinosaurs, including birds. It lived in the aftermath of the Permian-Triassic extinction event, the largest known mass extinction in Earth's history.

Fluttershy: EARTH STYLE NINJA ART: EUCHAMBERSIA!

Fluttershy fired a wave of earth and it formed into the therapsid from 256 million years ago: Euchambersia!

---

Euchambersia is a genus of therocephalian therapsid that lived during the Late Permian, approximately 255 million years ago, in what is now South Africa. The genus contains a single species, Euchambersia mirabilis, named by paleontologist Robert Broom in 1931 from a skull missing the lower jaws; a second skull, belonging to an immature individual, was later described. It is a member of the family Akidnognathidae, which historically has also been referred by as the synonymous Euchambersiidae (named after Euchambersia).

Euchambersia was a small and short-snouted therocephalian, possessing large canines as is typical of the group. However, it is notable among therocephalians for possessing ridges on its canines and a large indentation in the side of the skull. Under the erroneous assumption that the canines are grooved instead of ridged, it has been proposed that these structures supported a venom delivery mechanism. More recently, the internal structure of the skull of Euchambersia has been used as stronger evidence in favour of the hypothesis that it was venomous; other possibilities, such as the indentation supporting some sort of sensory organ, still remain plausible.

Jimmy Neutron: WIND STYLE NINJA ART: RHAMPHORHYNCHUS!

Jimmy fired a wave of wind and it formed into the flying reptiles from 150.8 million years ago: Rhamphorhynchus!

---

Rhamphorhynchus (/ˌræmfəˈrɪŋkəs/, "beak snout") is a genus of long-tailed pterosaurs in the Jurassic period. Less specialized than contemporary, short-tailed pterodactyloid pterosaurs such as Pterodactylus, it had a long tail, stiffened with ligaments, which ended in a characteristic soft-tissue tail vane. The jaws of Rhamphorhynchus housed needle-like teeth, which were angled forward, with a curved, sharp, beak-like tip lacking teeth, indicating a diet mainly of fish; indeed, fish and cephalopod remains are frequently found in Rhamphorhynchus abdominal contents, as well as in their coprolites.

Although fragmentary fossil remains possibly belonging to Rhamphorhynchus have been found in England, Tanzania, and Spain, the best preserved specimens come from the Solnhofen limestone of Bavaria, Germany. Many of these fossils preserve not only the bones but impressions of soft tissues, such as wing membranes. Scattered teeth believed to belong to Rhamphorhynchus have been found in Portugal as well.

Kick Buttowski: EARTH STYLE NINJA ART: SEYMOURIA!

Kick fired a wave of earth and it formed into the Permian seymouriamorph from 275 million years ago: Seymouria!

---

Seymouria is an extinct genus of seymouriamorph from the Early Permian of North America and Europe. Although they were amphibians (in a biological sense), Seymouria were well-adapted to life on land, with many reptilian features-so many, in fact, that Seymouria was first thought to be a primitive reptile. It is primarily known from two species, Seymouria baylorensis and Seymouria sanjuanensis. The type species, S. baylorensis, is more robust and specialized, though its fossils have only been found in Texas. On the other hand, Seymouria sanjuanensis is more abundant and widespread. This smaller species is known from multiple well-preserved fossils, including a block of six skeletons found in the Cutler Formation of New Mexico, and a pair of fully grown skeletons from the Tambach Formation of Germany, which were fossilized lying next to each other.

For the first half of the 20th century, Seymouria was considered one of the oldest and most "primitive" known reptiles. Paleontologists noted how the general body shape resembled that of early reptiles such as captorhinids, and that certain adaptations of the limbs, hip, and skull were also similar to that of early reptiles, rather than any species of modern or extinct amphibians known at the time. The strongly-built limbs and backbone also supported the idea that Seymouria was primarily terrestrial, spending very little time in the water.[9] However, in the 1950s, fossilized tadpoles were discovered in Discosauriscus, which was a close relative of Seymouria in the group Seymouriamorpha. This shows that seymouriamorphs (including Seymouria) had a larval stage which lived in the water, therefore making Seymouria not a true reptile, but rather an amphibian which was closely related to reptiles. Though no longer considered the most primitive reptile, Seymouria is still an important transitional fossil documenting the acquisition of reptile-like skeletal features prior to the evolution of the amniotic egg, which characterizes amniotes (reptiles, mammals, and birds).

Kendall Perkins: WATER STYLE NINJA ART: HYNERPETON!

Kendall fired a wave of water and it formed into the Devonian creature from 365 million years ago: Hynerpeton!

---

Hynerpeton (/haɪˈnɜːrpətɒn/; from Hyner, Pennsylvania and Ancient Greek ἑρπετόν herpetón, "creeping animal," meaning "creeping animal from Hyner") is an extinct genus of early four-limbed vertebrate that lived in the rivers and ponds of Pennsylvania during the Late Devonian period, around 365 to 363 million years ago. The only known species of Hynerpeton is H. bassetti, named after the describer's grandfather, city planner Edward Bassett. Hynerpeton is known for being the first Devonian four-limbed vertebrate discovered in the United States, as well as possibly being one of the first to have lost internal (fish-like) gills.

This genus is known from few remains discovered at the Red Hill fossil site in Hyner, Pennsylvania. The most notable fossil is a large endochondral shoulder girdle consisting of the cleithrum, scapula, and coracoid (but not the interclavicle and clavicles), all connected into one shoulder bone. The inner surface of this shoulder bone possesses an array of depressions believed to have been attachment points for a unique set of powerful muscles around the chest. This may have given Hynerpeton improved mobility and weight-bearing abilities compared to other Devonian limbed vertebrates such as Ichthyostega and Acanthostega. The cleithrum (upper blade of the shoulder) is fused to the scapulocoracoid (lower

plate of the shoulder, in front of the shoulder socket), unlike in most tetrapods, but the shoulder girdle is independent of the skull, unlike in most fish.

Early four-limbed vertebrates are sometimes referred to as tetrapods (using a trait-based definition of the term), although animals like Hynerpeton, Ichthyostega, and Acanthostega are placed outside the crown group Tetrapoda by the vast majority of paleontologists. From a cladistic (relations-based) point of view, a more accurate term would be "stem-tetrapod" or "stegocephalian", indicating that they were part of the lineage of animals that would lead to true tetrapods such as modern amphibians (Lissamphibia), reptiles, mammals, and birds.

Hynerpeton hails from the Red Hill fossil site, which, during the Late Devonian, was a warm floodplain inhabited by a diverse ecosystem of aquatic fish and terrestrial invertebrates. Hynerpeton was one of several genera of four-limbed vertebrates known from the site, although it was the first to be discovered. It has been theorized that animals like Hynerpeton were able to use their amphibious lifestyle to find shallow pools where they could spawn, isolated from predatory fish which inhabited the deeper rivers.

Juandissimo fired a wave of water and it formed into the Devonian Sarcopterygian from 375 million years ago: Tiktaalik!

---

Tiktaalik (/tɪkˈtɑːlɪk/; Inuktitut ᑎᒃᑖᓕᒃ [tiktaːlik]) is a monospecific genus of extinct sarcopterygian (lobe-finned fish) from the Late Devonian Period, about 375 Mya (million years ago), having many features akin to those of tetrapods (four-legged animals).

Unearthed in Arctic Canada, Tiktaalik is technically a fish, complete with scales and gills - but it has the flattened head of a crocodile and unusual fins. Its fins have thin ray bones for paddling like most fish, but they also have sturdy interior bones that would have allowed Tiktaalik to prop itself up in shallow water and use its limbs for support as most four-legged animals do. Those fins and a suite of other characteristics set Tiktaalik apart as something special; it has a combination of features that show the evolutionary transition between swimming fish and their descendants, the four-legged vertebrates - a clade which includes amphibians, reptiles, birds and mammals.

It and similar animals may possibly be the common ancestors of the broad swath of all vertebrate terrestrial fauna: amphibians, reptiles, birds, and mammals.

The first well-preserved Tiktaalik fossils were found in 2004 on Ellesmere Island in Nunavut, Canada.

Patrick: OCEAN STYLE NINJA ART: LIVYATAN!

Patrick fired a wave of water and it formed into the first ancestral sperm whale from 9 million years ago: Livyatan!

---

Livyatan is an extinct genus of sperm whale containing one species: L. melvillei. The genus name was inspired by the biblical sea monster Leviathan, and the species name by Herman Melville, the

author of the famous book Moby-Dick about a white bull sperm whale. It is mainly known from the Pisco Formation of Peru during the Tortonian stage of the Miocene epoch, about 9.9-8.9 million years ago (mya); however, isolated teeth from other locations such as Chile, Argentina, South Africa, and Australia implies that either it or a close relative survived into the Pliocene, around 5 mya, and was present throughout the Southern Hemisphere. It was a member of a group of hyper-predatory macroraptorial sperm whales (or "raptorial sperm whales") and was likely an apex predator, preying on whales, seals, and so forth. Characteristic of raptorial sperm whales, Livyatan had functional, enamel-coated teeth on the upper and lower jaws, as well as several adaptations for hunting large prey.

Livyatan's total length has been estimated to be about 13.5-17.5 m (44-57 ft), similar to the modern sperm whale (Physeter macrocephalus), making it one of the largest predators to have ever existed. The teeth of Livyatan measured 36.2 cm (1.2 ft), and are the largest biting teeth of any known animal, excluding tusks. It is distinguished from the other raptorial sperm whales by the basin on the skull, and how it spans the entire length of the snout. The spermaceti organ, contained in that basin, is thought to have been used in echolocation and communication, or for ramming prey and other sperm whales. The whale may have interacted with the large extinct shark megalodon (Carcharocles megalodon), competing with it for a similar food source. Its extinction was likely caused by a cooling event at the end of the Miocene which resulted in a drop in food populations. The formation where the whale has been found has also preserved a large assemblage of marine life, such as sharks and marine mammals.

Mike (Total Drama): FOREST STYLE NINJA ART: ORNITHOLESTES!

Mike fired a wave of wood and leaves and it formed into the theropod dinosaur from 154 million years ago: Ornitholestes.

---

Ornitholestes (meaning "bird robber") is a small theropod dinosaur of the late Jurassic (Brushy Basin Member of the Morrison Formation, middle Kimmeridgian age, about 154 million years ago) of Western Laurasia (the area that was to become North America).

To date, Ornitholestes is known only from a single partial skeleton

with a badly crushed skull found at the Bone Cabin Quarry near Medicine Bow, Wyoming, in 1900. It was described by Henry Fairfield Osborn in 1903. An incomplete hand was later attributed to Ornitholestes, although it now appears to belong to Tanycolagreus. The type (and only known) species is O. hermanni. The specific name honors the American Museum of Natural History preparator Adam Hermann.

Fuzzy fired a wave of wood and leaves and it formed into the neornithischian dinosaur from 155 million years ago: Nanosaurus A.K.A. Othnielia!

---

Nanosaurus ("small or dwarf lizard") is the name given to a genus of neornithischian dinosaur that lived about 155 to 148 million years ago, during the Late Jurassic-age. Its fossils are known from the Morrison Formation of the south-western United States. The type and only species, Nanosaurus agilis, was described and named by Othniel Charles Marsh in 1877. The taxon has a complicated taxonomic history, largely the work of Marsh and Peter M. Galton, involving the genera Laosaurus, Hallopus, Drinker, Othnielia, and Othnielosaurus, the latter three now being considered to be synonyms of Nanosaurus. It had historically been classified as a hypsilophodont or fabrosaur, types of generalized small bipedal herbivore, but more recent research has abandoned these groupings as paraphyletic and Nanosaurus is today considered a basal member of Neornithischia.

Magnolia: FOREST STYLE NINJA ART: DAKOTARAPTOR!

Magnolia fired a wave of wood and leaves and it formed into the theropod dinosaur from 66 million years ago: Dakotaraptor.

---

Dakotaraptor is a potentially chimaeric genus of large dromaeosaurid theropod dinosaur that lived in North America during the Late Cretaceous period. The remains have been found in the Maastrichtian stage of the Hell Creek Formation, dated to the very end of the Mesozoic era, making Dakotaraptor one of the last surviving dromaeosaurids. The remains of D. steini were discovered in a multi-species bonebed. Elements of the holotype and referred specimens were later found to belong to trionychid turtles, and further analysis of potential non-dromaeosaurid affinities of the holotype and referred material have not yet been conducted. Phylogenetic analyses of D. steini place it in a variety of positions in the Dromaeosauridae.

Dromaeosaurus (/ˌdroʊmiə'sɔːrəs, -mioʊ-/, "swift running lizard") is a genus of theropod dinosaur which lived during the Late Cretaceous period (middle late Campanian), sometime between 80 and 72.8 million years ago, in Alberta, Canada and the western United States. The type species is Dromaeosaurus albertensis, which was described by William Diller Matthew and Barnum Brown in 1922.

Goku: EARTH STYLE NINJA ART: DEINONYCHUS!

---

Deinonychus (/daɪˈnɒnɪkəs/ dy-NON-i-kəs; from Greek: δεινός deinós, 'terrible' and ὄνυξ ónux, genitive ὄνυχος ónuchos 'claw') is a genus of dromaeosaurid theropod dinosaur with one described species, Deinonychus antirrhopus. This species, which could grow

up to 3.4 meters (11 ft) long, lived during the early Cretaceous Period, about 115-108 million years ago (from the mid-Aptian to early Albian stages). Fossils have been recovered from the U.S. states of Montana, Utah, Wyoming, and Oklahoma, in rocks of the Cloverly Formation, Cedar Mountain Formation and Antlers Formation, though teeth that may belong to Deinonychus have been found much farther east in Maryland.

Paleontologist John Ostrom's study of Deinonychus in the late 1960s revolutionized the way scientists thought about dinosaurs, leading to the "dinosaur renaissance" and igniting the debate on whether dinosaurs were warm-blooded or cold-blooded. Before this, the popular conception of dinosaurs had been one of plodding, reptilian giants. Ostrom noted the small body, sleek, horizontal posture, ratite-like spine, and especially the enlarged raptorial claws on the feet, which suggested an active, agile predator.

"Terrible claw" refers to the unusually large, sickle-shaped talon on the second toe of each hind foot. The fossil YPM 5205 preserves a large, strongly curved ungual. In life, archosaurs have a horny sheath over this bone, which extends the length. Ostrom looked at crocodile and bird claws and reconstructed the claw for YPM 5205 as over 120 millimetres (4.7 in) long. The species name antirrhopus means "counter balance", which refers to Ostrom's idea about the function of the tail. As in other dromaeosaurids, the tail vertebrae have a series of ossified tendons and super-elongated bone processes. These features seemed to make the tail into a stiff counterbalance, but a fossil of the very closely related Velociraptor mongoliensis (IGM 100/986) has an articulated tail skeleton that is curved laterally in a long S-shape. This suggests that, in life, the tail could bend to the sides with a high degree of flexibility. In both the Cloverly and Antlers formations, Deinonychus remains have been found closely associated with those of the ornithopod Tenontosaurus. Teeth discovered associated with Tenontosaurus specimens imply they were hunted, or at least scavenged upon, by Deinonychus.

Daspletosaurus (/dæsˌpliːtəˈsɔːrəs/ das-PLEET-o-SAWR-əs; meaning "frightful lizard") is a genus of tyrannosaurid dinosaur that lived in western North America between about 77 and 74 million years ago, during the Late Cretaceous Period. The genus Daspletosaurus contains two species. Fossils of the earlier type species, D. torosus, have been found in Alberta, while fossils of the later second species, D. horneri, have been found only in Montana. A possible third species, also from Alberta, awaits formal identification. Daspletosaurus is closely related to the much larger and more recent tyrannosaurid Tyrannosaurus rex. Like most tyrannosaurids, Daspletosaurus was a multi-tonne bipedal predator equipped with dozens of large, sharp teeth. Daspletosaurus had the small forelimbs typical of tyrannosaurids, although they were proportionately longer than in other genera.

As an apex predator, Daspletosaurus was at the top of the food chain, probably preying on large dinosaurs like the ceratopsid Centrosaurus and the hadrosaur Hypacrosaurus. In some areas, Daspletosaurus coexisted with another tyrannosaurid, Gorgosaurus, though there is some evidence of niche differentiation between the two. While Daspletosaurus fossils are rarer than other tyrannosaurids', the available specimens allow some analysis of the biology of these animals, including social behavior, diet and life history.

Gohan: EARTH STYLE NINJA ART: SINOCERATOPS!

Gohan fired a wave of earth and it formed into the ceratopsian from 73.5 million years ago: Sinoceratops!

---

Sinoceratops /ˌsaɪnoʊˈsɛrətɒps/ is an extinct genus of ceratopsian dinosaur that lived approximately 73 million years ago during the latter part of the Cretaceous Period in what is now Shandong province in China. It was named in 2010 by Xu Xing et al. for three skulls from Zhucheng, China. The name of its type species Sinoceratops zhuchengensis means "Chinese horned face from Zhucheng", after the location of its discovery.

Sinoceratops was a medium-sized, averagely-built, ground-dwelling, quadrupedal herbivore. It could grow up to an estimated 6 m (19.7 ft) length and 2 metres (6.6 ft) height, and weigh up to 2 tonnes (2.0 long tons; 2.2 short tons). It was the first ceratopsid dinosaur discovered in China, and the only ceratopsid known from Asia. All other centrosaurines, and all chasmosaurines, are known from fossils discovered in North America, except for possibly Turanoceratops. Sinoceratops is also significant because it is one of the largest known centrosaurines, and is much larger than any other known basal members of this group.

Sinoceratops was discovered in the Xingezhuang Formation, which was deposited during the late Cretaceous. It lived alongside leptoceratopsids, saurolophines, and tyrannosaurines. The most common creature in the formation was Shantungosaurus, to which most of the material has been assigned. The animals living alongside Sinoceratops and Shantungosaurus were Zhuchengceratops, Zhuchengtitan, and Zhuchengtyrannus.

Me: WOLF FIRE STYLE NINJA ART: AMPHICOELIAS!

I fired a blast of blue fire and it formed into one of the largest

sauropod dinosaurs ever discovered from 150 million years ago: Amphicoelias!

---

Amphicoelias (/ˌæmfɪˈsiːliəs/, meaning "biconcave", from the Greek ἀμφί, amphi: "on both sides", and κοῖλος, koilos: "hollow, concave") is a genus of herbivorous sauropod dinosaur that lived approximately 150 million years ago during the Tithonian (Late Jurassic Period) of what is now Colorado, United States. An herbivore, Amphicoelias was moderately sized at about 25 m (82 ft) long-roughly the same length as Diplodocus, to which it was related. Its hindlimbs were very long and thin, and its forelimbs were proportionally longer than in relatives.

The namesake fossil of the type species Amphicoelias altus, American Museum of Natural History 5764, is uncertain in included material. When described by Edward Drinker Cope shortly after its discovery in 1877, Amphicoelias was noted to include many back vertebrae, a single pubis, and a femur. However, after purchase and cataloging of the material by the AMNH, Henry Fairfield Osborn and Charles Mook described that the specimen had only two vertebrae, a pubis, femur, tooth, scapula, coracoid, ulna and a second femur. The additional material, not mentioned by Cope, was found close in proximity to the holotype and was similar to Diplodocus, a relative of Amphicoelias. Their assignment was questioned by subsequent authors Emanuel Tschopp et al. in an analysis of Diplodocidae.

During the description of Amphicoelias altus in 1877, Cope additionally named A. latus, for a femur and tail vertebrae. Following its description, Osborn and Mook in 1921 reidentified the material as a specimen of Camarasaurus, an assignment followed by other authors who reviewed the material. A year later 1878, Cope named the third species of Amphicoelias, A. fragillimus for a gigantic dorsal vertebra that was subsequently lost. Measuring approximately 2.7 m (8.9 ft) if reconstructed based on Diplodocus, early estimates for the length of the animal in life were between 40 and 60 m (130 and 200 ft) long. Due to the incomplete nature, such lengths-the longest of any known dinosaur and sauropod-were largely ignored. In 2018, Kenneth Carpenter renamed Amphicoelias fragillimus as the new genus Maraapunisaurus, and reclassified it from Diplodocidae to

Rebbachisauridae.

Sonic: WIND STYLE NINJA ART: EUDIMORPHODON!

Sonic fired a wave of wind and it formed into the flying reptile from Italy that lived 210 million years ago: Eudimorphodon!

---

Eudimorphodon was a pterosaur that was discovered in 1973 by Mario Pandolfi in the town of Cene, Italy and described the same year by Rocco Zambelli. The nearly complete skeleton was retrieved from shale deposited during the Late Triassic (mid to late Norian stage), making Eudimorphodon one of the oldest pterosaurs known. It had a wingspan of about 100 centimetres (3.3 ft) and at the end of its long bony tail may have been a diamond-shaped flap like in the later Rhamphorhynchus. If so, the flap may have helped it steer while maneuvering in the air. Eudimorphodon is known from several skeletons, including juvenile specimens.

Aylene fired a wave of fire and it formed into the stegosaur from 76 million years ago: Heilongjiangosaurus!

---

Heilongjiangosaurus" (meaning "Heilongjiang lizard") is the informal name given to an as-yet undescribed genus of duckbilled dinosaur from the Late Cretaceous. It possibly was a lambeosaurine, and may in fact be the same animal as Charonosaurus. The fossils were found in Maastrichtian-age rocks in Heilongjiang, China. As a nomen nudum, it is unclear what material it was intended to be based on, but might be connected to the nomen nudum "Mandschurosaurus" jiainensis, informally named in a 1983 publication.

The "type species" is "H. jiayinensis", and it was coined in 2001 in a faunal list by Li and Jin.

Cera: EARTH STYLE NINJA ART: OJOCERATOPS!

Cera fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Ojoceratops!

Ojoceratops ( meaning "Ojo Alamo horned face") is a genus of ceratopsian dinosaur which lived in what is now New Mexico, United States. Ojoceratops fossils have been recovered from strata of the Ojo Alamo Formation (Naashoibito Member), dating to the late Cretaceous period (probably Maastrichtian age, 68 million years ago). The type species is Ojoceratops fowleri. It is very similar to its close relative Triceratops, though it is from an earlier time period and has a more squared-off frill. Nick Longrich, in 2011, noted that the squared-off frill is also found in some true Triceratops specimens and that Ojoceratops is probably a junior synonym of Triceratops, while Holtz (2010) noted that it is probably ancestral to Triceratops and possibly synonymous with the contemporary Eotriceratops.

Ducky: EARTH STYLE NINJA ART: GRYPOSAURUS!

Ducky fired a wave of earth and it formed into the hadrosaur from 80 million years ago: Gryposaurus!

Gryposaurus (meaning "hooked-nosed (Greek grypos) lizard"; sometimes incorrectly translated as "griffin (Latin gryphus) lizard") was a genus of duckbilled dinosaur that lived about 80 to 75 million years ago, in the Late Cretaceous (late Santonian to late Campanian stages) of North America. Named species of Gryposaurus are known from the Dinosaur Park Formation in Alberta, Canada, and two formations in the United States: the Lower Two Medicine Formation in Montana and the Kaiparowits Formation of Utah. A possible additional species may extend the temporal range of the genus to 66 million years ago.

Gryposaurus is similar to Kritosaurus, and for many years the two were thought to be synonyms. It is known from numerous skulls, some skeletons, and even some skin impressions that show it to have had pyramidal scales projecting along the midline of the back. It is most easily distinguished from other duckbills by its narrow arching nasal hump, sometimes described as similar to a "Roman nose," and which may have been used for species or sexual identification, and/or combat with individuals of the same species. A large bipedal/quadrupedal herbivore around 9 meters (30 feet) long, it may have preferred river settings.

Tropeognathus (meaning "keel jaw") is a genus of large pterosaurs from the late Early Cretaceous of South America. This genus is considered to be a member of the Ornithocheiridae, a diverse group of pterosaurs known for their keel-tipped snouts and large size. Tropeognathus is regarded as the largest pterosaur found in the Southern Hemisphere, only rivaled by the huge azhdarchids. The type and only species is Tropeognathus mesembrinus. Fossil remains of Tropeognathus have been recovered from the Romualdo Formation, which is a Lagerstätte located in the Santana Group of the Araripe Basin in northeastern Brazil.

Spike: (Through translator) EARTH STYLE NINJA ART: DRAVIDOSAURUS!

Spike fired a wave of earth and it formed into the Dravidanidu dinosaur from 90 million years ago: Dravidosaurus!

---

Dravidosaurus (meaning "Dravidanadu lizard", Dravidanadu being a

region in the southern part of India where the remains were discovered) is a controversial genus of prehistoric reptile. It was first described as the last surviving stegosaurian, the group of "plated" dinosaurs. With an estimated length of three metres (10 ft), it would have also been the smallest member of the group. More recent studies, however, have shown that the bones actually belonged to a plesiosaurian marine reptile, and that none of the remains are demonstrably dinosaurian in origin.

Dravidosaurus lived in the Late Cretaceous period (Coniacian stage) of what is now India. It is only known from disassociated remains that were originally described as comprising a partial skull, a tooth, a sacrum, an ilium, an ischium, a dermal plate, and a spike. The badly weathered remains were discovered in marine deposits near Ariyalur in the state of Tamil Nadu in South India. They were in 1979 named by P.M. Yadagiri and Krishnan Ayyasami as the type species Dravidosaurus blanfordi, the specific name honouring William Thomas Blanford. The holotype partial skull is catalogued as GSI SR Pal 1, while other specimens are catalogued GSI SR Pal 2-7.

In 1991, Sankar Chatterjee visited the site and claimed, without presenting concrete morphological evidence, that Dravidosaurus was based on plesiosaurian pelvic and hindlimb elements, the species being a nomen dubium. However, this claim was rejected by Galton and Upchurch (2004), who noted that the skull, tooth and plate of Dravidosaurus are certainly not plesiosaurian as illustrated. Galton and Ayyasami (2017) reaffirmed the stegosaurian classification of Dravidosaurus, claiming the remains do not look like plesiosaurian pelvic and hindlimb elements. They announced that stegosaurian remains from the Dravidosaurus type locality are under study by one of the original describers of Dravidosaurus.

Me: For eternity in the Enceladus Prison.

I then grabbed battered and pulverized into a mess hide and wrapped him in chains and sent him to prison for life.

Eggman: This isn't over yet Eli! I'll be back I promise you!

Me: I wouldn't count on it.

The Masters of Evil came.

Webstor: Wow! That was awesome!

King Hiss: Yeah that has to have been the most number of techniques ever.

Me: It sure was.

Zs'skayr: (to Ruby) We heard that thhe darkness in you and your friends isn't completely gone.

Ruby: It isn't. But we're trying to keep it under control.

Atomic Skull: I think we might have a suggestion that could work.

Emerald: What would that be?

Vanitas: Ruby and her team each goes on a date with Lincoln in different locations.

Yang: That's actually a good idea.

Atomic Skull: And Eli, here's looking at you kid. You are a perfect asset to Team Loud Phoenix Storm.

Eli: Thanks Atomic Skull.

With that, the Masters of Evil teleport out.

Nico: They sure are.

Rosa: (Spanish Accent) They sure are.

Leni: I gotta take a photo of this.

Aerith: Oh Eli, I'm so proud of you and Buck.

They hugged.

Nico: Aww.

Eli: Well Junior you're a big brother now.

Me: He sure is.

Eli: Let's go home.

We all got on the boat and headed home.

Aerith: It was amazing seeing real live dinosaurs.

Maria Robotnik: It sure is.

Me: Yeah and the best part was I tamed a hybrid and made a new friend.

Laney: Same with me and Fluttershy.

We had the Omniceratops and the Compstegnathus with us. Same with Amargospinus.

Aerith: So there are two islands with dinosaurs in them?

Eli: The park was shut down cause a certain fat guy try to steal dinosaur embryos.

Me: That we made sure didn't happen. But in a simulated adventure we saw what would happen if that happened.

Nico: Yep.

Eli: Is it a big success?

Me: It was. Until Mount Sibo erupted and destroyed the whole island. But we relocated all the dinosaurs and creatures onto another island and it's perfect.

Laney: Yep.

Eli: Thank goodness. Life always finds away.

Me: It always does.

Eli: Yep.

Sonic: (To the viewers) This was an awesome adventure and it's gonna be awesome having Eli with us. Now we never have to worry about Dr. Robuttnik ever again.

Me: No we won't.

We laughed.

The day ends with all of us going home while on Isla Sorna the dinosaurs roam peacefully.

# TLPS and the Warriors of Eberron

In the beautiful forests of the Canadian Rockies we were on our way over to the beautiful and amazing amusement park and battle capital of the Unova Region in northern Saskatchewan, Nimbasa City.

I was riding my Rapidash and it was pulling a hover stagecoach with Eli and Nunnally in it. They were having so much fun.

Eli: Whee!

Nunnally: So much fun!

Ruby Rose: This is gonna be awesome!

Lincoln: Ready to go on our date, Ruby?

Qrow: (to Lincoln) Kid, you better not break my niece's heart. Otherwise, I may just have to find out whether or not you're immortal like J.D. is.

Me: Relax Qrow. Lincoln is a man of his word like me. He has always been there for his siblings and he will be there for Team R.W.B.Y. as well.

Nico: That's right. J.D. has known Lincoln for 4 years and he will be an awesome boyfriend for Ruby.

Lincoln: Yep.

Yang: But it's so cool that J.D. can ride a Rapidash like that.

Nico: J.D. has been riding a Rapidash for years.

Me: Here we are guys.

We have arrived in Nimbasa City and it was incredible.

* * *

Nimbasa City is nicknamed "Battle Central" because of the many battle facilities the city has to offer. It also has Unova's largest Pokémon Center, which featured deluxe facilities, including Pokémon spa treatments and a large vault meant to keep Poké Balls. Nimbasa City is also an entertainment hub and has a large amusement park. The city is not be confused with the much older Nimbasa Town, which lies southeast of Nimbasa City.

Nimbasa City was first mentioned in Zoroark: Master of Illusions, when Grings Kodai entered the "Nimbasa Legends" team for the Pokémon Baccer World Cup. However, this team was later found out to be a sham created by himself, using illusions formed by a Zoroark he had captured.

Nimbasa City first appeared at the beginning of Reunion Battles In Nimbasa! for a short time, where Team Rocket arrived on a mission; and again in Club Battle Finale: A Heroes Outcome!, where the trio were riding the Ferris wheel. While they put their plan into motion, Meowth befriended and joined Ash and his friends in Meowth's Scrafty Tactics!. However, it was revealed in Crisis from the Underground Up! that Meowth was still a part of Team Rocket, with the real plan being to steal the group's Pokémon. Team Rocket hijacked the Battle Subway, using a ghost train to steal all of the Pokémon at the Pokémon Center. They distracted Ash and his friends with several decoy trains and the destruction of the Driftveil Drawbridge's controls. By the end of Battle for the Underground!, Subway Bosses Emmet and Ingo teamed up with the group to disrupt Team Rocket's scheme, and they recovered all of the stolen Pokémon.

In Enter Elesa, Electrifying Gym Leader!, Bianca took on Gym Leader Elesa, only to be defeated by Elesa's Zebstrika. Ash won his Gym battle against her in Dazzling the Nimbasa Gym!.

While the Driftveil Drawbridge was still being repaired, the group explored Nimbasa City's famous attractions, such as the Ferris Wheel and the sport parks, which were featured in Lost at the Stamp Rally!. Meanwhile, Cilan competed in the Subway Bosses' Stamp Rally in a bid to battle either Ingo or Emmet. He became sidetracked by Erina, who had lost her Axew and was missing one vital stamp. Irina gave up her only stamp as gratitude for finding Axew, while Emmet and Ingo agreed to have a special Tag Battle against Cilan and Ash.

In Piplup, Pansage, and a Meeting of the Times!, Dawn was revealed to have visited Nimbasa City to watch a Musical show in order to get inspiration for her future Pokémon Contests. She also watched one of Elesa's fashion shows.

---

Lincoln: Here we are in Nimbasa City.

Phage: What do you think, Ruby?

Ruby Rose: It's magnificent!

Me: Wow!

Dawn (Pokemon): You guys will love it here. I came here a while back to get ideas for future Pokemon Contests.

Nico: Wow! It's really amazing.

Laney: This is amazing!

Fu: It sure is guys.

Lincoln: Well we're off guys.

Mr. Krabs: You lads have fun. We'll be checking out the rest of the amusement park.

Lincoln: Okay.

Lincoln and Ruby were off on their date. They got to having lots of fun. They went on the awesome ferris wheel and it was an amazing ride. Next they went on the rollercoaster which was an awesome and amazing adrenaline rush! Next they went on the bumper cars and pounded the hell out of each other. Next they sat down to lunch and they were having a pizza.

Ruby Rose: This is a really good pizza.

Lincoln: It sure is.

They were having a 4 meat pizza.

Lincoln: So, Ruby. Tell me about your life before Beacon.

Ruby Rose: Well. It was a good life until my mother Summer Rose disappeared.

She went over her history and her mother's history.

---

Ruby Rose

Ruby is the daughter of Summer Rose and Taiyang Xiao Long, as well as the younger half-sister of Yang Xiao Long, with whom she was raised on the island of Patch.

When she was very young, Yang would read Ruby fairy tales every night before bed, filled with the deeds of great heroes; this would later inspire Ruby to become a Huntress.

One day, Summer went missing while on a mission. Yang said that, although Ruby was "really torn up" by the incident, she was too young to really understand what had happened.

Shortly after Summer's disappearance, Yang brought Ruby with her to an abandoned building in order to find clues about the whereabouts of Yang's mother, Raven Branwen. During the search, they were almost killed by Beowolves but were saved by their uncle, Qrow Branwen, which only fueled Ruby's desire to become a Huntress.

To achieve this, she studied at Signal Academy, where she built and learned to use her high-caliber sniper scythe, Crescent Rose, under the tutelage of her uncle Qrow.

Volume 5 Yang Character Short

Ruby trains with Yang to improve her hand-to-hand combat skills. Ruby complains about the training, but Yang insists. Ruby tries to fight Yang but is easily overpowered and is forced to escape into the bushes with her Semblance. As she wakes up, she spots an Ursa that fought her sister. It tries to attack her, but Yang manages to take the blow and finish off the Ursa, telling Ruby that she will always have her back.

Ruby Rose is seen visiting an altar by a cliffside in a snow-laden forest, whose inscription reads: "Summer Rose / Thus Kindly I Scatter", which is a reference to the poem The Last Rose of Summer by Thomas Moore.

On her way back, she is confronted by a pack of Beowolves, which she quickly kills before continuing on her way.

While in Vale, Ruby unexpectedly encounters her sister, Yang, outside of a club. Yang is somewhat reluctant to discuss what she is doing there, claiming that it is a "long story"

Summer Rose

Summer Rose was Ruby Rose's mother and was the leader of Team STRQ. Her gravestone is at a cliff in the Cliffside Forest.

It is revealed in "Burning the Candle" that Yang Xiao Long is Ruby's half-sister, making Summer Yang's stepmother. Summer is believed to have died prior to the start of the series, and in "Gravity", it is implied that Summer faced Salem at some point before her disappearance.

According to Yang, Summer was a highly-skilled Huntress. Yang also reveals that she was part of Team STRQ alongside Taiyang

Xiao Long and the Branwen twins, Raven and Qrow Branwen. Yang describes Summer as a "super mom" and still fondly remembers her cookies.

In Summer's younger days, she enrolled in Beacon Academy and became a member and the leader of Team STRQ, along with Taiyang Xiao Long, Raven Branwen and Qrow Branwen. She and her team eventually graduated to become Huntsmen and Huntresses.

At some point, Team STRQ, Summer included, found out about the secrets of Professor Ozpin's abilities, his longevity and Salem's existence.

At some point later in life, Summer entered a relationship with Taiyang after Raven had left him, the two having a daughter, Ruby Rose, and Summer took to raising Raven's daughter, Yang Xiao Long, as well. According to Yang herself, Summer loved Yang as much as her own daughter Ruby. Summer's family lived in Patch as she left regularly to carry out missions. According to Yang, Summer was like a "supermom", "baker of cookies" at home and "slayer of giant monsters" due to her Huntress career.

It is revealed by Qrow that Summer acknowledged and utilized her abilities through her Silver Eyes. It is unknown when and how she discovered her abilities and to what extent.

At some point, Summer encountered Salem, where she told her that she'd be stopped even if she could not be killed. This encounter was memorable enough for Salem to remember her words.

When Yang and Ruby were still young, Summer went on a mission and never came back. Specific details surrounding her fate are undisclosed or unknown. According to Qrow, the mission in question was Summer's secret and even Ozpin seemed in the dark about her disappearance. According to Yang, Ruby was likely too young to be able to fully comprehend what had happened.

Taiyang did not handle the news nearly as well as Ruby; Yang saying that he simply "shut down". It is after this that Yang learned Summer was the second love that he had lost, the first being Yang's mother, explaining that Taiyang was so deeply affected due to the fact that he had to experience that type of loss for the second time.

It is implied in "Gravity" that Salem is responsible for Summer's death.

Lincoln: Oh man! I'm so sorry Ruby.

Ruby Rose: Thank you Lincoln. I feel like my darkness starts to calm down whenever I'm with you.

Lincoln: It's like I'm the light in your life.

They laughed.

Ruby Rose: Lincoln, in case I do become a Heartless, promise you'll Hakai me, no matter what!

Lincoln: I have a better idea Ruby. I'm gonna go into your subconscious and help you reason with your darkness.

Ruby Rose: Wow! You can do that?

Lincoln: I sure can.

Ruby Rose: Lets do it.

Lincoln placed his hand on her hand and they concentrated and Lincoln went inside her mind.

At an awesome dunking booth we were there to dunk Vambre.

Vambre: (British Accent) I feel really bad for Ruby. She went through so much.

Laney: Yeah and Salem killed her mom. That heartless monster.

Nico: She was totally ruthless and she thought of no one other than herself.

Yang: Yeah I'm glad you killed Salem, Nico. I hope Salem burns in

Seven Hells for her crimes.

Nico: I have a feeling she is. But she will come back as a better person I hope.

Vince: One can hope man.

Eli: Yeah.

?: Hey guys!

We then saw the gym leader of the Nimbasa City gym: Elesa. She was one of the highly skilled lightning Pokemon Gym Leaders.

Ash: Hey Elesa!

Iris: It's great to see you again.

Elesa: You too Ash and same to you Iris.

Offroad: It's nice to meet you, Elesa.

Elesa: Same to all of you guys. It's an honor to meet the legendary and famous Team Loud Phoenix Storm.

Nico: Same here Elesa.

Skyla: Nice to see you again Elesa.

Elesa: Same to you Skyla. You're looking really good.

Skyla: Thanks. I am now an honorary member of the team and it is now an awesome adventure all the time with them.

Elesa: Awesome!

Vambre: Dunk me guys!

Me: Sorry.

Announcer: CUCKOO-NUT MAGISWORD!

I fired a coconut with a bird head and it hit the target with a hollow clunk and it dunked Vambre into the water. She laughed at that.

Vambre: (Laughs) Nice shot!

Prohyas: Better her than me.

Witchy Simone: That was funny.

Elesa: It sure was.

Me: And you don't have to worry about Team Plasma anymore Elesa. They are all dead.

Elesa: So Team Plasma's gone?

Sideswipe: We had to wait a whole year. But it was worth it.

Me: Yep. But the only surviving member that left them is N here. He is no longer affiliated with Team Plasma.

N: That's right. Nice to see you again Elesa.

Elesa: Same to you N. And I see you have the former members of Team Rocket and Team Galactic with you.

Me: We have been through a lot over the last 2 years. All the major Pokemon Villain Teams that posed a significant threat have been eliminated.

Elesa: Good. But I will gladly help you out if anymore of those teams like that come back.

Me: Awesome. We have our eyes watching a Villain over in the Alola Region in the Maldives. We're gonna keep our eyes on Team Skull and the Aether Foundation.

I went over Team Skull and the Aether Foundation's history.

---

Team Skull

Team Skull (in Japanese: スカル団 Skull-dan, literally Skull Gang) is an antagonistic organization in Pokémon Sun and Pokémon Moon as well as their expanded editions Pokémon Ultra Sun and Pokémon Ultra Moon. They are an organization who causes trouble and steals Pokemon as part of their teamwork with the Aether Foundation.

Not much is known about Team Skull's past or history. Guzma, their leader, was up for nomination to be a captain for the island challenge, but when the Kahuna didn't pick him, he went into a rage and out of envy wanted to reform Alola by abolishing it's modern traditions. He seems to model Team Skull as a whole based on this attitude. Interestingly enough though, they seem to hate any sort of competition for Pokemon battling, as they also oppose the construction of the Pokemon League. Eventually Team Skill allies themselves with The Aether Foundation, believing that they can further there own goals when allied. This is why they start to steal Pokemon, as they try to find Nebby, who Lillie ran away with from the Aether Foundation.

Throughout most of the game, Team Skull appears causing minor trouble and getting some attention in which the protagonist will show up to stop them. Their motives seem unknown for most of the game, and thus they seem to just be minor trouble makers. When the protagonist reaches Alka Island, he or she will eventually encounter Gladion who questions Hau's Ideology of doing the island challenge to have fun, accusing him of not being serious enough. When the player shows up, he demands a battle. When the protagonist beats him, two team skull grunts, wanting to back-up Gladion's retreat. Gladion stops them from doing so though, causing the two Grunts to reveal that they don't accept Gladion as a true member, the reason though is unknown. Gladion also foreshadows to seem that he has separate motives from Team Skull.

Later on the Island, The Protagonist finds Plumeria who is the only Team Skull Admin. She tells the Protagonist that she hates him or her "picking" on the rest of the grunts which to her are her little siblings. This seems to imply that she accuses the protagonist for only picking on the weak grunts rather than going for Team Skulls higher ups. This makes their group look a little hypocritical as they also don't attack the powerful trainers and instead try to pick on weak ones or just cause minor trouble instead of doing an action that progresses their goals. In Ula Ula island, Team Skull becomes much more major. After then first Trial on Ula Ula Island, Team Skull Boss Guzma is encountered. Here Team Skulls goals are revealed as they protest the Pokémon league and protest the Island Challenge. This encounter is short lived though and only bits and pieces are revealed. Later Gladion can be found. He doesn't battle The Protagonist but instead foreshadows further his differences with Team Skull, mainly telling the protagonist to protect Nebby who Lillie has. Team Skull isn't seen again until after the second Ula Ula Trial. Plumeria is at the Aether House, waiting for the protagonist, giving the same message.

After defeat, she brides the protagonist to come to Po Town, their head quarters alone. The heroes express their concern but decide to go through it anyway as the thugs cleverly stole one of children's Pokemon who was in the Aether House as a means to give the Protagonist a motive. There, the protagonist finds many Team Skull grunts and defeats them all easily before going to the Shady House where Guzma is. After a short battle where Guzma doesn't try his hardest, he tells the protagonist that he or she is foolish for coming there for just a Pokémon, foreshadowing that he or she leaving the Aether House has let Team Skull do something bad. When the protagonist leaves to give the child her Pokemon back, They discover that Team Skull has taken Lillie and Nebby away. Gladion comes in, enraged that the protagonist failed his warning. He then battles him or her out of rage but when he loses he calms down. He then insists of quitting team skull and allying himself with the protagonist and to head to the Aether Foundation. Hau questions this but the protagonist trusts him as he was a part of Team Skull and thus would know their goals.\

Upon arrival, the Aether Foundation immediately become suspicious as they fight the heroes instead of greeting and trying to reason with them. Team Skull isn't seen until the end of the dungeon where Guzma is guarding a house like structure. Gladion runs ahead to battle Guzma but loses, but after fighting the Team Skull Grunts, The Protagonist confronts and beats Guzma, this time at full power. He or she beats Guzma though which throws him into a rage and confusion to why he can't win. The protagonist then goes to confront

Lusamine, who reveals her true motives. Right when she calls an Ultra Beast Guzma comes in to surround the Heroes, in which Gladion devises a plan to stop the villains. He orders Hau to fight Guzma but the result of this battle isn't known. After the battle, no matter the result, Guzma and Lusamine escape into an Ultra Worm Hole, leaving the now evolved Nebby and Lillie behind. From here the heroes devise a plan to get into Ultra Space by summoning the legendary Pokémon. In the midst of their plan they fine Team Skull Grunts who provide a minor hiatus until Plumeria commands them to stop and reveals her true motives for helping Team Skull and talks a bit about Guzma's past.

After this, the protagonist and Lillie retrieve the Sun and Moon flutes and go the Shrine on top of the Poni Mountains. They play the flutes and it causes Nebby to Evolve to either Solgaleo or Lunala depending on the game version. They go into Ultra space to find Guzma completely done with Lusamine now that he finds out her twisted goals of just wanting to be with Nihiligo, of course this is only due to her being controlled by Nihiligo's Poisons. When Nihiligo is defeated, the Heroes, Lusamine, and Guzma escape. Guzma isn't seen again until the end of the game.

Guzma is seen in the post game at the motel near Melemele Island where he challenges the protagonist one last time. When he or she beats Guzma, he goes into another rage and period of confusion until Kahuna Hala shows up and persuades Guzma to let him train him properly. It's not known what happens to Guzma after this point in time

In Pokémon Ultra Sun and Pokémon Ultra Moon, Guzma assists the player in defeating Team Rainbow Rocket.

## Aether Foundation

The Aether Foundation is an organization that appears in the video games Pokémon Sun and Pokémon Moon. They are originally introduced as an organization dedicated to the preservation and protection of Pokémon, but by the time the games they appear in take place, they have become corrupt and seek to unleash the Ultra Beasts upon Alola due to the neurotoxin-induced insanity of their President Lusamine. Although the organization is mostly malevolent by the time Sun and Moon take place, there are a few members who genuinely believe in the organization's stated goal of protecting Pokémon, including the admin Wicke and several lower-ranking members. In Pokémon Ultra Sun and Pokémon Ultra Moon, they are less corrupt and are motivated by a desire to stop Necrozma rather than Lusamine's obsession with the Ultra Beasts. In these games, they eventually reform and become faithful to their original purpose, although Faba remains traitorous and sells the organization out to Team Rainbow Rocket.

* * *

We gasped.

Vambre: My word!

Elesa: That's terrible!

Lillie: And the shocking part is my own mother is out to destroy the entirety of the Alola Region with the power of the Ultra Beasts.

Nico: Not if we have anything to say about it.

Mallow: That's right.

Me: But we can't attack until they make their move.

Lincoln and Ruby came back and Ruby felt better than ever.

Lincoln: How do you feel?

Ruby Rose: Better than ever. But I guess we'll know if it worked later on.

We got to having more fun at the park and the city.

Later back at the estate me, Nicole, Eli and Nico were watching one of my favorite TV shows from my past. We were watching the 1983 version of the popular R.P.G. Game Dungeons & Dragons. It was about these 6 kids: Hank, Eric, Diana, Presto, Sheila and Bobby that went on this awesome new roller coaster that was based on the awesome R.P.G. game and it ended up opening up a portal into the world of Dungeons & Dragons, Eberron, and now they are stuck there and locked in a battle for their lives against the evil power-hungry sorcerer Venger and the deadly 5-Headed Dragon of Mesopotamian Mythology, Tiamat. Venger will stop at nothing to kill the kids and get their weapons so he can rule over all of Eberron with a merciless vengeance. When we were done watching it we were amazed.

Nico: This show is awesome!

Me: It sure is. It's a darn shame that this show ended in a cliffhanger.

Nicole: I know.

Rubberband Man: Isn't Dungeons and Dragons a game?

Nicole: It is. It's a very popular R.P.G. Game. One of my all time favorites. Before I became known as the Goddess of Video Games, I was known as the Ultimate Warrior of D&D. Totally undefeated.

Nico: Whoa!

Me: I never played Dungeons & Dragons myself. But it's awesome from what I have heard. But that Venger guy sounds really dangerous.

I looked up his info and what I found out about him was shocking!

---

Venger is the main antagonist of the Dungeons & Dragons cartoon.

He is a very powerful sorcerer/archmagi, knowing a variety of spells both necromantic and evocation. He antagonizes both the children and the Dungeon Master on the majority of the episodes, forcing them to fight him and his forces as well as helping the villagers terrorized by him, which often sidetracks them from their main objective of finding a way to return home.

He was voiced by Peter Cullen, who would later play Optimus Prime in the for Transformers cartoons of the franchise, and Captain Nathaniel Flint in Disney's Treasure Planet.

The man known only as Venger is a sorcerer/archmagi who terrorizes the realm where the show takes place. His sole purpose in the series was to defeat the Dungeon Master and claim the realm as his own.

Though he is described as a force of pure evil, Venger was once a heroic person. He was once human, at some point being transformed into a Half-fiend. The force that turned him evil was never stated specifically, though it is said that he got his dark powers from the Nameless One. The Nameless One is a dark entity which was banished prior to the youngsters arrival. He is the Dungeon Master's son and was also his student, leaving Dungeon Master to consider Venger "his greatest mistake". His twin sister is Karina and all 3 members of the family are 1,000 years old at least.

When the six youngsters arrived at the Realm, the Dungeon Master gave each one a magical artifact, the same artifacts Venger was seeking in order to defeat the dragon-goddess Tiamat and the Dungeon Master himself. Venger travels mounted in a Dark Horse (a Nightmare) who flies and breathes fire. He also has a henchman known as the Shadow Demon, as well as an army of orcs. He has a lot of castles throughout the Realm, threatening all villages in the Realm with his powers. Venger has also known to have killed many heroes his father has sent after him in the past, making him a threat to the lives of the 6 teenagers brought to the realm to fight him and the only ones to thwart his evil plans.

While a official final episode was never produced, the show's script editor Michael Reaves did wrote an script for it, which he later posted on his website. The script was included on the first DVD compilation of the series as a radio play and later adapted into a webcomic in Brazilian Portuguese by Reinaldo Rocha. The episode was titled "Requiem".

In this ending, Venger approaches the Dungeon Master, arguing that the kids only got that far thanks to the Dungeon Master's guidance, which Dungeon Master obviously rebuffs. Venger then proposes a deal, which the Dungeon Master accepts: if the kids could carry a final mission without the Dungeon Master interfering in any way, they would find the "Key", otherwise they would lose not only their weapons, but their lives as well.

As the children are running away from Tiamat, the dragon goddess and mother of all evil dragons, they call for the Dungeon Master's help, who shows up only to tell them they should be able to get out of the messes they created by themselves before leaving. After they escape from Tiamat, they start arguing between themselves as for why the Dungeon Master abandoned them, at which point the Venger appears before them. Taking advantage of their confusion, he tells them he can grant their wish and send them back home if they could do a quest for him: to go to the Demon's Realm, where they would find a empty tomb with a hidden key. If they disposed of said key into the abyss they would be able to go home.

After Venger leaves, they kids get split up about his promise, with one group led by Eric deciding to go after the key, and the other group led by Hank deciding to stop them. The two groups make their way to the Demon's Realm, battling each other on the way, before arriving on the place. As they start arguing again, the floor starts crumbling, revealing a slime monster which pursues them as they climb up the stairs which leads them to a room with a sarcophagus and a vault. As the kids look at it, they realize the carving on the sarcophagus looks like the Venger, but missing his demonic features. Upon opening it, they find the Key inside. Eric picks it up but is stopped by Hank. The slime monster catches up to them forcing them to fight it again. The Venger once again materializes, telling Eric to throw the key into the abyss, but he decides to go for the vault instead. Angered, Venger attempts to attack Eric, but is trapped by the slime monster, allowing Eric to fit the key on the vault's keyhole. This causes a massive burst of light which disintegrates the slime monster and engulfs Venger, who screams in agony.

As the light dissipates, the kids come back to their senses and watch as Venger, still wrapped out by the light, is transformed back into a human. The Dungeon Master finally appears before them, revealing that Venger was his son and that he'd been guiding them this whole time so they could return him to his former self. Venger tells them that he had chosen to follow the Nameless One, who corrupted his soul, and that all goodness he once possessed had been imprisoned on that vault. With Venger redeemed, the Dungeon Master opens up a portal for the kids to their world, telling them it was now their choice to either return home or to stay in the Realm.

---

We gasped in absolute shock!

Nico: Man he's pure evil!

Nicole: No kidding.

Me: And those kids in this show? I have known them for a long time. They vanished 5 years ago. Now I know why.

Nico: So we're gonna go to Eberron to help them destroy Venger and bring them home?

Me: Yep.

Laney: Looks like we're gonna have an awesome adventure in the world of Eberron.

Nicole: Awesome! The Ultimate Warrior of D&D is back!

Me: Lets do it!

Lincoln: Sweet!

Lucy then cut open a Portal and we went through it and we were in the world of Eberron.

Teresa: So this is Eberron?

Me: Yep.

Nicole: Wow. It's like I'm back home.

Me: It sure does feel like it.

Nico: Hey look at our clothes.

We looked and we saw that we were all wearing awesome and cool Medieval Era style clothes. We had different styles that were from the European Dark Ages and the Medieval Eras.

Me: Wow! It's like we went back in time to the European Dark Ages.

Nicole: It sure feels like it. But this is cool.

Lori: It literally is amazing.

Leni: These clothes are totes adorbs and stylish.

Lola: I look like an awesome princess mage.

Lana: And I look like an Elvish Warrior. Really cool.

Lynn: This is awesome!

Luan: It sure is.

Nico: Our clothes look awesome.

Lisa Loud: Do we still have our powers?

Me: Lets see.

I fired an energy blast and it hit a rock and it exploded in a massive explosion of fire.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

Me: WHOA! We still have our powers but in this world our powers are 100 times stronger.

Eli: Incredible! This is amazing!

Me: Lets find Hank and team. I sense they are close.

I concentrated and found that they were 4 cliques south-southeast.

Me: 4 cliques south-southeast.

We went to said direction and found my friends Hank the Ranger, Eric the Cavalier, Diana the Acrobat, Presto the Magician, Sheila the Thief and Bobby the Barbarian and they were being attacked by the deadly 5-Headed dragon, Tiamat!

Me: There they are! Lets go!

We rushed in and Lincoln fired powerful blast of lightning and electrocuted Tiamat all over and knocked her down. We landed and stood ready.

Presto the Magician: Wow! Team Loud Phoenix Storm!

Hank the Ranger: It's an honor to meet you guys.

Maria: The honor's all ours, Hank.

Me: Long time no see guys.

Sheila the Thief: J.D.!

Me: Sheila!

She came and I hugged her.

Bobby the Barbarian: Awesome seeing you again bro!

Me: Same to you Bobby. Looking good little buddy.

Bobby hugged me too.

Eric the Cavalier: Are you all here to help us kill Venger?

Nico: You know it guys.

Eli: We'll make that monster pay for his crimes.

Vince: And he won't like it.

Me: No he won't.

Nicole: Tiamat you got to stop and help us.

Tiamat: (Multiple Demonic voices) **So you are the famous Nicole Knudson the ultimate warrior.**

Nicole: That's right.

Hank the Ranger: What did she mean by that?

Me: It's a long history. Lots of things happened since you guys vanished. But after we help you guys kill Venger we can help you guys get back home.

Eric the Cavalier: Thank you J.D.

Diana the Acrobat: We owe you.

Elena Validus: Where can we find Venger?

Me: We're going to let him come to us in the Dragon's Graveyard.

Tiamat: **What do you know of Venger?**

Nicole: We came to kill him and make him pay for his crimes.

Laney: And we will help J.D.'s friends get back home.

Tiamat: **So be it.**

Sandman: This time, we should catch Venger by surprise by doing an entrance with sand.

Me: Good idea Flint.

Bobby the Barbarian: This is gonna be awesome!

Me: Get ready Venger. (Eyes glow red) Your demise is at hand.

We then teleported to the Dragon's Graveyard.

Me: So this is the Dragon's Graveyard.

Nico: Creepy place.

Lana: Yeah.

Lucy Loud: I like it.

Haiku: Me too.

Persephone: It's my kind of place.

Brittney: Same here.

But then mine, Nico, Eli and Lincoln's swords lifted out of our sheathes and they started glowing.

Me: What's happening to my sword?

Eli: It's happening to mine, Nico and Lincoln's too.

Suddenly we felt a massive increase in power from our swords and then they transformed and my sword turned into an orange bladed sword and the amount of power it had was incredible!

Our swords turned turned into DECAFORCE SWORDS!

---

The Ten Commandments (Ten Powers Sword in the English dub, or TCM for short) is the sword that draws the inherent powers of the Rave Stones. It has ten forms corresponding to the nature of the stone's ability being summoned. Only the Rave Master has the ability to wield the weapon, and only when the Rave stone is incorporated onto the sword will it work.

Galein Musica forged it to be originally Shiba Roses's sword, but the latter eventually lends it to Haru Glory upon his succession of the title of the Rave Master.

The Ten Commandments' default appearance is a huge sword with a slot in which the Rave stone is inserted. This normal configuration of the sword is known as the first of its ten forms, The Steel Sword: Eisenmeteor (鋼鉄の剣「アイゼンメテオール).

Its rain-guard is triangular, with intricate patterns embellished on it. On its central ridge are the words "Eisenmeteor" (only in the manga). The sword vertically reaches Haru's torso, and save for the

Rave Masters who are capable of wielding it easily. But true to its appearance, it is a regular bulky metal sword with no special abilities.

As mentioned, the TCM's Eisenmeteor form is just like any other regular sword with no special properties, except for manifestation into its variations even if the Rave is not embedded into the sword. But despite just being a steel sword, it is able to cut through magic shielding without resistance, thus useful against magic-using opponents.

* * *

Me: WHOA! Look at my sword. It's amazing.

Lincoln: I don't believe it! I read about this in the Rave Master Manga's and these are the Decaforce Swords!

Nico: Whoa!

Me: Wow! My sword is Explosion the Sword of Fire!

Eli: My sword is Runesave the Sealing Sword.

Nico: My sword is Silfarion the Sword of Wind.

Lincoln: And my sword is Million Suns the Sword of Light.

I took the handle of the sword and I felt a massive and incredible power surging through me from it and it was amazing!

Me: WHOA!

Nico: This is amazing!

Lincoln: Yeah!

Eli: It sure is.

Me: So some time in the future we're going to face the Demon Hand and destroy them.

Eli: Looks like it.

Nunnally: This is gonna be intense.

Me: Yep.

I then sensed Venger.

Me: He's coming.

We hid.

A figure came out through a portal and it was VENGER!

Venger: Those brats should be here somewhere. I can sense them.

Suddenly a massive energy blast fired at him and exploded in front of him!

KRABBBBBBBOOOOOOOOOOOOOOOMMMMMM!

The explosion sent him flying back and a massive tornado of sand appeared from out of nowhere and sand ghosts flew around it as they moaned eerily and then the ghosts flew out all over and we all appeared!

Skywarp: (to Venger) I hope that got sand in your eyes!

Me: So we meet at last Venger.

Venger: The famous J.D. Knudson.

Me: And your executioner.

I fired a wave of fire and it slammed into Venger and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent him flying again.

Then Kaos, Ebon, Leonard the King Pig, Hydro Man, Shiv, Katnappe and Technus appeared.

Me: Kaos, Ebon, Leonard the King Pid, Hydro Man. Shiv, Katnappe and Technus.

Nico: Seven of you this time.

Kaos: It's not my time to officially fight you guys for real. But I am going to help you guys take this cretin down.

Ebon: We also heard about how dangerous this guy is so we're going to help you face him.

Me: We appreciate that.

Hank the Ranger: Who are these guys that appeared?

Me: They are our frenemies the Masters of Evil. A lot of things have happened since we formed into Team Loud Phoenix Storm. Our enemies were originally the Legion Of Doom that the Justice League faced on a daily basis. But after the Battle with Thanos the Mad Titan, which was one of the most devastating battles that we've ever done, the Legion Of Doom disbanded and the Masters of Evil took their place and they became our frenemies over the course of the last year.

Nico: It's true. You guys are in for quite a story when we get back.

Sheila the Thief: I can't wait to hear it.

Ebon: This brings back a lot of memories though.

Shiv: Back when the Meta Breed was still active, we actually played Dungeons and Dragons as well.

William: How did that go?

Ebon: Well, one time, Shiv's characters left the rest of our characters to be eaten by ogres.

Nicole: That is very coincidental. I played Dungeons & Dragons all the time when I was a little girl and I got the moniker the Ultimate Warrior of D&D.

Ebon: That's amazing.

?: I'll help you guys as well.

A figure came out and it was Sailor Moon's clock enemy RAMWOIR!

Sailor Moon: Ramwoir!

Ramwoir: Is now a bad time? Because I can come back alter.

Nico: No. You can stay and help us. We need all the help we can get.

Shanan: I got to admit though you Chronoite's are really persistent creatures.

Ramwoir: Indeed.

Qin: What is a Chronoite?

Shanan: Chronoites come from the distant planet Kronos II. It's located at the distant edge of the galaxy 125,000 light-years away from Earth. They have a strong power and control over time. Their powers aren't as omnipotent as the power of time in its entirety. They get their power from a powerful pocket dimension of their own creation. Kronos II was destroyed when a comet the size of Jupiter crashed into it and completely obliterated it. I would consider it as an act of karma because Chronoites are an evil race that was doomed to extinction.

Qin: WHOA! That's crazy!

Lincoln: It sure was.

Clyde: Yeah.

But then Ruby felt an incredible pain in her head.

Eric the Cavalier: Ruby? Are you ok?

Ruby didn't answer as she dropped to her knees while holding her head in pain.

Me: Ruby what's wrong?

Ruby: It feels like my brain's on fire! It's about ready to pop!

Katnappe: Poor kid!

All we could do is watch as Ruby screamed in agony.

But then Ruby was enveloped in a powerful aura of darkness and then she started transforming!

Nico: What's happening!?

Lincoln: Her darkness and her are now becoming one. It's all right guys.

Fu: WHOA! Her energy is getting stronger!

Suddenly Ruby exploded out and she was stronger and more powerful than ever! She looked like a gothic version of herself and she was now more powerful than ever.

Yang: Ruby? Are you still in there?

Ruby: Yeah I'm fine. Better than ever. Now it's time to kill this son of a fucking bitch.

Me: With pleasure! Lets power up and get him guys!

I powered up and went Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix and we all transformed!

Sheila the Thief: (Gasp) WHOA! J.D. what happened to you?

Me: (Divine Fiery Voice) **Like I said Sheila, it's a long story and it's full of power and all that. Now lets get it on.**

Nico: Lets do it!

Ruby Rose: Bring it on!

Gia: This is better then playing Dungeons and Dragon as a board game!

Megaforce Rangers: Legendary Ranger Mode: Sun Flare Squad!

The Megaforce Rangers turned into the Taiyo Vulcan Rangers.

We then powered up and went at Venger and I punched him in the face and kneed him in the stomach and kicked him in the face and Laney fired poison barbs at him and they stuck him and Lana fired waves of ice lightning and froze him in a block of ice and then she kicked him in the face and Lola fired a wave of fire and burned him all over.

Me: **Lets see what my new sword can do.**

I slashed Venger all over and then he exploded into flames with incredible power!

KRABBBBBBOOOOOOOOOMMMM! KRABOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOMMMMMM!

Bobby the Barbarian bashed him all over the place with incredible force with his club and it hurt him all over.

Sheila went invisible and she punched him in the back of the head and she grabbed his wings and ripped them clean off and she splattered his blood all over the place as Hank fired waves of arrows and Tiamat fired blasts of fire, ice, lightning, acid and poison gas at Venger and the blasts hit him all over the place and exploded with incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Nico fired waves of energy and Lincoln and Linka and Paige fired blasts of lightning and fire and the blasts all hit Venger all over and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ruby slashed Venger all over with her scythe and cut him really good and more and it really hurt!

Ruby then fired a powerful blast of energy and it slammed into Venger and exploded with incredible power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lily and Luan and Luna fired waves of water and light and the blasts hit Venger and burned him all over the place. Nico then tested out his sword's power and went at incredible speed and it was so fast that it was like he was moving at the Speed of Light and he slashed Venger all over the place with incredible fury and Eli and Lincoln slashed Venger all over and the light from Lincoln's sword burned Venger all over and Eli's sword sealed away Venger's powers for all eternity. Drakness, Quadore, Kughar, Vinta, Mudeenu, Kamangareth, Ulfheddin, Slurhk, Ri'oha, and Kileron were blasting Venger and the Megaforce Rangers were blasting him all over and Kaos, Ebon, Leonard the King Pig, Hydro Man, Shiv, Katnappe and Technus were blasting and slashing him all over with elemental power, water, and energy and slashing him all over and more. Lori, Teresa and Arpeggio and Leonard blasted Venger all over with wind blasts and a massive army of pigs, Lynn, Clayface and Sandman and Shiv blasted and slashed him all over with light blades and lava, clay and sand blasts, Lily, Inque and Rubberband Man and Ebon smashed and blasted Venger all over with blasts of water, and punches made of ink and darkness, Luna, Maria Rockell and Bai Tza and Hydro Man all blasted Venger with water blasts, Starfire, Skywarp and Thundercracker and Katnappe blasted Venger with Starbolts, energy cannons and claw slashes and Cyborg, Elena Validus and Circe (Generator Rex) and Technus were blasting Venger all over with powerful sonic and energy blasts and Twilight Sparkle and Kaos blasted Venger all over with magic and elemental powers. And Ramwoir fired time blasts and the blast hit Venger all over and aged him fast.

THE END

---

Another awesome adventure done.

Dungeons & Dragons is a very popular and still very popular RPG game. I never played it but I love the monsters in it. This chapter was for the 1983 version of the show and it was epic! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12 and ninjakingofhearts gave me the ideas for this and credit goes to you guys. Thanks guys. Next up is a mystery from Beast Wars and we're going to solve the mystery of the Standing Stones from the episode of Beast Wars Transformers: Chain of Command and learn all about a strange mystery of extraterrestrial proportions in this non-combat chapter.

See you all next time.

# Mystery of the Alien Stonehenge

In the Alpine Mountains of Europe we were heading over to a special place that Dawn knows for Lincoln's date with Weiss. I was riding my Rapidash and Eli and Nunnally were in the hover carriage.

Eli: WEEE!

Nunnally: So much fun!

Lincoln and Weiss were in there as well.

Lincoln: Well, Weiss? Ready to go on our date together?

Weiss: I sure am Lincoln.

Me: Yeah!

We arrived at the awesome grove of flowers and this was no ordinary grove of flowers. It was where Dawn helped Shaymin get back home with his friends.

Weiss: So this is the Flower Paradise?

Dawn (Pokemon): Yep. This is the place.

May: Dawn, doesn't Shaymin live here?

Dawn (Pokemon): He sure does. This was where we found his home and fought the evil Zero.

Ash: Good times back then.

We got the picnic set up for Lincoln and Weiss.

Me: You guys are gonna have a great time and I assure you that Weiss will love Rosa's famous Caldo de Siete Mares or Soup of the Seven Seas.

Lincoln: She sure will.

Me: (To the Viewers) Getting the ingredients for this dish is never easy and I had to go across the country to get them. And what better place to get Rosa's fish than the Pike Place Fish Market in Seattle?

---

I was riding Rapidash all the way to Seattle, Washington. I was Rosa's cook book in my bookbag.

I got to the Fish Market and it is a busy place.

Me: Wow! I remember my mom came here all the time with my aunt and grandma. Lets see here.

Rosa: (Voiceover) (Spanish Accent) For Caldo de Siete Mares, you need seven kinds of seafood. And for the best kind of seafood, go to the fish market. Dottie sells the best catfish and tilapia.

I went into the store and saw a woman with some catfish and tilapia.

Dottie: I sell the best catfish and tilapia! Catfish and tilapia coming up!

Rosa: If you want to buy it you got to catch it. She used to be a ball player.

She hit the fish with a baseball bat.

Me: I got them!

I caught the fish for a grand slam home run! I had both fish and 2 of the ingredients.

Rosa: If you want the best mussels, you have to beat Muscles in an arm wrestling competition. Yes he gets easily distracted.

Me and a buff man named Muscles got into arm wrestling.

Me: Look you got some bikini babes coming to kiss you!

Muscles: Where!?

He turned and I bent his arm and he lost.

He gave me a bag of really good mussels.

Rosa: The perfect jumbo shrimp must be shaped like a boomerang and should act like one too.

I spotted a shrimp that looked like a perfect boomerang and I threw it and it caused commotion and it came back with someones hat on it.

Me: Sorry. Perfect.

Rosa: Make sure you buy baby octopus. Not older.

I was looking at three kinds of octopus. I saw one that looked to be 95-years old and it had glosses and old hair and wrinkles, another octopus that looked like a thug and it was dark blue and had a nasty hat on. And the third octopus was a little fella and was sucking on a pacifier.

Me: Aw aren't you a cute little fella.

I picked the baby up.

Me: Lily and Maria will love having you for a friend.

I used my powers to make another of the baby octopus.

Rosa: If you want the clams to open up for you, you have to open up for the clams. Tell them a secret.
